Ballerina to dance at 'Cribarnegie Hall'

Ballerina Catherine Welsh rounds out the program as "Afternoon at Cribarnegie Hall" returns to Cribari Auditorium on Saturday, September 16, at 2:30 p.m. Stirring performances range from vocal soloists and ensembles to solo and group instrumentalists on harp, hammered dulcimer, violin and piano.

Ticket sales are from 10 a.m. to noon in the Cribari Lobby on Saturday morning, September 9. Tickets are \$15 cash, check, or charge to house number. Each ticket entitles the holder to a 10 percent discount in the Clubhouse restaurant on the day of the concert. Reservations are requested.

Our ballerina, Catherine, is the 16-year old daughter of our accompanist, Tamara Welsh. Catherine is an aspiring artist who is classically trained in ballet, and practices contemporary, jazz and lyrical dance, as well. Two other performers, Ciel Duke and Linda Rollo, are both new to The Villages. Ciel is an experienced multi-instrumental entertainer who plans to charm us with her hammered dulcimer. Linda is a highly accomplished harpist and is bringing students from the Linda Rollo Studio.

'Inside the Gates' Home Tour set for October 7

By Sherry Benz

In addition to the seven beautiful homes selected for the "Inside the Gates" Home Tour, there is something new—a boutique featuring specialty items for the holidays or for gift giving. You will find hand-made toffee, herb-seasoned nuts, scarves, luxurious body lotions, and a return of the beautiful succulents planted on pumpkins. The Boutique will be at the Clubhouse and you can visit during tour hours (10 a.m. to 4 p.m.) or at your stop for lunch.

Due to the Clubhouse renovation project, our Villages kitchen is not able to provide lunch, but we have arranged for you to have a gourmet box lunch from New Seasons Market.

Tickets can be purchased by filling out an order form located on the bulletin board outside the VMA office in Cribari Center and dropping the form in the VMA mail slot. Tour tickets are \$25 and lunch is \$20. You will pick up your tickets at Will-Call at the entrance to the banquet rooms on the day of the tour.

The Tour is self-guided and is sponsored by the Villages Medical Auxiliary (VMA).

Last year the Home Tour raised more than \$14,000 for the VMA, allowing it to continue providing vital services.

Watch for future articles. For questions, call Penny Barcellos at 408- 531-9582 or Melinda Dobbs at 408-267-1777.

Get to know the director of VAT's 'Blithe Spirit'

"Blithe Spirit" is one of the most challenging and entertaining comedies your Villages Amateur Theatre (VAT) has ever performed. Leading our effort to make this play a great success is our very experienced director. He has directed, produced, and acted in over 50 plays and musicals.

The American Association of Community Theatre informs us that the work of the director is central to the production as it sets the vision for the production for everyone involved. The director brings together the many complex pieces of a production—the script, actors, set, costuming, lighting and sound and music into a unified whole. The director interprets the script; casts the production with the help of an Audition Committee; plans the rehearsals and guides the actors in their work during rehearsals.

We are all fortunate to have Larry Miller as the director for "Blithe Spirit." Larry is a past chair of VAT and a very experienced director, producer, and actor. Some of the plays he directed at the Villages include the murder mystery "The Farndale," "None the Wiser" and "The Importance of Being Earnest." Musicals directed included "Guys and Dolls," "Fiddler on the Roof," "The Music Man," "Finian's Rainbow," and "Brigadoon." Larry believes being a director for the VAT is a wonderfully fun way to be creative and to contribute to the entertainment life of the Villages!

"Blithe Spirit" introduces us to Charles and his second wife Ruth, who are haunted by the spirit of his first wife Elvira. Madame Arcati, a psychic, tries to help things out by contacting a ghost. Consistent with the Halloween season, confusion, comedy and creepiness ensues.

Performances will be 7:30 p.m., Friday, October 20; 2:30 p.m., Saturday, October 21, and 2:30 p.m. Sunday, October 22 in the Cribari Auditorium.

Please mark your calendars and get ready for a very funny, light hearted and ghostly entertaining night out with friends.

Read our article next week to learn about the actors.

I have attended both "Open Mic Nights" that we've had so far. They were fun, entertaining, and allowed us to share our talents or applaud other Villagers' talents, but most of all to get together with our fellow villagers for a fun evening.

The first night I counted 121 people; the second night it was filled beyond capacity. I particularly noticed that some people had dinner or at least snacks, but many people had two or three alcoholic beverages, as well as a variety of other drinks. When the waitstaff was too busy many people went into the bistro bar to order their drinks. I believe there was a wait staff of about three with the assistant manager also helping. They were very busy filling orders.

The show lasted three hours.

I just heard a rumor that they were going to end the open mic night due to the fact that "it made such little profit."

The Clubhouse is normally empty on Monday nights. It was filled beyond capacity. The waitstaff was kept very busy. So, I'm wondering, how much is enough profit to keep such a well received, well attended, entertaining evening going.

—Carol Colclough

What has happened to our golf course? What was once one of the bright spots in the Santa Clara valley for golf has become a soggy, ragged, second rate muni. What happened?

Brightview was contracted several years ago to maintain the golf course and so far all I have seen is a steady decline into mediocrity. Soggy muddy fairways, wet slow bumpy greens, weeds and untrimmed areas now seem to be the norm. This spring a new state of the art irrigation was installed and I for one had hoped that we would return to the fast and firm conditions that made The Villages golf course fun to play and a challenge. Unfortunately, that hasn't happened. The soggy, ragged conditions have persisted over the summer and I'm at a loss to understand why. It's time to demand something more for the money being paid to Brightview to maintain the course. So far they are doing a less than stellar job.

—Steve Wigglesworth

I strongly disagree with the proposed rule change under the Public Safety section. Specifically, the removal of the sentences: "Protection of persons and property is a basic requirement for Villages residents. The General Manager has established the Public Safety department to provide this service." This change appears to refocus the Public Safety department from protection of residents to policing residents. We already have a largely unnecessary traffic officer handing out tickets to residents when the mail and package delivery drivers are a real hazard and we have no recourse to ticket them. We don't move here and pay fees to be policed, but to be protected. Please don't enact this proposed change.

—Linda Osborne

THE CATCHER ON THE PARKWAY

There he waits, hidden in the shade,
On unwary motorists for weeks he has preyed.
Some were Villagers, others not,
Unbeknownst, they were shot
With a Radar gun leveled on his sill.
And now the fines roll in still
To increase the moneys in the Village till.

On what will they spend them?
Oh, yes, I know
On more SUVs so the fleet can grow
From two to three, or even four,
So beware of Security, —just keep going slow!

BOARDS & COMMITTEES

Fitness Center News

By Kay Gray, Fitness Committee Chairperson

The Fitness Committee along with the Community Activities Office has been hard at work trying to make improvements and keep our center in good working order for all to enjoy. We have added mirrors near the hand weights. This is to ensure that when you lift weights you can see your form and make sure your posture is correct. This is important for preventing injury as well as getting the full benefit of the exercise. We have also added a balance board. This piece of equipment provides work on our body as well as our brain to improve our balance, which as we all know deteriorates as we age. The stretching area has been made a little bit bigger by moving some larger pieces of equipment. If the stretching area feels cramped, take a mat and use the area near the free weights. Just be sure to put the mat away when you do this. A suggestion box is provided for you. It is located on the filing cabinet. Don't hesitate to offer constructive suggestions to us.

We are currently assessing the equipment that is up for replacement. We know several pieces of equipment are old and have been broken often. The Fitness Committee has made a recommendation to the Club Board to address this situation. We will do our best to keep your center safe and in good working order.

A few reminders for residents are:

-No tailgating. Each person who enters must use their own card to enter the center. A tally of users is kept every month. This is how we justify expenditures for our fitness center.

-No food or drinks, *only water*. Carpet stains are hard to clean. We want to keep the fitness center clean for everyone to enjoy.

-Please *do not* adjust TV angles or touch controls. The TVs are programmed. The committee is re-evaluating the TV channels. Feel free to submit an idea in the suggestion box.

-Be sure and turn *off* the scale after you use it. It wears the battery down when you leave it on and they are expensive to replace.

-If a piece of equipment is broken, notify Mary Tatum in the Activities Office, Building B. There is a log book for this purpose. We will try to repair all equipment as soon as possible. Sometimes it takes awhile to get a part. Equipment repair status will be posted on the bulletin board or on the actual equipment piece in the Fitness Center.

See you at the Fitness Center!

Notice of Proposed Changes to Villages Golf and Country Club Rule 1.52 Vandalism

At The Villages Golf and Country Club (Club) Board of Directors August 29, 2017, monthly meeting, the following proposed changes to Club Rule 1.52 Vandalism have been approved for 30-day notice publication in *The Villager*. The purpose for the revision is to clarify the definition and consequences of vandalism.

Response to the proposed rules changes may be made by one or more of the following methods: 1) Participation in the discussion of the change at the Club Board of Directors study session, 2) via-email with comments sent to the Club Board at least seven (7) days prior to the Club Board of Directors study session, or 3) via written comments addressed to the General Manager's office delivered at least seven (7) days prior to the study session.

Rule deletions are noted in strikethrough font; additions are underlined

Club-owned landscaping (flowers, plants, trees, etc.) ~~growing in common areas~~ may not be picked or removed by anyone without the approval of the Landscape Manager, the Director of Maintenance Services, or the General Manager. ~~An exception to this rule is made for plants that are planted adjacent to the resident's home and cared for by the resident.~~

3. The General Manager may issue a citation instead of imposing the full penalty for minor infractions of this rule.~~ In addition, vandalism is a violation of California criminal law and a police report may be made.

Club Nominating Committee

Per The Villages Golf and Country Club Board of Directors Policy CPO 203 Nominating Committee, the Club Board President, with approval of the Board, shall recommend for appointment new members for any vacancies on the committee at the September Board meeting. The purpose on the Nominating Committee is to identify and solicit candidates for members of the Club Board.

If you are interested in serving on the Nominating Committee, please contact Club Board President Debbie Champion at 408-960-6994, or Debbie@championlaw.com

Join EPC—Neighbors Helping Neighbors

As we all watch the ravages of Hurricane Harvey on Texas we see that way before the government stepped in there were "neighbors helping neighbors." Maybe now is a good time to join your neighbors and be a part of the Villages Emergency Preparedness Committee (EPC). We have teams that need your help in an emergency. You can sign up to be the one to knock on neighbors' doors and find out if anyone needs help. You can be someone to help feed the first responders or join the security team to help public safety needs. You may help find housing for a Villager or just hold someone's hand. If you have special medical training or disaster training, that is a plus, but no prior training is required. When you join a team you learn first how to take care of yourself and your family so then you can better help the neighbors around you. Our annual drill here at the Villages is coming up on October 16 so now is the best time to consider volunteering. Please join us. You may call any of the co-chairs, Nick Yannaccone, Judy Bushey, Maddy Stusnick using the phone number in the directory or email us at volunteers@thevillagesepc.org.

Why not right now?

Missed your Villager?

If you missed delivery of your weekly copy of *The Villager*, please call 223-4655 to report it. (Please do not call before 11:30 a.m.)

You may pick up a replacement copy of your paper at the newsstand at the entrance of Building B or go online to the Villages website—www.thevillagesgcc.com—and download the current and past editions to your computer.

Get in the Fast Lane!

Fast Lane is the Villages e-mail information blast. To sign up or get more information, contact Communications Coordinator Ken Patterson at 223-4681; kpatterson@thevillages.com, or go to Building B to sign up in person.

A recent Pulse letter stated the ABOD is studying the feasibility of lending reserve funds to districts at lower market rates. California CCS 1365.5 (c) 1,2): CIV Code (5510 (a)) describes proper account use.

"Real News:" A District reserve loan is possible for one year to its operating fund. Nothing in the law allows the transfer of district reserves to another district's operating fund. A reason one district may have a higher rate of interest. It's called "RISK." Risk is associated with volatility, thus if "District 1" has outstanding liability for solar roofs and "District 2" is liability free, its assets are greater; thus being a better credit risk.

Imagine "District 2" has a fire and 10% of the units burned. "District 2" now needs its reserve funds.

The ABOD has to assess "District 2" to repair the damage or borrow the money at a higher rate because "District 2" depleted its asset value by making a loan, which "District 1" may not pay back. Don't be a fool. You worked for those assists you're enjoying. The Villages Association is not a bank! Let the "OPM" people move on and spend our limited time enjoying The Villages.
 —William Swintek

We have noticed how nice the three (Sequoia, Redwood, etc.) rooms in Cribari Center have been remodeled. They are much more pleasant with very pleasing décor etc. We are aware they are not completely done, but so far so good. Thanks to everybody in management, who are behind this project.

There is one thing I would like to mention about setting of Thermostats in these and other rooms in the center: Thermostats are set at 70 degrees F, which is too cold. The same is true with Fitness Center thermostats (set at 68 or lower). Many years back in President Carter's time there were energy crises. And during that time the government had recommended settings at 76 for AC and 68 or 70 degrees F for winter heating.

Setting these at the recommended temperatures would still be comfortable and save on our energy bills, too. (Which we as Villagers pay.)

Also It may be worthwhile to install the so-called "self learning" thermostat, which will adjust itself when nobody is in the area/rooms.

I sincerely hope that management will do something about this.

FROM THE GOLF COURSE SUPERINTENDENT

New Golf Course Irrigation System Update

By Golf Course Superintendent Mike Scully

Our key staff members are working hard to embrace the exciting new technology for irrigation. Once it is fine-tuned, the system promises to deliver irrigation water more efficiently and more thoroughly. Besides the ability to utilize mobile devices for program inputs and quick adjustments in the field, there is an added benefit of the removal of the old irrigation control boxes that were located throughout the course. Overall, the new irrigation system has drastically improved course conditions from years past but there are still many items to be addressed. We are working out there every day on these many wet areas that have appeared and there is improvement. We have over 700 more sprinklers than we had with the old system so on the positive side, we are watering areas that never had irrigation before and we can begin to cultivate turfgrass in those areas in the future. However, despite the new system we still have the same soil, the same tree placements, and the same turf types on the golf course. New sprinkler heads with better coverage often hit trees causing wet areas in the rough. The areas that had no turf are getting watered now, but staying wet. Thanks so much for your patience as we continue to dial in the system.

Coming September 10: Villages Age Certification Survey

By Julia Meadows, Assistant General Manager

Arriving with September's monthly statement will be the biennial age certification for all residents of The Villages.

To continue our community's status as a senior community, The Villages must comply with the state and federal laws that govern California senior housing developments. Federal law requires that at least 80 percent of the occupied units are occupied by at least one person who is 55 years of age or older. Further, The Villages Association and Homeowners Corporation must conduct periodic surveys to verify and document that the community is in compliance. Failure to satisfy the legal requirements may result in a determination that our community is not a lawful senior community and therefore mean that we must allow persons of all ages to live here.

In order to fulfill the requirements imposed upon the Corporation, one resident of your condominium or home must complete and sign the Age Certification (under penalty of perjury). Please note that if you are an offsite owner, you must have one of the tenant(s)/resident(s) complete and sign the Certification. Offsite owners are responsible for ensuring completion and return of the Certification by one of their tenant(s)/resident(s).

Please return the Age Certification on or before October 16, 2017. You may either mail the completed document back to us at:

CLUB CALENDARS

HIKING CLUB SCHEDULE

Unless otherwise indicated, all hikes meet at Cribari Center at 8:30 a.m. and depart at 8:45 a.m.

Saturday, September 9: Calero County Park. The long hikers led by Nancy Rumble (408-238-7535) will hike 7-8 miles with a 1000 ft. elevation gain on the lower trails in the park so we will be hiking in and out of shade. The Ramblers can hike 4-5 miles to Fish Pond and back on the Figueroa Trail with a leader chosen by the participants. Bring lunch, extra water, and sticks. Wear boots and sun protection. This is about a 30 mile round trip drive.

Wednesday, September 13 (Rambler): Susan Brown (408-531-9750) will lead a visit to Pao Hua Buddhist Temple on McKee Rd. Afterward we will drive to the Overfelt Gardens, a 33-acre park on 368 Educational Park Dr. and McKee Road in the middle of San Jose. The park was donated by Mildred Overfelt in memory of her parents. The historical home is still located there. The park is also known as the Chinese Cultural Garden featuring a Friendship Gate, Sun Yet Sen Memorial Hall, Chiang Kai-Shek Pavillion and a large stone statue of Confucious that was given by the sister city of Taiwan to San Jose. There are picnic benches located in the park where we can rest and have a snack or lunch afterward. The round trip to the park is about 36 miles.

Saturday, September 16: Sweeney Ridge. Dan Kato will lead a hike suitable for both long hikers and ramblers along Sweeney Ridge. Sweeney Ridge is the famous spot where Spanish explorer Juan Gaspar de Portola made the first sighting of San Francisco Bay by a European. We will park at Skyline College and both groups can start off on the Notch trail. The Portola discovery site is about 1.5 miles from the parking lot though the first quarter mile is down into a small valley and up the other side. Just before the Portola site we will also pass an old Nike missile site. From there we will hike additional trails for a total distance of 6 to 7 miles or less for ramblers who want to turn around earlier. Bring lunch and dress in layers as the seacoast weather is unpredictable. There will be an optional restaurant stop afterwards for those so inclined. Round trip by auto is about 100 miles.

Wednesday, September 20 (Rambler): Rich Bainbridge and Wendy Ledamun (408-274-4215) will lead a Rambler hike in Alum Rock Park along the valley trail, which is about 5 miles round trip. There is an elevation gain of 300 feet. It is almost all in shade. We will have an optional lunch at Lee's Sandwiches on Berryessa. The round trip is 20 miles. Water is a must!

Saturday, September 23: Gisela Pearson (408-270-0463) will lead a hike at Henry Coe State Park from the headquarters to China Hole and back—10 miles. Bring plenty of water, lunch, etc. No water available along trails. Round trip driving is 60 miles.

'Degas, Impressionism and the Paris Millinery Trade'

A trip to the Legion of Honor is planned for Thursday, September 21 to see "Degas, Impressionism and the Paris Millinery Trade"! We will depart the Villages at 8:15 a.m. from the Cribari Center east parking lot with a return time estimated at 4:30 p.m. Your escort will split you into two groups for a docent-led tour of the exhibit. "Degas, Impressionism and the Paris Millinery Trade" features approximately 40 Impressionist paintings and pastels, including key works by Degas...many never before exhibited in the United States. Art on display will also include those by Pierre-Auguste Renoir, Edouard Manet, Mary Cassatt, Henri de Toulouse-Lautrec and 40 exquisite examples of period hats.

Best known for his depictions of Parisian dancers and laundresses, Edgar Degas (French, 1834-1917) was enthralled with another aspect of life in the French capital...high fashion hats and the women who created them. The artist, invariably well-dressed and behatted himself, "dared to go into ecstasies in front of the milliners' shops," Paul Gauguin wrote of his lifelong friend.

The exhibit will be the first to examine the height of the millinery trade in Paris, from around 1875 to 1914, as reflected in the work of the Impressionists. At this time there were around 1,000 milliners working in what was then considered the fashion capital of the world.

Lunch comes with clam chowder or choice of mixed green salad and choice of entrée: Chicken Piccata, Pasta Angelina, Filet of Sole or Fresh Bay Shrimp Louie Salad. Complete your meal with coffee, tea or soda and dessert. When you register, please let us know your entrée choice. If you wish to purchase a cocktail, wine or beer please be prepared to pay your server at time of service. Pompei's Grotto has been a family restaurant since 1946.

Following lunch we will travel to Hines Building-Rooftop Garden (highest rooftop in City,) then on to Embarcadero Center 2 where we will see the fountain/sculptures and gardens.

FROM THE BOOKSHELF

By Elizabeth Benson

"I Need A Lifeguard Everywhere But The Pool" by Lisa Scotoline and Francesa Serritella: The bestselling and "perennially hilarious" mother-daughter team is back with a new collection of stories from their real lives that are guaranteed to make you laugh out loud. Join Lisa and Francesca as they regret drunk-shopping online, try smell-dating, and explore the freedom of a hiatus from men—a "guyatus." They offer a fresh and funny take on the triumphs and face-palm moments of modern life, showing that when it comes to navigating the crazy world we live in, you're always your own lifeguard. 920. 2017

"The Little French Bistro" by Nina George: Marianne is stuck in a loveless, unhappy marriage. After 41 years, she has reached her limit, and one evening in Paris she decides to take action. Following a dramatic moment on the banks of the Seine, Marianne leaves her life behind and sets out for the coast. She finds herself in Brittany, the northwestern part of France—also known as "the end of the world." There Marianne is swept up by a new life, meets a wonderful cast of new people, and finds a forgotten version of herself—passionate, carefree, and powerful. But the past comes calling and she is left with a choice: to return to the known or cast it aside for the future. Fiction. 2017.

"Full Wolf Moon" by Lincoln Child: Legends, no matter how outlandish, are often grounded in reality. Jeremy Logan is an investigator who specializes in analyzing unnatural phenomena with no obvious scientific or rational explanation. He travels to a writers' retreat in the Adirondack Mountains and is soon contacted by an old college friend who is hoping Logan's expertise will shed some light on a body discovered of dead hiker who has been severely mauled and other macabre details, which casts doubt on the initial suspicion of a wild bear encounter. The attack also may not be the first of its kind, and because it occurred during a full moon, many locals are whispering about the possibility of a werewolf in this remote, wooded landscape. Logan approaches the case with an open mind but he begins to wonder if he's up against something he's never seen before. Mystery. 2017.

"Rich People Problems" by Kevin Kwan: When Nicholas Young hears that his grandmother, Su Yi, is on her deathbed, he rushes to be by her side—but he's not alone. The entire Shang-Young clan has convened from all corners of the globe to stake claim to their matriarch's massive fortune. In this sweeping tale that takes us from the elegantly appointed mansions of Manila to the secluded private islands in the Sulu Sea, from a kidnapping at Hong Kong's most elite private school to a surprise marriage proposal that is caught on camera by the telephoto lenses of paparazzi, Kwan hilariously reveals the long-buried secrets of Asia's most privileged families and their rich people problems. Fiction. 2017.

"The Burial Hour" by Jeffery Deaver: A business snatched from an Upper East Side street in broad daylight. A miniature hangman's noose left at the scene. A 9-year-old girl the only witness to the crime. With a crime scene this puzzling, forensic expertise of the highest order is absolutely essential. Lincoln Rhyme and Amelia Sachs are called in to investigate. Soon the case takes a stranger turn: a recording surfaces of the victim being slowly hanged, his desperate gasps the backdrop to an eerie piece of music. Despite their best efforts, the suspect gets away. But when a similar kidnapping occurs on a dusty road outside Naples, Italy the case is now a complex case of international cooperation. Sachs and Rhyme find themselves playing a dangerous game. Mystery. 2017.

Global Village: Group Meditation for Universal Peace

Join Global Village for a three-session group meditation program. This guided meditation allows those who have never practiced meditation, and those who are experts, to partake in this movement to promote world peace by embodying and simultaneously sending out the vibration of peace and love.

While many of us enjoy meditating alone, meditating with others can enhance our spiritual growth significantly. In addition to helping people learn how to meditate, a meditation group can bring a tremendous amount of healing to everyone who attends. This can help us to raise our awareness level and overcoming feelings of hurt from past.

Group Meditation for Universal Peace takes place Wednesdays. Introduction to the subject is followed by light yogic movements and 20 minutes of meditation. The next group meetings will be on September 13, 20 and 27 at 7 p.m. in the Patio room.

Manjula Bhagi, Darlene Korb and Pamila Thompson will lead and facilitate these meetings.

All are welcomed to join us. There is no fee for participating in our events.

Senior Academy: 'Charlemagne, the Father of Europe'

On Tuesdays, September 19 and 26 at 2 p.m. in the Vineyard Center, the Senior Academy will offer a special two-session course: "Charlemagne, The First Christian King of Europe." Advance registration is required. The cost is \$25 for Senior Academy members. Non-members are welcome to attend for \$30.

Charlemagne has been called the "Father of Europe" as he united most of Western Europe for the first time since the Roman Empire. This course will discuss his famous grandfather, Charles the Hammer, and his father Pippin the Short, the first King of the Carolinians. As a French Carolingian, Charlemagne defeated the Islamists/Arabs just outside of Paris. This was a godsend to the Catholic

papacy, and a powerful and influential alliance was formed that dominated Western Europe for centuries to come.

The entertaining Mary Lynn Wilson is our teacher for this course. She has a B.A. with a double major in History and Linguistics from UC Santa Cruz; and an M.A. in European History and a Ph.D. in Indo-European Studies from UCLA.

You must register for this class. To register online, go to the Senior Academy's special "Reggie" program at <http://VillagesReggie.com>. When you start Reggie, it will guide you through the process of signing up for the event. Those preferring to talk to a person may call Barbara Knight at 408-238-8699 or Gene Gerwe at 408-223-7901.

Art Film for September

By Pamela Oliver Lyons

Welcome back from the summer, Villagers! Our monthly series of Art Films begins with

"Michelangelo: Artist and Man" which is from the *Biography* series produced by Hearst/ABC/NBC Arts and Entertainment in 1994. Everyone is invited to join in on Tuesday, September 12, 2017 at 7:00 PM at the Vineyard Center for viewing and discussion.

The film uses chronological order in presenting Michelangelo di Lodovico Buonarroti Simoni life and works, included are the timeless masterpieces such as, the sculptures *David* and *La Pietà*, the Sistine Chapel ceiling fresco paintings *The Creation*, *Last Judgement* as well as *St Peter's Dome* in Rome interwoven with the influences of the times in which Michelangelo. Presenter Peter Graves reads from Michelangelo's letters, poetry and journals. This iconic artist lived thru the Renaissance, Protestant reformation, Catholic renewal, the 1527 sack of Rome, and the 1528 plague!

Film viewers can only imagine what it was like to be a young genius invited to the daily table of Magnificent Lorenzo de' Medici, ruler of Florence and Patron of the Arts. Here Michelangelo engaged with Leonardo Da Vinci as well as the greatest minds of the time. Rivalries developed but only Michelangelo would be called il Divino (The Divine).

The film ends with Michelangelo's unfinished last work, a *Pietà* the last of a final series. It is a haunting image, half emerged eternally waiting for the sculptor's hand.

If you would like to contribute to the fund, and you don't want a receipt for tax purposes, you can simply write a check payable to "Villages Hiking Club". If you would like a receipt for your donation for tax purposes, you will need to write a check payable to "Evergreen Villages Foundation," be sure to note on the check the donation is for "hill lands improvement fund." COMMUNITY CHAPEL

By Pastor Bill Hayden

Fear can be paralyzing when you are attempting something new and you are unsure about the results. I can't imagine the feelings of anyone who constantly lives life in fear of the unknown. Fear is an emotion that we all share as human beings. There are situations that occur at different times in a person's life that may cause them to be paralyzed because of negative thinking. It could be as simple as having blood drawn at a medical laboratory, the fear of needles, especially if the person is a trainee who's drawing the blood.

When I worked in corporate America I knew a general manager of operations who dreaded giving a monthly progress report. During his presentations, everyone observed his fear of public speaking as his shirt became totally wet from perspiration. Every sentence would start with "um" or end with "um." People would count the minutes to see how long it took him to ruin his shirt with perspiration.

My oldest granddaughter hadn't ridden on the back of my motorcycle like her younger brother had. She saw it appeared to be safe and he was having fun, so she joined in for a ride around the park. After securing her helmet we began to go around the park, as soon as we began she bellowed out, "I can't breathe, I can't breathe! Stop! Stop! Stop!" You could hear her screams five blocks away over the sound of the motorcycle. So, I stopped and told her that she was breathing the whole time she was riding. Eventually she relaxed, calmed down and enjoyed the rest of the ride. Her cousin who was waiting to have a ride heard the screams and became fearful about riding the bike, but when we returned and she saw how eager my granddaughter was to go again she decided to have a go.

On a greater scale, fear has caused nations to unite for the common good of all people. Our history, in most cases, has shown that our nation experiences a great unification of purpose when there is a pending calamity. People begin to be more thoughtful, prayerful and willing to sacrifice for one purpose.

Did you know that our greatest fear has been conquered by the son of God? (John 14:27 NIV) **"Peace I leave with you, my peace I give you. I do not give to you as the world gives. Do not let your heart be troubled and do not be afraid."**

Bless us with your presence and join us this Sunday at the Villages Community Chapel in Cribari Auditorium 10 a.m. to be encouraged by the Word, a cup of coffee and cookies. **The chapel is a place for prayers to be answered, faith to be affirmed and people to love.** We would love to meet you. If you would like to make an appointment with Pastor Bill please call the office at 408-238-3079.

SWINGERS

By Linda Piersol

Playing from the number 2 tees, most of the 59 golfers who came out enjoyed the change. According to Swinger Pat Smith, "I enjoyed the new twist and especially that I had a lower score!" Yes, I think most shaved 8 or 9 strokes from their "normal game." Chip-ins were made by Judy Frey on #17, Renee Woolard on #12 & #15 and Jan Flynn on #17. Very nice job, ladies. Our newest member, Lois Locatelli, joined the Swingers morning golf. Welcome, Lois.

New Member Lois Locatelli

Some golfers commented how amazed they were seeing how torn up many patches of grass were, both on the course and off. I learned from our golf course superintendent that it's the work of raccoons looking for grubs. Crows are in there digging, too. Thankfully, our lawns will be treated for grubs soon.

All Swingers are encouraged to attend the Fall Luncheon and General Meeting. Not only is it a festive event where all Swingers are gathered at once, but also current issues and events are explained and awards will be given. Don't miss the fun!

Upcoming Events:

- September 19 - Fall Luncheon & General Meeting
- September 23 - Twilight #5 - The Last One!

BOCCE BEAT

Photo by Conway Chan

By Elly Burnnett

Running a week or so behind as I've written many times over explains why the very wonderful Hawaiian themed Friday Bash hasn't been written about other than to bring it to folks attention so that they would be sure to attend. Attend they did, and the event was a huge success. This event was already held two Fridays ago. Our thanks go out to the Ukulele Club members who beautifully serenaded the attending folks, and to our very own bocce member, Aurelia Contento, performed the hula.

On another note, the Bocce club is putting out a last minute call for one more team to complete the Wednesday 1:30 p.m. league. This event involves six weeks of play just once a week, from September 13 thru October 18. If you can get your team together for this one, you will have lots of fun. If you are short some players, we can help you fill out the team. Contact Marion at 408 274-2805 or Paul at 530 613-3057.

We are also looking forward to the Annual Villages vs. Villages one-day tournament, held on Saturday, September 23 from 9 a.m. to 3 p.m. Come and support your favorite village.

The Villages Staff vs. Bocce Club Board is TBA soon. Everyone has a good time at this annual event.

18-HOLE WOMEN

By Gwen Bindon

Our play was enlivened this week by a challenge from our Pro Hannah Summerhays. For an entry fee, women golfers tried to beat the Pro's score. It was Hannah's gross score against the net score of all players in the field. Hannah scored 75 for her round. 11 players beat her with net scores below that. Congratulations to Asako Nakamura who had a net 68. Other winners were Janis Kiernan, Jungwha Kim, Mary Ann Diridon, Cindy Fuller, Ann Crews, Sumi Minami, Alice Affourtit, Madeline Naftzger, Jo Ann Bundgard, and Janis Le Compte.

We celebrated birthdays for Karen Davidsen, Mary Chaboya and Hannah Summerhays with song by a talented group of voices.

The General Meeting was called to order by Captain Cindy Fuller. She announced the appointment of Linda Schlageter to the Nominating Committee. Two additional members were elected to serve. They are Betty Sharps and Nancy Keane. A motion was made to continue to support WGANC in 2018. After some discussion, the motion passed. This vote instructs our local organization on how to vote in the WGANC membership vote on dissolution and merger with NCGA. The meeting was adjourned after the vote.

An update of the Ringer Eclectic Tournament is in the Posting Room. The Grandmother's Tournament is scheduled for September 28, following three weeks of play for the Club Championship in September. Sign up for the golf on Chelsea, but sign up separately for the lunch by September 21. The Clubhouse kitchen will be closed for remodeling and lunch for the tournament will be catered.

Cindy reminded us that lunches will increase to \$12 starting September 1. Birdies were celebrated by Miyo Shigemoto #6 and Madeline Naftzger #15. Chip-ins were made by Inge McQuiddy #11, and Asako Nakamura #14.

Patti Hayes concluded the meeting with a joke.

PICKLEBALL

By Anahid Gregg

The Pickleball Club relies on many people performing different roles to thrive. There are many behind-the-scenes things people do not know about. We've reached a critical time in our growth, with the building of dedicated Pickleball Courts soon to become a reality. The trio of people most actively working on the courts project since the start are President Steve Williams, Past President Nancy Keane, and Garry Gray—Vice President and head of the Fundraising Committee.

Garry and Kay Gray moved to the Villages in 2011. Kay was the driving force behind the couple's involvement in pickleball. She had a career as a Physical Ed teacher in San Carlos, and has always been active. Her interest in pickleball began after reading an article in the San Francisco Chronicle. She heard about the formation of a Pickleball Club, attended a demonstration and was hooked. A proponent of healthy living, Kay also serves on the board of the Villages Fitness Committee, ensuring our new fitness club stays in great shape as well! Kay quickly got Garry involved in playing pickleball as well.

Although Garry enjoys playing, he employs his business acumen raising both awareness and funds for our courts. With 32 years of experience in Finance and IT at HP beneath his belt, he has been using his expertise to raise funding and making presentations. If you attended any of the Pickleball town halls, you undoubtedly heard him.

When I asked Garry why he feels so strongly about pickleball in the Villages, he gave a well thought out response. Not only is pickleball fun and the fastest growing senior sport; it's also good for you. A strong proponent of healthy living, he points out pickleball promotes balance and cardiovascular health. Both Garry and Kay look forward to the day people can drive in and see happy, active pickleballers alongside the bocce and tennis players! As for us, we're lucky to have a couple so active in ensuring the Villages stays a relevant, vibrant and active Community!

Remember—we have drop-in Pickleball Wednesday and Fridays at 1 p.m. for beginners, and open play at 1:30. This is a great way to meet up and form your own groups. We provide all necessary equipment (other than your non-marking court shoes!), so you can try out pickleball at no cost! Come meet some of the friendliest Villagers living in our wonderful community!

SHONIS

By Marge McCandless

We were so lucky to have our August 29 sweeps day in between the heat waves. We still had a rather small group so I hope that means some of us are off traveling and not just hiding at home worrying about the weather. There were 21 members and two qualifiers playing. Lil Yamada played her fifth qualifying game so she is now an official member. She celebrated by making a 20-foot chip-in for a par on Hole #9. Great job, Lil. Tricia Hardt played her third qualifying game. There were no Birdies and not a lot of great scores, but it was wonderful to be out there.

By the time you read this column, you will know who won our September Captain's Trophy and if you are in the Championship Tournament you will be all set to play on the 12th. If you are not in the tournament, you can still come out to play in the regular sweeps.

Have a great September!

And The Rest Is History...

By Bill Leonard

Back in 1971, UCLA, USC, Stanford, and Trinity of Texas were the powerhouses in NCAA tennis. Everybody playing for each school had won their share of tournaments as juniors including myself. So practice for the year begins and this kid by the name of Jimmy Connors shows up. His brashness and reputation as a pretty darn good player precedes him. All of it true, but I would see him get wiped off the court at daily practice by the U.S. current national hardcourt champion at that time and even Pakistan's #1 player who was playing number two on the team. Yet you could see Jimmy's talent and tenacity of his play.

Then it comes time for Coach Bassett to send a singles player back to represent UCLA at the NCAA tournament. Coach Bassett does the "unthinkable" and selects Jimmy as that singles player over our #1 and #2 players. Jimmy wins the NCAA singles title as a freshman, turns pro, and as they say...the rest is history.

USTA Updates: The Glo Girls 55 and Over 7.0 team have a 6 win/3 loss record with one match to go. I fully expect a playoff run from these rambunctious ladies yet again this year. It also appears that the Men's 55 and over 7.0 team is bound for some playoff action, with a 4 win/6 loss. More on these two teams next week. We have three 70 and older teams all ready to go this fall, with the ladies fielding a 7.0 and a 6.5 team. The men have a 7.0 team. Go teams!

Upcoming Event: Bocce and Barbecue event on September 10 from 3 to 7 p.m.

OK, that's it for this week. Don't forget to visit the re-vamped Tennis club website at <http://villagestennisclub.org/> where you can find all kinds of very cool content. Thank you, M.A. Sridhar for your work on this.

50th Anniversary Golf Celebration: Thank you to everyone who participated in the 50th Annual Golf Celebration on Sunday, August 27! We truly enjoyed hosting the day, and although it was hot everyone had a really cool time. We had over 230 golfers play and all received a commemorative

50th anniversary logo valuables pouch and divot tool. The putting contest was a huge success and the generosity shown by our members toward the golf staff was touching. Your kindness will go a long way! The golf shop staff feels like we are part of The Villages family and it is our pleasure to work with you

each and every day.

Fantastic Feats: Shooting your age for 18 holes of golf is a rarely achieved milestone that only a small percentage of golfers can accomplish. We have a few members who are good enough to accomplish this feat. Lin Maltbie, who is 93 years old shot 93 last week! This is the 53rd time that Lin has shot his age for 18 holes. Lin is simply awesome! Not to be outdone, member Mike Singleton, who is 79 shot two better than his age by firing a smooth 77 last

week. They are both humble, but please congratulate them next time you see them at the course! I aspire to shoot my age someday like Lin and Mike.

Upcoming Golf Scheduling - Please plan accordingly

Saturday, September 9 - Men's Club Championship starts.

Tuesday, September 12 - WNHGA Open Day 8:45 a.m. Shotgun.

Friday, September 22 - Twilight Mixer - 4:30 p.m. Shotgun plus dinner plus some fun and new games on the course.

Maintenance Update: Greens Aeration (core aeration & sand top-dressing) Monday & Tuesday, September 25 & 26.

Nine holes only will be available Monday, September 25.

The Long Course and Golf Shop will be closed on Tuesday, September 26.

The Par-3 Course and driving range will be open on Tuesday, September 26.

The fairways will be aerated in October.

At the same time we will be overseeding the fairways with rye grass.

This new practice of overseeding will make sure our fairways stay consistent and lush through the hot season.

Through overseeding, the rye grass will choke out the poa grass on our fairways, which dies in the summer due to excessive heat.

The rye grass will become the dominant grass and will hold up to the summer heat... so our fairways will stay full throughout the hot season.

The Par-3 Course will be aerated on Wednesday, October 11.

The Par-3 Course will be closed that day.

As the year gets closer to the end the lead is getting crowded. Frank Garcia, and Jack Bindon, (me) are at the top with 19, but not far behind we have Bob Gregg and Chet Percell with 17. And Phil Robinson not far behind them with 16. The lead could change quickly so keep practicing.

This week's winners are, (included in the above totals):
1st. Gary Holmquist with an outstanding 28

2nd. A tie between Derek Herdman and Frank Garia with 34s.

3rd. Another tie between David Cook, Phil Robinson, and Richard Petroski at 35.

4th. goes to Bob Icopi with an even par 36.

Nearly all seem to be shooting near or below their handicap. The #3 tees do make a difference so keep on practicing...that includes putting—where many of the strokes are being lost.

The Villages Turf Rejuvenation Program

The purpose of this article is to update you on the progress of the turf rejuvenation program. The program was initiated several months ago. The purpose of the program is to in-fill and restore selected areas of turf that were negatively impacted by the drought. Generally these are areas that were taken over by undesirable grasses or weeds. The process consist of the following steps:

- Spray with herbicide to eliminate weeds or undesirable grasses.
- Wait 3-5 days for weeds to expire, or spray again to control undesirable grasses.
- Using mowers and dethatching equipment mechanically remove weeds and grasses to form a seed bed.
- Apply seed using a machine called a slice-seeder.
- Topdress with compost.
- Set watering schedule generally 2-3 times per day for two weeks.
- Monitor establishment.

During the process outlined above you generally will experience some noise generated by the equipment, possible odor from the compost, notice the irrigation system running during the day, and see the emergence of new grass plants.

Currently we're completing the Cribari and Montgomery neighborhoods. We will then work sequentially in the following neighborhoods:

- | | |
|---------------|---------------|
| • Hermosa | • Glen Arden |
| • The Heights | • Olivas |
| • Verano | • Fairways |
| • Del Lago | • Sonata |
| • Highland | • Valle Vista |

We currently are targeting early December to complete all neighborhoods. Hot weather and rain may delay progress, but generally we're entering a good time of year to germinate seed and grow new grass. We will keep you updated on this program to enhance curb appeal and improve the overall appearance of the community turf grass.

All Pass			

Contract: 5 Diamonds by South
Opening Lead: 10 of Spades

Dealer has 2 possible Spade losers, and 1 in Hearts.
Strategy: Take out trumps, set up Hearts and try to sluff a Spade loser on Hearts.

West leads 10 of Spades, everybody ducks, continues with his last Spade, East, the Jack, South covers with the Ace, next plays the King and Queen of Diamonds to draw out the trumps. He then leads the Ace of Clubs, next switches to the Jack of Hearts, West wins with the Ace, leads a Club, East, the King, and South trumps. He plays the Queen of Hearts, sluffs a Club from the board, continues with the 9, and trumps it. He leads the Queen of Clubs, sluffs a Spade from his hand, then plays a Club, trumps it in his hand and claims since he has only a trump on the board and one in his hand. Great. The contract is made exactly. As it turns out 4 NoTrump can be made but many players don't like bidding game in NoTrump with a singleton.

* South jump shifts with a 3 Heart bid showing a big hand 19+ HCP and responder can't stop bidding until a game is reached.

SENIOR RESOURCE SERVICES

Trustee or Executor checklist

You knew it would happen someday. Your last parent has died and you are the successor Trustee of Dad's Living Trust and the Executor of his Will. You are not sure what to do. You suspect you need to consult an attorney and/or CPA. Should you call them immediately?

It is usually better to get a general idea of the fair market value of Dad's assets and liabilities before seeing his professionals. The fair market value will determine whether a federal estate tax return needs to be filed.

It is important to determine and list how the assets are titled. If assets are not titled in his Living Trust or in joint tenancy with someone or in a Payable on Death account, court probate papers may need to be filed.

To help you Senior Resource Services (SRS) has an outline titled "Executor/Trustee Information Gathering Checklist." Some organization on your part before you make appointments will likely mean less cost for professional time and a consequent greater inheritance for the heirs.

An SRS volunteer with experience in estate and trust administration is available to explain and to guide you in your duties. For either the "Document Gathering Checklist" and/or to request an appointment with an SRS volunteer, stop by the SRS office or leave a message at 408-239-5253.

Being a Trustee or Executor frequently requires consider time. Don't forget when you have settled Dad's Trust or Estate to review your own legal papers. Completing the following SRS handouts can save your selected trustee time and emotional stress: "Location of Important Documents," "Obituary Data," and "Memorial Preferences."

Note: The Senior Resource Services (SRS) office hours for drop-in assistance are Monday, Wednesday and Friday from 10 a.m. to noon. The SRS office is in the Cribari Center across from the Post Office. You may also leave a message at 408-239-5253. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional adviser about your individual situation.

SRS Reminder:

Estimated tax

due September 15

If you file quarterly 1040-ES forms, the third payment of estimated tax is due Friday, September 15.

You can mail a check to the IRS in San Francisco. The check should be payable to the United States Treasury. Or you can use the online Direct Pay Service. Go to www.irs.gov and click on the box labeled "Payments" and then "IRS Direct Pay." There is no fee to use the online Direct Pay service.

If you normally file a 540ES form, you will not have a September 15 payment. California wants its money sooner rather than later. Rather than paying 25 percent each quarter as you do to the IRS, California requires a payment of 30 percent on the first estimate, 40 percent on the second estimate, zero on the third estimate and the final 30 percent for the last payment.

Along the Way—a trip down Memory Lane

(By Tom Zades—contact him at: tzades@gmail.com)

People my age and older probably remember the party line telephone system. Mostly I remember Mom griping about neighbors taking too long; or voicing her suspicion that someone was eavesdropping. Evidently there was a different ring for each party, so that only the intended receiver would (should) answer the phone. I mostly remember when there was one telephone per house, a bulky, black, imposing thing sitting on the kitchen counter or living room table.

The 1980s saw the introduction of telephones of different shapes, sizes and colors; push button instead of rotary, long extension cords, models that could be mounted on a wall; wiring to permit multiple phones in one house. Raising our children, we were anchored in one spot while we tried to deal with a phone call.

In the early 2000s, our older daughter was tethered to a long extension cord while her children were young. By the time she was liberated by the cordless phone, her children weren't demanding her close, undivided attention anymore. Now, by the time children are out of diapers, many have their own electronic distractions and wish mom would go make a phone call or something and leave them alone.
