The Villages Golf and Country Club

San Jose's "Best Kept Secret in 55-plus Communities"

The Villages Golf and Country Club, an active 55-plus community, is situated in the beautiful Evergreen foothills of San Jose, California.

The Villages is a private, secluded, gated community, which is part of the exciting San Francisco Bay Area, in the 12th largest city in the United States: San Jose—Capital of Silicon Valley. Established 56 years ago on the site of a former hillside vineyard and winery, the 2,309 condominiums and 227 single-family homes nestle into 1,200 acres of lush landscaping and sparkling lakes set against a picture-perfect background of natural beauty.

The focal point of The Villages is its spectacular championship golf course, Pro Shop, elegant Clubhouse and Restaurant, and Bistro & Bar. In addition to golf, there are four swimming pools and spas, six tennis courts, four pickleball courts and a fitness center.

But the fun doesn't stop there. The Villages has something for every one of its roughly 4,000 residents. There are more than 100 social organizations, a full calendar of activities, fine arts,

personal gardening plots, stables, bocce courts and numerous facilities designed to encourage community life.

Near shopping, public transportation and the Bay Area's cultural community, The Villages has been rated among the top 20 senior communities (for persons aged 55 and older) in the United States by *New Choices for Retirement Living Magazine*.

In addition to the Pro Shop/Clubhouse complex with its full-service restaurant, lounge and banquet halls, there are four, fully equipped and furnished community centers ready to host just about any event. Controlled gate access and a 24/7 Public Safety presence provide Villages residents with the assurance of privacy.

Villages residents are active and engaged in their community, whether it be participating in community organizations, physical activities or cultural and artistic endeavors. Residents can stay in shape at their fitness center or by walking miles of pedestrian-friendly streets and well-marked hiking trails in the foothills, all within the property's

boundaries. And when it's time to relax, there's a well-stocked library with a nice selection of periodicals, videos and books. Residents can also stay in touch with the community's weekly newspaper, *The Villager*, and other electronic and televised media.

A Message from the General Manager

the Villages

Golf and Country Club

5000 CRIBARI LANE • SAN JOSE, CALIFORNIA 95135 • PHONE: 408/274-4400 • FAX: 408/274-0334

When I was first interviewed for the General Manager position here at The Villages Golf and Country Club, I was provided with the VGCC Resource Guide as part of my introduction. I stepped into the community on my first day, and I thought, “Wow! How lucky am I!” The Villages was just beginning to unfurl from the lockdown from the COVID pandemic. And, on my first day, I was finally allowed to pass through the gates as an employee. How cool is that?

When you read this resource guide, you will discover the amazing sense of community, friendship, care and support that exists amongst Villagers. With every page you turn, you will be met with a kind spirit, a friendly and helpful attitude, and a willingness to contribute to the common good. The Villages is a diverse and inclusive community, where everyone brings their own unique and valuable perspective on how to live a fulfilling and rewarding life.

Living and working in The Villages allows us to connect in meaningful and supportive ways. We are stewards of approximately 1,200 acres of stunning natural scenery everywhere you look: the hill lands, the majestic Coastal Redwoods, the lakes, suburban trails, gardens, recreational facilities, tennis and pickleball courts, outdoor swimming pools and, of course, at the heart of the community is our championship golf course.

The Villages is truly a diverse and active community with so much to offer, see and enjoy. Villagers can choose to engage on their own, or join a vast network of groups, clubs, neighbors and friends. Many residents have lived and thrived here for more than 25 years enjoying life to its fullest, actively involved and engaged - an inspiration to us all.

At The Villages, everyone matters and is highly valued and appreciated. People here care about your well-being and longevity. The Villages Team continues to foster an environment that helps create recreational experiences and opportunities for the wonderful folks who now call, and will soon call, The Villages “home” - a place where we can all live, work and play.

– Sincerely,
Theresa M. Ostrander
General Manager

Employees

Look how we've changed in more than five decades! Above: The staff of The Villages in 2023. Below: The Villages staff in 1971.

The Villages community is serviced by 161 part-time, full-time and on-call employees (73 job classifications), working in various departments. Coming from very diverse professional backgrounds, our employees enjoy working with one another, appreciate sharing perspectives, and collectively strive to make a positive impact at The Villages. They take pride in their contributions and in the quality of service they provide to the community and its residents. As such, the company's employee turnover is low. The average employment longevity is seven years. Some of our employees have surpassed the 20, 25 and even 30-plus-year marks of service.

The Villages management team is committed to maintaining a safe and productive work environment, free of harassment and discrimination—an environment where proper training is available for the employees to maintain and enhance their level of professional skills.

As an employer, in addition to labor-law-compliant employment policies, our employees appreciate the positive comments and support they receive from residents; this makes for a great relationship. That relationship, coupled with working in such a beautiful place, makes The Villages Golf and Country Club a top workplace.

Accounting Department

One of the conveniences of living in The Villages is an on-site Accounting Department, located in Building A.

The Villages delivers an account statement to your villa each month, or you can choose email delivery. This statement simplifies your life by including assessment charges, green fees, restaurant charges, etc. You may mail your payment, have your payment automatically transferred from your checking or savings account, or pay by credit card on The Villages' website.

Assessments, or HOA fees, are important factors to consider when choosing where to live. At The Villages, assessments provide a great value, allowing you to live the country club lifestyle with access to the golf courses, Clubhouse restaurant, pools with spas, tennis, pickleball and bocce courts, hiking trails, etc. See page 9 for a breakdown of the assessments. For more detailed information, please call 408-223-4639.

Public Safety

The Villages Public Safety Department provides a wide variety of services on a 24-hour basis, with the goal of providing a well-regulated community for all residents, guests and employees.

Residents will find a friendly and professional staff located in the Public Safety Plaza (at the entrance to The Villages). Uniformed Public Safety officers ensure that only those individuals who have been cleared as guests, or have official business in The Villages, are allowed entry. The department has a program to clear Villages' guests and contractors. Our clearance system is another effective measure in helping to keep The Villages more secure.

Public Safety officers routinely patrol The Villages and can quickly assist

residents in need. They regularly enforce traffic laws within The Villages. Officers are trained in CPR, first aid, and are certified in the use of Automated External Defibrillators (A.E.D.s). Public Safety officers can also assist residents with minor maintenance problems occurring after normal business hours.

Public Safety's Administration Office is located in Building C near the tennis courts. The office is open for walk-ins Monday through Friday, 8:30 a.m. to 11:30 a.m. and is open for those with appointments 1 p.m. to 3 p.m. The office number is 408-239-5246, option 2. The administrative staff is the first point of contact for new residents. Our administrative staff registers new residents into The Villages and assigns them photo ID cards and vehicle bar codes. The office also registers golf carts and spaces in the RV lot. They are here to help answer any questions Villagers may have regarding Villages rules and procedures.

A Host of Activities

The Community Activities Department helps enhance the social pulse of the community. Villages residents choose from a host of opportunities and pursue numerous on-site and off-site recreational, cultural, and entertainment activities.

With more than 60 chartered clubs, 40 informal social groups, and numerous special-interest and neighborhood groups, members can easily fill their schedules.

In addition, the department fills the community's communication needs by offering a weekly newspaper—*The Villager*. The paper is hand-delivered to every residence and is available in digital format on The Villages' website. The community's electronic media includes two community television channels, a website (thevillagesgcc.com) and Fast Lane

(The Villages weekly e-mail news blast). A team of media service technicians offers groups audio/visual support services for meetings and events. The department also provides an in-house janitorial service for keeping the community's many facilities clean.

All community events are sched-

uled through the Community Activities Department. The Villages is a vibrant community, filled with active and involved people, and it is the mission of the Community Activities Department to offer something for all of them.

Plan to make it right-
It's A Gift of Love
for Your Family

Planning in advance just makes sense.

You do it because you love them. And you do it to make sure that everything is taken care of... just as you've always done.

Most of us spend a lifetime planning in advance for milestones in our live:

- We plan for our weddings.
- We save to buy a home.
- We plan for our children's education.
- We plan for our holidays.
- We plan for our retirement.
- We buy insurance to protect our loved ones.

Planning your funeral in advance is another milestone.

The Dignity Memorial brand name is used to identify a network of licensed funeral, cremation and cemetery providers that comprise the Dignity Memorial network. The Dignity Memorial network includes affiliates of Service Corporation International, the world's largest death care company, as well as many other fine independently owned and operated establishments.

The advantages of Advance Planning:

1. Provides you with all the options and services available.
2. Eliminates emotional overspending as all your plans are known.
3. Guarantees performance of the funeral service at no additional cost.
4. Pre-Planning is one of the most loving and caring things you can do for your family.
