COVID-19 temporary testing sites open in San Jose and Gilroy

According to the Santa Clara County website, sccgov.org, free, walk-up COVID-19 testing sites are open in San Jose and Gilroy July 21 to 25—although most dates have past, there are Thursday, Friday and Sunday dates available with no appointments necessary.

According to the county's July 18 press release, the walk-up testing sites provide COVID-19 viral detection tests free of charge without an appointment, symptoms, insurance, or a doctor's note, and regardless of immigration status. Locations may change each week based on assessment of testing needs. The county's objective is to increase the overall number of tests, especially in communities that have been hit hard by COVID-19.

No appointments are needed for a free and easy nasal swab test at any of these pop-up locations:

San Jose Locations:

- **County of Santa Clara Service Center Auditorium** at 1555 Berger Drive, San Jose, 95112
Thurs, July 23, 10 a.m. to 3 p.m.
No testing at this site on Friday, July 24.
- **San Jose High School Cafeteria** at 275 N. 24th Street, San Jose, 95116
Thurs and Fri, July 23 & 24, 1 p.m. to 6 p.m.
Sat, July 25, 9 a.m. to 2 p.m.

Gilroy Locations:

- **South County Annex** (formerly Antonio Del Buono Elementary) at 9300 Wren Avenue, Gilroy, 95020
Thurs and Fri, July 23 & 24, 10 a.m. to 3 p.m.

According to Dr. Marty Fenstersheib, the County's COVID-19 Testing Officer, "The test is easy and painless." All are welcome at the county government test sites, and if you have insurance, you can also ask your regular provider for a test if that's more convenient for you—they are required to test you.

Testing can identify COVID-19 before a person feels unwell or before they spread it to another individual with potentially deadly consequences.

Although every Santa Clara County resident can now get a free nasal swab test, testing is especially encouraged for asymptomatic individuals who are at higher risk because they work in frontline settings or because they've had significant interaction with members of the public. This includes grocery store clerks, construction workers, retail associates, first responders, and other workers, as well as individuals who regularly ride public transit or have recently attended a mass gathering where masks or social distancing may not have been observed.

Club Board to vote on Emergency Facilities Rule

The Club Board of Directors is voting on this proposed Emergency Facilities Rule at its board meeting Tuesday, July 28, 1:30 p.m. To keep our amenities open, we are required to have monitors to insure we follow guidelines. These volunteer monitors and Villages' staff are doing a job to benefit us all and thus deserve respect and compliance from Villagers.

The text of the rule is as follows:

Emergency Change to Club Rules Relating to Facilities

As provided in The Villages Golf and Country Club Rules Attachment D section 2. The Club Board has determined there is an imminent threat to public health or safety if we do not immediately change the following Rules: Club Rules 1.10 through 1.23 (except Rule 1.14), and 1.71. This Rule change will remain in effect until the expiration or cancellation of the existing Health Orders from the County of Santa Clara and the State of California as they may be amended or superseded from time to time or until changed or canceled by the Club Board.

The Villages' General Manager is authorized to create Directives for the use of any Club facility which he deems necessary to comply with any Health Order(s) by the City, County, and State. This amendment requires all residents and guests when using Club facilities to comply with these Directives as published in The Villager or on the bulletin board at Cribari Center. Failure of a resident or guest to comply with these Directives can result in an immediate suspension of that resident or guest's use of that facility for the remainder of the day. The General Manager or his designee(s), management appointed monitors, and public safety employees have the authority to immediately suspend a resident or guest from that facility for the remainder of the day. The non-compliant resident is also subject to a non-traffic rule violation with attendant penalties including suspension from use of all Club facilities or activities for a time determined by the Club Board.

State officials update guidance on haircuts/personal care outdoors

The State of California updated information on getting haircuts and other personal care services outdoors on its covid19.ca.gov website, which was updated Tuesday, July 21 at 11 a.m.

The new state guidance said that hair services are allowed, as are services for skin care, nails, and massage, as long as those services are performed out of doors. Other services which require a hygienic environment (tattooing, electrolysis, piercing) cannot be performed outdoors.

Even though some restrictions on services have been relaxed, the COVID-19 numbers are still increasing and the possibility of state or county officials closing down services is a definite possibility. Monitor county and state websites to stay informed.

COMMUNITY NEWS

PULSE

Dear Readers:

The Villager welcomes everyone's voice sharing ideas, opinions and accounts of life in The Villages in the Pulse column. Please follow the guidelines carefully.

Pulse deadline is 11 a.m. on Friday of the week prior to publication. Pulse letters will be published in complete or abridged form at the discretion of the Publisher and in accordance with the editorial policies and rules established by the Club Board of Directors. (See VGCC Rule 1.30.) Opinions expressed by Pulse letter authors do not necessarily reflect the opinions of The Villager Publisher, staff, boards of directors or management.

All Pulse letters must be 200 words or fewer on a single topic relating to life in the Villages. Each letter must also include name, address, phone number, date and number of words. Typed or legibly written letters must include your signature and may be hand delivered to the Pulse mailbox in Administration Building B or by mailing to the Communications Advisory Committee, 5000 Cribari Lane, San Jose, CA 95135.

Letters may be submitted electronically through the Pulse Submission Form on the Resident Portal: resident.thevillagesgcc.com/pulse, or emailed to Villager Managing Editor S. Hinrichs: shinrichs@the-villages.com.

E-mailed letters must include the text within the body of the e-mail and the subject line must read PULSE LETTER.

- 5 Pulse letters received this week.
- 1 Pulse letter not meeting Pulse Letter Guidelines.
- 1 Pulse letter redesignated as an Above & Beyond item.
- 3 Pulse letters published this week.

Note: Pulse authors are solely responsible for the statements and opinions contained in the Pulse letters. The Villager does not verify the accuracy of all statements.

Note: Pulse letters are still being accepted through the "Shelter-In-Place" order in digital form only. You may take a picture of your hand-written letter and e-mail it as a JPEG attachment to: shinrichs@thevillages.com.

All Pulse letters that are published are retained by the Communications Advisory Committee (CAC) for a period of 12 months. Rejected Pulse letters are not shared with anyone outside the CAC, management or Club Board and staff liaisons for the reason of confidentiality.

I was totally taken aback by the recent HOA Increase. When our country is in an economic crisis due to the Pandemic, this seems unconscionable. This is a real financial hardship when people are on fixed incomes, have lost their jobs, or even their business. For months we haven't had access to our amenities such as the swimming pools, the fitness center, library, post office, billiards room, the arts and crafts rooms, and more.

The federal and state government and some businesses are assisting us in this time of need, offering everything from stimulus checks to auto insurance discounts. This is a time when we are just trying to pay our bills and keep food on the table. This is a time when it should be more about helping each other and less about getting raises from people who are struggling to survive.

I feel that at this time, it is unreasonable to raise our HOA fees! At very least, we should freeze the increases until the economy becomes more stable. If you agree with me, then let the boards and management know how you feel about the unjustified fee increases.

— Frank De Fanti

"Never on Sunday"

We listen to machines—cutting grass, cutting bushes (the loudest), blowing leaves, trucks all day for six days. No cutting golf course on Sunday. This machine (the big one) is out before 8 a.m. on Sunday, very loud, no excuse. We are not having golf tournaments, no excuse for this one to be out on Sunday. Ever. They have six days a week to mow. Fire them if they cannot do that. Stop this—we pay a lot to live here—no noise on Sunday.

— Charlotte Lazar

Next to the rear dumpster I use there's a small plastic bin for aluminum, above which is a sign saying "Please Flatten All Cardboard and Place Neatly Next to the Dumpster."

This admonition seems to be rarely followed. Not only are boxes placed in the dumpster intact, but flat pieces that could easily be placed along the wall or next to the dumpster are put inside it nonetheless. Not to speak of boxes left on the floor, intact as well as flattened, but not standing up so as to be picked up easily.

I don't know what can be done about this. Folk are clearly inclined to do as little as possible, perhaps thinking of the days they had their own containers conveniently placed in front of the house.

At a minimum, the sign about cardboard should be much larger, with bigger font, and mounted more prominently (the one at Cribari Hills is hanging from one corner), with the words FLATTEN and NEXT TO highlighted in red. Better yet, a boxcutter, probably secured with a light chain, could be provided for those who don't have one at home to use breaking their cardboard boxes down flat.

Association/Homeowners documents available via e-mail

Per an amendment to California Civil Code, homeowner associations are permitted, with owner's written consent, to distribute annual disclosures, (like the pro forma budget summary) and other specified association documents to owners via electronic mail, facsimile, or other electronic means (such as posting on the association's website) instead of sending those documents out by regular mail or personal delivery. This has the potential to provide cost savings to The Villages. Delivery and postage costs for the Villages' annual distribution of the pro forma budget summary alone are close to \$1,000, not to mention the paper and printing costs.

In order to transmit association documents via e-mail or by posting on the homeowners association's website, 1) the homeowners association must first receive the owner's written consent, and 2) the homeowners association sends a separate notice to the owner that the documents have been posted and are available for viewing.

Consent forms for owners to request delivery of documents have been developed for both The Villages Association and Homeowners Corporations. These forms provide an owner's consent to electronic delivery of documents that are capable, under current laws, of being distributed electronically. Owners have the right to revoke this request and receive "hard copies" of the documents by sending a written revocation signed by the owner, to the applicable corporation.

Forms of owner's written consent are available in Business Administration Buildings A and B, and on The Villages web site, <http://www.thevillagesgcc.com> (Click on *Resident Info* and then Click on *Resource Files*.)

Attention Residents:

Due to The Villages being a high-risk senior community, and to comply with State and County Health orders, all Villages amenities (including golf) are closed to guests until further notice. This includes outdoor seating at the restaurant.

The County of Santa Clara issued Shelter-in-Place Order Updates on June 5 that allow certain additional businesses and activities to resume, subject to restrictions to reduce transmission risk.

Included in those activities was: Outdoor dining at restaurants and other facilities that prepare and serve food, subject to limitations/social distancing, and all outdoor recreational activities that do not involve physical contact, with social distancing, including swimming pools, hiking, tennis, golf, etc.

ABOVE & BEYOND

Kudos to David, Project Manager for The Villages. Recently there was an incident where a maintenance worker broke one of my water lines; when I returned home there was a group of workers outside my kitchen window. I asked what was going on and David from Maintenance explained what had happened and how they were going to fix it immediately. I had water in no time—good job!

Days later, I found that my dishwasher would not fill—coincidental? I spoke with David again and he said he didn't think it was related. He came by and had a look and found the dishwasher was unplugged. He plugged it in and, viola! it worked. This extra effort on his part saved me a couple hundred of dollars had I called someone out.

I thanked him and he replied, "No, thank you—you pay me, and I work for you." Excellent hire! Keep him happy!

HI NEIGHBOR

Welcome to another "social distancing" version of Hi Neighbors. This week we introduce you to four couples who moved to The Villages this past year.

Please say hi to **Robin Fish** and **Paul Dias**, who moved from Cupertino to Hermosa Village. Robin is originally from Idaho and has a degree in biochemistry. She works as an executive assistant and loves golf and says she just "wants to play, play, play." She also plays the Irish fiddle and hammered dulcimer, and her other interests include music, computers, building websites and sewing repairs. Paul is a San Jose native, having attended San Jose State and worked as the Director of Parks and Golf for the City of Palo Alto. He is also a retired NASCAR driver! In his spare time, he enjoys golf, moto sports, movies, photography, travel, gardening and investing.

Help us virtually welcome **Andy** and **Christy Altman**, who moved all the way from Maine to Verano Village and have been married for more than 33 years! Though originally from New York, Andy has degrees from Stanford and UC San Diego and spent most of his career in California, before moving to Maine. He is a semi-retired life science executive. Christy is a Pasadena native and a graduate of UCLA, and has lived in the Bay Area for more than 20 years. In their spare time, Andy enjoys golf, cycling and dominos and Christy likes gardening, reading and refinishing furniture.

Please welcome **Anton Wen** and **Jennifer Deng**, who moved to Cribari Village from Fremont. Both born in China, Jennifer graduated from Canton Tourism School and Anton attended the Canton Institute of Foreign Languages and Canada Royal University. They also both enjoy traveling and "seeing the world with international tourists," with Anton having made a career of it working for travel agencies. Jennifer currently works as a bookkeeper for accounting departments. Besides their shared love for travel, they both enjoy swimming, and in addition Jennifer likes hiking and Anton enjoys fishing.

Pepito and **Zenaida Rabe** are two of Montgomery Village's newest residents, having moved here from Santa Clara. Originally from the Philippines, Pepito is a licensed electronics and communications engineer and currently works as a metrology technician for Trescal, Inc. Zenaida is also from the Philippines and has a degree in civil engineering, practicing as a structural engineer and is a bonafide member of the Association of Civil Engineers of the Philippines. They are Jehovah's Witnesses by faith. Pepito's interests include basketball, lawn tennis, and golf while in her spare time, Zenaida enjoys tennis, badminton, reading, and teaching the Bible.

(SRS) SENIOR RESOURCE SERVICES

Valuable document—where are you?

Based on how many SRS Record Retention handouts have been given out, we suspect desks, file cabinets and garages have never been so clean and organized in The Villages. There is yet another step we suggest you do. You know where everything is, but will other people know where your important documents are located?

Imagine this. A Villager's father died. Her father was a proud Army veteran. Daughter wants to include the military flag ceremony at his funeral—but where oh where is the needed military honorable discharge document (DD-214)?

What about this one? A Villager's mother is in skilled nursing. Daughter is trying to get mother's home modified for her care. Daughter knows her mother signed a power of attorney enabling daughter to access her assets for just such an emergency. Unfortunately, mother is not competent to sign a new form at this time and all mother will say is that the power of attorney in a very safe place.

Also, here's another. A Villager is his brother's executor. He has discovered what appears to be a key to a safe deposit box. He has started checking banks close to his brother's last residence but has not yet discovered a safe deposit box in his brother's name. There must be information somewhere, but where is it?

And one more example. Mrs. Villager, interested in genealogy, toured a cemetery in Fresno where her grandparents are buried. To her surprise she discovered the family still owns seven unused lots. Can they be used by the family when the time comes? Can they be sold? Where is the ownership paper?

All of these problems and surprises could have been avoided if families were informed about the location of documents and other important items. Senior Resource Services has an outline titled "Location of Important Documents and Information."

Here's how to be kind and thoughtful and make life easier for your family. Give SRS a call at 408-239-5253 and we can e-mail the form to you or can print it and leave it in a volunteer's mail tube for you to pick up.

Completing the form is important; but more importantly—make sure your family has a copy of the form or knows where it is kept. It will be useless if the Document Locator is not available when needed.

Note: The Senior Resource Services (SRS) office is currently closed for drop-in assistance. You may still leave messages at 408-239-5253 as we monitor phone messages every day and can still answer questions by phone. We can also e-mail handouts. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional adviser about your individual situation.

SRS Alert:

Driver license extensions

California has extended the expiration date for noncommercial driver licenses that were originally set to expire during this pandemic. The terms of the extension depend on your age.

License holders over the age of 70 (March – December 2020 expirations): **Extension valid for one year from original expiration date.**

License holders under the age of 70 (March – July 2020 expirations): Extension valid through July 31, 2020.

The extensions are automatic and require no action on the part of the driver. There is no cost for the extension, and you will not receive a new card in the mail during this period.

The DMV has alerted California law enforcement of the extensions.

LIBRARY NOTICE

The Villages Library is currently suspending book returns and donations. We will resume when we re-open.
Please, do not drop off books.

VMA says thank you to dedicated volunteers!

The VMA would like to give a big thank you to a group of people who are helping us all get through this trying time. Dick and Judy Frey have helped organize a group of ladies who have been busy making cloth masks for Villagers. They are: Ina Baxter, Mary Kollar, Chris Leisy, Sue Martin, Sally McClure, Colleen Mirendino, Remy Pessah, Lynn Peters, Donna Quartaro, Sandy Rosenblum, Janet Stevenson, and Prisma Story. The following ladies have been delivering Grab and Go meals to those who are unable to drive: Loretta Carter, Anahid Gregg, Charlotte Lazar, Carol Quackenbush, and Meg Rogers.

Many thanks to these wonderful volunteers who are helping us all to stay well. If you are in need of a mask, call the VMA office at 408-238-4230. Leave your name, address, phone number, and indicate if you need a mask for a man or woman. Stay well and wear your mask when you are out and about.

VMA offers help with Grab-and-Go pickup

The VMA has a few volunteers who are willing to pick up Grab-and-Go meals from the Clubhouse. **This service is only available to those who have no transportation or cannot drive.** If you wish us to pick up lunch for you, please call the VMA office at 408-238-4230 before 10:30 am. If you are calling in for a dinner pickup, please call before 2:30 p.m. This service is only available for Grab-and-Go meals at the Clubhouse. The food will be left at your door without personal contact.

Do you need a mask?

The VMA has a wonderful sewing group whose members are busy making masks for residents. They have made masks for men and women. If you need one, please call the VMA office at 408-238-4230 and leave your name, address, phone number, and indicate whether you want a mask for a man or woman. A VMA volunteer will deliver it to your house and leave it at the door.

It is a good idea to have several washable masks which should be washed each time you wear them. It is important that we all wear a mask when we are out and about.

The VMA reminds you to stay safe!

WHAT'S COOKING?

theclubhouse@the-villages.com

The Clubhouse Restaurant and Bistro are closed until further notice.

Until Coronavirus concerns are reduced, The Clubhouse will offer the Clubhouse To-go Grab & Go program for seven days a week.

For Curbside Service: First call in your order to **408-370-8553** and call us again when you get to the Clubhouse curbside and we'll bring it out to your vehicle.

Curbside Grab-and-Go Menu has expanded: The Curbside Service is now using the expanded Clubhouse menu. (See menus on pages 8 and 9.)

Some Outside Seating Now Open: With the opening of Bistro Patio seating, our menu has expanded.

However, due to The Villages being a high-risk senior community, and to comply with State and County Health orders, all Villages amenities are closed to guests until further notice. This includes outdoor seating at the Clubhouse.

Golf Cart Service discontinued: Clubhouse Golf Cart Service was discontinued Monday, July 5. Please join us on the Patio for grill choices and Patio dining.

Home Meal Delivery notice: We are delivering to all Villages six days a week—Tuesday through Sunday. There will be no deliveries on Mondays. Orders must be in by 11 a.m. before the next delivery day.

You will get a confirmation either by email or by phone for each order.

If you do not get a confirmation, please email or call back. This is just an assurance to make sure we have not missed your order.

Attention Golfers: The Foyer of the main Clubhouse is opening at 7 a.m. offering coffee with "Quick Serve" breakfast items.

Lunch, beginning at 11 a.m., will include Quick Service Hamburgers, Cheeseburgers and Hot Dogs. Other curbside menu items will take 15 minutes to prepare.

Beverages will also be offered, such as water, sodas, Gatorade, and alcoholic beverages are available as well.

Alcoholic beverages sold through any of the Clubhouse food and beverage services may only be purchased in conjunction with a food order.

Notice: No entry into foyer without facemask.

CLUBHOUSE RESTAURANT & THE BISTRO & BAR CLOSED TO WALK-INS UNTIL FURTHER NOTICE

Food Delivery Service to Villas/Condos and Single-Family Homes

The Villages Golf and Country Club is proud and pleased to offer a home delivery option for our valued residents during these challenging and difficult times.

Delivery target times are noon to 5 p.m. **Email or phone orders for a particular day must be in by 11 a.m. the day before.** All orders, taxes and service charges will be charged to your house account to allow for proper social distancing upon delivery.

All prepared menu items will be made fresh daily and shelf life is three (3) days refrigerated, so Villagers can order menu items to last for a few days, and then get another delivery on their specific delivery day.

We will also offer specials that we will record on our phone line when Villagers call in to order.

Patio Dining Notice: The Villages Golf & Country Club, being a high-risk community, is following the guidelines set forth by the county.

- We ask each table to be occupied by household members only.
- Guests of the households are restricted from the Patio Dining.

We suggest Curb Side Service for takeout for your outside guests. Please present your Villages ID to Greeter/Server. We thank you in advance for keeping our community safe. Patio Dining serving breakfast, lunch and dinner from 7 a.m. to 8 p.m., 7 days.

Notice: Due to The Villages being a high-risk senior community, and to comply with State and County Health orders, all Villages amenities (including golf) are closed to guests until further notice. This includes outdoor seating at the restaurant.

Notice for our Curbside customers: Due to the increased volume of orders at dinner time, we are recommending that you call and place your order between the times of 3 p.m. and 4:30 p.m. We will take your order and coordinate a pick-up time later that evening. While this is not required, it should help alleviate any wait times during the peak dinner time hours of 5 p.m. to 7 p.m.

Villages Dog of the Week: Gabriella (Gabby)

By John Colistra

This week we introduce you to Gabby whose owner is John Taylor: "This 7-year-old young lady, Gabriella (aka Gabby) thinks she's still a puppy and is the latest of several Springer Spaniels who have been part of our family over the years. Here she is with one of her favorite toys. When we lived in Montana her favorite place to hang out was in front of the fireplace on a frigid winter morning, cuddled with our miniature Dachshund, Alex. But both the snow and Alex are gone now so she has had to adapt to our beautiful San Jose climate—and she has done that well. She loves eating, cuddling and alerting us to the presence of anyone within a mile or so of our home. She is our gentle, loving friend."

Because of the CDC rules there will be no formal meetings of the Dog Club, but I know you will still walk your dogs safely.

Those of you who would like your dog featured, please send the following: 1. Photo of your dog. 2. Biography of your dog in two separate e-mails to johncolistra1936@gmail.com.

News Junkies to meet via Zoom July 27

News Junkies is coming back on **Monday, July 27** via Zoom at 1:30 p.m. (Please note last week's headline listed an incorrect date.)

We have plenty of catching up to do. If you're already a member you will be receiving sign-in instructions very soon. If you're interested in joining, please contact Bert Greenberg at 408-223-2812 or Diane Nelson at 408-205-2170. **Attendance may be limited so please R.S.V.P. ASAP.**

Some of the topics we'll consider discussing: Trump commuting Roger Stone; the administration's throwing Fauci under the bus; possible Washington D.C.'s statehood; latest immigration news; Coronavirus: back to school positives and negatives; election projections, particularly Presidential and Senate and other issues you may suggest.

Sustainable Villages Club approved!

By Bill DeVincenzi

On Tuesday, June 30, the Club Board voted to approve the formation of the Sustainable Villages Club (SVC). The primary focus of the SVC is to educate Villagers on the issue of Climate Change and other sustainable practices and to formulate actions we can take. The SVC will be composed of committees that will deal with issues such as climate change, rooftop solar, electric cars, and sustainable practices relating to landscaping, plastics, recycling, water conservation, etc. If these topics are of interest to you, please contact me at billdevincenzi@me.com. We will have our inaugural meeting on July 30 at 4 p.m., so please get back to me soon.

I have formed a relationship with Sustainable Rossmoor, a club of some 200 members in our sister community of Rossmoor. There will be a lot of collaboration between our two clubs which should make for a very exciting and impactful relationship. I will personally head up the Climate Crisis committee and invite you all to join. Other committees will form as interested participants join the club. The Climate Crisis is the existential threat of our time, and we cannot hesitate to take appropriate and timely action. Why? For our children, grandchildren, all future generations and all life!

How to Zoom!

The VMA wants to help you participate in the upcoming support groups and presentations that are brought to you during this "stay in place" time. Here are the step-by-step **easy** instructions (with an invitation):

- Log onto your computer
- Go to your email (you should have already been sent an invitation to join a meeting)
- Find the invitation email and jot down the meeting ID number and password, just in case it's needed
- Click on the "Join the meeting" link
- Click on the "Allow" button to open zoom.us
- You should be on the "Waiting for meeting to begin" page
- Once you see the others on your screen, look for the "Turn Video On" tab in lower left corner. Click on it so you can be seen by other participants

EVF FOCUS

Horses take to the hills above The Villages

Barbara Sunseri and her quarter horse mare, Star, looking at the trail sign at Cougar and Rawhide trails.

Photo by Joyce Dorsey

By Diana Hallock, Director

The Evergreen Villages Foundation (EVF) was delighted to assist the Hiking Club in obtaining and installing new trail signs to improve our hill land trail and make them more identifiable. We now have 126 enhanced trail signs on 54 separate signposts, one signpost at each trail intersection. The new signs are easier to read and provide better direction to the trails including distance to the next trail intersection and signpost. Completed in the fall of 2019, this improvement will make it much more enjoyable for Villagers to walk, hike and ride in our beautiful hills. With 11 horses in our stables, Villages equestrians ride the hills on a daily basis. While the new trail signs were intended for hikers, our Villages riders appreciate them as well. www.evfsj.org

RELIGION

CATHOLIC COMMUNITY

Message from St. Francis of Assisi Parish: While going over the changes of the Santa Clara County Public Health Department regarding COVID 19, we realized that we would be out of compliance by holding Daily Mass inside, as of July 15. Daily Masses will now be held outside in the Memorial Garden Patio.

The Good News is, beginning the weekend of July 18-19, Saturday Vigil and Sunday Masses will be able to accommodate 60 people! So, we have added spots to the Paybee link. Just a reminder that everyone will need to wear a mask or shield and our chairs are all 6 feet apart. If you come to Mass without a mask or shield, you will not be able to enter. We look forward to seeing more of you at the Masses.

Prayer: Everyone says love hurts, but that is not true. Loneliness hurts, rejection hurts, losing a loved one, being called names hurts. Everyone gets these things confused with reality. Love is the only thing in this World that covers up all pain. Love helps the pain go away and makes you feel good all over. Love is a wonderful thing. So Love somebody today and every day and let them know that you Love them with your whole heart especially in these vexing times of COVID-19, shelter in place and unrest in our nation.

Mass Intentions: If you would like offer a Mass for someone, contact Jean Gillette at 408-270-5723.

Home Communion: There will be no home communion until further notice. Questions? Contact Marilyn Rodman at 408-274-452.

Staying up to date: Check the website for St. Francis of Assisi at www.sfoasj.com and daily emails from SFOA, for the latest information. Please call or email Rosie Olivas at 408-223-1562, or rolivas@dsj.org to request to be added to the daily emails.

EPISCOPAL

‘From Generation to Generation’

By The Rev. Julia McCray-Goldsmith

Recently, I’ve found myself immersed in the world of ministry with children and families...again! Once upon a time, when my own children were small, I spent a lot of time in Sunday school classrooms. That ministry eventually grew into a position on the staff of the Bishop of California, supporting 80+ congregations in their ministries with young people. I am convinced that congregations with a consistent commitment to ministry with children and youth are congregations that thrive. Because of that, I’m especially grateful to my son Aaron McCray-Goldsmith, a longtime youth minister, for being willing to pitch in and help Trinity jumpstart our ministries with young people.

But ministry between generations ultimately does not depend very much on what we do in church (much less so now that we are not gathering). It has always depended primarily on parents and grandparents: we are the ones who model and give voice and continuity to our faith tradition. And it has always been so. The Deuteronomist wrote, as early as seven centuries before the birth of Christ: “You shall love the Lord your God with all your heart, and with all your soul, and with all your might. Keep these words that I am commanding you today in your heart. Recite them to your children and talk about them when you are at home and when you are away, when you lie down and when you rise.”

How do we “recite” our faith to our children in our day and time? It’s never been more important and, in some ways, it’s never been easier. We all need hope, and parents need a break! Trinity will be offering some special online resources for young people: keep an eye on the newsletter for lessons and stories and family-friendly complines. But in the meantime, consider buying an age-appropriate story bible and reading your own favorites to the children in your life. Or teaching prayers for bedtime or mealtime or anytime a child needs to remember that God loves them. I myself learned the Lord’s Prayer from my grandmother and look where that took me!

COMMUNITY CHAPEL

‘State of Flux’

By Pastor Bill Hayden

As much as we desire for life to be simplistic, less stressful and more joyful, it is ever changing. Some changes are very subtle and you can become accustomed to believing that everything is functioning the way that it was designed to. We get comfortable and overconfident in thinking that things will at least remain the same, if not better with a little more care. To neglect to think of the possibility that something could occur to interrupt your life is foolish to say the least, to be aware is sensible.

Since we are all experiencing this season of upheaval in our world, there are lessons to be learned. We can all be grateful for more time to determine what really matters most in our daily lives. Sometimes we can become very opinionated or upset over the slightest change in what we are accustomed to (our normal). Well, I think if there is anything to be gained in our present state, it is a spirit of humility and living each day with a grateful heart.

Whenever we have a conversation, disagreement meal or with our love ones, friends or neighbors, we should always be aware that it could be our last.

Each day that I awaken something has changed in me or in the world. Consequently, the world that used to be so familiar, comfortable and safe has become increasingly challenging because of losing family and friends, the Covid19 pandemic and corruption on all levels. It could be so depressing if I believed that there was no hope beyond what I have seen and experienced.

Failure to adapt to change can be unhealthy in the way that we relate and interact with each other. We have to be vigilant in encouraging each other to maintain good health by focusing on the positive things that are happening and minimize the negative. Nevertheless, we have faith in the Lord’s promises and endure until His Glorious return for all who have confessed Him as Lord of their lives.

1 Thessalonians 4:16-18 NKJV 16 For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first:

17 Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air, and so shall we ever be with the Lord.

18 Therefore comfort one another with these words.

As per the CDC and the Villages Management, all congregational meetings have been cancelled until we receive clearance to assemble due to the possibility of Coronavirus spreading. **Good news!** Pastor Bill will still deliver his Sunday Morning Sermon Message now on video. You can see his sermon via our Villages Community Website at Villagescommunitychapel.org later in the day. May God bless all of you with good health please reach out to someone and keep the faith!

JEWISH GROUP

‘Nine Days of Mourning’

By Rabbi Laurie Matzkin, MAEd

Yesterday began a period on the Jewish calendar known as “The Nine Days.” This timeframe refers to the nine days leading up to Tisha b’Av (the 9th day of the Hebrew month of Av), on which we commemorate the destruction of the Ancient Temples in Jerusalem and the beginning of a 2,000-year forced diaspora for the Jewish people. During this period, some observant Jews refrain from eating meat, listening to uplifting music, holding weddings, or even shaving. These practices represent normalcy in our lives. Holding back from the elements of life that bring us comfort, excitement, or enjoyment for a few days can help us acknowledge and focus on deeper issues of grief that we often suppress. By the evening of Tisha b’Av, we are primed to fully enter a day of mourning, complete with fasting and other ritual practices. The Book of Lamentations is chanted—often by candlelight—with a plaintive, haunting melody. Written by the prophet Jeremiah, who watched Jerusalem burn with the flames of Nebuchadnezzar, Lamentations graphically documents a violent destruction of a community and the desecration of its holy sites. Chapter One opens: “Woe! How does the city (Jerusalem) sit alone, the one that was full of people! She that was great among nations has become like a widow... All her allies have betrayed her, they have become her foes... All her inhabitants sigh as they search for bread; they have bartered their treasures for food, to keep themselves alive.” The opening of Lamentations sounds eerily resonant for the way we have collectively positioned ourselves during this pandemic. What would it mean to take these nine days as a national time of mourning, acknowledgement of what we are losing during the flames of COVID-19? Consider engaging this as a personal practice: What activities might you refrain from so you can really sit with your own experience of grief? What other feelings arise as you “sit alone”—perhaps anger, fear, frustration, sadness, numbness, blame? How might you “metabolize” this grief—through tears, physical movement, writing, prayer, or even an intentional scream? After Tisha b’Av we begin a seven-week process of comfort, which we will address here in coming weeks. For now, I invite you to consider relating to this holiday as a prompt for your own reflections on life and loss.

SHONIS

By Fran Schumaker

Tom Zades will be out of town for the next three issues of the Villager. I will be filling in for him during this time. I hope my articles will be as interesting as his. As in golf, I plan on giving it my best shot.

First off, I'd like to give a shout out to our newest Shoni, Bonnie Rose Preston. Bonnie has lived in The Villages for 21 years, but hasn't played golf in 24 years. Having retired from being an avid hiker and tennis player for years, she decided it was time to start playing golf again. We are glad she did. Of course, I had to ask her what her favorite comfort food is. For Bonnie, it is a salad that includes grapes, cheeses and avocado. Welcome to the Shonis, Bonnie. We look forward to playing with you.

Bonnie Preston

Before former Shoni Vivian Wilczak moved to Colorado in May, she had taken our disorganized archive files and put them into a lovely album. For the next two articles, I would like to do what I call a "Blast From The Past." I will be sharing something from the archive file that will give us some history of where we came from and the events that we held and participated in. However, I will need some help with this. Those who were around in the 2000s and playing with the Shonis and the Swingers may remember the formation of the Shonis. If you do, please let me know so I can add it to the archives. Marge McCandless has given me some information, but I could use more. Here is a peek from the archives:

BOCCE NEWS

By Barbara Orlando

We aren't playing in tournaments this year, because of the Coronavirus, but here is the photo the winner of the 2019 Guys vs. Gals Tournament. When playing in tournaments, the club awards first, second and now third place, with each team member receiving monetary awards at the end of the bocce club season. Last year we had a record number of members who were recognized at our annual Awards Dinner, which is normally held in November. We are all hopeful that we will soon be able to resume our normal lives, and play in bocce tournaments. George Paris, our Tournament Director, is just waiting to begin tournaments and has some great new ideas.

2019 Guys vs. Girls Winners:

First Place: What's-A-Mata-U—Team members, Carm Grande, Denny Zeri, Bill Jankowski, Rob Boyles, Captain Paul Andersen, Del Herfurth, Terry Slack & Robert Bianchi.

Second Place Winners, Madams of Mayhem—led by Captain Jeanne-Anne Whitacre.

Third Place Winners, Plen T Good—led by Captain Elly Burnett.

Note: Remember to wear your mask at the bocce courts!

SWINGERS

An interview with Renee Woolard

By Marcy Boyles

This week I interviewed Renee Woolard, an employee of the Pro Shop.

When did you get interested in golf and where did you play?

I use to "caddy" for my dad when I was young when he played in the Hacker and Slicer Tournaments. I wanted to play with him so bad. In college I took golf as my PE class so I guess you can say I started playing at 18. The home course for SFCC was Lincoln outside golden gate park. I also played the Fleming 9 after school and Harding Golf Course. After I got married in 1976 I didn't play golf again for 30 years.

What was your most memorable golf memory?

I've had a couple. My most memorable golf memory was finally playing with my dad. I still remember his encouraging words.

But, a few years after my divorce I met Rick and we joined the Hacker and Slicers golf club. On October 22, 2015 I won the Club Championship. I was the first woman and only woman so far in the history of the club to win the title. (This is the same club I use to "caddy" for my dad as mentioned above.)

What do you like most about working in the Pro Shop?

We have a great staff in the Pro Shop. We all work well together which makes things run smoothly. I think the thing I like most about working there is getting to know all our resident golfers. I have enjoyed the interaction with everyone.

What is a fun fact about you?

A fun fact about me besides my tap dancing skill is that Rick and I will be getting married on August 15, which is our 10 year anniversary together.

Is there something we don't know about you that would be interesting to add?

An interesting fact is that when I was in the second grade I was selected, along with other second graders from the City, to break ground on Market Street for the beginning of construction for BART. My arm and shovel were on the front page of the San Francisco Chronicle.

Note from Marcy: A shout out to my teammates. Charlotte Waugh and Linda Lamanno both had chip-ins on July 10 from "far away"...is that a golf term?

Golf joke today: Golf is enjoyable like eggs. They're white, sold by the dozen, and a week later you have to buy some more.

MEN'S GOLF CLUB

By Kyle Finley (kylefinley@outlook.com), website www.villagesgolfers.com

2020 Men's Club Tournament Schedule: Considering the current Safety Guidelines for Golf at The Villages and the less than optimistic reports on the trend in the number of Covid19 cases in Santa Clara County, it is unlikely that future Men's Club Tournaments will be held this year.

The August 8th Sr. Net golf event and Annual Picnic is canceled.

The Player of the Year and Ryder Cup points competitions for 2020 are canceled.

The Tournament Chairmen will continue making contingency plans for the Club Championship and Tournaments beyond that, just in case the Covid19 numbers improve and guidelines are relaxed.

Message from the Handicap Committee: The Handicap Committee would like to remind all Men's Club members that they periodically review the Chelsea Tee sheet to verify that all members playing subsequently post their scores. We all are enjoying our friendship games with individual carts making for 3.5 to 4-hour rounds, but those scores must also be posted. Any play dates without a corresponding score posted could result in a penalty post. Please remember to post all your scores as soon as possible after the end of your round.

Also, if you have a posting error, email the Handicap Chairman, David "Baci" Bacigalupi at baci1786@aol.com to request a correction.

IRONMEN

By Bill Travis

The Ironmen are currently playing every Thursday morning beginning at 9:45/10 a.m. and every 15 minutes thereafter until all that wish to play have reserved a tee time. No sweeps as yet, but championship points are being awarded. As always, we're paying attention to the new social gathering rules. Thursday, July 9, 2020, was sunny with warm temperatures. It was a great day for golf. We had another great turnout, and the results are as follows:

First place went to Charlie Wilson with a net score of 23.

Second place went to Phil Renteria with a net score of 25.

Third place there was a two-way tie between Jack Bindon and Floyd Boyer each with a net score of 26.

There were 6 birdies today: Bill Travis had two of them, on hole 2 and hole 5; Jack Bindon on

PINSEEKERS

By Jack Bindon

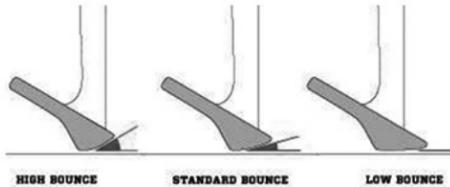

Before you know it guys, the “real” season will be started. It may not look quite like it has in the past but we will be going head to head...sort of (tee times only for now). Best get in some practice, even if it is only 9 holes at a time. The weather is getting a bit warm but starting times around 8 to 9 a.m. are perfect. The big heat lamp in the sky is doing its job but at that hour the temperature is perfect. The chipping facilities and half of the practice green are available for practice. Word to the wise, practice those downhill putts (from 3’ to 15’). Those are the ones that will add strokes if you are not careful. The greens are in perfect condition, *and fast*. Remember to fix your ball marks since they are soft enough to leave a ball mark. A reminder to *me*...stay out of the sand! It can cost you at least one or maybe more strokes. Remember how and where to play your shot when there is a sand trap in the neighborhood.

FROM THE PRO

By Scott Steele, PGA Head Golf Professional
Here are some reminders regarding our COVID-19 Golf Rules:

 Golfers must ride in their own cart; only a couple living together may share a cart. There are no cart rentals or pull cart rentals available.
 The driving range is open daily. The practice greens are open daily. Replays are only available before 4 p.m. The Pro Shop is closed to foot traffic. Merchandise is available via curbside delivery (see website for online catalog).

Tips from the Pro—Sand-Wedge Bounce...
 Wedge bounce is the angle between the ground and the sole of the club when the club is held at address. The whole point of bounce is to prevent the leading edge of your club from digging into the ground. One of the biggest mistakes that golfers make is that they hit the ball heavy with their wedges. Playing a club with enough bounce, and using it properly can prevent this from happening. So how do you know what bounce to choose?? Do you take a divot with your short irons? If your answer is yes, then you, more than likely, have a steep angle of attack and will be referred to as a “DIGGER”. If your answer is no, then you more than likely have a shallow angle of attack and will be referred to as a “PICKER”. Once you have determined which classification you fall under, the rest is easy. Diggers will benefit from a wedge with more bounce and a wide sole. Pickers will benefit from a wedge with less bounce and a narrower sole. What happens if you are not sure which classification you fall under? If this is the case, there are some other factors that can help you make up your mind. If you tend to hit scull shots with your wedge off the fairway, chances are you need less bounce. More than likely, the trailing edge of the wedge is making contact with the ground and causing the leading edge to strike the ball at or above its equator. Less bounce and a narrow sole will also help you play from bunkers with coarse sand and a shallow base. If you tend to hit the ball fat and feel like you stick the club in the ground a lot, chances are you need a higher bounce and a wider sole. A wedge with a higher bounce will also benefit you if you tend to play a wet course with a soft, spongy base. Higher bounce and wider sole widths will also allow you to get out of bunkers that have a fine fluffy texture to them. Let us know if these tips help.

Update on Irrigation Lake on Holes #6 & #7—We are scraping the algae off the lake twice per month. Our goal is to have that lake look as good as possible. One small hindrance is that a Pie-Billed Grebe has found a home on the lake. That creates a challenge as we are not permitted to disturb or destroy their nest. Pied-Billed Grebe are a protected bird under the U.S. Migratory Bird Treaty Act, yet they are fairly abundant and not on the endangered species list or list of special concern. They can lay 1-10 eggs when they brood. And they can do this in southern areas one to two times in a season. Their breeding season is April through October. Our Grebe on 6/7 lake is sitting on her second set of eggs this season, there are two eggs. The incubation period is 23-27 days. Once hatched, the chicks will become independent in 25-62 days.

Hole #10 Lake—The lake on Hole #10 will be repaired with a new liner and new fountain starting on Monday, July 20. The project will last through the end of July and the majority of August. This project will return the lake on Hole #10 and #18 to a beautiful water feature for us to enjoy! Starting July 20, the #5 and #4 Tee Boxes will be CLOSED on Hole #18 to accommodate the construction crew. Golfers will need to be careful in the “construction zone” between Hole #15 green and Hole #18 tee. Let us know if you have any questions.

Golf Course Maintenance—GMS is working hard during the heat of the summer. On very hot days over 90 degrees; they will be on the golf course all day until sundown spot watering areas that are being stressed by the heat. With fairways cut at a height of 1-inch and greens cut at a height of 1/20th of an inch, it’s important to be on top of turf heat stress during these months. The golf course is in great condition and the greens are smooth and fast. The edging of bunkers looks clean and nice. GMS is working hard to make your golf experience a great one!

TENNIS TALK

By Phyllis Seeger

Tennis in the time of a pandemic is...weird! I think most of us stayed in for a very long time. We watched a lot of TV, walked on the golf course, learned new recipes, how to Zoom, how to use grocery delivery services, and wondered when we will get back to tennis. I finally got a foam ball and hit against my garage door every day. I stayed connected via Zoom for a Bingo night through my work, a birthday party, Zoom chats with friends and family, and for our Tennis Club Board meetings.

I finally got off the couch in mid-April, and decided I needed to see some of my friends. A few of us did a driveway chat. We each brought our own chairs, practiced social distancing, and lovingly talked trash to each other. It’s just what we needed. Kindness showed up all over The Villages. I saw people having some bad days but mostly kindness and trying to give each other a break.

We couldn’t play tennis for three months. When we were finally able to play we had our online reservation system up, and we were ready to go...for singles. It didn’t matter, we were all up for the challenge. It feels great to be back on the courts!

I want to thank The Villages staff, and our Tennis Club members that work behind the scenes. I’m grateful for a lot. Too many to name but I will say “thank you” to all the people that have helped me through this weird time and made me laugh and showed me kindness. A big thank you to my driveway chat friends for their humor and laughter.

Notice of Proposed New The Villages Association Rule Architectural Rule D-31 Backup Electric Power Systems

Proposed new rule, The Villages Association Architectural Rule D-31 Backup Electric Power Systems was conditionally approved by the Association Board of Directors at its June 30, 2020, monthly board meeting. However, before formal approval consideration, the proposed new rule must be noticed and published for member comments per California Civil Code 4360. To that end, the proposed new rule will be considered for formal approval at the August 25, 2020, monthly board meeting. The Board will consider oral and written comments regarding the proposed new rule at the July 28, and August 25, 2020 board meetings. Response to the proposed new rule may be made by one or more of the following methods: 1) Participation in the discussion of the proposed changes at the Association Board of Directors board meetings noted above, and 2) via written comments delivered to the Board through Maria Hernandez in the General Manager's office at mehernandez@the-villages.com.

The purpose of the new rule is to provide a process for the installation of backup electric power systems.

Background from the Architectural Committee:

The AC has reviewed the issue of temporary power generation for all Association Villa's in case the power is temporarily shut off from either natural events or from PG&E safety shutdowns. Our major concern is the needs of residents with medical needs and the safety issues surrounding various generation options. The draft rule before you is the result of those conversations and research. Our conclusion is that battery systems are the best and safest way for the Association to safeguard the villas, the residents, and the medical needs of those that require power. A quick overview of our conclusions are:

Medical:

- There are free standing battery systems presently on the market that will provide power to medical appliances and small refrigerators for medicines. They can be recharged with portable solar panels. They will not need Architectural Committee approval.

Villa Protection:

- Fossil fuel generation systems have a host of concerns.
 - Safe storage of fuel.
 - Temporary electrical cord placement creating a tripping hazard.
 - Use of common electrical cords in series that are inadequate to safely carry the current without overheating and causing a fire.
 - Carbon monoxide fumes.
 - Sound levels at neighboring Villas.
 - Possibility of back feeding current when the power is turned back on causing an electrical fire.
 - Require Architectural approval and possible monitoring for safety and sound control by staff.
 - Battery systems
 - No fuel needed,
 - No sound.
 - Can be recharged with solar panels
- Reduced need for electrical cords.

Proposed new AC Rule D-31 Backup Electric Power Systems

Backup Electric Power Systems shall be allowed to be installed at a villa in either Common Area or Limited Common Area. The Architectural Committee and the Association Board of Directors may provide conditional approval only upon the applicant complying with all the following conditions of this rule. Also, all conditions required by the City of San Jose Building, Planning, Fire, and HazMat departments must be met and a City of San Jose Building Permit issued as required.

1. An Owner Alteration Request, signed by the owner, including complete plans and specifications, must be submitted to the Architectural Committee for approval. The application shall include written comments by the owners of adjoining villas, (within field of view, as applicable and as designated by the Committee). In obtaining comments from adjoining villa owners, the applicant shall provide plans (site plan and/or elevation views as applicable) in sufficient detail to enable those owners to assess the visual and/or aesthetic impact of the modification. Comments from these adjoining villa owners will

be given full and careful consideration by the Committee. Final plans shall be drawn to scale upon substantial paper and of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to provisions of this rule.

2. Definitions.

- a. Battery backup systems: Professionally designed, installed and testing laboratory approved systems designed to seamlessly switch power from utility fed electrical lines to backup battery systems at time of outage and from battery backup systems to the utility fed electrical lines when power is restored. The units must be professionally installed by State of California licensed contractors and inspected by City of San Jose Building Department. They can be installed on the interior or exterior walls of the villa.
- b. Individual dedicated single use battery backup system: A rechargeable backup battery that powers a single item such as a CPAP, compact refrigerator, or other medical device. AC approval and City of San Jose Building Department approvals usually are not required for these systems.
- c. Backup fossil fuel generator: A unit designed to provide temporary power to designated appliances and other items within the villa if there is a power outage. The unit may be natural gas, gasoline, propane, or diesel fuel.
- d. Screening: A visual structure built around the unit to enable the unit to be hidden from view of the neighbors.
- e. dB: The measurement of sound generated from the unit when in operation. The dB at the adjacent neighbor's villa cannot exceed 60dB maximum or the maximum dB level allowed by the City of San Jose, whichever is less. (for Resident with Disability installations only. See definition (f).)
- f. Resident with Disability: To qualify as a resident with a disability that requires continuous power to their dwelling they must demonstrate to the AC and The Association Board of Directors the following: (1) that the resident is disabled, (2) that the resident's disability requires uninterrupted electrical power (e.g., requires electrically powered breathing assistance or requires medication that must be refrigerated) and (3) that battery backup systems presently on the market cannot fulfill their medical power needs. The ABOD must make an exception to the rule prohibiting a temporary generator in order to accommodate the request. Simply providing a doctor's note stating the resident is disabled may be insufficient – the resident must be able to show the nexus between the disability and the request for temporary backup power. The ABOD can restrict the size/capacity of the generator to what is necessary to accommodate the disability.

3. Battery backup systems as defined in Definition (a) and/or (b) above **WILL** be allowed with the following conditions being met:

- a. A city of San Jose Building Permit must be issued and finalized prior to final connection of the system. (See Definition (b) for possible exception.)
- b. The electrical panel for the unit must be of sufficient capacity to handle the system connections or be upgraded to become compliant.
- c. The unit must be a fully integrated system which has been testing laboratory approved for the installation being applied for.

4. Backup fossil fuel generator systems as defined in Definition (c) above **WILL NOT** be allowed for any Association villas (Except for Resident with Disability cases as defined in 'Definition (f) above). Among the reasons for this decision are storage of fuels, temporary electrical cord placement and overheating, power transfer problems related to utility company power being reinitiated, sound disturbance (dB level) to neighbors, units and fuels in common area, carbon monoxide fumes, etc.

5. Resident with Disability's backup power generators. See definition (f) above. Because the resident needs will vary greatly, they will be handled on a case by case basis. Items that will be considered will be fuel storage, manner that power will be distributed from the generator to the needed elements, sound rating (dB), fumes, etc.

6. The Maintenance Department must approve the project prior to submittal to the AC.

7. Submittal requirements. The following are the minimum required submittal items that must be provided at the time that the application is submitted for review. Additional items may be requested by staff, the AC or the Association

(Continued on next page)

Proposed Association Rule...

(Continued from page 14)

Board of Directors during the review process.

- a. For exterior unit installations a plot plan showing the subject unit and the location of surrounding villas. Show the location of the existing and proposed electrical main panel and any subpanels. Show that the unit complies with all manufacturer's clearance to other elements.
 - b. For interior unit installations a floor plan showing the location of the unit within the structure and the location of the existing and proposed electrical main panel and any subpanels. Show that the unit complies with all manufacturer's clearances to other elements.
 - c. Photographs of the applicant's unit with the location of the generator drawn in and photographs of the affected walls of the neighboring villas including their windows and doors.
 - d. Construction details for the installation and the unit's privacy screening.
 - e. Detail showing any exposed wiring.
 - f. Show the location of any penetrations for wiring or piping into the walls and roof of the structure.
 - g. All project requirements of the City of San Jose in their 'Generators-Permit Requirements' handout must be satisfied.
 - h. Manufacturer's specification sheet or brochure that shows the installation details and their rated dB information for the unit.
8. Units placed on elevated decks must have a structural engineer's approval that the deck structure will support the weight of the unit.
9. If the unit is to be placed on Limited Common Area at the applicant's villa.
- a. It must meet the code requirement for clearance to any operable doors or windows.
 - b. The maximum dB sound level shall be measured at the closest edge of the exterior walls or deck/patio structure of all neighboring dwellings.
10. If the unit is to be placed in the Common Area next to the applicant's villa.
- a. It must meet the code requirement for clearance to any operable doors or windows.
 - b. The maximum dB sound level shall be measured at the closest edge of the exterior walls or deck/patio structure of all neighboring dwellings.
 - c. Since the unit and enclosure is in the Common Area the applicant must meet the following:
 - i. After conditional approval by the AC and Board of Directors, the owner must obtain 75% approval of all owners in his/her project per the prescribed procedures.
 - ii. All City of San Jose Planning department requirements and processes. Any expense incurred while working with the City Planning process is to be paid only by the applicant.
11. It is the responsibility of the applicant to obtain the necessary City Building Permit prior to starting the alteration. The applicant shall provide a copy of the application approved by the AC when applying for the Building Permit. If the city requires modification of the plans, the applicant must submit the modified plans for approval to the AC for approval prior to starting construction. In any event, the applicant must submit a copy of the Building Permit to the AC prior to starting work. Upon completion of the modification and as a condition of the AC final inspection, a copy of the Building Permit shall be filed with the AC Administrator.
12. The repainting or any other special maintenance of the alteration shall be done at the owner's expense.
13. By signing the OWNER ALTERATION REQUEST to which this rule is attached, the applicant agrees that if the building, including the alteration is damaged by fire or other casualty, and the Association rebuilds the damaged portions of the building, the rebuilding must be done in accordance with the provisions of the Governing Documents and Policies of the Board and insurance currently in place. If the alteration is rebuilt for any other reason, it must be done at the owner's expense.

Men's Club...

(Continued from page 12)

Message from the Golf Course Committee (courtesy of Ron Burke): Good news for our golf course! More members are following the golf cart guidelines. The wear trails on the moundings around the greens are lessening so currently no additional roping is necessary. This is particularly good for our maintenance crew so that they can give more mowing time to our fairways. Just to review, here are some Do's and Don'ts:

DO

- DO Follow the 90-degree rule
- DO Fill all divots (seed mix on first tee)
- DO Repair pitch marks (yours and others) on greens
- DO Keep carts on paths on all teeing grounds (golfers with disabilities may park halfway between the cart path and 2 tees on holes #8 and #9)

DON'T

- DON'T Drive on the moundings surrounding many of our greens (3,5,7,12,13,17)
- DON'T Exit the 18th Fairway on the right-hand side. Use the cart path on the left
- DON'T Go right of the 10th green and park on the right-hand side of the monument on #11
- DON'T Drive within 10 yards of the forward tees
- DON'T Enter fairways right of the ropes on holes #1 and #14

Please encourage other members to follow the golf cart guidelines. Since there are no guests or outside tournaments, it's up to us. Let's do everything we can to keep our golf course as beautiful as it can be.

Deep thoughts:

"There are three ways of learning golf: by study, which is the most wearisome; by imitation, which is the most fallacious; and by experience, which is the most bitter." - Robert Browning, Scottish author

"Ah but a man's reach should exceed his grasp, or what's a heaven for." - Robert Browning, Scottish author (perhaps referring to the game of golf)

Some coyote safety tips

The summer months are a time of increased activity for coyotes.

Coyotes may try to escort walkers out of an area to protect their pups or food sources when encountered on a trail or street. Humans may perceive this behavior as stalking, which is usually not the case. They may also view your pet as prey.

To allow coyotes to be wild while keeping yourself and pets safe, please follow these pointers:

- Never feed coyotes—it is illegal to feed coyotes in most places. Feeding endangers your family and neighbors because it lures coyotes into neighborhoods.
- Keep unattended cats and dogs indoors or in completely enclosed runs, especially at night, and do not assume that a fence will keep a coyote out of your backyard.
- Accompany your leashed pet outside. Make sure you turn on lights if it is dark to check your backyard for unexpected wildlife.
- Keep dogs on short leashes while walking outside; the Division of Wildlife recommends a leash no longer than six feet.
- Keep noisemakers on hand to scare away coyotes that may enter your yard. Some examples of noise makers are whistles, horns or metal cans with small rocks or coins that rattle.
- Never run away or turn your back on a coyote.
- Do not allow a coyote to get between you and your pet or child—keep children close to you.
- Yell, clap hands, blow a whistle or rattle a can and try to make yourself look larger if you have a close encounter with a coyote.
- An empty soda can with pennies sealed with duct tape makes a very good noise maker when shaken.

There is no way to completely eliminate coyotes from The Villages, so always use caution when walking, especially with pets. Also, coyotes tend to be most active around sunrise and sunset. Pick different times for walks.

Please report any sightings or aggressive behavior to Public Safety at 408-223-4665.

We are working with the county and state on options to control particularly troublesome coyotes. Please use caution and common sense when outdoors.

Open flame/charcoal cooking

The Public Safety Department has discovered that many residents are in possession of open-flame cooking devices that they store on their balconies. Public Safety would like to remind residents to follow the provisions regarding the use of open-flame cooking devices, as outlined in the California Fire Code which became law on January 1, 2008.

The California Fire Code prohibits any open-flame cooking device or propane-fueled cooking device (if the fuel tank weighs more than 2.5 pounds) on a balcony or within 10 feet of your condo. However, if you happen to live in a duplex, where there are no units above you, or in a single family dwelling, you may continue

to use any open-flame cooking device or propane-fueled cooking unit regardless of the size of the fuel tank. It is strongly recommended, however, that you keep any cooking device at least 10 feet away from any structure.

As an added precaution, have a charged fire extinguisher nearby.

Maintenance Emergencies and/or Advice

The Maintenance Services Department's general work hours are Monday through Friday, 8 a.m. to 4:30 p.m. If you experience a maintenance emergency during those hours, please call the office right away at 408-223-4670. Even if you are certain the emergency is your responsibility, Maintenance Services can provide a list of contractors that are familiar with The Villages and may be helpful for the repair.

If a maintenance emergency occurs outside of the general work hours or during a holiday, please call Public Safety at 408-223-4665. The Public Safety Department will contact the Maintenance Area Supervisor and/or the appropriate contractor. Together, they will all help to resolve your maintenance emergency.

Dealer: South
 Vulnerability: None

Bidding: South West North East
 1 Spade Pass 2 Spades All Pass

Contract: 2 Spades
 Opening Lead: Queen of Diamonds

Dealer has a loser in Spades, 1 in Hearts, possible 2 in Diamonds, 2 or 3 in Clubs.

Strategy: Hope East has the King of Spades, and West has the Queen of Hearts for a successful Jack finesse.

West leads the Queen of Diamonds, continues with the Jack, King from the board, and East covers with the Ace. He plays a Diamond, South trumps, next leads a Heart hoping West has the Queen, finesses the Jack and breathes a sigh of relief when East doesn't take the trick. He then leads a Spade, East covers with the 4, South, the Jack, returns to the board with a Heart to the King, continues with another Spade, East ducks, South wins with the Queen, and then plays the Ace to capture the King. He next leads the Ace of Hearts and then a Club. West wins with the 10, continues with the Ace of Clubs, switches to the Queen of Hearts; South uses his last trump and then leads his last card, a Club, which East wins with the King. Great! The contract is made exactly.

What's Goin' on at Home?

Here's how it works: Since travel is significantly restricted during the shelter-in-place order, Villagers and their neighbors are finding creative ways to amuse themselves while at home. If you would like to share an interesting situation or activity, please submit a picture with a brief caption describing what you do to keep the monotony to a minimum and help your neighbors with some good ideas about using your time creatively while sheltered in place. You may e-mail your caption and picture (in Jpeg format) to shinrichs@the-villages.com. Please do not portray yourself or others in the photo breaking any of the health department's restrictions or the Villages closure rules. Non compliant photos, irrelevant or questionable material will not be considered and captions are subject to editing at the discretion of the editors and publisher.

The wonderful journey from 'Farm to Table'

When the pandemic hit and Villagers had to shelter in place, grocery shopping became a risky and stressful undertaking. Meanwhile, due to the disruption in distribution and transportation logistics, farmers faced challenges in selling their products, especially those with perishable food products.

As a result, 16 Villager families formed a produce co-op under the leadership of Del Lago resident Liz Kung. The group buys freshly picked produce in bulk from a Morgan Hill farm weekly and then distributes it among themselves. Every Tuesday, the farm releases its list of available vegetables and fruit and their pricing. Members enter their individual orders online into a shared spreadsheet prepared by Kung, which automatically organizes and adds up each individual order as well as the total group order and payment amount. The individual members send an electronic payment to Liz for their orders. And every Wednesday, Liz places the group order with the farm through a phone app. The group is divided into a pickup team and a distribution team, which are assigned the weekly tasks in rotation. Every Saturday morning, a pickup member transports the bulk produce from the farm to the "distribution center" (a distribution member's garage). Produce is weighed and divided per each individual order. Around 10 a.m. each Saturday, members get the exciting notification that the "produce is ready for pickup!"

This "farm-to-table" activity has become the highlight of many members' lives in these sheltered times. They learn how to do everything online, from entering orders to making electronic payments; they teach each other how to cook these fresh and tasty vegetables; and they get closer and support each other in this wonderful "farm to table" journey. (Not to mention the health benefits of eating fresh fruits and vegetables.)

According to Kung, the Villages' group is one of about 150 individuals/groups supporting this local farm, which was struggling and already had laid off some of its workers. During this "farm to table" journey, the Morgan Hill farm's operation is restructured and now marches on.

Along the Way—a trip down Memory Lane

With Tom Zades (tomzades@gmail.com)

When we hear phrases like "It's the worst since the Great Depression," I think of some of the stories Mom told me about growing up during that era. She was one of 13 children born into an Irish Catholic family. Age-wise she was in the middle of her siblings. She was born in 1922, so was 7 years old when the Depression began in 1929. Per the Internet, the unemployment rate reached its peak of 25 percent in 1933 and was still at 15 percent by 1940. Writing here in May 2020, we know that the unemployment rate reached almost 15 percent in April and that it may reach the 25 percent mark before this is all over.

Unemployment among the poor working classes of New York City was surely worse than the averages. Mom said she would hear her mother ("Grandma Dwyer," we used to call her) greet friends and acquaintances with "Is your husband working?" or words to that effect. If the answer was "No," she could offer little more than sympathy. Mom would tell the story of the time that a nicely-dressed, wealthy-looking couple came to the door and offered to buy one of Grandma's children. They said, in effect, "We have lots of money, but no children. You have lots of children, but no money. Let us buy one from you."

Grandma evidently went into a rage and shooed them away in no uncertain terms. That incident seemed to help Mom feel secure and wanted during a time of extreme poverty. She shared that they used to eat—mainly potatoes and bread, maybe soup—standing up around a table. They were told that the food goes down better if you eat standing up but, of course, there weren't enough chairs nor room for enough chairs, anyway.

Perhaps our descendants will learn of the Great Pandemic of 2020 the way we learned of the Great Depression. And their understanding may be based, in part, on the stories that we have shared along the way.

LOST & FOUND

MISSING DOG \$1500 REWARD IF FOUND NO QUESTIONS ASKED

Teddy is a white 15 y/o Bichon Frise about 10-12 lbs. He's a very friendly senior dog. His body shakes, he has potty accidents, kinda selective hearing, developing a cataract in one eye. Our family misses him so much & we want to be able to give him the proper care he needs. We are hoping a kind person would step forward and reunite us with Teddy.
