Pedestrian Safety Reminder:

In the recent months we have seen an increase in pedestrian traffic throughout The Villages. As a reminder, please use the correct side of the road when walking. Always walk toward the oncoming traffic. The arrows are painted on the main roads. You should also remain in single file when in groups to keep within the white lines as well as social distancing. When walking pets, be sure they, too, remain within the white lines and out of traffic.

We want you to enjoy your walks and remain safe too.

A Message from the Director of the Food & Beverage Department

Dear Villagers,

In these unprecedented times of COVID-19, there are regulations the Clubhouse must follow. We understand they are not very popular to some Villagers. We are used to socializing in large groups and dining together, which have brought joy and camaraderie to the community. Unfortunately, until we make a turn in our efforts against COVID-19, we will not achieve a semblance of how things used to be.

We are considered a "High Risk Community" and we must be diligent in our practices.

What We Offer From The Clubhouse

1. Curbside Service for pickup
2. Deliveries to home addresses with a one-day notice.
3. Full service per household on our Patio Restaurant and Grill.
 - Usually this is two to a table, or three if you are registered and all living in the same household.
 - Visitors, unfortunately, are not accepted on the patio.
 - You must be registered as a resident of a Villages address.

We understand these restrictions do not encourage a socializing atmosphere for a group. However, for a single diner, or table for two, or a household, the atmosphere is very pleasing with shade under umbrellas, beautiful views of the golf course and plants and flowers all around, not to mention a beautiful fountain. In the evening we can turn on the heaters and also light the fireplace by request, which will fill the patio with warm ambiance.

I would also add that we truly try our best to serve you with appealing food and service.

We realize this is not perfect, but the sooner we control the pandemic, the sooner we can get back to normal.

As we, the staff, diligently practice social distancing, wearing masks and gloves, and taking extra care in everything we do—with attention to sanitizing and cleaning—we also ask Villagers to do their part in following the COVID-19 guidelines.

We ask you to wear your mask when you enter the patio, maintain six feet of social distancing, sit at tables with your own households only and bring your Villages ID for service.

Also keep in mind that the patio has restrictions against bringing your own food or your own beverages. It is for dining only from the restaurant or grill.

Thank you in advance for your attention to these important guidelines.

—John Yu Director of Food and Beverage

Construction begins on Pickleball Courts

The temporary construction fence went up August 5.

Director of Facilities and Maintenance Services Tom Muniz announced Wednesday that construction is underway for the Pickleball Courts Project. The project site is located at the north side of the entry along Villages Parkway (across from the business office complex). Saviano Construction began with the installation of temporary fencing to ensure a safe working zone and continued pedestrian access on the walk path along the frontage of the site. The fence will be in place throughout the construction that will continue through November.

As the project continues, look for updates in *The Villager* and posted on Fast Lane.

Work hours are planned between 7:30 a.m. and 5 p.m. and on some Saturdays.

Parking facilities and street frontage may be used for vehicle, material and staging of equipment. Be aware of signage, restrictions, closures, and exercise caution as you drive or walk by the construction site.

The contractor is required to follow COVID-19 measures for resident and crew safety.

If you have questions about the project, call Maintenance Services at 408-223-4670.

Maintenance Services thanks you for your understanding and support during completion of this project.

COMMUNITY NEWS

PULSE

Dear Readers:

The Villager welcomes everyone's voice sharing ideas, opinions and accounts of life in The Villages in the Pulse column. Please follow the guidelines carefully.

Pulse deadline is 11 a.m. on Friday of the week prior to publication. Pulse letters will be published in complete or abridged form at the discretion of the Publisher and in accordance with the editorial policies and rules established by the Club Board of Directors. (See VGCC Rule 1.30.) Opinions expressed by Pulse letter authors do not necessarily reflect the opinions of The Villager Publisher, staff, boards of directors or management.

All Pulse letters must be 200 words or fewer on a single topic relating to life in the Villages. Each letter must also include name, address, phone number, date and number of words. Typed or legibly written letters must include your signature and may be hand delivered to the Pulse mailbox in Administration Building B or by mailing to the Communications Advisory Committee, 5000 Cribari Lane, San Jose, CA 95135.

Letters may be submitted electronically through the Pulse Submission Form on the Resident Portal: resident.thevillagesgcc.com/pulse, or emailed to Villager Managing Editor S. Hinrichs: shinrichs@the-villages.com.

E-mailed letters must include the text within the body of the e-mail and the subject line must read PULSE LETTER.

- 6 Pulse letters received this week.
- 1 Pulse letter withdrawn by author.
- 2 Pulse letters deferred pending changes.
- 3 Pulse letters published this week.

Note: Pulse authors are solely responsible for the statements and opinions contained in the Pulse letters. The Villager does not verify the accuracy of all statements.

Note: Pulse letters are still being accepted through the "Shelter-In-Place" order in digital form only. You may take a picture of your hand-written letter and e-mail it as a JPEG attachment to: shinrichs@the-villages.com.

All Pulse letters that are published are retained by the Communications Advisory Committee (CAC) for a period of 12 months. Rejected Pulse letters are not shared with anyone outside the CAC, management or Club Board and staff liaisons for the reason of confidentiality.

I received a letter from the Villages during a COVID-19 epidemic to paint the Del Lago complex. Irresponsible, was my first thought. The letter never mentioned COVID-19 and how it will be mitigated during the painting operation.

Hearsay has the view that the contracted vendors are responsible for their employees. And it's their responsibility to police their workers and The Villages has no responsibility even though this is a high-risk community.

I believe the COVID-19 rules apply to both inside and outside construction.

Management should review the California Department of Health Directive as of July 2, 2020.

Workers over 65, like Villagers, average age 72, are at high risk of severe illness from COVID-19; conditions include chronic lung disease, asthma, heart conditions along with diabetes, liver and kidney that requires dialysis.

Washing and sanitizing is very important in a construction environment.

I see no reason why the Del Lago painting project has to begin. Implement the project after the virus is mitigated.

Are we paying a high price for non-emergency repairs during this epidemic? Does The Villages need the risk of possible litigation by demonstrating questionable stewardship?

—William Swintek

Imminent danger. Really? I don't think so. Imminent danger is being in an airplane flying into a building. The golf course is open for play as are the tennis courts and bocce areas. The Bistro is open for outside service. Swimming is allowed at one pool. More and more people are out walking. I am very aware of the current situation and how to protect myself.

The only danger The Villages is in is not maintaining reasonable HOAs.

—Gretchen Tucker Greco

"Why don't we share?"

We all pay an extensive and expensive HOA, and given coronavirus we pay for lots we don't use. We should be receiving money back, not an increase of monthly expenses for less access!

One thing to help offset the loss of our pools and gyms— increase the walking hours to times where the weather is enjoyable! I propose walking hours at all holes before 10 a.m. on Tuesday – Thursday, along with Monday before noon. All holes should be open for walking after 7 p.m. Monday – Thursday!

(SRS) SENIOR RESOURCE SERVICES

Do your kids need some financial help?

Some Villager progeny are laid off from work during this pandemic. Perhaps it's your kids and you are considering making a gift to help them. What are the tax basics of making a gift?

For 2020 the annual tax exemption for gifts is \$15,000. The gift tax exemption is an annual amount you may gift to any individual without having to file a Gift Tax return. You may make as many annual gifts as you desire to various people. They don't need to be a relative. If you are married, both you and your spouse may each give up to \$15,000 to the same person.

For example, Mr. & Mrs. Villager wish to give their son a gift that will not need to be reported on a Gift Tax return (form 709). Mr. and Mrs. V. can both give him \$15,000 before the end of the year for a total of \$30,000. If the son is married, they can make identical gifts to their daughter-in-law for a total gift of \$60,000.

Gifts may be cash or any other asset. Non-cash gifts are valued at fair market value on the date of the gift. For example, the gift value of stock would be the average of its high and low stock market values on the date of the gift. If you choose to do this, you need to give the recipient information on your stock cost and your date of purchase. This information will be used by the recipient to calculate the taxable gain when the stock is sold.

Some professionals are suggesting that stock you own with a substantial increase in value makes a good gift right now. You get the appreciated stock out of your portfolio without having to pay income tax on the gift. You son or daughter will likely need to sell the stock and will have a gain, but it will be taxed at their income tax bracket which is likely low since they are unemployed.

If the gift recipient is a minor, you may name a trustee to manage the asset until the new owner becomes 18. A gift to an adult must be without conditions. For example, you may not tell a 22-year-old grandchild you will reclaim the gift if they offend you some way such as getting a huge tattoo.

If you give more than \$15,000 during a year to any person, you must file a gift tax return. This return is a cumulative record of all taxable gifts you have made over the years. There will be no tax due with a 2020 gift tax return until your entire lifetime taxable gifts total over \$11.58 million. Few Villagers will have a problem with this limit. Thus, think of the return as simply an information return.

Please note that we are talking about Gift and Estate tax. You do not get to take any kind of a deduction on your Income Tax return for making a gift nor does the gift recipient report a gift as income. It is simply the transfer of an asset.

As always, please consult your own professional advisors about your particular situation.

Note: The Senior Resource Services (SRS) office is currently closed for drop-in assistance. You may still leave messages at 408-239-5253 as we monitor phone messages every day and can still answer questions by phone. We can also e-mail handouts. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional adviser about your individual situation.

Association/Homeowners

documents available via e-mail

Per an amendment to California Civil Code, homeowner associations are permitted, with owner's written consent, to distribute annual disclosures, (like the pro forma budget summary) and other specified association documents to owners via electronic mail, facsimile, or other electronic means (such as posting on the association's website) instead of sending those documents out by regular mail or personal delivery. This has the potential to provide cost savings to The Villages. Delivery and postage costs for the Villages' annual distribution of the pro forma budget summary alone are close to \$1,000, not to mention the paper and printing costs.

In order to transmit association documents via e-mail or by posting on the homeowners association's website, 1) the homeowners association must first receive the owner's written consent, and 2) the homeowners association sends a separate notice to the owner that the documents have been posted and are available for viewing.

Consent forms for owners to request delivery of documents have been developed for both The Villages Association and Homeowners Corporations. These forms provide an owner's consent to electronic delivery of documents that are capable, under current laws, of being distributed electronically. Owners have the right to revoke this request and receive "hard copies" of the documents by sending a written revocation signed by the owner, to the applicable corporation.

Forms of owner's written consent are available in Business Administration Buildings A and B, and on The Villages web site, <http://www.thevillagesgcc.com> (Click on *Resident Info* and then Click on *Resource Files*.)

Attention Residents:

Due to The Villages being a high-risk senior community, and to comply with State and County Health orders, all Villages amenities (including golf) are closed to guests until further notice. This includes outdoor seating at the restaurant.

The County of Santa Clara issued Shelter-in-Place Order Updates in June that allowed certain additional businesses and activities to resume, subject to restrictions to reduce transmission risk.

Included in those activities was: Outdoor dining at restaurants and other facilities that prepare and serve food, subject to limitations/social distancing, and all outdoor recreational activities that do not involve physical contact, with social distancing, including swimming pool, hiking, tennis, golf, etc.

SRS Reminder:

Special retirement

distribution rules in 2020

Seniors and retirees are not required to take money out of their IRAs and workplace retirement plans this year. The CARES Act waives required minimum distributions during 2020 for IRAs and retirement plans including beneficiaries with inherited accounts.

If you have already taken an RMD in 2020, you have the option of returning the distribution to your account or other qualified plan. The repayment must be done no later than August 31, 2020, to avoid paying taxes on that distribution. Of course, you have the option to keep any distribution and pay the tax.

The CARES Act provisions apply to most retirement plans, including traditional IRAs, SEP IRAs, SIMPLE IRAs, 401(k) plans, 403(b) plans, 457(b) plans, profit sharing plans and other defined contribution plans. The RMD suspension does not apply to qualified defined benefit plans.

MANAGEMENT

PUBLIC SAFETY

Report Coyotes

Villagers are advised to report coyote sightings to Interim Director of Public Safety Steve Norden.

To report Coyotes, please email location day and time to: snorden@the-villages.com

Some coyote safety tips

The summer months see increased activity for coyotes.

Coyotes may try to escort walkers out of an area to protect their pups or food sources when encountered on a trail or street. Humans may perceive this behavior as stalking, which is usually not the case. They may also view your pet as prey.

To allow coyotes to be wild while keeping yourself and pets safe, please follow these pointers:

- Never feed coyotes—it is illegal to feed coyotes in most places. Feeding endangers your family and neighbors because it lures coyotes into neighborhoods.
- Keep unattended cats and dogs indoors or in completely enclosed runs, especially at night, and do not assume that a fence will keep a coyote out of your backyard.
- Accompany your leashed pet outside. Make sure you turn on lights if it is dark to check your backyard for unexpected wildlife.
- Keep dogs on short leashes while walking outside; the Division of Wildlife recommends a leash no longer than six feet.
- Keep noisemakers on hand to scare away coyotes that may enter your yard. Some examples of noise makers are whistles, horns or metal cans with small rocks or coins that rattle.
- Never run away or turn your back on a coyote.
- Do not allow a coyote to get between you and your pet or child—keep children close to you.
- Yell, clap hands, blow a whistle or rattle a can and try to make yourself look larger if you have a close encounter with a coyote.
- An empty soda can with pennies sealed with duct tape makes a very good noise maker when shaken.

There is no way to completely eliminate coyotes from The Villages, so always use caution when walking, especially with pets. Also, coyotes tend to be most active around sunrise and sunset. Pick different times for walks.

Please report any sightings or aggressive behavior to Public Safety at 408-223-4665.

We are working with the county and state on options to control particularly troublesome coyotes. Please use caution and common sense when outdoors.

Leash rule for pets

Residents are reminded, as per Club Rule 1.51, that pets must be kept on a leash, under control, and attended to at all times. This also applies to the Hill Lands.

Before 1 p.m.

After 7 p.m.

Tuesday-Sunday

Before 7 a.m.

After 8 p.m.

Holes 1-9:

After 6 p.m.

Emergency Preparedness Committee: *Earthquakes*

Part 2: *Earthquake Preparedness*

• **Have a plan in place** to cover both if you are outside The Villages when an earthquake occurs and if you are *inside* The Villages when it occurs. If you are outside The Villages, you may not be able to get back here: Damage to freeways, streets, accidents, the roads may be blocked. As the Villages was built upon a hilly, granite slope, the Villages is better off than those buildings on the low flatlands. If you are inside The Villages, you probably will not be able to get out of the Villages as streets are blocked, pavement buckled, etc. Fire trucks may not be able to come into The Villages.

• Know where the nearest **Emergency Aid Station** is located in your area. Every station has an **AC/DC converter** to be hooked up to a car battery. Only two outlets to charge devices. Cell phones have priority.

• **Secure to wall studs** all bookcases, TVs, china hutch, entertainment center, dressers: to minimize their movement.

• **Emergency contact list:** Give someone far away from the threatened area a list of those you want to contact to tell of your situation. Contacting one person and letting them relay the message allows others to get out their message. Also, add this emergency contact information to The Villages website at resident.thevillagesgcc.com/econtact

• **Dress:** Have heavy-soled shoes, long pants, long-sleeve shirt, handy flashlights, and gloves (leather/cloth best) readily available.

• **Display your medical information** next to the refrigerator in the **L.I.F.E. pouch**.

• Have **flashlights** staged in different rooms (with extra batteries).

• Have **first-aid kits:** Store near an exit. Some first aid supplies are stored in the Aid Stations.

• Fill a cup with water and place in the freezer. This is a great way to judge how the freezer's contents are staying cold during a power shut down to make you aware of food spoiling potential. As long as the water in the cup remains frozen, it is safe to defrost and eat the food. When the ice in the cup melts, food may spoil quickly.

• **Water heaters must be strapped to the wall.** These can be a source for water to flush toilets, wash dishes, etc. The valve near base can be opened. Connect to a hose if needed to fill a bucket.

• **Fire extinguishers** need to be available in an emergency. **Read instructions in advance.** know how to use.

• **Food supply:** Have approximately 7 to 14-day supply of canned goods and bottled water stored to be easily accessed. Rotate periodically. Store in a box / crate to move.

• **Battery-powered or wind-up radios** can supply you with local broadcasts that keep you informed during a crisis. Have extra batteries available. **Music can be soothing** during stressful times!

• Have a supply of needed medications to last at least a week. Keep in a location to be able to grab quickly. Have a bag near the supply to be able to load quickly.

• **Cell phone(s):** Make a habit to keep fully charged. Have a charging cable available to charge from a vehicle outlet. Store in your automobile.

NOTES:

• Whenever the Emergency Preparedness Committee (EPC) announces trainings (The Villager and/or Fastlane) take advantage and attend. You might be able to help others during an emergency!

• Earthquake riders on insurance policies are complicated and expensive. Review your options.

• Power generators. DANGER!: Follow policy established by The Villages management.

The Emergency Preparedness Committee (made up of about 500 of your fellow Villagers) is trained to assist you. Some members might be incapacitated or not in the Villages when an earthquake hits. You need to be prepared to assist. Attend trainings when offered. Stay safe!

Registration required; contact VMA Service Coordinator Bonnie Grim at bgrim@sequoialiving.org or call 408-238-4029.

From Bonnie's Desk...

Did you ever wonder how the VMA got started? I have recently received a brief History of the Villages Medical Auxiliary by Francis Laidley, which told about the beginnings of this wonderful and worthwhile group.

"The Villages Medical Auxiliary or VMA was established by Dr. Robert S. Condie who was a physician with an office on the premises and the first service project was a Swine Flu Immunization Clinic on November 4th, 1976."

So many service projects that bettered the lives of the Villagers originated with this group and it all started with Dr. Condie asking for a meeting and suggestions from his neighbors.

Today with our challenge of living life with the Covid virus, we are faced with a predicament, how to best help through support groups and programs while still practicing social distancing. I would love to hear your suggestions to these questions: What health topics are of interest to you? Do you know an expert on the topic? Would they be willing to present via Zoom?

Please call or email me with your thoughts, ideas and suggestions. As the saying goes, "It takes a Village!"

My best!
 Bonnie

EVF FOCUS

Golf in the Villages

By Diana Hallock, EVF Director

Did you know golf began in the Villages as a nine-hole course? Both of our courses were designed by Robert Muir Graves in 1967 with the long course opening in March of 1968 but only nine holes were ready. To play a regulation game, players played the same holes twice. Robert Graves, who later became the President of the American Society of Golf Course Architects, designed over 80 golf courses in the western states including Quail Lodge, La Rinconada, Rosemoor, Palo Alto Hills and San Jose Muni. The first golf tournaments in the Villages were competitions between North and South Cribari with players from Montgomery joining the South Team. The driving range was privately owned from 1973 to 1985 when it was sold to the Villages for \$200,000.

The distance monuments were first donated by the Men's Club in 1980. Faithful volunteers have maintained them for years, repainting the bells and replastering the walls. Needing new distance plaques, in 2016, the Evergreen Villages Foundation (EVF) assisted various individuals and clubs with the \$7,500 purchase of replacement plaques. Another wonderful chapter in the long history of golf in the Villages. For more information, visit evfsj.org

WHAT'S COOKING?

theclubhouse@the-villages.com

The Clubhouse Restaurant and Bistro are closed until further notice.

Until Coronavirus concerns are reduced, The Clubhouse will offer the Clubhouse To-go Grab & Go program for seven days a week.

For Curbside Service: First call in your order to **408-370-8553** and call us again when you get to the Clubhouse curbside and we'll bring it out to your vehicle.

Curbside Grab-and-Go Menu has expanded: The Curbside Service is now using the expanded Clubhouse menu. (See menus on pages 8 and 9.)

Some Outside Seating Now Open: With the opening of Bistro Patio seating, our menu has expanded.

However, due to The Villages being a high-risk senior community, and to comply with State and County Health orders, all Villages amenities are closed to guests until further notice. This includes outdoor seating at the Clubhouse.

Golf Cart Service discontinued: Clubhouse Golf Cart Service was discontinued Monday, July 5. Please join us on the Patio for grill choices and Patio dining.

Home Meal Delivery notice: We are delivering to all Villages six days a week—Tuesday through Sunday. There will be no deliveries on Mondays. Orders must be in by 11 a.m. before the next delivery day.

You will get a confirmation either by email or by phone for each order.

If you do not get a confirmation, please email or call back. This is just an assurance to make sure we have not missed your order.

Attention Golfers: The Foyer of the main Clubhouse is opening at 7 a.m. offering coffee with "Quick Serve" breakfast items.

Lunch, beginning at 11 a.m., will include Quick Service Hamburgers, Cheeseburgers and Hot Dogs. Other curbside menu items will take 15 minutes to prepare.

Beverages will also be offered, such as water, sodas, Gatorade, and alcoholic beverages are available as well.

Alcoholic beverages sold through any of the Clubhouse food and beverage services may only be purchased in conjunction with a food order.

Notice: No entry into foyer without facemask.

CLUBHOUSE RESTAURANT & THE BISTRO & BAR CLOSED TO WALK-INS UNTIL FURTHER NOTICE

Food Delivery Service to Villas/Condos and Single-Family Homes

The Villages Golf and Country Club is proud and pleased to offer a home delivery option for our valued residents during these challenging and difficult times.

Delivery target times are noon to 5 p.m. **Email or phone orders for a particular day must be in by 11 a.m. the day before.** All orders, taxes and service charges will be charged to your house account to allow for proper social distancing upon delivery.

All prepared menu items will be made fresh daily and shelf life is three (3) days refrigerated, so Villagers can order menu items to last for a few days, and then get another delivery on their specific delivery day.

We will also offer specials that we will record on our phone line when Villagers call in to order.

Patio Dining Notice: The Villages Golf & Country Club, being a high-risk community, is following the guidelines set forth by the county.

- We ask each table to be occupied by household members only.
- Guests of the households are restricted from the Patio Dining.

We suggest Curb Side Service for takeout for your outside guests. Please present your Villages ID to Greeter/Server. We thank you in advance for keeping our community safe. Patio Dining serving breakfast, lunch and dinner from 7 a.m. to 8 p.m., 7 days.

Notice: Due to The Villages being a high-risk senior community, and to comply with State and County Health orders, all Villages amenities (including golf) are closed to guests until further notice. This includes outdoor seating at the restaurant.

Notice for our Curbside customers: Due to the increased volume of orders at dinner time, we are recommending that you call and place your order between the times of 3 p.m. and 4:30 p.m. We will take your order and coordinate a pick-up time later that evening. While this is not required, it should help alleviate any wait times during the peak dinner time hours of 5 p.m. to 7 p.m.

CLUBS & EVENTS

Sustainable Villages Club off to flying start

The Sustainable Villages Club (SVC) had their inaugural meeting on Thursday, July 30. Twenty-five members met to hear Barry Brian, from Sustainable Rossmoor, talk about the activities of their club, formed in 2014, and composed of over 200 members. Both clubs plan to work closely together in the future. The Climate Reality committee was very active, with four members just completing the Climate Reality Global Training along with 10,000 others worldwide led by former vice-president Al Gore. Nine others attended a Climate Reality presentation given to the Evergreen Valley Rotary Club to learn about the scientific facts concerning climate change. If you are interested in learning about the Climate Crisis, contact Bill DeVincenzi at billdevincenzi@me.com.

The rooftop solar committee reported six members currently engaged in having solar panels installed on their roofs. If you are interested in rooftop solar, contact Maxine Amundson at drmaxa@comcast.net. The electric car and battery committee reported on research on technology that would allow you to power your house during a power outage using your electric vehicle battery. A Tesla battery could power your house for up to two days. If you are interested in learned more about this upcoming technology, contact Peter Holmes at pholmes41@gmail.com. The SVC also has a committee studying Sustainable Practices such as composting, recycling, plastic usage, sustainable landscaping, and more. Other committees include Collaborating with other organizations and Communication/Marketing. If any of these activities interest you, please contact Bill DeVincenzi at billdevincenz@me.com.

Free Virtual Fitness Training presentation

As the pandemic moved into its fifth month of “sheltering in place” and “social distancing” and a safe return to many of our most cherished activities still remains uncertain, we need to find new ways to stay physically and mentally fit and healthy *and* be safe at the same time. The Community Activities office continues to try to find ways for you to maintain some state of normalcy with fitness programs on Channel 27.

One of the fitness instructors contracted with The Villages is offering a free lecture on staying fit during the COVID-19 crisis, discussing fitness training options. Hartmut Broring, owner and founder of Back In Form, Inc. will be the presenter. You all had to give up or limit your physical activities and fitness training because of the crisis, and may have developed physical and mental health problems associated with the limited activity and social isolation during the pandemic.

The lecture provides motivational strategies to stay active and fit, and provides ways to exercise at home with minimal or no equipment at all. Back In Form has spent the last few months adjusting to the new reality by developing a variety of “Virtual Fitness Training Options” that support Villagers’ own efforts to reduce the risk of developing health issues such as Hyperlipidemia (high Cholesterol/Triglycerides), Hypertension, Metabolic Syndrome, Diabetes Type 2, Depression, and Anxiety.

The Virtual Fitness Training Options (all available via Zoom, Skype and other Video Conferencing programs):

- Personal Fitness Training
- Fitness Class 60-plus
- Therapeutic Fitness for the Frail and Chronically Ill
- Guided Relaxation and Stress Management (Progressive Muscular Relaxation, Autogenetic Training)
- Online Video Exercise Library (coming early 2021)

This is a great opportunity to take part in our *free* video lecture “How to stay Motivated and Fit during COVID.”

Sign up today and receive more detailed information on the *free* Zoom lecture. Please sign up via email at info@backinform.com

Villages Technology Explorers: Voyage to the Future

By Tony Berg

Voyage is building the technology to deliver on the promise of self-driving cars. Their goal is to offer Villagers safe, autonomous transportation anywhere in their community.

Voyage has plans to launch a new, improved service at The Villages. We at The Villages will be the first community to be offered this improved level of service. Our quieter road system and traffic environment and our 25-mph speed limit simplifies the challenge of developing a fully autonomous driving experience.

On Monday, August 10 at 3 p.m., log onto Zoom to learn about the latest updates to Voyage. In this webinar for The Villages Technology Explorers, Oliver Cameron (CEO and founder) will explain some of the technical challenges in autonomous vehicles and how Voyage is working to safely and securely bring the dream closer to reality. Register for this webinar at the VTE website at bit.ly/VTE-website

Villagers invited to submit, view online art exhibits

All Villagers are invited to send in photos of their artwork or crafts for an online exhibit. The theme is “Imagination” — anything your eye can see or your mind can visualize is fair game. This is Art Challenge 6 in our series of Online Exhibits.

“Cluny Tapestry Cat” (see right) is an example of Ruth Keiser’s artwork in Art Challenge 5.

We post photos of artwork in ceramics, tapestry, needlepoint, assemblage, collage, pastels, acrylics, oil, watercolor and other media. No politics, of course, and nothing offensive will be posted nor will pet or family photos.

Send your photos to our Arts & Crafts Webmaster at barb.gottesman@gmail.com and see them posted on the webpage “Art Challenge 6” until August 31.

You can also view the artwork of fellow Villagers on the exhibits from Oil Pastels, Plein Air and Exhibits at www.villagesartsandcrafts.org. We usually display artwork in the Cribari Conference Room or in the Patio Room in Cribari Center, but during our lockdown, you can view the art of your friends and neighbors on our website.

From the Community Activities Office

Why reservations are necessary to use amenities

The Community Activities office has received quite a bit of feedback and many suggestions about the reservation process for using amenities. The state of California and Santa Clara County issue guidelines as to how amenities can be used. These are guidelines The Villages is required to follow. In the case of the open amenities at The Villages, there are limitations set as to the number of users that can be present at one time. A reservation system limits that number and provides a means to be sure that social distancing is possible.

The second function of the reservation system is to meet the requirement of maintaining a list of participants and their contact information so that contact tracing can take place should a participant become COVID-19 positive or been in close contact with someone who is COVID-19 positive. Some amenities require pre-screening for COVID-19. That is why we have the reservation in advance system and cannot take drop-in users. The guidelines do change over time, sometimes becoming more stringent and other times more flexible. Our first priority is and remains the safety and health of residents and employees.

VMA has free incontinence supplies

The VMA now has a large supply of donated incontinence supplies. The sizes range from small to extra-large. If you are in need of these please call the VMA office at 408-238-4230 and let them know what you need. Leave your name, phone number, address, and the size you would like. A volunteer will call you back, let you know if the size you require is available, and will deliver the supplies to your home. Stay safe! Wear your mask and social distance.

Missed your Villager?

If you missed delivery of your weekly copy of *The Villager*, please call 408-223-4655 to report it. (Please do not call before 11:30 a.m.)

You may pick up a replacement copy of your paper at the newsstand at the entrance of Building B or go online to the Villages website—www.thevillagesgcc.com—and download the current and past editions to your computer.

'The Wisdom of 21 Days'

By Rabbi Laurie Matzkin

Have you heard the expression, "Mercury must be in retrograde?" This pop-astrology concept is commonly referenced when it feels like we, and everyone around us, are having a hard time. There must be some explanation for why the world feels so fiery and difficult! Ah yes, it must be the pull of the planets, affecting us all...

I write this article as the day of Tisha b'Av ends, the Jewish "holiday" commemorating the anguish of being violently torn (twice!) from the Holy City of Jerusalem. Tisha b'Av has become the day to layer all of our collective Jewish pain: expulsions from previously friendly countries, pogroms, synagogue shootings, violent hate crimes. Add to this the pain of 150,000 deaths in our country from Covid-19, and the traumas large and small resulting from six months of various stages of societal deprivation.

The 19th century Chasidic teacher S'fat Emet pointed out a beautiful, healing symmetry on the Jewish calendar. These past 21 days were a slow, agonizing burn as we crept closer and closer to Tisha b'Av. But now, we have entered a new period of 21 days, leading us towards the new month of Elul, which signals the beginning of the High Holiday season and the potent beauty of a New Year.

This teaching reminds me that we can take the time we need to move towards healing. The deeper we access the difficult emotions of grief, anger, loss and sadness, the more trepidatious we may be in climbing out of that cave of darkness. The S'fat Emet uses the language of "opening doors" during this 21-day period. In order to walk through a door of depression, we must take one day at a time, even one hour, one action, one breath at a time. Soon, we will see that the days of darkness have passed, and our perspective really has changed.

(By the way, the internet claims that Mercury goes into retrograde for three-week periods, one of which ended on July 26. I guess the Jewish calendar and astrology are in sync after all!)

CATHOLIC COMMUNITY

Reflection on Sunday's Readings, by Deacon Willy Agbayani: "O you of little faith, why did you doubt?" These words spoken by Jesus to a terrified Peter who started to sink in the sea's windswept waters in Matthew's Gospel narrative resonates with all of us today. Our nation is ravaged by the raging pandemic, the economic fallout, the loneliness and the pain caused by our isolation. We are in the midst of great anxiety, fear, and suffering. A terrible feeling of hopelessness caused by the strong winds of uncertainty terrifies us, and doubt even envelopes us! Yet, we all profess belief in a good and merciful God who has promised never to abandon us.

It is human to be afraid and even to have doubts when uncontrollable events happen. It is at this point when we like Peter cry out, "Lord save me!", expressing how we, through our own efforts cannot resolve matters. If Peter did not start sinking but made it safely to the Lord, could he have possibly thought that it was through his own agility and efforts that he could walk on water? We need faith because of our human frailty, and recognize that we, through our own efforts cannot go it alone. We need God's graces to weather the storms in our lives.

Daily Mass: Daily Mass (8:30 a.m.) is now being held outside in the Memorial Garden Patio, with up to 50 attendees. You no longer need to make a reservation to attend Daily Mass.

Saturday Vigil and Sunday Masses: Weekend Masses are also up to 50 people per Mass. Every Monday morning, SFOA will send a link through their constant contact emails. To give everyone a chance to attend, you are asked to not sign up weekly. If you would like to attend again, wait until Thursday after 3 p.m. and if there are spaces still available, then you are welcome to fill them. Please be aware that we must all wear masks or shields to be in compliance.

Mass Intentions: If you would like offer a Mass for someone, contact Jean Gillette at 408-270-5723.

Home Communion: There are a limited number of ministers available for home communion. Questions? Contact Marilyn Rodman at 408-274-452.

Staying up to date: Check the website for St. Francis of Assisi at www.sfoasj.com and daily emails from SFOA, for the latest information. Please call or email Rosie Olivas at 408-223-1562, or rolivas@dsj.org to request to be added to the daily emails.

EPISCOPAL

'Open to Interpretation'

By The Rev. Julia McCray-Goldsmith

It's often been said that Episcopalians don't take the Bible literally; we take it seriously. We certainly listen to a lot of it in our worship services, and not just in the two or three readings appointed to be read in church every Sunday. Our Canticles and Psalms are Scripture, as are many of our hymns. Bible is in our bones, whether we recognize it or not.

Recently Trinity Cathedral has been offering online classes on how to read the Bible (email the Trinity office to sign up) and it reminds me of how central the question of Biblical interpretation is. The Episcopal tradition, rooted in the Church of England, has historically been on the forefront of inviting everyone into conversation about Holy Scripture, beginning with the promotion of English language Bibles in the 16th century. Common language Bibles meant that many more people had a chance to study and pray our sacred texts, sometimes to the point of arguing with their priests. Don't worry... we can take it!

That's no less true today. Not only is the Bible yours to interpret, but also your interpretation is needed. One lesson we've learned from how our Jewish friends read Scripture is that many interpretive voices deepen the understanding for all of us. When we read together and discuss the content with friends (and perhaps of equal importance, with people who are different from us) we are adding to a conversation that's literally thousands of years old. And as we listen to the text and each other, with humility and open hearts, we may hear whispers of the Ancient One. Whose words spoke creation into existence, and who calls us to create the kingdom with him even now. Being "open to interpretation" might mean that we give the Bible an opportunity to rewrite us!

COMMUNITY CHAPEL

'Lights On'

By Pastor Bill Hayden

There is a feeling of helplessness whenever we lose something precious to us, whether it be the freedom of movement, treasured relationships, financial stability or physical abilities. I think about the people who have lost their businesses, homes, jobs and love ones due to the resent pandemic, which still hasn't gone away. It breaks my heart to see people being cavalier and not protecting themselves from Covid19. Do they think that the virus is resistant to a person's refusal to protect themselves? It's like a person saying, "I'm going to walk in the rain without an umbrella and not get wet". Well, all righty then!

I realize that we can only do our best to safeguard ourselves from unnecessary suffering and loss, but life happens and every person will suffer loss at some point in their life. Imagine a person investing in a relationship that ends in death or divorce. Imagine a person who finally builds a dream house only to lose it as a result of natural or a man-made disaster. Imagine a person having a career as a mechanic and one day loses his right hand and can no longer be that ace mechanic on the job. Imagine someone who you loved and encouraged to wear protective clothing died because they refused to do so.

As much as we would love to be in control of every detail in our lives and all of our decisions were perfect, there are some things outside of our influence and abilities. Having control of every detail would be disappointing in the long run. If we were in control, we would never experience the sense of accomplishment that occurs when we overcome the struggles of growth. Could your life be better if you were in complete control? Would you be a more compassionate person who understood other people's sufferings, or would you have an attitude that they should be more like you!

Proverbs 4:18 NLT *The way of the righteous is like the first gleam of dawn, which shines ever brighter until the full light of day.*

God's plans for us has a higher success rate than ours.

Good news! Join us each week at 10 a.m., Pastor Bill will deliver his Sunday Morning Sermon Message on video. You can experience his sermon via our Villages Community Chapel Website at Villagescommunitychapel.org

May God bless all of you with good health!

SPORTS NEWS

SHONIS

By Fran Schumaker

The "Blast From the Past" archival article this week will focus on past events that we have held as Shonis while still under the Swinger Umbrella.

In 1979, the Shonis held a Short Nine Invitational on Friday, October 5. The theme was "Festival of Grapes." Short Course Clubs from the area sent a total of 36 women to join us in the invitational. The day started with a continental breakfast, play and then lunch, entertainment and prizes. The tables were decorated with centerpieces of "golf balls formed into bunches of grapes." The articles had pictures of all the winners of the event. It was also acknowledged that the event could not have happened without the support and help of the Swingers and many of our husbands. Anyone who has participated in the planning and execution of an event knows the importance of a volunteer support system. The event can't happen without them.

In September, 1982, the Short Nine Women again held a "Festival of Grapes" Invitational. This time we played host to 12 short nine clubs in the area. The article focused mainly on pictures of the winners and their names. There are also pictures of another invitational in 1989. While the theme was not mentioned, the welcome banner had clusters of grapes on them. I thought that perhaps grapes was just the reoccurring theme they used for the Invitationals. Then my whole theory fell apart when I found a picture for the 1995 Invitational. The theme was "Kaanapoli Shores." I think pineapple centerpieces would have been just the thing. I also noticed that in the 1990s, a lot of the pictures were taken by our own Betty Stednitz, who played the long nine at the time. She was also the photographer for the Villager at the time. Thank you, Betty, for helping to preserve our Shoni history. And thank you again to Vivian Wilczak for putting the whole thing together in album form.

I'd like to close with some more words from The Gospel According to St. Titleist:

1. "The ardent golfer would play Mount Everest if somebody would put a flag stick on top." - Pete Dye
2. "May thy ball lie in green pastures...and not in still waters." - Author unknown
3. "If you think it's hard to meet new people, try picking up the wrong golf ball." - Jack Lemmon

PICKLEBALL

By Linda Eige

Pickleball players are thrilled to be able to play doubles on our courts again. Many of us miss the socializing of Open Play but the ability to play in foursomes, from different households, is a very welcome development.

All of the available time slots have been consistently filling up. Play hours are limited for both tennis and pickleball to 9 a.m. to 12 p.m. and 4:30 p.m. to 7:30 p.m. Courts 5 & 6 are exclusively for pickleball during this time of restricted use.

Pickleball is still showing itself to be a very popular activity here at The Villages. We are looking forward to having four new courts!

18-HOLE WOMEN

By Phyllis Mueller

This is the second part of our feature on 90+ year-olds playing 18 Holes! Two more ladies to add to our list!

Reta Boyles is 92 and an Associate who is still playing on a weekly basis. She also can be seen on the bocce court as well as getting in a walk. Maybe it was all her square-dancing background that gave her great strength and longevity!

Nancy Miller is 91 and playing 18 holes on a regular basis even during this virus time!

She also makes time for her music. Be sure to listen carefully on the golf course as she might sing a tune or two for you. She used to sing for the San Francisco Symphony. She has had the lead in several Villages Amateur Theatre productions here in The Villages.

New news in the hip replacement category. Three members with recent hip surgery are out and about and doing great. Asako Nakamura is shooting her age now and again. Donna Quataro is up and walking all over and Barbara Nilsen is getting a hole in one! Wonder if the surgeons were golfers!

SWINGERS

By Charlotte Waugh

Today's article was to have begun promoting our annual 9 Hole Ladies Swingers Challenge that is held in August but we'll have to look forward to that event next year.

So, instead of that promotion, I will continue profiling our golf pro staff. Today we meet Alan Walsh, our Pro Shop Manager and Assistant Golf Professional. Alan started working for The Villages in 2015. He comes to us from the Corde Valle Golf Club in San Martin where he worked as a Lead Golf Service Attendant. He was introduced to golf by his father and after high school lived around the corner from Santa Teresa Golf Course so that's when the golf bug bit him!

Alan's most memorable moment of golf was hitting a birdie from 180 yards out on hole 2 at Summit Point in Milpitas. He, of course, was playing with his dad. He had just hit a penalty shot out of bounds and had to hit the ball uphill without even seeing the flag. They were both surprised when they couldn't find his ball until they looked in the cup and there it was for a birdie!

He loves working at the Pro Shop because he is able to see and talk to all the members and hear all their funny stories. He

said the member make him feel like The Villages is his home and we are his family. I think I speak for all of us when I say, we feel the same about you, Alan. You are part of our family!

And lastly, you may not know Alan plays the piano, guitar, and sings (though he doesn't brag about his singing). Do I hear Alan strumming guitar strings at our next Swingers celebration?

And now a few words from our captain, Wendy Ledamun: "Because the course is so busy these days with so many tee times open to all clubs, I thought I'd remind everyone that new Rule 6.4 expressly allows playing out of turn in stroke play, and encourages players to play out of turn in

Alan Walsh

a safe and responsible way to save time or for convenience (also known as 'ready golf')."

MEN'S GOLF CLUB

By Kyle Finley (kylefinley@outlook.com), website villagesgolfers.com

A Message from your NCGA Rep. (David "Baci" Bacigalupi): Are you a member of more than one NCGA Club? For the first time in many years, you can apply for a rebate if you are paying NCGA dues to multiple clubs. To apply for your NCGA Multi-Member Rebate, log into **NCGA.org** with your Ghin number and last name. Go to the Member Area, scroll to the Villages G&CC Legacy NCGA as your primary club. Next list your 2nd (or 3rd) NCGA club, then pick one of the 3 options for your rebate:

- \$25 Poppy Hills or Poppy Ridge coupon (expires December 31, 2020)
- \$15 donation to Youth on Course
- \$15 check back to you

Deadline for application is August 31, and all rebates will be processed after August 31.

Message from the Golf Course Committee (courtesy of Ron Burke):

Our "**Culture of Care**" continues to expand as more members are encouraging their playing partners to follow the Golf Cart Etiquette Guidelines.

We can all participate in keeping our golf course beautiful by observing these simple acts of care:

- Use the 90-degree rule when entering the fairway trying to avoid driving over existing cart trails
- Do not drive within 10 yards of the forward tees
- Respect the roping and cart directional signs
- Sand fairway divots
- Repair pitch marks on greens
- Avoid driving on the mounds surrounding our greens

Let's all make it a goal to leave our golf course in better shape than we found it, every time we play.

TENNIS TALK

'Memory Lane'

By Jean Gillette

I was looking for a recipe from a cooking class I took at Chef Chu's in Los Altos. Stuck between the Mu Shu Pork and Lemon Chicken recipes I found a 1972 Los Altos Tennis Club membership list and the 1970 Tennis Ladder Rules. What great memories these brought. My husband, Hal, was the fifth president of the L.A.T.C. The club was sanctioned by the City Parks and Recreation, and the club had 386 members coming from all over the Peninsula. We were allowed to use the courts at Los Altos High School and Await High in Mountain View. We also played on city courts, and some members opened their private courts for our use.

Play was active via ladders, tournaments, and social events. Volunteers managed the ladders which were both singles and doubles (men's, women's, and mixed). Some juniors also participated. Tournaments were held monthly during the summer. With so many participants it was necessary to have a vast group to handle all the preparations. When Hal and I were the food chairmen, we prepared large quantities of meats, various salads, cheese and veggie platters, and; of course, chips and dip. Beverages were in big demand on the hot Saturday and Sunday afternoons. Desserts were brought by participants, and were they tasty. Wow!

Trophies were awarded to the winners, and were highly sought after silver bowls or pewter dishes. The prizes, food, and competition resulted in all the draws filling quickly. The matches were fierce, laughter on-going, and a good time was had by all.

All the activities resulted in a lot of work for the L.A.T.C. Of course, this was prior to computers and iPhones, but we did have phones, and the phone lines were abuzz. Some current and former Villagers were part of the club. I recall Bob and Carol Iacopi and Caryl Swinyard were active members. Hal and I were a mixed doubles team, and he was a great partner. The only time I got a ball in the back of my head was when his American twist serve went awry. He always said it was just a mishit, but I still wonder.

I am so glad to have found my recipe and the articles from 50 years ago. They were fun to read and share with you. We look forward to tennis activities returning to normal at The Villages where we can build more fond memories.

Water-saving tips

The Santa Clara Valley Water District offers several suggestions for county residents to cut their water consumption.

To follow are some suggestions for cutting your household water consumption:

- Shorten your showers by just five minutes and you'll save about 15 gallons per bath.
- Install faucet aerators and low-flow showerheads and save 16 gallons a day.
- Wait until you have enough laundry to wash full loads, and also wait until your dishwasher is full before you start it.
- Fix any water leaks and save up to 15 gallons per day, per leak.
- Install high-efficiency toilets and save up to 25 gallons a day.
- Install a high-efficiency washing machine and save 20 gallons per load.
- Turn off the faucet while shaving or brushing your teeth and save two gallons a minute.
- Install other water-efficient appliances to save water and you might qualify for rebates.

IRONMEN

By Bill Travis

The Ironmen are currently playing every Thursday morning beginning at 9:45/10 a.m. and every 15 minutes thereafter until all that wish to play have reserved a tee time. No sweeps as yet, but championship points are being awarded. As always, we're paying attention to the new social gathering rules. Thursday, 7/9/2020, was sunny with warm temperatures. It was a great day for golf. We had another great turnout, and the results are as follows:

First place went to Al Bruno with a net score of 25.

Second place went to Charlie Wilson with a net score of 26.

Third place there was a two-way tie between Roger Pyle and Patrick McMordie, each with a net score of 29.

There were four birdies today: Al Bruno had three of them, on holes 2, 3, and 4; and Dave Cook on hole 1.

Closest to the pin: Not in play today.

Deep thoughts:

On why he tees the ball up high: "Through years of experience I have found that air offers less resistance than dirt." - Jack Nicklaus, all-time leader in major tournament victories (18).

"The right way to play golf is to go up and hit the bloody thing." - George Duncan (1883-?), professional golfer

PINSEEKERS

By Jack Bindon

The good weather is holding so no excuses, guys! It appears that we can't get early tee times on Tuesday morning more than a week ahead. Since we all are unable to play as a group I'm not sure why the Tuesday morning tee times are "blocked" off. Go into The Villages Chelsea and you will see what I mean. Sooner or later things should open up for our weekly competition so keep practicing. Last week I made a case for managing your way around the course with a little planning. That "Yardage Guide" is still available in the Pro Shop so...if you have a spare \$9 laying around (left over from your Poker winnings), invest in the best deal in town and study it. There is more information than you really need at this point but all of the green data, grid # for the day, slope of the putting surface and sand trap location will be of great assistance. *And* just a suggestion, practice, practice and more practice. Soon we will be in completion so be ready, (putting green, chipping greens with a little "beach" time in the bunkers). This not to say that the driving range isn't helpful as well for alignment and club "calibration."

BOGGE NEWS

By Barbara Orlando

Bocce is still one of the few sports you can keep playing as we get older. The photo of two of our members, Earl Magoun age 96 and Chuck Langenstein age 99 is proof of that.

Reserving the courts, is now the only way you can play. That can be done online at villagesbocceclub.com and following the guidelines listed. If you are still having problems reserving a court, you can call Helen or George Paris at 408-440-4848 for assistance. Once at the courts, you will need to follow the guidelines set forth by the Public Health Department. Maintain a 6-foot distance, wear a mask, and have only eight players, plus the monitor on the courts at one time. Play is for 55 minutes, with five minutes for cleaning and disinfecting the equipment. A court monitor will be present to assist.

Everyone's safety is our club's top priority and all the rules are enforced. We thank everyone for their continued support through these Covid-19 times.

COVID-19 Golf Play—Here are some reminders regarding our COVID-19 Golf Rules: Golf facilities and golf play is for Residents only – no guests permitted. The golf courses are open every day from 7 a.m.-4 p.m. (Mondays 1 p.m.-3 p.m.) The last tee time daily is 4 p.m. (3 p.m. on Mondays). Tee times are available any day for any resident: a one single, 2-singles, 3-singles or 4-singles. There are no pre-reserved tee times for any group or club. Formal club tournaments are not permitted. Tee times are available on Chelsea two weeks in advance. Golfers must ride in their own cart; only a couple living together may share a cart. There are no cart rentals or pull cart rentals available. The driving range is open daily. The practice greens are open daily. Replays are only available before 4 p.m.

The Pro Shop is closed to foot traffic. Merchandise is available via curbside delivery (see website for online catalog).

Hole #10 Lake—The lake on Hole #10 is being repaired with a new liner and new fountain. The project will last through the majority of August. This project will return the lake on Hole #10 and #18 to a beautiful water feature for us to enjoy!

The #5 and #4 tee boxes are closed on Hole #18 to accommodate the construction crew. Golfers will need to be careful in the “construction zone” between Hole #15 green and Hole #18 tee. Let us know if you have any questions.

Front Nine Start—Due to the construction project on the lake on Hole #10/#18, we will be starting play from Hole #1 henceforth until the completion of the project. We apologize for any inconvenience.

Golf Course Maintenance—GMS is working hard during the heat of the summer. On very hot days over 90 degrees; they will be on the golf course all day until sundown spot watering areas that are being stressed by the heat. With fairways cut at a height of one-inch and greens cut at a height of one-twentieth of an inch, it’s important to be on top of turf heat stress during these months. The golf course is in great condition and the greens are smooth and fast. The edging of bunkers looks clean and nice. GMS is working hard to make your golf experience a great one!

Tips from the Pro—Quiet on the Set...

There’s nothing better than watching a wedge shot drop and stop close to the hole. It’s all about accuracy and distance control. And has nothing to do with speed. Steve Stricker and Zack Johnson are master wedge players who have a very similar and simple wedge technique you should try. They take it back and through with very few moving parts. Their bodies stay centered over the ball and their wrists are really quiet. Staying centered over the ball allows you to make solid contact time and time again which equals consistency. The more you start swaying and moving over the ball is when things start to go awry. Golf is the only sport in which the ball does not move. So if your body moves, than the swing radius moves also, and all of a sudden you don’t hit it solid. So keep your head still and your body quiet and your swing radius will stay connected to the ball and you will arc out on the ball more often. Keeping your wrists quiet stops you from giving it that extra little “hit” at the ball or that flip to get it into the air, neither of which you need. Quiet wrists help with distance control as the swing length will dictate distance not the amount of “hit” at impact. So staying centered and keeping your wrists quiet will give you a consistent strike and easier distance control. Let us know if these tips help.

Open flame/charcoal cooking

The Public Safety Department has discovered that many residents are in possession of open-flame cooking devices that they store on their balconies. Public Safety would like to remind residents to follow the provisions regarding the use of open-flame cooking devices, as outlined in the California Fire Code which became law on January 1, 2008.

The California Fire Code prohibits any open-flame cooking device or propane-fueled cooking device (if the fuel tank weighs more than 2.5 pounds) on a balcony or within 10 feet of your condo. However, if you happen to live in a duplex, where there are no units above you, or in a single family dwelling, you may continue to use any open-flame cooking device or propane-fueled cooking unit regardless of the size of the fuel tank. It is strongly recommended, however, that you keep any cooking device at least 10 feet away from any structure.

As an added precaution, have a charged fire extinguisher nearby.

VMA: Additional neighborly support available

During this time, the VMA understands that some Villagers may be experiencing mixed emotions regarding the COVID-19 and shelter in place order, including worry, isolation, and loneliness. The VMA would like to support you and have made arrangements with a licensed mental health professional who is available to provide some neighborly support on Mondays 10 a.m. to noon or Fridays 10 a.m. to noon via phone up to 30 minutes. Please note that this is not a therapy session, but instead some additional peer support during these unusual times.

If you are interested in speaking with this person, please call the VMA Office at 408-238-4230 to make arrangements. Please state the day and time that would work best for you as well as a phone number.

From The Villages Emergency Preparedness Committee (EPC)

As the old saying goes, “If you don’t have your health, you don’t have anything.” It is all of our individual responsibilities to act in such a way as to keep ourselves, our family, and our Villages community safe and healthy. The Villages Emergency Preparedness Committee (EPC) wants to help all Villages’ residents by providing important information about how to best keep all of us safe and healthy. In view of the current statewide “stay at home” order, **the EPC is temporarily unable to respond to emergencies.** However, if a serious earthquake were to occur during this period, we would follow the direction of our local first responders. In the meantime, please adhere to the following:

1. If you are having an emergency, call 911 at any time of the night or day.
2. Follow the Centers for Disease Control and Prevention (CDC) guidelines.

As soon as the “stay at home” directive is lifted, your EPC will resume its regularly scheduled activities and preparedness to respond in the event of a serious disaster.

Stay safe and healthy.

POST OFFICE NOTICE

The Villages Post Office will be closed until further notice. Mail deposited in the outside mailbox in front of Cribari Center will be picked up as posted.

Don't feed the 'critters'

One of the many attractions of The Villages is the variety of wildlife that can be encountered on a daily basis. Many Villagers feel that being a good host necessitates feeding our four-legged or winged guests on a routine basis, which can be quite detrimental to our wild friends. Most wild animals naturally fear humans and keep their distance. Problems arise when animals have access to food and garbage left out by residents. They develop an appetite for easy pickings and keep coming back for more. When this happens, they often lose their natural fear of humans and can become aggressive. To prevent that, residents should not leave out any type of food, including canned food, in a manner that may become accessible to our furry or feathered friends.

Please comply with Villages Golf & County Club Rule 1.51.4, which states: "Feeding of waterfowl and other wild animals on a routine basis is prohibited for the protection of both residents and the animals."

For emergencies, establish a new 'L.I.F.E. File'

The San Jose Fire Department recently provided Public Safety a new L.I.F.E. File, which stands for Lifesaving Information For Emergencies. This is a newer version of the VIAL OF LIFE. The file is a magnetic sleeve, which can be stuck on your refrigerator. There is a sleeve in which to put the form or other documents, such as a DNR.

Both the VIAL OF LIFE and the new L.I.F.E. File are acceptable.

If you are interested in these items, please come by the Public Safety Administration office in Building C. We have a limited supply on hand.

Maintenance Emergencies and/or Advice

The Maintenance Services Department's general work hours are Monday through Friday, 8 a.m. to 4:30 p.m. If you experience a maintenance emergency during those hours, please call the office right away at 408-223-4670. Even if you are certain the emergency is your responsibility, Maintenance Services can provide a list of contractors that are familiar with The Villages and may be helpful for the repair.

If a maintenance emergency occurs outside of the general work hours or during a holiday, please call Public Safety at 408-223-4665. The Public Safety Department will contact the Maintenance Area Supervisor and/or the appropriate contractor. Together, they will all help to resolve your maintenance emergency.

Dealer: South
Vulnerability: All

Bidding: South	West	North	East
1 Spade	Pass	3 Spades*	Pass
4 Spades	All Pass		

Contract: 4 Spades
Opening Lead: Jack of Clubs

Dealer has 3 losers in Hearts, and probably a Diamond loser. Strategy: South is very aware that he will lose 3 Hearts and must try to prevent a Diamond loser.

West leads the Jack of Clubs, King from the board, South plays a low Spade to the Ace in his hand, and follows with the Queen to draw the last trump. He then leads his last Club, the Ace, next plays a Heart and lets the opponents take the 3 tricks in Hearts. Now the opponents have a problem. What should they lead next? This way of playing eliminates South's choice of guessing who has the Queen of Diamonds. The opponents have no choice. If they lead a Heart or a Club, then South is able to ruff in one hand and sluff a Diamond in the other. If they lead a Diamond, then South regardless of which opponent leads a Diamond is able to win a trick either with the 10 or Jack depending which opponent leads the Diamond. Let's say that East took the last Heart trick with the King, and now plays a Diamond, South covers low from his hand, West, the Queen, and South takes the trick with the King, continues with 10 of Diamonds to the Ace in his hand, next the Jack and now claims as his last three cards are trumps and dummy has the same number too. Well done! The contract is made exactly.

* North has a limit raise 10 – 12 HCP plus 4 or more of his partner's suit.

Along the Way—a trip down Memory Lane

(With Tom Zades—contact him at: tomzades@gmail.com)

Lest we forget, we spent the first half or so of our working lives being handed paychecks on payday, taking them inside the bank, and standing in line to approach a teller. You may recall that you had to fill out a deposit slip first, and if you wanted any “cash back,” the teller had to observe you signing for it.

Over time companies transitioned to “direct deposit.” At first the employee could opt for it or not, but it ultimately became mandatory – no more handing out paychecks. We did receive the familiar check stubs telling us what had happened, but the money was in the bank. That saved us all a lot of trouble, but it did make it more difficult to fool our spouses (for those who were into that sort of thing.) Prior to direct deposit, I remember rushing down to the bank on payday, hoping to beat some checks I had put in the mail a day or two before. No, being broke is not romantic. Maybe it builds character. I don't know.

When ATMs first appeared, we didn't trust them. I liked getting money out, even if they were all \$20s. But depositing? How long would it take to clear? What if they made a mistake? What if the check was lost in the system somewhere? How would I cover my bills? Nothing ever went wrong, at least for me, so this newfangled way of banking became part of a new, easier, more relaxed way to live. Many of us can now do online banking from home and see our deposits being recorded.

These days, I understand, people can take photos of checks and send them to their bank for immediate deposit. The grandkids who are away at college have money appearing in their accounts instantaneously from Mom's computer to theirs. Many of us, even those still working, will probably never need to learn how to do those things. Maybe that's a form of letting go and letting the next generation take over. Going forward, there is probably a growing list of things we just don't need to know. And that's OK.

OBITUARY

Monica Lilyan Facchino
 October 20, 1936 — July 27, 2020

Monica Lilyan Facchino, 83, of San Jose, passed away on July 27, 2020. Monica will be remembered for her beautiful smile, positivity and the love she had for her family and friends. She spent the majority of her life in San Jose as a teacher and a loving mother to her two sons, Tony and Carlo. After retirement she moved to The Villages where she was known for her kindness and caring nature. As an active member of the community, she welcomed everyone with open arms, her vibrant smile and loving heart. She was a member of the Choir, Senior Academy, Theater and numerous other clubs and social groups. Monica cherished the relationships she had with everyone she met. Her memory will forever live on in the hearts of her friends and family. She will be truly missed. A celebration of Monica's life will be held when it's safe to do so.
