The Villages Amateur Theatre invites you to attend the play, "Bull in a China Shop," a comedy mystery by C. B. Gilford, produced by special arrangement with Baker's Plays, and directed by Larry Miller. The date is Friday, June 23, at 1:30 p.m. in the Cribari Auditorium. Tim Zimmerman and The King's Brass Concert!

Several years back we heard The King's Brass perform at the Villages. And we have invited them back for another exciting performance! Please join with your Villages buddies on Sunday, June 25 at 2:30 p.m. in Cribari Auditorium for a concert of spirited music. To purchase open seating tickets for \$20, go to Cribari Auditorium from 10 a.m. to noon on Saturdays, June 17 and 24, or contact Victor Clifford at 408-223-6444 or vc Clifford@sbcglobal.net.

For more than 25 years, The King's Brass has performed over 100 concerts each season with three trumpets, three trombones, a tuba, keyboards and percussion. Playing a wide variety of music from Gabrieli to hymn classics, from Handel to jazz spirituals, from Christmas carols to patriotic marches, The King's Brass uses all corners of the concert hall to lift hearts and spirits in praise.

COMMUNITY NEWS

PULSE

Dear Readers: The Villager welcomes everyone's voice sharing ideas, opinions and accounts of life in The Villages in the Pulse column. Please follow the guidelines carefully.

Pulse deadline is 11 a.m. on Friday of the week prior to publication.

Pulse letters will be published in complete or abridged form at the discretion of the Publisher and in accordance with the editorial policies and rules established by the Club Board of Directors. (See VGCC Rule 1.30.) Opinions expressed by Pulse letter authors do not necessarily reflect the opinions of The Villager Publisher, staff, boards of directors or management.

All Pulse letters must be 200 words or fewer on a single topic relating to life in the Villages. Each letter must also include name, address, phone number, date and number of words.

Typed or legibly written letters must include your signature and may be hand delivered to the Pulse mailbox in Administration Building B or by mailing to the Communications Advisory Committee, 5000 Cribari Lane, San Jose, CA 95135.

E-mailed letters must include the text within the body of the e-mail and the subject line must read PULSE LETTER. Submit to: shinrichs@the-villages.com.

Congratulations to the Club Board of Directors (CBOD) on their finally raising the service charge from 15 percent to 18 percent in the Bistro and Restaurant. I have been urging John and the CBOD to get with the 21st century. I have usually added an additional tip for a long time. Our wait staff is excellent and deserves to get rewarded properly.

—Don Fernandez

Attention Pulse authors!

When you write your Pulse letters, don't forget to:

- Include your name, address and telephone number at the end of your letter. Your contact information is important in case the Communications Committee members have questions or need to verify your identity.
- Sign your letter if you are bringing a paper copy to the Pulse mailbox in Building B.
- Put the word count of the letter at the end of the letter—Remember, it's 200 words or fewer.
- Put "PULSE" in the subject line of your e-mail if you are sending it electronically. (E-mail your Pulse letters to: shinrichs@the-villages.com)

Forgetting to follow the Pulse guidelines may result in your letter being delayed.

Note: The Communications Committee is now verifying the authorship of submitted Pulse letters. If a Pulse Letter is dropped off in Building B, we will call the author to make sure that person wrote and submitted the letter. If we cannot reach that person we will hold the letter until we can reach them. This means we may reject the letter for a week or more if we are unable to verify the authorship.

PUBLIC SAFETY

Traffic within The Villages/Rules of the Road

As a reminder, all roads within the community are single lanes. Passing other vehicles, either on the right or left, is not permitted. Recently, Public Safety has received complaints or witnessed this type of driving behavior.

Also, remember the speed limits and stop signs within the community. Public Safety has a traffic officer working every day, including weekends.

Our goal is to make the community safe for all who live and work here.

Public Safety Tips to Avoid Scams

Many scams are aimed at senior citizens, and the reasons are obvious. Senior citizens are, in general, more trusting than younger persons, often live alone, and often have cash on hand, or other assets that can be converted into cash easily.

If you feel that you are being "railroaded," here are a few key things that you can do to avoid being a victim of the scammers:

1. Let common sense be your guide. Do not let greed influence your decision-making process. Sleep on it. There is no need to rush into a decision. A reputable offer will wait (fraudulent offers won't).
 2. Remember, there are very few things in this world that are free. So beware of any offer that says it is free.
 3. Look out for "You Have Won" solicitations. These are common practices to lure you in. You cannot win a contest that you did not enter.
 4. Seek the opinion of others. Have someone review the offer with you. Reputable offers will withstand the scrutiny of others.
 5. Keep your vital information to yourself. Be very wary of anyone asking for your date of birth, Social Security number, credit card numbers, or PIN (personal identification number).
- Also, be very wary of products or services that have a delayed delivery. The dishonest con artist could be in another state by the time the promised delivery date arrives.

BOARDS & COMMITTEES

At the Quarter Century Club luncheon

Clubhouse and Bistro to raise service fee to 18 percent

Approximately 200 residents attended the Quarter Century Club luncheon at the Clubhouse on Friday, June 9. The popular event recognizes Villages residents who have lived at the Villages for 25 or more years.

If the Club Board has heard anything from the members of the Food & Beverage Committee, supported by the feedback from hundreds of Clubhouse survey forms, service quality is just as, if not more important than food quality.

However, it is also evident to the Club Board that we are not competitive in our salary structure to attract and retain the kind of high-end server and staff we expect. Furthermore, when the San Jose minimum wage hike kicks in July 1, food costs will go up and many servers will be evaluating their current position versus other, more lucrative, opportunities, and we may lose some of our best current staff. The Club Board does not feel we can risk this.

Therefore, the service charge in the Clubhouse/Bistro will be raised from the current 15 percent to 18 percent effective July 1.

John Yu and the Food & Beverage committee recently finished a survey of our competition, Silver Creek, San Jose, and Almaden Country Clubs, and Rossmoor. Silver Creek and Rossmoor are already at 18 percent and San Jose and Almaden at 20 percent. But compounding the problem, average pricing on a sample of 15 items like a rib-eye steak, burger, salad, and beer or wine, found that Silver Creek (run by a management services company) is 47 percent higher, San Jose CC is 35 percent higher and Rossmoor is 28 percent higher. Essentially, it's a double-whammy, making a lower percentage on a lower tab.

While no one likes to see their costs go up, the Club Board feels strongly that our commitment to offer a quality dining experience in ambiance, food quality, and service mandates this change.

Association/Homeowners documents available via e-mail

By Julia Meadows

Per an amendment to California Civil Code, homeowner associations are permitted, with owner's written consent, to distribute annual disclosures, (like the pro forma budget summary) and other specified association documents to owners via electronic mail, facsimile, or other electronic means (such as posting on the association's website) instead of sending those documents out by regular mail or personal delivery. This has the potential to provide cost savings to The Villages. Delivery and postage costs for the Villages' annual distribution of the pro forma budget summary alone are close to \$1,000, not to mention the paper and printing costs that run about \$8,000.

In order to transmit association documents via e-mail or by posting on the homeowners association's website, 1) the homeowners association must first receive the owner's written consent, and 2) the homeowners association sends a separate notice to the owner that the documents have been posted and are available for viewing.

Consent forms for owners to request delivery of documents have been developed for both The Villages Association and Homeowners Corporations. These forms provide an owner's consent to delivery electronically, of documents that are capable, under current laws, of being distributed electronically. Owners have the right to revoke this request and receive "hard copies" of the documents by sending a written revocation signed by the owner, to the applicable corporation.

Forms of owner's written consent are available in Business Administration Buildings A and B, and on The Villages web site, <http://www.thevillagesgcc.com> (Click on *Resident Info* and then Click on *Resource Files*.)

For more information, call Julia Meadows at 223-4634.

If you have attended an event and an installation charge appears on your bill, please wait to see your credit on the following billing cycle."

Frequently Asked Comcast Questions:

1. Why wasn't my district listed in the paper?
A: Due to the size of the Villages, we are deploying a phased approach. This way we can ensure that your experience goes as smoothly as possible. Rest assured that we will get to you should you need assistance with this process. Comcast is committed to ensuring this is a great experience for the Villagers. Please keep an eye out on the paper as your district will be announced when the schedule is updated monthly. You can also check the office and Cribari Center bulletin boards for the event calendar dates.
2. What will I need to bring?
A: Nothing is needed for these events. You will simply provide Comcast with your address and phone number and we will schedule a tech appointment for you to swap out your equipment.
3. What if I am unable to make the event that is designated for my district?
A: After Comcast has completed all the district's events, they will be back on site and will host a list of events at varying times to catch anyone they missed.
4. Do I have to wait for the events or can I swap my equipment out now?
A: For your convenience, Comcast will be on site to schedule the appointments for you. However, you are more than welcome to schedule your own appointments and upgrade your equipment by calling our designated Bulk Services Call Center at 1-855-307-4896. **(Additional fees may apply if you do not wait for your scheduled village swap-out event.)**
5. Should I bring my old equipment?
A: No. Please leave all old equipment at home.
6. What is the purpose of this event?
A: This event is strictly to set appointments for technicians to come out to your unit and swap out your equipment with the updated equipment.
7. What if I don't want to schedule an appointment and I want to install it myself?
A: We will have Self-Install Kits available, too, for you during our events, or you can visit your local Xfinity Store and swap out your old equipment there. Please note you will only be able to do a Self-Install Kit for your Internet services. All X1 boxes will be installed by a tech.

SENIOR RESOURCE SERVICES

PG&E CARE program—save at least 20 percent

The PG&E Care program (California Alternate Rates for Energy) provides a monthly discount of at least 20 percent on energy bills for income-qualified households.

Qualification is based on two things: 1) the number of persons living in your home and 2) your total annual household income. The total gross annual income (based on the number of household members) must be at or below the amount shown below:

Size of Household	Income
1 or 2	\$32,480
3	\$40,840

This income limit is inflation indexed so you may qualify now even if you didn't in prior years. You should be aware that PG&E defines income as money from all household members and from any source including non-taxable as well as taxable income sources. Social security benefits, pensions, disability payments and unemployment benefits are some examples of income.

You may also qualify for the CARE program if you participate in a public assistance program such as Supplemental Security Income (SSI) or Medi-Cal.

An application for CARE is available for you to pick up at the SRS office. No documentation is required with the application. You must list your PG&E account number which is on your monthly statement.

After enrollment, some applicants are contacted by PG&E to provide proof of qualifying household income. PG&E will ask you to renew your eligibility every two years; four years if a senior on a fixed income.

Note: The Senior Resource Services (SRS) office hours for drop-in assistance are Monday, Wednesday and Friday from 10 a.m. to noon. The SRS office is in the Cribari Center across from the Post Office. You may also leave a message at 408-239-5253. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional adviser about your individual situation.

SRS Announcement: Medicare & health insurance counseling

Do you wonder whether you have the best medical insurance plan? Think you may be paying too much? About to turn 65 and are overwhelmed with the choices for Medicare/medical coverage?

Diet: a few facts and a growing fad

What constitutes a healthy diet? How does one filter through the facts, fads and fallacies?

Data suggests fad diets are a product of a modern day capitalist romance—the marriage of consumer naiveté with the food industry's desire to profit. We have noticed this by a glut of low-fat, low cholesterol and gluten-free products.

The U.S. population has become markedly obese with a concomitant increase in diabetes since the advent of the low-fat diets of the 1970s. In order to make low fat foods more palatable, the fat is often replaced with sugar. Fat in foods has become demonized. The true “demons” are trans fats, which also go by the names hydrogenated or partially-hydrogenated oils. Trans fats are not naturally processed by the body and should be avoided. Every cell in our body needs fat, especially brain cells. Healthy sources of fat are avocados, cheese, dark chocolate, whole eggs (not just the whites), fatty fish like wild salmon, nuts, whole milk and extra virgin olive oil.

The latest craze or fad is to avoid gluten. Gluten should be avoided by those diagnosed with celiac disease, which is about 1 percent of the population. The immune system in celiac disease mistakenly thinks the gluten proteins are foreign invaders and mount an attack against them.

Gluten is made up of proteins found in cereal grains like wheat, rye, spelt and barley, with wheat being the most commonly consumed. Some people may be gluten sensitive, not gluten intolerant as in celiac disease. Symptoms of gluten sensitivity may include eczema, headaches, depression and bloating. Correlation doesn't always mean causation. If you consistently get symptoms every time you eat gluten-containing foods and the symptoms stop when you avoid them, there may be some sensitivity to gluten.

There definitely appears to be a fad component to the gluten-free trend with little evidence the majority of us need to avoid gluten. Gluten-free food is expensive and usually doesn't taste as good. Bottom line: if it makes you feel badly, avoid it! And remember, gluten-free junk food is still junk food!

FOUNDATION FOCUS

Your community needs your help

By Morton Cordell, EVF Director

There are many ways that the wellbeing of the Villages affects your daily life. The obvious ways are a place to call home, a friendly and relaxed atmosphere that we all are privileged to enjoy every day.

The Villages provides numerous activities and opportunities for recreation and pleasure. We have the Clubhouse and Bistro. We have swimming pools, tennis courts, a golf course, bocce ball courts, hiking trails, stables and a new fitness center. Soon we will have pickleball courts, a major improvement to Gazebo Park and a more efficient Clubhouse.

All of these amenities require funding. We are fortunate to have the EVF, as the EVF through your support and donations have made many of these amenities possible.

That's why I'm personally appealing to you.

When you support the EVF, you help fill the unmet needs of our community. Every time you walk into the Cribari Plaza or the Fitness Center, it's **you** that makes such a great facility possible. Your donation to the EVF supports these amenities.

The work we do is both visible and behind the scenes. The only way we can keep doing it is with your help.

Your donation to the EVF is tax deductible. We take the responsible stewardship of your donation very seriously. We are here for the community. Can we count on you?

Being a 501C registered non-profit organization we make *your* donations go further.

Please consider becoming sustaining donors. Sustaining donors have their contributions billed monthly with the HOA fees making it a simple and convenient way to support The Villages.

The Foundation is a 501 © (3) non-profit organization and all donations are tax-deductible to the extent allowed by law. We encourage you to visit our website and learn more about The Foundation.

The Foundation meets the second Wednesday of the month from 3:30 to 5:30 p.m. at the Patio Room.

EVF Clothing Sale postponed to 2018

The Evergreen Villages Foundation's Gently Used Clothing sale will not take place this fall. It has been postponed to August 2018.

Temporary Foster Homes Needed—Can You Help Save a Dog's Life?

One of Silicon Valley Pet Project's most pressing needs is to find foster homes for our rescue dogs. We can't save the lives of dogs at risk in our local shelter without you—our foster families.

Becoming a foster parent for SVPP means you will care for a dog in your home for a temporary period of time until we can find it a forever home. In return for your loving care, we provide donated food, supplies, and medical care. We will pair you up with the best match, as well as a “foster buddy” who will get answers to your questions and make sure you feel supported at all times. Please help if you can, even for a short period of time. For more information, please contact your fellow Villager, Jane Derow at janed@svppetproject.org or 408-440-0665.

However, before formal approval consideration, the proposed changes were noticed and published 30 days as required by California Civil Code 4360. The Board considered oral and written comments regarding the proposed policy, and at the May 30, 2017 monthly meeting conditionally approved changes to the proposed new policy, and per Civil Code will publish for an additional 30 days the modified proposed policy. To that end, the proposed policy will be considered for formal approval at the July 11, 2017, study session (9:30 a.m. at Foothill Center). Response to the proposed policy may be made by one or more of the following methods: 1) Participation in the discussion of the proposed changes at the Association Board of Directors study session, 2) via written comments delivered to the Board through Maria Hernandez in the General Manager's office.

Proposed New Policy APo 411 Member Initiated Solar Installations

Purpose: The purpose of the Policy is to provide a process for the approval of member Initiated installation of Solar Energy Systems on Common area roofs.

OBJECTIVE: The purpose of the Policy is to provide a process for the approval of member Initiated installation of Solar Energy Systems on Common area roofs.

GOVERNING DOCUMENTS / LEGAL REQUIREMENTS: Article 10 of the Amended CC&Rs (Architectural Committee) and all Association related Rules and a Board Motion passed at the January 2017 Board meeting: "Board Accepts the position provided in the December 2014 opinion from Attorney Steven Weil regarding the California Solar Rights Act (714 and 714.1)".

POLICY: The Board shall permit installation of member initiated Solar Energy Systems subject to reasonable conditions, architectural rules and requirements as described in Association Procedure Number APr 411.

LIMITATIONS: Reasonable restrictions established by the Board and enumerated in the following procedure.

IMPLEMENTATION PROCEDURES: See Association Procedure Number APr 411.

Introduction:

Solar Energy Systems (SES) within the confines of the Villages Association may be installed by members upon common area roofs only as permitted under this policy and AC Rules. San Jose Building Code for MultiPlex building SES Installations shall apply to Duplex Structures.

Definitions:

"Solar Energy Systems (SES)" means any Photovoltaic collector with ancillary equipment, including but not limited to mounting systems, wiring systems, disconnects, ground fault protection and over current protections.

"Improvement Agreement" is an agreement between the Association and Unit Owner delineating Owner's responsibility for SES. The Agreement shall be filed with the Santa Clara County Recorder's office.

Capitalized Terms unless defined in this Policy are defined in the amended CC&R's.

The Association is a "condominium development" as defined in Civil Code 4125 where each owner has a separate interest in space called a Unit as well as an undivided interest in the common area of the project in which the Unit is located.

Approval Process:

Applications shall be fully compliant with the Architectural Rules and approved by the Board. SES Installers must have C-10 and C-46 State Licenses and shall provide evidence of insurance to indemnify the Association for damages related to the installation and maintenance of an SES.

All provisions of Section 10 of the CC&R's and Rule D-[29] apply.

Any Member wishing to install a SES, must complete an application for Common Area Alterations and submit it to the Association Architectural Committee. All SES must be the property of the Unit Owner.

The Architectural Committee shall review the entire application for compliance with Association governing documents, including but not limited to AC Rules and make a recommendation to the Board.

After conditional approval by the Board, the application will proceed in accordance with the CC&R's and State of California Civil Code.

SES Applicants will comply with all Architectural application requirements, including but not limited to the execution of SES [Improvement Agreement] and the submittal of a recorded [Improvement Agreement] with the Santa Clara County Recorder's office to the Board before final approval by the Board.

Since the roof of the building may be disturbed in the process of installing the SES, the Owner must be responsible for maintaining, repairing and or replacement of the roof and the integrity of the building including but not limited to water intrusion, e.g., leaks.

When in doubt, check it out!

Recently a resident reported receiving a call from someone claiming to represent the Salvation Army requesting donations of \$50 to \$75 to benefit "hungry people."

Having doubts about the veracity of the call, she told the caller "Not at this time." Whereupon the caller requested additional information: "Before I go, one more thing—we need to update your e-mail address..."

Declining the request, the Villager made a follow-up call to the Salvation Army and was told that the charity does not solicit donations over the phone.

Philanthropy is certainly a noble act, don't spoil it by allowing your good intentions to end up in the wrong place. Take this incident as a lesson to check out any charity that seeks you out over the phone or on line. Better yet, know your charities and their donation procedures before you give. There are many unsavory scammers hiding behind the causes of children, veterans, the disadvantaged or other worthy causes that tug at the heartstrings.

Depending upon the type of fraud, there are numerous agencies you can contact to report criminal activity. You may call the San Jose Police Department's 311 number to report credit card fraud or attempts to steal your identity. The FBI and Federal Trade Commission also have fraud departments. Furthermore, these attacks fall under the category of elder abuse. The county district attorney's Elder Abuse Unit can be reached at the toll free number 1-855-DAELDER or 1-855-323-5337.

You can fight back by not being fooled. Simply remember to stop, not to panic, think about the situation, and report illegal activity.

CLUB CALENDARS

HIKING CLUB SCHEDULE

Unless otherwise indicated, all hikes meet at Cribari Center at 8:30 a.m. and depart at 8:45 a.m.

Saturday, June 17: Saratoga Gap into Long Ridge. Nancy Rumble at 408-238-7537 will lead the long hikers on an 8-9 mile hike. We will start at Hwy. 9 and Skyline Rd. Hike the Saratoga Gap Trail into Long Ridge Open Space. Hike along the Hickory Oaks Trail, Ward and Long Ridge Road to the Wallace Stegner Bench where we will eat lunch. We will enjoy views of the hills and the ocean. We return back as we came to the Achistaca Trail and back to Hwy. 9 and the cars. The Ramblers can enjoy hiking in and out on the Achistaca Trail or in Long Ridge with a leader chosen by the participants. Bring lunch, water and sticks. Wear boots and layers. Bathrooms and water are not available on this hike. This is about a 60 mile round trip drive. Rain cancels this hike.

Wednesday, June 21 (Rambler Hike): No hike today. We'll hike tomorrow, Thursday instead.

Thursday, June 22 (Rambler Hike): Kathy Tanaka (908-642-5914) will lead a tour of the Senior Safari at Happy Hollow Park and Zoo in San Jose. Senior Safari is a day when seniors get free admission and parking at the zoo. The zoo is open only to seniors between 9 and 10 a.m., but you can stay as long as you like. You can see the animals, get your steps in and even ride some of the kids' rides! After the zoo, Kathy will lead a tour of the Japanese Friendship Garden next door. We will be at the zoo and garden from 9 a.m. to noon. Optional stop for lunch on return trip. Food is also available at the zoo. Round trip mileage is 20 miles.

Saturday, June 24: Dan Kato will lead long hikers and ramblers on a hike starting at the intersection of Route 9 and Skyline Blvd along Saratoga Gap Trail and the Bay Area Ridge Trail. At Charcoal Road, the long hikers will head off on a loop around Table Mountain and return via the Bay Area Ridge Trail. The Ramblers will cross the Skyline Blvd. and return via the Achistaca Trail. The long hike is about 8 miles and the Rambler hike about 4 miles with some moderate hills. Both hikes are in mostly shaded forest. Bring snacks, water and a lunch. Afterward there will be an optional stop in Saratoga for post-hike refreshments. Round trip by car is about 60 miles.

Wednesday, June 28 (Rambler Hike): Johanna Bakker (408-223-2190) will lead a hike to Point Lobos State Natural Reserve, one of the most beautiful hikes by the ocean. We'll meet at 8:30 a.m. and leave at 8:45. It's located just south of Carmel and is approximately 60 miles each way. The drive takes about 1 1/2 hours. Bring lunch, a hat and lots of water.

Saturday, July 1: Richard Bainbridge (408-960-8335) will lead a hill hike, starting from the parking lot of the upper garden. The hike will be along the Cougar, Richter, Oak and Buffalo trails to the Bay and Meadow trails. A renovation and partial rerouting of the upper Bay trail and Meadow trails has recently been approved by the VG&CC board and is expected to take place in October or November after the first winter rains. Since the upper trails are presently in poor shape some scrambling is anticipated there. Rich will point out how and where the trails will be rerouted and widened to county park standards. Finally the hike will lead to the picnic area at the highest point of our hill lands for a view and a snack or light lunch, before descending back via the Rawhide, Indian and Sky trails.

Walk your way to health

Walking for Better Balance class is designed to help participants improve their balance, strength and quality of life. It improves standing and walking skills, so you can regain the confidence to move safely. Whether you are on a walker, in a wheelchair or just want to get some serious exercise, this class is for you. The cost is \$9 per class, billed monthly. Jazz Duo Holland & Coots to play at Villages!

"Exciting, exhilarating, and exhausting!" is probably the best (and most alliterative) way to describe the jazz duo of Holland & Coots. Brian Holland and Danny Coots began performing together in 2010 after spending decades individually on the jazz and ragtime circuits honing their skills on piano and drums, respectively. Since joining forces, they've been on a mission to introduce audiences all over the world to their style of music and fun. With a delightful mix of jazz, blues, stride, boogie, pop, and ragtime, Holland & Coots have created something for every taste. This winning duo has been the driving rhythmic foundation for bands like the Titan Hot Seven and B.A.D. Rhythm, and has several recordings to their credit.

Please join us for another event scheduled for The Villages 50th Anniversary. Brian & Danny will perform in the Cribari Auditorium on Friday, August 18 beginning at 7:30 p.m. Doors will open at 6:45 p.m. to meet and greet with Brian & Danny, and, of course, enjoy a glass of wine or beer. No-host bar will be available. The cost for this fun evening is only \$8 per person. No reserved seating! Registration will be at the Community Resource Center, Building B beginning on Monday, June 5.

Book of Mormon...

(Continued from front page)

Clubhouse is offering 10 percent off dinner with reservations and ticket stub from "The Book of Mormon." Register beginning Monday, May 22, in the Community Resource Center, Building B.

"The Book Of Mormon" follows two young missionaries who are sent to Uganda to try to convert citizens to the Mormon religion. One missionary, Elder Price, is an enthusiastic go-getter with a strong dedication to his faith, while his partner, Elder Cunningham, is a socially awkward but well-meaning nerd whose tendency to embellish the truth soon lands him in trouble. Upon their arrival in Africa, Elders Price and Cunningham learn that in a society plagued by AIDS, poverty and violence, a successful mission may not be as easy as they expected.

Composed by South Park creators Trey Parker and Matt Stone and Avenue Q's Robert Lopez, "The Book Of Mormon" is an old-style musical with a modern sensibility. This blockbuster show features several big song-and-dance numbers accompanied by some old-fashioned Broadway belting. An equal opportunity offender, the show playfully pokes fun at religion, sexuality, poverty and race, while inspiring an after-the-show discussion of religion in general.

On Monday, June 26, naturalist Michael Hundt will be making a presentation about the elk, mountain lions, coyotes, bobcats, and wild turkeys. Currently he is working on a mountain lion study in Henry Coe State Park, and helping with providing elk pictures for educational material about the Coyote Watershed for the Restore Coyote Creek organization. Learn more about these fascinating animals that live all around us. The presentation will begin after a short business meeting at Cribari Conference Room on Monday, June 26 at 7:30 p.m. All Villagers are welcome.

Jon Ball to speak about Mt. Kilimanjaro

During the SIR 38 meeting on Tuesday, June 20, speaker Jon Ball will speak about climbing Mt. Kilimanjaro. This event will be held in the Fairway Room at the Clubhouse. Non-SIR members wishing to attend the presentation should arrive at 12:30 p.m.

The highest spot on the African continent is Mt. Kilimanjaro standing at 19,341 feet tall. Located in Tanzania, it is the highest free standing mountain in the world. (Most mountains, like Mt. Everest, are a high peak in the midst of other high peaks).

Jon Ball retired at year's end from a 32-year career in management at Hensel Phelps Construction Co. Within three weeks of retirement, Jon was on an airplane headed to Tanzania prepared to make the biggest climb of his life. For the next seven days the group of 10 men and 47 guides and porters hiked the mountain and gradually acclimatized to the altitude as they climbed higher. It was punishing. In fact, one of the climbers had to abort the climb due to food poisoning.

Jon is excited to share his adventure with you on June 20 with a thought-provoking Power Point presentation.

FROM THE BOOKSHELF

By Elizabeth Benson

“Into The Water” by Paula Hawkins: A single mother turns up dead at the bottom of the river that runs through town. Earlier in the summer, a vulnerable teenage girl met the same fate. They are not the first women lost to these dark waters, but their deaths disturb the river and its history, dredging up secrets long submerged. Beware a calm surface—you never know what lies beneath! Fiction. 2017

“The Devil’s Triangle” by Catherine Coulter: FBI Special Agents Nicholas Drummond and Michaela Caine are the government’s Covert Eyes—leading a top-notch handpicked team of agents to tackle crimes and criminals both international and deadly. But their first case threatens their fledging team when the Fox calls from Venice asking for help. From New York to Venice and from Rome to the Bermuda Triangle, Nicholas and Mike and their team are in a race against time, and nature herself, to stop an obsessed family from devastating Washington, D.C. Mystery. 2017.

“Caring For The Dying” by Henry Ferko-Weiss: Death is like a dark and painful secret—it challenges how we think about ourselves and makes us feel vulnerable. The author encourages us to face our fears and engage in an open, honest dialog about death. Fersko-Weiss recounts many beautiful stories that show that dying doesn’t need to be as bleak and soul-wrenching as we think. It can be meaningful and even life affirming. 616.02. 2017.

“Earthly Remains” by Donna Leon: This is the 26th novel in this series. Commissario Guido Brunetti has been an enduring figure. He is relentless in his pursuit of truth and some measure of justice. During an interrogation of an entitled, arrogant man suspected of giving drugs to a young girl who then died, Brunetti acts rashly, doing something he will quickly come to regret. In the fallout, he realizes he needs a break, needs to get away from the stifling problems of his work. When he is granted leave, his wife suggests he stay at the villa of a relative on Sant Erasmo where he plans to spend his days rowing and his nights reading. But nothing goes according to plan. Mystery. 2017.

“New Boy” by Tracy Chevalier: Arriving at his fifth school in as many years, diplomat’s son Osei Kokote knows he needs an ally if he is to survive his first day—so he’s lucky to hit it off with Dee, the most popular girl in school. The tragedy of Othello is transposed to a 1970s suburban D.C. schoolyard, where kids fall in and out of love with each other before lunchtime, and practice a casual racism picked up from their parents and teachers. This is a powerful drama of friends torn apart by jealousy, bullying, and betrayal. Fiction. 2017.

June Artist of the Month is Diane Finley

By Ruth Keiser

June’s Artist of the Month, Diane Finley, won her award for her clay creation, “In An Octopus’s Garden.”

At the request of her friend, Barbara Gottesman, Diane embarked on a challenging creative adventure. Barbara had asked Diane to craft a colorful octopus for her son’s San Francisco garden.

The octopus was inspired by the Beatles’ song, “In an Octopus’s Garden,” that was written by Ringo Starr and was recorded in 1969 on the Abbey Road Album. The octopus is a creature known to travel along the sea bottom picking up objects to build a garden.

To honor the decade of the ‘60s, Diane used bright colored paints and patterns to capture the psychedelic look. She found the octopus idea to be creatively inspiring. Despite the fact that many others didn’t believe that the piece could be made, Diane was determined to “figure it out.” She is still amazed with the accomplishment and surprised that no “arms” were broken in the two-week process.

Diane is a native Californian and has lived in The Villages for about a year. She loves having the opportunity to work in the Ceramic Studio and she has been inspiring other clay artists through the ceramic classes she teaches.

Congratulations to Diane for a unique and fun sea creature! And, my many thanks to all the artists who thrilled us with their creative contributions to the Arts and Crafts Association’s Artist of the Month contests! A special thanks also to Ed Knott for helping each month with the pictures that accompany my articles!

Opera Lovers’ Scholarship Concert a Success

By Bonnie Preston

A friend said to me, “Can you imagine? We had a world class concert for only \$15.” And I responded, “Indeed, and the Opera Lovers Scholarship Competition gained over \$2000 for our Scholarship Fund from ticket sales and donations.” We thank all attending for this grand success.

Our Mezzo-Soprano soloist, Layna Chianakas, a professor at San Jose State University and a soloist in both America and Europe, presented this outstanding recital for us as a donation to spur on our Scholarship success. Both her outstanding performance and enthusiasm for our project has guided us this year. Our Scholarship Competition will be open to vocalists in the wider Bay Area from ages 19 to 27. The first Competition will be held next year.

Simona Snitkovsky, Layna Chianakas, Bonnie Preston and Ken Carter gather after the concert.

Local artist Stacey Houghton will be coming to The Villages on Sunday, July 9, from 1 to 3 p.m. to "share her passion for painting and help others discover the joy and overwhelming feeling of success from painting."

Valley Painting Parties expert staff will sketch a portrait of your favorite pet photograph onto a 16" x 20" canvas. On the day of the class, Stacey will bring the canvas and all the materials you need to complete your painting. She will walk you through the process of painting your pet from start to finish and ensure that you have a unique and beautiful painting when you leave.

The class is sponsored by the Arts & Crafts Association and will be held in the Art Room at Cribari Center. Cost is \$45 and the class is limited to 16 participants. Registration deadline is June 30.

To register, contact Wendy Ledamun at wledamun49@gmail.com or 408-274-4215. Upon registration confirmation, you will need to email a photo of your pet(s) to info@valleypaintingparties.com. Pre-payment by check made payable to Valley Painting Parties must be received no later than June 30 to secure your spot.

No Villages Dog Club meeting in July

Normally the Villages Dog Club meets with dogs and doggies, weather permitting, at 10 a.m. at the Gazebo, the first Saturday of each month. But there will be no meeting in July. Questions? Contact Larry Miller at 408-238-1030 or at larry.wm.miller@sbcglobal.net.

Make music with Magic Moments

When's the last time you sang songs like April Love? Peggy Sue? Rock Around the Clock? (Except maybe in the shower?) Magic Moments had 21 enthusiastic Villagers at a recent two-hour songfest, including many wonderful voices for the rest of us to follow. We have solid instrumental accompaniment, too, and everyone sings, except the harmonica player!

We are moving to a larger facility—Montgomery Center—for our next monthly get-together Friday, July 7, from 10 a.m. to noon. We will meet on the fourth Friday of the month thereafter; locations to be announced.

We would be thrilled to blend your voice and/or instrument with ours, even if you can't make it on a regular basis. If you let us know ahead of time, we will have a songbook ready for you. Email Vera Hutton: vera.hutton@att.net or Tom Zades: tzades@sbcglobal.net. Drop-ins can look on with some friendly person who has a book.

We had a total blast last time and hope you can join in the fun in the future.

Mark your calendars.
July 20 is the date of our next dinner. See you there.

Temporary foster homes needed for dogs

One of Silicon Valley Pet Project's most pressing needs is to find foster homes for our rescue dogs. We can't save the lives of dogs at risk in our local shelter without you -- our foster families. Becoming a foster parent for SVPP means you will care for a dog in your home for a temporary period of time until we can find it a forever home. In return for your loving care, we provide donated food, supplies, and medical care. We will pair you up with the best match, as well as a "foster buddy" who will get answers to your questions and make sure you feel supported at all times. Please help if you can, even for a short period of time. For more information, please contact your fellow Villager, Jane Derow at janed@svppetproject.org or 408-440-0665.

Deer and Wildlife Club

By Louann Partridge

The deer count for April/May 2017 has been completed and we have 59 deer (bucks and does) in The Villages at this time. The count in Fall of 2016 was 68 deer as reported to California Department of Fish and Game. Many thanks to all of the Villagers who helped with the count.

Photo taken by our field camera near stables/lower garden.

Up until this time, we have had two locations in the surrounding fences that were lowered in hopes of encouraging untagged females to come into the Villages. Three trail cameras were located at each location so that we could monitor the animals coming and going. One of these places was below the water tank in Valle Vista but during the last few weeks we have not seen any deer entering or leaving here. So we recommended that this part of the fence be returned to its original height. The other locale that we continue to monitor is adjacent to the stable and lower garden areas. You can view pictures from both of these locations at our website: www.sjdeer.com.

Wondering about our little fawn? He is now almost 1 year old and can be recognized by the spikes growing on his head. He also has a dark brown patch between his ears. He seems to be seen most often at the landscape clipping site below the corporation yard.

I recently had a conversation with the head of Villages landscaping, Juan Heredia, regarding the reason that the deer don't eat the beautiful flowers that are planted around the entrances to individual Villages and around the Clubhouse and other buildings. His answer was that they use a product called Deer Scram. This product can be purchased at Summerwinds nurseries in Campbell, and on Almaden Expressway as well as at Yamagami's Nursery in Cupertino. It can also be ordered on Amazon.

Remember to take time to enjoy the other wildlife here in the Villages—birds, turtles, rabbits, tarantulas, and squirrels—to name a few.

Help stop human trafficking

The "Dress a Girl" program under the auspices of Hope International believes that if a girl has a nice dress on, a predator may not seek to buy her for human trafficking.

The Villages "Dress a Girl" group has to date sewn and mailed 132 dresses to Hope International. On July 4 at the Villages Flea Market we are having a table to raise funds for supplies and postage. If you have small treasures that no longer bring you joy, please consider donating them to our cause. For additional information or to drop off items, call Rebecca Barrans at 408-528-0887.

Home Studios Art Tour

Each May about 300 artists open their home studios for the Silicon Valley Open Studios tour. Since Villages artists could not open their home studios for this art tour, in 2007 Arts & Crafts designed their own within-the-gates art tour of home studios called Open Studios. Many artists and crafters showed their work spaces and works-in-progress as well as sold their art to visitors. The last such tour we sponsored was in 2011.

Logo designed by Diane Finley

Now the once-defunct event is blooming again, this time on Saturday, August 26, from 10 a.m. to 3 p.m. Home studios of artists and crafters will be open to Villagers to tour. Those who wish to have their home studios listed on the map can get a contract on our website, www.villagesartsandcrafts.org on the page "Home Studio Art Tour" or from Monita Bowman, contracts chair. Contracts are due by July 14.

Each participant will have her/his home designated on the Villages map with a description of the art or craft on display listed on the reverse side of the map. Villagers may get a map to plan which home studios to visit in August at the Art Room, in the Boutique and on the table next to the copier in Cribari Center.

COMMUNITY CHAPEL

By Pastor Bill Hayden

Sometimes people may ask the question, "What were your parents like when you were growing up?" For some of us the memories are very easy to recall and for others it can be difficult because they were not present in much of your life. I love to sit with the seniors and hear their stories about life with their parents. There is usually a smile on their faces or a blank stare as they share their stories.

Last month we celebrated Mother's Day and this Sunday we'll celebrate Father's Day. When I'm asked, "What was your father like?" I have no answer to that question because he was not in my life. The little that I knew growing up about him was that he had decided to leave my mother, brothers and sisters. His decision to leave left a big void in everyone's life and the proverbial question that we all asked ourselves was, "Why?"

When visiting my sister last week, I discovered a picture of our father on the wall in one of her guest rooms with this message attached: "We never knew what a father's love was like until we met Jesus. We wanted you Dead or Alive. I was too little to remember you but Mom always spoke good things about you! We have always missed you all of our lives. What happened to you? How could you leave seven wonderful kids?"

One thing that I gained from that experience was a strong determination to never leave your family no matter what life brings your way. So in his absence, you can say that he unknowingly helped shape my life.

For all of you remembering and celebrating your fathers for being involved in your life whether it was bitter or sweet, have a Happy Father's Day and thank God he was there to help shape your life.

Please join us this Sunday at the Villages Community Chapel in Cribari Auditorium at 10a.m. with Dr. David Eckman as our Featured speaker. Villages Community Chapel is a place for needs to be met, faith to be affirmed and people to love. Coffee and refreshments will follow our service time please join us and we'll hold a door for you. See you this Sunday! If you would like to make an appointment with Pastor Bill, please call the office at 408-238-3079.

SWINGERS

By Kathy Warren

On June 6, fifty-seven women teed off on another beautiful morning on the Villages golf course. Sweaters and jackets started coming off early but it never got uncomfortable. Perfect golf weather. If they remembered to put their quarters in, two lucky ladies will be sharing a jar of quarters—Caryl Swinyard got a chip in on hole #10 and Kim Christiansen got one on hole # 18. Congratulations, ladies! Renee Woolard was our June Captain's Trophy winner. She had a gross score of 48 and a net of 31. These are numbers that I see after six or seven holes, not nine. Congratulations, Renee.

Renee Woolard, June Captain's Trophy winner

I was surprised when we played from the forward tees for the mixer with the 18-hole group that I really didn't score much better than usual. The reason, of course, is that most of my strokes are in the short game. I found that taking lessons isn't enough. You actually have to practice. There is a group of women who go out on Thursdays at 3 p.m. to play the short course. Scott has agreed to a twilight rate of \$6. It is all there—pitching, chipping, putting and when a number of people show up, it is also fun and social. It is a shotgun start so there is no waiting. Try it. It is good practice.

June is water month.

SHONIS

By Marge McCandless

Our final Eclectic Day was June 13. Hope you all enjoyed playing in this special tournament. It is always fun to compete against yourself. The winners will be announced at our Bag Lunch next week—June 20 at Montgomery Center. Please plan to be there after you finish playing. If you can't play that day, attend the meeting anyway. Take your lunch, enjoy coffee and cookies, and congratulate the winners.

June 6 was a spectacular weather day—just right. It was also Captain's Trophy Day and Bonnie Evans won with a spectacular net 16! Wow, Bonnie, keep it up! We welcome our official new member, Jane Scott, who played her fifth game. Twenty-six regular members also played and Joan Wiseman and Geri Zeri both found birdies on Hole #8.

Looking ahead to July—Since Independence Day is on a Tuesday, Captain's Trophy Day will move to the second Tuesday of the month, July 11. The week after that, July 18 is Putts Only. That is another annual event and is also a fun and special day. If you are a new member and don't know what Putts Only means, please ask one of us to explain it to you next time you play.

Congratulations to Bonnie Evans, Shoni's Captain's Trophy winner for June.

18-HOLE WOMEN

By Phyllis Mueller

Thanks to Vicki Krattli and Rose Marie Goff for another successful M and M Tournament. Also Hannah Summerhays and the Pro Shop added their expertise and help. Rain actually fell on us here and there and it was chilly and windy but the players didn't mind and shot some great scores. Overall winners Barbara Nilsen and Brigid Moreton had no problems putting in a great two day score!

The Village Challenge is down to the wire with the final day coming up. Four teams are close and running for the finish line. Peg Bougopoulos is Captain of the "Pegasus" team and leading the pack with 112.5 points. Coming up on the outside is Kathy Apgar's team "Kathy's Clowns" with 111.5 points. Down the stretch comes Susie Daughtrey's "Susie's Swingers." Still down the track is Carol Quakenbush's "Carol's Quakers." Stay tuned for this exciting finish and celebration on June 29 at Foothill for a joint party with the three hole in ones—Asako Nakamura, Willie Crosslin and Susie Daughtrey.

No chip-ins today and the money will be added to next week's winners. Two birdies today—one each for Vicki Krattli and Patti Hayes.

Most Improved Players Charlotte Dickson and Rosemary Kelley.

First Flight winners Marlee Puppo and Auralie Citrigno, with M and M Girl Hannah Summerhays in the middle.

TENNIS TALK

By Betty Olsen

Tennis Club Spring Classic was held Saturday, June 10. 24 participants played three rounds, playing four games with nine different partners and keeping individual scores. Club President Mike Tufts came out on top with the most games, winning a gold medallion. Emil Pisarri came in second with a silver medallion, and four players came in third. We drew numbers for the bronze medallion and Phil Hawkinson won the numbers game from Bob Semple, Brian Dombrowski, and Gloria Fernandez. A Mexican lunch followed at the viewing stand. Many thanks for all who helped making it a fun Saturday morning.

BOCCE BEAT

By Elly Burnett

June 8, 2017—Two days ago, I wore shorts walking my dog, yesterday I wore Capris, mid-leg length for those who do not know what Capri pants are/were. Today, I wore long pants, used an umbrella and got pretty wet walking my friendly four-legged girl.

The shorts day, I practiced Bocce with a teammate, and it was perfect weather—warm with a little breeze. Aww...ideal day...We practiced and realized that it was going to be a "Bye" Day for us, but practice we did, anyway.

So here it is Thursday and although unhappy about missing a day's play, those who were playing were rained upon midway, here it was, a blessing in disguise for our team. Hopefully next time we will experience a perfect day.

By the time you read this the Spring Round Robin will be almost over as we will have only one week left to play. This has proven to be a very hard fought tournament.

Come out and cheer for your favorites on Monday at 10:30 a.m., noon, and 3 p.m., Wednesday, at 10:30 a.m. and Thursday at 10:30 a.m. and 1:30 p.m. Games usually begin on time and last about an hour and 10 minutes or so, plus a few minutes break in between. Some of us like to go to the Bistro for a snack or drink after. Join us, we'd like that. The more, the merrier.

The following week our playoffs will take place with times hopefully available to publish here in The Villager. Bocce results are available in the Villager Scoreboard and are current as of the prior week on Thursday.

Remember we have a Bocce Bash every Friday and the Guys vs. Girls Tournament will begin soon...Hope to see you at the courts.

LIBRARY BOOK SALE REMINDER

The Villages Library Book Sale is open for business all year long on Wednesdays and first Saturday of the month at 10 a.m. to noon.

PINSEEKERS

By Jack Bindon

Another gorgeous day for golf Tuesday with 21 players signed up and ready to go. Again the winnings were spread out among several. Maybe summer is here after all!

The following were the winners:

1st Jack Bindon with a net 31.

T2 David Cook with a net 32.

T2 Tak Okabe with the same 32...Much better day in putting, Tak.

3rd Bob Gregg with a net 33.

T4 Phil Robinson with a net 34.

T4 Tom Rossi with the same 34.

The competition was very tight as you can see, no gaps, but it was great fun.

The fringe of the greens seem to be filling in nicely after the "plugging" activity so use your best/fair judgment in the technical ground under repair relief. When it comes to relief from sprinkler heads in the fringe area, the following is directly from the current "Local Rules":

"If a fixed sprinkler head is within two club lengths of the putting surface and within two club lengths of the ball, intervenes on the line of play between the ball on the fringe and the hole, the player may take relief as follows: The ball must be lifted and dropped at the nearest point to where the ball lay that (a) is not nearer the hole (b) avoids intervention and (c) is not in a hazard or on the putting green." (Some punctuation added.)

Also note that the Professional Staff is in the process of rewriting these local rules. Watch this space!

 We all know that the golf course can be a nice place for a walk. We do not discourage walking on the golf course as long as it is done during non-golf hours when it is safe.

Please see the chart on page 25 for the allowable times for walking on the golf course.

Please be safe. And always remember that golfers have priority at all times on the golf

course. Thank you for your cooperation!

There are a few Mondays in which we have scheduled golf tournaments in the morning, or that are holidays. **On these Monday dates the golf course will be unavailable for pedestrians until 8 p.m.:** June 26, July 10, July 31, September 4. Please plan accordingly.

Golf Course Maintenance:
 An update on the algae on the lake on #6 & #7. So the sonar based units do not work on our

specific type of algae. Now we are trying a hydrogen peroxide based product that has shown success with similar lake algae. The excessive algae is due to the fact that we are now pumping thousands of gallons of fresh reclaimed water into that lake on a daily basis therefore creating a perfect storm for feeding algae, hence the outburst since the new pump was installed. This is a challenge but we promise we will overcome this issue. We are avoiding the use of copper solutions. Our trial and error process will continue until a solution is found.

Tips from the Pro: Do you practice what you play?

One interesting and unique aspect of golf is that it's the only sport in which you do not practice and play on the same field. In baseball we practice on the diamond we play on, in football we practice on the gridiron we play on, in basketball we practice on the same court we play on, in swimming we practice in the same pool we swim meets in. It's the same with track & field, hockey, tennis, etc., all the way down the list...the dimensions and structure are all the same, practice or game. Only in golf do we not have this luxury. First, the course or "fields" we play are different with different playing conditions every time we play. Second, we rarely can practice the shots we actually hit on the golf course, as our practice facilities are stagnant. The shot we practice at the range is a perfect lie on a perfectly flat surface...how often does this happen on the golf course? Maybe 4-6 times during a round and that's if you are hitting it well, so not often. The trick therefore is to try to practice what you play whenever you can.

We are looking into a special range mat that can allow you to practice side-hill, uphill and downhill lies; this will help simulate situations you find of the course. And when you practice your short game, put your ball in some tough lies down in the rough, try hitting off a bare or thin lie, and try to practice off a side-hill, uphill or downhill lie. Simulating real situations when you practice will help you perform better on the golf course, guaranteed. See you at the course!

Clyne Soley: USGA Handicapping System

Dr. Russell "Clyne" Soley, scientist and engineer at IBM and United Technology, dedicated golfer, golf book author, Villages Golf Club Champion in 1968, and long-time Villager—was also a statistician and mathematician by habit. He analyzed and charted everything. His affinity for numbers and golf led him to the development of a handicap system to equalize the chances of success for all players—beginners and experts, men and women, on all kinds of courses and types of competition.

While the USGA had worked on various approaches for years, it wasn't until 1979 that the USGA created the Handicap Research Team (HRT) including Clyne Soley as a charter member. Members of the team independently researched thousands of scorecards and players' experiences to understand what aspects of a golf course most directly influenced a player's score. Dr. Soley was the first expert to suggest that a course rating should include additional factors to course length to compute the course's difficulty.

As a result of the HRT work, course rating teams now evaluate 10 factors—fairway topography, fairway width, green target size and firmness, recoverability and rough, bunkers, out of bounds/extreme rough, water hazards, green surface contour/normal speed, and the psychological effect of the combination of difficult course obstacles.

The various course factors are combined into a "slope" rating for the course that indicates the measurement of the relative playing difficulty of a course for players who are not scratch golfers, compared to scratch golfers. It is the slope rating that allows all players to develop their "handicap index," and apply it with confidence on any USGA rated course in the world to find their "course handicap" and an equitable way to compete with all other players on that course.

Your golf handicap—love it or hate it—thank Villager Dr. Clyne Soley for making golf a more competitive and interesting game.

Two Villages' golf clubs—the Ironmen and the Shonis—are dedicated to play on the Par 3 course each week. Come out and join us and improve your golf game!

The Clyne Soley Par 3 Golf Tournament is June 24. Open for all players, novice to experts. Sign up now; \$25 fee includes green fee, prizes, and reception following golf play.

Turf Rejuvenation Program continues

In October, the Association Board approved a community wide turf rejuvenation program at a cost of \$198,383. The work entails slit-seeding (a planting process) roughly 30 acres of common area with Tall Fescue grass. This work is the second part of a two-part project intended to fill in community turf areas that have either died, or have become infested with noxious grasses or weeds, over time due to the most recent drought period.

The first step of the preparation process for a slit-seeding program like this is to kill all the weeds and noxious grasses (in all 30 acres). Round Up will be used to achieve the objective (signs and notices will be posted). This means that many turf areas in the community will brown out, and they will stay that way for a couple of weeks before the seeding process can take place. Even then, please remember that it will take time for the grass to grow in, so areas will look sparse for a couple of months. (Mowing and day watering schedules will be adjusted accordingly.)

Dealer: East
Vulnerability: North/South

Bidding: East	South	West	North
Pass	1 Heart	Pass	1 Spade
Pass	2 Diamonds	Pass	2 Hearts
Pass	4 Hearts*	All Pass	

Contract: 4 Hearts by South
Opening Lead: 3 of clubs

Dealer has possible 1 loser in Spades, 1 loser in Diamonds and 1 loser in Clubs.
Strategy: Take out the trumps and set up the Diamonds.

West leads the 3 of Clubs, Queen, East covers with the Ace, returns a Club, South trumps, switches to a low Heart to the King on the board, continues with another Heart to the Queen in his hand. Now South realizes he can't continue pulling trumps until he forces the opponents to play the Ace of Diamonds. He leads the 3 of Diamonds, West wins with the Ace and notices that East has played the 9 of Diamonds. He now plays a Diamond, South covers with 10 on the board, and East trumps the trick, switches to a low Spade, South wins with the Jack on the board. He plays a Heart to the Ace in his hand, now runs the Diamonds, King, Queen, and the Jack. Next leads the Ace of Spades and plays his last card, a trump. Great. The contract is made.

* South has 16 HCP, North has shown 3 Hearts by his second response, and now South bids game.

WHERE IN THE WORLD IS THE VILLAGER?

Here's how it works: Take along a copy of *The Villager* on your next vacation—it's not heavy—and have your picture taken holding up the paper with a well-known landmark or celebrity. Just tell them it's for the folks back home. (And be sure to get your camera back!) Then after you unpack and process your pictures from your vacation, e-mail your *Villager* picture (in Jpeg format) and perhaps a couple of "zingers" from your vacation and e-mail the files to shinrichs@the-villages.com. We'll publish your smiling face with your favorite local paper for all to see.

FEATURES

Readers' Theatre...

(Continued from front page)

When six sweet, balmy old ladies discover a handsome bachelor, Detective O'Finn of Homicide, lives across the street, they are delighted but faced with the problem of how to attract his attention. The answer: a nice genteel homicide with a cup of tea as the murder weapon. When a brash young woman reporter suspects the truth, she becomes the next target. O'Finn is embarrassed when he discovers that he is the motive for these madcap goings-on, and in desperation, manages to solve the case. First a short story in Ellery Queen's Mystery Magazine, later a success on Alfred Hitchcock Presents and now a stage veteran of hundreds of performances around the country, "Bull in a China Shop" continues to enchant audiences everywhere!

At this stage in our lives, the Villages Amateur Theater provides something for everyone who enjoys community theatre; whether you are on stage, back stage, or simply watching the stage. Join us and have some fun. Free light refreshments will be served and the play is free. This makes for a nice opportunity to chat with the actors and meet new people.

King's Brass Concert...

(Continued from front page)

Tim Zimmerman is the director and founder of The King's Brass and a trumpet solo artist. Tim received his graduate degree from the Peabody Conservatory of Music of the Johns Hopkins University in Baltimore, Maryland. He has been a member of the Annapolis Symphony Orchestra and often assists with the Ft. Wayne Philharmonic. For 13 years, Tim served as Artist-in-Residence and Chairman of the Music Department at Grace College in Winona Lake, Indiana.

The Villages is honored to have them back, so head to Cribari to enjoy an uplifting afternoon and give The King's Brass another warm Villages welcome.

This event is sponsored by the Villages Music Society - Concert Band and the Villages Community Chapel.

Fathers Day is Sunday—don't forget Dad!

By Jean Gillette

On the second Sunday in June we celebrate Father's Day. It is another of our treasured traditions.

When we were young we were told we should love honor and obey our fathers. That has never changed over the years even though we often manage to ignore one or all.

Dad is the man that Mom fell in love with and chose him for her soulmate.

He is the man who went to work every morning no matter the weather, or how he felt. When he and Mom had children, he gladly took on the extra responsibility with love and pride, and worked hard to provide for them. When work permitted him to come home early, he helped Mom get them ready for bed and would read stories and say the night prayers with them. He delighted in organizing outings and vacations for his family and became the best tour guide around.

He became the handyman when toys had to be assembled at Christmas, and could be coaxed into putting on a red suit to play Santa Claus. He took pride in coaching his children's sports, and if he didn't have time for that he made sure to be on the bleachers to see and cheer them on. He taught his children to respect people, no matter their color, race or beliefs. He asked them to never bully or degrade a weaker person. He taught them to show respect for the elderly and compassion and care for the less fortunate. He guided them into making wise and just decisions.

When old age keeps him from driving and he needs a cane to help him get around, be there for him. When his eyes grow dim and his hearing becomes a problem, let him lean on you and guide him slowly to where he needs to go, always remembering never to take away his dignity. When he repeats a story a few times, try to have patience and answer him with love and respect.

If you still have your Dad make this a special day for him. Give him a big hug and tell him how much you love him. If he is not here pray to and for him, remembering all the things that were so good when he was alive.

Happy Father's Day!
