See 'George Gershwin—His Life and Music' presented by Fred Stern

On Thursday, February 22 at 7 p.m. in Cribari Auditorium, Fred Stern will present a wonderful program on George Gershwin's life and music. He will bring you Gershwin's famous classical and popular compositions, and tell behind-the-scene stories about them. All Villagers are welcome to attend. There are no

tickets and admission is free.

George Gershwin (1898–1937) was an American composer. His music, very much alive today, is a hybrid of jazz, classical, blues, gospel, and traditional musical theatre.

Using narration and illustrative video clips, Fred will present some of the Gershwin's greatest compositions including "Swanee," "Rhapsody In Blue," "The Man I Love," and "S Wonderful."

The Villages Brandeis Club is sponsoring this program, and will be serving soft drinks and light refreshments afterward.

We know you will enjoy Fred's special presentation. Please mark your calendar for February 22. You won't want to miss this delightful evening of entertainment.

Try a Ride with Voyage!

On Friday, February 9, Voyage will be hosting the fourth—and final—installment of the "Try a Ride Fridays" program. VGCC

residents will have the chance to ride in one of Voyage's self-driving vehicles, ask Voyage team members questions, and get set up with Voyage's mobile application. If you've been curious about the self-driving cars you've seen around the community, now's your chance to try a ride!

Rides will be available from 11:30 a.m. to 2 p.m., leaving from the Clubhouse. This event will be the final "Try a Ride" event for the month of February. No reservations required. Just visit our booth in front of the Clubhouse, and try your first ride in a self-driving vehicle!

Voyage will have staff members located at the Clubhouse to help you get set up. Residents will be accompanied by a Voyage test driver to walk you through the rider experience. For residents taking their first ride, Voyage will also have small gifts to pass out! Hope to see you there!

Attention Condominium Owners:

All solar installations on condominium roofs require Association Board approval. Please contact Elissa Caruso, AC Administrator, at 408-754-1344 to start the process. Solar panels installed without approval will be removed at owner's expense.

Boutique to endow VMA with remaining funds upon dissolution

As president of the Villages Boutique, Mary Wollesen has had to make many tough decisions to ensure an orderly closure of this crafts shop that is so popular with Villagers. But one decision was easy: what to do with funds left in the organization's treasury after all closing expenses were paid. She asked her board to consider giving these funds to the Villages Medical Auxiliary (VMA); they unanimously voted to do so.

Closure of the Boutique was announced shortly after Thanksgiving by the Villages Arts & Crafts Association for reasons having to do with IRS tax rules governing non-profit organizations. The Boutique operated under the A&C's non-profit umbrella. A&C bylaws required the Boutique to give unused funds to another non-profit organization within the Villages. Mattie Alesi, president of VMA: "Although we greatly appreciate receiving these funds, we're sad to see our across-the-hall neighbor of so many years shut down. We will surely miss having them."

At this time, the members of the closed Boutique have reorganized and are applying to the Villages Board for new club status. Discussions have begun to assess the options that are available, or not, to run another shop selling members' crafts.

Mary Wollesen (left), president of the Boutique (left) presents a check representing left-over operating funds to Mattie Alesi, president of the VMA.

FOUNDATION FOCUS

Lighting sets the mood for dining

By Diana Hallock,
EVF Board Member

Have you ever stepped into a museum, art gallery or historic chapel and noticed how you just automatically drop the volume of your voice? Somehow a beautiful, gently lit environment just sets a different mood. Through donations by Villagers to the Evergreen Villages Foundation, the Clubhouse renovation included several lighting features: spots to highlight the new artwork, elegant hanging fixtures in the dining room, and dimmers to reduce the amount of light for evening dining and special events. Now, when the sun goes down and we can't enjoy our gorgeous golf course views, we'll have a wonderful view inside! For more information about this and other Foundation projects, please visit our website at www.evfsj.org

Association/Homeowners documents available via e-mail

By Julia Meadows

Per an amendment to California Civil Code, homeowner associations are permitted, with owner's written consent, to distribute annual disclosures, (like the pro forma budget summary) and other specified association documents to owners via electronic mail, facsimile, or other electronic means (such as posting on the association's website) instead of sending those documents out by regular mail or personal delivery. This has the potential to provide cost savings to The Villages. Delivery and postage costs for the Villages' annual distribution of the pro forma budget summary alone are close to \$1,000, not to mention the paper and printing costs that run about \$8,000.

In order to transmit association documents via e-mail or by posting on the homeowners association's website, 1) the homeowners association must first receive the owner's written consent, and 2) the homeowners association sends a separate notice to the owner that the documents have been posted and are available for viewing.

Consent forms for owners to request delivery of documents have been developed for both The Villages Association and Homeowners Corporations. These forms provide an owner's consent to delivery electronically, of documents that are capable, under current laws, of being distributed electronically. Owners have the right to revoke this request and receive "hard copies" of the documents by sending a written revocation signed by the owner, to the applicable corporation.

Forms of owner's written consent are available in Business Administration Buildings A and B, and on The Villages web site, <http://www.thevillagesgcc.com> (Click on *Resident Info* and then Click on *Resource Files*.)

For more information, call Julia Meadows at 223-4634.

CLUB CALENDARS

HIKING CLUB SCHEDULE

Unless otherwise indicated, all hikes meet at Cribari Center at 8:30 a.m. and depart at 8:45 a.m. Bring water, snacks and lunch, and always wear layered clothing appropriate to the current weather; hats and sunscreen are also recommended.

Saturday, February 10: Harvey Bear County Park. The long hikers will do 8-9 miles with a 1,000-foot elevation gain from the San Martin Ave. entrance led by Nancy Rumble at 408-238-7535. We will hike up to and loop the Ed Wilson Trail. There will be good views of the Coyote Dam and Valley. We may see a variety of beautiful wildflowers. The Ramblers can hike the other trails in the park or do a 4 mile hike looping the Savannah and Rancho San Ysidro trails with a leader chosen by the participants. Bring water, lunch and sticks. Wear boots and layers. This is about a 25 mile round trip drive.

Wednesday, February 14 (Rambler): Ramon and Marianna Reza (714-306-5333) will lead a loop hike from the Villages to/ across the nearby Bel Air and Hillstone Estates via Shadow Ridge Way (Larkspur/Bently/Canyon Hills/Shadow Ridge/Hillstone/ Yerba Buena). We will stop at the Starbucks/Le Boulanger on the corner of San Felipe and Yerba Buena for coffee and snacks. Hike length is about 5 miles with modest and gradual elevation at the beginning of the hike. We will meet at the Cribari Center at 8:30 for an 8:45 departure.

Saturday, February 17: (Long Hike, Rambler Hike) Dan Kato will lead the long hikers at Butano State Park. We will take the clockwise direction around the valley, starting at the Jackson Flats trail and continuing on the Canyon, Indian, Doe Ridge and Goat Hill trails. This will be a challenging hike of 10 to 12 miles with climbs up and down. Wate and Johanna Bakker (408-223-2190) will lead a Rambler hike in Gazos Creek. The hike will be mostly flat along a beach, dunes, a rocky coastline and a coastal plain. Dress in layers, assuming the possibility of a cool morning fog. Bring water and a light lunch. Afterward we will stop at the Davenport bakery to sample their pies. Car round trip mileage about 100.

Wednesday, February 21 (Rambler): Gary and Terry Holmquist (408-531-9779) will lead a hike to Evergreen Square for a cup of coffee and/or library. The hike will be along sidewalks and gravel trails to avoid possibly muddy conditions. The round trip distance is about five miles. If desired, convenient bus return is available at a cost of 80¢. The walk will be approximately 5 miles. Be sure to bring water. Meet at 8:30 at the Cribari Center for an 8:45 a.m. departure.

Saturday, February 24: Rich and Wendy will lead a hike in Morgan Territory Regional Preserve, North of Livermore. The hike will be about 6 miles long with an elevation gain of about 1,000 feet. Driving distance to the park is about 52 miles. Bring water and a snack. Lunch or coffee after the hike in Livermore. Also Bonnie Preston will be leading a Rambler hike around the Villages.

Wednesday, February 28 (Rambler): Ramon and Marianna Reza (714-306-5333) will lead a hike on the lower trails of the Villages Open Spaces. The hike will blend portions of trails to define a 2-3 mile hike with moderate elevation that will provide Ramblers with an opportunity to once again experience our beautiful open spaces. We will meet at 8:30 a.m. at the Upper Gardens, located above Valle Vista. Parking at the Upper Gardens is limited, so Ramblers are encouraged to park around the circle at the end of Village View Drive and walk up to the Gardens. Afterwards, hikers are invited to share lunch at the Bistro.

See ‘Rain – A Tribute to The Beatles’

On Saturday, April 14, we will be going to a matinee showing of “Rain – A Tribute to The Beatles” at Broadway San Jose. Please arrive at the Patio Room at Cribari Center at 12 p.m. to get your tickets prior to boarding the bus for the musical. The estimated return time to the Villages is 5:30 p.m. The cost for this trip is \$120 per person, register beginning Monday, February 12 at the Community Resource Center, Building B. This outing does not include dinner, however, the Clubhouse will offer a 10 percent discount if you make reservations for dinner and show your theatre ticket.

This mind blowing performance takes you back in time with the legendary foursome delivering a note-for-note theatrical event that is the next best thing to seeing the Beatles. Experience the world’s most iconic band and come celebrate 50 years of Sgt. Pepper’s Lonely Hearts Club Band with “Rain – A Tribute to The Beatles.”

“Rain” is much more of a concert event than a play with music, so there is no real plot. Instead, the show lets history speak for itself. “Rain” follows the career of The Beatles from the British invasion and their landmark performances on The Ed Sullivan Show and at Shea Stadium through their final albums “Abbey Road” and “Let it Be.” The mood is set with original film footage and TV commercials from the 1960s, and over the course of show, the musicians who play John, Paul, George and Ringo evolve with their music, going from mop tops to bell-bottoms and peace signs.

Follow the Seagull Tour—49 Mile Scenic Drive

“Follow the Seagull” on Friday, March 16 as we explore San Francisco’s 49 Mile Scenic Drive. We will depart the Villages at 8 a.m. to meet Craig at 10 a.m. at City Hall. This trip is limited to 46 persons. The cost of this outing is \$88 per person; this includes transportation, your very own tour guide Craig Smith and lunch. This tour is full of historical information and sites. The estimated return time to the Village is 5:30 p.m. Register in the Community Resource Center, Building B beginning on Monday, February 12.

San Francisco’s 49 Mile Scenic Drive started in 1938. It was 49 miles because San Francisco is 49 square miles and for the ‘49ers of the Gold Rush. It was designed for you to see all the most important attractions and beauty of the City. Celebrate a San Francisco tradition for more than 70 years. You will receive a copy of the original 49 Mile Scenic Drive Map.

Enjoy lunch at Beach Chalet for wonderful lunch with great view. Entrée choices include Caesar Salad with Grilled Chicken Breast, Beach Louie Salad with local greens, gulf shrimp, grape tomatoes, hard-cooked egg and avocado or Cheeseburger with all the fixin’s and French Fries. Complete your meal with coffee, tea or soda and dessert. When you register, please know your entrée choice. If you wish to purchase cocktails, wine or beer, please be prepared to pay your server at the time of service.

Tai Chi for healthy aging

Our mission is to help older adults maintain a quality life as they age and Tai Chi is the perfect exercise to help us achieve. Tai chi can be performed for exercise, relaxation, healing and spiritual development by anyone regardless of age or physical condition. Tai Chi strengthens the body, quiets and calms the mind and emotions and improves overall health and well-being. Daily Tai Chi practice is extremely helpful to people with circulatory, respiratory, immune system, digestive, asthma, arthritis, mental, emotional and other health challenges. We offer Tai Chi classes two days per week here at The Villages. The fees are \$9 per class for two classes per week and those attending one class per week will purchase a drop-in card. Get details in class. Classes are held on Wednesdays and Fridays at 10 a.m., see The Villager’s Calendar of Events for location. This class sponsored by the Community Activities Office.

Cribari Lobby to be locked at night

For enhanced security, Cribari Lobby will be locked from 10 p.m. to 5:30 a.m. daily beginning February 16.

See The Choral Project and The King’s Singers concert

Back by popular demand, for one night only! The Choral Project will join again with the internationally renowned vocal ensemble The King’s Singers, now celebrating 50 years of music-making. The concert will feature a myriad of musical styles from around the world, as well as charming arrangements of popular standards. The repertoire includes: John Tavener’s heavenly motet “As One Who Has Slept” and Francis Poulenc’s rarely performed mammoth composition “Liberte” for two six-part choirs.

The combined repertoire will include selections written specifically for The King’s Singers anniversary tour. This will truly be a life-affirming program, as the two ensembles once again meld their magnificent voices together.

The Villages will have wonderful seats as usual for this not to be missed concert on Tuesday, April 10. Tickets are \$71 per person that will be well spent as you leave the concert in awe. Please arrive at Cribari Center’s Patio Room at 6:15 p.m. for tickets. After receiving your tickets, board the Royal Coach bus for a concert you are not soon to forget. The concert begins at 7:30 p.m. at Cathedral Basilica of San Jose, with return time to The Villages at approximately 10 p.m.

She studied at Le Conservatoire de Musique de Quebec, entering at age 14, then at McGill University where she earned a Licentiate, a Bachelor's degree in music performance and a concert diploma. She then toured Canada and Europe as a soloist, chamber musician and accompanist.

In 1990, she "discovered" ragtime music and began to devote all her time and effort to its study. She gave her first ragtime performance in 1990 in Montreal followed by Sedalia, MO where she thrilled festival-goers with her dynamic interpretations of ragtime. She has gone on to captivate audiences at concerts in Canada, Europe and the United States and continues to be a headliner at the major ragtime festivals. She has been dubbed "The New Queen of Ragtime" by Ed Berlin, author of several books on ragtime including a definitive biography of Scott Joplin's life.

Mimi performs as a comedienne and actress as well as pianist and has also been called the female "Victor Borge of Ragtime." For two years, she acted, sang and played the piano for a play written by the co-founder of the "Cirque du Soleil" at the Montreal Casino. She has played piano in a Tango quartet that toured Texas and Nevada. Mimi represented Ragtime in a concert at the Olympics in Atlanta. Always versatile and full of surprises, Mimi plays both solo and in ensemble and in one concert may include music of Bach, Beethoven, Chopin, Mozart, Gershwin, Brubeck, Joplin and Eubie Blake.

Filoli Gardens and Stanford Shopping Center

Here is your chance to bring a friend or neighbor of yours and come on a trip to one of the most beautiful places in the Bay Area. The day is planned for Wednesday, March 28. Depart the Villages from the Cribari East parking lot at 8:30 a.m. with an estimated return time of 6 p.m. The cost will be \$68 per person; cost includes admission, docents and transportation. Filoli was built for Mr. and Mrs. Bourn, prominent San Franciscans whose chief source of wealth was the Empire Mine, a hard-rock gold mine in Grass Valley, California. Mr. Bourn was also owner and president of the Spring Valley Water Company comprising Crystal Springs Lake and surrounding lands, which are now part of the San Francisco Water Department. Mr. Bourn selected the southern end of Crystal Springs Lake as the site for his estate. He arrived at the unusual name Filoli by combining the first two letters from the key words of his credo: "Fight for a just cause; Love your fellow man; Live a good life."

The house contains 36,000 square feet of interior floor space on two floors and a mezzanine. The spacious major rooms have ceiling heights of 17 feet, while the ballroom ceiling is 22 ½ feet high. There are 43 rooms and 17 fireplaces.

Art Film for February 2018

By Pam Oliver Lyons

What does Black History Month have to do with a naked Picasso? The answer is in Faith Ringgold's "The Last Story Quilt" video. This will be the first part of a double feature shown on Tuesday, February 13 at 7 p.m. in the Vineyard Center. The second video is "Faith Ringgold Paints Crown Heights." The art world categorizes her as an American Artist and a "pioneer in quilt as an art form." She states that "expressing cultural differences through folktale" has been her artistic goal.

Born in New York City in 1930, she was influenced throughout her formative years by her parents' active participation in the Harlem Renaissance, a cultural movement. Later she trained throughout Europe, taught in elementary schools and combined these experiences together to create a unique art form which elevated folk story quilts to high art. Ringgold's work hangs at the Guggenheim, The Met, the National Museum of American Art in DC and other major museums. Her work will soon be on exhibit at the Crocker Art Museum, in Sacramento, CA from February 18 through May 23.

Ringgold's quilts piece together stunning combinations of color with narrative designs telling the stories of American diversity, building communities. To learn about how a naked Picasso is part of the story and more, join us at the Vineyard Center on Tuesday, February 13 at 7 p.m.

This event presented by the Villages Arts & Crafts Association.

Opera Lovers to present 'Otello' today

Opera Lovers will present "Otello" with Placido Domingo and Renee Fleming today, Friday, February 9 at 1:30 p.m. in the Vineyard Center. This year's February Valentine's Day presentation is on the dark side of love and passion. In this exceptional production, both Domingo's singing and acting is superb as "Otello"! Renee is a wonder in her role of "Desdemona." In fact the reviewer at the time for the L.A. Times said it should have been called "Desdemona," so enchanting was her performance. Domingo conveys a man consumed by erotic fire and passion, and by anger at the racism and hypocrisies of the society in which he had risen, all of these emotions came together in his overwhelming and obsessive love for Desdemona and in turn her love for him. She believes it will eventually bring him to his senses. The wonderful James Morris's pitch-black bass-baritone as Iago was perfectly cast to destroy Otello. Iago was once declared as the most evil man in opera. Domingo is spellbinding in Act IV, as he crawls dying toward Desdemona, crying out for a kiss while the "kiss theme" from their Act I duet plays. The sense of tragedy and loss conveyed in this performance defies description.

The meeting is open to all, so if you enjoy great music, plan to come and bring a friend to share the joy of music. For more information, call Bonnie at 408-531-1513.

Noted Astrophysicist to speak at SIR 38 Luncheon

During the SIR 38 Tuesday, February 20 luncheon meeting Dr. David Hathaway, an astrophysicist, and Villages resident, will speak about Video Image Stabilization And Registration (VISAR) and how it has helped the FBI and other law enforcement agencies.

The luncheon will take place in the Fairway Room at the Clubhouse. Non-SIR members wishing to attend the presentation should arrive at at 12:30 p.m.

In 1996 the FBI came to NASA asking for help in clarifying video and still images from the Atlanta Olympic Park Bombing. Dr. Hathaway was one of four chosen by NASA to assist the FBI in this task. In the process, Dr. Hathaway (along with Mr. Paul Meyer, also from NASA) invented a new process - VISAR (Video Image Stabilization And Registration) for getting clearer images from video. This process proved very helpful to the FBI. Dr. Hathaway was later asked to help with other high profile FBI cases. Over the course of 15 years Dr. Hathaway worked on over 60 criminal cases for various law enforcement agencies.

Dr. Hathaway has a Ph.D. in Astrophysics from the University of Colorado in Boulder. He was a Postdoctoral Fellow in the Advanced Study Program at the National Center for Atmospheric Research in Boulder, Colorado; an Astronomer at the National Solar Observatory in Sunspot, New Mexico; and an Astrophysicist at NASA—f29 years at Marshall Space Flight Center in Huntsville, Alabama and three years at Ames Research Center in Moffett Field, California. He has over 200 publications and three patents. He was NASA's Inventor of the Year in 2002 and was a recipient of NASA's Exceptional Scientific Achievement Medal and the Space Foundation's Space Technology Hall of Fame Medal.

He retired at the end of 2016 to a blissful life in The Villages of golf, tennis, pickleball, photography, woodworking, playing with his kids and grandkids, and time and travel with his wife and high school sweetheart, Janet.

"The Girl Who Takes An Eye For An Eye" By David Lagercrantz: Lisbeth Salander and Mikael Blomkvist return in the series that began with Stieg Larson's "The Girl With The Dragon Tattoo." Lisbeth has never had access to the most closely held secrets of her traumatic childhood. Now, when she sees a chance to uncover them, she enlists the help of Mikael, editor of the investigative journal Millennium. Nothing will stop her—not the Islamists she enrages when she enables a young woman to escape their brutality; not the prison gang leader who passes a death sentence on her; not the deadly reach of her long-lost twin sister; and not the people who will do anything to keep buried knowledge of a sinister pseudoscientific experiment known only as the Registry. The dragon etched into her skin is a constant reminder that revenge is not a mere fantasy and she is prepared to exact it with a cold fury. Mystery. 2017.

"To Be Where You Are" by Jan Karon: Millions of fans will be thrilled that it's life as usual in the widely popular Mitford series. Twenty minutes from Mitford at Meadowgate Farm, newlyweds Dooley and Lace Kavanagh face a crisis that devastates their bank account and impacts their family vet practice. But there is still a lot to celebrate, as their adopted son, Jack, looks forward to the most important day of his life—with great cooking, country music and lots of people who love him. It will also be a day when the terrible rift in Dooley's biological family begins to heal because of a game that breaks all the rules. A cast of characters that readers around the world now love like family. Fiction. 2017.

"Two Nights" by Kathy Reichs: Sunday Night is a woman with physical and psychological scars, and a killer instinct. She has spent years running from her past, burying secrets and building a life in which she needs no one and feels nothing. But a girl gone missing, lost in the chaos of a bomb explosion, and the family needs Sunnie's help. Is the girl dead? Did someone take her? Is she out there, why doesn't she want to be found? It's time for Sunnie to face her own demons—because they just might lead her to truth about what really happened all those years ago. Mystery. 2017.

"The Ninth Hour" by Alice McDermott: A young Irish immigrant opens the gas tap in his Brooklyn tenement. He is determined to prove to the subway bosses who fired him, to his badgering, pregnant wife that "the hours of his life belonged to him alone." In the aftermath of the fire that follows, an aging nun appears, unbidden, to direct the way forward for his widow and unborn child. In Catholic Brooklyn in the early part of the 20th century, decorum, superstition, and shame collude to erase the man's brief existence, yet his suicide, though never spoken of reverberates through many lives—testing the limits and the demand of love and sacrifice, of forgiveness and forgetfulness, even across multiple generations. Fiction. 2017.

His "Images of the World" series of photography books and their companion DVDs were released starting in 2008 as part of an ongoing series of multimedia projects. VAT: Meet the maker of 'Anything Goes'

By Tom Stoiber

The Cole Porter biography, written by Ron Wynn, tells us that many arguments could be generated over whether Cole Porter or Irving Berlin should be considered America's greatest tunesmith. Both wrote music and lyrics; it's clearly a pick 'em situation.

The list of Porter shows and films is immense; his lyrics were literate, sophisticated, yet could be charming, suggestive, even naughty. "Anything Goes," "The New Yorkers," "The Gay Divorcee," "Jubilee," "Leave It to Me," and "Kiss Me Kate" are only a few of his marvelous shows. The song list is just as impressive; "What Is This Thing Called Love," "Love for Sale," "Anything Goes," "You're the Top," "Begin the Beguine," and "Count Your Blessings," for starters.

There were also such films as "Silk Stockings," "Born to Dance," "High Society," and "Night and Day." But his songs live on; numerous anthologies and songbooks devoted to his music have been issued and are available on CD, including the Smithsonian four-disc set.

"Anything Goes" is the winner of three 2011 Tony Awards including Best Musical Revival and Choreography.

There will be three performances: Friday, April 6 at 7:30 p.m.; Saturday, April 7 at 2:30 p.m.; and Sunday, April 8 at 2:30 p.m. in the Cribari Auditorium.

More reasons to Jazzercise

Exercise has been shown to protect against diabetes, stroke, osteoporosis, and several other diseases, and to improve our moods. But does it also make us more likely to engage in other activities? The answer is yes. Exercise not only makes us feel more positive, it also increases the likelihood that we will participate in more positive activities. And The Villages has lots of interesting activities to choose from. Exercise helps healthy people to improve their everyday lives. Does exercising with a group have a different impact than exercising alone? The answer again is yes. At Jazzercise you exercise with like-minded people and develop new relationships. You have more incentive to get up and go. And since Jazzercise is a regular year round, three day a week program, you have consistent opportunity to exercise.

A Jazzercise class is 60 minutes long, starting with a gradual whole body warm up. This is followed by an aerobic segment, weight training, stretching and range of motion routines. Lastly we engage in cool-down movements. The class meets in the Cribari Auditorium, Monday, Wednesday, and Friday, from 8:30 to 9:30 a.m. A full month of classes in February will cost \$36. You could not find a better bargain. Take up our offer of a free first class and see for yourself. If you have any questions Herito at 408-238-7511 or Kay at 408-223-7948 will be happy to talk with you. Hope to see you soon.

COMMUNITY CHAPEL

By Pastor Bill Hayden

When we tell each other, "I love you," are we saying that we love a certain element or characteristic about each other? I think, often, we throw the words around like "good morning" or "how are you doing?"

If you know anything about love it will last through out time and eternity. Love will last beyond people, possessions, health and even death.

There have been people in our lives whom we have told, "I love you." Sad to say, over time we may no longer feel that way toward that person. Many divorces have happened because there was not enough love to cover that person's faults. They may have said or done something that displeased you and you could no longer tolerate them.

We spend our time, talents and strength accumulating things that we love to possess and after we have achieved those things we soon become tired and disinterested. It's like a child having a favorite toy and suddenly when a new toy is introduced they discard the old for the new.

When we were young we may have fallen in love with each other's physical attributes and we were happy for the moment. We would get involved in all kinds of physical activities because of our youth energy and vigor. We may love the attention that we receive from admirers. As time passes, an eight pack turns into a keg and the hourglass shape turns into a liter bottle. We glance into the mirror and struggle with saying, "I love you" to our not so great shape.

Sometimes our health may drastically change, leaving us to feel helpless and hopeless. So, we think, how can anybody love me like this? When someone affirms their love for us we refuse to believe or accept what they said.

Love looks beyond the veneer and captures the beauty of the soul that never fades or gets too old. It is in viewing the soul of a person that we should say, "I love you" and not the physical beauty that fades away.

So, the next time you tell someone, "I love you," make sure that you love them entirely and completely. Each day God is saying, "I love you...all of you." John 3:16 NKJV "For God so loved the world that He gave His only begotten Son, that whoever believes in Him should not perish but have everlasting life."

Please feel free to join us this Sunday at the Villages Community Chapel in Cribari Auditorium 10 a.m. to be encouraged over the Word, a cup of coffee and cookies. **The chapel is a place for needs to be met, faith to be affirmed and people to love.** We would love to meet you. If you would like to make an appointment with Pastor Bill please call the office at 408-238-3079. *To learn more about the Villages Community Chapel visit our website at <http://www.villagescommunitychapel.org/>*

SPORTS NEWS

SWINGERS

By Betty Garcia

As we get into the swing of things and as weather improves, we are back to the 8:45 a.m. start time. Since there is not much to report in recent Tuesday tournament activity, it is a good time to print The Villages G&CC Local Rules provided by Head Golf Professional Scott Steele. Please read in its entirety; if I try to memorize it all, it will be good exercise for my aging brain. I plan to print and post it on our bulletin board at home! Have a good week and a very Happy Valentine's Day.

New Member Fran Schumaker

The Villages G&CC Local Rules

USGA Rules Govern Play

Local Rules Apply

Out of Bounds: The boundaries of the course are identified by: white posts/stakes, street curbs and boundary fences. A ball coming to rest on another part of the golf course after crossing a public street is out of bounds.

Damaged Turf Areas: Any area through the green, severely damaged by an animal, may be treated as Ground Under Repair, even when not so marked (33-8 / 32.5). Other than on the putting green, damage that has clearly been identified as caused by animal hoofs is Ground Under Repair (Rule 25 applies). Such damage on the putting green may be repaired (Rule 25 does not apply).

Hazards: All lakes are Lateral Hazards. Where both stakes and lines are present, stakes identify hazards, lines define hazard margins. The streams and pond on #9 and #18 are Water Hazards. An optional Drop Zone is provided for a ball entering the pond left of the bridge on #18. A Drop Zone is provided for balls in the stream next to the practice green. An optional Drop Zone is provided for a ball in the water to the left and behind #9 green.

Obstructions: A ball that comes to rest in the cart storage facility or adjacent maintenance facility may be lifted, cleaned and dropped within the Drop Area provided adjacent to the cart facility, without penalty. Other interference to stance or swing allows for relief as an Immovable Obstruction.

Bunkers: Stones in bunkers are Movable Obstructions and may be removed if they interfere with play.

Cultivated Flower Beds: All flowers beds other than those in hazards, are Ground Under Repair, required drop, no penalty. The flower beds between holes #6 & #7, surrounding the practice green, and to the left of the pond on #18, are Ground Under Repair within a water hazard; play is prohibited one-stroke penalty (Rule 25 1b, note 1). Drop zones are provided for holes 6, 9 & 18.

Staked Trees: Must take relief from stance and swing defined as one club-length from nearest point of relief, no nearer the hole, no penalty. Black Sleeves on tree trunks are preventative deer diversions and do not deem that tree to be a staked tree, therefore no relief is provided from such trees.

Sprinkler Heads on Fringe: If a fixed sprinkler head within two club-lengths of the putting green and two club-lengths of the ball interferes with the intended line of play between the ball and the hole, the player may take relief as follows: the ball must be lifted and dropped at the nearest point to where the ball lay that (a) is not nearer the hole, (b) avoids interference and (c) is not in a hazard or on the putting green.

Distance Measuring Devices: Distance measuring devices are permitted, except for those measuring slope and wind. (Rule 14-3)

Boot Camp Updates: Don't forget, our first Saturday Boot Camp will be held tomorrow, February 10, at 10:30 a.m. Remaining boot camps are as follows: Monday, February 12, 19 and 26 at 11 a.m. and Saturday, February 10, 17, and 24 at 10:30 a.m. All Villagers are welcome; there is no cost or obligation.

Bocce Court Update: Bocce Court Manager, Paul Anderson, invites you to come down to the courts and see the four newly added player benches. Work has been ongoing and should be completed by the time you read this.

Winter Bocce: Bocce players are reminded that Winter Bocce play is continuing through February. Join us on the courts every Thursday at noon. Everyone is welcome; it's a great time to get to know your fellow bocce players.

Competitive Challenge League: Are you a bocce player looking for a more competitive game? We have you covered. Teams are forming now for our Competitive Challenge League (formerly known as the 4-6 Team Player Tournament). Teams will consist of four to six members. The season runs March 7 to October 31. You must be a member of the Bocce Club to participate. For more information email Tournament Coordinator Al Bruno at (408) 444-0559 or email at

BocceBruno@gmail.com.

Referee Training: Calling all bocce players! Referee training is on February 28. Please see poster in today's Villager.

Calling all Bocce Club Members Referee Training Coming Soon!

Wednesday, February 28 From 11 a.m. to noon at Bocce Courts

Bocce players. Here is your call to help the Bocce Club. Many of you have requested to become a referee for the upcoming 2018 season. Now is your chance. We are asking for as many referees as we can get so that the few we do have don't get overloaded.

Michael Sunzeri will teach this informative and fun training class to become a bocce referee. Our referees oversee each tournament match and they help to keep the game running smoothly. You will learn the rules while increasing your knowledge of the game. At this training you will learn to use our tools, and a few demos will give you a better overview of why some of the referee calls are made. Once you have completed training, you will be added to the Volunteer Referee list. We look forward to your participation.

Please RSVP to Michael at twosunzeris@comcast.net, so we can provide rules and guideline handouts for all.

IRONMEN

By Bill Travis

This past Thursday was an absolutely beautiful day for golf; warm with lots of sunshine. Frank Beltran joined us as a guest player. The results were as follows:

Net Sweeps winners were:

There were no sweeps winners this week but there were some good scores—

Mario Silva had a net score of 24

Don Boorwater had a net score of 29.

There were two birdies:

Mario Silva on hole 4; and Don Bookwalter on hole 9.

Our deep thought and/or humor for today is:

"Golf is good for the soul. You get so mad at yourself, you forget to hate your enemies."

- Will Rogers, Humorist.

TENNIS TALK

By Adrien Fournier

Hey, remember this:

Writers [Still] Wanted: "It is time to sign up for authoring the weekly Tennis Talk column. As you know, everyone has their own style of writing, different stories to tell and all of this is welcomed. If you have not written a Tennis Talk article before and would like to give it a go, let me know, I can help."

For those who responded to my plea in the Tennis Talk article, thank you. For those who tried and got an email "bounce" message, that problem has been fixed. Please try adrien@adrien.com again. For those who need a reminder...this is it.

Please don't make me or my more intimidating friends call you.

USTA Update: Not too much to say here, mainly because USTA mixed leagues are now playing and the Villages did not field a team this year. So, first action will be in early March when the Ladies and Men's 65 and over 7.0 teams, captained by Cheryl Diltz and James Murphy respectively, will take to the courts.

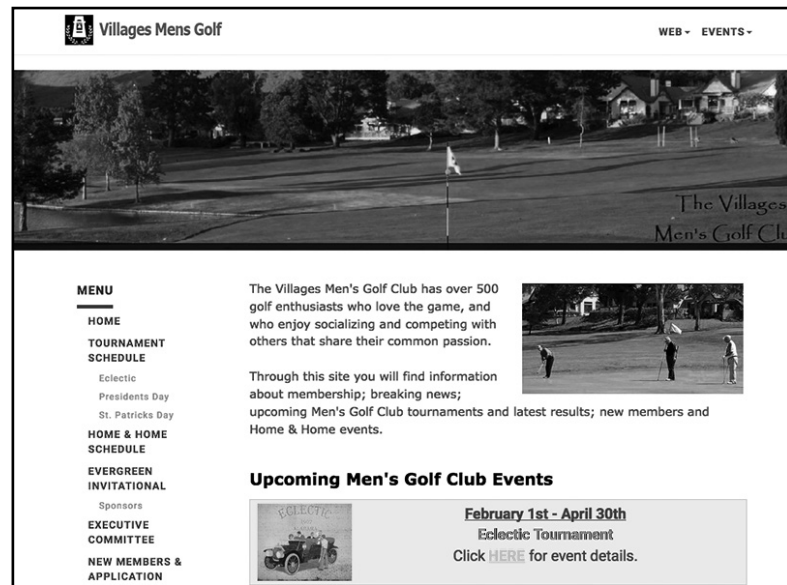

Events: First event of the year will be an early Tennis Open House on March 26th. Of course part of the Open House is the Jump Start signup, we wanted to get these new and rusty players going earlier in the season. Much more on that later.

At Home Tennis Instruction: If you happen to have Xfinity X1 platform with the voice control remote control and room to swing a racket, you can at least work on shadow swings on those rainy days in the comfort of your home. Simply say into the remote while depressing the blue microphone button, "Tennis Lessons on YouTube"...and voila, a bunch of choices show up. Choose and Swing. Other commands covering a myriad of topics can be entered in the same way; just make sure you finish with "...On YouTube." Examples that I have used: "Cross Stitching On YouTube." "Woodworking Projects On YouTube." "How to Remove a Splinter On YouTube." "Medical Suturing Procedures On YouTube", and my favorite "How to stop Excessive Bleeding On YouTube." While there are different ways to get info off the internet, I am simply sharing how I do it.

Whack that ball...on the courts.

18-HOLE WOMEN

By Nancy Keane

What a beautiful day to play golf! Many of the 18-hole ladies were happy to have a warm day with great sunshine to participate in the captain's trophy day February 1st. Ann Crews walked away with both the honor of being captain's trophy winner and the winner of low putts.

Other business that took place at our luncheon was a wonderful summary of some rules' questions by Vicky Krattli.

Alice Glazer was awarded her beautiful hole-in-one ball marker.

Apparently some of the women are not receiving their handicap index by email, so Inge McQuiddy ask for those not receiving that information to please be in touch with her by email.

Some important announcements about signing up for different activities : Connie Guttadaurie has sign ups for people who want to participate in the 'ringer' program, Saturday players can sign up on Chelsea, and sign-ups for team play are in the posting room.

There were six birdies: Helen Varenkamp #11, Patti Hayes #15, Camille Giuliodibari #11, Barbara Nilsen #11, Marky Olsen #4, and Ann Crews #11.

There were two chip ins: Janis LeCompte #17 and Sue Daughtery #14.

Our last Sweeps day of January and we finally had beautiful weather! Eighteen members were there to play along with a guest. Collette Johanson is a Villager and came to play with her friend Nancy Chesterton. Collette just happened to catch the only Birdie of the day at Hole #5. Hope you will soon join us, Collette.

Before you read further, check the scores on the Scoreboard page of The Villager. Note the three-way tie for second place in our first flight. That seems special and unusual. I happened to be helping with the scoring and everything went along perfectly. Scores all matched, everyone signed the scorecards and entered the correct handicap. Hope the new handicaps beginning in February have pleased all of you.

One negative thought about the course: No blame to our players, but if you know anyone who plays on the weekend and/or Monday afternoon please remind them to repair their divots. They were bad on January 30. Here's to a good month of beautiful Tuesdays.

PINSEEKERS

By John Eige

This last play day in January will be the last scheduled time that we have separate tee times. We will be back to a shotgun start at 8:45 a.m. when this article is in The Villager.

The day's net winners —

1. Phil Robinson and Roy Wash tied with 32s.
2. Right behind them, Tak Okabe and Richard Petroski tied with 33s.
3. David Cook held down Third Place with a 34.
4. In another tie, Barry Andersen and John Murphy both had 36s.

Those of us who didn't get down to par this time were out of luck.

There have been some member changes lately. Barry Andersen and Roy Wash placed for the first time since last May, and we hope that they will continue playing well. Lonny Ishihara, recovering from eye surgery for several months, was able to practice today, and may join in the fun again soon. Lee Leonard is also recovering from a medical condition and hopes to return soon. Sadly, Bill Evans and Harvey Slater will no longer be playing golf with us. I had the pleasure of partnering with Harvey several times, and I will miss his sly humor.

The annual championship competition continues to be close. The latest top standings are: Phil Robinson 46 points, Bob Iacopi 45, Dave Cook 44, and Tim Short 38.

Tips from the Pro: Cold Weather Golfing Tips...

Want to drive it further? Lean the shaft back for a better angle of attack!

Forward lean in the shaft (toward the target) promotes more downward movement in the clubhead through impact, which is ideal for an iron, but bad news for the driver. With the advent of trackman and video technology, we now know that the optimal shaft angle for a driver is a backward shaft lean at impact creating a low spin, high launch ball flight.

Here are some tips to get that shaft back with the driver...

Try to set up more neutral with your driver. Set up with the shaft more up and down (i.e., neutral) to leaning slightly back, so that your hands are relatively in line with the clubhead. Tilt your left shoulder up just a bit to help with an ascending blow. Set up with correct ball position, opposite the tip of your left shoulder, this will help you make contact closer to the low point of the swing. The goal is that the clubhead should be fairly level to the ground or slightly ascending through impact. Relax your left hand so the tendency to pull the shaft into a forward lean position is negated. If you do all this successfully, you will be surprised how much higher and further it goes.

See you at the course!

Dealer: North
Vulnerability: North/South

Bidding: North	East	South	West
1 Diamond	Pass	1 Spade	Pass
4 Spades*	All Pass		

Contract: 4 Spades by South
Opening Lead: Queen of Hearts

Dealer has 1 possible loser in Spades, 2 or 3 probable losers in Hearts and 1 in Diamonds.

Strategy: The lead guarantees 2 Heart losers, a Diamond loser is difficult to prevent, therefore the key is to decide who has the Queen of Spades. It would be best if East has it and play accordingly.

West leads the Queen of Hearts, King from the board, East wins with the Ace, continues with a heart, West covers with the Jack, and switches to a club. South, the Ace on the board, follows with the Ace of Diamonds, next a low diamond, which East takes with the Queen. He then leads a heart, and South trumps it on the board, and next plays the Ace of Spades. He then leads a low spade, finesses the 10, and continues with the King of Spades to capture the Queen. He next plays a low club to the Queen on the board, follows with a diamond that he trumps it in his hand. He now has 2 cards left, the good King and Jack of Clubs. Well done, the contract is made exactly.

* North has a strong hand, 18 HCP and feels if his opponent only has 6- 7 high card points, it is better to leap to game since a jump to 3 Hearts might be passed. Also if South has 10 -11 HCP, then that is still not enough to bid a slam.

Fellow Villager—Your Lexus Sales Person

The wheels keep on turning for the VMA

By Linda Lamanno

For the past few years, golf cart sales have been a significant source of revenue for the Villages Medical Auxiliary (VMA). The VMA started accepting golf cart donations in 2013. The carts can be electric or gas, working or not. They're cleaned up and sold with the VMA keeping 100 percent of the proceeds. It's a popular program and there's now a waiting list for purchasing donated carts. "Recently we sold a donated cart in just four hours to a Villager on the list," said Gary Walden, manager of the VMA golf cart program. At this time some 80 carts have been donated and sold.

Noel Lanctot, a VMA volunteer, and Gary are responsible for checking the carts and having them picked up and driven, or towed, to Noel and Betty Lanctot's home where they are stored until sold. Some are in good shape and others need sprucing up. Betty is in charge of cleaning the carts, and Noel laughingly "helps" (see photo).

Some carts are listed on Craig's List, with gas carts always sold outside the Villages. People come from all over to purchase. A golfer in Morgan Hill bought one just for his grandkids to drive around his ranch. PAL stadium in San Jose purchased one of our carts for use by the maintenance team.

"Believe it or not," said Noel, "some people collect golf carts to fix them up just for fun. One man was driving home to Woodland from Southern California, stopped and bought a cart on the spot. We've met a lot of interesting people through this program."

In early 2016, the VMA began accepting automobile donations under the organization of Dick Frey. He accepts a car, running or not, prepares paperwork and works with CARS, an outside organization that arranges for the pickup and sale (usually through auction). As a courtesy to the Villager donating the car, Dick helps with the transfer of registration and liability with the Department of Motor Vehicles. CARS gives the VMA a percentage of the sale price and provides the donor the IRS information that is needed for a car donation. To date, the VMA has received 16 car donations.

Cart and automobile donations qualify as a charitable contribution under Internal Revenue Code 501(c)(3).

If you would like to donate a cart or a car, or want to get on the cart purchase list, please contact the VMA office at 408-238-4230.

Along the Way—a trip down Memory Lane (With Tom Zades—contact him at: tomzades@gmail.com)

I have some black and white class pictures from second and third grade and can only remember one or two names. A major way we got to know each other back then was through the ritual of giving and receiving those homemade or store-bought Valentines cards. In elementary school we all gave to everyone and received from everyone, so we got to know each other's names. There were always some shy, introverted or otherwise unpopular kids who would be overlooked if we were not required to give to everyone. The ritual also gave us early opportunities to deal with feelings of attraction. It was a fairly safe way to say "I like you" to someone you had special feelings for. Those "conversation" heart candies helped, as well. They were more popular with the girls than with the boys, as I recall. I mainly just ate them.

By middle school (junior high in our day) we were way too cool to get involved in that sort of thing. By high school it was an awkward, but not too embarrassing way of communicating your attraction to that one special person. And conversation hearts took the place of cards, except maybe for someone you were going steady with. The Valentines ritual hasn't changed, as near as I can tell. My children and grandchildren went through essentially the same phases. Early enthusiasm fades into distain and then morphs into awkward matters of the heart. I am intrigued by the heart's journey through life, where we start out learning to express our feelings via required Valentine messages, spend most of our lives in love relationships with one person, and then begin to have these feelings for everyone—this time not required. I wish I could give a heart-felt conversation candy to every Villager. Maybe this column will suffice.

OBITUARY

Gertrude E. (Trudi) Odbert January 6, 1918 – January 14, 2018

Trudi was an achiever and reaching her 100th birthday was her final goal! She was born in San Francisco as the second of three children to Spanish immigrants Antonio and Maria Herrero. The family moved to Mountain View in 1921 to farm a ranch off Stierlin Road. Antonio later opened and operated a grocery store—Herrero’s Market, on El Camino Real, where his specialty was Spanish chorizo sausages!

A bright and avid student, Trudi graduated from Mountain View High School in three years and married the love of her life Jack A. Odbert, a young sailor stationed at Moffett Field, in 1935. The following years as a Navy wife, she followed Jack to Long Beach and waited there as he completed Aerographers School in New Jersey. The family soon grew with two young daughters. Trudi continued to keep the home fires burning while Jack was aboard the

USS Lexington based in San Diego. Notably in 1937, the Lexington with Jack in the Meteorology department, led the search for Amelia Earhart in the South Pacific. Upon his return, the family began the military life of various duty stations throughout the U.S. and abroad—crisscrossing the country from Florida, to California, Virginia and overseas to Port Lyautey, French Morocco; on to Kodiak, Alaska and back to Washington State. Two more young daughters were born in 1953 and 1955 while the family lived in Virginia.

Upon Jack’s retirement, the family moved back to Mountain View where Trudi, determined to continue her education, enrolled at Foothill College. Inspired by her love of learning, she completed her BA degree at San Jose State and then went on to gain her Master’s degree and teaching credential at Stanford University—a life-long goal. From there, she began teaching English as a Second Language at Gunn High in Palo Alto, making a difference in the lives of many young students. In 1978, Trudi was honored with an appointment to the Governing Council of the Education Commission of the States—a national organization, which directs and supports the operation of the National Assessment of Educational Progress. She served in this capacity for four years.

Following her own retirement from teaching in 1986, and in 1993 at the tender age of 75, Trudi’s love of adventure, contribution and learning inspired her to follow the example of one of her granddaughters, Laura Whitehurst, and apply to serve in the Peace Corps. Trudi was assigned to teach English at Vezprem University near Budapest, Hungary for two years. She further satisfied her love of adventure and exploration with trips to Spain, France, England, Norway and Russia; freighter ship cruises; a safari in Africa with a side trip to Israel.

At the completion of all her world travels, Trudi moved to The Villages in 1995. She continued her activities here as an avid bridge player; brought her beautiful voice to the catholic choir as well as The Village Voices and was president of the Music Society for a term. She helped start the Spanish Club, was a long-standing member of Mwezo’s Tai Chi classes and a novice Bocce player. Trudi loved life in the Villages and reluctantly moved to an Assisted Living facility in Concord when living alone was no longer feasible.

Having outlived most of her peers, Mimi, as she was affectionately called by her grandchildren, is survived by her four daughters: Jacquie Whitehurst, Judi (Sunni) Gibbons, Cristina Spiro and Tori Milburn. She leaves behind 10 grandchildren and 16 great-grandchildren.

Celebration of Life services will be held on Sunday, February 25 at 11:00 a.m. in the Fairway Room at The Villages Clubhouse. All Villager friends are welcome. Private interment will be at Alta Mesa Cemetery in Palo Alto.

What is Vial of L.I.F.E.?

What is the Vial of L.I.F.E.? The Vial of L.I.F.E. is “Lifesaving Information For Emergencies.” It’s a place for you to store important medical information that emergency medical personnel (firefighters, paramedics, Public Safety officers and hospital staff) need in a time of crisis. By completing the Vial of L.I.F.E. form, you can provide the emergency personnel with vital lifesaving information even if you are unable. It is very important that you keep this information up to date, accurate and placed in a prominent spot in your refrigerator—an empty or incomplete form does little to help those who need your medical history. By the way, it is also advisable to have completed, up-to-date forms in each of your vehicles to assist EMS in the event of an accident.

The Vial of L.I.F.E. kit is available free as a public service from the San Jose Firefighters Union Local 230 and the San Jose Fire Department. It can be obtained by contacting Public Safety, the gate at 223-4665; Public Safety Administration at 239-5246 or San Jose Fire Department Emergency Medical Services Division at 277-4084.
