Driving Range concert is coming back!

The Concert on the Driving Range is back! The Jerry Saucedo Trio will provide our entertainment and dancing music, so get ready to party!

This is a super day and you don't want to miss out on the fun! Join us on Saturday, September 29, for the *best* Driving Range concert yet! Get ready to party from 5:15 to 8 p.m. Admittance to the driving range will be at 4:45 p.m. Drive your golf cart and/or bring your lawn chairs to get up close and personal with the band. No-host bar with margaritas, Mexican and domestic beer, wine and cocktails will be available for purchase. Please leave your alcohol at home or you will be able to leave it with us until the end of the evening. (We promise to give it back...maybe.) You may bring your own bottled water or soda.

We will enjoy chicken or beef tacos, or beef or chicken nachos, with all the fixin's. The cost for this event is \$19 per person. Register and get your wristbands and ticket at the Community Resource Center, Building B beginning on Monday, August 6.

Matinee Theatre to perform 'The Foreigner'

Matinee Theatre will be 3 p.m. Friday, August 17 in the Cribari Auditorium. The show is free, refreshments will be available, and tickets will be given out to attendees for a 10 percent discount at the Clubhouse after the show Friday, August 17.

We will perform Larry Shue's hilarious "The Foreigner," which won two Obie Awards and two Outer Critics Circle Awards. This madcap, screwball comedy is guaranteed to leave audiences teary-eyed with laughter. Don't miss the chance to see what is described as "one of the funniest comedies ever written."

"The Foreigner" is set in Betty Meeks' Fishing Lodge Resort, Tilghman County, Georgia. "Froggy" LeSeuer, a British demolitions expert, has brought a friend, Charlie Baker, who is pathologically shy and overcome with fear at the thought of making conversation with strangers. So... "Froggy" tells everyone that Charlie is a foreigner and speaks no English. Once alone, the fun really begins as Charlie overhears more

2019 Master Calendar is ready

Please plan on spending a few minutes to go over any changes made to 2019 calendar and setups.

Get ready for Home Studio Art Tour

By Laurie Porges Truman

Our Home Studio Art Tour (Sponsored by the Villages Arts & Crafts Club) is set for Saturday, August 25 from 10 a.m. to 3 p.m. This is most unique as our talented resident artists and crafters open their homes for you to tour. You may see a gallery setup, their workspace studio, and even pieces they will have for sale. A map will become available so you can plan your self-guided tour. More information to follow.

Attention Artists and Crafters! Please go online at www.villagesartsandcrafts.org (and look for the Home Studio Art Tour), or contact Judy Wessler at judywessler@gmail.com to get a contract in order to be in the tour and get on the map. Contracts are due by August 10.

See Jazz Duo-Holland & Coots!

"Exciting, exhilarating, and exhausting!" is probably the best (and most alliterative) way to describe the jazz duo of Holland & Coots. Brian Holland and Danny Coots began performing together in 2010 after spending decades individually on the jazz and ragtime circuits honing their skills on piano and drums, respectively. Since joining forces, they've been on a mission to introduce audiences all over the world to their style of music and fun. With a delightful mix of jazz, blues, stride, boogie, pop, and ragtime, Holland & Coots have created something for every taste. This winning duo has been the driving rhythmic foundation for bands like the Titan Hot Seven and B.A.D. Rhythm, and has several recordings to their credit.

Having seen them before, I can't wait to see them again watching them perform...obviously their enthusiasm is contagious. They enjoy performing and you'll be thrilled to watch them perform. (Check them out on the link available on Fastlane and Channel 26.) Don't miss this fun and joyful performance!

Brian and Danny will perform in the Cribari Auditorium on Saturday, August 18, beginning at 7 p.m. The cost for this fun

COMMUNITY NEWS

PULSE

Dear Readers: The Villager welcomes everyone's voice sharing ideas, opinions and accounts of life in The Villages in the Pulse column. Please follow the guidelines carefully.

Pulse deadline is 11 a.m. on Friday of the week prior to publication.

Pulse letters will be published in complete or abridged form at the discretion of the Publisher and in accordance with the editorial policies and rules established by the Club Board of Directors. (See VGCC Rule 1.30.) Opinions expressed by Pulse letter authors do not necessarily reflect the opinions of The Villager Publisher, staff, boards of directors or management.

All Pulse letters must be 200 words or fewer on a single topic relating to life in the Villages. Each letter must also include name, address, phone number, date and number of words.

Typed or legibly written letters must include your signature and may be hand delivered to the Pulse mailbox in Administration Building B or by mailing to the Communications Advisory Committee, 5000 Cribari Lane, San Jose, CA 95135.

E-mailed letters must include the text within the body of the e-mail and the subject line must read PULSE LETTER. Submit to: shinrichs@the-villages.com.

The afternoon of July 21 I happened to see a bunch of keys including a KIA ignition key, a remote and CVS card near a walkway leading to Cribari Center.

I asked a couple of persons I saw on the way who said the keys weren't theirs. Later, I took them to Lost and Found in Building B and handed them to the person at the Resource Center desk to be held for the owner.

I hope the owner will come and get his/her keys from Building B.

—Aswath Iyengar

It is alarming that our HOAs have gone up. One of the reasons for the raise is water costs. Day after day I open my garage and see sprinkler water going across the street and down the drain—with my money. I continue to see this all over The Villages. I have reported it and have a work order in place, but the water continues to flow. I see it in Cribari in front of the auditorium, Chenin Blanc, Montgomery and others. I think this problem should be a priority to be fixed, don't you?

—Diane Caselli

Attention Pulse authors!

When you write your Pulse letters, don't forget to:

• Include your name, address and telephone number at the end of your letter. Your contact information is important in case the Communications Committee members have questions or need to verify your identity.

- Sign your letter if you are bringing a paper copy to the Pulse mailbox in Building B.
- Put the word count of the letter at the end of the letter—Remember, it's 200 words or fewer.
- Put "PULSE" in the subject line of your e-mail if you are sending it in electronically. (E-mail your Pulse letters to: shinrichs@the-villages.com)

Forgetting to follow the Pulse guidelines may result in your letter being delayed.

Note: The Communications Committee is now verifying the authorship of submitted Pulse letters. If a Pulse Letter is dropped off in Building B, we will call the author to make sure that person wrote and submitted the letter. If we cannot reach that person we will hold the letter until we can reach them. This means we may reject the letter for a week or more if we are unable to verify the authorship.

...this just in.

BOARDS & COMMITTEES

Homeowners' Corporation Board Update

Communication is key to meeting the needs of our members, and, thus, we are continuously looking for new communication avenues. One of those is the Single-Family Homeowner Group on Nextdoor.com. If you are a member of Nextdoor and own a single-family home, you are automatically enrolled in this private group of homeowners. We use this group to publish notification of upcoming meetings, agendas and meeting briefs; as well as articles of interest to our members. Though these messages appear in the general newsfeed on Nextdoor, only members of the private group are receiving these messages. This group on Nextdoor is used in addition to individual member emails, Fast Lane, *The Villager* and the Villages' website to make sure we are reaching all single-family homeowners.

Though the board has found various ways to communicate to you, we are looking for ways to hear from you. At the July 12 work study session to set goals and objectives for 2018-2019, we discussed how to determine what homeowners expect from us as we plan our year. A couple of ideas were raised by board directors: 1) Have an open forum before board meetings begin where homeowners can talk to board directors directly. 2) Conduct a member survey.

Mission Statement: The Board of Directors manages and regulates the use and enjoyment of the homeowner development in accordance with the governing documents and the law, and in a manner that preserves, protects and enhances homeowner property.

Greg Stewart, Mike Kane, Jeannie Omel, Ron Steckel

FROM THE CLUB BOARD

Club's Three-Year Strategic Plan Development Workshop

Each year, the Club Board updates its Three-Year Strategic Plan. As part of that process a workshop is held to reach out to community leaders (Association, Homeowners' and Club committees) and those involved with the leadership of social organizations to gain their input and insight with regard to the update of the plan. This year's workshop is scheduled for Tuesday, August 14 at 9:30 a.m. at Foothill Center.

The Club Board has decided that 30 members in general (those who do not serve on committees or clubs) will be invited to the workshop. If you are interested in participating in this annual activity, please RSVP to the General Manager's office at 408-223-4430 or sschubert@the-villages.com before August 6, 2018.

The existing Club's Three-Year Strategic Plan can be accessed on The Villages website, thevillagesgcc.com (select Resident Info, Governance, The Villages Golf and Country Club, Three-Year Strategic Plan).

Amazon has become my favorite store. It is so easy—I save gas, time and hassle. Sadly, it has only been in the last few months that I have switched from Amazon to Amazon Smile. Why? Because now, by clicking SMILE, a portion of my purchase dollars goes to projects here in the Villages. Sadly, because I didn't do it sooner.

On your first visit to AmazonSmile (smile.amazon.com), you are prompted to select a charitable organization from their list of eligible organizations, including The Evergreen Villages Foundation, San Jose. After that, I just type smile.amazon.com and I am automatically directed to the right spot for the exactly the same Amazon shopping! My spring shopping generated a little over \$5 for EVF. With so many fun projects being considered, every little bit helps! So SMILE and help all of us enhance our Villages life!

Club and Association Boards met for regularly scheduled July meetings

The Villages Association and Club Boards of Directors met Tuesday, July 29 for their regularly scheduled meetings in the Villages Clubhouse.

Numerous items of business were discussed and voted upon.

Association Financial Report For the Month of June 2018

Revenue was \$1,900 unfavorable to the budget of \$618,000 for the month due to less than budgeted laundry concession income (timing).

Expenditures for the month were \$240,200 (33.8 percent) unfavorable to the budget of \$710,800. The most significant unfavorable to budget expense category was water, \$124,800 higher than the budget of \$230,200. Other notable unfavorable to budget expense categories were planting (\$79,600 vs. budget of \$10,500 due to timing as year-end landscape work takes place), repair and maintenance (\$38,900 vs. budget of \$20,000 mostly in Cribari, Montgomery, Hermosa and Del Lago), irrigation maintenance (\$20,900 vs. budget of \$7,500 due to timing as well) and insurance (\$99,700 vs. budget of \$92,900 – premium renewal increase in March). There were no significant favorable to budget expense categories in June.

Year-to-date (twelve months of operations), total revenue is \$1,500 favorable to the budget of \$7,399,300 due to higher than planned third party assessments and golf cart electricity/storage fee income, offset by less than planned laundry concession income. Year-to-date operating expenditures are \$7,869,000, coming in 5.4 percent higher than the budget of \$7,468,800. Water expense is unfavorable to budget by \$339,900 which is 22 percent higher than the annual budget of \$1,550,500. There are several contributing factors for the negative water budget variance: 1) additional water commitment needed to re-establish and rehabilitate (post-drought) 327 acres of shrubs throughout the Association, 2) dramatic and unexpected water meter rate increases effective July 2017 (which accounts for \$133,000 of the budget variance), 3) record hot summer of 2017, 4) lower than average winter rainfall and 5) residential water consumption is up 5 percent compared to the prior year. Other significant unfavorable year-to-date expenditure categories are repair and maintenance at \$42,000 more than the budget of \$239,700 (mostly Cribari, Montgomery, Hermosa, Verano, Del Lago and Valle Vista), insurance expense at \$27,300 more than planned (all districts due to premium increase in March) and pest control expense at \$12,800 (11.6 percent) more than the budget of \$110,600 (predominantly Cribari, Verano and Del Lago). Notable favorable to budget expense categories are irrigation maintenance at \$25,300 (19.2 percent) less than budget and planting expense at \$13,100 (5 percent) less than budget.

The year-to-date net negative operating budget variance is \$398,800.

Club Financial Report For the Month of June 2018

Total revenue was \$145,500 favorable to budget, 13.6 percent more than the budget of \$1,067,700. Food and Beverage combined for a favorable to budget posting of \$45,300 (vs. budget of \$215,500) for the month with strong Bistro and banquet revenue. Green fee revenue, Pro Shop merchandise sales and driving range income accounted for \$21,300 of the positive revenue variance for the month with robust member and guest play. Billable services revenue was up \$44,600 compared to budget due to timing. Gains on the sale of obsolete/unused equipment accounted for \$11,800 of the positive budget variance during June. Resident activities and lessons/classes were up \$7,000 compared to budget for the month. Villagers were busy attending events such as Jersey Boys, Golden Gate Fields, Giants games, Presidio Tour or participating in fitness classes (yoga, tai chi, circuit training and water fitness, etc.).

Total expenditures were \$120,100 unfavorable to budget, 10.8 percent more than the budget of \$1,112,300. Expenditure categories significantly unfavorable to budget were employee expense at \$79,500 higher than the budget of \$621,000 (annual vacation accrual adjustment accounts for \$36,200), repair and maintenance at \$18,100 higher than the budget of \$22,000 (Cribari Center, Pro Shop, Vineyard Center, Foothill Center, streets/sewer and billable service), professional fees at \$8,700 higher than the budget of \$14,000 (HR outsourcing) and legal fees at \$6,900 more than the budget of \$2,200. The most notable favorable expense category was electricity, \$25,900 favorable to the budget of \$33,400 (positive budget variance used to pay solar lease).

The net positive operating budget variance for the month was \$25,400. See table below.

June 2018 Club Operating Results

	Actual	Budget	Variance
Revenue	\$1,213,200	\$1,067,700	\$ 145,500
Expenses	\$1,232,400	\$1,112,300	\$-120,100
Net	\$ -19,200	\$ -44,600	\$ 25,400

Year-to-date revenue is \$510,000 favorable to budget, 4.1 percent higher than the budget of \$12,432,000. Year-to-date expenditures are \$456,000 (3.6 percent) unfavorable to the budget of \$12,528,000. The year-to-date net positive budget variance is \$54,000 (P&L). See table on next page for detail by department.

The bottom of the table on the next page shows the financial impact of the monthly solar lease payments and contribution to the balloon payment fund (to be paid in 2023) captured on the Club's balance sheet. The YTD total for these two items is \$218,000.

The above table shows G&A with the largest positive net variance of \$72,000 due to higher than budgeted revenue from HOA document sales, resale administration fees and annual rental unit administration fees along with savings in employee expense from outsourcing the Human Resources Director position. The Clubhouse/Restaurant has posted a \$68,000 positive net variance due to favorable to budget food/beverage sales and savings in electricity expense (due to solar), offset by higher than planned employee expense (pay equity adjustments). Golf Course/Pro Shop has produced a \$39,000 positive net variance with favorable

revenue from green fees, merchandise sales, driving range and golf cart rentals, offset by unfavorable water expense, tree trimming expense and electricity expense (pump station). "All Other" category has an \$84,000 negative net variance primarily due to higher than budgeted water expense and pest control expense (wild pigs). Public Safety is running a negative net variance of \$34,000 due to higher than planned employee expense (pay equity adjustments as a result of wage compression).

Homeowners' Financial Report
For the Month of June 2018

June Operating Statement:

Revenue was on budget at \$3,304 (non-Estates single family homes). Expenditures for the month were \$162 favorable to budget due to less than planned legal fees of \$108 and insurance expense of \$56. The year-to-date net positive operating budget variance is \$1,276 (mostly in legal fee expense).

Estates revenue for the month was \$11,868 (\$10 less than budget due to rounding). Expenditures were \$2,242 unfavorable to budget, 15.1 percent higher than the budget of \$14,895. Notable expenditure categories unfavorable to budget were planting expense (\$1,750 vs. budget of \$500 due to timing), irrigation maintenance expense (\$961 vs. budget of \$300 due to timing as well) and water at \$7,488 (8.2 percent higher than the budget of \$6,919). There were no significant favorable to budget expense categories. The year-to-date net positive operating budget variance is \$9,756 (due to favorable planting expense, electricity expense, irrigation maintenance, pest control and legal fees).

CLUB CALENDARS

HIKING CLUB SCHEDULE

Unless otherwise indicated, all hikes meet at Cribari Center at 8:30 a.m. and depart at 8:45 a.m. Bring water, snacks, poles and lunch as necessary. Wear layered clothing appropriate to the current weather.

In addition to scheduled hikes, the following hikes occur regularly:
Every Wednesday - Villages Hill Hike. 8:45 a.m. from Foothill Center. **Every Saturday** - Villages Hill Hike with Russ Glines 9 a.m. from Foothill Center

Saturday, August 4: Akiko Giordono (408-238-5437) will lead long hikers on a 7-8 mile hike in Stevens Creek County Park. Please meet at the Cribari Center at 8:15 a.m. for an 8:30 a.m. departure. Parking permit is \$6—get it at Chestnut parking area (must use debit/credit card). We'll hike on Stevens Creek/Tony Look Trail to Madrone picnic area (restrooms), then up on Lookout Trail into Fremont Older Open Space to Nob Hill, where you can enjoy a panoramic view of Silicon Valley and lunch. We'll take the same trails back to our cars in case of hot weather. Bring water, snack, lunch and poles. A round trip to the park is about 50 miles.

Wednesday, August 8 (Rambler): Ramon and Marianna Reza (714-306-5333) will lead a hike to the Sawyer Camp Trail. This 11.3-mile trail runs through Redwood City, San Mateo, and Burlingame. We have charted a 5-6 mile "in and out" hike on a flat paved portion of the trail. The trail runs along the Crystal Springs Reservoir and provides some tree shade. An optional nearby local dining option will be recommended. Bring plenty of water. Roundtrip driving distance is approximately 44 miles. We will meet at the Cribari Center at 9 a.m. for a 9:15 a.m. departure.

Saturday, August 11: Amy Meier will lead an 8-mile perimeter hike at Point Lobos beginning at Hidden Beach. An alternate route is available for Ramblers. At 12:30 p.m. we will meet Docent Reg Henry at Whalers Cabin and Museum for a 0.75 mile narrated tour along the North Shore Trail to the Information Station. After the tour we will continue down the South Shore Trail back to the parking lot. Maximum elevation is 500 feet. Because of the distance from Villages and limited parking, we will meet at 7:45 a.m. at Cribari and leave at 8 a.m. sharp. Ramblers may elect to leave the Villages later, park on the road near the park entrance and meet at the Whalers Cabin at 12:30 p.m. for the docent tour. Round trip 154 miles.

Wednesday, August 15 (Rambler): Johanna Bakker (408-223-2190) will lead a hike along Coyote Creek, going South to fish ladder and beyond. Depending on the weather, we can continue to Metcalf Rd and return the same way. Hike distance is about 4 miles. To reach the beginning point of the hike and the parking area from the Villages, turn left on San Felipe, right on Farnsworth, left on Silver Creek Valley Rd, left on Hellyer, right on Silicon Valley, immediately after crossing the bridge turn right on Eden Park. Park on the road next to the trail. Bring water and a snack. We will meet at the Cribari Center at 8:30 a.m. for an 8:45 departure.

Saturday, August 18: Rich Bainbridge (408-499-1789) will lead a hike up our hill, meeting at the circle at the top of Village View Dr. This hike will be mostly in the shade including Meadow, Thistle, Bay, Buffalo, Oak and Skyway trails. Bring water and a snack. Meeting time is 8:30 for an 8:45 departure.

Fleet Week with the USS Potomac & Blue Angels

Sunday, October 7, is the day for the Villagers to go aboard FDR's Floating White House for 2018 Fleet Week at Jack London Square in Oakland. Departure time from the Village's east parking lot at Cribari Center is 10 a.m., with an estimated return time of 6:30 p.m. Limited tickets are available, one bus only! Register beginning Monday, July 30, in the Community Resource Center, Building B. The cut-off for registration will be on Thursday, September 6, with the final count due to the Potomac at this time.

Get here early for this one! The world-famous Blue Angels will be performing this year and if you have never seen the flyover by the Blue Angels you truly don't know what you have missed. If you have witnessed their flyover, had goose bumps, your spine tingling and your heart racing... well I guess I don't have to tell you know how great they are, you already know!

The cost is \$201 per person and your ticket for the Potomac is tax deductible (retain your ticket for your 2018, \$75, tax return). Your donation is for a very good cause as it goes toward education and maintaining this historic vessel for events such as ours. Once aboard the USS Potomac we will enjoy a three-hour cruise on the Bay and an air show. We will enjoy sandwiches, fruit, chips, dessert, soft drinks, coffee, tea or bottled water, and there is a hosted wine bar aboard the Potomac.

We will arrive by 12:15 p.m. at Jack London Square where the Potomac is docked. Enjoy the Farmer's Market, shops, book store, antiques, novelty stores and much more. Any purchases made may be left at the Potomac's Visitor Center during our cruise and picked up prior to leaving that day (bring a pen to mark your bag.) We board the Potomac by 1:15 p.m. for the sail time of 1:30 p.m. for a three-hour cruise. The Potomac will be positioned underneath the Blue Angels' flight pattern for this awesome show.

The USS Potomac was originally built in 1934 as the Coast Guard cutter Electra, and converted to the presidential yacht in 1936 by President Franklin D. Roosevelt, who had her re-commissioned as a U.S. Navy vessel. After the President's death in April 1945, the USS Potomac began a long and ignominious decline from her former role in world affairs. Falling into private hands and later seized in San Francisco Bay as a front for a drug-smuggling operation in 1980, the proud vessel's hull was pierced and she sank at Treasure Island. She was re-floated by the Navy two weeks later and sold by the U.S. Customs to the only bidder, the Port of Oakland, for just \$15,000. The Port of Oakland then spearheaded a cooperative effort with organized labor, maritime corporations and dedicated volunteers to complete a \$5 million restoration. The Association for the Preservation of the Presidential Yacht Potomac now operates this National Historic Landmark as an active memorial to Franklin Delano Roosevelt.

The deadline for registration is September 6! All sales are final.

Inquisitive minds welcome at Astronomy Club

All inquisitive minds are welcome at the next Astronomy Club meeting on Tuesday, August 7, at 7:30 p.m. at Foothill Center.

The topic will be Supernova Type 1 & 11 and the Microwave Background.

By looking sufficiently far away, and hence back in time, we can witness the "flash" from the big bang itself. This arrives from all directions as a feeble glow of microwave radiation called the cosmic microwave background (CMB), discovered by chance in 1964. On the largest scale, galaxies form a web like pattern that matches the peaks and troughs of the primordial sound in the early universe.

The lecture series covers all aspects of cosmology with basic mathematics and science.

No pets, please, only service animals allowed.

SIR groups to host Murder Mystery Dinner on the Petulant Express

The Villages SIR Branches #114 and #38 invite all SIR members and Villagers to attend the Annual Murder Mystery Dinner at the Clubhouse at 5 p.m., Tuesday, August 14.

This year's mystery is Murder on the Petulant Express. Everyone will have the opportunity to solve the crime from the many characters involved and the mystery train scenario: The new streamlined train designed by Peter Petulant came to be known as the "Petulant Express." The train's regular journey between New York and Chicago constantly attracted a passenger list of the rich and famous. One night after a stop in Akron OH, someone made a permanent alteration to Peter Petulant's career. His dead body was discovered early

in the morning, in his cabin, by a porter. Where would the trail lead that would eventually end up at the feet of a killer?

Come out and enjoy an evening of great food, and with your tablemates, be the sleuth that solves the mystery.

To sign up, contact either of these SIR members: SIR #114—Bob Dando, bob@thedandos.com; 408-997-2975 or SIR #38—Gary Hill, carngar@gmail.com; 408-274-8086.

Plan for future medical decisions

The Villages Medical Auxiliary (VMA) is sponsoring an Advance Care Planning Workshop on Wednesday, August 15 from 10 a.m. to noon in the Redwood Room. Karen Story from Hospice of the Valley will be facilitating the workshop designed to encourage completion of an Advance Health Care Directive.

An Advance Health Care Directive is a legal document that appoints one or more individuals you trust to make medical decisions for you when you are unable to do so. It sets forth the types of medical treatment you want to receive and the types of medical treatment you do not want.

Everyone needs an Advance Health Care Directive. An unexpected accident, severe illness or old age could prevent you from selecting your own healthcare treatment. Without a legal record of your preference, the choice of your treatment could be put in the hands of distant family members or unsympathetic doctors. Without an Advance Health Care Directive your doctors and other medical providers will have no idea how you want to be treated. With an Advance Health Care Directive you can ensure that your treatment wishes are honored.

This workshop not only addresses creating an Advance Health Care Directive, but in addition if you already have a directive, you can bring it to the workshop for updating.

Registration is required. To register, contact Cristina Freyer at 408-238-4029. This information is also on the VMA website at vmavillages.org.

High-12 Vice President Greg Stewart presents Maxine Amundson, the president of the Evergreen Valley Foundation, with a certificate of achievement at the High-12 Lunch on Tuesday, July 24. Maxine reviewed the history of the Foundation and what projects are being considered and how to support the foundation.

Riding Club: Welcome, Dolce Vita!

Dolce Vita, a beautiful young Palomino Quarter Horse mare, is the newest and youngest member of our herd. Dolce came to The Villages all the way from Arizona on July 18, just three days after her 7th birthday. With the acquisition of Dolce, owner Debbie Champion has made a smooth (and relaxing!) transition from The Villages board room to the barn. Dolce and Debbie are looking forward to enjoying the good life here at The Villages and on our beautiful Hill land trails. Dolce is super sweet and gentle, and loves people and attention so be sure to say hi to her next time you're at the barn. The best time to visit is between 5:30 and 6 p.m. when we bring the horses in from pasture and settle them into their stalls for the night. Please remember that the barn is closed every night promptly at 6 p.m. and is only open to visitors during the day when the barn gates are open and an owner is present to welcome you in. Dolce and the rest of the herd look forward to seeing you soon!

FROM THE BOOKSHELF

By Wate Bakker

“Something in the Water” by Catherine Steadman: Erin and Mark are successful millennials, passionately in love and on a honeymoon in Bora Bora. Then, while scuba diving in the crystal blue sea, they find something in the water. Could their dream honeymoon turn into a nightmare? Should they speak out or protect their secret? After all, if no one else knows, who would be hurt? Find out their decision and its devastating consequences. Fiction 2018, large print.

“Born Trump” by Emily Jane Fox: Vanity Fair journalist Jane Trump argues that to truly understand Trump, you must know about his five children. Thus she explores their lives, their roles in the presidential campaign and administration and the dramatic and often fraught relationships with each other and their father. Nonfiction, 920, biography. 2018, large print.

“A Higher Loyalty” by James Comey: Even without the events of 2016 and the surreal moments in Trump’s White house, Comey’s career involved some of the most fascinating and controversial criminal cases in recent history such as the prosecution of Mafia bosses under Rudy Giuliani, the prosecutions of Martha Stewart for insider trading and Scooter Libby. Thus to really understand how the FBI works, reading this autobiography is a must. Nonfiction, 920, biography, 2018.

“The President is Missing” by Bill Clinton and James Patterson: Prolific author Patterson has co-written many bestselling thrillers. One always wonders who does most of the writing. In this case Clinton provides inside knowledge of the White house and life as U.S. president, and Patterson provides the suspense he delivered time and again in his many thrillers. The U.S. president disappears, the world is in shock, but the reason he is missing is worse than anyone can imagine. Mystery, 2018.

“Old Black Magic” by Robert Parker and Ace Atkins: Parker is the brand and Atkins is the writer, since Parker died in 2010. A not uncommon arrangement in modern popular literature. The main character Boston PI Spenser was probably invented by Parker a long time ago. In this mystery Spenser investigates a decades-long unsolved crime of dangerous proportions. Twenty years ago, priceless paintings disappeared from one of Boston’s premier art museums, never to be seen again. A \$5 million dollar reward sets Spenser and his pal Vinnie onto a trail of hidden secrets, jailhouse confessions, murders and double-crosses. Will they recover any paintings? Mystery 2018.

See Jerry Gililand at Home Studio Art Tour

By Laurie Porges Truman

The Home Art Studio Tour on August 25, sponsored by the Villages Arts and Crafts Club, will welcome Jerry Gililand for his second tour.

Jerry has been photographing and publishing for over 60 years, back in the days of 35mm., and has taken several courses with the legendary Ansel Adams. However, he has most certainly kept up with technology and digital times. He has become a wizard! He does his own processing and printing with his equipment, and can print as large as 24x36”.

I got to go behind the scenes in Emerald City to see where the Wizard does his magic. In the photo, Jerry stands with one of his 20x24 inch prints, alongside the 12 color ink cartridges in his Canon Pro iPF6400 printer. Yes, 12 color cartridges!

Photographers and all will certainly enjoy his mastery during the tour. Gorgeous nature, desert, coastlines, San Francisco, Treasure Island, and much more. Be sure to check out his panoramic sequences and panels that span over 9 feet!

Attention Artists and Crafters! Please go online at www.villagesartsandcrafts.org (and look for the Home Studio Art Tour), or contact Judy Wessler at judywessler@gmail.com to get a contract in order to be in the tour and get on the map. Contracts are due by August 10.

Better Balance with Jazzercise

By Barbara Tommaney

Life is all about attaining balance we are told. That becomes literally true as we age. Our balance can begin to erode in our 50s. Sometimes that’s the result of losing strength in our legs and core. Equilibrium also tends to decline as we age. Health

experts estimate that one-third of all seniors slip and fall each year. Sometimes we are lucky and stand up, brush ourselves off, and suffer nothing more than a couple of bruises. Other times the consequences are more severe including broken bones and concussions.

So how do we reduce the likelihood of a dangerous fall? One of the answers to improve balance through regular exercise. Leg strength and balance are crucial, and Jazzercise provides a program for strengthening bones, improving coordination and increasing endurance. Committing to a regular routine of physical exercise with Jazzercise is one of the healthiest decisions you can make.

You can participate in Jazzercise three days a week,

year round. The only breaks we take are for major holidays. Monday, Wednesday and Friday we meet in the Cribari Auditorium from 8:30 to 9:30 a.m. Each class is taught by a CPR certified Jazzercise instructor who has received training in dance, anatomy, and exercise physiology. The cost is not expensive and is flexible. A full month of classes is \$35, and but you have the option of signing up for eight classes or six classes at a reduced monthly rate.

Try out your first class at no cost. Wear a good pair of tennis shoes and if you own hand weights and a floor mat bring them with you. Oh, and one more thing, Jazzercise is fun. If you have any questions, call Herito at 408-238-7511 or Kay at 408-223-7948.

Brandeis: 50 years, oh my! What's it all about?

Brandeis National Committee is dedicated to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish community. Its membership is connected to the University through fundraising and through activities that reflect the values on which the University was founded: academic excellence, social justice, non-sectarianism, and service to the community.

More than 50 years ago, friends banded together to raise money for the Brandeis University Library Fund. The group met regularly, gathering books and selling them. Through this common mission, lots of sweat and laughter, the friends formalized its group into the Santa Clara Valley Chapter of Brandeis National Committee. This group added fun activities they called study groups. The library was built and new philanthropic opportunities came about. Our favorite Brandeis Research is focused on the mind. Brandeis Researchers have already had some preliminary success in the treatment of Gaucher Disease and the prevention of Parkinson's and Alzheimer's Disease. It is no wonder why this group is quickly approaching its 50 year anniversary of working together.

Santa Clara Valley Chapter of Brandeis National Committee is delighted to announce the planning of an event to celebrate the 50th Anniversary Celebration for our Chapter, to be held on Wednesday October 10 from 3 p.m. to 7 p.m. at the Coyote Creek Golf Club in San Jose.

BNC will be recognizing our current and past presidents, whose tireless efforts made the SCV Chapter such a success over the past 50 years. BNC will also be showcasing new and current study groups the chapter has to offer. The event includes a delicious sit-down dinner and musical entertainment.

Please mark your calendar and plan to attend to celebrate this "golden" milestone of the chapter's history. If you have any questions, call Janet Atkins at 408-270-6127.

Tips for your next trip to the DMV

The SRS article about the California REAL ID driver license has produced many questions and comments. That article was published in the May 3 *Villager* on page 4. It's still available online on The Villages website.

Remember this date—October 1, 2020. Beginning that date, a traditional driver license will not be acceptable to use as identification to board a domestic flight or to enter military bases and most federal facilities.

To board a flight, you will need a California REAL ID driver license or a valid U.S. passport, passport card, military ID or a Transportation Safety Administration (TSA) approved identification.

At your next driver license renewal date, if you are required to take the written test, we recommend you get a REAL ID. The cost is the same. The only difference for you at that time is you must bring certain documents to prove three things: who you are, your Social Security number and your California address.

The worst part of getting the REAL ID is to brave the DMV office. We are all hearing about six or seven hours spent at the DMV even when you have an appointment. Below are a few suggested tips for your DMV visit.

Don't go if you don't have to. If you don't need or want a REAL ID and you have the option to renew online or by mail, do it.

Calendar the date to make an appointment. You can make a DMV appointment up to 90 days in advance. The DMV sends license renewal notices about 60 days before the expiration date. Make the appointment as soon as you can rather than wait.

Include DMV in your vacation. Going to be headed up to northern California? Consider an appointment in Yuba City or Willows rather than the Bay Area.

Bring the proper paper work. On the DMV website is a detailed checklist of what you need to bring to your appointment for a REAL ID. Go to www.dmv.ca.gov and enter "REAL ID checklist" in the search box.

Don't rely on paying your fee with a credit card. DMV offices accept cash, check, money order and ATM/debit cards for payment of fees. They do not accept credit cards.

Bring sustenance. Officially the DMV doesn't allow food in its offices, but you might be there for six or seven hours. Pack some water and a power bar or two.

Bring entertainment. Don't forget your phone, iPad, book or newspaper.

Keep calm. No one is happy about the current DMV mess but taking your anger out on an employee will not help your situation.

The SRS office has a one-page handout from the DMV explaining whether you need a REAL ID and how to obtain one.

Note: The Senior Resource Services (SRS) office hours for drop-in assistance are Monday, Wednesday and Friday from 10 a.m. to noon. The SRS office is in the Cribari Center across from the Post Office. You may also leave a message at 408-239-5253. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional adviser about your individual situation.

SRS Reminder:

Earthquake insurance

We have received questions from Villagers because their insurance agent recently sent them a notice about earthquake insurance. The Villagers presumed there is a major change in The Villages insurance causing their agent to contact them.

The Villages earthquake insurance has not changed. California law requires insurers to offer earthquake coverage to policy holders when a new policy is purchased and to offer it again every other year upon their policy renewal. What these Villagers received was simply the biannual information required by law.

SRS has a detailed memo explaining earthquake coverage in The Villages. You may also request a consultation with an insurance volunteer. Of course, you make the final decision on whether any parts of earthquake insurance are right for you.

COMMUNITY CHAPEL

By Pastor Bill Hayden

When you think about the things that have happened in your life and the lives of others, it can affect your mood and the way you approach situations. Believe it or not, we can easily transfer our feelings to others.

I find it so important for everyone to take those morning pauses before rushing into the day's activities. When we give ourselves those moments, it allows us a calmness that will enable us to maneuver throughout the day. If there is one thing that I try to avoid, it is being late to anything. So, I factor in extra time just for the unexpected traffic jams or trying to secure a nearby parking space for events at the Villages Clubhouse or Cribari Auditorium events.

Not having those morning pauses can make a person irritable and cause other people to not want to be around them. I recall a time when I worked in a certain industry, my manager would come into the office and I learned very quickly by observation that she didn't have a morning pause before coming to the office. Everyone stayed away from her like the plague!

So, you ask, what is a Morning Pause? A Morning Pause is a time and place for you to sit and reflect on life through reading that "Good Book," meditation or praying for others. When you make this a part of your daily routine, you will be amazed by the effects it has on you and others who enter your presence. There is power in the Pause! and you can be that spark for someone who may be going through a trying time.

Each day we have the opportunity to be someone's blessing or someone's curse. So, join with me by taking a Morning Pause and we can impact this world pause by pause. "You will keep him in perfect peace, whose mind is stayed on You, because he trusts in You." Isaiah 26:3 NKJV

Please take a pause and join us at the Villages Community Chapel in the Cribari Auditorium each Sunday from 10 a.m. to 11 a.m. The chapel is a place for *Needs to be Met, Faith to be Affirmed and People to Love*. We would love to meet you. If you would like to make an appointment with Pastor Bill call the office at 408-238-3079 9 a.m. to 3 p.m. Monday through Wednesday. To learn more about the Villages Community Chapel visit our website at <http://villagescommunitychapel.org/> You can hear previous and current Sunday sermons.

JEWISH GROUP

SHONIS

By Ann Campbell

You might just have to say Tuesday, July 24 was a "Golfing At Its Best" day. A lovely summer morning, Shonis all attired in comfy seasonal togs and yet another opportunity to enjoy our beautiful par three course. Twenty-six members and one qualifier, Delma Jaurez were all in agreement and entered the links with much anticipation. Birdies were flying with abandon. Tahera Kahlil snagged hers on hole 2, Kathy Tanaka on hole 9 and our qualifier, Delma on hole 2 as well. Great shots, ladies!

Just another reminder concerning the rule for hitting another player's ball while on the green, which is quite confusing for many of us. If another group member asks you to mark your ball, do not take it offensively as it is the ball that is in motion that receives the penalty of two strokes when hitting your ball—ouch!

Chuckle of the Day!

On a beautiful Saturday afternoon, Rory stood on the first tee of his favorite golf course. He had just pulled out his driver when a young woman in a wedding dress came running up to him, crying. She slaps him in the face and then runs away. Rory turns to his golfing buddy and says calmly, "I don't know what her problem is, I distinctly told her only if it rained."

SWINGERS

By Terry Holmquist

Boring...yes, another wonderful morning of golf in The Villages.

Alan fell in love, got married, and then went on a honeymoon. So our go-to guy wasn't here and that's why we didn't have a sweeps announcement for a couple of weeks. Luckily, this only happens once in a lifetime. Hope you had fun, Alan, we're certainly glad to have you back! Didn't totally understand your importance to the writing staff until you weren't here.

Forty-eight golfers showed up and two players managed chip-ins: Bee Levander on hole 14 and Kim Christiansen on hole 7.

I know some of you don't feel comfortable taking part in the Swingers challenge but it really is no different than our weekly sweeps. You may not get to play with your regular group but think of it as an opportunity to play with someone with a similar handicap, which you probably do anyway. This is the advantage of playing in a club and we should take part in as many of the club activities as possible. I am happy to say 25 ladies already signed up but let's go for a record participation. So sign up with Linda Lamanno and Charlotte Waugh.

The schoolteacher was taking her first golfing lesson. "Is the word spelt p-u-t or p-u-t-t?" she asked the instructor. "P-u-t-t is correct," he replied. "Put means to place a thing where you want it. Putt means merely a vain attempt to do the same thing."

Members and Guests enjoyed pleasant weather for 18 holes of golf, followed by lunch. Guests from all over the valley and beyond came to play. Many will be joining members for our Invitational August 9 and 10. The most surprising thing of the day, was the absence of our geese friends. We did see two and noticed some markings but where did they go? Do you think they found a better spot? Wait and see!

Our three teams: Mid Peninsula (captained by Camille Giuliiodibari), Silicon Valley (captained by Mary Olsen), and Valley League (captained by Kitty Ohtaka) are about halfway through their seasons. Lots of work and planning go into schedules, meetings and phone calls. Thanks to all the captains and their helpers.

One birdie today by guest Hiroko Takasaki on #11.

NCGA Team Play Tournaments*: Did you know that the Villages has not one, but two NCGA Match Play Teams? There is a Thursday *and* a Saturday Match Play Team. Each team consists of approximately 20-25 players who staff a 12-man team representing The Villages in competitions against other NCGA sanctioned clubs. The setup is very similar to the Ryder Cup in that scoring is in Match Play format with 6 points available (2 points for win, 1 point for tie, and 0 points for loss) in each of two individual matches and a team match.

The Thursday team, led by captain Bob Robles, is competing against Silver Creek, San Jose, and Palo Alto Hills. Those playing for our team include: David Bacigalupi, Lou Christie, Larry Dorsey, Dick Fisher, Geoff Gault, Mike Foss, Bill Johnston, Sean Kelly, Ray Leisy, Tom Nedney, Ted Pranschke, Ron Robinson, Bob Robles, Leo Ruth, Jim Seymour, Alan Walsh, Pete Gibbs, Mike O'Grady, Tom Morse, Dave Parker and Mike Singleton.

The Saturday team, led by captain Gary Chappell, is competing against Los Altos Hills, Pasatiempo, and La Rinconada. Those playing for our team include: Pete Gibbs, Scott Steele, Brad Baldinger, Patrick Walter, Jim Brigham, Michael O'Grady, Jorge Breton, Gary Chappell, Dennis Conway, Michael Tuft, Kyle Finley, Quincy Virgillio, Geoff Gault, John Seeger, John Thomas, John Butler, Matt Orvick, David Korb, David Needham, Ron Robinson, Arnold Bernal and Ron Burke.

In October, after the season is over, the two Villages teams (Thursday vs. Saturday) will compete to determine The Villages Team Play Champion. For this competition there will be seven Team matches and 14 Individual matches.

If you have any interest in joining one of these teams next year, please contact the respective team captains:

Thursday Team: Bob Robles – (408) 223-9704

Saturday Team: Gary Chappell – (408) 832-0668

NCGA Team Play Tournament: Congratulations to all the players that participated and helped lead our Saturday Team to a 24-12 home victory against Los Altos! The weather was hot, and so was The Villages Team! Individual victories for Jorge Breton, Mike Tuft, Kyle Finley, John Seeger, Dave Needham, David Korb, and Arnold Bernal helped lead to five team victories as well. Great job, guys!

Two Day Member-Member Tournament: Our next Men's club event, the two-day Member-Member Tournament, is this weekend! Keep an eye on the website at www.villagesgolfers.com and in next week's Villager for the results.

The meetings are open to all members. Also, remember to visit our website at www.villagesgolfers.com for the latest information.

TENNIS TALK

Social, Social, Social

By Gail Tuft

The Tennis Club is a very inclusive, social club at the Villages. We enjoy tennis; but also enjoy friendships, some bocce, some golf and some parties.

As Tournament Chair for the Tennis Club, I can tell you we stay busy.

Here is a snapshot of 2018:

March - Open House is for players new to tennis or for those "rusty" players wanting to get back in the game. This is followed by Jump Start with lessons and clinics.

April - Scholarship Tournament. It benefits four graduating seniors from Silver Creek High School. This is a fun, mixer - style tournament that raises lots of money for scholarships.

May - Prescott/VMA Tournament. This fun, mixer-style tournament benefits the VMA. This year the check to the VMA was for \$520.

June - Spring Classic Tournament. This fun, mixer-style tournament was just for fun.

July - Mixer Tournament. The mixer tournament usually has a theme (this year Western) and was just for fun.

August - The Tennis Club Golf Tournament. This is just for fun golf with tennis club members.

September - OK, now we are into the Club Championship Tournament. This one is different, but just as much fun. The players are flighted based on their level. That means every level is welcome to join the tournament. You can play women's doubles, men's doubles and/or mixed doubles. It is followed by a dinner/awards at the Clubhouse.

October - Bocce Ball Picnic for tennis members and their friends and family.

November - Charity Tournament. A just for fun tournament that gives members a chance to give back to our community through donations.

December - Our Holiday Dinner Dance at the Clubhouse.

And that is that...fun, tennis, social, active...

IRONMEN

By Bill Travis

Thursday was sunny and warm, another beautiful day for golf. The results were as follows:

First place went to Jerry Weltzin with a net score of 22.

Second place went to Dave Hathaway with a net score of 23.

Third place—there was a tie between Roger Pyle and Mike Kane each with a net score of 27.

There were seven birdies today!

Dave Hathaway and Jerry Weltzin each had two of them, Dave on hole 1 and on hole 3, and Jerry on hole 2 and hole 5; Roger Pyle on hole 9; John Eige on Hole 4; and Jack Bindon on hole 5.

Our deep thought and/or humor and/or history lesson for today:

"Of all the hazards, fear is the worst." - Sam Snead

"Golf is the closest game to the game we call life. You get bad breaks from good shots; you get good breaks from bad shots—but you have to play the ball where it lies." - Bobby Jones

"Golf is a puzzle without an answer. I've played the game for 50 years and I still haven't the slightest idea of how to play." - Gary Player

PINSEEKERS

By Jack Bindon

Late breaking news...Alan was out of town enjoying some Honeymoon/vacation time away.

Here are the winners for the 24th of July:

First Place—Davis Cook with a nice 33.

Second place—Martin Hoek with a nice 34.

Third place—we have a tie between Dennis Cullen and Lawrence Chin at 35.

Fourth place, again we have a tie between Tak Okabe, Tim Short, and Phil Robinson at even par 36.

Even par is not a bad score based upon the statistics. Still looking forward to some "coaching" from our professional staff on rules and pace of play. I'll talk to Scott to set something up.

Friday, August 10 – 8:30 a.m. Shotgun – Long Course Opens at 3 p.m.

Golf Course Trees—We have started the process of trimming some of the more top-heavy Eucalyptus trees on the golf course. We are currently trimming two trees on the right side of hole #8 and one tree on the left side of hole #9. This process of identifying trees that need trimming and then trimming them will continue throughout the summer and fall. Please stay safe when golfing near these areas. The trees will be coned off so if your ball comes to rest in or near one of these areas, please be safe and play from the nearest safe place with no penalty.

Golf Course Lakes—We hope you have noticed and will enjoy the re-activation of the fountain on the lake on hole #1. It will add some nice aesthetics to that lake, plus it will keep the surface rippling so that algae is less apt to form. Throughout the next year, we will be installing fountains on every stagnant lake on the golf course to create a consistent look throughout the golf course, and to upgrade the overall look and appeal of our golf course lakes. Although the irrigation lake on holes #6 & #7 is a continual challenge, we are making progress through continual applications of biologicals and scraping the surface algae bloom. We do plan to add more subsurface bubblers as well as two fountains to that lake to help abate the algae. Our long-term goals are to enhance the visual look of each lake on the golf course and to rid them of unsightly algae through several different year-round strategies.

Tips from the Pro—Dance with the girl that brought ya...

Is it possible to hit every golf shot straight? Obviously the answer is no. So which way does your ball normally curve? If you play a left to right shot, embrace it and set yourself up on the right side of the tee box and aim a bit left, and let it go left to right. Conversely, if you normally play a right to left shot, set yourself up on the left side of the tee box, aim a bit right and let go right to left. Once in the fairway, you have the opportunity to aim your shot left or right depending on your ball flight to get it on the green. Hitting fairways will result in hitting more greens, which will result in lower scores. So embrace the shot pattern you normally play and use it to your advantage. See you at the course!

PICKLEBALL

Some of the attendees for the Inaugural Pickle-Up program.

Trish O'Neill provides instruction at one of four "learning" stations.

New members practicing "dinking" drills.

By Anahid Gregg

The inaugural "Pickle-Up" program is a resounding success! The country's fastest growing sport is exploding in The Villages, proving dedicated courts are desperately needed.

After co-Vice President Trish O'Neill attended the Tennis Club's "Jump Start" program, she decided a similar program was needed for Pickleball. Trish's intent was two-fold—provide a venue for players to meet new partners and provide instruction for those who cannot attend Mike Walias's twice weekly sessions. The response has been overwhelming.

With the help of nine volunteer instructors, the three-week program had more than 40 aspiring Picklers attend either Tuesday or Thursday evening. As a result, more than 30 new members have joined the Club, with new attendees signing up daily. Participants are taught drills to improve basic skills—dinking (short net shots), volleying and serving; as well as scorekeeping and rules. Armed with these basics, they are forming new player groups, and spreading the word.

The only complaint heard? Too many people on the courts, and how quickly can the new courts be built! With limited availability, these new members need a place to play, and The Villages needs dedicated courts to continue to be viewed as a premiere senior community.

With Pickle-Up concluding, don't forget to attend drop-in. On Wednesday and Friday, Mike Walias holds an instructional clinic at 1 p.m., followed by an open session at 1:30 p.m. All equipment is supplied, but players must wear non-marking court shoes!

Got a car and a couple of hours to spare? We need you

Providing transportation to medical appointments is the Villages Medical Auxiliary's (VMA) core business. For nearly 40 years we've provided medical appointment transportation, but without adequate drivers, this service is in jeopardy. It only takes an hour or two of your time and if an appointment is longer than that, two drivers can be provided, one to take the Villager to the appointment and another to pick the Villager up.

Stop by the VMA office in Cribari Center and sign up to be a driver. You can choose when you will drive and how often and the VMA reimburses for mileage. Any help is appreciated. Join our team and help enrich your life and that of your neighbors. Call Transportation Director Gary Walden (408-270-3492) for additional information

What do I do with this?

Do you have an item you want to get rid of but you are not quite sure what to do with it? Often wonder if it should be donated, recycled or thrown away and how or where to do that? Each week we will highlight a particular item and give you suggestions for the best way of recycling or disposal.

If you have any questions about what to do with an item, please call Maintenance Services at 408-223-4670.

Wood – Not part of household recycling (Do not place in garbage or recycling containers)

Although wood is a recyclable product, it should not be placed in your recycle bin for a couple of reasons: Nails, screws or even large splinters can be hazardous to the people at the recycling plant who must handle each piece by hand. Secondly, pieces can obstruct the flow of the bin contents, not allowing the container to empty fully into the truck. Wood should be recycled properly and not placed in the garbage bins.

Bring lumber or wood to the Corporation Yard dumpsters for a fee of \$25 per cubic yard.

Take offsite to a local recycling/landfill facility.

Dealer: South
Vulnerability: None

Bidding: South	West	North	East
1 Heart	Pass	2 Diamonds	Pass
2 Hearts	Pass	3 Hearts	Pass
4 Hearts	All Pass		

Contract: 4 Hearts by South
Opening Lead: Jack of Spades

Dealer has a Spade loser, a Diamond loser, and a loser in Clubs. Strategy: Take out trumps and set up Diamonds in order to get rid of the losers in the other suits.

West leads the Jack of Spades, South, the Ace, plays a Heart to the Queen of the board, continues with the King, overtakes it with the Ace, and plays the Jack of Hearts to collect the last Heart from the opponents. Now South has to make a decision on how to play the Diamonds low or high. If he leads King of Diamonds, he will notice that the 10 of Diamonds falls on the King, now it will be easier to finesse the next round of Hearts with the 9, still on the board, continues with the Ace, then lead the Jack, sluffing a Spade from his hand, and West takes the trick with the Queen or taking a chance and not play the King of Diamonds first. Instead lead a low card to the Jack on the board, then return to his hand covering the trick with the King, again finessing the 9 of Diamonds on the board, and finally playing the Ace of Diamonds to capture West's Queen. By this time South has sluffed a Spade on the fourth round of Diamonds, and still being on the board to run the last Diamond, sluffing a Club. Now all South has left are 3 trumps plus a Club that he will concede to East's Ace. This way allows South to make 6 Hearts even though he didn't bid slam. The other way playing the King of Diamonds first enables South to make only 5 and not taking such a big chance to have a finesse fail. It depends on the player to decide how much risk he will take to make overtricks.

WHERE IN THE WORLD IS THE VILLAGER?

Here's how it works: Take along a copy of *The Villager* on your next vacation—it's not heavy—and have your picture taken holding up the paper with a well-known landmark or celebrity. Just tell them it's for the folks back home. (And be sure to get your camera back!) Then after you unpack and process your pictures from your vacation, e-mail your Villager picture (in Jpeg format) and perhaps a couple of "zingers" from your vacation and e-mail the files to shinrichs@the-villages.com. We'll publish your smiling face with your favorite local paper for all to see.

The Villages RV Club treks to Casini Ranch: The Villages RV Club enjoyed a three-night stay at the Casini Ranch RV Park West of Santa Rosa near Highway 1 and the coast. The fun included barbecues, dining out and evenings around a fire pit—all specialties of the club. RV Club members in attendance, (shown left to right) are: Beth DeVincenzi, Shirley McFarlane, Bill DeVincenzi, Dick McFarlane, Barb Stein-Weiler, George Muller, Wayne Weiler, Linda Koski, Jim Koski, Joel Pollack, Sandy Pollack and Mary Jo Lyons.

Along the Way—a trip down Memory Lane

(With Tom Zades—contact him at: tomzades@gmail.com)

Given our socio-economic circle growing up on Long Island, I often heard the adults refer to the Unemployment Office. When I transplanted to California I heard about the Employment Development Department. I thought that was a clever, positive spin to put on a serious, negative situation. When I later read the book "1984," I was struck by the organization called The Ministry of Plenty, which existed to control the populace in the midst of widespread starvation and poverty. It wasn't long before I understood the term "euphemism." It is amusing to note some of the other subtle changes in terminology that have accompanied changes in society during our lifetimes.

Before the so-called "sexual revolution," a young man and woman would demonstrate their commitment to each other by getting married. Now they just tell us that they are in a "committed relationship." That can mean whatever they and we want it to mean. Prisons are now called "correctional facilities," though it is debatable whether any real "correcting" is going on. In the fashion world, we now have "plus size," instead of you-know-what. And bulges are now "curves!" Morbidly obese men can shop at Big and Tall. What man doesn't want to be big or tall? We have the catchall abbreviation LGBTQ to refer to an amazing array of people, issues and lifestyles. One observer wondered aloud how many more letters we may need to add in the future, now that "non-binary" is a valid box to check on some questionnaires. Many of the bathrooms at Kaiser San Jose are labeled "All Genders," so I guess there are more than two already. But getting back to euphemisms, my elders back on Long Island were destined to become old men. I instead get to be a senior citizen. Life is good.
