Leave your troubles at home and treat yourself to an evening out next weekend. Join the Halloween fun as the cast and crew of "Blithe Spirit" delight you with the ultimate in ghost stories. Dress up for the show in your favorite Halloween attire! The first 100 costumed ticket holders will be "treated" to a sweet surprise.

There are four ways to purchase the \$15 tickets: in person this Saturday, or after that by phone, by email and at the performances, if available. Reserved seat ticket will be on sale tomorrow, Saturday, October 14 from 10 a.m. to noon at the Cribari Lobby and Auditorium. Once the Cribari ticket sales have closed, general admission tickets can be purchased through Thursday, October 19 either via phone at 408-228-3246 or by emailing tickets@thevat.org. There is no limit to the number of tickets that can be ordered via phone or email.

To ensure fairness when buying tickets tomorrow, first get a number chit. Next, when your number is called, proceed to the Ticket Sales Area, where you can buy up to a maximum of six tickets for each performance. If you need more tickets, repeat steps 1 and 2 above.

When ordering tickets via phone or email, please provide your first and last name, house number, number of tickets desired, and which performance(s) you want. Also, please let us know if anyone uses a walker or wheelchair, as this impacts seat location. You will receive a call back or email confirming your ticket purchase.

Tickets will be at the Will Call table in the Cribari Center Lobby 30 minutes before the performance starts.

Please note there are no refunds or exchanges for any tickets purchased.

There is one intermission with complimentary wine and water available; donations are accepted.

Fall 2017 Band Concert: 'All That Jazz!'

By Bev and Vic Clifford

As a gentle autumn sun warms us on these balmy fall days, we here in The Villages begin looking forward to what this season has in store. And we won't be disappointed, for our Villages Concert Band is bringing us a delicious smorgasbord of true New Orleans-style jazz on Sunday, October 15, at 2:30 p.m. in Cribari Auditorium. Purchase open seating tickets for \$15 (cash or house charge) in the auditorium lobby on Saturday, October 14 from 10 a.m. to 12 p.m., and at concert time.

Our program features the Zinfandel Stompers performing "Wabash Blues" by Fred Meinken, and "By the Beautiful Sea," by Harry Carroll.

With our band, Villages vocalist Susan Ahlgrimm will sing "Someone to Watch Over Me" by George and Ira Gershwin. And we'll hear an alto saxophone solo of "What A Wonderful World" by Bob Thiele and George David Weiss.

Our band and the Stompers together will present two pieces by Johnny Warrington: "Original Dixieland Concerto," and "Dixieland Jamboree," plus a fun-filled piece called "At a Dixieland Jazz Funeral," by Jared Spears.

Rounding out this concert, we'll hear our band's interpretations of "Chicago," in an arrangement by John Kander and Fred Ebbe; "It Don't Mean A Thing," by Duke Ellington and Irving Mills; "Lassus Trombone," by Henry Fillmore; and John Wasson's "Curtain Call," a sparkling finale where every section of the band is featured in a flashy, energetic flag-waver!

So take a break from your busy weekend schedule, and get ready to swing, sway, tap your toes, clap, and jazz it up big! You'll find that there's nothing more refreshing to the spirit than a New Orleans state of mind, and our wonderful Villages band knows just how to get you there. See you in the French Quarter!

EPC Drill is October 16—time to get out your OK sign

The annual Emergency Preparedness Committee (EPC) Drill will be held Monday, October 16 at 4 p.m. Please put your OK sign in a front window where your Area Reps can see it and not have to stop by to find out if you are OK. Your EPC volunteers have all been working hard to ensure that in a real emergency we are all well trained to be "Neighbors helping Neighbors." Come outside and see your Sector Chiefs and Area Reps making sure they can account for all their neighbors. EPC

has a Security Team, an Emotional Support Team, an Engineering Team and even a Medical Team with nurses and doctors with portable medical supply kits to come to your aid. This may be a good time to decide to join EPC and be part of this most important group of your "Neighbors helping Neighbors." If you are interested, please contact your Sector Chief whose name is listed on the bulletin board next to the Post Office in Cribari or can be found in the "EPC Sector Chiefs" document located under the Documents tab on the EPC website www.thevillagesepc.org

COMMUNITY NEWS

PULSE

Dear Readers: The Villager welcomes everyone's voice sharing ideas, opinions and accounts of life in The Villages in the Pulse column. Please follow the guidelines carefully.

Pulse deadline is 11 a.m. on Friday of the week prior to publication.

Pulse letters will be published in complete or abridged form at the discretion of the Publisher and in accordance with the editorial policies and rules established by the Club Board of Directors. (See VGCC Rule 1.30.) Opinions expressed by Pulse letter authors do not necessarily reflect the opinions of The Villager Publisher, staff, boards of directors or management.

All Pulse letters must be 200 words or fewer on a single topic relating to life in the Villages. Each letter must also include name, address, phone number, date and number of words.

Typed or legibly written letters must include your signature and may be hand delivered to the Pulse mailbox in Administration Building B or by mailing to the Communications Advisory Committee, 5000 Cribari Lane, San Jose, CA 95135.

E-mailed letters must include the text within the body of the e-mail and the subject line must read PULSE LETTER. Submit to: shinrichs@the-villages.com.

3 Pulse letters received this week.
2 Pulse letters not meeting Pulse Letter Guidelines.
1 Pulse letters published this week.

The reason the exception for maintaining plants next to residences in the Club Rule on Vandalism, 1.52, is proposed to be removed is *not* so that plant maintenance next to residences will be punished as vandalism.

That sentence is proposed to be removed because areas adjacent to residences are covered under the Villages Association Rules, not the Club Rules.

—Frank Langben

Attention Pulse authors!

When you write your Pulse letters, don't forget to:

- Include your name, address and telephone number at the end of your letter. Your contact information is important in case the Communications Committee members have questions or need to verify your identity.
- Sign your letter if you are bringing a paper copy to the Pulse mailbox in Building B.
- Put the word count of the letter at the end of the letter—Remember, it's 200 words or fewer.
- Put "PULSE" in the subject line of your e-mail if you are sending it in electronically. (E-mail your Pulse letters to: shinrichs@the-villages.com)

Forgetting to follow the Pulse guidelines may result in your letter being delayed.

Note: The Communications Committee is now verifying the authorship of submitted Pulse letters. If a Pulse Letter is dropped off in Building B, we will call the author to make sure that person wrote and submitted the letter. If we cannot reach that person we will hold the letter until we can reach them. This means we may reject the letter for a week or more if we are unable to verify the authorship.

THANK YOU

A heartfelt thank you for the dinners, flowers, phone calls as well as the many cards I received. I didn't realize I had so many friends.

—Laurie Gallegos

Thank you to our neighbors and friends including the Tennis Club, Bocce Club, Golf Club, Community Activities, and to everyone who sent meals, good prayers and thoughts my way as I recovered from surgery.

Love to you all!

—Rita Blumstein

To all our dear friends and loved ones, including Chapel, family and neighbors: We send our heartfelt thanks to all of you who have given us your love and support during a very painful and trying period following the passing of our beloved Jim and also for the love and support you have given me as I recover from my accidental fall and tailbone injury.

We really appreciate your prayers for us and also all the beautiful cards and flowers, gifts, and all the wonderful meals that were brought to us.

My health is certainly beginning to improve and I hope to be up and about again real soon.

Please forgive me for taking so long to write this, but there are so many things to do at a time like this. I could never get through it without the help of family, and dear friends, especially the ones who are here with me every day.

We are so blessed to live in such a wonderful, caring community. Again many thanks and may God bless each one of you.

—Chris Bell and family

Important Notice *Please Return your Villages Age Certification Survey!*

**By Julia Meadows,
Assistant General Manager**

In your September monthly statement was the biennial age certification for all residents of The Villages with a return date of October 16. To date we have received just about 60 percent—far below the compliance requirement.

To continue our community's status as a senior commu-

nity, The Villages must comply with the state and federal laws that govern California senior housing developments. Federal law requires that at least 80 percent of the occupied units are occupied by at least one person who is 55 years of age or older. Further, The Villages Association and Homeowners Corporation must conduct peri-

odic surveys to verify and document that the community is in compliance. Failure to satisfy the legal requirements may result in a determination that our community is not a lawful senior community and therefore mean that we must allow persons of all ages to live here.

In order to fulfill the requirements imposed upon the Cor-

poration, one resident of your condominium or home must complete and sign the Age Certification (under penalty of perjury). Please note that if you are an offsite owner, you must have one of the tenant(s)/resident(s) complete and sign the Certification. Offsite owners are responsible for ensuring completion and return of the Certification by one of their tenant(s)/resident(s).

For convenience, we have included the certification form (see form on this page). Please return the Age Certification on or before October 16, 2017.

You may either mail the completed document back to us at:

**The Villages Association
Attention: Age Certification
5000 Cribari Lane
San Jose, CA 95135**

or drop it in the box located at Building A. (For convenience, additional drop boxes are available; 1) Cribari Center just outside the Post Office and 2) in the parking lot adjacent to Building A.)

We appreciate your taking the time to complete and return the Certification. Please be assured that the information that you provide is used strictly for the Corporation's records and to document our community's compliance with applicable laws. A summary of the survey results (not including names or addresses) will be made available following completion of the survey.

If you have any questions, please contact the Public Safety Administration Office at 408-239-5246.

Thank you for assistance with this very important matter.

Scams and other Consumer Pitfalls—How to avoid losing your money to fraud

Can you believe the email announcing that you won the lottery? Is that really your grandchild calling you for help from a prison? The IRS called and said the police are on their way unless you pay a fee.

If you want to hear answers to these questions, please come to a presentation by Patti McRae from the Santa Clara County District Attorney's Office on Monday, October 30 at 1 p.m. in the Cribari Auditorium.

For reservations, please call Public Safety at 408-239-5247. Seats limited to the first 100 residents.

Service Animal vs Comfort Animal

Service animals as defined by Title II and Title III of the ADA.

A service animal is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. These tasks may include, pulling a wheelchair, picking up dropped items, reminding a person to take medication, or alerting a person of a sound.

Service animals are allowed to accompany the handler to any place where members of the public are allowed, even if the facility has a "No Pets" policy.

When it is not obvious what service an animal provides, only limited inquiries are allowed. Staff may ask two questions:

- Is the animal required because of a disability?
- What work or task has the animal been trained to perform?

Emotional support animals are not covered under ADA. A doctor's note does not make an emotional support animal a service animal.

BOUQUETS

To all Villagers, sponsors and advertisers whose support made the "Inside the Gates" VMA Home Tour a huge success:

Your purchases and enthusiastic participation with tickets, lunches, centerpieces, boutique items and door prize (won by Geri Wilk) have made this a fun and financially successful day for the VMA. From the homeowners who so graciously shared their beautiful homes to the coordinators, the docents, those of you who have already offered your homes for 2018 and, particularly, the home tour committee—thank you, thank you, thank you!

It took a Village and you certainly were! After a few months' rest, we look forward to making plans for October 2018.

—Melinda Dobbs and Penny Barcellos, Co-chairs

Free CPR/AED Class on October 28

The Villages' Emergency Preparedness Committee (EPC) will offer a free American Red Cross CPR/AED class on Saturday, October 28, from 11:45 a.m. to 4 p.m. at the Montgomery Center. This is a half-day class and only covers CPR and the use of AED devices. It does not cover First Aid topics, which are typically covered in the full day Red Cross class on CPR/AED plus First Aid. To register for this half-day class, please contact Simon Cintz at training@thevillagesepc.org or 408-274-4549. Each person should bring a mat or large towel for floor activities. Class size is limited.

AED (Automatic External Defibrillator) devices are available at eight locations throughout The Villages, including our pools, gym, and Clubhouse. AEDs are designed to be used with CPR to help heart attack victims. Upon completing this class, you will receive an American Red Cross Certificate of Completion for CPR/AED that is valid for two years.

Villages Medical Auxiliary Since 1976

Office: 408-238-4230

Hours: Monday to Thursday, 9:30 a.m. to 2:30 p.m.

Service Coordinator:
408-238-4029

Pay it forward!

It's October and the Villages Medical Auxiliary's (VMA) annual fund drive is underway. Letters asking for your support are being delivered by our volunteers to each household. We hope you will consider "paying it forward" and contributing here at home to help those Villagers in need.

The VMA does not receive funding from Villager assessments, therefore, fundraising events and the donations from events of clubs and organizations are a major part of the VMA's income. The other is donations from Villagers and your families, through memorials, contributions at the annual fund drive and continuous giving through your homeowner bill. Continuous giving is especially helpful in our budgeting process because we know each month how much money we are going to receive.

Did you know that the VMA volunteers and the professional social service coordinator perform more than 3,000 services a year for Villager residents? This includes:

- Driving residents to medical appointments, to the grocery store and pharmacy.
 - Delivering medical equipment that is loaned to residents free of charge by the VMA.
 - Occasionally delivering meals from the Clubhouse and Bistro.
 - Staffing an office Monday through Thursday, 9:30 a.m. to 2:30 p.m.
 - Volunteer nurses taking blood pressure checks weekly.
 - Organizing support groups.
 - Sponsoring flu shot clinics and awareness and educational programs on common health issues seniors face as we age.
 - Providing a professional social service coordinator to assist Villagers in maintaining your independence.
- If you haven't yet benefitted from these VMA services, chances are that you will need the services in the future. So "pay it forward." Volunteer today to assist in one or more of the VMA services. Add the VMA to your charitable giving. We need you now—you may need us later.

Rule 1.02 Traffic Within The Villages

The purpose of this revision is to make the Rule compliant with the Bylaws and California law, to conform to practice, to update the section on pedestrians and crosswalks, to include a no-passing Rule, and include the self-driving car pilot program.

1.02 TRAFFIC WITHIN THE VILLAGES

The California Vehicle Code and the Club Rules govern all vehicular and pedestrian traffic within The Villages. This Rule applies to all vehicles, including, but not limited to, autos, trucks, motorcycles, golf carts/LSVs, mopeds, and bicycles, and to pedestrians. Operating unlicensed vehicles, including golf carts and low speed vehicles (LSV), outside The Villages security gate violates the California Vehicle Code. The term "resident" includes Non-resident Owners.

1. Vehicular Traffic

This rule applies to all vehicles, including, but not limited to: autos, trucks, motorcycles, golf carts/LSVs, mopeds, and bicycles.

A. Golf carts/LSVs are considered vehicles under the California Vehicle Code and must obey California traffic laws and Club Rules. Unlicensed drivers under 16 years of age may not operate golf carts/LSVs within the confines of The Villages. The privilege of operating a golf cart may be revoked by the General Manager for cause.

B. The maximum speed limit on streets within The Villages for all vehicles, including golf carts and LSVs, is 25 miles per hour, except where posted otherwise or when conditions require a lesser speed. The maximum speed limit for golf carts and LSVs on cart paths is 15 miles per hour.

C. Vehicular traffic is not permitted on the Hill Lands without specific authority from the General Manager.

D. Motor vehicles shall be operated only may only be operated on established roads, streets, or paths appropriate for that type of vehicle. The General Manager may grant special access for the handicapped and for special events.

E. Vehicles moving slower than the normal flow of traffic must be driven along the right edge of the roadway, but not in a marked pedestrian lane. Golf carts/LSVs and bicycles may use the pedestrian lane providing pedestrians are not present. ~~All vehicles shall always yield to pedestrians.~~ *[Pedestrians and crosswalks are discussed below in Paragraph 2.]*

F. Golf carts/LSVs entering any street from a cart path must yield to oncoming traffic.

G. Any driver of a vehicle within the Villages shall yield the right-of-way to pedestrians on paths and crossing the roadway within any marked crosswalk or within any unmarked crosswalk at an intersection:

~~This rule does not relieve a pedestrian from the duty of using due care for his or her safety. No pedestrian may suddenly leave a curb or other place of safety and walk or run into the path of a vehicle that is so close as to constitute an immediate hazard. No pedestrian may unnecessarily stop or delay traffic while in a marked or unmarked crosswalk.~~ *[Pedestrians and crosswalks are discussed below in Paragraph 2.]*

G. Any driver of a vehicle, including golf carts, within the The Villages is prohibited from using hand held cell phones while driving. This includes writing, sending or reading text-based communications while driving. This rule does not affect passengers—they are free to use cell phones while traveling in a vehicle. Drivers are allowed to use handsfree phones, Bluetooth or other earpieces while driving, but cannot cover both ears.

H. Vehicles may not be operated at unreasonable noise levels that will disturb residents.

I. The driver of any vehicle (including golf carts/LSVs and bicycles) approaching a stop sign shall must come to a full and complete stop and then proceed safely.

J. The driver of an automobile may not pass another automobile moving the same direction, unless the automobile being passed has moved to the far right of the roadway and has slowed or stopped.

K. During golf play hours, only golf carts registered for golf course use, with the house numbers in black, may be driven on the golf course or its paths, and only while the driver is playing golf, within the guidelines of Rule 1.14 (Golf Facilities). During golf play hours, golf carts are allowed on the golf cart path that passes the golf driving range between Fairway Drive and the Pro Shop and the paths immediately adjacent to the golf course restrooms.

During non-golf play hours, golf carts are permitted on the golf course paths but may not leave the paths.

2. Pedestrians and Crosswalks.

A. Right of way at crosswalks. The driver of a vehicle approaching a pedestrian, within any marked or unmarked crosswalk or path, must yield the right of way to any pedestrian crossing the roadway, and must exercise all due care and shall reduce the speed of the vehicle and take any other action relating to the operation of the vehicle as necessary to safeguard the safety of the pedestrian. This section does not relieve a pedestrian from the duty of using due care for his or her safety.

B. No pedestrian may suddenly leave a curb or other place of safety and walk or run into the path of a vehicle that is so close as to constitute an immediate hazard. No pedestrian may unnecessarily stop or delay traffic while in a marked or unmarked crosswalk. This does not relieve a driver of a vehicle from the duty of exercising due care for the safety of any pedestrian, or animal, within any marked crosswalk or within any unmarked crosswalk at an intersection.

C. Pedestrians on roadway. Every pedestrian upon a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection must yield the right-of-way to all vehicles upon the roadway so near as to constitute an immediate hazard. This does not relieve the driver of a vehicle from the duty to exercise due care for the safety of any pedestrian, or animal, upon a roadway.

D. Pedestrians must be encouraged to walk on the left side of the road, facing traffic, unless the road is marked otherwise.

E. Pedestrians are prohibited from walking along a median strip or walking on a roadway beside a median strip.

F. Pedestrians are prohibited from the golf course and golf course paths when the golf course is open for play, except on the golf cart path that passes the golf driving range between Fairway Drive and the Pro Shop and the paths immediately adjacent to the golf course restrooms.

G. Disabled pedestrians using electric personal mobility devices must comply with the San Jose Municipal Code (11.76). The General Manager may grant special access on a case-by-case basis.

3. Bicycles

Bicycles are considered vehicles under the California Vehicle Code and must obey California traffic laws. Bicycles shall may not be operated ~~or park upon on, or park upon.~~ Villages sidewalks, pedestrian pathways, cart paths, or placed in any position that might impede pedestrian traffic.

4. Skateboards, Roller Skates/Blades, Hover-Boards and Scooters

For safety reasons, the use of skateboards, roller skates/blades, hover-boards and motorized or foot-powered scooters, including Segways, are prohibited in The Villages. The General Manager may approve exceptions for participation in special events or for medical reasons.

FROM THE ASSOCIATION BOARD

We must conserve water

During the past few years we have experienced drought conditions that necessitated many severe measures for us all to conserve water. The Villages residents were very successful in reducing water usage and accepting some impact to the appearance of our landscaping. County-wide water usage decreased dramatically and, as a community, we got through the drought. The water districts, however, run on a "fixed cost" basis. So as usage declined, water prices were raised and we now pay more for water than ever before.

Last rainy season we were fortunate to receive adequate rain and, by all appearances, our drought was broken. Many of our restrictions were relaxed and we started to return to "normal." But what is the new "normal"? Simply stated, **we must continue**

to conserve! We are paying more than ever for water and Villagers' domestic usage is increasing. Currently we are using in excess of 5 percent more water than last year and we are experiencing a budget shortfall in water expense.

We must all embrace water conservation as our personal responsibility and not just leave it up to other people. We all enjoy the many ways that we use water, so why not do our part in caring for our water?

Association/Homeowners

documents available via e-mail

By Julia Meadows

Per an amendment to California Civil Code, homeowner associations are permitted, with owner's written consent, to distribute annual disclosures, (like the pro forma budget summary) and other specified association documents to owners via electronic mail, facsimile, or other electronic means (such as posting on the association's website) instead of sending those documents out by regular mail or personal delivery. This has the potential to provide cost savings to The Villages. Delivery and postage costs for the Villages' annual distribution of the pro forma budget summary alone are close to \$1,000, not to mention the paper and printing costs that run about \$8,000.

In order to transmit association documents via e-mail or by posting on the homeowners association's website, 1) the homeowners association must first receive the owner's written consent, and 2) the homeowners association sends a separate notice to the owner that the documents have been posted and are available for viewing.

Consent forms for owners to request delivery of documents have been developed for both The Villages Association and Homeowners Corporations. These forms provide an owner's consent to delivery electronically, of documents that are capable, under current laws, of being distributed electronically. Owners have the right to revoke this request and receive "hard copies" of the documents by sending a written revocation signed by the owner, to the applicable corporation.

Forms of owner's written consent are available in Business Administration Buildings A and B, and on The Villages web site, <http://www.thevillagesgcc.com> (Click on *Resident Info* and then Click on *Resource Files*.)

For more information, call Julia Meadows at 223-4634.

Done with the equipment borrowed from VMA?

The Villages Medical Auxiliary (VMA) loans wheel chairs, walkers, canes, etc. to Villagers in need. Recently the supply of loaned light-weight transport chairs and four-wheel walkers has diminished. The transport chairs are light-weight chairs with four small wheels that need to be pushed by someone. The chairs are easy to load in and out of cars for transporting individuals. If you happen to have one of the transport chairs or a four-wheel walker that you borrowed from the VMA and you are no longer using it, please call the office at 408-238-4230 and someone will pick it up.

Need to go grocery shopping? Call the VMA

The Villages Medical Auxiliary (VMA) offers grocery and pharmacy shopping trips to Lucky and CVS the first and third Wednesdays of each month for those Villagers unable to drive. The process for getting on the list is:

1) Call the VMA (408-238-4230) by noon on or before the first and third Tuesday.

2) Your driver will call you to schedule pickup time for Wednesday morning.

The rambles will hike the 1.4 rt trail to mount Baldy, and then proceed by car to Mount Umunhum by car to enjoy the views from the mountain top and the many exhibits about the cultural and natural history of the area and hike another 0.5 miles there. The Mid Peninsula open space district intends to make Mount Umunhum the equivalent of Mount Diablo in the south bay. Lunch will be at the mountaintop. Dress seasonably, and bring water and lunch. Round trip car mileage about 45.

From the entrance station parking lot, we will follow the Split Stuff Trail to the Terrace, Oak Ridge and Lower Loop trails, which have us loop back to the entrance station. The trails are mostly shady with a variety of plant communities, including ferns, redwoods, willows, red alders, and maples. The hike is approximately 4 miles round-trip and mostly level but with some moderate elevation in spots. Dress in layers and bring water. The entrance fee is \$8. Exact change is recommended. An optional lunch at a nearby location will be suggested. Round trip mileage is approximately 90 miles. The hike will be canceled in the event of rain.

HI NEIGHBOR

Please say hi to **Ginny Spencer**, who moved to Verano Village last year. Ginny is a Michigan native who has also lived in Illinois, England and Southern California before moving to the Bay Area in 1977. She attended UOP and ASU and got her degree in Textiles. She retired from administrative work with Owens Corning and Masco. In 1993, she married, and in 2014, became a widow, with two stepchildren and three step-grandchildren. In her spare time she enjoys walking, exercise, cooking, sewing, piano and driving her '56 T-Bird.

Please help us "re-welcome" **Colleen Merendino**, who moved to Olivas Village from Santa Maria, CA. Colleen actually first moved to The Villages 26 years ago—when she moved to Village del Lago in 1991 and lived there for four years, before moving to her family farm, and finally moved back to The Villages last year. Colleen graduated from San Jose State University in 1962 and taught first and second grades at Bagby School in the Cambrian School District for 29 years. In her free time, she enjoys quilting, cruising, walking and other forms of cardiac exercise.

Have you met **Mary Schutten**, a dean at San Jose State University who is also one of the newest residents of Village Glen Arden? Since 2015, Mary has been the Dean of the College of Applied Sciences and Arts. She graduated from Calvin College, CSU Long Beach and Indiana University. She was a Professor of Kinesiology and coached collegiate volleyball, softball and swimming at smaller liberal arts colleges. Her interests include hiking and beach activities—and where can you find nice beaches? Hawaii, one of Mary's favorite places.

John Irby is one of Village Highland's newest residents, having moved here earlier this year. A Kansas native, John comes from a military family and has lived all over the world including six years in Germany and five years in Asia. He studied classical education in arts and sciences at BYU, and taught technical language for 40 years. He has also been a self-employed IT consultant for 25 years. John's hobbies and interests include golf, model railroading, film, and weightlifting.

This month will mark **Diana Margulies'** one-year anniversary at Montgomery Village. A Minnesota native, she moved to the Villages from Los Angeles. She has worked as a drug and alcohol counselor, and is a mother to four children and a grandmother to four.

Once a person is diagnosed with the disease, it is attitude, lifestyle, medication management and things you do to contribute that determine the direction your life takes. Research shows that a person living with PD can slow the progression of the disease when you exercise three times per week. The Villages Parkinson's Exercise Program offers three classes per week: Tuesdays 10 to 11 a.m. ADL Class in the Auditorium, Wednesdays 10 to 11 a.m. Tai Chi in the Vineyard Center, and Thursdays 10:30 a.m. to 11:30 p.m. Walking for Better Balance class in the Auditorium. Register in Class! For information call Jane at 408-315-1179.

SENIOR RESOURCE SERVICES

Tolerable home moving

"Our good friends really want to move to The Villages," Willow said, "but they claim they just can't face the thought of all the effort involved in moving from their home of 40 years. Do you have a suggestion for them?"

The SRS volunteer gave Willow a handout titled "Estate/Moving Sales & Relocation Services." The handout lists five moving companies that specialize in moving seniors and two others that specialize in estate and moving sales. These firms offer any or all of the following services.

1. Preparatory planning for the move:

- Sorting and decisions:
- What to move
- What to store
- What to sell
- What to donate
- What to dispose
- Determine moving time table
- Moving van arrangements
- Utility changes
- New floor plan arrangements

2. Pack:

- Provide boxes and supplies
- Pack all items to move or store

3. House disposal preparation:

- Garage and house clean-out
- Charity pick-up
- Turnover to realtor

4. Moving day:

- Final packing
- Meet and direct movers

5. Unpack and resettle

- Arrange furniture
- Unpack and remove boxes
- Make the beds
- Set up kitchen and bathrooms
- Connect telephone, TV and lamps
- Hang pictures
- Finishing touches

These services are all available on a pick and choose basis. Willow's friends could select what they personally wish to do and what they wish to delegate to the professionals.

The SRS volunteer told of a friend who used one of these services to move from The Villages to a retirement home. On moving day the friend lounged for three hours in the retirement home lobby while the service moved her things and arranged her new home. When the moving coordinator invited her into her new apartment, it was completely ready. There were no boxes left to unpack. Even the medicine cabinet was organized just as before.

Willow is going to tell her friends that dreading the move is no longer a valid excuse. The handout on Moving Sales & Relocation Services is available at the SRS office.

Note: The Senior Resource Services (SRS) office hours for drop-in assistance are Monday, Wednesday and Friday from 10 a.m. to noon. The SRS office is in the Cribari Center across from the Post Office. You may also leave a message at 408-239-5253. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional advisor about your individual situation.

Worried about the Equifax hack and your data?

Equifax, one of the big three credit reporting agencies, announced on September 7 that it had been hacked, potentially compromising the data of 143 million Americans. The types of information taken from the massive credit bureau, particularly Social Security numbers and dates of birth, are the keys to new account identity theft. This means identity thieves could open fraudulent credit accounts and rack up tons of debt in your name. This is no small matter. To make the situation worse, there's a lot of confusion over what consumers are to do.

Hackers gained access to the personal data of as many as 143 million Americans in the Equifax breach. Here are some recommended actions (listed on the CALPIRG Education Fund web site) that consumers can take to protect themselves:

Request a free credit report - all three credit bureaus will give you one free report per year.

Consider placing a credit freeze (also known as a security freeze) with all three credit bureaus. See our step-by-step guide for getting credit freezes.

Place a free fraud alert. Any consumer can place a free renewable 90-day fraud alert by law by contacting any one of the three credit bureaus. You'll need to set a tickler on your calendar to renew it every three months.

Don't accept any deal from Equifax until you understand how Equifax has modified its terms of service, and read our summary of the limitations and potential risks of Equifax's offering.

If you've already been affected, take steps to recover from identity theft visiting identitytheft.gov.

Pizzazz for your Holidayze—helping others

Homelessness is a heartbreaking situation in Santa Clara County. Nearly 7,400 individuals have been identified. There are many reasons for homelessness. We often think of the homeless as the panhandlers on the corner, but there are countless families caught in the lack of affordable housing, a job loss or sickness that has caused them to lose everything. Support services are critical to giving someone a hand-up.

The Swingers 9-hole Golf Club is hosting their 2017 Charity of Choice event, "Pizzazz for your Holidayze," on November 1. This year we will be contributing to Charitable Outreach, a program

through the VMA, which provides much needed items to homeless shelters.

Pizzazz has something for everyone. Join us for great ideas to add a special spark to your holidays. You will practice some fancy napkin-folding, learn about vegetable/fruit carving and floral arrangements. A cooking demonstration will give you a scrumptious appetizer to wow your guests. We are thrilled to partner with Stein Mart for fashions and home goods.

Tickets are \$40 and include a holiday "cocktail," table nibbles, the appetizer and a take-away book with recipes and tips. Tickets are available on Tuesdays and Thursdays before women's golf, at the Bistro Patio on Wednesday, October 18 and 25 (from 1 to 3 p.m.) outside the VMA office in Cribari Center or by phone or email to Wendy Ledamun at 408-274-4215 wledamun49@gmail.com.

FROM THE BOOKSHELF

By Wate Bakker

“House of Names” by Colm Toibin: This novel retells the tragic story of Agamemnon, leader of the Greeks trying to besiege and capture Troy and his family as told by Homer, the ancient Greek bard. The Greek fleet is becalmed and cannot reach Troy. Agamemnon sacrifices his daughter to placate the gods, his quest for glory greater than his love for his daughter, but his wife Clytemnestra never forgives him. She takes a lover and together they scheme to kill Agamemnon upon his return. After many long years the Greeks succeed, destroy Troy and return home, where Clytemnestra achieves vengeance and kills her husband only to be killed by Agamemnon’s other, now grown up children, Electra and Orestes. Colm Toibin brings a modern sensibility and language to this ancient tale and gives these characters startlingly vivid new life. The story is told from the alternating perspectives of Clytemnestra, Orestes and Electra. If you want to refresh your classic education and are interested in one of the oldest tales of western civilization read this novel. Fiction 2017

“Dragon Teeth” by Michael Crichton: The legendary Michael Crichton returns to the world of paleontology in this recently discovered novel. The year is 1876. Warring tribes still populate the western plains. Lawless gold rush towns begin to mark the landscape. While the civilized east debates Mr. Darwin’s heretical evolution theory, two monomaniacal paleontologists pillage the Wild West, hunting for dinosaur fossils, while deceiving and sabotaging each other in a rivalry that will become known as the bone wars. This story is told by an arrogant Yale student, who first joins one professor, is accused of spying and abandoned in Cheyenne, Wyoming, a locus of vice and crime. He joins the rival professor and stumbles upon a discovery of historic proportions. The resulting dinosaur is still in an east Coast museum. Fiction 2017.

“Ring of Fire” by Brad Taylor: Delta task force operators, Pike and Jennifer, come face to face with an insidious threat to strike terror into the heart of America. Fifteen years ago, a desperate defense contractor used a shell company to give bribe to a wealthy Saudi businessman to get a lucrative contract in the Kingdom. Now he panics when the Panama papers burst on the public scene and tries to prevent the next leak. Pike and Jennifer are also sent out to prevent the leak, but unbeknownst to either group the shell company has been used by the Saudi to support terrorism worldwide. Now he has a spectacular attack planned, coinciding with the 15th anniversary of 9/11. Pike and Jennifer become aware of the threat but can they stop it? Find out on 9/11/2017. Fiction 2017

“House of Spies” by Daniel Silva: Gabriel Allon is back and out for revenge-determined to hunt down the world’s most dangerous terrorist, a shadowy Isis mastermind known only as Saladin. Terrorists leave a trail of carnage through London’s West End. The attack is a brilliant piece of planning and execution, but there is one loose end, the French-Moroccan street criminal, who supplied the assault rifles. This leads Allon to the South of France and the gilded doorsteps of Jean Luc Martel and Olivia Watson. Olivia is a former British fashion model, who pretends not to know that Martel’s wealth is based on drugs. Martel, likewise, turns a blind eye to the fact that he is doing business with somebody bent on destroying the west. Gabriel turns the tables and together they will become an unlikely trio of heroes in the global war on terror. Mystery 2017

“Same Beach Next Year” by Dorothea Benton Frank: Year after year Adam, Eliza, Eve and Carl eagerly await their reunion at Wild Dunes, a condominium complex on the isle of Palms on of Charleston’s most stunning barrier islands. Old memories are revived and new ones created, but are there undercurrents of sexual attraction where conventional wisdom dictates they should be avoided? Maybe there are echoes of the Little river Inn in Mendocino county and the Movie “Same day next year.” Fiction 2017

Join group meditation for universal peace

During this hour of so much turbulence and loss of precious lives, let’s gather and do powerful group meditation for the peace in the universe and to pray for the lives lost. The collective positive vibes will certainly do good for both the doers and also the receivers as well, all around the world.

Join Global Village for a group meditation program. This guided meditation allows those who have never practiced meditation, and those who are experts, to partake in this movement to promote world peace by embodying and simultaneously sending out the vibration of peace and love.

While many of us enjoy meditating alone, meditating with others can enhance our spiritual growth significantly. In addition to helping people learn how to meditate, a meditation group can bring a tremendous amount of healing to everyone who attends. This can help us to raise our awareness level and overcoming feelings of hurt from past.

Group Meditation for Universal Peace takes place Wednesdays. Introduction to the subject is followed by light yogic movements and 20 minutes of meditation. The next group meetings will be on October 18 and 25 at 7 p.m. in the Patio room.

Manjula Bhagi, Darlene Korb and Pamela Thompson will lead and facilitate these meetings.

All are welcomed to join us. There is no fee for participating in our events.

It’s a call of the hour to request you all to please come and join us in our weekly meditation. Our Villages is a great valuable community, let’s join and achieve our goal.

The benefits of exercise with Jazzercise

Stop procrastinating and start exercising. The benefits of physical fitness are too great to ignore. Feel younger, live longer, look better. Exercise enhances sleep, and reduces the risk of high blood pressure, stroke, type 2 diabetes, and even depression. Many of the characteristics that we associate with aging are largely due to lack of physical exercise. According to AARP, 40 percent of people age 45 to 64 are considered sedentary and for people over 64 the number jumps to 60 percent. I hope you are not part of that statistic.

In order to be effective, exercise does not have to be strenuous, but it does have to be done with regularity. Jazzercise classes are held three times a week, Monday, Wednesday and Friday from 8:30 to 9:30 a.m. in the Cribari auditorium. Then you have the whole day ahead of you. Jazzercise is affordable. In October the cost is \$39 for the full month of 13 classes. However, if you can only get to class twice a week, you can pay a reduced rate of \$28. You can even try Jazzercise out before you make a decision; we offer a free first class. Questions, call Herito 408-238-7511 or Kay 208-223-7948.

Artist of the Month for October

By Ruth Keiser

The Villages Arts and Crafts Association resumed the monthly Monday afternoon meetings on October 2 and selected Simona Henz as the Artist of the Month for October 2017.

Simona won the award for her unique collage creation that she elected to call "A Woman Head," which is a title as interesting as her artwork. Surprisingly, this was her first attempt at making a collage. Her design was made using newspaper ads from supermarkets and other stores.

Simona recycled the ads by cutting them into small pieces, then arranging and gluing them to her background paper. She then added details using acrylic paints, watercolors, pastels and ink. She didn't plan to create a portrait when she first started her work. But, as she began arranging the pieces, she "felt it transform into a woman's face."

Our October artist was born in Romania, lived in Paris for 34 years, came to the United States in 2002 and moved to the Villages in February 2015. She has a background in Architecture and Interior Design and also has created stage designs for movies.

And, since Simona speaks fluent French, merci, tres bien and felicitations a vous. Many thanks also to all the artists who share their talents with us and make this contest so much fun!

Take care of yourself, get your blood pressure checked

You don't have to go far from home for a blood pressure check. The Villages Medical Auxiliary holds free blood pressure clinics every Wednesday from 10:30 to 11:30 a.m. in the Forum Room next to the Boutique in Cribari Center.

The American Heart Association states that one in three American adults has high blood pressure. This increases the risk of a stroke, heart attack, heart failure and other serious health issues. Take care of yourself, get your blood pressure checked Wednesday.

News from Brandeis: Nobel Prize for two

By Cy Axelrad

The Nobel Prize has been awarded to Michael Rosbash and Jeffrey Hall. Michael, the Peter Gruber Professor of Neuroscience and Jeff, Professor Emeritus of Biology, were recognized for discovering the master “body clock” that controls body temperature, metabolism and many other biological processes for nearly all life on the planet.

The two professors, who each joined the Brandeis faculty in 1974, shared the award with Michael W. Young of Rockefeller University in New York.

Michael and Jeff represent the balance of what make Brandeis special and unique!

We hope that you will join us and attend our study groups such as “The Great Ideas of Psychology,” “Broadway Musicals,” and many more. When you become a member of Brandeis, you will learn, love and listen.

COMMUNITY CHAPEL

By Pastor Bill Hayden

If someone asks you, "How's life treating you?," what would you tell them? The typical answer is usually "Okay" because you don't want to tell people how you are really feeling about your life. Life can be as challenging as the changing of the seasons.

Many of us here in The Villages wouldn't say that it was springtime in our lives with everything looking sunny and bright, full of potential and opportunity.

When we are young we want things to happen quickly, fast and in a hurry. We have the strength, the flexibility and the will power to attempt just about any challenge that comes our way. We can't wait until we get older and experience all the things that adulthood affords.

Once we have our independence and are laden with self-preservation, we begin to look back at life, longing for the younger days when the responsibility for our welfare was in the hands of another. It's ironic that when we are young we want to be old and when we are old we long for our younger days.

Fall comes in all of our lives and we tend to slow things down due to lack of interest or capability. Just as the beauty of the leaves on the trees in the fall turn color, fade and fall to the ground, so do our youthful looks and strength begin to wane. Whenever we look back in our photo albums, we can see the gradual changes that life has had upon us. We may ask ourselves, where have the years gone?

Very few people look forward to the fall season of their life because they realize the glory days of spring and summer will soon fade away. If it were possible to prolong those days of their lives and avoid the days of fall, I'm sure they would. The changing of the seasons in life, which has been man's quest for the ages, cannot be stopped or reversed.

Winter comes and we struggle just to survive. We know that life is a vapor that appears for a little while and then vanishes. "How's life treating you?"

Bless us with your presence and join us this Sunday at the Villages Community Chapel in Cribari Auditorium 10 a.m. to be encouraged over the Word, a cup of coffee and cookies. *The chapel is a place for needs to be met, faith to be affirmed and people to love.* We would love to meet you. If you would like to make an appointment with Pastor Bill please call the office at 408-238-3079.

SPORTS NEWS

SHONIS

By Marge McCandless

October began with a beautiful day for golf and there were 25 members plus one qualifier out there having fun. Diane Davis was our qualifier and she played her fifth game. She is now a full-fledged member and we welcome you, Diane.

It was Captain's Trophy Day and Kacy Walden took the trophy home again! Two months in a row! Congratulations, Kacy, keep up the great playing.

There were no birdie cheers (cheeps?) today but I hear that our returning player Kamini Patwari had a chip-in on Hole #6 from 30 feet!

There are many special events in October. The Fall Fiesta will be over by the time you read this and the Gazebo event will be on the 22nd.

We have two regular Shoni events coming up. October 17 is not only Sweeps, Beat the Pro, and Bag Lunch but also election of 2018 Officers and budget approved. It will also be the day to sign up for 2018 starters and scorers, and for all of the Committees. Please see page 2 of your Handbook for the list of Committees. Think about what you would like to do next year for our group and ask questions if you are interested in a particular activity.

I was surprised to look at the calendar and see that Halloween is actually on a Tuesday this year. For many years we have met early and had a little breakfast party before we went out to play golf on the Tuesday closest to the holiday. You will have more details later but it isn't too early to think about a costume.

Meantime, Happy October.

Kacy Walden, October Shoni Captain's Trophy winner.

18-HOLE WOMEN

By Susan Dooley

October play began with 52 women vying for the Captain's Trophy and low putts. Many came home a winner. Francis Petit and Connie Guttadauria tied for Captain's Trophy with net 67s and six women tied for low putts with 30: Patti Bell, Peg Bougopolus, Jeannie Beattie, Alice Glazer, Bev Poellet and Bonnie Hagen. Great play by all!

Also, congratulations to Mary Ann Diridon for her hole in one on #11 while playing with the Working Women on Saturday, September 30. This was Mary Ann's first and quite a thrill.

One of our major events is next Thursday, October 19—The Cancer Tournament. Besides being a big fundraiser for the American Cancer Society, it is an opportunity to invite "anyone" to play as a guest. They will pay the same as members' greens fee of \$29 and enjoy a special plated lunch including wine for \$20++. There will be many opportunities to donate, purchase opportunity drawing tickets for great prizes (Sharks Tickets, Wine Locker of 12 bottles, many rounds of golf etc.), purchase mulligans and participate in the silent auction. So, bring your wallet, your checkbook, your piggy bank, whatever, and be prepared to help raise lots of money to fight cancer. All members are invited to join us for the Cancer Tournament raffle and silent auction, even if they do not play or have lunch that day.

And, if that's not enough, start planning your costume for our Halloween Tournament on Thursday, October 26. This will finish out one of our busiest and most fun months of the year.

This week, chip-ins were posted for Camille Giuliobarbari, Annie Bassford, Monica Saneholz, Lois Hayes, Bonnie Hagen and Francis Petit. Birdies were scored by Rosemary Kelley #11, Camille Guiliobarbari #16, Monica Saneholz #6, Cindy Fuller #14, and Bonnie Hagen #6.

Well done, ladies!

Connie Guttadauria tied for Captain's Trophy winner on October 5.

SWINGERS

By Maureen O'Neil

Guess it is time to check our cold weather attire. The Pro Shop has some great options to add to your wardrobe. Fifty swingers began their golf morning in very cool temperatures. Luckily, the sun came out and beautiful day appeared. One player was on fire. Marlyn had a birdie on hole #11. Congratulations to her! Another round of congratulations to Pat Urritia. She was the most improved player for September.

A reminder to all that we have pins for: birdie, most improved, low gross in captain's trophy, broke 50, and broke 60. Please indicate on your card if any of these categories is achieved. Your pin will be placed on the board in the posting room.

Remember to come early for the rules presentations. These sessions are getting rave reviews. A copy of the handout can be found in the rules binder in the posting room. Remember that as a club we must follow the rules of golf. Be sure to be diligent in recording the correct number of strokes on your card.

The club will be submitting a roster to WHNGA in order to verify our bill. Often, members who move don't think to notify us. If you know of a member who has moved, please let Maureen O'Neil know in order to have an accurate count of members.

TABLE TENNIS

By Tony Berg

Approximately 40 Table Tennis Club members (of 125) met for over two hours starting at 7 p.m. on Thursday, October 5.

At issue was the problem of finding ways to better utilize the time slots available in the Montgomery Multipurpose Room. With the restricted space it has proven difficult to build a thriving club. There was a very lively debate and a lot of enthusiasm to give members a better opportunity to enjoy their sport.

For Villagers, Table Tennis is a year round opportunity to exercise and socialize in a health promoting way with minimal risk of over stressing less young bodies.

Tournaments are coming to an end for the 2017 season. We are in the the last two weeks of the Fall Round Robin and are looking really good. We're anticipating great playoff matches, which will take place after the final week of play. Everyone is invited, as always, to attend these playoffs and cheer for your favorites. Look for more information on that event.

Also, be sure to check out the regular Friday Bash, especially since one of these October Fridays there will be a Hallowe'en Celebration. Specialty Friday events were just recently introduced and have become extraordinarily popular, so don't miss out on the fun.

Our annual awards dinner dance is November 4 at the Clubhouse. See our poster in this paper and make your reservations. All particulars are there.

TENNIS TALK*Do you know what the call should be?***By Cheryl Diltz**

During a match, a bad service ball is pushed near the net by the receiving team. During the following point the ball hits the ball at the net and bounces away from the returning player.

1. Do you call a let?
2. Does the serving team get the point?
3. Does the receiving team get the point?

Answer: Per Rule 26, the receiving team chose not to pick up the ball and it became part of the court. The receiving accepted the risk and lost the point.

The server has two balls in their hand and throws the extra ball to the fence when the serve goes in.

1. When the distraction is mentioned by the receiving team, they get the point.
2. A let is played

Answer: After the receiving team mentions they want it to stop, any continued discarding of the ball constitutes a deliberate hindrance, and the server loses the point.

Has this happened to you? You are playing a tough match and your hands are sweating. You hit the ball and your racquet slips out of your hand. The ball is returned and your partner backs you up and returns the ball. You pick up your racquet and continue to play. Can the opponent call a let or a hindrance?

Answer: USTA Comment 22.1: Dropping the racquet is not the same thing as a ball falling out of a pocket or a hat flying off. Interesting.

Upcoming Event: The Men's Tennis Club Tournament is happening October 21 and 22. Signup sheets should be in the Tennis Shack. Expect it to be fun to watch the men compete for the love of tennis.

Thursday was sunny and warm—a great day for golf. We had a good turnout and the results were as follows:

Net Sweeps winners for this week are:

First Place was Dave Cook with a net score of 26;

Second Place tie between Prakash Deshmukh and Pat McMordie with a net score of 27;

Third Place Jerry Weltzin with a net score of 28.

Closest to the pin on hole 2:

Bill Travis

There were three birdies today:

David Hathaway on hole 7;

Ron Munz on hole 2;

Richard Petroski on hole 4.

AND THERE WAS A HOLE IN ONE:

Jerry Weltzin on hole 3. Congratulations, Jerry!

Our deep thought and/or humor for today: Negotiations between union members and their employer were at an impasse. The union denied that their workers were flagrantly abusing their contract's sick-leave provisions.

One morning at the bargaining table, the company's chief negotiator held aloft the morning edition of the newspaper, "This man," he announced, "called in sick yesterday!"

There on the sports page, was a photo of the supposedly ill employee, who had just won a local golf tournament with an excellent score.

The silence in the room was broken by a union negotiator. "Wow," he said. "Just think of what kind of score he could have had if he hadn't been sick!"

PINSEEKERS**By Jack Bindon**

The game on Tuesday was akin to Chinese Checkers—that game that is played with marbles and a board that is covered with holes governing your moves. The course was a challenge but several managed to play to good scores. It wasn't clear that we were playing under "winter rules" but by using a rule that allowed you to move your ball from a punched hole before taking your stroke along with removal of "loose" impediments made play a bit better. Putting from above the hole was a particular challenge...especially the short ones. Having the courage to hit a 3-footer firm was difficult. The club has since clarified how to play the fairways since our day on the course. We have a long list of winners this week. I played with David Cook on Tuesday and in spite of finding many trees, David took first place with a nice 33. Our other winners were:

Second - Tim Short, Ron Speer, John Eige, Frank Garcia and Richard Petroski, all tied at 35.

Third - Bob Iacopi, and Jack Bindon with 36.

Fourth - Larry Chin and John Murphy tied at 37.

All things considered the scores weren't too bad. My 36 involved one 4 putt, and one 3 putt. Disregarding the punched holes, speed was the major factor. More time on the practice green seems to be in order.

BOCCE BEAT*(Continued from page 20)*

The annual General Membership Meeting information is also in this edition of The Villager and takes place on November 13. Your attendance is extremely important. This is also another opportunity for you to voice anything you'd enjoy having as part of your bocce experience. As I've stated many times, our monthly board meetings take place every second Tuesday at 1 p.m., usually at the Montgomery Center, but check at Building B for sure. Everyone is welcome to attend there as well.

For now, see you at the courts!

Save the Date: Bocce Club General Membership & Nominations Meeting is scheduled for November 13 at the Vineyard Center, from 1 to 3 p.m.

FROM THE PRO

From the Golf Pro

By Scott Steele, PGA Head Golf Professional

Fall Aeration Almost Complete: Greens aeration (core aeration and sand top-dressing) was completed on Monday and Tuesday, September 25 and 26.

Fairway aeration is 95 percent complete at this time. Next up, we will aerate all the tee boxes. Overseeding the fairways will start the third week of October if all goes as planned... This new practice of overseeding will make sure our fairways stay consistent and lush through the hot season. Through overseeding, the rye grass will choke out the poa and blue grasses on our fairways, which die in the summer due to excessive heat. The rye grass will become the dominant grass and will hold up to the summer heat...so our fairways will stay full throughout the hot season. During the overseeding process there will be some fairway closures to allow the grass seed to germinate...we will keep you informed on a case by case basis.

The Par-3 Course was aerated on Wednesday, October 11.

Upcoming Golf Scheduling - Please plan accordingly

Saturday, October 14 – Men’s Club Fall Classic – 8:30 a.m.

Shotgun – Sign up in the Pro Shop – 1:30 p.m. Open shotgun that day

Sunday, October 22 – Just for Fun Giving Something Back –

Dinner at Gazebo Park – Sign up in the Pro Shop

Sunday, November 5 – Daylight Savings Ends – Golf hours constrict

Golf Course Trees: We are in the process of attaining competitive bids on continued tree trimming on the golf course through the Fall. We understand the many of our eucalyptus trees are top heavy and have been neglected for many years. The Club Board has appropriated more funds this year to trim our trees to maximize their life and longevity. As soon as we select a vendor, we will keep you informed as to where and when the trees will be trimmed. This tree beautification and safety project will go a long way toward the sustainability and playability of the golf course!

Irrigation Lake #6 / #7 Project: On October 9, a brand new subsurface aeration system was installed in the irrigation lake on holes #6 and #7. This comprehensive system will have six underwater aerators that will stir the lake from the bottom up and create air flow and surface ripple that will, in combination with some biological algae abatement products, return the lake to a smooth and reflective surface void of unsightly algae beds. A lot of research was put into this project and we are confident that Water Solutions has come up with the right mix of tactics to abate this very stubborn new algae challenge we are facing.

Tips from the Pro: One of the trickiest parts of the short game is the matter of adjusting the distance of your pitch shots. Let’s say you face a 60-yard pitch on one hole and a 40-yard pitch on the next. How do you take those 20 yards off the shot? Some instructors advocate varying the force of the swing. I’m against that, unless you practice a lot. I’m a strong believer in keeping it simple by keeping the pace and tempo of the swing absolutely consistent, and to vary the length of the swing with the length of the shot. Contrary to full shots with the same length of swing, shorten your backswing as the length of the pitch shot decreases. Furthermore, as you get closer to the green, try to grip down on the club, right down to the metal on pitches of only a few yards. This enables you to make a firm, aggressive, accelerating swing, which maintains a firm and confident attack on the ball. Inside 30 yards or so, you can simplify things even more by switching from a pitching wedge to a sand wedge while maintaining the same technique used for longer pitches. If you carry a third wedge, you can take this system a step further. After all, why grip way, way down and make a tiny swing when there’s a club in your bag that will do the work for you? So try to vary the length of your pitching swing and not the pace of the swing and see if that helps you around the greens...Good luck!

VILLAGES GOLF COMMITTEE - TEE TALK

‘Golf for Gazebo Park’ Tournament

The Evergreen Villages Foundation (EVF), the VGC (Villages Golf Committee) and our Villages Pro Shop are pleased to announce the “Golf for Gazebo Park” golf tournament, the fourth and final event in this year’s “Just For Fun” Golf series. It will be played on Sunday, October 22 and is open to all Villagers and their playing guests. The goal is to raise money for the possible, future renovation of Gazebo Park. There will be an option for everyone to buy “ball tosses.” Also; there will be an opportunity drawing for some great prizes when you come to dinner. All donations are tax deductible and will go to the EVF, and will be matched by them. Does it get any better than \$1 = a \$2 donation toward Gazebo Park? Four-person teams are planned in this scramble format with mixers teams encouraged, but anything will work; all women and all men teams are invited. All teams will be flighted by their makeup and handicap. All Villagers and their guests are invited to dinner. Note: guests only pay \$5 more than their Villager playing partner, or just come for dinner (reservations are required). Please look at the accompany posters on this page for more details about the event, and in future editions of the Villager. Sign up now in the Pro Shop.

For the golfers: The Art of the Ball Toss-each player may buy up to five tosses. Those tosses, when used, do not count as a stroke. Most think of throwing their ball out of a trap, or from out of bounds. Think about playing hole number 18: A reasonable drive, an advance shot to or on the green. One player, using one of their ball tosses, rolls it near the pin, within 18 inches; another player then uses one their ball tosses to “put” the ball in the hole: two strokes are scored as the ball tosses do not count as a stroke. Use the tosses wisely, strategically, and have fun. Check the rules sheet for more details (now posted in the posting room).

Note time changes below in bold.

MEN'S GOLF CLUB

2018 Men's Golf Club Election

The Nominating Committee presents the candidates for election to the 2018 Men's Club Executive Committee. Please review their statements and vote when you get your ballot. Please vote for up to **three** candidates, including any possible write-in candidate by October 20, 2017. (Voting for more than three candidates will void your ballot)

RAY BLINDE: After receiving my B.A. degree, I started my management career in Denver with Samsonite Corporation where I met Marty, my wife of 49 years. With corporate transfer, we moved to Southern California. I served in management capacity with P&L responsibility for several companies. I also became involved as a volunteer with two organizations—APICS (a manufacturing professional society), and PMA (a Trade Association). I participated on these association boards and taught my profession to working adults through several universities. This enlightening “part time career” covered a 23-year span. Our daughters moved to Northern California for college and marriage. Upon my retirement six years ago, we made our best decision ever and came to the Villages. While in the Villages, I have been active in EPC, SIRS 114, and the Camera Club. Golfing, however, has been my primary retirement activity. I have enjoyed the sport for many years, but with our golf amenities, have developed a passion for steady improvement. I play several times a week and enter every tournament I can. I am honored to be nominated for executive committee of the Men's Golf Club. The primary assets I bring to the table are a strong work ethic, listening ability, sound judgment, and decision-making skills. I would enjoy the opportunity to help continue the excellent work this group does and would appreciate your vote.

WAYNE BODAMER: I am the “new kid on the block”...and loving every minute of it. I have had the great fortune of becoming part of this Village family. I have been treated as a new bee with warm smiles, helpful recommendations, and heartfelt inclusiveness! I have been allowed to take, participate, and thoroughly enjoy my first year as a Villager without expectation or responsibility...thank you! I feel now that it is my turn to start giving back. There is a lot of sweat and hard work necessary to make our community work and I would love the opportunity to help. My wife, Kathy (a native San Jose-an) and I retired and relocated to the West Coast and the Villages one year ago. We spent the last 31 years living on Long Island, NY where we raised our family and I worked as a Podiatrist running two busy medical practices. While I do not know if that qualifies me to help with the Men's club, I can tell you that without the 60 feet in my face on a daily basis I have both the time and energy to give it my best if you will allow me the opportunity.

GARY CHAPPELL: Still work to be done. We've achieved many things but there is still so much to do. I've served as Evergreen Chairman, and also as General Chairman. I'm on the Home & Home team, and also the NCGA Match-Play team. Currently I'm Co-Chair of the six Golf Clubs, and the Men's Club representative to the VGC (Villages Golf Committee). I've worked on standing committees to redesign the scorecard, flip the 9's, raise money for VMA, Contributions to First Tee and local charities. Going forward, I'd like to see:

- Increased Member Knowledge/Awareness - How the course is run. How it's maintained. How to provide inputs. How to get mutual positive results.
- Increased participation - Across handicaps, across age groups, new golf programs serving a wider audience
- Increased knowledge - Better understanding of NCGA, USGA; Rules and all the benefits (many of which we are NOT taking advantage.)
- Better Communications - Player Standings; Tournament Results; Upcoming Activities; Calendar Planning

I'm ready to continue to serve and open to any comments/suggestions for improvement. Thank You.

KYLE FINLEY: My wife, Diane, and I moved to The Villages in the spring of 2016 from San Diego to be closer to our kids and grandkids. The biggest surprise of our move is how much we are enjoying our new “lifestyle” at The Villages. I never dreamed that I'd be able to live on a golf course where I can enjoy the game I love. I currently sit on the board of SIR 114, updating their computer records, assisting with attendance and promoting the agenda of the club.

Early in my career I was a Systems Engineer, Sales Executive and Account Manager for companies like Data General, Computer Associates, and IBM. After leaving the corporate world, my wife and I started, owned, and operated an outdoor landscape lighting company in San Diego. My success as a business owner was built on providing excellent customer service, consistent leadership, proper planning, and a quality product. I believe that experience lends itself well to serving on the Men's Golf Club Board.

If elected, my goal would be to learn my responsibilities to the membership and the board, listen to the ideas and concerns of the membership, and provide thoughtful input on the things we can do to make our golf club, golf course, and golf experience even better than it is today. I appreciate your consideration and ask for your support.

GEOFF GAULT: The best decision my wife and I ever made was moving to The Villages in 2010. The people and lifestyle here are the best. I grew up and went to high school in Cupertino. After high school, I became a Journeyman Carpenter, Foreman and Superintendent in commercial construction. I organized and ran the construction of commercial buildings until the mid 1980s, when I started my own Commercial General Contracting firm. In 1994 I changed careers and became a Real Estate and Mortgage Broker, later adding a design/build division to my company for development projects. I continue running these businesses, at present. I started playing and fell in love with golf 15 years ago and so it was a natural progression to become a member of our Men's Club shortly after moving into the Villages. I have had the pleasure of playing on our NCGA Saturday Team for four seasons. In 2015 I was the Sponsor Committee Chairman for the Evergreen Invitational. A record amount of funds were raised by the committee that year, as well. I have served as the Hole in One Chairman and a Sponsor Registrar for the Evergreen Invitational every year since. I'm currently a member of our clubs Handicap Committee, as well. I feel that my business background, experience with our Men's Club and passion for the game, qualify me to be a member of our Men's Club Executive Committee. Please consider me to serve our club in that capacity.

NOEL LANCTOT: My wife, Betty, and I moved to the Villages in 2012. Loving everything about living here, we soon became involved with the Deer Wildlife Club, VMA, the Italian club and, of course, the Men's Golf Club. Being a big fan of the Deer, I am currently responsible for leading a team of volunteers that count the Deer. For the VMA, I make equipment deliveries and help sell the donated golf carts. Being a member of the Italian Club helps us with our social activities. Just recently I was appointed to serve on the Italian Club Board. Loving sports, I still play competitive senior softball. I have served as President of Vintage Senior Softball of Santa Clara Valley and Northern California Senior Softball Association. I have also conducted many softball tournaments. Even as a San Jose Police officer, I was able to do what I like best. I was lucky enough to spend 15 of my 30-year career working in our San Jose Police Activities League. This included giving school/adult presentations and running youth sports programs. As a member of the Men's Golf Club I have participated in many tournaments and have been the Banquet Chairman of the Evergreen golf tournament for the past three years. Thank you in advance for your support.

Check out your contractors and service providers

While everyone appreciates a great bargain, unfortunately there are those who tend to prey on the unsuspecting, particularly in a community such as the Villages.

Before engaging in the services of any contractor, residents should be aware that California state law mandates any contractor bidding for a job more than \$500 in parts and labor must be licensed.

Call the Contractors State License Board at 1-800-321-2752 to ask any questions or express your concerns about a contractor.

The Landscape & Maintenance Department would also like to remind Villagers having construction or repair work done to inform the contractors or repair persons doing the work that district dumpsters are not available for the disposal of construction and repair-related debris. Contractors must dispose of construction waste properly, per Association Rule 2.13.

| Pass | Pass | 1 Club | 1 Spade |

Contract: 3 Spades by South
Opening Lead: 2 of Clubs

Dealer has 1 or more possible losers in Spades, at least 1 in Hearts, maybe 1 in Diamonds, and 1 or 2 in Clubs.

Strategy: Before pulling trumps, need to trump a Club loser in dummy.

West leads the 2 of Clubs, Queen, East covers with the King, switches to a Diamond, South low, West, the Queen, and South wins with the King on the board. He plays a Heart, finesses the King, follows with a Club, and trumps it on the board. He shifts to a Spade, finesses the Queen, West takes the trick with the King, leads the Jack of Hearts, Queen, East, the Ace, continues with another Diamond, South, the Ace, follows with the Ace of Spades, then leads the 10 of Diamonds, overtakes it on the board with the Jack. He now plays a Heart, trumps it in his hand, next a Diamond, West trumps, leads a Club, and South claims since his last 2 cards are Spades. Well done. The contract is made with an extra trick. However, if East had led a Spade after taking the first trick, then West would win with his King if South finesses the Queen. Now West would continue with a Heart, East, the Ace, returning his last Spade, and West would be guaranteed another Spade trick regardless of what South plays at that moment. In this scenario South only makes 3 Spades, losing 2 Spade tricks, plus the King of Clubs and the Ace of Hearts. Both East and South were aware they were not vulnerable and took the chance to bid higher with fewer points.

WHERE IN THE WORLD IS THE VILLAGER?

Here's how it works: Take along a copy of *The Villager* on your next vacation—it's not heavy—and have your picture taken holding up the paper with a well-known landmark or celebrity. Just tell them it's for the folks back home. (And be sure to get your camera back!) Then after you unpack and process your pictures from your vacation, e-mail your Villager picture (in Jpeg format) and perhaps a couple of "zingers" from your vacation and e-mail the files to shinrichs@the-villages.com. We'll publish your smiling face with your favorite local paper for all to see.

Dick and Margrit Fisher celebrated their 50th Anniversary with a cruise to Norway,

Along the Way—a trip down Memory Lane

(With Tom Zades—contact him at: tomzades@gmail.com)

I'll bet many of our Villagers were born in some other state and have interesting stories about how, when and why they ended up in California. I remember being told upon arrival in 1964 that a good way to strike up a conversation with someone was to ask where they were from originally. It was a good bet they had not been born and raised in California.

Perhaps I should interview some Villagers someday and, with approval, submit their stories to The Villager editorial staff.

I was 20 years old when I arrived in November of 1964 with an Army buddy. We stayed at his parents' house in Castro Valley until we found jobs and could rent a place of our own. We both joined the Pan American ramp crew at the San Francisco International Airport in December 1964. One of the comical incidents that I've always remembered from my Pan Am days involves a large cargo door that opened when we approached by jeep and crossed a threshold. When the weight of our vehicle rolled onto a metal plate it triggered the large door to roll up. I don't know whether this technology fell under the category of motion detection or what, but it was something many of us had never seen before.

One of the older guys decided to play a trick on one of the new fellows. As they approached the cargo door, the old timer told the new guy to yell, "Open Sesame!" and the door would magically open. The kid didn't believe him, but finally went along with it. When it didn't work the first time, he was told to move a little closer and to shout a little louder, which he did. On the third try they both yelled together, the vehicle having finally crossed the threshold. I'll never forget the look on that young fellow's face when the door began to open all by itself! Let's never lose our sense of wonder as modern technology continues to surprise and delight us.

Hiking Calendar (Continued from page 7)

or appetizer to share and drinks for our fall potluck and beach walk. Cameras and binoculars are also suggested as there is a good chance to see shorebirds, dolphins, sooty shearwaters and maybe even whales. The hike is over flat sand and suitable for all levels. Round trip drive is approximately 82 miles. We meet at Cribari at the normal time of 8:30 a.m. for directions and car rides for those who need it.

Wednesday, October 25 (Rambler): Rich Bainbridge (408-960-8335) and Wendy Ledamun (408-712-7908) will lead a trip to the Oakland Zoo. Round trip is 86 miles and admission is \$14 with advance reservation. The zoo is very walkable. We could bring lunch or buy food there. An optional gondola ride costs a few dollars, plus there's a parking fee. We would need to have folks RSVP to Wendy. We'll leave at 9 a.m.

Thursday, October 26 (Rambler): Please note this is a Thursday. Kathy Tanaka (908-642-5914) will lead a tour to Kelly Park: the Senior Safari Zoo and the Japanese Friendship Garden. The Safari is free if we get there before 9 a.m. so we will gather at Cribari at 8 and leave at 8:15 a.m. We will see all the animals at the zoo for an hour then walk over to the Japanese Garden to see how the beautiful grounds are now beginning to repair after the terrible spring floods. The walk is only about 1 1/2 miles with some uneven walkways so be sure to wear strong shoes. Bring a snack or lunch. We will return at about 12:30 p.m. Roundtrip driving is 18 miles.

Saturday October 28: Richard Bainbridge 9960-8335) will lead a hike for both rambles and long hikers in the Palo Alto Arastradero nature preserve. This time we will explore the more challenging trails higher up in the preserve, which were inaccessible this spring. Long hikers can also cross over into Palo Alto's Foothills park for extra mileage. We expect to hike 5-7 miles with less than 700 ft elevation difference Dress seasonably and bring water and a snack. Afterward we will stop at a market on Alpine road for coffee and sandwiches. Round trip car mileage about 45.
