## California's specifications for smoke alarms

The State of California Fire Marshal issues specifications for **smoke alarms**.

**Q:** What are the State Fire Marshal specifications for the type of smoke alarm and when do they come into force?

**A:** Since July 2014, the State Fire Marshal has required new battery operated smoke alarms to contain a non-replaceable, non-removable battery capable of powering the smoke alarm for at least 10 years. There are some exceptions to this rule for smoke alarms in existing inventory (Cal Health & Safety Code §13114). These requirements impact any newly installed battery operated smoke alarms (H&S Code §13113.7(a)(4)). In other words, unless, local laws state differently, any smoke alarm that was approved at the time of installation may remain, but any newly installed smoke alarm will have to comply with the State Fire Marshall's stricter requirements.

Additionally, where any alterations, repairs, or additions exceeding \$1000 for which a permit is required, the smoke alarms must meet the State Fire Marshall standards for the type of smoke alarm (H&S Code §13113.7(a)(2)).

The State Fire Marshall requires battery operated smoke alarms to 1) display the date of manufacture on the device, 2) provide a place on the device to insert the date of installation and 3) incorporate a hush feature. Again, these requirements will impact newly installed battery operated smoke alarms. (A "hush" feature will momentarily silence the alarm to allow whatever set off the alarm, such as smoke from the kitchen, a chance to dissipate. A "hush" feature, however, does not turn off the smoke alarm, and after a few minutes, the alarm will return if the smoky conditions persist.)

## When should you wear a face mask?

Recently California Governor Gavin Newsom issued an order that required face masks to be worn in public and includes visits to high-risk settings such as healthcare facilities and while people are waiting or riding public transit. The statewide order did not alter the face mask requirements in place and issued by the Health Officer of Santa Clara County.

The statewide order requires Californians to wear face coverings when they are:

- Inside of, or in line to enter, any indoor public space.
- Obtaining services from the healthcare sector in settings including, but not limited to, a hospital, pharmacy, medical clinic, laboratory, physician or dental office, veterinary clinic, or blood bank.
- Waiting for or riding on public transportation or paratransit or while in a taxi, private car service, or ride-sharing vehicle.
- Engaged in work, whether at the workplace or performing work off-site, when:
  - Interacting in-person with any member of the public.
  - Working in any space visited by members of the public, regardless of whether anyone from the public is present at the time.
  - Working in any space where food is prepared or packaged for sale or distribution to others.
  - Working in or walking through common areas, such as hallways, stairways, elevators, and parking facilities.
  - In any room or enclosed area where other people (except for members of the person's own household or residence) are present when unable to physi-

## PULSE

Dear Readers:

The Villager welcomes everyone's voice sharing ideas, opinions and accounts of life in The Villages in the Pulse column. Please follow the guidelines carefully.

Pulse deadline is 11 a.m. on Friday of the week prior to publication. Pulse letters will be published in complete or abridged form at the discretion of the Publisher and in accordance with the editorial policies and rules established by the Club Board of Directors. (See VGCC Rule 1.30.) Opinions expressed by Pulse letter authors do not necessarily reflect the opinions of The Villager Publisher, staff, boards of directors or management.

All Pulse letters must be 200 words or fewer on a single topic relating to life in the Villages. Each letter must also include name, address, phone number, date and number of words. Typed or legibly written letters must include your signature and may be hand delivered to the Pulse mailbox in Administration Building B or by mailing to the Communications Advisory Committee, 5000 Cribari Lane, San Jose, CA 95135.

Letters may be submitted electronically through the Pulse Submission Form on the Resident Portal: resident.thevillagesgcc.com/pulse, or emailed to Villager Managing Editor S. Hinrichs: shinrichs@the-villages.com.

E-mailed letters must include the text within the body of the e-mail and the subject line must read PULSE LETTER.

5 Pulse letters received this week.  
0 Pulse letters not meeting Pulse Letter Guidelines.  
5 Pulse letters published this week.

Note: Pulse authors are solely responsible for the statements and opinions contained in the Pulse letters. The Villager does not verify the accuracy of all statements.

Note: Pulse letters are still being accepted through the "Shelter-In-Place" order in digital form only. You may take a picture of your hand-written letter and e-mail it as a JPEG attachment to: shinrichs@thevillages.com.

All Pulse letters that are published are retained by the Communications Advisory Committee (CAC) for a period of 12 months. Rejected Pulse letters are not shared with anyone outside the CAC, management or Club Board and staff liaisons for the reason of confidentiality.

We need to change our approach to traffic control at the Villages. Specifically, our patrol cars should be positioned to be seen so as to remind our senior residents to maintain the speed limit and come to a full stop. Currently they "hide" to catch an offender.

Why, to issue traffic fines to meet budget? What we want is safety, not punishment. The California Highway Patrol uses this to be seen on our freeways. Let's see if our Club Board has the courage to respond to this request.  
—Ed Kiss

I live on the golf course and understand that there are special maintenance issues related to keeping the greens free of any leaves and debris. But the old blowers being used are noise polluters. Every morning I get awakened by the constant sound of these and it goes on for at least an hour or more. Is there anything that can be done to secure new blowers that are much more noise friendly?  
—Mikki Fillhouer

The COVID 19 pandemic has shattered our nerves and left many of us longing for the days when we were free to travel, shop and meet with family and friends. Slowly but surely, life is getting back to normal. However, one lovely outcome I have noticed in my many days of sheltering in place, are birds. We, at the Villages have hundreds of birds that I scarcely paid attention to prior to SIP. These days, however, I have become familiar with the many hummingbirds that come to my little window feeders. They are so beautiful and delicate and varied in color. And, I believe, that they recognize me as I sit and watch them eat. This prompted me to read up on hummingbirds only to discover that they do indeed recognize people and recall up to 300 places they have previously fed. My next study will be on finches. So, on a positive note, the shelter-in-place has forced me to take the time and smell the roses and watch the hummingbirds—hopefully you will, too.  
—Diane Carr

As with the other Villagers I am very distressed with what is happening to our Community. As a very active 20-year owner I've become very aware of the increasing lack of information or the encouragement and involvement of our citizens. As a previous member of the Cribari DAC (which is 25 percent of all our housing) I worked closely with with our Cribari landscape staff, especially when we had to eliminate 20 percent of our grass. In addition, our DAC met several times every year with our previous manager primarily regarding our budget and were always kept abreast of what is happening in our village. I understand from other DACs that they find it difficult to speak with our manager or employees and the DACs aren't informed what changes will be taking place in their specific Village. If this is true now, will it only get worse with the proposed changes in our management? Please become more transparent and keep us as an important part of the functioning of our beloved community.  
—Bonnie Preston

## FROM THE AD HOC PICKLEBALL COMMITTEE

By Howie Blumstein

This is the last article before the June 29, 8 a.m. Monday deadline to vote and submit ballots for the proposed Pickleball Courts Project. To help Villages Members make an informed decision, several frequently asked questions and a comment with responses follows.

**Question:** Are my assessment costs going up to build these courts?

**Response:** "Additional assessments will not be needed to construct the Pickleball Courts, as the entire cost (\$1,029,046) to complete the project is fully financed by donations (\$400,000) from the Pickleball Club and numerous Villagers, \$75,000 from EVF and \$554,046 from the Capital Fund."

**Question:** Can funds from the Capital Improvement Fund (Capital Fund) be used to reduce club assessments?

**Response:** "... The Villages Bylaws (Article 8.2.5) has a provision stating that money in the Capital Fund can only be utilized for a Capital Improvement. Funds in this account cannot be used for any other purpose such as offsetting operating/reserve expenses."

**Comment:** Even if an assessment increase is not needed to construct the Pickleball Courts Project, assessment cost increases will be needed to maintain the courts.

**Response:** "... These costs will be minimal for the Pickleball Courts. The fiscal year 2020/2021 (FY21) operating and reserve assessments for our six tennis courts is less than \$1.45 per month for Villages Members. Four pickleball courts fit in an area a little larger than one tennis court. With the golf cart parking area, this project covers an area approximately the size of two tennis courts. Including the golf cart parking area, the monthly operating and reserve costs are expected to be less than budgeted for the six tennis courts. Furthermore, funds will be saved for landscaping and water expenditures that will not be required for the area replaced by the pickleball courts and golf cart parking lot. The costs to maintain these courts will be minimal."

**Question:** I presumed, players and spectators would take golf carts to the lot next to the pickleball courts or park at the tennis courts and walk over. Is it possible to paint a crosswalk for that purpose?

**Response:** "In addition to the golf carts parking area adjacent to the pickleball courts, cars and golf carts can park in the lot across from the Public Safety Plaza as well as the parking area by the tennis courts. A crosswalk exists that can be used to walk over to the pickleball courts from the tennis courts."

**Roundtable Presentation:** A Villages Pickleball Courts Roundtable presentation can be watched/viewed on Channel 27 (6 & 12 a.m./p.m.) or on the Villages Resident Portal at your leisure. It is also available along with the written transcript of the video on the Pickleball Club's website at [villagespickleball.org](http://villagespickleball.org). The presentation includes the project summary, history of pickleball in our community, questions (asked by Villagers) and answers, project finances, contracting processes and wrap-up. Viewing time is less than 25 minutes.

## Association/Homeowners documents available via e-mail

Per an amendment to California Civil Code, homeowner associations are permitted, with owner's written consent, to distribute annual disclosures, (like the pro forma budget summary) and other specified association documents to owners via electronic mail, facsimile, or other electronic means (such as posting on the association's website) instead of sending those documents out by regular mail or personal delivery. This has the potential to provide cost savings to The Villages. Delivery and postage costs for the Villages' annual distribution of the pro forma budget summary alone are close to \$1,000, not to mention the paper and printing costs.

In order to transmit association documents via e-mail or by posting on the homeowners association's website, 1) the homeowners association must first receive the owner's written consent, and 2) the homeowners association sends a separate notice to the owner that the documents have been posted and are available for viewing.

Consent forms for owners to request delivery of documents have been developed for both The Villages Association and Homeowners Corporations. These forms provide an owner's consent to electronic delivery of documents that are capable, under current laws, of being distributed electronically. Owners have the right to revoke this request and receive "hard copies" of the documents by sending a written revocation signed by the owner, to the applicable corporation.

Forms of owner's written consent are available in Business Administration Buildings A and B, and on The Villages web site, [thevillagesgcc.com](http://thevillagesgcc.com) (Click on *Resident Info* and then Click on *Resource Files*.)

**Please, do not drop off books.**

## Please submit Pulse letters in digital form only

Since Building B is closed during the "Shelter-In-Place" order, Pulse letters are only being accepted in digital form.

## MORE PULSE *(Continued from page 2)*

Where is the TRANSPARENCY you promised, Club Board? Villages Management Agreements do not deserve secrecy like an employment contract or outside business contract. They are actually Governing Documents, and should be available on The Villages website where Villages By-Laws are displayed. We members have a right to view the documents that govern who is responsible for what within Villages Management. Please publish the current document in The Villager, along with the new version you propose.

We hear you want to have Condominium Owners pay for all Road Maintenance. If we do that, how much should the Condominium Association demand from Single-Family Homeowners monthly, to pave "their" streets and grant them permission to ride on "our" roads to reach their streets? The proposal is ridiculous, of course.

We also hear you want Condominium Owners to pay the whole bill for Public Safety operations. How fair is that? You seem to be pursuing very illogical and disruptive goals, and we members want to see if you really are making such thoughtless proposals. Is it true? It's time for that transparency you promised. Please publish the current Management Agreements in The Villager, along with the new version you Club Board Directors propose.

## PUBLIC SAFETY

### Some coyote safety tips

Since June is an active month for coyotes they may exhibit protective behavior associated with their young offspring. Coyotes may try to escort you out of an area to protect their pups or food sources when you encounter them on a trail. Humans may perceive this behavior as stalking, which is usually not the case. They may also view your pet as prey.

To let coyotes be wild while keeping yourself and pets safe, please follow these pointers:

- Never feed coyotes—it is illegal to feed coyotes in most places. Feeding endangers your family and neighbors as it lures coyotes into neighborhoods.
- Keep unattended cats and dogs indoors or in completely enclosed runs, especially at night, and do not assume that a fence will keep a coyote out of your backyard.
- Accompany your leashed pet outside. Make sure you turn on lights if it is dark to check your backyard for unexpected wildlife.
- Keep dogs on short leashes while walking outside; the Division of Wildlife recommends a leash no longer than six feet.
- Leave noisemakers on hand to scare away coyotes that may enter your yard, such as whistles and horns.
- Don't run away or turn your back on a coyote.
- Do not allow a coyote to get between you and your pet or child—keep children close to you.
- Yell, clap hands, blow a whistle and try to make yourself look larger if you have a close encounter with a coyote.
- An empty soda can filled with pennies and sealed with duct tape makes a very good noise maker when shaken.

## Don't feed the 'critters'

The Villages is also home to a variety of wildlife. Many Villagers feel that being a good host necessitates feeding our four-legged or winged guests on a routine basis, which can be quite detrimental to our wild friends. Problems arise when animals have access to food and garbage left out by residents. They develop an appetite for easy pickings and return for more. When this happens, they often lose their natural fear of humans and can become aggressive. To prevent that, residents should not leave out any type of food in a manner that may become accessible to our wild friends. Please comply with Villages Golf & County Club Rule 1.51.4, which states: "Feeding of waterfowl and other wild animals on a routine basis is prohibited for the protection of both residents and the animals."

## Leash rule for pets

Residents are reminded, as per Club Rule 1.51, that pets must be kept on a leash, under control, and attended to at all times. This rule also applies to the Hill Lands.

## **(SRS) SENIOR RESOURCE SERVICES**

### *It's time for mail from the Tax Assessor*

It is that time of the year again. By June 30 you will receive your 2020-2021 Notification of Assessed Value from The County Assessor. This notice will show the assessed value of your home as of January 1, 2020. This assessed value is used to calculate your property tax due in December 2020 and April 2021. Please open it and review your numbers.

In the upper right corner are two lines labeled "Total," with a dollar amount directly to the right. The specific line you need is the first one labeled "Total." It appears just above "Homeowner Exemption." This is your Total Assessed Value for property tax. Your annual property tax will be calculated using this value, less your homeowner's exemption if applicable. If you have lived in The Villages for several years or more, this value should be no more than 2 percent higher than last year's value. If your increase is 2 percent, smile and file the notice. There is nothing more for you to do.

If you are new to The Villages and qualified to make the one-time election to transfer your previous California home's tax base (Factored Base Year Value) to your Villages' residence, check to be sure it has been done. If it has not been done and you filed your election for transfer more than six months ago, give the County a call or send them an e-mail. The phone number and e-address are on the Assessment notice. If it hasn't been six months, don't worry; remember this is done at the speed of government. Your transfer value will be applied retroactively, and you will receive a refund if you have overpaid.

If you are new to The Villages and do not qualify to make the one-time election for transfer basis, your assessed value should be what you paid for your property. If it is substantially less, don't rejoice and throw a party (with social distancing of course). You will in due time (think six months), receive a supplemental notice of additional assessment bringing it up to your cost.

If you are new to The Villages your assessed value occasionally may be more than what you paid for the property. This is because the County Assessor believes you did not pay full value. This could happen because the county uses square footage to determine the value and your property might have been substantially distressed. You may request a review of their valuation. You have until September 15, 2020 to request an informal review. A formal appraisal or photographs and bills to make it reasonably habitable would be immensely helpful.

If you don't understand your assessment, stop by the SRS office with your notice when we are open again, and a volunteer will explain it to you.

*Note: The Senior Resource Services (SRS) office is currently closed for drop-in assistance. You may still leave messages at 408-239-5253 as we monitor phone messages every day and can still answer questions by phone. We can also e-mail handouts. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional adviser about your individual situation.*

### **SRS Reminder:**

### **IRA RMD rollback by July 15**

A Required Minimum Distribution is not required from your IRA for 2020. If you have taken a distribution between February 1 and May 15, you may roll it back into the IRA if this occurs by July 15. If you took an RMD in January, it may not be returned unless the IRS provides additional relief. At this time, it does not appear likely that the date will be changed to include January distributions.

Due to The Villages being a high-risk senior community, and to comply with State and County Health orders, all Villages amenities (including golf) are closed to guests until further notice. This includes outdoor seating at the restaurant.

The County of Santa Clara issued Shelter-in-Place Order Updates on June 5 that allow certain additional businesses and activities to resume, subject to restrictions to reduce transmission risk.

## EVF FOCUS

### *EVF to hold Annual Meeting via Zoom*

Our status as a 501(c)3 organization gives the Evergreen Villages Foundation (EVF) one huge benefit and several even larger responsibilities. The huge benefit is allowing our donors to receive a tax deduction for monies they donate to EVF. The responsibilities fall on the EVF Board members. Our meetings must be open to the community we serve. We must keep meticulous financial and policy records. EVF must file an annual tax return. If we hold a fundraising or raffle, we must obtain all the necessary licensing. We must ensure all projects have Villages Club Board approval. Working with clubs and organizations, we assist with fundraising and record keeping. Our Annual Meeting will be Wednesday, July 8, 2020 at 3:30 p.m. All Villagers are invited to "zoom in" and hear more about our organization. Watch the Fast Lane and Villager for meeting details. # CLUBS & EVENTS

## Introducing MLK Society, new Villages club

By Lee Thompson and Sam Brown

At the end of this past February (Black History Month), several Villagers got together and formed a new club here at The Villages—The Martin Luther King Society. The stated purpose of the Club is to “celebrate Black and African-American culture and traditions and giving all members and guests an opportunity to meet and share the Black American culture, customs, music, and various forms or activities and celebrations, including games and events associated with the Black American experience.”

At the Club Board meeting of March 31, 2020, the MLK Society received formal and official approval and recognition as a Villages Board Recognized Club. The shelter-in-place and social distancing restraints prevented advertising or recruiting members, but now as The Villages opens up and begins to emerge from the covid 19 driven restrictions, The Villages’ MLK Society can also open up and emerge.

Even more fitting is that the MLK Society may serve to further the discussions and activities that address what we in The Villages can do to bring about societal changes following the tragic killing of George Floyd.

With that in mind, while still a work in progress, the MLK Society website: ferret-trombone-9mde.squarespace.com - contains further information, including a link to download a paper suggesting useful and meaningful next steps. You are encouraged to visit the website and consider joining the MLK Society, and engaging in the national dialogue on a local level. Email us at MLKSocietyVillages@gmail.com if you want to join the club, or have any questions or suggestion for activities that might be appropriate in recognition of the fourth of July.

## Veterans Club to be in Morgan Hill’s 4th of July virtual parade

All Villagers, and their families, are invited to watch the City of Morgan Hill’s 145th annual Fourth of July “Summer Fest” Virtual Parade, commencing at 10 a.m. on Saturday, July 4. Among the approximate 50 participating individuals and groups will be The Villages Veterans Club. The Parade can be viewed at YouTube and/or www.morganhillsummerfest.com.

## Hiking Club invites you to hike our recently improved trails!

By the Villages Hiking Club

For those that have been reluctant to hike the entire Meadow Trail, now is the time to give it another look. The trail begins along the Joe Marsh Trail at 900 ft. elevation and ends at the northeast corner of our property at 2,200 ft. The trail was rough, tick infested, and very narrow in places. In other words, it was not one of our safest trails nor heavily frequented. However, that has all changed due to the recent work completed by King Grading, an acknowledged Bay Area expert in designing, building and maintaining trails. In addition to minor annual maintenance such as mowing and scraping on other trails, over several days, the upper

part of Meadow was regraded and widened to approximately 4 feet. This makes for much easier and safer hiking as illustrated by the photographs. In addition, the views from this trail are among the best, including magnificent views of our valley and Mt. Hamilton.

One principle of The Villages Hiking Club’s mission is “To promote the preservation of the Hill Lands, the natural springs and trails in their present pristine condition.” This would not be accomplished without the continued support of the VGCC Board and the Villages Maintenance Department. The Hiking Club appreciates all their efforts and support to improve, maintain the trails, and keep the Hill Lands pristine. The Hill Lands trails have been a wonderful and welcomed escape during this time. Another purpose of the Hiking Club is “To provide an organization of Villagers for hiking and socializing.” Unfortunately, due to the present shelter in place orders, our monthly meetings have been cancelled and group hikes do not follow the current guidelines from Santa Clara County. Hopefully, all activities will resume in the near future. In the meantime, if you wish any information about the Hiking Club, feel free to call President Al Girolami at 209-531-6553. Go climb a hill!

Workers regrading and widening a trail.

The recently upgraded Meadow Trail.

## HI NEIGHBOR

Welcome to a “social distancing” edition of Hi Neighbor. This week we introduce you to three Villagers who moved here from other California cities.

One of Cribari Village’s newest residents is **Deb Gordon**, who arrived here last year from Santa Clara. An Illinois native, she retired from Hewlett Packard in 2012 after 32 years as a worldwide program manager, which included traveling the world to work with Sales and Operations management. Her interests/hobbies include swimming, walking, reading, cooking, bocce, Mexican train dominos, and entertaining friends. She has three daughters and five grandchildren.

**Help the VMA—  
donate a vehicle**

Perhaps you are unable to support the Villages Medical Auxiliary (VMA) through a monetary donation, but you want to help. There is another way—through the VMA's vehicle donation program.

Are you replacing your old golf cart with a new one? Perhaps you no longer use a golf cart. The VMA will take your cart off your hands, working or not.

Do you have a car that you no longer use? The VMA will sell it for you. The VMA will handle all the details including arranging to have your vehicle towed and sold at auction.

Accepting vehicle donations would not be possible without the help of Villagers Gary Walden, Dick Frey, and Noel and Betty Lanctot. These dedicated VMA volunteers spend countless hours preparing the vehicles for sale. If you've got a golf cart to donate contact Gary Walden (408-270-3492). For car donations contact Walden or Dick Frey (408-532-6031).

Golf cart and car donations qualify as a charitable contribution under Internal Revenue Code 501(c) (3). When your vehicle is picked up you'll receive a receipt for tax purposes.

## COMMUNITY CHAPEL

### ‘A Sure Thing’

By Pastor Bill Hayden

These are times that we must guard our hearts from all of the negative and unproductive things that derail the healing of our nation. A continual bombardment of news and destructive behavior can never be beneficial in bringing healing and comfort to people who have been sickened by its effects.

I know that we are at the crossroads as a nation and it will take all of our efforts to bring peace to our land. So, I offer you this solution, as a step in the right direction which is: a nation that prays together will stay together. Can we just take a moment each day and pray together for our country and the world?

Prayer is simply having a conversation with God and allowing Him to give us wisdom and direction. Then we wait for Him to speak to our hearts. Prayer especially in times of trouble brings comfort, help, hope and blessings to us. Trouble may not totally disappear but prayer will enable us to endure as we submit to God and know that we are not alone.

Prayer opens our spiritual eyes to see God working in the midst of the trouble to bring us together in amazing ways and to restore the faith of the faint of heart. During times of trouble prayer along with meditation on God’s word will drive away unbelief. We can be rescued from doubt and delivered from vain and foolish questioning concerning the will of God.

People are looking to our leaders for answers and solutions to our conditions and finding none. May I humbly submit to you that prayer is the appropriate action for us to see God’s hand in the midst of our times of trouble. Let us look to Jesus, the Author and Finisher of our faith, believing that all things will work together for our good because we love Him and He loves us.

Psalms 50:15 NKJV *“Call upon Me in the day of trouble; I will deliver you, and you shall glorify Me.”*  
As per the CDC and the Villages Management, all congregational meetings have been cancelled until we receive clearance to assemble due to the possibility of Coronavirus spreading. **Good news!** Pastor Bill will still deliver his Sunday Morning Sermon Message now on video. You can see his sermon via our Villages Community Website at [www.Villagescommunitychapel.org](http://www.Villagescommunitychapel.org) later in the day.

May God bless all of you with good health and reach out to someone!

## EPISCOPAL

### ‘Don’t be afraid!’ (yeah, sure)

By The Rev. Julia McCray-Goldsmith

In the 10th chapter of Matthew’s Gospel, Jesus tells his disciples not to fear, even when his teaching might divide their households. This was a serious threat in his day: to be cut off from one’s family portended poverty for all but a wealthy few. By this time in Matthew’s account of Jesus’ ministry, however, everyone already knew there was threat afoot. What greater risk could a person assume than the possibility of judicial execution? And yet... Jesus assured his fearful disciples “do not be afraid; you are of more value than many sparrows.”

I find such compassion in this statement, just as I do in the announcements of so many angels that appear to Biblical characters telling them not to be afraid. First of all, the heavenly messengers and Jesus know that we have been, are, and will be afraid. It’s OK to be afraid: it’s quintessentially human. And while none of them say that fear is wrong or shameful, God’s interlocutors seem to think that we are capable of making a choice.

I’ll confess that sometimes when I’m lost in the feeling, I forget that God gave me agency. Maybe I can’t change my affective response to scary things, but I don’t have to let it determine what I do.

What scares you? For most of us humans, it’s some variation on the themes of scarcity, loneliness, or illness. Right now we might be especially afraid of COVID or police violence or even the possibility of police reform. But in a time of pandemic and rapid social change, Christians are called to choose abundance in God, community in the household of faith, and trust in Jesus as healer (if not always cure-giver). In that way, we are able to show up with courage and genuine comfort for a world desperately in need of faith and reconciliation. Are you feeling a little afraid of what that might require of you? Not to worry... Jesus and a heavenly host of angels are ready to remind you that those who lose their life (aka their friends, their family, their comfort) for God’s sake will find it.

## JEWISH GROUP

By Arnold Pinck

According to Wikipedia, one of the concepts of Judaism is “tikkun olam.” Tikkun olam is a concept in Judaism, often interpreted as aspiration to behave and act constructively and beneficially. Documented use of the term dates back to the Mishnaic period. Since medieval times, kabbalistic literature has broadened use of the term. In the modern era, among the post-Haskalah movements, tikkun olam is the idea that Jews bear responsibility not only for their own moral, spiritual, and material welfare, but also for the welfare of society at large. For many contemporary pluralistic Rabbis, the term refers to “Jewish social justice” or “the establishment of Godly qualities throughout the world.”

This is one reason we would like to remind everyone that we are dedicated in supporting The Second Harvest Food Bank, as well as Jewish Family Services in their current financial needs. The Second Harvest Food Bank has been having to supply, more people in need, with food, as a result of the many layoffs and schools not being able to supply meals to needy children, as a result of COVID-19 pandemic. Therefore, we are urging residents of The Villages to donate to them.

**Message from Marilyn Goldsmith, VJG President:** “Our May Zoom Shabbat was a resounding success. We heard from you that you loved the music, the beautiful slides with the prayers and translations, the English readings, and the chance to connect with our community from the safety of our homes.

We will be holding similar Zoom Shabbat Services this coming Friday, July 17. We will open the Zoom Room at 7:15 p.m. and start services at 7:30 p.m. The service will have Rabbi Laurie Matzkin.

We hope and pray that this time has been peaceful for you, and you continue to support each other as I know you all do.”

## CATHOLIC COMMUNITY

**Letter from Fr. Matthew Stanley, Regarding the Resumption of Masses:** “Dear Parishioners, Bishop Cantú has given permission for all parishes to resume public worship outdoors (in groups no larger than 25 persons), beginning Monday, June 15. Realizing that each parish has its own unique circumstances, we have to make adaptations to best suit St. Francis of Assisi.

Our daily 8:30 am Mass will continue to be celebrated in the chapel. The “order” of the County Health Director continues to limit the capacity of “indoor” gatherings of each space to 10. Since the Gathering Hall is a separate space our actual capacity is 20.

Beginning on June 21, the 12th Sunday in Ordinary Time, we will commence with a Mass schedule that conforms to the permission of celebrating Sunday Mass outdoors with a 25-person limit (per Mass). The anticipated Masses (vigil) will be at 4:30 p.m. (English) & 6:30 p.m. (Vietnamese). The Masses for Sunday will be: 8 a.m.; 10 a.m.; 12:00 pm; 4 p.m. (Vietnamese) & 6 p.m. The place for each Mass will be located in the Memorial Garden patio.

Limiting each Mass to a maximum of 25 people is the rule, and it is not prudent to simply allow a “first-come, first served” practice. We will use the PayBee app as our reservation system. You may download it to your mobile device. Tickets will be available on the Monday before the upcoming Sunday. You can also contact the parish office for assistance.

We will follow directives with which we are quite familiar: physical distancing; face coverings; hand sanitizer. It is essential that in-person worship not be the cause of further outbreaks of infection, and so we must insist on strict adherence to these safety measures. Please remember that the general dispensation from the obligation to attend Sunday Mass remains in effect for all Catholics in the Diocese of San Jose until further notice. We will continue to upload a recording of Sunday Mass.

This is one step in a long process of moving toward the day when we will celebrate Sunday Mass, the Sacraments, and other parish ministries and activities in the way we were accustomed in the pre-pandemic times. Let us pray for each other. Let us practice charity and patience. Let us exercise prudence and right judgment, until the day of the Lord’s return.”

**Staying up to date:** Check the website for St. Francis of Assisi at [www.sfoasj.com](http://www.sfoasj.com) and daily emails from SFOA, for the latest information. Please call or email Rosie Olivas at 408-223-1562, or [rolivas@dsj.org](mailto:rolivas@dsj.org) to request to be added to the daily emails.

**Mass Intentions:** If you would like offer a Mass for someone, contact Jean Gillette at 408-270-5723.

**Home Communion:** There will be no home communion until further notice. Questions? Contact Marilyn Rodman at 408-274-4521.

## TENNIS TALK

By Betty Olsen

The Tennis Club would like to welcome new members Greg and Shelley Schlender who moved to The Villages two days before shelter-in-place! Consequently it has been hard to take advantage of our many amenities and to meet fellow villagers. They moved here from Rossmore to be closer to a son and grandson that lives in Sunnyvale.

Greg and Shelley are both from central Kansas, but didn't meet until their early 20s. Greg needed a summer job while at Chicago Law school, so moved home to Kansas and found a lawyer nearby who needed a clerk. Long story short, he married his daughter.

They lived and worked in Boulder, Colorado for 35 years, Greg as an attorney and Shelley as a freelance radio journalist. Shelly interviews people and the interviews are put on the radio, with Voice of America being one of her clients. The couple's interests also include cross country skiing. When they retired, they moved west to California to be near family, and perhaps enjoy the CA weather. Greg played high school tennis, but then had a long layoff until about 15 years ago. Both Shelley and Greg play USTA league tennis and Greg says he is eligible for 3.5 USTA 65 tennis, but Shelley has another year to wait. Both are anxious to start meeting tennis folks and to start playing. They will play mixed together, so feel free to give Greg a call at 303-579-5610.

## IRONMEN

By Bill Travis

**Golf Champion:** Arnold Palmer (1929-2016), US Amateur Champion 1954, US Open Champion 1960, Masters Champion 1958; 1960; 1962; 1964, British Open (The Open Championship) Champion 1961; 1962, World Golf Hall of Fame 1974, Presidential Medal of Freedom 2004, Congressional Gold Medal 2009

Arnold Palmer, with his charisma and aggressive approach to the game of golf, became one of the most popular players in the sport's history. His fans loved him, and "Arnie's Army" would follow him for nearly four decades. In 1968, Palmer became the first man to win over a million dollars on the PGA tour. But it was his tenacious will to win that made him so successful. At the 1960 US Open at Cherry Hills Country Club in Englewood, Colorado, Palmer made up an incredible seven strokes in the final round to win. It was the greatest comeback in US Open history.

"I've always made a total effort, even when the odds seemed entirely against me. I never quit trying; I never felt that I didn't have a chance to win." - Arnold Palmer

## 18-HOLE WOMEN

### Encouraging Young Golfers

By Diana Hallock, Co-captain

Following the excellent example set by our Villages Tennis Club, the Villages 18 Hole Women Golf Association has decided to support the Girls Golf Program at Silver Creek High School. Students involved in clubs, music, sports, and the like are more connected to school, more likely to graduate, and more likely to seek higher education. Unfortunately, with the current cuts in public education, there are no state or school funds for sports, including girls golf. Their fledging golf team had a successful launch year in 2019-20, winning the occasional match, even though some of the girls didn't even own their equipment and to buy their own uniforms.

Before the onset of the pandemic, we had planned to have a donation jar set out each Thursday playday. We had also planned a "Back to School" sponsorship day on Thursday, August 27. Since both of those opportunities are still on hold, donations can be given to any 18 Hole Board member. Also, if you have relatively new lady's clubs that you would be willing to donate, please contact Diana Hallock. (Tax deduction forms are available from the school.) Young players are the future of the sport that gives us such pleasure, exercise, and social connections.

## SHONIS

By Tom Zades

The Shonis would like to take this opportunity to congratulate our own Teddy Morse as she takes over as President of the Club Board. Knowing her as we do, we know she will serve The Villages residents wonderfully. "Congrats" have even come in all the way from Vivian Wilczak's new home in Denver.

With the cancellation of our June bag lunch, we still have not officially congratulated Julianna Wahlgren on her hole-in-one. We haven't had our bi-monthly bag lunch and general meeting since February. The next one is scheduled for August 18. Fingers crossed! Congratulations are also in order for Lorrie Scott, who reports sinking a 37-foot putt to bag a par on hole #6 last week.

Fran Schumaker is urging all Shonis to send her their favorite comfort food recipes. She plans to create a book of all our favorite comfort foods. Under Fran's "Share it up and share forward" concept, we can prepare and send a fellow Shoni her own favorite comfort food if/when the need for comfort and caring arises. Meanwhile, we are welcome to share the recipes among ourselves. Setting the example, Captain Bonnie Evans announced that her comfort food is split pea soup: split peas, lentil, potato/leek, chicken noodle, broccoli/stilton, and pho. Sandy Zades sent Fran a family recipe for a brownie/cake dessert they call Texas Cake. And Fran's favorite? Mac and cheese!

As we go to press, the winners of the "What is it?" contest are being finalized. Winning entries are being linked to the actual prizes. We have a Jack Daniels sleeve of golf balls for Drunk Happy Face; we have something special for a "wild and crazy" entry; we have "new longer distance balls" for social distancing, and balls with a Piercing Launch Trajectory" for "Frame to hold the knife thrower's assistants!" A last-minute addition is the awarding of "Ram-bam, soft-loft, spin-in" balls for the Perfect Swinger Thinger Dinger entry. Thanks to all who participated!

Our featured Shoni this week, Lil Yamada, recently completed a relocation within The Villages and, like the rest of us, is looking forward to sweeps play again.

**Chip shot:** "If profanity had an influence on the flight of the ball, the game of golf would be played far better than it is."

## MEN'S GOLF CLUB

By Kyle Finley (kylefinley@outlook.com), website [www.villagesgolfers.com](http://www.villagesgolfers.com)

**Message from the GCC (courtesy of Ron Burke):** Going forward the Golf Course Committee is focusing on just one cart etiquette rule each week.

This week's focus is on some "short cuts" which are violations of our golf cart etiquette guidelines. Following these guidelines is simple and will help to preserve the turf in these sensitive areas:

- Do not drive through the Gazebo and park on the right side of the 3 tee on #8.
- Do not go right of the 10th green to park next to the tee monument on the 11th tee.
- Please use the cart path on both of these holes.

Also, thanks to everyone for embracing the 90-degree cart path rule. It is making a real difference!

# FROM THE PRO

**By Scott Steele, PGA Head Golf Professional**

Because the Pro Shop is closed to foot traffic, the best way to communicate with the Pro Shop Staff is to call the Pro Shop at 408-274-3220 extension 1, as attempting to talk with each other with masks on through the Pro Shop window while trying to make a tee time is not necessarily the best-case scenario. So please call us. We thank you for your cooperation.

# SWINGERS

**By Wendy Ledamun**

On Tuesday, June 16, we started alternating the start of play between the front-9 and back-9 every other week. For most Swingers, this was the first time we've played on the back-9 since March 10. What a glorious way to start the day! It was great to tee up from the new, improved #2 tee boxes, too.

Sheryl Driskell, our handicap chair, has completed the mandatory education requirements for the World Handicap System. She completed several hours of online training and then took a quiz to evaluate her proficiency. She aced it. Way to go Sheryl!

Speaking of handicaps, we've been averaging 56-64 players on Tuesday's since play resumed. I'm encouraged to see that some Swingers are regularly posting their scores. However, not everyone is doing so. You can download the posting app to your phone at the Apple or Android store. If you're not a whiz at popping your scorecard, you can post hole-by-hole and the system will adjust your score for you! We're planning to hold a "Posting Workshop" via Zoom to bring members up to speed on the process soon.

The Alta Sierra Country Club in Grass Valley is hosting an Open Day on Thursday, July 23, 2020. Registration and breakfast will begin at 7:30 a.m., followed by an 8:30 a.m. shotgun start. Anka and Diane will be sending out the details soon. The registration deadline is July 5.

The 30th Annual Women's Nine Hole Golf Association's Corena Green Classic for Junior Girls will be held as scheduled on Monday, August 3, 2020, at Oakdale Golf & Country Club, Oakdale. The Swingers will be sponsoring five girls at the event. If guest restrictions are lifted at The Villages before the tournament we plan to invite the girls out to play with us.

Fun fact: The average driver swing speed of a non-professional lady golfer is 62 mph and 96 mph for an average LPGA professional.

# PICKLEBALL

The first players to hit the courts were Dave Roberts and Alex Shtarker on court 5, with Bob Shuck and Jim Valenti on court 6.

**By Bill Pomeranz**

As I write this article, we are now in our second week of play. It's great to be back. Even though many of us are limited to playing singles at this time, it's just great exercise, and it's really great to get our bodies moving again.

I want to especially recognize Anahid Gregg and David Cook who have been working tirelessly in the last few weeks to get our systems behind the scenes working so it's easy for us to play. Thanks to the Tennis Club we now have an online sign-up system that is working very smoothly. We have also instituted a space on our website ([villagespickleball.org](http://villagespickleball.org)) so that single players can sign up to locate a partner.

The new pickleball courts will be a wonderful and popular amenity for the Villages. If you haven't voted yet, please vote Yes and drop your ballot in the box outside Building A.

# BOCCIE NEWS

**By Barbara Orlando**

The 4th of July is next week and everyone is reflecting on past celebrations. This year there is no parade in The Villages. No way to express our patriotism, except by flying our nation's flag proudly.

Frank and Betty Garcia with their grandchildren, Ava and Christian Rhymes, celebrating the 4th of July in 2008.

It would be a great sight to see the stars and stripes throughout our community. I plan on flying my U.S. flag and hope my neighbors do the same.

Bocce has started again for recreational play only. All Villagers are welcome to visit our website and reserve the courts. Your chosen time will be assigned a court monitor. You may choose up to four players maximum per court. Check out our website at [villagesbocceclub.com](http://villagesbocceclub.com). Please follow the given rules by the County, Public Health Offices and enforced by the VGCC, which hopefully are only temporary until the coronavirus is under control. Continue to be safe and remember to social distance.

## SOUTH

♠ Q J 2  
♥ K 10  
♦ Q 9 8 2  
♣ A K 5 4

Dealer: South  
Vulnerability: None

Bidding: South	West	North	East
1 NoTrump	Pass	2 Hearts*	Pass
2 Spades	Pass	3 NoTrump^	Pass
4 Spades	All Pass		

Contract: 4 Spades  
Opening Lead: Queen of Clubs

Dealer has at least 1 loser in Spades, 1 in Hearts, maybe a Diamond, and 1 or more losers in Clubs.  
Strategy: Try pulling trumps and set up the Hearts before losing control of the other suits.

West leads the Queen of Clubs, South the Ace, switches to the Queen of Spades, and West wins with the Ace. He plays a Diamond, Ace is played from the board, South leads a Heart, King from his hand, and West covers with the Ace. What should West lead next? If he plays a Club then the dealer has a chance of making 5 Spades since he will get an extra trick in Clubs. West cleverly leads a trump, South covers with the 5 from the board, East sluffs a Club, and South uses his 2 of Spades. He then plays a low Spade from the board to the Jack in his hand, next a Diamond, trumps it on the board and plays the King of Spades to take West's last Spade. He leads the good Queen of Hearts, follows with the Jack and then the 9, sluffing his last Diamond and a Club from his hand. He next plays a Club to the King in his hand; leads his last card, a Club, and West wins with the Jack. Great! The contract is made exactly. Also 3 NoTrump could be made but 4 Spades provides more points.

\* This is the Jacoby transfer bid used after a NoTrump opening. When responder has a 5-card major or longer then he bids the suit immediately below that suit at the 2 level regardless of the number of points he has. This allows the opener to become declarer in responder's longest suit.

^ Depending on responder's points will determine what he does next. In this deal he bids 3 NoTrump showing 10 or more points enough for game and lets the opener decide on the game contract.

## From the Golf Pro

(Continued on page 14)

### Tips from the Pro—The Short Way to Success...

**As easy as 1-2-3...**...The three biggest differences between a PGA Tour player and an average amateur golfer (besides length) are: 1. Pre-Shot Routine; 2. Thinking 1-shot ahead; 3. The ability to chip it close. So to help your overall game and scoring, work on these three things:

**Pre-Shot Routine:** Strive to develop a consistent and constant pre-shot routine for full swings, chips and putts that includes: stand behind the ball, focus on target not swing, set the club-head first, build your stance second, target checks throughout, waggle or milk the grip, swing or stroke with conviction. The goal is to be relaxed and confident when hitting the shot.

**Think 1-shot ahead:** Set yourself up to succeed by focusing 1-shot ahead when you are preparing to play your shot. Here are some tips:

**Tee Shot:** off the tee decide what club you want to hit on your approach and select the appropriate club to get you there – play to the side of the fairway that will allow you the best angle of approach to the green and hole.

**Approach:** is long dead? Then select a club the will never go long – is there a deep bunker or water right? Then aim left of the green and let it fade in.

**Chipping:** what is your favorite type of 4-foot putt? Left to right, right to left, uphill, downhill? Whatever it is, strive to hit your chips to the side of the hole that will leave you your favorite putt.

**Chip it Close:** Learn how to use your sand wedge! Practice multiple lies and learn how to hit a flop shot and a basic 10-yard bunker shot – always think about landing spot, trajectory and resultant roll.

**Pro Shop Merchandise**—The Pro Shop can now sell merchandise via curbside delivery. Please call the Pro Shop at 408-274-3220 X1 to place your order. ## Along the Way—a trip down Memory Lane

(With Tom Zades—contact him at: tomzades@gmail.com)

I have this irrational fear of running out of coffee. We buy the 51-ounce cans of Folgers at Costco, keeping one in the house for use and one or two unopened cans in a garage cabinet. Each time Sandy announces that she is going to Costco, I ask her to check the supply of coffee, in case we need to get more. As the can in the house gets low, I make a mental note to check the supply myself. We have never run out of coffee, and I could always go get a cup at the Bistro if we did. There is no need to get anxious about it, but I do. I don't think it is this modern FOMO thing, Fear of Missing Out. I don't know what it is.

It brings to mind something I have always remembered from childhood. A large portion of our family was together at a beach. Someone announced they were going somewhere else, and whoever wanted to come could just jump in the car (no seat belts in those days; kids just piled in). I decided I wanted to stay where I was, but as the car pulled away, I changed my mind. Mom says there was just no consoling me for five or 10 minutes. I knew it was my own fault, but I desperately wanted to be with the cousins who were heading off to somewhere else. FOMO? Don't know.

Every Halloween season we start hearing about other irrational fears: The fear of clowns or clown faces, the fear of owls, spiders, etc. I know one woman who absolutely cannot drive or ride in a car across a bridge spanning a body of water. Just cannot do it. Inexplicable, but then so is my fear of running out of coffee when the cupboard is full. Go figure!

## OBITUARY

### George T. James, Jr. (Colonel, USAF, Retired)

July 2, 1923 — May 22, 2020

George T. (Tom) James, Jr. passed away peacefully on May 22, 2020 at the age of 96 in San Jose, California. He

was born in Chicago, Illinois on July 2, 1923 and was the son of George T. James, Sr. and Verna Kendall James. Tom spent most of his school age years in Fulton, Kentucky and was a graduate of Fulton High School. From there he attended Murray State University to study music (violin) but World War II would change those plans. After Basic Training and Flight School, he was sent to England for a short time and then to France to fly the Martin B-26 Marauder (The Widow-maker). Miraculously, he survived and returned to the family home on Second Street in Fulton at the end of the war. Feeling he had lost his touch for the violin while gone, he attended Purdue University

in Indiana. During that time, he married Phyllis Ringo from the nearby town of Clinton. After graduating from Purdue with a degree in Mechanical Engineering, he was recalled to the Service for the Korean War and they moved to Dayton, Ohio. Now back in the Air Force on active duty, he continued flying but fortunately was not actually sent to Korea. By the end of the Korean War, he had accrued enough years in the service to make it a worthwhile career. During the time in Dayton, their first daughter, Rose Anne was born. Then began the life of a military family. Moves were made to Nevada to the bomb site for tests; Southern California to attend Cal Tech where he earned a Master's Degree in Mechanical Engineering and an MBA; then back to Dayton; then Colorado Springs and the Air Force Academy where he taught Astronautics; then Montgomery, Alabama where he traveled giving lectures on classified matters and San Jose, California - the Satellite Test Control Center where he retired as Commander. He served a 13-month isolated tour in Osan, South Korea during their time in San Jose and he often took trips to interesting places. During the second tour in Dayton, a second daughter, Ruth, was born. He served for 30 years in the Air Force and retired in San Jose, California in 1974. They moved to The Villages in 1980 to enjoy a retirement of golf and friends. After the passing of Phyllis in 2003, Tom enjoyed many years of companionship and travel with Margaret Allvey, also of The Villages. Throughout the years, he enjoyed his musical talents with his guitar, banjo and singing. He was always up for a good sing-along.

He was predeceased by his wife, Phyllis, his daughter, Ruth, his parents and his brother, Joseph R. James. He is survived by daughter, Rose Anne, son-in-law, Steve Cooley and granddaughters: Allyson Trevor (Mike), Stephanie Sly (David) and Whitney Miller (Brett). He was most proud of his seven great-grandchildren: Nick and Katie Trevor, Danica and Devin Sly, and Grady, Porter and Lucy Miller. His one surviving brother, James K. ## Resuming autonomous testing in The Villages

Voyage's highest priority is to ensure the health and safety of the communities we serve.

In order to safely return to non-passenger, on-road testing, we are implementing new measures to protect residents, staff, and our employees. These measures incorporate all relevant public health guidelines and industry best practices.

In addition to our existing daily operations procedures, we have implemented the following measures:

- Social distancing and limited interactions
- Rigorous cleaning of vehicles and offices
- Personal health monitoring
- Proper usage of personal protective equipment
- Installation of a physical barrier to separate vehicle operators in all vehicles

We will monitor and adjust our plan as necessary to ensure we are always aligned with public health guidelines.
