## Napa Wine Train, all aboard!

Friday, September 8, is the time to get aboard the Napa Wine Train. The Wine Train route is a three-hour, 36-mile, round trip excursion from the historical town of Napa through one of the world's most famous wine valleys to the quaint village of St. Helena and return.

Dine in style with choice of four entrée selections (vegetarian menu is available upon request). The Villages will have the first seating excursion, which begins in the Dining Car, approximately 1-1/2 hours later we will be escorted to a Lounge Car to enjoy dessert and coffee.

Lounges and Wine Tasting Cars are lavishly restored 1915 vintage turn-of-the-century Pullman carriages replete with swivel lounge chairs, love seats, rich polished woods, etched glass. One lounge features a Tasting Bar and piano and you can visit this car during the journey.

Plan on arriving at Cribari Center's east parking lot at 7:15 a.m. The bus will depart from The Villages no later than 7:30 a.m. Group check-in is at 11:30 a.m. at Napa Train Station. There will be a wine symposium (tasting) prior to boarding the train at 12 p.m. Departure from Napa will be at 12:30 p.m. and return at 3:30 p.m.

Upon return to the Napa Train Station you will have approximately 45 minutes to shop in the Retail Wine Shop and the Boutique. Plan to be ready to board the bus for return to The Villages at 4:15 p.m.

Register in the Community Resource Center, Building B starting Monday, July 31. The cost of this outing, which includes bus, train ride, gourmet lunch, is only \$165 per person.

## The first day of work for new GM

New Villages General Manager Tim Sutherland opened his calendar and began his duties Tuesday, August 1. He is shown at one of his first meetings with Board members and staff.

## Visit Kristin Lindseth on Home Studio Art Tour

Pictured in the accompanying photo is Kristin Lindseth standing in the doorway to welcome visitors to her Home Studio on the Arts & Crafts Home Studio Art Tour, which

will happen on Saturday, August 26, from 10 a.m. to 3 p.m. She stands between two bronze sculptures—one titled "Civilization" and the other "Spirit Mountain."

Bronze is her favorite medium for sculpture because it involves many different materials and techniques: modeling in clay, carving, wax and casting in bronze. You will see many heads and human figures in her home studio, but you will also see her new series about refugees and immigrants. One outstanding sculpture is a tilted crescent boat, sending out roots, seeking a new home.

Kristin grew up in Saratoga and Los Gatos, studied at the University of Oregon, the Sorbonne and earned her M.A. at San Jose State University. She began sculpting while she was modeling figures for video games, one of several day jobs she has held while continually working as an artist. She has also worked in printmaking, painting and sculpture.

Kristin and her husband moved to The Villages about seven years ago. She welcomes you to her home studio on August 26 to view her bronze sculptures, intaglio prints and ink wash drawings.

## PULSE

Dear Readers: The Villager welcomes everyone's voice sharing ideas, opinions and accounts of life in The Villages in the Pulse column. Please follow the guidelines carefully.

Pulse deadline is 11 a.m. on Friday of the week prior to publication.

Pulse letters will be published in complete or abridged form at the discretion of the Publisher and in accordance with the editorial policies and rules established by the Club Board of Directors. (See VGCC Rule 1.30.) Opinions expressed by Pulse letter authors do not necessarily reflect the opinions of The Villager Publisher, staff, boards of directors or management.

All Pulse letters must be 200 words or fewer on a single topic relating to life in the Villages. Each letter must also include name, address, phone number, date and number of words.

Typed or legibly written letters must include your signature and may be hand delivered to the Pulse mailbox in Administration Building B or by mailing to the Communications Advisory Committee, 5000 Cribari Lane, San Jose, CA 95135.

E-mailed letters must include the text within the body of the e-mail and the subject line must read PULSE LETTER. Submit to: shinrichs@the-villages.com.

My home bumps up against a hillside that is out of public view. For many years, there was only ground cover to anchor the soil. I genuinely appreciate that ground cover anchors the hillside and helps prevent mudslides. I also enjoy sitting on the patio and looking at our small area of flowers. However, when I look over the fence, the hillside remains an eyesore. Seeding wild flowers among the anchor cover and adding decorative rocks are ideas that might help create some beauty. I have worked with representatives of the landscaping department with limited success.

When driving around, I find much of the landscaping very appealing. I see landscape workers busy maintaining and enhancing areas that show off the charm and beauty of The Villages. Many of the techniques being used by the landscaping staff, in highly visible areas, would also be effective in less visible areas. I expect landscaping in all areas to reflect positively on The Villages. After all, we live here, entertain guests on our patios, and encourage friends to move here. We see planned landscaping, or, in a few areas, a lack of planning. Not so visible areas need landscaping and a plan, too.

—Barbara Smith

Since the ABoD approved Member Owned Solar Panel installation, I have not seen status of the formation of guidelines. Is the document reviewed by lawyers? Do you have to get approval from City or other Govt agencies? It has been nearly 8 months. Would it be good to get a buy in of the interested residents who are considering MOSPI?

—Pradeep Sonawala

On Saturday afternoon 7/22, as I tried to exit Cribari Green, I could not see into Cribari Lane in either direction for oncoming traffic. To my right was a large dumpster and a line of vehicles beyond it. On the left, a white van was pulled right up to Cribari Green on the corner and a line of vehicles behind that. In front of me were 3 orange cones on the manhole cover. Finally, I took a deep breath and eased straight into Cribari Lane, avoiding the cones and hoping not to hit, or be hit, by anyone. Luckily, I wasn't. Had there been a collision, however, I surely would have been legally at fault. Next time this happens (dumpster is still there) should I call the Gate to have someone come and help me safely exit into Cribari Lane? And, finally, where's the responsibility to ensure this kind of traffic hazard doesn't happen in the first place?

—Martha Kell

**Editor's Note:** Last week's Villager ran the following letter, which contained an error. Jan's corrected letter will be run again this week:

After 28 years of living in The Villages and having the sincere pleasure and happiness in meeting so many wonderful people here, I can only say I will miss all of you. Golfers, bridge, Shanghai and gin players, Mexican train dominoes, bocce... the list goes on and on. Working for the VGC and the VMA at different intervals of my life here I gained a good sense of volunteerism and how important it is to communities like The Villages. I have already started to miss the Fourth of July parades... including all the work it took to put them together!

The Catholic congregation, just a wonderful group of people... each and every one.

It is time for me now to head off for Austin, Texas to be near my daughter, Caprice, son-in-law, Dan, and, of course, my 14-year-old grandson, Jack. This is something we have all wanted for a long time and I finally realized the time is now. I haven't been able to reach out to all of you to say goodbye, so please take this as a personal goodbye from me to you. Love you all!

## Association/Homeowners documents available via e-mail

By Julia Meadows

Per an amendment to California Civil Code, homeowner associations are permitted, with owner's written consent, to distribute annual disclosures, (like the pro forma budget summary) and other specified association documents to owners via electronic mail, facsimile, or other electronic means (such as posting on the association's website) instead of sending those documents out by regular mail or personal delivery. This has the potential to provide cost savings to The Villages. Delivery and postage costs for the Villages' annual distribution of the pro forma budget summary alone are close to \$1,000, not to mention the paper and printing costs that run about \$8,000.

In order to transmit association documents via e-mail or by posting on the homeowners association's website, 1) the homeowners association must first receive the owner's written consent, and 2) the homeowners association sends a separate notice to the owner that the documents have been posted and are available for viewing.

Consent forms for owners to request delivery of documents have been developed for both The Villages Association and Homeowners Corporations. These forms provide an owner's consent to delivery electronically, of documents that are capable, under current laws, of being distributed electronically. Owners have the right to revoke this request and receive "hard copies" of the documents by sending a written revocation signed by the owner, to the applicable corporation.

Forms of owner's written consent are available in Business Administration Buildings A and B, and on The Villages web site, <http://www.thevillagesgcc.com> (Click on *Resident Info* and then Click on *Resource Files*.)

For more information, call Julia Meadows at 223-4634.

## Club Board's Three-Year Strategic Plan Development Workshop August 21

Each year, the Club Board updates its Three-Year Strategic Plan. As part of that process a workshop is held to reach out to community leaders (Association, Homeowners' and Club committees) and those involved with the leadership of social organizations to gain their input and insight with regard to the update of the plan. This year's workshop is scheduled for Monday, August 21, at 9:30 a.m. at the Clubhouse.

The Club Board has decided that 30 members in general (those who do not serve on committees or clubs) will be invited to the workshop. If you are

interested in participating in this annual activity, please RSVP to the General Manager's office at 408-223-4634 or [jmeadows@the-villages.com](mailto:jmeadows@the-villages.com) no later than Thursday, August 17.

# CLUB CALENDARS

## HIKING CLUB SCHEDULE

Unless otherwise indicated, all hikes meet at Cribari Center at 8:30 a.m. and depart at 8:45 a.m.

**Saturday, August 5:** Wate and Johanna Bakker (408-223 2190) will lead an urban hike in San Francisco. We will start at the Embarcadero, have coffee at El Fornaio and climb up the steps to the Coit Tower (with rest stops) and from there stroll to Chinatown for lunch. We will return to the waterfront, visiting some gardens on the way. The hike will be 4-5 miles with 400-500-ft elevation gain and is suitable for both Ramblers and Long Hikers. Dress in layers and bring water. Car round-trip mileage is about 110.

**Wednesday, August 9 (Rambler):** Ramon and Marianna Reza (714-306-5333) will lead a hike on the Cogswell Marsh Trail. This flat gravel trail begins and ends at the Hayward Shoreline Interpretive Center and is 3.6 miles long, round trip. It skirts along a freshwater marsh - a haven for migrating birds - until it reaches the SF Bay. The SF and Oakland skylines can be seen across the water. Bring water and dress in layers. Lunch at the nearby Bay City Bistro is an option. Since bathrooms are not available on this hike, the Bay City Bistro is also providing us pre-hike access to their bathrooms. Round trip auto mileage is approximately 80 miles. To minimize traffic delays, we will meet at the Cribari Center at 9 a.m. for a 9:15 a.m. departure.

**Saturday, August 12:** Gary and Terry Holmquist (408-531-9779) will lead a hike at Coyote Hills Regional Park in Newark. The hike will head out from the visitors center to the bay and then return to a view point at Red Hill overlooking the park. Total distance will be approximately 5 miles. Long hikers can do a longer route to the nature center across Rt 84 and back and climb some of the hills. We will have lunch at the picnic area near the visitors center. We can also spend time touring the visitor center and some of the boardwalks into the nearby marshland. The trail is flat and usually cooled by winds off the bay so that it should be pleasant even if the day is warm. Bring water, lunch and perhaps binoculars for bird watching. Round trip driving distance is 60 miles.

**Wednesday, August 16 (Rambler):** Bonnie Preston (408-531-1513) will lead us on a Salt Marsh Safari boat tour through the Alviso Slough to explore the natural history of the South San Francisco Bay. This free program is sponsored by the Santa Clara Park and Recreation District and is an educational boat tour where we will learn about the natural history of the South San Francisco Bay and how the landscape has changed over time. It will be from 10 to 11 a.m. sharp so we will meet at 8:15 a.m. and leave promptly at 8:30 a.m. due to slow commuter time. We can walk around the site and eat at a favorite local restaurant when finished. It is limited to 16 people so call Bonnie ASAP to secure a spot. She will give you all the information you'll need.

**Saturday, August 19:** Amy Meier (408-799-4274) will lead a hike in the Purisima open space area, starting at the trailhead near Highway 1, south of Half Moon Bay. The trail is frequently shaded by redwood trees but also contains sunny areas with grass and chaparral. We expect that the nearby ocean will keep us cool. The elevation difference is about 1800 ft and the distance is 9-10 miles. Wear layers and bring plenty of water and a lunch. A stop in Half Moon Bay for a libation and/or more food is possible. Round trip car mileage 120.

## CAMERA CLUB CALENDAR

More COMMUNITY NOTICES

**ABOVE & BEYOND**

A special "Thank You" to a gentleman out on a walk, notices an almost flat tire on a car by the green awning: comes into a room of Bridge-playing women to alert the driver and *then* actually takes the car, inflates the tire, returns the car and we did not even get his name. But a room full women think he is a hero. This event happened Wednesday, July 26 at the Clubhouse.

—Donna Roberson

**Correction:** Apologies to Fannie Grizolet who recently celebrated her 93rd birthday, not her 97th birthday, as was erroneously reported in last week's Villager. It's great to be younger!

**Regarding Open Mic on July 17:**

We would like to say a big thank you to all the people that showed up, performed, enjoyed, cheered, listened, dined, danced, serviced, cooked, bartended, read, joked, participated and clapped at the first Open Mic night! It will always be one of the the highlights of our Villages life. There was such good energy in the room and so many of you told us what a good time you had. There was a birthday, an anniversary, a goodbye and a tonette. It was just so much fun for us, and we so appreciate you showing up. Being the first Open Mic night for us we didn't know what to expect. Thank you, thank you, thank you. Looking forward to the next one.

—Anne and Kevin

**Open Mic**

Join us for an evening of entertainment at The Villages Open Mic in the main Clubhouse Restaurant. This is a monthly open mic taking place on the third Monday of every month.

The open mic will run a traditional format of sign-up and perform. There will be a sign-up sheet available in the restaurant starting at 5:15 p.m. the evening of each open mic. Sign-up sheet determines performance order and is on a first-come, first-serve basis. Performance length is dictated by number of sign-ups. Ten or fewer sign-ups will allow for 15 minute (or 3 songs) performances. More than ten sign-ups will allow for 10 minute (or 2 songs) performances.

Music, spoken word, poetry, comedy, and magic are welcome.

All PA equipment and a piano will be provided.

We'll have three microphones for singers and up to 3 instrument plug ins.

The restaurant will provide a cocktail server for food and beverage orders.

Come to perform or come to watch and encourage friends and family to take the stage.

**SENIOR RESOURCE SERVICES**

**Reasons to use a reverse mortgage when purchasing a home**

By Carla Griffin, Realtor

Did you know you could use a reverse mortgage to purchase a home if you are age 62 or older? This is a fantastic opportunity for a senior citizen to buy a new home, live mortgage-payment-free and keep an additional nest egg for the future.

An example is Lux who recently sold her home for \$800,000, netting approximately \$690,000. She wanted to purchase a place for \$650,000, which would give her a reserve of only \$40,000. However, she learned she could purchase the property for \$280,000 cash and a \$370,000 reverse mortgage. She is very excited because this will leave her almost \$410,000 in cash reserves. Yet, because it is a reverse mortgage she will not have to make any mortgage payments until her home is sold or she no longer uses it as her primary residence. Of course she will still be responsible for property taxes, HOA assessments and property insurance. (Note: The reverse mortgage loan amount is calculated on the home price and your age, if a couple, the younger borrower's age is used).

There is an extra bonus for Lux because her purchase price of \$650,000 is less than her sales price of \$800,000, so she will be able to transfer her property taxes to her new home. She had lived in her home for over 30 years so her property taxes are quite low.

If you know of anyone who might be in this situation, please suggest that they consult their tax adviser and talk to a Senior Equity Reverse Mortgage specialist. The SRS office has a list of loan specialists who have obtained reverse mortgages for Villagers.

*Note: The Senior Resource Services (SRS) office hours for drop-in assistance are Monday, Wednesday and Friday from 10 a.m. to noon. The SRS office is in the Cribari Center across from the Post Office. You may also leave a message at 408-239-5253. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional adviser about your individual situation.*

**SRS Special Reminder:**

**Running out of funds?**

SRS has handouts of the recently published articles on possible choices and solutions if you are low on funds. Also, volunteers are available to meet with you in your home or at the SRS office if you would like to discuss your options with someone with a professional business background.

**FOUNDATION FOCUS**

Former Villager Ron Gustafson and Men's Club Chairman Hal Hallock tee off on Hole 6 during the Men's Invitational. Seen in the background is the refreshed tee marker and new yardage marker made possible by the Foundation and numerous Villagers. Our course has never looked better!

- Helps sustain the environment for future generations
- Reduce the cost of waste management. Savings of over \$4,000 a year at the Clubhouse
- More pickup of garbage from twice a week to three times a week. This obviously will help in waste attracting

flies, and containers being over filled.

**What do we do?**

Recycling Blue Containers will be available next to the trash bins at the Clubhouse. No need to separate Plas-

tics, Cans Glass Cartons, Cardboard or Paper. They all go into the Blue Recycling Containers.

Trash Containers are for Food, Pizza Boxes, To Go Containers and Styrofoam Cups.

## Good news for Jazzercisers

By Barbara Tommaney

Lots of good news for members of Jazzercise. First and foremost our wandering days are soon to be over. No longer will we be gypsies. Effective August 14 (we hope), all Jazzercise classes will be held in Cribari Auditorium. It will be fun to see the changes made during the remodel, i.e., new paint, new flooring, and who knows what else. Most of all great to have a spacious exercise venue. But on Friday, August 4 we are still meeting at Vineyard Center.

Sometime in mid-August, our primary instructor, Linda Zolezzi will complete her teaching schedule and return to our Villages class. In Linda's absence, Sandy Lantrip led our class and kept us all in shape. Thank you, thank you, Sandy.

If you are interested in Jazzercise, now is a wonderful time to join. Classes are held Monday, Wednesday, and Friday from 8:30 - 9:30. The early morning hours are the coolest of the day, and leave you with your full day ahead, knowing you did something great for yourself. Jazzercise is also the best bargain in exercise. In August you will pay only \$36 for a full month of classes. Your first class is absolutely free. So come on down y'all and join the fun. Any questions, call Herito at 408-238-7511 or Kay at 408-223-7948.

Mike's presentation will be about the development of the U2, its early efforts against the USSR up until the Gary Powers' shoot down in 1960, and its role in the Cuban Missile crisis up until the shoot down and death of Major Rudy Anderson.

Mike lives in Capitola and was a military brat as a child. Moving many times growing up, he was lucky enough to attend high school in Heidelberg, Germany. He later attended Auburn University and received a Master's degree in Public Administration.

He entered the U2 program in 1967 flying missions in various locations around the world until 1973. By the time he retired as a colonel in 1992 he had spent a total of 34 years in the Air Force and had flown T-33s, T-38s, B52s, F15s, F16s, and the F-104 (with the Dutch Air Force). His last eight years were as an Air and Defense Attaché in the Netherlands and finally in Ecuador. On returning home to California he started a consulting business dealing with seniors and finally retired from that in 2005. His favorite hobby is golf.

## FROM THE BOOKSHELF

By Elizabeth Benson

**“War Cry” by Wilbur Smith:** As a member of the Courtney family, Leon Courtney knows how quickly fortunes can be won and lost. Over the course of more than two centuries, generations of his family have risen and fallen with the tides of history. Leon, too, has experienced his own share of triumph and pain. In the wake of his wife's death, the renowned big-game hunter is raising his young daughter, Saffron, alone in colonial Kenya. In the 1920s, the continent of Africa is a dangerous place. As Leon attempts to navigate the murky political waters of this most exquisitely beautiful and wildest of lands, his daughter grows into an independent and headstrong young woman bound for a far different life in Britain, as a student at Oxford. Smith captures the tensions that will spark a war across continents—and the uncertainty and hopes of a father and daughter caught in its grips. Fiction. 2017.

**“Wait For Dark” by Kay Hooper:** In Clarity, North Carolina, the residents have fallen victim to an unfortunate series of events. Seemingly random accidents have taken the lives of several citizens in the small mountain town. Something is on the hunt in Clarity, and the only clue is a cryptic note given to the victims 24 hours before they meet their ends: “Wait for dark.” Sheriff Mal Gordon calls the Special Crimes Unit in to investigate. But while the SCU has prepared them for the unknown, the incredible evil stalking Clarity shakes the team to its core when one of their own is targeted. Mystery. 2017.

**“Secrets In Summer” by Nancy Thayer:** Memorial Day weekend means that seasonal visitors have descended on the glamorous island of Nantucket. For year-round resident Darcy Cotterill, it means late-night stargazing in the backyard of the beautiful house she grew up in and inherited from her grandmother. It's Darcy's chance to hit the beach and meet her new summertime neighbors. But the last person the 30-year-old librarian expects to see staying next door is her ex-husband, Boyz, along with his wife Autumn, and stepdaughter, Willow. Darcy must also navigate the highs and lows of a new romantic relationship even as she becomes smitten with a musicologist in town to write a book. As the season nears its end, Darcy must decide her next move: retreating to the comforts of her steady and secure island life, or risk it all for a chance at true happiness. Fiction. 2017. Large Print.

**“The Dry” by Jane Harper:** Federal Agent Aaron Falk hasn't been back to the place where he grew up in 20 years. Not since he and his father were run out of town. Even when Falk gets word that his childhood best friend, Luke, is dead, and his entire family murdered, Falk still isn't planning on going back. But then he gets a note: “Luke lied. You lied. Be at the funeral.” And just like that, Falk is swept back into the secrets of the place and people he left long ago. Amid the worst drought in a century, long-buried mysteries will resurface. And Falk will discover anew what he's known all along—sometimes you have to go back home in order to finally leave your past behind. Mystery. 2016. Large Print.

**“Below The Belt” by Stuart Woods:** Newly ensconced in his Santa Fe abode with a lovely female companion, Stone Barrington receives a call from an old friend requesting a delicate favor. A situation has arisen that could escalate into an explosive quagmire, and only someone with Stone's stealth and subtlety can contain the damage. At the center of these events is an impressive gentleman whose star is on the rise—and who'd like to get Stone in his corner. He's charming and ambitious and has friends in high places; the kind of man who seems to be a sure bet. But in the fickle circles of power, fortunes rise and fall on the turn of a dime, and it may be that Stone holds the key not just to one man's fate, but to the fate of the nation. Mystery. 2017

## Help Hiking Club fund benches, tables, signage

Will you help us? Our goal is to place more picnic tables and benches and improved signage on our hill trails to make it more pleasant and convenient while hiking. Plus we plan to fix the trail from the lower to upper gardens, making that easier and safe.

The Hiking Club, with assistance from the Evergreen Villages Foundation (EVF), has launched a fund drive to make these improvements. If you would like to contribute to the fund, and you don't want a receipt for tax purposes, you can simply write a check payable to “Villages Hiking Club.” If you would like a receipt for your donation for tax purposes, you will need to write a check payable to “Evergreen Villages Foundation” and be sure to note on the check the donation is for the “hill lands improvement fund.” Drop off your donation in the Hiking Club mailbox (located across from the VMA office in Cribari Center) to Suzanne Pham's attention.

For more details please call Wate Bakker at 408-223-2190.

## Global Village: Group Meditation for Universal Peace

The Global Village Club will present "Group Meditation for Universal Peace." This guided meditation allows those who have never practiced meditation, and those who are experts, to partake in this movement to promote world peace by embodying and simultaneously sending out the vibration of peace and love.

While many of us enjoy meditating alone, meditating with others can enhance our spiritual growth significantly. In addition to helping people learn how to meditate, a meditation group can bring a tremendous amount of healing to everyone who attends. This can help someone who's having difficulty overcoming the wounds from his past.

Group Meditation for Universal Peace takes place every third Wednesday in the Patio Room. Introduction to the subject is followed by light yogic movements and 20 minutes of meditation. The next group meeting will be on the August 16 at 7 p.m. in the Patio room.

Surendra Bhagi will lead and facilitate the meeting. All are welcomed to join us. There is no fee for participating in these events.

### PUBLIC SAFETY

#### Time to make your 2018 Telephone Directory updates

It is time for input for the 2018 Villages Telephone Directory. To verify that your listing is correct or if you want to make a change or update your information, please contact Public Safety Administration (Building C) at 408-239-5246, option 2, as soon as possible. The deadline for any changes for the 2018 Telephone Directory is Friday, September 15.

#### Guest/Common Parking within the Condominium Development

Association Rule 2-17, Section 2: Villages-registered golf carts/LSV, motorcycles and two-axle passenger vehicles that are of a type customarily used for personal transportation may be parked within the Condominium Development subject to local posting by Public Safety and as approved by the Board. Overnight parking of these vehicles is restricted to the garage, carport or driveway assigned to the resident's villa. No vehicle that is incapable of being parked within the entire boundary of the garage, carport or driveway may be parked within the Condominium Development. Temporary exceptions may be authorized by Public Safety.

Cribari and Del Lago Districts are permitted to park in common area parking for a maximum of 48 hours.

#### During hot weather, take care to avoid heat stress

If you are 65 years of age or older, it becomes more important to avoid heat stress during periods of hot weather. Since elderly people do not adjust as well as young people to sudden changes in the weather, it is important to take precautions to avoid pushing the body past its stress limit.

Older, at-risk adults should be visited twice a day and monitored for signs of heat exhaustion. If they do not have air conditioning in their homes, then they should be taken to air-conditioned locations—at the very least, they should have a fan.

To prevent heat stress or heat stroke, which occurs when the body becomes unable to regulate its own temperature, 1.) drink cool, nonalcoholic, non-caffeinated beverages (unless your water intake is being regulated by a doctor—if that is the case, follow the doctor's directions). 2.) make sure to rest during hot periods. 3.) cool off by taking a cool shower, bath or sponge bath. 4.) remain indoors during the hottest part of the day, if possible stay in an air-conditioned environment. 5.) wear lightweight clothing. 6.) do not engage in strenuous activities.

Heat exhaustion can develop over several days of exposure to hot weather if the body is unable to replace lost fluids.

The symptoms of heat exhaustion include heavy sweating, paleness, muscle cramps, tiredness, weakness, dizziness, headache, nausea or vomiting, fainting, moist or even cool skin, a fast and weak pulse rate and fast and shallow breathing.

Heat stroke, the most serious heat-related illness, may be the result of a long period of heat stress or may come quickly if the person is exposed to extreme temperatures. Heat stroke occurs when the body loses its ability to sweat and is unable to cool down. Body temperatures may rise to 106-degrees or higher within ten to 15 minutes. Untreated heat stroke is likely to result in death or permanent disability if not treated immediately.

The symptoms of heat stroke include a very high body temperature (above 103-degrees F), reddened, hot and dry skin (no sweating), a rapid and strong pulse, a throbbing headache, dizziness and nausea.

What do you do if you see someone with severe heat stress?

Act quickly because you may be dealing with a life-threatening emergency. First call 911 for immediate medical assistance, then call Public Safety at 223-4665 while you begin cooling the person off.

If you are outdoors get the person to a shady area. Cool the person rapidly, using whatever means you can—provide a cool bath or shower, spray the person with cool water from a hose or wrap the person in a cool, wet sheet and fan him or her vigorously. Monitor the person's body temperature and continue cooling efforts until body temperature drops below 101-degrees F. If emergency personnel are delayed, call a hospital emergency room for further instructions. Do not give the person any alcoholic beverages—water is best. Above all, get medical assistance as soon as possible.

## COMMUNITY CHAPEL

### By Pastor Bill Hayden

If you are running behind, it is very difficult to **catch up** if you don't have the **mustard**. In most cases in life, once you have fallen behind it is as if the force of gravity weighs you down with every effort to move ahead.

As a young athlete in my day, training was paramount to one's success in completing the race and finishing well in the competition. Each day there was the challenge of conforming to the rigor of training and putting the proper time in for workouts. It was like walking on a tight rope, any deviation from the routine such as not getting proper rest, eating the wrong foods, skipping your workouts or becoming ill, could set you back.

Nothing deterred me from training; I would run in the rain, the snow, on cloudy days and hot and humid days. There were days that I simply did not want to do it. I find it interesting when you don't want to do something, how difficult it is for the body to respond. So, I would press on and in not too long a time, the body would respond favorably, enabling me to enjoy the workout. The days that I allowed myself to become lazy in my workouts would cause me to do double duty next time in order to regain my momentum.

Today my workouts are a lot different but nevertheless still challenging. My workouts today consist of the rigor of exercising my faith under all circumstances. Faith requires you to trust something or somebody with your life and all that pertains to it. We trust our spouses, our doctors, our bankers, our lawyers, our food producers, our vehicles and our politicians while we find it difficult to exercise our faith in trusting God. Yet our currency states, "In God We Trust"—is that true for you?

You may be running out of mustering your faith but there is still time to catch up. Let's exercise our faith and build each other up to trust God with our lives. Make a commitment and join us this Sunday at the Villages Community Chapel in Cribari Auditorium 10 a.m. to be encouraged. **The chapel is a place for needs to be met, faith to be affirmed and people to love.** We would love to meet you. If you would like to make an appointment with Pastor Bill please call the office at 408-238-3079. We continue celebrating 50 years at the Villages Golf and Country Club.

## SWINGERS

By Pam McCarthy

What a lovely day it was and we had 62 beautiful women who came out to enjoy each other's company and to play this wonderful...mysterious...illusive game of golf. The day was perfect...brilliant sunshine...melodious chatter of friendly greetings...and the clatter of golf clubs waiting to be swung.

The day was perfect! It brought to mind the Leslie Gore melody:

"Sunshine, lollipops and rainbows,

Everything that is wonderful is sure to come your way"

...When you're a "Swinger" today! (It did go something like that didn't it?)

Maureen Ryan has bragging rights for a wonderful chip in on hole # 10. She outmaneuvered the sand and the water on this long uphill challenge. Congrats, kudos and hugs to Keeper of The Scores, Maureen!

Kay Gray reports from the Corena Green Tournament that she and Judy Gergurich had a wonderful time being Markers for the tournament. They learned a great deal and made new friends from all over Northern California. Our Swingers sponsored six girls...Isabelle Castro, Natalie Ju, Maggie Romanow, Frankie Sumcad, Belinda Sutikto and Borina Sutikto. All the girls had a great time and it was a beautiful day. The course is quite difficult and hilly with expansive views of the bay. Corena Green promotes golf for girls ages 8-17. Our girls played very well and here are some of the highlights:

Isabelle Castro shot a 45 placing 1st in the 17year old division.

Frankie Sumcad shot a 44 placing 4th in the 12 year old division.

Belinda Sutikto shot a 37 placing 1st in the 11 year old division, had an Eagle.

Borina Sutikto shot a 33 and was the overall winner for 13 year olds, had an Eagle.

The highlight for Kay and Judy was hearing the announcements of the winners—each name was preceded by the name of the sponsoring group: "From the Villages..."! Yeah! Kay and Judy were so proud of our girls! Yes! Our girls were "Brighter than a lucky penny!"

## SHONIS

By Ann Campbell

On Tuesday, July 25, the much anticipated Shonis/Ironmen Invitational took place on our beautiful Par Three Course and was well received by all participants. Thirty-two golfers took their places in the shotgun format, endeavoring to achieve the lowest scores and reach the leader board. Lunch on the clubhouse patio followed the play where the winners were announced and prizes were aptly awarded. Congratulations to all! This Invitational honored the late Jim Cramer who was instrumental in making this special event become a reality.

A reminder that the Shonis' Championship Tournament is coming up on three Tuesdays in September. The dates are September 12, 19 and 26. You must play all three weeks to participate. All prize money comes out of the Treasury. Please sign up at the starter table or on the bulletin board on August 1 through August 29. Please call Betty Stednitz at her new phone number, 408-300-2989 or Marlene Wilde at 408 238-5638 with questions. August handicaps will be used and you must have a permanent August handicap to play.

**Chuckle for the Day:** Two golfers were standing on a tee box ready to hit their shots. One golfer pointed down the river, turned to the other golfer and said, "Look at those idiots fishing in the rain!"

## 18-HOLE WOMEN

By Phyllis Mueller

The Thursday play day seemed quiet and sparse and then we remembered team play was going on elsewhere. Our three teams, Mid-Peninsula (Vicki Krattli as Captain), Silicon Valley (Vivian Brown as Captain), and Valley League (Geri Wilk as Captain) are ending up their season. Although not all the stats are in, I am told that all three teams are doing well.

Partnership Eclectic (with Chairs Ann Crews and Betty Sharps) is going on as we speak. Eight rounds for each partner are played during the months of March through October 12. Winners are announced at the end of the year and yes, real money is paid out!

Ringer Event (with Chair Paulette Wrightson) tallies the lowest score on each hole during the months of January through October, then totaled and less the average handicap for the same period. The difference between these two events is that we do not know how we are doing with the Ringer but Partnership Eclectic is posted in the posting room every few months.

Summer Of Love packets are now out and we are officially ready to go on August 10 and 11. Chris Leisy and committee have pulled all the last minute details of this event together and now all we have to do is have fun!

Birdies: Bev Poellet #11. Elsa McLaughlin #11.

Chip Ins: Carol Quakenbush #2. Gwen Binden #10. Nancy Miller #5. Carol Haupt #4. Elsa McLaughlin #11.

## FROM COMMUNITY STANDARDS

### Regarding the Annual Random Smoke and Carbon Monoxide and Insurance Certification

By Maria Hernandez, CCAM

Once again it's that time of the year that I have to start the Annual Random Smoke and Carbon Monoxide and Insurance certification verification from Association members/residents per the Association CC&Rs and Board Policy APo 408 and Procedure APr 408 (Smoke Detector Installation, Maintenance, Repair and Replacement) and the Association CC&Rs and Board Policy APo 409 and Procedure APr 409 (Home Owner & Resident Insurance Requirements and Verification)

In August, you will receive a lavender notice requesting that you contact me at your earliest convenience so we can schedule an appointment for the Smoke and Carbon Monoxide inspection as well as to provide a copy of your current insurance policy certificate (coverage page or declaration), which provides the information below.

Insurance Required:

Owners - Property and Liability insurance is commonly referred to as HO6.

1. General liability coverage must be maintained in an amount of not less than \$300,000.
2. Property damage insurance covering the contents and personal property within the condominium in an amount deemed appropriate by the owner.

3. Loss assessment coverage must be maintained in an amount equal to or greater than the amount of the deduction under the hazard insurance policy carried by the Association (currently \$5,000).

Renters - Property and Liability insurance is commonly referred to as HO4.

1. General liability coverage must be maintained in an amount of not less than \$300,000.
2. Property damage insurance covering the personal property within the condominium in an amount deemed appropriate by the renter.

A 30-day period in which to submit the required documentation will be provided.

Owners and renters can also request that their Insurance Company forward a copy of the updated Insurance Certificate when issued or renewed. A copy of the declaration page from the policy is also acceptable as proof of insurance as long as it shows all of the requirements.

This is a mandatory procedure required by the Association's governing documents. It is for each resident's protection to have the correct amount of Property and Liability coverage. If you have any questions regarding this procedure please contact me at mehernandez@the-villages.com or by telephone at 408-754-1353.

Dealer: West  
Vulnerability: North/South

Bidding: West	North	East	South
Pass	Pass	Pass	1 NoTrump
Pass	2 Clubs*	Pass	2 Hearts^
Pass	4 Hearts	All Pass	

Contract: 4 Hearts by South  
Opening Lead: 5 of Spades

Dealer has Spade losers unless he trumps on the board, maybe a Heart loser, possible one or more Diamond losers and a Club loser.  
Strategy: Try to trump some of the Spade losers and finesse the Queen of Diamonds.

West leads the 5 of Spades, East, King, South wins with the Ace, plays a low Diamond and successfully finesesses the Queen. He switches to a Heart to the Ace in his hand, follows with a Spade, trumps it on the board, continues with another Heart to the King in his hand, leads a Spade and trumps it on the board. He now leads the Ace of Diamonds, then the thirteenth Diamond, sluffs the Jack of Spades from his hand, and West trumps. Now West plays the Queen of Spades, South trumps, follows with the Queen of Hearts, next leads his last card, a Club, which East wins with the King. Great! The contract is made exactly. By the way 3 NoTrump could also be made but game in the major provides more points.

\* This is an artificial bid saying nothing about Clubs but asking partner if he has a 4-card major suit.

^ South bids his 4 card major and North is delighted that he has the suit and bids game due to his HCP. Remember with 2-four card suits, go up the ladder, and with 2-five card suits, go down the ladder bidding the higher one first.

# WHERE IN THE WORLD IS THE VILLAGER?

**Here's how it works:** Take along a copy of *The Villager* on your next vacation—it's not heavy—and have your picture taken holding up the paper with a well-known landmark or celebrity. Just tell them it's for the folks back home. (And be sure to get your camera back!) Then after you unpack and process your pictures from your vacation, e-mail your Villager picture (in Jpeg format) and perhaps a couple of "zingers" from your vacation and e-mail the files to [shinrichs@the-villages.com](mailto:shinrichs@the-villages.com). We'll publish your smiling face with your favorite local paper for all to see.

Above: A group of 11 Villagers, relatives and friends searched for their roots in Sicily on a two week tour last year. One member was able to locate her Mother's birth certificate and the street in Barcellona Pozzo di Gotto, Province of Messina, where her grandparents lived when they were first married. Another member of the group was able to spend two nights with family in Castell'Umberto, also in the Province of Messina.

Dick and Judy Frey and Bob and Diane Marchant on a recent 14 day River Cruise from Amsterdam to Budapest, photographed on the deck of their River Boat while in Bratislava, Capital City of Slovakia. The cruise traveled the great Rhine, Main and Danube Rivers through five fascinating countries.

In the picture are: Bob and Diane Marchant (holding *The Villager*) and David and Sue Bacigalupi (standing behind Bob and Diane) with relatives and friends, in front of their hotel, in the Village of Castoreale, Province of Messina, where Bob Marchant's Maternal Grandfather was born. His Grandmother was born, married and lived in Barcellona Pozzo di Gotto before immigrating to the United States in 1914.

## Turf Rejuvenation Program continues

In October, the Association Board approved a turf rejuvenation program. The work entails slit-seeding (a planting process) roughly 30 acres of common area with Tall Fescue grass. This work is the second part of a two-part project intended to fill in community turf areas that have either died, or have become infested with noxious grasses or weeds, over time due to the most recent drought period.

The first step of the preparation process for a slit-seeding program like this is to kill all the weeds and noxious grasses (in all 30 acres). Round Up will be used to achieve the objective (signs and notices will be posted). This means that many turf areas in the community will brown out, and they will stay that way for a couple of weeks before the seeding process can take place. Even then, please remember that it will take time for the grass to grow in, so areas will look sparse for a couple of months.

Welcome to another installment of: **Along the Way—a trip down Memory Lane** with Tom Zades. Join Tom every other week as he reflects upon his past...and ours. (Tom can be reached at: [tzades@sbcglobal.net](mailto:tzades@sbcglobal.net))

We may snicker at the people of 100 or so years ago who seem to have completely missed many of the technological changes that were coming. That, of course, makes us wonder what major changes we are not seeing today. The Commissioner of the U.S. Patent Office in 1899 is often credited with the (probably apocryphal) statement: "Everything that can be invented has been invented." More verifiable is Henry Ford's assertion: "If I had asked people what they wanted, they would have said 'faster horses'."

One of my favorite stories—and it may only be a story—holds that around the year 1900 in New York City, the greatest minds of the day thought that the biggest problem New York would face 100 years hence would be horse poop! Based on the growing population and the projections for economic growth, they were convinced that the horse droppings would be waist high by year 2000! Perhaps someday people will look back at our time and snicker about our inability to see the solutions to world hunger, radical jihad, climate change, etc. that were coming.
