Spring Band Concert: Scintillating Soundtracks

By Bev Clifford

The new year, with its promise of fresh beginnings and positive intentions, has also brought us newscasts that make us feel, on some mornings, as if we should pull the covers over our heads and burrow in for the day. But personally, I'm going to engineer a "Great Escape" by heading to Cribari Auditorium on Sunday, March 18 at 2:30 p.m. for an afternoon of our Villages band's musical satire, spycraft, sci-fi, and sophistication. You can purchase open seating tickets for \$15 in the Cribari lobby on Saturdays, March 10 and 17.

"Strike Up the Band," by George Gershwin, is part of a Broadway musical satire on war and militaristic music. And from "The Candide Suite," by Leonard Bernstein, comes "The Best of All Possible Worlds," a song from Broadway's politically and musically satirical "Candide." This piece will be conducted by our special guest José Rivera, current Executive Director of Stagebridge in Oakland (the oldest performing arts entity in the nation for older adults), and former professional theater and film producer, screenwriter, and classical pianist. Also joining the band are Naomi and Fiona Sun, both from the San Jose Youth Symphony. Naomi will solo on the harp with Impromptu-Caprice by Gabrielle Pierné; Naomi and Fiona together will perform two pieces by J. S. Bach on the marimba - Invention: D Minor and B Major.

Continuing the program, you'll experience the excitement of spymaster's music in the James Bond Suite, including the James Bond Theme, "Live and Let Die," "For Your Eyes Only," and "Goldfinger."

John Williams' "Fantasy of Flight" features music of sci-fi and fantasy with "Adventures on Earth," "Hedwig's Theme," "Duel of the Fates," and "Star Wars (Main Title)."

Further, the band will entertain us with Mancini Magic (as in the great Henry Mancini, famed composer of film and television scores). You'll hear Mr. Lucky, Baby Elephant Walk, Moon River, Charade, The Pink Panther, and Peter Gunn.

VAT: See Miner's major move in 'Anything Goes'

Cole Porter's songs, dancing and side splitting comedy are part of this Tony Award winning shipboard musical comedy. So is Paul Miner.

Paul Miner began attending the Villages Amateur Theater (VAT) productions soon after moving here in 2012. He had a desire to have a major role in a production and decided to start out small and work his way up the acting ladder.

Paul started out with a non-speaking part in "My Fair lady," then as a stand-in for the ghost in "Harvey" and then a big step forward as the Master of Ceremonies for the Hot Box dancing girls and a waiter in "Guys and Dolls."

VMA: Take quick and easy bone density screening

Don't miss this convenient opportunity to have a preliminary bone density screening here in The Villages. The Villages Medical Auxiliary (VMA) has arranged for BALANCE In home/On site Therapy Services ("BALANCE") to conduct screening from 10 a.m. to 1 p.m. in the Cribari Conference Room on Wednesday, March 21.

A bone mineral density test can provide a snapshot of your bone health. The screening can identify osteoporosis, determine your risk for fractures and need for further intervention. A preliminary bone density screening is a screening of the heel bone, where we sit and insert one bare foot into a non-radiation machine for less than a minute. The machine then prints our own personal report, and a licensed physical rehab therapist from BALANCE explains our results on the spot. Residents are welcome to take these reports to their doctors for further follow up, if they wish.

BALANCE founder Anita "Nita" Keswani-Bhatt has worked in India, the U.K., and mostly here in the United States over the past 30 years. Her work experience has been gained in acute hospital, orthopedic/neurological clinic, skilled nursing facility, and home health care settings. Ms. Bhatt started BALANCE in 2010 with a focus on helping the elderly receive physical and occupational therapy services in the comfort and convenience of their own homes.

Loss of bone density/osteoporosis is a silent disease. It increases the chances of a fracture after a fall/injury. Whether you have already experienced such episodes, or seek to prevent them, the VMA encourages you to take advantage of this free service. Please contact VMA Social Service Coordinator Cristina Freyer, 408-238-4029, cfreyer@ncphs.org for the required pre-registration.

COMMUNITY NEWS

PULSE

Dear Readers: The Villager welcomes everyone's voice sharing ideas, opinions and accounts of life in The Villages in the Pulse column. Please follow the guidelines carefully.

Pulse deadline is 11 a.m. on Friday of the week prior to publication.

Pulse letters will be published in complete or abridged form at the discretion of the Publisher and in accordance with the editorial policies and rules established by the Club Board of Directors. (See VGCC Rule 1.30.) Opinions expressed by Pulse letter authors do not necessarily reflect the opinions of The Villager Publisher, staff, boards of directors or management.

All Pulse letters must be 200 words or fewer on a single topic relating to life in the Villages. Each letter must also include name, address, phone number, date and number of words.

Typed or legibly written letters must include your signature and may be hand delivered to the Pulse mailbox in Administration Building B or by mailing to the Communications Advisory Committee, 5000 Cribari Lane, San Jose, CA 95135.

E-mailed letters must include the text within the body of the e-mail and the subject line must read PULSE LETTER. Submit to: shinrichs@the-villages.com.

3 Pulse letters received this week.
1 Pulse letters not meeting Pulse Letter Guidelines.
2 Pulse letters published this week.

Open Mic Monday night, February 12, was great fun! I spoke to MC, Ed Knott, and several of my fellow performers and, just as we hoped, the "acts" are getting more numerous and diverse; the attendance is great and growing; people seem to be having a great time. We have so much more talent in The Villages. I would like to challenge more people to perform. How about a women's trio in the McGuire Sisters tradition? How about a male/female duet? Check with Ed Knott for Karaoke support. Please watch The Villager for the date of the next Open Mic.

— Tom Zades

Editor's Note: The next Open Mic will be Monday, March 19.

We've noted with interest and excitement the quarter mile-marker signs on the walking paths on Farnsworth and Silver Creek Valley. Kudos to the Silver Creek Country Club folks for their acknowledgement of the value of exercise, and for encouraging their residents and neighbors to do it in a safe, beautiful location. And last but not least, kudos to them for spending the money for both the paths and signs!

Why can we not do something similar here in the Villages? Our first step could be to plan a safe walking route (NOT the gutters on the main roads) around the center of the golf course, name it ("Golf Course Circle"?), and announce it with appropriate fanfare as a long-term plan. Then we could lay out the first segment and start construction. Then we could talk about the benefits of exercise like walking, and how we are encouraging and facilitating it. We could be leaders in this important effort to help maintain the mobility of our seniors!

And finally, we could use it as an opportunity to bring the golfing and walking factions together in a collaborative effort.

— Anna van Raaphorst-Johnson

Attention Pulse authors!

When you write your Pulse letters, don't forget to:

- Include your name, address and telephone number at the end of your letter. Your contact information is important in case the Communications Committee members have questions or need to verify your identity.
- Sign your letter if you are bringing a paper copy to the Pulse mailbox in Building B.
- Put the word count of the letter at the end of the letter—Remember, it's 200 words or fewer.
- Put "PULSE" in the subject line of your e-mail if you are sending it in electronically. (E-mail your Pulse letters to: shinrichs@the-villages.com)

Forgetting to follow the Pulse guidelines may result in your letter being delayed.

Note: The Communications Committee is now verifying the authorship of submitted Pulse letters. If a Pulse Letter is dropped off in Building B, we will call the author to make sure that person wrote and submitted the letter. If we cannot reach that person we will hold the letter until we can reach them. This means we may reject the letter for a week or more if we are unable to verify the authorship.

Missed your Villager?

If you missed delivery of your weekly copy of *The Villager*, please call 223-4655 to report it. (Please do not call before 11:30 a.m.)

Proposed Changes to The Villages Association Smoke Alarm and Carbon Monoxide Alarm Requirements, Rules, and Policies

Proposed changes to The Villages Association Rule 2.26 Smoke Alarm and Carbon Monoxide Alarm Requirements, and Policies APo and APr 408 Smoke Detectors Installation, Maintenance, Repair and Replacement, and APo and APr 410 Carbon Monoxide Detectors were conditionally approved by the Association Board of Directors at its February 27, 2018, monthly meeting. However, before formal approval consideration, the proposed changes must be noticed and published 30 days as required by California Civil Code 4360. The proposed changes will be considered for formal approval at the April 24, 2018, monthly meeting.

The Board will consider oral and written comments regarding the proposed changes at the April 24, 2018 study session (9:15 a.m. at the Clubhouse). Response to the proposed policy changes may be made by one or more of the following methods: 1) Participation in the discussion of the change at the Association Board of Directors study session at which the proposed rule change will be considered, 2) via e-mail with comments sent to the Board via mehernandez@the-villages.com, 3) via written comments delivered to the Board through the Association Operations Manager Maria Hernandez.

The purpose of the proposed changes is to reflect current practice that Statements of Compliance per the rule and policies are not demonstrated with the bi-annual age certification. The committee is proposing that the Statements of Compliance be demonstrated annually.

Deletions are noted in strikethrough font, and additions are underlined.

Association Rule 2.26 Smoke Alarm and Carbon Monoxide Alarm Requirements

1. Installation Requirements

A. Smoke Alarms

All villas must be equipped with smoke alarms that are installed according to the California Health and Safety Code and California Building Code.

B. Carbon Monoxide Alarms

All villas must be equipped with carbon monoxide (CO) alarms that are installed according to the current California Health and Safety Code.

The National Fire Protection Association (NFPA) Code 720, Standard for the installation of carbon monoxide alarms, states "CO detectors shall be installed outside of each separate dwelling unit's sleeping area in the immediate vicinity of the bedrooms" and "on every level of a dwelling unit that is occupied."

2. Maintenance Requirements

A. Each owner or renter is required to test (or have tested by a third party) his/her villa on an annual basis to ensure their smoke alarm/s and carbon monoxide (CO) alarm/s are in working order. Because (CO) alarms have a limited life, replacement of (CO) alarms is required every five (5) years.

B. A "Statement of Compliance" ~~form~~ that all alarms in their unit are in working order will be sent to the homeowner annually, enclosed in a monthly billing. The Statement shall be signed and returned to the Villages Association, 5000 Cribari Lane, San Jose, CA 95135. must be signed by the owner. Existence of the Statement of Compliance shall be demonstrated every two years by including a copy of the document with the bi-annual Resident Age Survey required by Villages Association Rule 2.01, which ensures compliance with California Civil Code 51.3.

C. When smoke alarms or carbon monoxide (CO) alarms are not in working condition or are missing, renters are responsible for notifying owners in writing with a copy to the Community Standards Administrator. Upon notification, the owner has fifteen (15) days to repair or replace the non-functioning or missing alarms. If the owner does not respond accordingly, the renter shall notify the Community Standards Administrator who will take formal enforcement action.

D. Upon the transfer of each villa by sale or rental, the number and location of smoke alarms and carbon monoxide (CO) alarms must be brought up to city and state code. A "Statement of Compliance" that the alarms are in working order and the unit meets current code must be signed by the selling or leasing owner. The Statement of Compliance will be required before such transfer can be approved and before a gate entry bar code is authorized.

APo 410 Carbon Monoxide (CO) Detectors

OBJECTIVE:

Define owners' and residents' responsibility for installation, maintenance, repair and replacement of carbon monoxide (CO) detectors in their villas.

BACKGROUND:

CO is the leading cause of accidental poisoning deaths in the United States. CO is a colorless, odorless, deadly gas. The most effective safety device available to reduce injuries and fatalities related to CO poisoning is a CO detector. California Senate Bill 183, signed into law May 7, 2010, requires that a CO detector be installed in existing dwellings intended for human occupancy that have fossil fuel burning appliances (such as a gas range or oven), fireplace or an attached garage.

GOVERNING DOCUMENTS / LEGAL REQUIREMENTS:

CA Civil Code, Sections 1102.6 and 1102.6d; CA Health and Safety Code Sections 13260, 13261, 13262, 13263, 17926, 17926.1, and 17926.2; CA Building Code 420.4.1

CA Senate Bill (SB) 183 enacted May 7, 2010.

National Fire Protection Association Code 720, Standard for the Installation of Carbon Monoxide (CO) Detectors.

POLICY:

All interior CO detectors, hardwired or battery operated, that exclusively serve a villa shall be installed, maintained, repaired and/or replaced as needed by the owner of the villa, in accordance with this policy.

LIMITATIONS:

None

IMPLEMENTATION PROCEDURES:

Refer to Association Procedure Number APr 410.

This document sets forth the procedure to be followed to ensure the proper installation, maintenance and replacement of CO detectors throughout the Association villas.

1. All villas must be equipped with CO detectors that are installed according to current California Health & Safety Code § 13261, 13262, 13263, 17926, 17926.1 and 17926.2 and California Civil Code § 1102.6 and 1102.6d.

The National Fire Protection Association (NFPA) Code 720, Standard for the Installation of Carbon Monoxide (CO) Detectors, Section 9.4.1.1, states "CO detectors shall be installed outside of each separate dwelling unit sleeping area in the immediate vicinity of the bedrooms" and "on every occupiable level of a dwelling unit, including basements, excluding attics and crawl spaces".

2. Each owner is required to inspect (or have inspected by a third party) his/her villa on an annual basis to ensure their detector(s) are in working order. Because CO detectors have a limited life, replacement of CO detectors is required every five (5) years. A "Statement of Compliance" that the detectors in their unit are in working order must be signed by the owner.

Existence of the A Statement of Compliance shall be demonstrated every two years by including a copy of the document in the bi-annual Survey of Resident Occupant's age that is required by Villages Association Rule 2.01 which ensures compliance with California Civil Code 51.3. form will be sent to the homeowner annually, enclosed in a monthly billing. The Statement, confirming that the CO detectors in their unit are in working order, shall be signed and returned to the Villages Association, 5000 Cribari Lane, San Jose, CA 95135.

3. Upon the transfer of each villa whether by sale or rental, the number and location of CO detectors must be brought up to city and state code. A "Statement of Compliance" that the detectors are in working order and the unit meets current code must be signed by the selling or leasing owner. The Statement of Compliance will be required before such transfer can take place and before a gate entry bar code is authorized.

4. Renters are responsible for testing their CO detectors and notifying owners when their CO detectors are not in working condition or are missing. Upon notification, the owner has fifteen (15) days to repair or replace the non-functioning or missing CO detector as noted in paragraphs one through three above. If the owner does not respond accordingly, the renter shall notify the Community Standards Administrator.

5. Twice each year, at daylight savings time change, The Villager shall publish a reminder to "test your CO detector(s)" in four successive issues.

6. Each calendar year, the Community Standards Administrator, on behalf of the Association, shall conduct a random audit of ten (10) percent of the villas by scheduling an inspection with residents of those villas. The audit is to ensure the presence and working function of CO detectors.

MANAGEMENT

New Golf Course Maintenance Vendor Association Members—Another Form Coming Your Way!

The Villages Golf and Country Club Board of Directors has selected Golf Maintenance Solutions (“GMS”) as the Villages’ Golf and Country Club’s golf course maintenance partner effective May 1, 2018. The Board and staff look forward to building upon the work done on the golf course the last three years by the team at BrightView Golf Maintenance. We look forward to working with BrightView and GMS representatives over the next 60 days to ensure a smooth transition for our members and all involved.

By Julia Meadows, Assistant General Manager

First of all, thank you for returning your Statements of Compliance for Smoke and Carbon Monoxide Detectors per Association policy—you still have time if you have not yet done so. Extra forms are available in Building A.

As you know, The Villages Association is a common interest development (CID) subject to California Civil Code Sections 4000-6150 (also known as the Davis-Stirling Act). Passed in 2016 and effective in 2017, California Senate Bill (“SB”) 918 added a new Civil Code Section 4041(a). This new section requires all CID owners (owners of condominiums), to annually and in writing provide the HOA (The Villages Association), their contact information for sending HOA notices, and to inform the Association whether the residence is owner-occupied or rented.

Associations are required to solicit these notices at least 30 days prior to the annual association disclosures. For The Villages Association, that is the Annual Budget Report and Annual Policy Statement that are distributed in May. If an owner does not annually provide this notification, the association must deem the last address provided in writing by the owner, or if none, the property address, shall be deemed to be the address to which notices are delivered. Completing this form will not discontinue electronic distribution of association documents if you have signed up for that program.

So, coming with your March statement will be a form (lavender in color) to complete and return that complies with this law. As a result of input received from Villagers last year, we have tried to make the form more understandable and easier to complete. If you have any questions regarding the form, please contact the General Manager’s office at 408-223-4634.

Again, thank you.

Filoli Gardens and Stanford Shopping Center

Here is your chance to bring a friend or neighbor of yours and come on a trip to one of the most beautiful places in the Bay Area. The day is planned for Wednesday, March 28. We will depart the Villages from the Cribari East parking lot at 8:30 a.m. with an estimated return time of 6 p.m. The cost will be \$68 per person; cost includes admission, docents and transportation. Register for this special outing in the Community Resource Center, Building B.

Upon arrival at Filoli we will be split into four groups and met by docents who will take us on a tour through the house (mansion) and gardens, and enjoy the spring flowers so marvelously displayed. Following the tour we will have the opportunity to go to the wonderful gift/garden shop to browse and of course make purchases of the wonderful items offered.

Filoli was built for Mr. and Mrs. Bourn, prominent San Franciscans whose chief source of wealth was the Empire Mine, a hard-rock gold mine in Grass Valley, California. Mr. Bourn was also owner and president of the Spring Valley Water Company comprising Crystal Springs Lake and surrounding lands, which are now part of the San Francisco Water Department. Mr. Bourn selected the southern end of Crystal Springs Lake as the site for his estate. He arrived at the unusual name Filoli by combining the first two letters from the key words of his credo: "Fight for a just cause; Love your fellow man; Live a good life." The house contains 36,000 square feet of interior floor space on two floors and a mezzanine. There are 43 rooms and 17 fireplaces.

Following our tour and shopping at Filoli, we will depart for the lovely Stanford Shopping Center where you will be able to get something to eat at one of the many eateries and spend the afternoon shopping. Enjoy San Francisco Bay Area's premier shopping and dining experience. Discover Neiman Marcus, Bloomingdale's, Nordstrom and Macy's, plus 140 other world-class stores, restaurants and services.

'Italian for a Day' tour!

Among the immigrants who came to start new lives in San Francisco, the Italians contributed a large part of what makes the city San Francisco—North Beach, Fisherman's Wharf, Joe DiMaggio, Tony Bennett song, love of Italian food, and Rice A Roni! The Italians were the first to rebuild after the 1906 earthquake. Learn more about the Italian heritage. We will visit St. Peter and St. Paul Church—the Cathedral for the Italians; Columbus Tower/Francis Ford Coppola's film headquarters and much, much more.

Enjoy lunch at Pompei's Grotto with entrée choices of Chicken Caesar Salad, Fish & Chips or Spaghetti with Fresh Basil Pesto. Lunch includes cup of New England clam chowder, dessert, coffee, tea or soda. See music legend Yanni in San Jose!

Yanni is on his 25 Acropolis Anniversary Concert Tour 2018 and performs concerts across North America and San Jose is one of his stops! The Community Activities office has been able to procure tickets for dress circle on the lower side for Wednesday, June 6, for an 8 p.m. performance at City National Civic. The cost for this outing that includes wonderful seats and transportation is \$159. Please arrive at 6:15 p.m. at the Patio Room to pick up your ticket(s). Departure will be at 6:45 p.m. with estimated return time of 10:30 p.m. Only 40 tickets available; register in the Community Resource Center, Building B beginning Monday, March 5.

One of the greatest new age musicians of all times, Yanni was a self-taught artist who continues to push the boundaries of music. Born in Greece, Yanni became an American citizen. He traveled extensively and used his world experience to create complex and multi-cultural music. He has performed in restrictively exclusive venues like the Taj Mahal and the Acropolis of Athens. His creative and unique approach to music led him to develop his own musical shorthand when he was a child; he still uses it for his compositions. His long creative partnership with PBS proved that he is also effective at fundraising, and has raised millions of dollars to fund his own and other broadcast events. In addition to producing, directing and performing in his own orchestra, he also lends his charitable fundraising efforts to the World Wildlife Fund to promote the conservation of endangered species. As a keyboardist, composer and musician, he has received two Grammy nominations. Although his music is consistently labeled and enjoyed as a great example of the popular new age genre, he famously defies genre definitions and makes unique orchestral music that embodies his international repute.

This is Yanni as you know him best, performing his instrumental hits from shows that have become famous around the world. You will witness Yanni and his world-class musicians as they take the stage to perform his greatest instrumental hits made famous in his shows from the Acropolis in Greece, the Taj Mahal in India, the Forbidden City in China and the Royal Albert Hall in England.

Yanni’s orchestra is a truly unique collection of musicians. Yanni has handpicked each member of his orchestra and has been in search for the world’s top performers to bring you what you see today. He refers to them as the “United Nations” as they come from all walks of life, backgrounds and experiences from all over the world. Yanni brings you on a musical journey that only this group of musicians can attempt. The talents from each member surpass the imaginable, and they are all brought to you on one stage under the guidance of a true modern day orchestrator.

Jazzercise for Flexibility

By Barbara Tommaney

Many common aches and pains stem from tight muscles and poor movement. Our bodies were made to move but today's lifestyle of sitting in the car, at work and at home, means tighter muscles. In addition as we age our connective and muscle tissue naturally becomes stiffer. Therefore the older you get, the more important a regular stretching routine becomes. The key to good health is to keep your body flexible. This helps your circulatory, lymphatic, and musculoskeletal systems going strong. You feel energized, free of pain, and able to perform daily tasks without feeling tired.

Flexibility training is just one part of your Jazzercise session. Our one-hour session begins with stretching, goes on to aerobics exercise, weight training, balance and flexibility routines and ends with more stretching. Get in the groove and join us at Cribari auditorium any Monday, Wednesday, or Friday, to see for yourself. The first session is free and if you find that you really enjoy it, you can sign up for a full month for only \$36. And if you can't find time for three sessions a week, you can opt for fewer at a reduced price. What are you waiting for? If you have questions, call Herito at 408-238-7511 or Kay at 408-223-7948.

Pete Constant speaks to Republican Club

President Burt Lancaster, Program Chair Bill Eckert, and Guest Speaker Pete Constant

Photo by Dan Affourtit

On Thursday evening, February 22, the Republican Club held its monthly dinner meeting and were entertained and educated by speaker and friend Pete Constant, who gave a marvelous power-point presentation on the dilemma facing the U.S.; and especially California State, County and San Jose government pensions. Our capability to pay these legally binding pensions is reaching a crisis. Retirement Security Inc. headed by former city councilman Constant and former mayor Chuck Reed is working to develop solutions to this crisis.

Art Film for March 2018

By Pam Oliver Lyons

In the spirit of Women's History Month, we will take a journey of discovery Tuesday, March 13 at 7 p.m. in the Vineyard Center, to explore the forgotten histories of a few outstanding women artists from Renaissance to the Dutch Golden Age. Our discussion will begin with viewing "The Story of Women and Art: Discover Extraordinary Women Through the Centuries" produced by Matchlight Limited 2013, narrated by Professor Amanda Vickery of Queen Mary University of London.

We are all familiar with Michelangelo and Van Dyck, but who has heard about Sofonisba Anquissola? Michelangelo praised her work. Van Dyck "pilgrimed" to her home and sketched her at 92! There is Joanna Koerten, the Dutch paper cutter whose work sold for three times the price of her contemporary Rembrandt's masterpiece "The Night Watch." And the amazing 52-year-old Maria Sibylla Merian, a scientific illustrator pioneer, who took her child and went alone on an expedition 5,000 miles away to Suriname. Italian Renaissance Artemisia Gentileschi successfully brought her abusive art teacher into court. She used these experiences to give new meaning to the role of women in her biblically themed paintings.

Research into the history of 16th to 18th century female counterparts to the better known male legacies continue. Join us on March 13 in the Vineyard Center at 7 p.m. Discussion will follow. Bibliographies will be available.

This event is presented by the Villages Arts and Crafts Association.

FROM THE BOOKSHELF

By Elizabeth Benson

“The President Will See You Now” by Peggy Grande: Peggy Grande worked in the Office of Ronald Reagan in California from 1989-1999, serving as President Reagan’s executive assistant. She shares behind-the-scene stories, intimate moments, and insights into an unparalleled perspective on the post presidency of a political icon. Grande’s stories and never-before-seen photos show a unique, private side to a public figure and leader. Her memories include trouble finding a Stetson cowboy hat in Mikhail Gorbachev’s size, to her clandestine calls with Nancy Reagan to ensure that an unfortunate item of the president’s wardrobe would “disappear.” She shows how, despite his eventual Alzheimer’s diagnosis, he remained true to his core beliefs, gentlemanly kindness, undying hope for this country, and the American values he represented: faith, optimism, and patriotism. 920. Reagan, Ronald. 2017

“The House of Unexpected Sisters” by Alexander McCall Smith: Mma Ramotswe and Mma Makusi are approached by Mr. Polopetsi with a troubling story: a woman, accused of being rude to a valued customer, has been wrongly dismissed from her job at an office furniture store. Mma Ramotswe is also puzzled when she happens to hear of a local nurse named Mingie Ramotswe. She thought she knew everybody by the name of Ramotswe. Then, she is alerted that an unpleasant figure from her past has recently been spotted in town. Mma Ramotswe does her best to avoid the man, but it seems he may have returned to Botswana specifically to seek her out. Fiction. 2017. Large Print

“The Marsh King’s Daughter” by Karen Dionne: At last, Helene has the normal life she craved: a loving husband, two adorable daughters, a business that pays the bills. But when her father escapes from a nearby prison, she was a fool to think she could put her dark past behind her. Helene has a secret: she is the product of an abduction. Her mother was kidnapped as a teenager by Helene’s father and held captive in a cabin surrounded by swamp in Michigan’s Upper Peninsula. Helene was born two years later. She has hidden her past so thoroughly that even her husband has no idea of the truth. But after her father kills two prison guards and vanishes into the marshland, Helene knows the police don’t stand a chance of finding him. Only one person has the skills to catch the notorious child abductor and survivalist the world calls the Marsh King, because only one person was ever trained by him: his daughter. Unless he finds her first. Mystery. 2017

“In The Midst of Winter” by Isabel Allende: Richard Bowmaster, a 60-year-old human rights scholar, hits the car of Evelyn Ortega, a young, undocumented immigrant from Guatemala, during a snowstorm in Brooklyn. What at first seems a small inconvenience takes an unforeseen and far more serious turn when Evelyn turns up at the professor’s house seeking help. At a loss, Richard asks his tenant Lucia Maraz, a 62-year-old lecturer from Chile, for her advice. These three very different people are brought together in a mesmerizing story that moves from present-day Brooklyn to Guatemala in the recent past to 1970s Chile and Brazil, sparking the beginning of a long overdue love story between Ricard and Lucia. Fiction. 2017

“Typhoon Fury” by Clive Cussler and Boyd Morrison: When the leader of a militant communist insurgency in the Philippines escapes capture from the U.S. government, it’s up to Juan Cabrillo and the crew of the Oregon to catch him. Tracing the insurgent through his drug lord allies, Cabrillo learns his adversary has his eye on an addictive chemical compound developed during World War II that can turn civilians into super soldiers. And an unpredictable gun for hire is zeroing in on the same target. Cabrillo may be heading into more troubled waters than he realizes. A mega storm is brewing off the Pacific coast. Once the downpour begins, there will be no turning back for anyone. Fiction. 2017. Large Print

Band Concert...

(Continued from front page)

Finally, what could be more fitting on a journey of escape than a rousing rendition of the Tritsch-Tratsch-Polka, by Johann Strauss II. The title could mean “Chit-chat,” referring to the Viennese passion for gossip, or it might mean Strauss’ first wife’s poodle, also named Tritsch-tratsch—who knows? Come over to the concert and see what you think. And if you feel inclined to hum along to any of these familiar tunes, please do it softly: The rest of us want to hear the band!

SIR 38: ‘Causes of and possible solutions to climate change’

By Al Lumas

During our March 20 luncheon meeting, Sudhanshu “Suds” Jain will discuss the fundamental science behind climate change, a few of the impacts, and possible solutions to address this problem. Non-SIR members wishing to attend the presentation should arrive at the Clubhouse at 12:30 p.m.

Suds designed integrated circuits for 25 years. In 2008 he decided that the impending Climate crisis was far more important than designing the next switch chip for computer networking and he “retired” from Broadcom Corporation to become a “professional volunteer.” He also coached a FIRST Lego League robotics team for five years and the high school FTC robotics Team at Wilcox High School for three years. He currently serves on the City of Santa Clara planning commission.

He also serves on the Board of Acterra.org. He has also installed solar panels on low income housing with Grid Alternatives. He’s active with Citizen’s Climate Lobby, which advocates for a carbon tax with 100 percent revenue recycling (dividends to consumers). Since September 2011, he’s been teaching a “Climate Change Science” class to middle school students at Discovery Charter School. Sudhanshu holds BSEE and MSEE degrees from MIT.

Glass Fused Jewelry Class with Carol Norden

Here is an opportunity for Villagers to create their own one-of-a-kind fused glass necklaces. Carol Norden is conducting a class in Glass Fused Jewelry on two Tuesdays: March 20 and 27 in the Cribari Art Room, 10 a.m. to 2:30 p.m. On the first day, participants will select from Carol’s large collection of Dichroic glass to design pendants, which Carol will take home and melt in her glass kiln. The next Tuesday, participants will attach the glass chips, pearls, crystals and beads to the fused glass to create a pendant.

Depending on how much time they spend on each piece, participants should be able to make an unlimited number of pendants that are great for gifts or to enhance their own jewelry collections.

The fee for this class is \$75, which covers both days of this Glass Fusion Jewelry Making Class on successive Tuesdays, March 20 and 27.

Register with Judy Wessler at judywessler@gmail.com or 408-646-3687 to participate in this fun class. Registration and payment due by March 17.

Senior Academy: ‘The Struggle for Ireland’s Independence’

Ireland was England’s first and longest-held colonial possession. The dramatic story of how the Irish endured military defeat, land confiscation, economic and political suppression, religious discrimination and impoverishment to gain their independence will be the focus of a two-session course at the Vineyard Center at 2 p.m. on successive Tuesdays, March 20 and 27. The course will explore Ireland’s long and complex relationship with England, the enduring struggle for Irish independence, and the nature and limits of its eventual achievement.

Teaching the course will be Dr. Tim O’Keefe, Professor Emeritus in History from Santa Clara University, whose heritage has given him a special interest in the history of Ireland. The Brutacao Award for Teaching Excellence, the David Logothetti Teaching Award, and the President’s Special Recognition Award are among his many honors.

Advance registration is required for this course. The cost is \$25 for Senior Academy members and \$30 for non-members. To register, contact Bev Murphy at 408-613-2499 or Jean Hinman at 408-238-0575 or sign up online on the Senior Academy’s “Reggie” website.

Curious about the Evergreen Initiative?

By June Hayes

Are you curious about the Evergreen Initiative and the possible unintended consequences? Come to the Republican Club meeting on Thursday, March 22, 10 a.m. at Foothill Center for some answers and welcome Bonnie Mace who will speak about how this initiative could have unintended consequences.

Bonnie Mace is a two-term school board trustee in the Evergreen Elementary School District. She has lived in Evergreen for 20 years, and has served as the past President of the District 8 Community Round Table in addition to serving as past Housing Commissioner, General Plan Task Force Representative, and Redistricting Commissioner for the City of San Jose. She currently works as the Executive Director of the Santa Clara County School Boards Association and is a Professional Expert for the Santa Clara County Office of Education. She has a Ph.D from UC Berkeley in Political Science.

Speaker Bonnie Mace

Here is some more background on the Evergreen Initiative:

What does the Evergreen Senior Homes Initiative do? (1) Creates the Evergreen Senior Homes Specific plan, a 910 senior housing development on 200 acres of open space on the far eastern edge of San Jose, adjacent to the foothills, and (2) Creates a Senior housing Overlay that can be applied to unspecified sites throughout the city of San Jose.

What will the impacts of this initiative be? (1) Cost the city \$24.5 million per year in increased services, such as police, fire, libraries and parks; (2) Increase traffic across the region; (3) Weaken San Jose's affordable housing requirements; and (4) Encourage residential growth on the outskirts of the city, resulting in sprawl development.

'March Madness' to kick off Villages

Crafters sales events

The Boutique is back! Sort of. After the Villages Boutique was shut down by the Arts & Crafts Association late last year, its members formed a new organization called the Villages Crafters. Much to the delight of its members and their Villages supporters, the club was officially recognized by the Villages Board of Directors on February 27.

To celebrate their new status, the Crafters will be hosting a March Madness sale of their wares on March 24 at the Vineyard Center. The sale will take place from 10 a.m. to 2 p.m. All types of crafts will be offered: fabric items, ceramics, jewelry, mosaics, cards and much more.

The format of the sale will be much like the old Boutique shop—items will be displayed with their prices and a cashier will take payments. At this time the Crafters have not been able to arrange for payments to house accounts so payment will be by cash or checks.

Barbara Osborne, Director of the Villages Crafters, says, "Our Villages supporters have been asking us when we would have our wares available for sale again, and so we're really looking forward to this event. Our long-range desire is to have a sales space within the Villages and available to Villagers on a six-day a week basis as was the case with the old Boutique."

Mary Wollesen will be showing her handmade quilts and other fabric creations at March Madness.

Sign up granddaughters, nieces for Corena Green Golf Classic

Villagers! It is that time again when our Women's Long Nine Golf Club begins its search for young women golfers between the ages of 8 and 17, to play in this year's 28th annual Corena Green Junior Girls Golf Classic. This is a great event planned and sponsored by WNHGA. It will be held this year at Contra Costa Golf & Country Club on August 7.

There are two age groups, 8-13 and 14-17. They do not have to be terrific players, but have to have played enough to know the rules and proper etiquette of the course. Prizes and scholarships will be awarded. Last year we sponsored six young ladies and they all had a great time.

So, ladies and gentlemen of the Villages, if you have a granddaughter or niece, or have a friend who knows someone who might qualify and would like the experience of playing in a 9 Hole Golf Tournament, application forms will be coming out soon. Spots do fill up very quickly, particularly in the 14 to 17 age group, so if you have someone who is interested, please contact the representative listed below early for the applications.

For more information, contact Swinger Representative Mary Stowers at 408-440-2856.

SENIOR RESOURCE SERVICES

Preview your letter-sized mail

Are you curious about what will be in your mail today? Are you on vacation and wonder if a certain check has arrived? The United States Postal Service (USPS) offers a free notification service to residential consumers called USPS Informed Delivery. If you register for this service, you will receive a daily e-mail showing the exterior images of your letter-sized mail to be delivered that day. The daily e-mail will also include USPS packages that will be delivered that day.

If you would like to know what mail you are going to receive, register for this free service at the web address: informedelivery.usps.com. (Note: do not enter www.)

You will be asked three or four security questions by the USPS to be sure you, rather than a Bad Guy, are the registrant. Remember, the USPS, while privatized, is still part of the Federal Government and, consequently, knows a fair amount about you. Questions we are aware of are:

- What are the last four numbers of your SS number?
- What is the square footage of your home?
- When did this become your address?
- What did you pay for your home?
- What year was your SS number issued?

All but the first question is presented in a multiple-choice format.

SRS recently learned that the daughter of a Villager uses this service in a unique way to help her mother. Last year mother could not find all her form 1099s needed for her tax return. Mother insists the forms must have never arrived. Daughter suspects they were tossed with the junk mail.

Daughter registered mother with the Informed Delivery service. However, rather than asking the e-mail to be sent to mother's e-mail address, the application listed daughter's e-mail address.

Daughter visits mother frequently but is now timing her visits based on the daily e-mail showing what mail mother will receive. Daughter visited the day mom's CalPERS 1099R arrived and again the day the 1099 arrived from Fidelity. We think this idea might be of use to Villagers with aging family members.

If you register, the service will begin in a business day or two.

Note: The Senior Resource Services (SRS) office hours for drop-in assistance are Monday, Wednesday and Friday from 10 a.m. to noon. The SRS office is in the Cribari Center across from the Post Office. You may also leave a message at 408-239-5253. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional adviser about your individual situation.

SRS announcement:

Medicare & health insurance counseling March 22

Have you run a health check of your Medicare plans lately?

A HICAP counselor will be at The Villages on Thursday morning, March 22. HICAP (Health Insurance Counseling & Advocacy Program) is a non-profit volunteer-based counseling program to help senior citizens needing education and assistance with the complexities of Medicare, supplemental health insurance and Health Maintenance Organizations.

To schedule a one-on-one appointment at the SRS office, call Sourcewise at 408-350-3200, select option 2 and tell them you want an appointment at The Villages. If you are already on Medicare, please bring your Medicare number and ID cards of any other health insurance plans you have. Also, please bring your detailed list of medications including name, strength and dosage.

Sustaining Donors—Giving Where They Live

By Maxine Amundson, EVF Secretary

Donors to The Foundation make a difference in their lives and to their fellow Villagers. Villagers enjoying the new Clubhouse renovations are Pam and Lee Leonard who have been donors since the sustaining program began in 2013. Join our growing number of sustaining donors and help us reach our 5 percent participation (126). Making a donation via your monthly assessment is easy and convenient. Download the Authorization Form from our website www.evf.org (Support Us tab, Make a Donation) and drop off at the Accounting Office in Building A.

Deer, Oh, deer!

Photo by Greg Karayan

By Louann Partridge

I'm very sad to say that we will not be able to rehabilitate orphaned fawns here in the Villages. The Native Animal Rescue (NAR) concluded that because our area is fenced, the deer would not be able to be released into the wild— which is their goal for the little animals.

So what happens now? We plan to continue monitoring the fence openings and may also open other fence locations. The counts done in spring and fall will still be done, and it is our hope to continue having the landscape clipping stations as a way to reduce the amount of damage to resident landscape that the deer do.

Your assistance in reporting deer— whether they are in trouble or just doing their “thing”— would be much appreciated. You will still be able to view the pictures that our cameras take at our website— SJdeer.com.

Your support in the effort to join the fawn rescue program was wonderful!

Look for notice about our next club meeting in the near future.

COMMUNITY CHAPEL

By Pastor Bill Hayden

Today, I sit at my desk looking out the window with a grateful heart as I reflect upon how far I have come. Through life lessons, I have learned how precious our time is that we share with one another. Sometimes we never appreciate the people that we have in our lives that encourage, support and correct us while loving us with all our imperfections, until they are gone.

There aren't too many people who come into your life, that you truly can say, "That's my friend and I would give him the shirt off of my back." In some cases, people might say that "he or she is my friend as long as they don't ask for the shirt off of my back." Have you ever had a friend willing to be selfless in loving and accepting you with all your idiosyncrasies?

When I was a teenager I had several friends in high school that would give me the coat off their backs and I was willing to do the same. If my friend Jimmy was alive today, I would be willing to share what I have. We each chose different paths in life and his path ended in an untimely death.

I am grateful that I can remember what a precious time it was in my life to develop friendships and how important they are in the brevity of life. Does someone come to mind as you read this article today? If they are among the living, then reach out to them and tell them thanks. You may not be as close as you used to be, but tell them anyway, and you will be surprised at what happens.

Here is a little challenge for you this week. When addressing each other (someone you know or someone you don't) call them friend and observe their reaction. You may be pleasantly surprised by their response.

John 15:15 NKJV *"No longer do I call you servants, for a servant does not know what his master is doing; but I have called you friends, for all things that I heard from My Father I have made known to you."*

Please feel free to join us this Sunday and sit among friends at the Villages Community Chapel in Cribari Auditorium 10 a.m. to be encouraged over the Word, a cup of coffee and cookies. **The chapel is a place for needs to be met, faith to be affirmed and people to love.** We would love to meet you. If you would like to make an appointment with Pastor Bill please call the office at 408-238-3079. *To learn more about the Villages Community Chapel visit our website at <http://www.villagescommunitychapel.org/>* Rejoice in the Lord!

It was so cold and windy on Tuesday morning when 30 of us Swingers went out to play that you would have thought we were in South Korea! Dressed in so many layers, we were lucky to move our arms to swing the club! Take a look at this recent photo of Lucy Tremoureux all dressed for her round of golf! Despite the cold, there were two chip-ins: Nancy Carson on hole 5 and Karen Carlson on hole 17. Congratulations to both of you!

On March 13 we have our General Meeting and Luncheon after play at 11:30 a.m. A delicious menu is planned: apple, walnut and cranberry salad, vegetable quiche,

fruit, and brownie a-la-mode. Come and enjoy the company of long-time friends as well as newcomers to our group. We encourage both social members and golfing members to attend. You'll learn the latest happenings of the group during our business meeting. You should have been or will be contacted as to whether you'll be attending or not. Looking forward to seeing all of you there!

Did you hear about the golfer who went to the Pro for a lesson? Of course, the Pro wanted to see his swing. He proceeded to hit the ball, which resulted in a pronounced slice. "Wow!" said the Pro. "If that's where you meant to hit the ball, you don't need a lesson from me." This, by the way, would not happen at The Villages!

SHONIS

The Shonis were met with another cold, windy day Tuesday, February 27. Yet, Nancy Chesterton, Teddy Morse, Jonna Robinson, Kacy Walden and Julianna Wahlgren joined the six sweeps winners in playing despite the bitter temperatures and wind.

The weather may have had an impact on play, as there were no birdies on Tuesday. When a Shoni gets her first birdie of the Shoni year (November through October) they receive a birdie pin. After that they are recognized for birdies, but no additional pins are given. Shoni Barbara Karayn asked why birdie pins can't be given each time a player gets a birdie. In recognition of her suggestion Shoni Co-Captain Kacy Walden presented Barbara with a "birdie" for her hat (see picture). Thanks to Barbara's suggestion, the Shoni board is considering making birdie pins available for every birdie. This should make for some colorful hat decoration.

Barbara Karayn and her "birdie."

Last week it was reported that the Shonis are sharing the \$4 bucket so that all the balls can be used and thus not taken home. This week players were pleased to find a \$2 bucket of about 24 balls that can easily be used for warmup before play, or if needed, shared by two players. The Shonis thank the pro shop staff for recognizing the issue only having a \$4 bucket caused and instituting a solution.

Sunday is the start of Daylight Saving Time and with it the promise of great weather for golf. The Shonis invite beginning and experienced golfers alike to join them on Tuesdays for a 9:30 a.m. tee time and come out on Thursdays to practice. In March the Thursday tee time is 10:30 a.m. and is open to all golfers, not just Shonis.

IRONMEN

By Bill Travis

It was rain and red flags last Thursday and therefore Ironmen play for the day was canceled. Below is an update of the current championship standings for the year:

- Currently in first is Jerry Weltzin
- Second David Hathaway
- Third Mario Silva
- Fourth John Eige
- Fifth Ron Munz

Great/Not-so-Great/Otherwise Interesting Moments in the History of Golf:

- The Romans played "paganica" with a curved stick and a ball stuffed with feathers;
- The Dutch played "het kolven," a game similar to golf, on land and ice;
- 1452, first recorded mention of golf when James II banned it because it kept his subjects from practicing archery;
- Ban evidently not effective because another ban put in place in 1471 by James III;
- 1491, banned again by James IV;
- 1567, Mary Queen of Scots plays golf the day after her husband was murdered;
- 1659, golf banned from the streets of Albany, New York;
- 1744, the Honorable Company of Edinburgh golfers create the first written rules for golf;
- 1754, the St. Andrews Society (now the Royal and Ancient Golf Club of St. Andrews) took over development of the game and remains in control of the standards and rules some 250 years later. From "Five Centuries of Golf" by Christopher Armour.

By John Eige

The 27th of February fell between rainstorms. Sunny, but four layers cold! Several members canceled out, but enough of us were present to be able to compete. There were no ties today, and the net sweeps winners were:

First - Bob Gregg with a nice low net 31.

Second - Larry Chin with a 33.

Third - Gus Warmerdam with 34. (Gus had just joined us and was playing with us for the first time. He enjoyed the day enough to sign up for next time.)

Fourth - David Cook, with a 38, showing us that even a little over par sometimes can be a winner. (Keep competing!)

The first four place-holders in the competition for Pinseekers Champion of 2018 did not change with today's results, but the difference between First and Second did get down to one point. The leaders and their points are: Phil Robinson 51, David Cook 50, Bob Iacopi 47, and Tak Okabe 41. The total roster of progress gets updated on our space in the Posting Room.

Upcoming Events

Save the Date! Sunday, April 29 – Swinging for Memories Golf Classic – 9:30 a.m. shotgun with lunch. The Villages Golf & Country Club will be hosting the first annual “Swinging For Memories” Golf Classic. We are inviting you to be a participant in this very special occasion. We are fundraising to raise awareness about a horrible disease and to advance the care, support and research efforts of the Alzheimer’s Association. Today over 35 million people across the world are living with Alzheimer’s, including more than 5 million Americans. In the U.S. alone, more than 15 million caregivers generously and tirelessly dedicate themselves to those with Alzheimer’s and dementia. We must take action now, or these numbers will continue to rise. Our mission is to show those facing Alzheimer’s disease that they are not alone. Together with the Alzheimer’s Association we will make a positive impact on those facing the disease. Please mark your calendars, save the date and show your support. Thank you! **For more information, please call Hannah Summerhays** at the Pro Shop. Entry forms will be available soon. Put your foursome together now for this promising event!

Golf Scheduling—On Sunday, March 11, Daylight Savings begins. As we set our clocks one hour forward, the sun will rise a bit later to start the day, and will go down a bit later to end the day. Also, Twilight Rates will move to 3p.m. daily on both the long course and the Par-3 Course; and Super Twilight Rates will return at 5 p.m. We will be keeping the Pro Shop open until 5:30 p.m. this season so that Super Twilight players can check into the Pro Shop before teeing off. After 5:30 p.m. we will ask any residents to please sign in on the Pro Shop door for Super Twilight play. After 5:30 p.m., the Pro Shop staff will be marshaling the golf course to ensure that no residents are playing golf without checking in and paying the appropriate fees.

‘Anything Goes’...

(Continued from front page)

Miner’s major move came when he auditioned for our Tony award-winning musical comedy “Anything Goes.” He won a major role (over 200 lines) as a second-rate conman named Moonface Martin, aka Public Enemy #13. Paul is quite a success story. Just think, you might consider doing the same thing. Paul Miner—one of the many reasons to see “Anything Goes.”

There will be three performances - Friday, April 6 at 7:30 p.m.; Saturday, April 7 at 2:30 p.m. and Sunday, April 8 at 2:30 p.m. in the Cribari Auditorium.

Tickets are \$15 each will be sold on Saturdays, March 24 and March 31 in the Cribari Center Redwood and Terrace rooms from 10 a.m. to noon.

Cole Porter’s songs, dancing and side splitting comedy are part of this Tony Award-winning shipboard musical comedy. Get your tickets early. Odds are, this will be another sell out.

Homeowners' Corporation Directors Election 2018

Want to make a difference in your community? The Homeowners' Corporation (HOC) Board of Directors is looking for you. Serving on the HOC is a rewarding and interesting activity that makes you feel a vital part of the community. You get to know your neighbors and you can make a difference in their enjoyment of Village life.

The Villages Homeowners' Corporation mission statement reads "The Homeowners' Board of Directors manages and regulates the use and enjoyment of the Homeowner Development in accordance with the governing documents and the law, and in a manner that preserves, protects, and enhances homeowner property." The bylaws of the Homeowners' Corporation provide that there will be five directors serving on the board. With the terms of Julian Rodriguez and Greg Stewart expiring in June (both are eligible to serve again), the Homeowners' Corporation Board will have two director vacancies.

Not ready to make the leap to serving on the board, but interested in getting involved, the board recommends you consider service on the HOC's Architectural Control Committee (ACC). Service on this committee gives you the opportunity to become familiar with the four Villages containing single-family homes and assist your neighbors as they upgrade their homes to meet their particular needs and life style. To have a chance to serve on this committee all you have to do is apply to Committee Chair Ron Steckel and Ron will review your request and bring it to the HOC Board for approval. Four of the current members of the HOC Board all served on the ACC before becoming board directors.

If you would like to find out more about serving on the Homeowners' Corporation Board of Directors and/or the Architectural Control Committee, please contact any current board member, President Teddy Morse, 408-394-5229; Vice President Julian Rodriguez, 408-532-9070; Secretary Greg Stewart, 408-531-1029; Chief Financial Officer Mike Kane, or Assistant CFO/ACC Liaison Jeannie Omel, 408-238-5157.

FROM THE CLUB NOMINATING COMMITTEE

Club Board candidate interviews start in March

Candidate interviews start in March. If you are considering running for the Club Board, now is the time to schedule your interview. Current and former board members do not need to interview. However, the Nominating Committee report of candidates is scheduled for the April 17 board meeting, so declaring your candidacy to the Nominating Committee soon is advised.

The Club governing documents provide that there shall be seven directors, and election will be held during May and June for three director positions to serve three-year terms. The Club Board is responsible for the management of Club operations including—but not limited to—all recreational, social, and cultural events in operation at the Villages, maintenance of the streets, the community centers and adjoining swimming pools, the Clubhouse/Pro Shop complex, the two golf courses, and tennis courts.

It's a rewarding experience to participate in the governance of this vibrant community. The Nominating Committee urges all Villages' property owners to consider involvement in community decisions through service on the Villages Golf and Country Club Board of Directors.

If you are interested in being a candidate, and/or need additional information, please contact the Club Nominating Committee Members: Nancy Fodor, 408-528-0476; Rick Jiloty, 408-528-8116; Tom McLaughlin, 408-531-8874; Teddy Morse, 408-394-5229; Peggie Romanow, 408-528-8732.

Villages Overseeding Project Schedule

By Mike Ney, Branch Manager for BrightView Landscape Services

We want to reach out and provide an update on the status/progress of the Villages overseeding project. To date we have completed approximately 90 percent on the areas to be overseeded. We postponed the remaining 10 percent of the project from January through mid-February while germination conditions were inhibited. With the longer days and improving germination conditions we are ready to resume the project. We will begin spraying out selected undesirable grass species this week. This will be followed by mowing the remaining lawns very low, applying the seed with a slice seeding machine and covering the overseeded area with mulch. We will work through the remaining neighborhood as outlined in the schedule below. We will be starting with Highlands and end with Valley Vista. The project should be completed by the end of March.

Villages	Acres	Start Date	Completion Date
Highland	1.5	February 2018	March 2018

Dealer: South
Vulnerability: None

Bidding: South	West	North	East
1 Heart	Pass*	Pass	Double^
Pass	All Pass		

Contract: 1 Heart by South
Opening Lead: Queen of Clubs

Dealer has at least 2 losers in Spades, 3 or more in Hearts, 1 in Diamonds, and 1 in Clubs.

Strategy: For East to double he probably has 4 Spades, and 2 or fewer in Hearts, and that means West could have 4 or 5 Hearts this could be very bad news for South. In other words he can't afford to draw trumps but late in the contract he won't have this choice.

West leads the Queen of Clubs, and South's takes the trick with the King. By the way, an honor sequence lead is preferred to a singleton lead when holding "natural" trump tricks. South plays a Diamond from the board, East ducks, South wins with the King, follows with the Queen, West sluffs a Spade, and East covers with the Ace, and then leads a Diamond, South, the Jack, and West takes the trick with a Heart. He switches to the Ace of Spades, next the Jack, East overtakes the trick with the Queen follows with another Diamond, South sluffs a Club, and West trumps again. He then leads the Jack of Clubs, South covers with the Ace, leads a low Heart, West wins, plays a Club, South trumps, follows with another Heart, West covers with the Queen, continues with the Ace of Hearts, then plays his last card, a Club, and South takes the trick with his last card, the King of Hearts. Poor South, he is down by two tricks, doubled and vulnerable giving the opponents 500 points.

* West is correct to pass having 5 or 6 cards in the opener's suit; especially, when it is a major suit.

^ East's double shows support in the other suits and shortness in the opener's suit and wants his partner to bid his longest suit. West, on the other hand, is excited at the opportunity to pass and let South play the contract while being vulnerable.

WHERE IN THE WORLD IS THE VILLAGER?

Here's how it works: Take along a copy of *The Villager* on your next vacation—it's not heavy—and have your picture taken holding up the paper with a well-known landmark or celebrity. Just tell them it's for the folks back home. (And be sure to get your camera back!) Then after you unpack and process your pictures from your vacation, e-mail your Villager picture (in Jpeg format) and perhaps a couple of "zingers" from your vacation and e-mail the files to shinrichs@the-villages.com. We'll publish your smiling face with your favorite local paper for all to see.

Patti and Frank Bell of The Heights and Bob and Vicki Krattli from Del Lago are shown at the Pantheon in Rome with "The Glory Hole" in the background.

Adult Computer Classes offered in San Jose

Computer Classes for Adults at the Almaden Community Center will be holding its registration on March 17 at 11:30 a.m. at 6445 Camden, San Jose. The Spring Session dates are April 2 through May 25.

For the past 17 years, the SeniorNet Learning Center of Almaden has taught adults how to use their computers, tablets, and smartphones. Starting this year, our name is now Computer Classes for Adults, a 501(c)(3) nonprofit education organization. We'll also be known sometimes as AlmadenCCA. Same location. Same staff. New name. Same goal of helping you make better use of technology so you can keep up with the modern world.

We welcome all adults who want to know more about their computers, smartphones, and tablets, and who want to learn at a comfortable pace, with individual help when needed. Classes are taught using PC computers with Windows 10; no Apple Mac computers. Students taking iPhone, iPad, and Android courses bring their own devices to class.

Session topics include Computer Basics (for beginners and anyone who wants to refresh their skills), Windows 10, iPhones and iPads, Android phones and tablets, the internet, using Uber and Lyft, Gmail, Google Photos, Photoshop, Microsoft Word, Print Shop party projects, organizing the stuff on your computer, and even an iPad course for musicians. The two-hour workshops are a quick take on a variety of subjects. You can sign up by attending registration or by using the proxy form in the eight-page brochure (mailer), which includes the schedule and descriptions for all courses and workshops. If you do not receive the mailer directly, you can find it at the website address below.

If you were on the old mailing list, you'll receive the mailer. Copies will also be available at the information desk in the lobby or visit almadencca.org, where you'll find links for the schedule, mailer, and a proxy form. Call 408-674-1401 if you have questions.

Along the Way—a trip down Memory Lane

(With Tom Zades—contact him at: tomzades@gmail.com)

When we learned in high school that Socrates said: "The unexamined life is not worth living," we probably thought: "I had better stop and examine my life at some point. I don't have time right now." I dare say a lot of us probably never found the time, but life has certainly been worth living. Socrates was probably given to dramatic overstatement or something. Patrick Henry said, "Give me liberty or give me death!" Yikes!! Life is precious; human life in particular, and my life most of all. Let's not get carried away there, Pat.

During the Cold War, with Sputnik orbiting the earth, we feared that Russia would be able to spy on us and eventually conquer the world. (My, how some things never change!) The doves said, "Better red than dead." The hawks said, "Better dead than red." JFK said, "Neither dead nor red." My, how some things never change!

OBITUARY

Allen Lee Jones
September 13, 1941 — February 17, 2018

Allen Lee Jones, beloved husband, father and grandfather, passed away on February 17, 2018. Allen was born on September 13, 1941 in Santa Monica, CA. A hard worker and an athlete, Allen worked at the family gas station and on vehicles while in school, playing football and baseball as well. He married his high school sweetheart, Karen Cochran, in 1960. He wooed her by pulling on her hair while in class, and she got him to start courting her by stealing his library book so he had to go to her house. Allen and Karen had two lovely children, Donald and Brenda, and they lived in the Northridge area for fifty years where he worked at Jones Bros Welding from 1961 to 1996. After coming and going to Mariposa for over thirty years, Allen and Karen officially moved to town in 1996 and lived happily for 15 years. After sadly losing Karen in 2007, Allen remarried Sandie Parker in 2010, where they retired to San Jose. Allen was an amazingly kindhearted husband, father, and grandfather. While strong, he was tender and supportive tenfold. He enjoyed days filled with welding, golfing, and sneaking candy. He is dearly missed by those he is survived by: his wife, Sandie; son, Donald; daughter, Brenda; daughter-in-law, Sue and grandchildren, Travis and Allison; and many more family and friends.
