Message from the General Manager

Dear Villagers,

Please note that this report from the General Manager is a compilation of real time Fast Lane updates with some of the information, times and event notices now in the past because of publishing lag time. This report issued Tuesday, September 8.

Please be on alert for possible power interruptions due to the slight chance of intermittent gusty winds in our area. You can track Public Safety Power Shutoff events at: pgealerts.alerts.pge.com.

The SCU Lighting Complex Fire is 94-percent contained, which is fabulous news for all.

Also, you can access a printable map on the Resident Portal (resident.thevillagesgcc.com) with evacuation exits marked to store in your glove box.

Many residents want to know the role of the Villages Emergency Preparedness Committee (EPC) and how they function in an emergency. Please review this excellent introduction to EPC for more information.

The public health order requirements for businesses remain pretty strict and underpin many of the decisions that are made regarding the operation and opening of Club amenities.

General Requirements: The order urges county residents to reduce the risk of COVID-19 transmission by staying home as much as possible and minimizing trips and activities outside the home.

VMA and Walgreen's partner-up again to offer annual Flu Clinic

We are ready! We are excited! We're looking forward to seeing you on **Tuesday, October 6 or Thursday, October 8** for your flu shot.

The Villages Medical Auxiliary and Walgreen's will join together again to bring you our annual Flu Clinic. To keep you safe during these trying times, pharmacists, supported by VMA volunteers, will administer shots outdoors and under a tent at Cribari Plaza (the raised portion of the area near Cribari auditorium). The clinic will be held on two days, October 6 and 8, beginning at 9 a.m. and ending at 5 p.m. Many things will be done differently to make sure everyone stays safe, beginning with registration.

Registration will be held from September 11 through 25. You will need your Medicare number to register. Please pick up a registration form by the drop box (outside the doors near the VMA office), fill it out, and drop it off in that drop box by the VMA office. Please maintain **social distancing** when registering.

If you aren't sure if you need the pneumonia shot or which one, please check with Walgreen's at Blossom Hill (408-229-8013) if you received your shot at The Villages or check with your doctor. Call the VMA office (408-238-4020) if you have questions.

The clinic will observe all health protocols including but not limited to maintaining six feet of separation (where it's possible) and the wearing of masks. Pharmacists and VMA volunteers will also wear masks, gloves and face shields. You must wear a mask at all times.

Check your Villager and/or Fast Lane regularly for more information regarding the Flu Clinic. We are excited to be able to bring flu shots to you once again.

Pickleball perimeter concrete in place

The Pickleball Courts perimeter foundation with the fence uprights embedded, was poured over the Labor Day weekend. Now, passers-by can see the basic footprint of the courts.

Aluminum can collection returns

Effective the beginning of September, the Villages Medical Auxiliary (VMA) began collecting aluminum cans in The Villages along with the Villages High Twelve Club. Please begin saving your aluminum cans and placing them in the container located in your local trash enclosure. Glass bottles and plastic bottles should be placed in

the white Recycle container.

The Villages High Twelve Club members wish to thank everyone for the support over the past 45-plus years. In addition to can collections, the club will continue to sponsor the yearly Document Shredding Event as soon as it is possible (the shredding event was postponed this year due to COVID-19).

The VMA and the High Twelve Club are service clubs that will continue to use the proceeds from this recycling effort to benefit Villagers.

2021 Master Calendar – COVID Edition

The 2021 Master Calendar packet for both the Club Facilities reservations through the Community Activities office and the events held at the Clubhouse were prepared for distribution last week. The packets were sent electronically this year because all of our offices are closed to walk-in traffic. If you need to pick up a hard copy, contact Ruth DePonzi at 408-223-4644 or rdeponzi@the-villages.com

Upon completion of your Master Calendar you will return

COMMUNITY NEWS

PULSE

Dear Readers:

The Villager welcomes everyone's voice sharing ideas, opinions and accounts of life in The Villages in the Pulse column. Please follow the guidelines carefully.

Pulse deadline is 11 a.m. on Friday of the week prior to publication. Pulse letters will be published in complete or abridged form at the discretion of the Publisher and in accordance with the editorial policies and rules established by the Club Board of Directors. (See VGCC Rule 1.30.) Opinions expressed by Pulse letter authors do not necessarily reflect the opinions of The Villager Publisher, staff, boards of directors or management.

All Pulse letters must be 200 words or fewer on a single topic relating to life in the Villages. Each letter must also include name, address, phone number, date and number of words. Typed or legibly written letters must include your signature and may be hand delivered to the Pulse mailbox in Administration Building B or by mailing to the Communications Advisory Committee, 5000 Cribari Lane, San Jose, CA 95135.

Letters may be submitted electronically through the Pulse Submission Form on the Resident Portal: resident.thevillagesgcc.com/pulse, or emailed to Villager Managing Editor S. Hinrichs: shinrichs@the-villages.com. E-mailed letters must include the text within the body of the e-mail and the subject line must read PULSE LETTER.

- 4 Pulse letters received this week.
- 1 Pulse letter deferred for edits; 1 Pulse letter redirected to Above & Beyond column.
- 2 Pulse letters published this week.
- 1 Previously deferred Pulse letter published after revisions.

Note: Pulse authors are solely responsible for the statements and opinions contained in the Pulse letters. The Villager does not verify the accuracy of any statements.

Note: Pulse letters are still being accepted through the "Shelter-In-Place" order in digital form only. You may take a picture of your hand-written letter and e-mail it as a JPEG attachment to: shinrichs@the-villages.com.

I recently spoke with a policeman regarding hand placement on a steering wheel when driving. However, before you try this, please check with the DMV handbook and/or your Vehicle's Owner Manual for suggestions on hand placement on the steering wheel for the safest driving practices.

The policeman told me that both hands should be closer to the bottom of the steering wheel when driving. His reasoning was that if you have an accident, and the air bag is deployed, your hands will come off the steering wheel if you are holding them at 10 and 2 (this position is no longer necessarily the preferred position), but holding the steering wheel at 7 or 8 or 9 and 3 would give you more control of your car.

—Charlotte Lazar

I still can't fathom what an insensitive Villager was thinking last Thursday afternoon while walking her dog on the sixth hole/duck pond. I could hear her laughing loudly as she watched her dog, which was running alongside her golf cart off leash, chase innocent ducks and geese into the smoke-filled sky. She made no attempt to control the incessant barking; and appeared to enjoy the fear and chaos this caused the birds. It felt like it went on forever, and the stress of not knowing if we'd be evacuated or lose our homes that day was certainly not helped by this scene. Aside from breaking a few rules, it was highly insensitive and seemed quite cruel.

I believe the First Amendment is for all creatures, but if a dog needs to express their right to bark, please save it for the package delivery driver who's likely delivering another package you'll probably return. There are many great places to walk your dog that won't interfere with the wildlife that has lived in the Villages long before any of us.

—Gail Leslie

The generation who grew up in the depression and learned to do without.

The Baby Boomers who had everything and want more.

I've been a Villager for 41 years and aghast at the expensive "infernal redecorating."

Cribari Auditorium with Spanish architecture originally had terra cotta flooring. The terra cotta was painted tan and chipped so was replaced with carpeting. The carpeting was replaced with wood. Terra cotta is made to last. I thought it was beautiful in that building.

Montgomery Center had a blue tiled fireplace matching the blue tile in the bathrooms. It was a cozy fireplace and was replaced. I think the new rough stone fireplace is ugly.

A new restroom was built on the golf course. Restrooms are across the street or up a few stairs in Vineyard Center?

It depends on which generation dictates. The generation who enjoy what they have or those who must have everything. Are you the generation willing to raise homeowner fees to cover the cost of building and then cleaning the new restroom on the golf course for years? Or are you willing to walk a few steps to use what is already there?

Villages Association Smoke/CO Detectors and Insurance Statement of Compliance

By Julia Meadows, Assistant General Manager

Arriving in September for residents of The Villages Association (condos) is the annual Association Smoke/CO Detectors and Insurance Statement of Compliance form. This important document will be delivered to your mail tubes on or around September 10 when monthly statements are delivered.

Smoke and CO Detectors Statement of Compliance: In order to fulfill the requirements of The Villages Association Policies APo 408 Smoke Detectors Installations, Maintenance, Repair and Replacement and APo 410 Carbon Monoxide (CO) Detectors, each owner is required to inspect (or have inspected by a third party) his/her villa on an annual basis to ensure their detectors are in working order.

State and local laws require a smoke detector in each sleeping room and in the hallway and a carbon monoxide detector be installed outside of each separate dwelling unit sleeping area. Per the Association policies, the replacement of smoke detectors is required every ten years and replacement of CO detectors is required every five years. In addition, a statement of compliance shall be demonstrated annually.

Insurance Statement of Compliance: As it pertains to The Villages Association CC&Rs Section 7.5 and Association Policy APo 409 Home Owner & Resident Insurance Requirements and Verification all owners must maintain property and liability coverage (commonly referred to as HO6) plus loss assessment coverage. Renters must maintain liability coverage (commonly referred to as HO4) and property coverage in an amount deemed appropriate by the renter. Both parties are required to provide a certification of insurance that complies with the CC&Rs and Association policy. An explanation and the specifics on the Villages insurance guidelines and requirements are available at <https://resident.thevillagesgcc.com/assoc/ainsur/>

Please complete and sign the Statement of Compliance. Owners and offsite owners are responsible for ensuring completion and returning the Statement of Compliance. Certificate of Insurance (Proof of Insurance or Declaration Page) must be attached to this form for verification purposes. This form is then filed in the villa's official file. Please return the completed Statement of Compliance on or before October 1, 2020. You may drop the form in the Drop Box located in the parking lot adjacent to Building A or mail the completed document back to:

The Villages Association
Attention: Detector/Insurance Compliance
5000 Cribari Lane
San Jose, CA 95135

We appreciate you taking the time to complete and return this important form. Please be assured that the information that you provide is used strictly for the Corporation's records and to document compliance with the Association's governing documents.

Thank you for assistance with this very important matter.

Association/Homeowners documents available via e-mail

Per an amendment to California Civil Code, homeowner associations are permitted, with owner's written consent, to distribute annual disclosures, (like the pro forma budget summary) and other specified association documents to owners via electronic mail, facsimile, or other electronic means (such as posting on the association's website) instead of sending those documents out by regular mail or personal delivery. This has the potential to provide cost savings to The Villages. Delivery and postage costs for the Villages' annual distribution of the pro forma budget summary alone are close to \$1,000, not to mention the paper and printing costs.

In order to transmit association documents via e-mail or by posting on the homeowners association's website, 1) the homeowners association must first receive the owner's written consent, and 2) the homeowners association sends a separate notice to the owner that the documents have been posted and are available for viewing.

Consent forms for owners to request delivery of documents have been developed for both The Villages Association and Homeowners Corporations. These forms provide an owner's consent to electronic delivery of documents that are capable, under current laws, of being distributed electronically. Owners have the right to revoke this request and receive "hard copies" of the documents by sending a written revocation signed by the owner, to the applicable corporation.

Forms of owner's written consent are available in Business Administration Buildings A and B, and on The Villages web site, <http://www.thevillagesgcc.com> (Click on *Resident Info* and then Click on *Resource Files*.)

Message from the GM...

(Continued from front page)

Individuals over age 70 and those with serious underlying medical conditions should stay home other than for essential needs.

The order requires all individuals to strictly follow social distancing requirements when outside their home, and generally prohibits all activities that don't allow for social distancing.

Indoor Gatherings: The State and local Health Officer Orders prohibit indoor gatherings of any kind in Santa Clara County. This means that you may not gather with anyone who is not a member of your own household in any indoor setting.

Here are some frequent questions and answers that I thought might be informative and worth sharing.

Question: Why a paid monitor is required at the pool and not at the bocce, tennis and pickleball courts, and why was Foothill Pool was chosen?

Answer: Foothill Pool was chosen as it had the most swim lanes available of all pools. The public health order indicates one person per lane. Foothill pool maximizes the number of users per session. The public health order requires all businesses to provide oversight that all of its facilities are being monitored for social distancing, occupancy load, face coverings and hand sanitizing. A paid pool monitor is not required by the public health order, however a paid monitor is required at The Villages since that is a designated paid position as per our labor attorney. The use of the court facilities have been re-designated as gatherings to comply with the public health order and to comply with labor laws (otherwise a paid monitor would be required). A resident designated participant takes responsibility for a group of pre-reserved players and is present to sign off on COVID-19 health checks, social distancing, face coverings and use of hand sanitizer. The list of players and a signed document is returned to the Community Activities office within two days to be recorded for contact tracing.

Question: Why are there increased operating expenses with facilities such as the fitness center, library, etc. being closed?

Answer: There is much more labor to perform the required detail cleaning and frequent sanitizing and disinfecting needed to comply with public health orders, plus additional costs for cleaning supplies, towels and hand sanitizer for all open facilities, bathrooms and work spaces. It is very expensive to staff the pool monitor position at 64 hours a week. The Villages is required to document cleaning is being done per the current public health orders. The Villages has to provide disposable face masks for all employees, plastic office space dividers and gloves where needed. There is extra HR staff labor expenses to manage all of the various COVID-19 family leaves/reporting in addition to the added administrative costs to manage and track the daily health certifications of all employees.

Question: Why are golf and food (delivery, take-out, bistro patio) open?

Answer: Since we are not permitted to offer indoor dining, many of our Villagers depend on our food and beverage operations. Delivery and take out are new programs that have really helped our Villagers stay safe by not having to venture outside the gate into crowded public places. Outdoor golf and patio dining with proper social distancing are permitted as per the public health order. With the Villagers' great support of these amenities, we are booking \$175,000 in revenue per month. We are working very hard to balance out expenses to revenue in the restaurant and golf course operations as well.

Sincerely,
Tim Sutherland, General Manager

MANAGEMENT

Clorox 360 Electrostatic Disinfectant Sprayers have arrived

The Club Board approved the purchase of two Clorox 360 Electrostatic Disinfectant Spraying Machines this past March.

The machines arrived this week. These will allow staff to efficiently and effectively disinfect large spaces in a minimal amount of time versus using a hand-held spray bottle. It is a tool for indoor and outdoor uses. With the onset of the COVID-19 pandemic, it became clear to staff that being able to disinfect large areas quickly and efficiently was going to be a priority. Even though indoor areas are not yet open, being able to meet public health orders to reduce risk to Villagers when they can open will be essential. The machine is for disinfecting purposes only. It does not take the place of cleaning—that must be done first. This is an added step in the process of getting something ready to be used or occupied. The area and surfaces are sprayed with an electrostatically charged disinfectant that envelops an area in a very fine mist. The mist must be in contact with the surface for at least five consecutive minutes to remove viruses. The room or area can be occupied within 60 minutes. Staff will be undergoing training and trial use for the remainder of the month.

VMA reminder to walkers

During the shelter-in-place order more people are out walking. If you walk, especially in the early morning and late evening, you need to be seen. Wearing lighter color clothing is safer. Adding a reflective vest is even better. The VMA will supply you with a reflective vest for free! Just call the VMA office at 408-238-4230. Leave your name, address, phone number, and the size you need. A VMA volunteer will deliver it to your home. Stay safe!

2021 Telephone Directory updates

It is time for input for the 2021 Villages Telephone Directory. If you want to update your information, please contact Public Safety Administration (Building C) at 408-239-5246, option 2, as soon as possible.

The deadline for any changes for the 2021 Telephone Directory is Friday September 25.

Community Standards— Rule 2.19 Signs

By Maria Hernandez, Association Operations Manager

The Association's rules were developed and approved by your Board of Directors. The rules are revised from time to time when laws change or when recommendations are made by members, the Rules Committee, or the General Manager. The rules are designed to provide uniform protections for all Villagers. It is my responsibility to follow-up on non-compliance with The Villages Association Rules.

With the upcoming elections, signage violations are becoming increasingly noticed. I would like to remind all Villagers of The Villages Association Rule 2.19 Signs.

Association Rule 2.19 signs, which state the following: 1. In accordance with California Civil Code Section 4710 the Association permits the posting or display of noncommercial signs, poster, flags, or banners on or in an owner's separate interest*, except as required for the protection of public health or safety or if the posting or display would violate a local, state, or federal law. For purposes of this rule, a noncommercial sign, poster, flag, or banner may be made of paper, cardboard, cloth, plastic, or fabric, but may not be made of lights, roofing, siding, paving materials, flora, or balloons, or any other similar building, landscaping, or decorative component, or include the painting of architectural surfaces. Signs and poster more than 9 square feet in size and noncommercial flags and banners more than 15 square feet in size are prohibited.

2. No "for sale" signs of any kind shall be displayed to public view on or from within any vehicle, common or limited common area, except as may be permitted under Rule 2.03-Residence Transfer, for the sale, lease or rent of a villa, or that may be required by legal proceedings or that law cannot be prohibited.

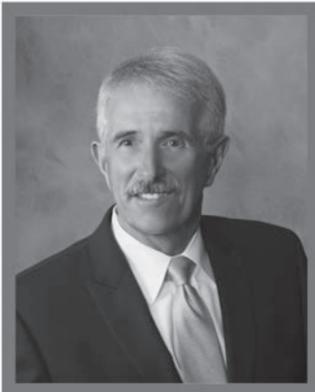

*Note: An owner's separate interest does not include exclusive (limited) use common area, such as patios, decks and, garages, or common area, including exterior building surfaces, driveways, or landscaping. Owners are advised to refer to the Association CC&Rs for a description of their separate interest ownership.

If you have any questions or need clarification regarding signage, please contact me a mehernandez@the-villages.com or 408-754-1353.

(SRS) SENIOR RESOURCE SERVICES

Thinking that you may need to review and change your financial plans?

Are you a Villager who would like guidance to determine if your retirement savings is adequate for the long haul? Perhaps you need to re-strategize your financial plans.

Senior Resource Services (SRS) has a new Village resident volunteer. He is a retired corporate financial officer who in retirement has become a trained personal money management counselor. He educates and explains financial alternatives. He is not selling any financial products, nor does he charge a fee for consultation. He does not recommend any specific firms or products. Like the other SRS volunteers, he likes to help his neighbors.

His format is to start with a 30-minute meeting to get acquainted and discuss your situation. At that time, the two (or three) of you will agree on the financial information that is needed to analyze and determine alternatives. This includes such items as sources of income, an expense budget, current value of assets, lists of outstanding debts and home mortgages/auto loans.

After the completed information is submitted, another meeting or two will be scheduled to:

1. Review and discuss your financials as well as the current situation.
2. Identify your primary concern and think through possible solutions
3. Assist you to establish your goals, priorities, and an action plan.

As with all SRS consultation, your financial information is considered private and confidential. All information provided will be returned to you.

If you would like to chat with this volunteer to learn more about his service, give the SRS office a call at 408-239-5253 and leave your name and phone number. The retirement planning volunteer will contact you.

Note: The Senior Resource Services (SRS) office is currently closed for drop-in assistance. You may still leave messages at 408-239-5253 as we monitor phone messages every day and can still answer questions by phone. We can also e-mail handouts. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional adviser about your individual situation.

SRS Reminder:

Estimated tax due this Tuesday

If you file quarterly 1040-ES forms, the third payment of estimated tax is due Tuesday, September 15.

You can mail a check to the IRS in San Francisco. The check should be payable to the United States Treasury.

Rather than a check, you can use the online Direct Pay Service. Go to [irs.gov](https://www.irs.gov) and click on the box labeled "Pay" and then "Direct Pay." There is no fee to use the online Direct Pay service giving your checking account number. There is a fee if you use a credit or debit card.

If you normally file a 540ES form, you do not have a September 15 payment. California wants its money sooner rather than later. Rather than paying 25 percent each quarter as you do to the IRS, California requires a payment of 30 percent on the first estimate in April, 40 percent on the second estimate in June, zero on the third estimate in September and the final 30 percent for the last payment in January.

WHAT'S COOKING?

theclubhouse@the-villages.com

The Clubhouse Restaurant and Bistro are closed until further notice.

Until Coronavirus concerns are reduced, The Clubhouse will offer the Clubhouse To-go Grab & Go program for seven days a week.

For Curbside Service: First call in your order to **408-370-8553** and call us again when you get to the Clubhouse curbside and we'll bring it out to your vehicle.

Curbside Grab-and-Go Menu has expanded: The Curbside Service is now using the expanded Clubhouse menu. (See menus on pages 8 and 9.)

Some Outside Seating Now Open: With the opening of Bistro Patio seating, our menu has expanded. The outdoor Bistro Patio is open for dining.

Home Meal Delivery notice: We are delivering to all Villages six days a week—Tuesday through Sunday. There will be no deliveries on Mondays. Orders must be in by 11 a.m. before the next delivery day.

You will get a confirmation either by email or by phone for each order.

If you do not get a confirmation, please email or call back. This is just an assurance to make sure we have not missed your order.

Attention Golfers: The Foyer of the main Clubhouse is opening at 7 a.m. offering coffee with "Quick Serve" breakfast items.

Lunch, beginning at 11 a.m., will include Quick Service Hamburgers, Cheeseburgers and Hot Dogs. Other curbside menu items will take 15 minutes to prepare.

Beverages will also be offered, such as water, sodas, Gatorade, and alcoholic beverages are available as well.

Alcoholic beverages sold through any of the Clubhouse food and beverage services may only be purchased in conjunction with a food order.

Notice: No entry into foyer without facemask.

CLUBHOUSE RESTAURANT & THE BISTRO & BAR CLOSED TO WALK-INS UNTIL FURTHER NOTICE

Food Delivery Service to Villas/Condos and Single-Family Homes

The Villages Golf and Country Club is proud and pleased to offer a home delivery option for our valued residents during these challenging and difficult times.

Delivery target times are noon to 2 p.m. **Email or phone orders for a particular day must be in by 11 a.m. the day before.** All orders, taxes and service charges will be charged to your house account to allow for proper social distancing upon delivery.

All prepared menu items will be made fresh daily and shelf life is three (3) days refrigerated, so Villagers can order menu items to last for a few days, and then get another delivery on their specific delivery day.

We will also offer specials that we will record on our phone line when Villagers call in to order.

Patio Dining Notice: The Villages Golf & Country Club, being a high-risk community, is following the guidelines set forth by the county.

- We ask each table to be occupied by household members only.

- Guests of the households are restricted from the Patio Dining.

We suggest Curb Side Service for takeout for your outside guests. Please present your Villages ID to Greeter/Server. We thank you in advance for keeping our community safe. Patio Dining serving breakfast, lunch and dinner from 7 a.m. to 8 p.m., 7 days.

Notice: Due to The Villages being a high-risk senior community, and to comply with State and County Health orders, all Villages amenities (including golf) are closed to guests until further notice. This includes outdoor seating at the restaurant.

Notice for our Curbside customers: Due to the increased volume of orders at dinner time, we are recommending that you call and place your order between the times of 3 p.m. and 4:30 p.m. We will take your order and coordinate a pick-up time later that evening. While this is not required, it should help alleviate any wait times during the peak dinner time hours of 5 p.m. to 7 p.m.

Why reservations are necessary to use Villages amenities

The Community Activities office has received quite a bit of feedback and many suggestions about the reservation process for using amenities. The state of California and Santa Clara County issue guidelines as to how amenities can be used. These are guidelines The Villages is required to follow. In the case of the open amenities at The Villages, there are limitations set as to the number of users that can be present at one time. A reservation system limits that number and provides a means to be sure that social distancing is possible.

The second function of the reservation system is to meet the requirement of maintaining a list of participants and their contact information so that contact tracing can take place should a participant become COVID-19 positive or been in close contact with someone who is COVID-19 positive. Some amenities require pre-screening for COVID-19. That is why we have the reservation in advance system and cannot take drop-in users. The guidelines do change over time, sometimes becoming more stringent and other times more flexible. Our first priority is and remains the safety and health of residents and employees.

Master Calendar...

(Continued from front page)

the Clubhouse packet to Albert Salcedo at asalcedo@the-villages.com and the Club Facilities packet to Ruth DePonzi.

Note the following **important** information needed for your packet this coming year:

There is a form that you are required to sign stating you understand that Master Calendar requests you make are contingent on following the public health orders at the time and any Villages restrictions i.e., types of uses allowed, time required between events and/or meetings, cleaning/disinfecting requirements, etc.

At this time the Community Activities office and Clubhouse does not know what the state or county will have in place for public health orders or the impact they will have on the Villages resources. Thank you for your patience and understanding.

CLUBS & EVENTS

Senior Academy to present 'Canadian Rockies' Jazzercise on and off

Senior Academy is presenting a Zoom webinar tour of the Canadian Rockies, featuring Joan Sparks, professional nature photographer. This online event will happen on Tuesday, September 15, at 2 p.m. The event is free and open to all Villagers, and pre-registration via Zoom is required. To register, go to the Senior Academy website at VillagesSA.org and click the "Register" link in the description of the Canadian Rockies event.

Joan Sparks will take us on a thrilling adventure through Banff and Yoho National Parks in Canada. Through the camera lens you'll see several cities, much of the Canadian Rockies, hot springs, vistas, and waterfalls. Brief stops will be made at several lakes that are jaw dropping as the beauty unfolds before you. These include lakes Minnewanka, Vermilion, Emerald and Louise. Breathtaking canyon views and ice fields will round out the program.

Joan is a retired national gymnast, international gymnastic judge and college professor. Her photography interests include landscape, portraiture, flowers and wildlife. Her photos have been exhibited at The Jennings Pavilion in Atherton, Filoli Gardens in Woodside, Triton Museum in Santa Clara, the Main Street Cafe in Los Altos and the Seymour Marine Discovery Center in Santa Cruz.

Please join us on September 15 for this very scenic tour!

William Crockett to speak on electric vehicles at SIR 38 meeting

During the SIR 38 Zoom meeting at noon on Tuesday, September 15, William Crockett will present the background of the development of the Electric Vehicle (EV) and the evolution of the Lithium (Li) battery. He will also discuss the future of these technologies and their potential impact on travel as we know it.

By 2050, there may be as many as 1.5 billion cars on the road, compared to 800 million in 2016. This type of demand represents both a challenge and an opportunity to capitalize on new vehicle technologies, and in the process, reap substantial economic development benefits.

In a world where oil is a limited resource, an alternate source of transportation fuel electricity is not only a smart investment, but as some would say, it is an inevitable one. Further, the switch to electric vehicles will generate demand for existing jobs and create new jobs as well. Electric vehicles can create additional economic development opportunities by improving quality of life, reducing energy spending, and decreasing reliance on foreign oil.

William Crockett has over 20 years of international experience in start-up, emerging growth and high growth companies. His technical focus and expertise is managing new product launch, and sustaining initiatives for the semiconductor industry.

Note: The Zoom meeting ID and Password will be in the SIR 38 September Newsletter that will be emailed to you well in advance of September 15.

Senior Academy: Voting in 2020—How? When? Where?

By Tony Berg

On September 24 at 3 p.m., the Santa Clara Registrar of Voters will bring us up to date on the election process and how it will work for us.

Pre-register early for this webinar event on the Senior Academy website at VillagesSA.org.

November 3 is rapidly approaching and on October 5 our mail-in ballots will be going in the U.S. mail for us.

This year there seems to be confusion about many aspects of the process and we have invited Shannon Bushey, the Santa Clara Registrar of Voters to "come" to The Villages to help separate fact from the many rumors in circulation.

Shannon has been our Registrar of Voters since 2014 and will go over for us the "How? When? Where?" of voting in the November election. Shannon welcomes questions and invites you to present them to her at the webinar or to submit them in advance by email to Tony Berg at anthonydberg@gmail.com

This event is sponsored by the Senior Academy and open to all Villagers. Pre-register on the Senior Academy website at VillagesSA.org

We are back and overjoyed to be jazzercising once more. Our temporary home is the Cribari Plaza and both weather and air quality can affect us. Thus the smoke and unhealthy air conditions caused us to cancel a class one day last week. But our wonderful class manager Herito and class instructor Lynda watch over the weather and air quality reports and advise class members of any cancellations. Our new normal schedule is two classes per week, usually Monday and Wednesday mornings at 8:30 a.m. through September 30.

Social distancing is practiced during class and we ask that all attendees wear facial masks until we actually start our exercise. Jazzercise remains your most reasonably priced exercise option. For those who attend all classes in September (nine in total) the cost is \$30. Six classes are \$24. We look forward to life returning to normal and three classes a week in the Cribari Auditorium. Until then we are very grateful to have the option of working out in the outdoors.

MLK Society to meet Friday

The next Zoom meeting of the Martin Luther King Society here at The Villages shall be at 4 p.m. this Friday, September 11. The agenda shall focus on a discussion of the survey responses and actions based thereon. Participants will be assumed to have read at least the survey summary, which can be found under the "About Us" link on the club's website at: ferret-trombone-9MDE.squarespace.com. The agenda shall also include a discussion and determination as to the next club-directed action or event and the next meeting date.

The Zoom meeting link is <https://bit.ly/2Z3kuxe> or participants can also type in the meeting ID 392 858 8845 and the password 4eaq8z.

Vote for your favorite art

All Villagers are invited to vote for their favorite art works from our online exhibits Art Challenge 4, 5 and 6. With the themes of "Summertime," "Red, White and/or Blue," and "Imagination," you will find a wide variety of paintings, photos, ceramics, assemblages and other art on our website at villagesartsandcrafts.org

To vote, review the art on webpages Art Challenges 4, 5, and 6. In each category, send in your votes by naming the artwork and the artist in an email message to our Webmaster at barb.gottesman@gmail.com. Voting ends on September 15.

The favorite in each category will receive a \$50 check from the Arts & Crafts Association.

The photo with this article is of a painting by Pamela Thompson entitled "Releasing Your Imagination" for which you could vote in Art Challenge 6.

Free Virtual Fitness Training presentation

As the pandemic moves into its sixth month of "sheltering in place" and "social distancing," and a safe return to many of our most cherished activities still remains uncertain, we need to find new ways to stay physically and mentally fit and healthy *and* be safe at the same time. The Community Activities office continues to try to find ways for you to maintain some state of normalcy with fitness programs on Channel 27.

One of the fitness instructors contracted with The Villages is offering a free lecture on September 19, 2020 at 10 a.m. about staying fit during the COVID-19 crisis, and fitness training options. Hartmut Broring, owner and founder of Back In Form, Inc. will be the presenter. You all had to modify your physical activities and fitness training because of the crisis, and this may have impacted physical and mental health problems associated with the limited activity and social isolation during the pandemic.

The lecture provides motivational strategies to stay active and fit, and provides ways to exercise at home with minimal or no equipment at all. Back In Form has spent the last few months adjusting to the new reality by developing a variety of "Virtual Fitness Training Options" that support Villagers' own efforts to reduce the risk of developing health issues such as Hyperlipidemia (high Cholesterol/Triglycerides), Hypertension, Metabolic Syndrome, Diabetes Type 2, Depression, and Anxiety.

The Virtual Fitness Training Options (all available via Zoom, Skype and other Video Conferencing programs):

- Personal Fitness Training
- Fitness Class 60-plus
- Therapeutic Fitness for the Frail and Chronically Ill
- Guided Relaxation and Stress Management (Progressive Muscular Relaxation, Autogenetic Training)
- Online Video Exercise Library (coming early 2021)

This is a great opportunity to take part in our *free* video lecture "How to stay Motivated and Fit during COVID."

Sign up today and receive more detailed information on the *free* Zoom lecture. Please sign up via email at info@backinform.com

EVF FOCUS

Tennis, anyone?

By Diana Hallock

The tennis courts were some of the first amenities for Villagers. The first two courts were built in 1970 with two more in 1978. The viewing stands were constructed in 1997. The last two courts were added in 1998 through donations from Tennis Club members, the perfect segue into a partnership 20 years later with The Evergreen Villages Foundation (EVF).

In 2018, the Tennis Club approached EVF about the renovation of the viewing stands and serving area. A very busy club, the tennis players had frequent spectators for their tournaments and potluck meals after many of their matches. The EVF helped Tennis Club members upgrade the viewing and seating gallery through member donations of \$41,260 as well as updating the serving area and storage cabinets. Another, smaller project in 2020, added cabinet locks with money directly from EVF general fund. To see other partnership projects, go to www.evfsj.org

Sustainable living in The Villages

By Margaret Lam

Do you marvel at the lush, green land we call home in the Villages? Do you enjoy the clear ponds, the wildlife, the tree canopy, or watching sunsets in the blue skies?

We want to maintain this flourishing oasis for future generations with cost effective, practical lifestyle changes to reduce our carbon footprint.

The Sustainable Practices Team's mission is to explore, share, and advocate for sustainable practices throughout the Villages. We will inspire responsible use of natural resources through programs and education. Our initial focus areas include composting, water conservation and landscaping, non-toxic soil, recycling, and upcycling. Our goal is a bright and prosperous Villages community legacy and a habitable earth for future generations.

Join the Sustainable Villages Club and the Sustainable Practices Team to learn more about how you can help.

If you share the same vision, and are interested in joining us, please contact Margaret Lam (margaretilam@gmail.com) or Bill DeVincenzi (billdevincenzi@me.com) for membership in our club.

From Bonnie's Desk...

What are you doing for yourself during this pandemic and "unprecedented time"?

You know, I don't see it as all bad. We are forced to stay home but sometimes as they say, "when one door closes another opens." Look for something positive in your day—a neighbor's help, learning something new (like Zoom) or a call from a loved one you haven't spoken to in years and yes, you could even be the initiator of that call!

For myself, I am lucky living next to my children and grandchildren. My 4 1/2-year-old grandson brings me my packages and mail calling out "Special Delivery." I have taught myself to crochet and have planted a garden with more tomatoes, zucchini and Chinese eggplant than I can eat.

So, my hope for all of us, until we can finally meet, is to find that special moment of joy each day and treasure it!

My best to you,
Bonnie

RELIGION

CATHOLIC COMMUNITY

Reflection: Forgive from the Heart (John 13:34), by Barbara F. Zahner; BCC; 3GEN+ Mental Health Ministry, St. Francis of Assisi Church.

Around 180-175 BC, Sirach, a wisdom teacher, noted “Wrath and anger are hateful things, yet the sinner hugs them tight.” (Sirach 27:30). Later, Peter tested Jesus to quantify forgiveness. Cutting short Peter’s game, Jesus said plainly: Each of you [must] forgive your brother from your heart.” (John 13:34). Easier said than done! Recently Richard Rohr, OFM offered a contemplative practice to hold hurt and let it go:

1. Sit upright in a chair, feet on the ground, hands on your lap.
2. Identify a hurt in your life. Notice how the hurt shows up in your body. Simply feel it. Stop fighting, blaming, grieving. When we name it, feel it, and welcome it, transformation can begin.

3. Stay present in your body. Analysis leads you to attachment.
4. In welcoming your own pain, you will in some way, feel the pain of the whole world. As Rohr notes, “This is what it means to be human—and also what it means to be Divine. You can hold this immense pain because you too are being held by the very One who went through this process on the Cross. Jesus held all the pain in the world. Though the world had come to hate Him; He refused to hate back.”

5. Hand all the pain—yours and the world’s—over to God. Let it go. Ask for grace to forgive. Rohr says, “I cannot promise the pain will leave easily or quickly. To forgive is not to forget. Letting go frees” you to heal, to love, and to live as a Beloved Child of God. By letting go you embrace the Beauty, Truth, and Grace of Life.

—Adapted from Richard Rohr, *The Art of Letting Go: Living the Wisdom of St. Francis*, disc 6 (*Sounds True: 2010*) and *Everything Belongs: The Gift of Contemplative Prayer* (Crossroad: 1999, 2003, 159.)

EPISCOPAL

‘Author of Peace’

By The Rev. Julia McCray-Goldsmith

O God, the author of peace and lover of concord, to know you is eternal life and to serve you is perfect freedom: Defend us, your humble servants, in all assaults of our enemies; that we, surely trusting in your defense, may not fear the power of any adversaries; through the might of Jesus Christ our Lord. Amen.

Somewhere in the Episcopal Church—perhaps somewhere very near to you—someone prayed this prayer this morning. It’s found in the Morning Prayer rites of our Book of Common Prayer, but available for any of us to pray at any time. And I don’t know about you, but I’ll confess that I need it; now more than at most times! As our forests burn, our cities suffer, and our politics grow ever more alarmist, I cling to this reminder that God is indeed the author of peace. This is an ancient prayer, with roots in the Gelasian Sacramentary (priest’s altar book) of the 8th century. Which is to say that we humans have been looking to God for peace for a long time.

“How long, oh Lord?” asked the Psalmist. The fact that we continue to call on God—lover of concord—over millennia, brings me a curious sort of comfort. The nature of human conflict changes, although the fact that we are creatures inclined to conflict does not. But when I pray these words, I know that I stand with centuries of women and men who have turned to God with their longing in times of stress and change. Times not unlike our own, and times in which people have eventually found the peace they sought. And thanked God! We too will find a just peace that meets the needs of our times. It may not last forever, and our children and grandchildren will likely follow us in praying this prayer. And the sure defense of God will be as near to them as it is to us. Don’t fear the power of any adversaries... most especially the adversary that is despair. The might of Jesus Christ our Lord is greater than our fear.

COMMUNITY CHAPEL

‘What time is it?’

By Pastor Bill Hayden

Over the course of a day someone may ask the question, “What time is it?” The usual response is to check our cell phone, look at our watch or the clock on the wall. We are programmed to think in terms of hours within a day and not in the number of days that we have left in this life on Earth.

Some people try keeping busy whether or not it is purposeful because it can be too painful to self-evaluate. This season of life with its ever-increasing challenges can be less fulfilling and the goal could be, to just get through another day. There is purpose in each day that we have been granted, if we are willing to seek it out.

Are you finding it difficult to maintain some purpose during this period in your life? You are not alone; I promise you there are many people who feel the same way that you do. Sometimes when you are looking back (soul searching) you discover those unfulfilled areas in life that, at the time, were only fleeting thoughts. You ask yourself, what would have happened if you had taken action?

Is it time to shift gears and think in terms of possibilities rather than accepting a lesser station in life because of _____? You and I have been created with purpose and some achievements were accomplished in our past which we celebrated. May our purpose today unfold as a blooming flower and let us pray that our future is guided by God’s wisdom and mercy.

Psalms 90:12 EVS “So teach us to number our days that we may get a heart of wisdom.”

Everything that God has created, that we have discovered, or not discovered, has a purpose. It’s not too late even in the sunset of life to discover God’s purpose for today and forever!

Good news! Join us each week at 10 a.m., Pastor Bill will deliver his Sunday Morning Sermon Message on video. You can experience his sermon via our Villages Community Website: at Villagescommunitychapel.org

May God bless all of you with good health!

JEWISH GROUP

‘Holidays at Home!’

By Rabbi Laurie Matzkin, MAEd

Across religions, people are accustomed to large gatherings on various holidays throughout the year. Perhaps you have already felt the sadness of our “new normal” which minimizes your ability to congregate, sing and pray with others. With the limitations of social distancing, we now each have to do the work of “making the holiday” for ourselves. We cook and set our tables just for our own household, take out certain books, bring in flowers from the garden in a special vase, make a list of friends and family to send Zoom greetings. I think Rabbi Abraham Joshua Heschel’s words in “The Sabbath: Its Meaning for Modern Man” (1951) can help us reframe our situation today:

“Judaism teaches us to be attached to holiness in time, to be attached to sacred events, to learn how to consecrate sanctuaries that emerge from the magnificent stream of a year. The Sabbaths are our great cathedrals; and our Holy of Holies is a shrine that neither the Romans nor the Germans were able to burn; a shrine that even apostasy cannot easily obliterate: the Day of Atonement (Yom Kippur).”

As the Jewish community enters the High Holiday Days next week (Rosh Hashanah begins at sundown September 18, Yom Kippur begins the evening of September 27), I’d like to remind everyone of the possibility of a sweet and enriching experience from your own home. One fantastic invitation is the Rosh Hashanah Seder, which like the Passover Seder, connects the Hebrew names of special foods with a blessing. We dip apples in honey to represent our hope for a good and sweet new year. We eat dates, praying that hatred in the world will “end” (yitamu related word to tamar, date) and that this will be a year of peace. We eat a pomegranate, whose seeds legendarily correlate with the number of Torah commandments (613) and are reminded us the importance of our actions in the coming year. There are various traditions from around the world for this ritual! You can be empowered to create your own “Seder Plate” and find edible metaphors that inspire you to create, as Heschel says, a cathedral at home and a sanctuary in time. May next Rosh Hashanah we be able to gather in-person; and in the meantime, may we still attach to the holiness of this time.

P.S. Throughout the holidays, we are holding Zoom worship services for members of the Villages Jewish Group. If you would like an invitation please let us know.

SWINGERS

By Linda Lamanno

Janet Knapp and her high school sweetheart Gordon, married for 58 years, have lived in The Villages for 22. Starting with the Shonis, she moved up to the Swingers after winning their championship. She was the Swingers' Champ in 2006.

With four back surgeries and an artificial hip and knee, this bionic woman loves golf and being social. She doesn't play tennis anymore, but a book club and bridge kept her on the move, before COVID.

She has noticed many changes while living here. "The Bistro is the best, but for some reason the residents have gotten younger," she said, laughing. She remembers thinking that a lot of older women played golf and "now I'm one of them."

"We've always been very family oriented," she said. The former elementary school teacher has two children and four grandchildren. Daughter Laura, a director at Cisco, lives in Almaden, while son Kyle, a defense attorney, lives in Sacramento. "We all played tennis," she said. "Gordon and I spent many weekends shuttling the kids to tennis tournaments." Gordon still plays.

Janet hails from Walnut Creek. Both she and Gordon attended UC Berkeley. They were married on graduation day.

18-HOLE WOMEN

By Barbara Nilsen

I feel like it's Halloween! I go to play golf and everyone is wearing colorful masks. If I don't say hello, it's because I don't know who you are!

Since we are not playing sweeps or anything except putts, I would like more of you to consider playing the #2 tees (4935 Yards).

Quote from commissioned booklet by the PGA: "The majority of forward tees are positioned 4900-5200 yards. But the average woman playing a 5200-yard course would be the equivalent of your average male teeing it up from 7500 yards." Think about that!

Another quote from Design consultants Little and Leeming: "People who are playing should be able to find a set of tees where they can hit almost all the greens in regulation...this range of options give golfers of all levels the opportunity to score well and most importantly, have fun."

It's not for everyone, but if you can't hit your driver more than 150 yards you should consider playing from the # 2 tees. Try it you may like it! **Wear your mask!**

FROM THE PRO

By Scott Steele, PGA Head Golf Professional

Let's All Get Together Now—Be a part of our "Culture of Care" and follow these simple Golf Course Etiquette Guidelines...We can all participate in keeping our golf course beautiful by observing these eight simple acts of care:

Follow the 90-degree rule when entering the fairway. Do not drive within 10 yards of the forward tees. Respect the roping and cart directional signs. Sand fill all fairway divots. Repair pitch marks on the greens. Avoid driving on the mounds surrounding our greens. Smooth out the sand in the bunkers. Knock the sand off your shoes before walking on the green.

Let's all make it a goal to leave our golf course in better shape than we found it every time we play.

Fall Aeration—Remember that on Monday, September 28 and Tuesday, September 29 we will be aerating the greens on the 18-hole course. On Monday, September 28 only the Front-9 will be available as well as the Par-3 Course and the Driving Range. On Tuesday, September 29, all golf facilities will be **closed**, including the 18-hole course, the Par-3 Course, the Driving Range and the Pro Shop. Please plan accordingly.

COVID-19 Safety Guidelines Focal Points

Masks—A reminder that we must remain diligent before and after our round of golf. Please wear a mask at all times when not hitting range balls or teeing off. Please wear a mask when approaching the Pro Shop or the Pro Shop Staff. When you tee off, you are free to remove your mask if you choose. Let's be safe out there!

Post Golf Gathering—We appreciate your enthusiasm as we all have been able to play golf. It is truly a wonderful outlet during which, if done correctly, we are inherently socially distanced. Remember after the round to please not gather under the tree adjacent to the #1 Tee loop and behind #9 green. This is a high- traffic area in which we have golfers passing the get to the #1 tee on both the 18-hole and the Par-3 course, as well as four carts coming around #9 green to make the turn. Although best case scenario is not to "socially gather" after the round, if you do so, please do not use this location. Thank you!

Driving Range Balls—Please remember that driving range balls are considered a touch point. After use, the golf staff cleans and disinfects every range ball for safety purposes. If you have excess balls left over after your practice session, please leave them in the tray in your stall. Please do not take driving range balls home. Not only are the range balls a potential COVID-19 repeat touch point, they are Club property and therefore must remain on premises so we can clean them before their next use. Thank you!

Tips From The Pro—Step by Step...

Every golfer seeks more consistency. A consistent Pre-Shot set up routine will help create consistent play. The sequence of how you set up for each shot is extremely important. Here are six simple steps to follow before each golf shot to attain more consistency:

1. Start from behind your ball and pick a specific target.
2. Pick an intermediate target that is 2-5 feet in front of your ball and is directly in line with your ultimate target.
3. Step into your stance setting the clubface first behind the ball aiming at your target.
4. Build your grip...be sure to recheck your clubface and target line.
5. Set your feet and get comfortable.
6. One last target check and a club waggle...SWING.

Two More quick tips:

1. When addressing the golf ball in preparation for the shot, your focus should be on your target more than on your swing.
 2. Always think one shot ahead to avoid high numbers.
- Let us know if these tips help.

PICKLEBALL

Warm up first for better Pickleball

By Linda Eige

How many times do you show up at the court, grab your paddle and start playing? I know firsthand the frustration of being sidelined from a pulled muscle. To stay safe and get the most out of your pickleball game, you should include a pre-workout warm-up before you play. You will play better and reduce your chance of injury, particularly when playing in the morning when your body temperature is lower and therefore more susceptible to injury.

Take five minutes to get your body warmed up by elevating your heart rate with a quick jog a fast walk, or even bike to the courts and take another five minutes (or more!) to do some dynamic stretching of ankles, knees, hips, torso and shoulders. There are many websites that demonstrate dynamic stretching exercises that can be done on the court or right before you leave home.

A pre-game exercise routine will help you to be relaxed, focused and game-ready!

MEN'S GOLF CLUB

By Kyle Finley (kylefinley@outlook.com), website villagesgolfers.com

Arnold Bernal with his 2018 POY Trophy

Hole-In-One in June: Congratulations to Arnold Bernal on making a Hole-In-One on Hole #6 on August 22. I did not receive the details of how the shot went in, but any of us would take an ace on the most difficult of our Par 3s. Nice shot, Arnold!

New Members in August: Welcome new members John Gruendler and Bob Costa! Please look for these gentlemen out on the golf course, introduce yourself, and welcome them to the Men's Golf Club.

Eagles for August: There were two Eagles reported in July. Congratulations to:

- David Bacigalupi, August 7 on hole #2
 - Brad Baldinger, August 12 on hole #2
- Nice shots, guys!

Age Shooters in August: We had two age shooters in August! Please congratulate:

- Chon Gallegos who shot an 80 on August 22
 - Jim Valenti (*again*) who shot an 83 on August 5
- Age is just a number I'd like to shoot. Congratulations, gentlemen!

TENNIS TALK

Strokes and Jokes

By Roy Pennington

Many times we have heard tennis players in The Villages say "the ball sounds different coming off his racquet." That's because it does, and it is a sign of a pure strike of the ball. That is the sound one hears when Bill Leonard strokes the tennis ball.

All of The Villages tennis players were sad to hear that Bill and his wife, JoAnn, are moving to South Reno. We will all miss watching his on-court skills and listening to and reading his off-court humor. Bill has been an integral part of The Villages tennis community. Whether it was a social game of tennis, a practice session, or battling for The Villages USTA tennis teams, one can quickly identify that Bill and a tennis racquet are meant for each other.

Bill has organized and managed a Saturday morning tennis game of two or three courts of men for several years. In addition to setting a weekly online roster he also sends along a "lame joke" (Bill's description), and they truly are. Amazing that he can find so many witty stories that relate to tennis. Most of us think tennis is a difficult and a frustrating game to play. Bill on the other hand thinks it is just "fun." Of course, it is when you win.

Bill was an accomplished junior tennis player, and then played college tennis for UCLA. Bill admits he was not at the top of the UCLA team, but just to be on a team with players such as Jimmy Connors says a lot about his ability. Bill occasionally offers advice on one's tennis game and strokes, but that comes only after one solicits his help. Several of us have reaped the benefits of his shared knowledge.

Bill says that he and JoAnn will make occasional trips back to San Jose, and he looks forward to meeting his friends for a game of tennis and some "lame jokes." We too look forward to that day. Our best to Bill and JoAnn. (The Leonards expect to depart The Villages this Friday, September 11.)

SHONIS

By Fran Schumaker

Hello, everyone. This week we have a lot of shout outs for our Shoni Ladies. The first shout out goes to our "First Tuesday" winner for September, with a net of 20, Barbara Sunseri. She has won it again! (She won last month in a tie with Joan Wiseman). Congratulations!

Our second shout out goes to Jan Ehrhardt. Today was her first time back since hip replacement several weeks ago. She had a net of 22 with two birdies! Welcome back, Jan.

Our third shout out goes to Julianna Wahlgren. On August 27, while playing with Linda McCarley, Julianna chipped in from the apron on hole #9 for a birdie. Thinking the ball fell short, it slowly fell in the hole. Both ladies agreed, "it was a beautiful shot."

Our fourth shout out goes to our newest Shoni, Andrea Alvarez. Andrea and her husband Vince live in Del Lago. They moved in last year just before Thanksgiving. Moving to The Villages was not a new idea for them. They decided six years ago that the Villages was where they wanted to live once they both retired. Andrea retired last year after 33 years with the Evergreen School District. She served in the capacity as secretary in the District Office. Her husband plans on retiring next year.

Andrea is not new to golf. She has played on and off for several years. But until she played her qualifying rounds with the Shonis, she had not played for a year. Andrea really enjoys golf as well as tennis and walking. But her real passion is crafting and her family. Her three children and eight grandchildren all live in California. So they are only a car ride away. Andrea also wanted me to extend a "Special thank you to Delma Juarez for her encouragement to join the Shonis."

Look for Andrea on the course. Invite her to play and enjoy our newest Shoni.

IRONMEN

By Bill Travis

The Ironmen are currently playing every Thursday morning beginning at 9:45/10 a.m. and every 15 minutes thereafter until all that wish to play have reserved a tee time. No sweeps as yet, but championship points are being awarded. As always, we're paying attention to the new social gathering rules.

Thursday, September 3, 2020 was the scheduled beginning of our annual Ironmen tournament that runs for three weeks. Currently, no tournaments are officially sanctioned or being played, so our "tournament" is completely informal but follows all COVID 19 and Pro Shop rules. There are two flights. After the first week, the top of the leaderboard for each flight is as follows:

Flight One: In first place Jerry Weltzin with a net score of 25. In second place Al Bruno with a net score of 26. In third place Floyd Boyer with a net score of 27.

Flight Two: In first place Ron Ellis with a net score of 24. In second place Herb Rogers with a net score of 28. In third place there is a three-way tie among Roger Pyle, Lee Thompson, and Bill Travis each with a net score of 29.

There were 6 birdies today: Two by Herb Rogers on holes 2 and 4; two by Jerry Weltzin on holes 4 and 5; Floyd Boyer on hole 5; and Al Bruno on hole 2.

BOCCE NEWS

By Barbara Orlando

Please meet Jim Goss, current board member of the Bocce Club. Jim enjoys the game of bocce and volunteers not only on the board, but as a referee, Captain and Co-Director of Bocce Skilz's, a brand-new program that was going to be launched this year, but due to Covid-19 it just isn't possible. Marty

Jim Goss, Bocce Club Board Member

Schlager and Jim were organizing this program to give instruction to beginners, to help improve and hone their bocce skills to use when playing. Lots of great ideas and the program promises to be fun when they can actually be allowed to start.

Last year Jim was also a team member on the Agitators, Spring and Fall RR and the Lobsters, Guys vs. Gals. He was Captain of the Lean, Mean Bocce Machine for the Spring Mixer and the Hitmen for the Boccivolo Saturday Tournament, which came in first Place.

He enjoys working with his model trains. I've heard his collection is extensive. Also, look for Jim driving around The Villages in his bright red 1962 Vintage Vespa, with his little four-footed friend, Roxy, in the sidecar. He's probably headed for the bocce courts. Thank you, Jim, for all your hard work for the game of bocce.

PINSEEKERS

By Jack Bindon

Stay tuned, guys, to find out what we learned from the September 9 Zoom meeting with Scott Steele and representatives of all of the golf groups. The meeting will have taken place by the time this article is published. Perhaps we will have learned the latest regarding golfing operations. Until then, keep practicing and trying Chelsea requesting a 9 hole tee time. If you do that it will let you look at the tee sheet two weeks in advance for "early" tee times. In the meantime, try the short 9 course, it's great practice for the short game.

A MESSAGE FROM BRIGHTVIEW

Grub Infestation at The Villages

As many of you have noticed, we have had several critters terrorizing many of our lawns around the property. This is due to a white grub infestation that is impacting several of our districts. Turkeys, crows, raccoons, wild pigs, etc. love tearing up the lawns to get to the grubs. Here is a quick breakdown of what we are dealing with.

Description of the Pests: Masked chafers are large C-shaped beetle larvae that feed on roots of turf grass plants. These grubs are white, up to 1 inch (2.5 cm) in length, with dark translucent dorsal stripes, brown head capsules and legs, and a characteristic pattern of bristles on the underside of the posterior end of the abdomen (the raster). Adult beetles are golden brown, hairy on the underside of the thorax, and have a darker brown head. *Cyclocephala hirta* is common throughout California. This species completes one generation per year overwintering as mature larvae, which form earthen cells in soil where they pupate. Adult males are attracted to lights at night, mostly from mid-June through July.

Damage: Masked chafer grubs feed on roots, resulting in irregular dead patches. Symptoms resemble drought stress and persist even where there is sufficient irrigation. Grub activity can cause the ground to feel spongy; extensive root feeding sometimes allows the turf to be rolled back like a carpet. Most damage usually takes place in late summer or early fall. Digging by vertebrate predators, such as turkeys, crows, raccoons, skunks, and coyotes, is a common indication of high grub populations. Again, damage becomes most apparent in late summer or fall.

Action Plan: We applied an insecticide property-wide in May and June of this year to help prevent the spread of these grubs. We have not seen the results we've wanted in all of the districts and are spot-treating the areas as they come up. The grubs typically stop feeding when the days get colder. That time is rapidly approaching. We will look at damaged lawns, and determine if reseeding or SOD installations are needed. We plan to institute an annual grub control program to help eliminate this issue in the future. We will work with the experts in this field to help determine the best time of year to apply any needed chemical.

So if you see these critters tearing up your lawns, now you know why. They are simply getting their protein for the day!

FY21 Annual Street Maintenance Project—August and September 2020

This project provides for the repair and maintenance of select road segments at The Villages.

This includes asphalt roadways (streets) and parking facilities (vehicles and carts). Designated areas undergo repairs and surface treatment processes on a six-year rotating schedule. For FY21 (this summer), the six-year rotating schedule is targeted at Village Cribari and Village Del Lago and Corporation Yard. The planned scope of work and work areas and tentative schedule are as follows:

- Weeks of September 7 & 14** Seal Coat (Requiring Street Closures)
Seal Coat at Village Cribari
- Tuesday, September 8** Vale, Bluffs and part of Cribari Lane
- Wednesday, September 9** Place, Knolls, Hills, Dale and part of Cribari Lane
- Thursday, September 10** Hills, Heights, Corner, Glenn and part of Cribari Lane
- Friday, September 11** Dell, Crest, Court, Green and part of Cribari Lane
- Monday, September 14** Bend, Circle and part of Cribari Lane
- Seal Coat at Village Del Lago**
- Tuesday, September 8** Maggiore, Lake Trasimeno, Bracciano, part of Lake Garda and part of Lake Albano Cir.
- Wednesday, September 9** Part of Lake Lesina, part of Lake Garda and part of Lake Albano Cir.
- Thursday, September 10** Bolsena, Avernus, part of Lake Lesina and part of Lake Albano Cir.
- Seal Coat at Village Montgomery**
- Tuesday, September 15** Driveway behind Montgomery Corner
- Seal Coat along The Villages Fairway Drive**
- Tuesday, September 15** Westbound lane - Between Montgomery and Hermosa Lanes
Westbound lane - Between Villages Parkway and Olivas Circle
- Wednesday, September 16** Eastbound lane - Between Montgomery and Hermosa Lanes
Eastbound lane - Between Villages Parkway and Olivas Circle
- Seal Coat at Corporation Yard**
- Wednesday, September 16** Upper Parking Lots and Lower Warehouse Yard
- Week of September 14 & 21** Striping
(Cribari, Del Lago, Montgomery, Villages Fairway Drive, Villages Parkway, Corporation Yard)

Please note the following:

- We ask for your assistance in parking outside of the closed work areas for the seal coat processes. Vehicles and golf carts will be able to return first thing the next morning.
- Please be aware of detour and construction signage, restrictions and closures.
- Updates will be posted in the Villager and Fast Lane and/or delivered to specific sets of homes (including Cribari and Del Lago). For unforeseen reasons, the schedule may be subject to change.
- Work hours are planned between 7 a.m. and 6 p.m. Please be prepared for the inconveniences. Saturday work may be authorized.
- We ask for your assistance with protecting your personal property (including vehicles, golf carts, etc.).
- Please ensure that all pets are secured.
- Debris, dust, noise, odor and sight inconveniences may result from this project.
- Contractors will use electrical power and water from common utilities, as needed.
- Use of parking facilities and roadways may be required on a temporary basis.
- Debris will be cleaned up at end of each workday. We will do our best to keep damages to a minimum.
- For seal coat processes, access to streets, driveways and parking areas may be restricted.
- For safety reasons and work crew needs, parking may be restricted along streets.
- Contractor is required to follow COVID-19 measures for resident and crew safety.

Thank you for your cooperation and support as we complete this important work for the community.

Along the Way—a trip down Memory Lane

(With Tom Zades—contact him at: tomzades@gmail.com)

There are many dichotomies that we may use to categorize people, or to describe the differences between two people or two groups. One that is especially helpful to me is the two basic approaches to life: “Doing” versus “Being.” My approach to life is “being,” and I am married to a “doing” person. Sandy is not just unhappy, but somewhat distraught if she has nothing to do. She seems to make up things to do just to keep busy. By way of contrast, I live in my mind. As long as I have my reading, writing and music (singing and percussion), I am quite content.

Our daughter, Michelle, gave me what I feel was a wonderful gift recently. I was bemoaning my lack of common sense and disinterest in—if not disdain for—“manly” things like loud engines, fast cars, fascination with tools and fixing things, etc. I said that maybe I was missing some of the male genes that I was supposed to get at birth. Then Michelle said, as if it was the most obvious thing in the world: “Dad. You’re an artist!” In that one simple statement she gave me permission to be who I naturally am. No wonder my career in accounting never seemed to fit. With my lack of common sense, I had never thought of myself as an artist. It was a freeing, life-affirming gift.

Some people know exactly who they are from an early age. The rest of us, whether “doing” or “being,” learn and grow as we go. It makes the journey that much more interesting along the way.

Dealer: West

Vulnerability: None

Bidding:	West	North	East	South
Pass	Pass	Pass	Pass	1 Club
1 Heart	Double*	2 Hearts	2 Spades	
Pass	3 Spades	All Pass		

Contract: 3 Spades

Opening Lead: Jack of Diamonds

Dealer has 1 or more losers in Hearts, 1 in Diamonds, and 2 or more losers in Clubs.

Strategy: If dealer doesn't pull trump immediately, then he probably gets more tricks by cross-ruffing.

West leads the Jack of Diamonds, South covers with the Ace on the board, switches to the 10 of Hearts, plays low from his hand, and West wins with the Queen. He guesses that South will try to cross-ruff and leads a Spade, 9 from the board, and the 3 from his hand. He then plays a Club, East, the Ace, follows with the King of Diamonds, and South has to play the Queen. Next East leads the 10 of Diamonds, South trumps, and West sluffs his Queen of Clubs. South then plays the Jack of Hearts, West, the Ace, and South wins by trumping it the board. He then plays a Diamond, trumps it in his hand, continues with the good King of Hearts, and West uses his last Heart, and South sluffs a Club from the board. South then leads his last Heart, trumps it on the board, follows with a Diamond, trumps with the last Spade in his hand. He now leads a Club, West, a low Spade, South uses a higher Spade from the board; next leads the last card, a Diamond, King of Clubs from his hand, and West trumps. Great! The contract is made exactly.

* North's double should mean he has 4 cards in the other major. If he had 5 in the major, he would bid the major and this provides his partner with useful information about his hand.

Leash rule for pets

Residents are reminded, as per Club Rule 1.51, that pets must be kept on a leash, under control, and attended to at all times. This also applies to the Hill Lands.
