Famed coach John Noce to speak at Villages Men's Fun Social Club

On Tuesday, February 7, Hall of Fame baseball coach and Villages resident, John Noce will be the speaker at the Villages Men's Fun Social Club. John led the College of San Mateo baseball program 1962 through 1992 and coached in three Olympic Games.

Just this month John received the most prestigious lifetime Baseball Coaches award in Nashville—the 2023 ABCA/Lefty Gomez Award. Video of this award presentation will be shown at the luncheon.

Over the several San Mateo baseball seasons, John compiled a record of 772-412, capturing 13 conference titles and finishing runner-up three times in the California community college state playoffs. He had 72 former players go on to play professional baseball, eight of whom advanced to

the Majors including All-Star John Wetteland, 19-year veteran Bob McClure, and 1986 number 6 overall pick Paul McClellan. John also coached baseball at California High Schools, Half Moon Bay and Carlmont.

His impact on the game of baseball was felt worldwide as he mentored players and teams in Canada, Austria, Holland, Italy, Lithuania, and Romania. John was inducted into the ABCA Hall of Fame in 1994, alongside John Madden and Bill Walsh.

Plan on attending this exciting presentation and hear more about John's fascinating baseball experience.

Lunch reservations are required per the computer system referenced in the monthly Social Club newsletter.

Guests are invited to attend and should arrive at the Clubhouse about 12:30.

Senior Academy: 'Averting the Climate Crisis'

Storms. Hurricanes. Floods. Drought. Heat Waves. With increasing frequency and severity, they are negatively affecting our world, our economy and our lives. And left unchallenged, they will continue to do so, at our own peril. But there is a solution, if we have the will to take the steps necessary to halt this menace in its tracks.

Overwhelming scientific evidence points to carbon dioxide emissions from the burning of fossil fuels as the culprit. At the Senior Academy meeting on Tuesday, January 24 at 2 p.m. at Foothill Center, our speaker will summarize the evidence and discuss the well-known and accepted solution: the transition from fossil fuels to renewable energy, solar and wind, backed up by batteries and other storage. These technologies are not only less expensive than fossil fuel, but better for public health and for the environment. Nature provides processes to remove carbon from the atmosphere, but natural processes are now insufficient, and we must accelerate them by giving Nature a helping hand.

Join Campbell Scott, Ph.D. for an in-depth discussion of climate change. He is a member of the Climate Reality Project, a consortium of teachers, students, doctors, business professionals, non-profit leaders and even scientists with common purpose: to solve the climate crisis. Born and raised in Scotland, Scott has spent his career researching, lecturing and presenting at scientific conferences on the science, impacts and solutions of climate change.

VMA to present 'Shoulder Strength and Mobility' workshop

Hey, is your shoulder killing you? Threw it out playing pickleball, tennis, golf, or maybe shot put? Did you warm up prior to playing? Did you stretch first? Have you been working out at all?

No? What were you thinking? This could have been preventable...

The VMA Health Programs proudly presents "Shoulder Strength & Mobility" on Thursday, February 9 in Montgomery Center from 11 a.m. to 12 noon

Our presenter will be Patrick Madriaga, a physical therapist assistant who works for Silver Creek Fitness and Physical therapy. He attended American Career College in Anaheim and graduated with an Associate's degree in physical therapy. He first developed a passion for physical therapy when he experienced an injury to his ankles. Seeing the difference that physical therapy made for himself as a patient allowed him to see firsthand the benefits. Prior to getting his physical therapy assistant license, Patrick started as a physical therapist aide for four years at different physical therapy clinics. With this experience he has worked with variety of patients with different injuries. Patrick has also participated in many events including the Special Olympics and Alzheimer's Association where he taught simple functional testing for participants.

Patrick Madriaga

Topics to be discussed: Why it's important to maintain strength and mobility, different diagnosis of shoulder pain (impingement, frozen shoulder, tendonitis), everyday use of shoulder, and injury prevention.

If you are a golfer, tennis player, pickleball member, Bocce Club member, table tennis player, gardener and/or garage-stuffer, you are not going to want to miss this.

Joy, Joy, Joy.

I want to express the joy I felt every time I came back into The Villages during the holiday season. The decorations were beautiful, and each village presented their best in their talent department. Many years back I was a volunteer, now the aging process has sidelined my volunteer days, but it does not keep me from expressing my gratitude to all of you who worked so hard to make each village so beautiful. The decorations on the individual homes were charming. Thank you for giving myself and my family such joy this last past holiday season, when indeed there is so little to be joyous about in our world. Living in The Villages is truly a joy.

BOARDS & COMMITTEES

Incident in Verano District

Many Villagers have heard that something troubling occurred in the Verano District on Sunday, January 8, 2023, around 8 a.m. Villages Management, the Association Board, and the Club Board are writing to confirm that a serious incident did take place.

The incident involved a resident owner who damaged their own villa and then trespassed and vandalized another villa on an adjacent street. Windows were broken, light bollards destroyed, and contents and furnishings inside two villas were vandalized. No one was physically injured. All neighbors who live near the two residences are shaken and concerned. The person involved was arrested and we understand criminal charges have been filed.

Villages Management, the Association Board, the Association Board attorneys, the Club Board, and the Club Board attorneys are working together to take steps to protect the community based on the governing documents for the Association and the Club. We anticipate that litigation against the owner will be filed to seek an injunction preventing this type of behavior in the future. Anyone who was an eyewitness to the incident is requested to contact Villages Public Safety at 408-239-5247 and provide a statement.

The Villages Public Safety office recommends extra vigilance by all Villagers, to be always aware of your surroundings, and to keep your doors and windows locked and secured. Additional security patrols are already in place.

Remember to be alert and aware, and if you see something, say something. Please call Public Safety if you're unsure about something taking place in your neighborhood, and in any emergency, do not delay – please call 911 immediately.

The Association Board will be will hold a town hall type meeting within the next month as more information is known.

HOMEOWNERS' CORPORATION BOARD

Updated Homeowners' Corporation rule on trees

With the ongoing storms and the chance of damage from trees, it's important for single-family homeowners to know what to do if removal of a tree on your property is needed. At its December 8, 2022 quarterly business meeting the Homeowners' Corporation Board voted on an updated tree rule for single-family homeowners. The text is stated below. Questions, contact Architectural Committee Administrator Elissa Caruso, 408-754-1353, ecaruso@the-villages.com.

B. Trees:

General—An ACC Alteration Request is required for the removal of a tree. When removing a tree, it is desired but not mandatory that it be replaced with a new one except for special rules for the Estates, see below. In addition, for large trees, the city of San Jose may require a replacement per its permit process. For large trees, homeowners must comply with the city of San Jose Municipal Codes 13.28 and 13.32 and must use a licensed and bonded contractor or arborist. When replacing or planting a new tree, homeowners are advised to consider the impact on views, shade, root systems, utilities, and adjoining homes.

Facilities maintains a list of trees and bushes compatible with our location. See Guidelines for additional information.

The Estates Specific Rules—Removal of a tree for any reason requires an Alteration Request and replacement of the tree. Replacement trees should be planted in the nearest viable location to the original tree. The following trees are approved for replacement: Crepe Myrtle, Flowering Plum and Yoshino Flowering Cherry. The minimum size is a 15-gallon container.

NOTE: Guidelines to help expedite your project are available from the AC Administrator at the Corporation Yard, and residents must adhere to instructions outlined in the Guidelines associated with their application and project.

PUBLIC SAFETY

Traffic Safety Reminder

Villagers please keep in mind that the maximum speed within the Villages is 25 MPH. Some streets are slower than that. Please remind your visitors as well.

We continue to find drivers traveling far too fast. It's for everyone's safety. Especially in inclement weather. Please obey all stop signs as well. Thank you

Owners responsible for cleaning up after pets

The Villages Rules and CC&Rs state that it is the owner's/handler's responsibility for immediately cleaning and disposing of pet excrements in a sealed container. We are finding and hearing that some owners are not immediately cleaning up after their pets and assume that it is the responsibility of the landscaping crew, which it is not.

The pet poop should be picked up immediately and placed into the dumpsters in the trash enclosure near your home or in the designated pet poop stations in the center parking lots. Please do not place any pet poop in any restrooms or other containers at any of the various centers.

THANK YOU

January 28 marks exactly one year since my beloved, sweet dog of 12 years, SONIC, passed due to serious respiratory issues. Warmest thanks and sincerest appreciation to all my neighbors for their support, love and care during this trying time over the past 12 months. Grief doesn't last one day, one month, one year—it lasts forever—and it ebbs and flows like the waves. May good memories of my gentle, brown dog live on in the hearts of all the people he touched.

Accessing Table Tennis using your Villages ID

The Montgomery Multi-Purpose room is accessible during table tennis/ping pong play hours by residents who have met the following requirements: 1) attended a Table Tennis Group membership orientation, and 2) read and signed the release waiver to use this space. Once both requirements are met the Table Tennis Group will provide Community Activities with the waiver and we will activate your Villages ID Card to use as a key to the facility.

When wanting access make sure to hold your ID up to the door sensor with your photo facing yourself. You may need to move the ID around a little so that the sensor can locate and read the microchip embedded in your card. Once the chip is read there should be a green light, some beeps, and you will have four seconds to open the door.

If the light does not turn green it could be because:

a) You have not completed both requirements listed above. Please contact the Table Tennis Group to set up a membership orientation; their contact information is available when logged onto the Resident Portal or by calling the Community Resource Center (CRC) in Building B at 408-754-1336. The club will provide a copy of the waiver to you.

b) You have met the requirements previously but moved out of The Villages and have since moved back in. You will need to re-establish your membership in the Table Tennis Group and sign a new release waiver.

c) The microchip in your card has been damaged in some way and your card must be replaced. Please contact the Public Safety Administration office at 408-239-5246, Option 2 for assistance.

For more information on accessing table tennis/ping pong please contact either the Table Tennis Group or the CRC.

Accessing Fitness Center using your Villages ID

The Fitness Center is accessible to residents who have attended the required Equipment Demonstration and thus have had their Villages ID Card activated to use as a key. When wanting access make sure to hold your ID up to the door sensor with your photo facing yourself. You may need to move the ID around a little so that the sensor can locate and read the microchip embedded in your card. Once the chip is read there should be a green light, some beeps, and you will have four seconds to open the door.

If the light does not turn green it could be because:

a) You have not attended the required demo. You can register for one online by logging on to the Resident Portal and using the "Reservations" menu option, or register via phone by calling the Community Resource Center (CRC) at 408-754-1336.

b) You have attended the required demo but not yet submitted the paperwork given to you after the session. If so please read and sign that paperwork and bring it to

Building B so we can process it. There should be two pages.

c) You have attended the required demo but moved out of The Villages and have since moved back in. You will need to re-establish your facility access by taking the Equipment Demonstration again.

d) The microchip in your card has been damaged in some way and your card must be replaced. Please contact the Public Safety Administration office at 408-239-5246, Option 2 for assistance.

For more information on accessing the Fitness Center or to register for a demo please call the CRC at 408-754-1336.

The various ways to say 'Thank you!'

There are three types of articles available to readers of *The Villager* that allow you to thank an individual, a group, a club or organization.

A Villages club, organization or committee chair can thank an individual, another club or an employee with a **Bouquet**. Please limit the word count to between 50 and 100 words. Avoid long lists of names or the names of businesses.

An individual or family of a resident can thank other individuals, groups or organizations for help rendered in a death, injury, or other emergency through a **Thank You** item. Please keep word counts between 50 and 75 words.

Individual residents can thank other individuals, groups or organizations—not businesses or for-profit service providers—with an **Above & Beyond** item. This category is to thank others for acts of kindness, generosity and for jobs well done. Keep your Above & Beyond article as short as possible—from 50 to 150 words.

These three ways to thank individuals or groups are considered articles, and therefore are free of charge. They can be submitted directly to Associate Editor Kory Tran via email at: ktran@the-villages.com or submitted through the Resident Portal on *The Villager* page. (Articles may be dropped at *The Villager* office in Building B but the preference is that you submit these articles in digital form.)

Those wishing to thank or submit a testimonial to businesses, service providers or other for-profit entities may purchase a Classified Ad at the rate of \$1.60 per word, minimum of 10 words. To place a Classified Ad, contact Adrienne Reed at 408-223-4657 or email: areed@the-villages.com.

Leash rule for pets

Residents are reminded, as per Club Rule 1.51, that pets must be kept on a leash, under control, and attended to at all times. This also applies to the Hill Lands.

An increase in coyote aggression has created problems with small dogs, especially those that are unleashed. **Please always leash your pets. And keep leashes short; the Division of Wildlife recommends a leash no longer than 6 feet.**

Furthermore, accompany your leashed pet at all times while outside. Do not let go of the leash or tie your animal to trees or other objects. An unattended leash not only attracts the attention of coyotes, but is also a tripping hazard to other walkers.

Attention diners: We want your opinion!

Have you seen the comment cards in the Bistro and Clubhouse? They are available in the main entrance or in your bill folder. The Food and Beverage staff use them to recognize excellence in their employees, to make adjustments to the menu, and to help patrons when things aren't perfect.

Thanks for taking the time to let us know what you think!

Please deposit comments directly to the locked comment card box at the Clubhouse foyer.

COMMUNITY ACTIVITIES

The following events are sponsored by the Community Activities Department. Please telephone 408-223-4643 for additional information.

Building B walk-in hours

The Community Activities office in Building B is open for walk-ins Monday to Friday 8:30 a.m. – noon and from 1 p.m. to 4 p.m.

Take our Community Activities Trip Survey

Help guide our registration policy and trip programs! We would like feedback on whether to change the resident priority registration period. Because we have the same registration policy for all Community Activities sponsored trip, classes, and on-site events this issue affects all our programming.

We also need your input on the type and scheduling of trips we offer and what factors are most important to you when choosing to register. What are your interests? What days of the week are best? What criteria do you use when choosing to register?

The online survey is available through the following link: surveymonkey.com/r/S85NKK6

We will also have paper copies available in Building B beginning Friday, January 20. The deadline to complete the survey is Friday, February 10. The survey should take you less than 10 minutes.

To avoid duplicate entries, we are asking that only one survey per household be submitted. We hope to hear from as many households as possible, even if they have never attended any of our programs before, so start thinking about what activities you would like to do!

Community Activities and Back in Form wishes you a Happy, Healthy New Year!

Let's turn New Year's resolutions into results with a "Back in Form 2-for-1 Personal Fitness Training Special." Sign up for personal training for one person (\$121 per session) and add a spouse, friend, or neighbor to workout with you for free! This is a savings of \$44! All trainees must register at the same time, one registration slip per household. Training session scheduling will be determined by the trainer and trainee's availability.

Register in the Community Activities office, Building B during office hours. The registration deadline for this special offer is Tuesday, January 31.

Note: Fitness Center (all trainees should already be authorized to access)

Back-in-Form has provided Villagers, in partnership with Community Activities, with customized personal training at the Fitness Center for many years. For more information about registering or enabling access to the Fitness Center contact the Community Resource Center at 408-754-1336.

Coming soon—Great compositions trip

Join us on our trip to explore the life and works of two amazing individuals, composer Ludwig van Beethoven and author John Steinbeck. These creative individuals are celebrated and studied in special collections held in the Dr. Martin Luther King Jr Library. Come view the personal items, historical artifacts, print media and other materials on display. There will also be a special demonstration of historical instruments provided. More information will be contained in the Fast Lane and The Villager the week of February 3.

Woodshop access now keyless

Woodshop access is now only available by resident ID card, just like the Fitness Center. If you wish to continue to use the woodshop, please make the necessary arrangements to take an online equipment safety review, take an in-person quiz, read, and sign new paperwork and provide proof of ownership of safety glasses, hearing protection, and a dust mask.

The online safety videos are located on The Villages resident portal. Please watch them carefully and review Club Rule 1.20 regarding the Woodshop. You may access them both at <https://resident.thevillagesgcc.com/facilities/wood-shop-safety-videos>

When finished, please make an appointment with Mary Tatum in Community Activities to complete processing. She can be reached at 408 223-4643 or mtatum@the-villages.com.

Get ready for Graton Resort and Casino trip!

Coming soon, join us for an opportunity to win big! Graton Resort and Casino is the largest and most elegant casino in Sonoma County. It holds 3,000 state-of-the-art slots and over 100 tables games plus a live poker room. When not playing you can enjoy their variety of casual and fine dining options. More information will be provided in the Fast Lane and The Villager the week of January 27.

CLUBS & EVENTS

Come to Global Village's Wellness Retreat this Sunday

The Global Village Club is inviting residents to a Wellness Retreat facilitated by Dinesh Chandra of Global Interactive Wellness Network (GIWN). This opportunity provides time to get in touch with issues that are extremely important to most seniors. The event is scheduled on Sunday, January 22 in Vineyard Center, from 9 a.m. to 5 p.m. There is no fee to attend.

For many seniors, the most important issues they face are health and finance. What we may not be aware of is that social, financial occupation and environmental wellness contributes to health and financial wellness. We will explore this subject and learn ways to protect and preserve health and financial wellness. Dinesh also conducted a similar wellness retreat last year, and all 16 participants who attended appreciated what they learned and wanted more.

Please join us for a fascinating experience. As sharing food connects us, we ask that you bring food to share. Bring a dish that will feed 6 to 8 people and your own drinks. Plasticware, plates, and napkins will be provided. One last comment: Event maximum occupancy is 60 and we must adhere to that number. When we reach 60, we will have to turn people away—and that's a very unpleasant thing to have to do. We hope to see many of you on January 22.

Please email Sonawala@comcast.net for more details.

Learn 'All About Collage' with Julie Cline

By Barbara Gottesman

Julie Cline is offering a one day workshop "All About Collage" to Villagers on Saturday, January 28, 2023. It is scheduled in the Art Room in person from 10 a.m. to 1 p.m. For those who want to take a lunch break from 1 – 2 p.m., Julie will offer optional guided practice from 2 p.m. – 4 p.m. since many will want more time to complete their collages. Julie has offered many classes to Villagers, including pastels, collage and writing and illustrating children's books.

Collage first appeared on the art scene in the early 1900s in works by Picasso and Braque. Today collage can be either realistic, surrealistic or abstract. Many use it as a meditative process, letting the colors and shapes move on the blank canvas until a harmonious composition speaks to the artist. Most people can find collage a satisfactory artistic experience.

Register for this structured class so that you too can create interesting collages from scraps, pieces of paper and magazine cut-outs. Register at barb.gottesman@gmail.com by January 21. Price is \$75 with all materials furnished by Julie. Deadline for checks and teacher-required Covid proof is January 21. Examples of Julie's Collage work are posted on our website at villagesartsandcrafts.org Some are even more interesting than this one entitled "Compost Volunteers."

Senior Academy starts year off with home run

By Arlene Versaw

"Hit the mark!" "Enjoyable!" "Learned a lot!" These were some of the positive reviews of attendees as they exited the Senior Academy (SA) Annual Meeting on January 11. More than 100 members and guests filled the round tables in the Fairway Room of the Clubhouse to learn what Senior Academy has in store for 2023.

Ciel Duke playing the hammered dulcimer at the Senior Academy meeting.

SA did not seem to disappoint and it was rewarded with a healthy number of new membership applications on the spot. While the entire year's program schedule is not yet complete, attendees got brief overviews of four presentations that are already booked: San Jose's new mayor, Matt Mahan; four evening sessions of Great Decisions, a foreign-policy discussion series; a two-part presentation on longevity and the human brain as it ages; and a light-hearted overview of what *really* occurs behind the scenes on a cruise ship from someone who has had 30 years' experience working on one.

While we are working to return our News Junkies monthly discussion to the menu, we already have a number

of Technology Explorer events planned, including the newsworthy nuclear fusion breakthrough.

Our presentations are just one to two hours in length and there is no homework. This year, for the first time, SA will be able to offer a combination of simultaneous Zoom and in-person meetings. It's a bargain at \$15 a year and it is not too late! Go to VillagesSA.org and join the group, and then join us throughout the year for lectures and classes that won't disappoint! (And a special thank you to Ciel Duke, who provided lovely hammered dulcimer background music at the event!)

Democratic Club to kick off year with guest speaker Bill James

The Chair of the Santa Clara County Democratic Party (SCCDP), Bill James, will be the first speaker on The Democratic Club's busy agenda for 2023.

This will be by Zoom on Thursday, January 26 at 7 p.m. - email us at TheVillagesDemocraticClub@gmail.com to register.

Bill will share his thoughts on several issues and as always, invites questions and feedback from the audience.

Topics for discussion include: Ramifications of the 15 votes needed to elect a speaker in the House, local candidates for 2024, and how Villagers can get involved in supporting candidates up and down the ticket.

Though 2023 is not an election year, there is plenty for us here in California! Major issues include: Diane Feinstein's seat, Congressional Representatives, San Jose Mayor as well as the grassroots issues for Evergreen's District 8 San Jose City council representative.

Mark your calendar and join us for our kick-off meeting for 2023 on Thursday, January 26 at 7 p.m.

Thirty-percent federal tax credit available for solar installation

By Maxine Amundson, Sustainable Villages Club

30 percent federal tax credit is an incentive you can count on if you install rooftop solar and/or a storage battery for the next 10 years. Due to PG&E reduction of the net energy metering (NEM) return on the energy you generate beginning April 15, 2023, the estimated return on invest (ROI) has gone from 7 years to 9 depending on your consumption of energy.

Moving to sustainable energy is good for California and for our planet. If you are choosing other ways to reduce the carbon footprint, consider Solar Choice for a small monthly fee to PG&E (less than \$5) you can choose to have your energy supplied to you from renewable energy. You can easily make this change by going to PG&E.com and select Solar Choice. Solar Energy Team contacts (drmaxa@comcast.net, Margaretspatafore@yahoo.com). We are eager to share with you our resources and contacts.

More CLUBS

Hiking Club: 'A Bug in the Grass' with John Trudeau

All the recent rains foreshadow a rebirth of life in our outdoor spaces. The Villages Hiking Club's January 30th meeting program will feature a visual and descriptive presentation by John Trudeau.

Here we will see close-up views of some of the simply beautiful bits of nature that we encounter every day—if we take the time to look. There are images of "critters," plants, rocks and other expressions of nature here in the East Bay hills and beyond. We will see how different patterns in nature are expressed in surprising ways—when we look closely.

The program will follow a short business meeting and a break for socializing with snacks and beverages.

The meeting will be held at the Foothill Center on Monday, January 30 at 7:30 p.m. The meeting is free and all Villagers are welcome to attend.

Now, let's get back to playing the game we enjoy...Mah Jongg!

See Lynda McKinney's work at Arts and Crafts Members Juried Show

By Michael Sunzeri

We have many personalities here in the Villages and one with lots of flavor is Lynda McKinney.

For the most part she engages in watercolor. However, Lynda has a background in oils and graphics and with the photography club.

With her 20-plus years in art, mostly as a self-taught artist, she takes advantage of instruction both on and off our campus.

Originally from San Francisco, Lynda has lived in several cities like New York and Twentynine Palms since her father was in the Marines. Her work-a-day world was as eclectic as her subject matter in art. She worked in Los Gatos as an Activities Coordinator at the Terraces facility, and she worked well with preschoolers, engaging them in many fun activities. Her self-published children's book about the White House was written for them and all verbiage and graphics were by her own hand. Lynda always has had some high aspirations, including to invent. She has even created an interesting board game.

Looking at her work, you'll see landscape, animal composition, a bit of abstract and arrangements of her favorite go-to, which is color. Some inspiration for Lynda comes from David Loganburg and Mary Cassat—quite different artist styles, but that's Lynda, quite a different artist. Some of us purchased her work, like depictions of a rooster or chicken. Other work she gives away and some hang on her walls.

Contracts to enter your work for the exhibit are now available in the Art Room, Arts & Crafts mailbox, and our website, villagesartsandcrafts.org. Come and see Lynda's work on February 23 in the Cribari Conference room at 1:30 p.m. and enjoy some refreshments as well. All Villagers and guests are invited.

VMA Afternoon Bingo to return February 1

Let the games begin! Villages Medical Auxiliary (VMA) afternoon bingo returns Wednesday, February 1, in Cribari Auditorium. Doors open at 3 p.m. First game starts at 3:30.

Each bingo card costs \$1 or you can get six cards for \$5. Bingo is one of many services offered by the VMA to residents. All money collected for the cards is returned to winning players. Attendance is free.

Come join in the fun, win some prizes and enjoy the free cookies and coffee or tea. All players receive a complimentary drawing ticket. Two players win a Clubhouse gift card.

VMA afternoon bingo continues throughout the year on the first Wednesday of each month. Evening bingo 2023 begins Wednesday, February 22.

“The Best is Yet to Come” by Debbie Macomber: A new beginning in charming Oceanside, Washington, is exactly what Hope Godwin needs after the death of her twin brother. There are plenty of distractions, like her cozy cottage with the slightly nosy landlords next door, and a brewing drama among her students at the local high school. Despite having settled quickly into the community, something is still missing for Hope. That is, until her landlord convinces her to volunteer at his animal shelter. There she meets Shadow, a rescue dog that everyone has given up on. But true to her name, Hope believes he’s worth saving. Like Shadow, shelter volunteer Cade Lincoln Jr., is suffering with injuries most can’t see. A wounded ex-marine, Cade identifies with Shadow, assuming they are both beyond help. Hope senses that what they each need is someone to believe in them, and she has a lot of love to give. As she gains Shadow’s trust, Hope notices Cade begins to open up as well. Finding the courage to be vulnerable again, Cade and Hope take steps toward a relationship, and Hope finally begins to feel at peace in her new home. But Hope’s new happiness is put to the test when Cade’s past conflicts resurface, and Hope becomes embroiled in the escalating situation at the high school. Love and compassion are supposed to heal all wounds. But are they enough to help Hope and Cade overcome the pain of their past and the obstacles in the way of a better future? Fiction, 2022.

“Heat 2” by Michael Mann and Meg Gardiner: Described as both a prequel and sequel to the film of the same name, “Heat 2” covers the formative years of homicide detective Vincent Hanna and elite criminals Neil McCauley, Chris Shiherlis, and Nate. This new story leads up to the events of the film and then moves beyond it. Ranging from the streets of L.A. to the inner sancta of rival Taiwanese crime syndicates in Paraguay, to a massive drug cartel money-laundering operation just over the border in Mexico, “Heat 2” illuminates the dangerous workings of international crime organizations and the agents who pursue them as it provides a full-blooded portrait of the men and women who inhabit both worlds. Fiction and Large Print, 2022.

“Mercury Pictures Presents” by Anthony Marra: Like many before her, Maria Lagana has come to Hollywood to outrun her past. Born in Rome, where every Sunday her father took her to the cinema instead of church, Maria immigrates with her mother to Los Angeles after a childhood transgression leads to her father’s arrest. Fifteen years later, on the eve of America’s entry into World War II, Maria is an associate producer at Mercury Pictures, trying to keep her personal and professional lives from falling apart. Her mother won’t speak to her. Her boss, a man of many toupees, has been summoned to Washington by congressional investigators. Her boyfriend, a virtuoso Chinese-American actor, can’t escape the studio’s narrow typecasting. And the studio itself, Maria’s only home in exile, teeters on the verge of bankruptcy. Over the coming months, as the bright lights go dark across Los Angeles, Mercury Pictures becomes a nexus of European émigrés: modernist poets trying their luck as B-movie screenwriters, once-celebrated architects becoming scale-model miniaturists, and refugee actors finding work playing the very villains they fled. While the world descends into war, Maria rises through a maze of conflicting politics, divided loyalties, and jockeying ambitions. But when the arrival of a stranger from her father’s past threatens Maria’s carefully constructed facade, she must finally confront her father’s fate—and her own. Fiction and Large Print, 2022.

Still only 11 homes listed for sale in the Villages

As always, I am keeping my eye on the sales in the Villages. The inventory is still currently low, but I know there are a few listings coming up in January, including my Valle Vista listing. We are currently adding 1-2 listing on the market per week and selling 1-2 listings each week. As long as the inventory is equal to buyers coming into the market, then our prices should be holding steady.

I am betting on the market staying stable for the 1st half of this year.

So far, the inflation rate is down from the 8% range to the 6% range. The lower inflation rate helped to push the interest rates down into the 5% range. I don’t know how long this will last, but the lower interest rates are a boost to the market for sure. Typically, the sales in February substantially increase, and if the interest rate stays low, I believe this year will be no different.

The new interior and exterior styles are very clean and simple.

This week, to help a client, I went to the counter and floor warehouse to look at counter tops, tile and flooring material. White on White counters and cabinets are still very in. Quartz counters rule the day over granite or marble. Light beige floors are coming into style. In the world of fixtures and accents, Black is the new chrome. If you really want to get fancy, you can do gold or bright brass fixtures. Kind of like current hair styles, any style or finish of fixtures and accents can work. Brush Nickel still rules, but Black accents are coming in strong as the new favorite fixture & hardware finish.

The endless desire for white quartz. I asked the warehouse employees if they see color quartz coming. They say no. Nothing but variations of white are being sent to them. All of this neutral white base makes picking material easy. White is still the “realtor beige”, for the time being.

Valle Vista is coming...

VILLAGES JEWISH COMMUNITY CATHOLIC COMMUNITY

By Barbara Tommaney

The Villages Jewish Community will host sabbath services on Friday, January 20, 2023 at Foothill Center beginning at 7:15 p.m. Rabbi Annette Koch will lead us in worship. The service will recognize Marty Hutchison for the Menorahs he constructed and donated to The Villages.

Please note: Santa Clara County District Attorney Jeff Rosen has postponed his appearance as our guest speaker to February 17. Mr. Rosen is a nationally recognized leader in criminal justice reform. The changes he introduced in Santa Clara County include reducing the jail population, diversion programs for non-violent offenders, expungement of low-level drug crimes, prison reform and promoting the highest ethical standards. All this while keeping crime at its lowest level in decades. The DA's office has 620 employees, including 190 deputy District Attorneys. Under his leadership the office is more diverse than ever.

District Attorney Rosen has taken dozens of prosecutors and investigators to the Museum of Tolerance in Los Angeles to learn about the Holocaust, racial profiling, implicit bias, and the duty of law enforcement to safeguard people's rights.

We invite all members of The Villages community to join us for this informative program. Refreshments will be served. We hope to see you there.

COMMUNITY CHAPEL

'What Do You Hope For?'

By Pastor Bill Hayden

Since the beginning of time, there has been an order to everything in life. There are certain things that need to be separated in the process for the desired results. Who bakes a cake that requires eggs and includes the shells in the batter? The cake is put in the oven at the correct temperature for the right amount of time and then the aroma fills the room. When fully baked, you take it out to cool and drizzle a little sweet glaze on the top and sides. You take a slice and you bite into eggshells! That one mistake ruined a great looking, smelling and tasty cake.

Nothing happens by chance, which is sometimes difficult for us to understand and accept. During the spring, Gloria and I observed six geese with their young, about 40 goslings in all, crossing the lawn in search of water to drink. The lawn had recently been watered and there was water draining down the side of the curb which they drank from. They all followed the lead goose as he drank from the curb and only moved forward in procession after he moved.

When I entered the military, they made it very clear that your life was taking on a different order... country, family and God. This was not the order that I was instructed to follow as a young Christian; it was just the opposite. As a young rebel, I didn't follow that instruction of putting God first. When things didn't go my way, I even formed the attitude that God didn't exist.

We can easily become frustrated when we look for something that isn't in its' proper order or place. A wife places her pots and pans in a certain order in the cabinets, just like a mechanic who organizes his tools for easy access. When they are out of order, frustration can set in, affecting our behavior and we may say or do something to vent our annoyance.

Just think how easy most things in life could be if we learned and practiced putting things in their proper order and place. So, let's start today and experience the contentment in bringing order into our lives. Matthew 6:33 NKJV *"But seek first the kingdom of God and His righteousness, and all these things shall be added to you."*

If you are in need of friendship, you can find it in our Chapel. Please join us at the Villages Community Chapel in Cribari Auditorium every Sunday at 10 a.m. to be encouraged over the Word, and enjoy a cup of coffee and cookies with friends.

You can view our worship services on YouTube at Villages Community Chapel San Jose, CA.

'The Kingdom of Heaven is at Hand' (Mt. 4:12-23)

3rd Sunday of Ordinary Time

By Irene Groot

We know very little about Jesus' first 30 years of life. It was only after learning John the Baptist had been arrested that Jesus emerged from the obscurity of His life in Nazareth, and moved to Capernaum to begin His public ministry. What message did he first preach to the crowds? It was exactly the same as that of John the Baptist (Mt 3:2). The Lord even used John's words, "Repent because the kingdom of Heaven is at hand!" (Mt 4:17).

From the beginning of his ministry, Jesus, like John, linked entering Heaven to repentance. What is repentance? It is sorrow for what we have done wrong or good left undone. Where does sorrow for sin originate? It begins in self-knowledge that is generally attained via examining one's conscience. Understood in a spiritual sense, an examination of conscience resembles identifying and rooting out weeds. St. Teresa of Avila taught, "Self knowledge is so important that, even if you were raised right up to the heavens, I should like you never to relax your cultivation of it."

Practically speaking, how do we examine our consciences without turning the process into some sort of neurotic obsession? After all, Jesus intended repentance to lead us into the total happiness of Heaven, not to drive us crazy. The Church offers various methods. For those who don't examine their consciences regularly, one helpful method is using lists. Pick one or more of the following lists: 10 Commandments, 7 Deadly Sins, the theological and moral virtues, 12 fruits of the Holy Spirit, 7 corporal and spiritual works of mercy, 8 Beatitudes, or the elements of authentic love enumerated in 1 Cor 13. Write down the list(s), highlight what pertains to you, and cross out what doesn't. The process should yield insight into areas in possible need of repentance.

After self-examination, what next? For Catholics who recognize and repent of their sins, the answer is Confession (Sacrament of Reconciliation) where we express sorrow (repentance) for sins, promise to amend, and ask God's forgiveness through the priest (Jn 20:22-23). In the words of Pope Benedict XVI, *"Holiness does not consist in not making mistakes or never sinning. Holiness grows with a capacity for conversion, repentance, willingness to begin again."*

At St. Francis of Assisi, Confessions are available every Saturday from 11 a.m. to 12 p.m. If you haven't been to Confession in ages and are unsure of the ritual, simply ask the priest to walk you through the simple steps. Take advantage of the sacrament while you can—for the kingdom of Heaven is *"nearer today than when we first believed."* (Rm 13:11)

EPISCOPAL

'What Peter Knew'

By The Very Rev. Julia McCray-Goldsmith, Dean of Trinity Cathedral

January 18 is the day when many Christian churches, including my own, remember the Confession of St. Peter. This refers to an episode in which the Apostle Peter proclaimed Jesus to be the Christ (the Jewish Messiah). The proclamation is recounted in all three of the Synoptic Gospels: Matthew 16:13–20, Mark 8:27–30 and Luke 9:18–21. Because of that, it's considered a foundational statement about the identity of Jesus. And the words, invaluable to the church for the next two millennia, came from the mouth of the most impulsive of disciples!

We know what we know, when we know it. In my experience as a pastor, this is more true than not. We have all been loved by God, met personally by God, transformed by God. Sometimes we have words to describe these sacred encounters; sometimes all we can do is fall silent in wonder. It's our common story, whether we feel called to proclaim it aloud or not. We may not all become apostles—which means "sent ones"—in the same way as Peter. And that's probably a good thing! As the Bible records it, Peter was a bit unfiltered in terms of what he said and didn't. But he knew what he knew, and—when the right time came, he wasn't shy to say it. His honesty made all the difference for the Church, and leads me to wonder: what would our own holy truth-telling make possible?

18-HOLE WOMEN

SWINGERS

By Loanne Rube

A break in the weather cavalcade of atmospheric rivers allowed 20 intrepid women to post scores this Thursday. It was cold. The course was wet if not soggy. There were multiple obstacles of downed trees, coned off areas marking hanging “widow maker” branches, and lots of workers cleaning up debris, but the course was playable under red flag conditions. Thanks to Scott and the maintenance crews for making that possible. The ladies enjoyed a rain free day punctuated with much laughter, humor and good times. John Yu’s team prepared a warming lunch. It was a great time to get together and enjoy each other’s company. The scores were fair considering the saturated turf and no rollout. Betty Sharps (75) and Donna Quartaro (80) each had low net for the two flights, and Camille Guillodibari (92) and Pam Schramm (98) each had low gross for their respective flight. There was one big winner with Marky Olsen taking home the pot of gold for her chip in on number 12. Well done, Marky! Because of the limited field, the Captain’s trophy has been delayed until next week, January 19.

Marky Olsen

Last week, this cub reporter made an error in publication. The “reveal” luncheon for the theme of the upcoming 2023 Invitational will be held on March 9, the same day as the Captain’s trophy, *not* in early February. Sorry about that. Have a good week. See you at the course.

New member: Welcome Linda Lutschan, one of our newest members of the 18 hole women’s group. A native Californian, Linda was born in Hayward, raised in Castro Valley and worked for 25 years at the Alameda Naval Airbase in the aircraft station rework facility. TENNIS TALK

By Sherry Benz

As tennis players who want to harness every advantage and improve their game, how about adding humor and laughter to your life? Laughing has been shown to improve mental health and may even help your physical health. Some benefits of laughter include:

- Helps keep your heart healthy. Laughter helps increase blood flow and improves how your blood vessels function. It also helps decrease stress, which has a positive effect on heart health.
- Boosts your immune system. Laughter helps trigger the release of tension in your muscles, releases endorphins, reduces blood sugar and decreases stress hormones. This can help strengthen your immune system, which lowers your risk of getting sick.
- Improves your mood. Laughter can help you turn a bad mood around with ease. People who experience anxiety or depression often find that laughter helps lighten their mood.
- Strengthens your relationships. Enjoying a laugh with others helps keep relationships fresh, exciting and fun. Laughter also helps improve communication and may be just what you need to resolve disagreements, hurt and resentment.

So, why wouldn’t we add humor and laughter? Here are a few jokes to start you off:

- Which tennis tournament never closes? The U.S. Open.
- What do you call a girl standing in the middle of a tennis court? Annette
- How many tennis players does it take to change a light bulb? None, because they all say, “What do you mean it was out, it was in!”
- Why should you never fall in love with a tennis player? To them, “Love” means nothing.
- Why did the tennis player charge the net? He ran out of cash.
- Why was the tennis club’s website down? They had problems with their server.
- What is the most depressing thing about tennis? You’ll never be as good as a wall.
- What was the first mention of tennis in the Bible? When Joseph served in Pharaoh’s court.

Slippery, sloppy, and muddy may have been good descriptors for why no one played golf on Tuesday. We knew it was a gamble with all of the rain in the forecast but some of us held out on cancelling until the rain poured down just before tee off. Not a creature was stirring on the golf course Tuesday morning.

We lost dear friend and fellow golfer Marcy Boyles. She passed away following a recent massive stroke. Marcy joined the Swingers in 2017 and quickly became involved in event planning and board activities. Last year, as part of the Annual Invitational Committee, Marcy exceeded the advertising budget goal to set a new record for funding. She was a world traveler and bundle of energy. Marcy loved golf and always had a smile on her face. We will miss her.

Did You Know... Currently, we are playing winter rules when you can lift, clean and place your ball up to six (6) inches from the original spot, just not closer to the hole. You should know that you cannot substitute another ball at this time. If you do, it is a one-stroke penalty. You must play your original ball from tee to green.

Marcy Boyles. She loved golf and her smile, energy and love of life were contagious.

MEN’S GOLF CLUB

By Doug Moore, douglas.moore865@gmail.com

The Men’s 18 Hole Golf Club Frostbite Tournament was regrettably cancelled. That doesn’t happen very often. But it did save all of you the disappointment of finishing second. (That was absolutely uncalled for and I apologize for that.)

Upcoming Events

Next on the agenda is the: **Men’s 18 Hole Golf Club Presidents Day Tournament** on Saturday, February 11, 2023. Four-Man Teams - Tournament open to all Men’s Club 18-hole members. Cha, Cha, Cha - Score 1BB, 2 BB, 3BB per marked scorecards. Signups conclude on February 9, so there is still time to get your teams together. What are you waiting for... let’s do this!

2023 Men’s 18 Hole Golf Club Member/ Member—The next tournament in the queue will be the 2023 Member /Member. This is scheduled for the 10th, 11th, and 12th of March. The 2 Man Team sign ups started on January 14 and are limited to the first 48 teams. If you want to participate in this event you must sign up in the Pro Shop, in person. This always fills up and continues to be one of the favorite events of the year.

Golf Thoughts: From Mike Bailey’s book “I wish I Could Play my Normal Game – Just Once.”

- Because bad shots come in groups of three, a fourth bad shot is actually the beginning of the next group of three.

- No one with funny head covers ever-broke par.

Also, remember to visit our website at villagesgolfers.com for the latest Men’s Golf Club information.

FROM THE PRO

By Scott Steele, PGA Head Golf Professional

Golf Course Conditions – Daily Status – Recent Weather—We want to thank you for your patience over the last 2+ weeks through the multitude of torrential storms and resultant challenges we have faced on the golf courses and at the Driving Range. We will always try to get the golf courses playable as soon as possible after a severe weather event. But our main goal is the safety and wellbeing of our Villages resident golfers and their guests; and at times Mother Nature temporarily forces us to react accordingly. The Driving Range can become over-saturated very easily, so after substantial rain events, we will often keep the Driving Range closed so that range balls do not plug into the saturated landing area and also because we cannot roll the ball sweeper on the range due to its heavy weight and the chance that it will get stuck. We hope you understand. Thank you again for your cooperation. Big picture – we really do need the rain!

Golf Rules to be Aware Of – Post Storm Conditions—Due to the recent storms, you might find some unusual circumstances when playing golf.

Temporary Water is defined as a large puddle or an accumulation of water that is not in a penalty area and is apparent before or after the golfer takes his/her stance. If your ball enters such an area, you are entitled to free relief defined as one club-length completely clear of the water, no nearer the hole. The ball may be cleaned and must be dropped. If the temporary water is in a sand bunker, you may take the same relief, and your ball must remain in the bunker.

Large Fallen Limbs – if your ball comes to rest amongst an area of large or accumulated large fallen limbs and debris that is not removable, you may take free relief defined as one club length completely clear of the limbs or debris pile, no nearer the hole. The ball may be cleaned and must be dropped.

Maintenance Hotline and Daily Flag System— It's a good idea to stay informed now that the weather is more unpredictable. The Golf Course Maintenance Hotline and our colored Flag system is available for just that purpose. Each morning golf course maintenance will update the Maintenance Hotline to let you know about course conditions, cart access status and any maintenance going on that day. Please call 408-223-4663 to access the daily Maintenance Hotline.

Also, each day the colored flag at the driving range will be updated to reflect each day's course conditions according to the following color codes:

Green Flag – carts are permitted on the golf course as normal

Red Flag – carts are restricted to the cart paths only

Yellow Flag – frost delay – golf play suspended until further notice

Black Flag – all golf facilities closed due to dangerous conditions

New in the Pro Shop—Women's lifestyle and golf apparel from Greg Norman Company – fashion for the active lifestyle. Men's and Women's logo rainsuits from Sun Mountain Sports – seam sealed and completely waterproof

New in the Pro Shop—Women's lifestyle and golf apparel from Greg Norman Company – fashion for the active lifestyle. Taylor Made Tour Response jar balls with their next-gen colored stripe technology to help you aim your putts. Callaway bucket waterproof rain hats and warm winter earmuffs. Titleist winter beanie hats to keep your head warm on those cold winter days.

Pro Shop Sale Items—Srixon Soft Feel Balls – Buy 2 Dozen Get 1 Dozen free. Villages logo golf bags – Buy a bag, receive one free round of golf.

50% off Table of assorted items. 50% off Men's & Women's Clothing Racks.

Roped Off Areas on Golf Course—The large fairway areas that are currently roped off on Holes #1, #5, #8 and #9 are NO CARTS areas. They are not ground under repair; so you must play your ball from where it lies within those roped off areas. But please do not drive your carts in those areas. Thank you!

Golf Carts – Golf Course Conditions—A few things to remember regarding golf cart policies on the golf course. Please follow these standards to help maintain our course conditions and the quality of the turf that we play on. Thank you for your cooperation!

1. If there are holes that are labeled as cart path only due to recent inclement weather – please do not drive your carts on the turf on those holes to avoid turf damage and cart tire ruts on playable areas. The Pro Shop will provide you a list of cart path only holes when applicable so that you can remember which holes are restricted as you play your round.
2. If your tee shot comes to rest in the first 1/3 of the hole, please enter the hole through the entrance gates.
3. If your tee shot comes to rest in the second 2/3 of the hole, please enter the hole using the 90-degree rule...drive on the cart path until you are parallel to your ball, then drive to your ball at a 90-degree angle.
4. Once you hit your second shot, please stay in the fairway and proceed from shot to shot driving in the fairway, avoiding driving in the rough.
5. Please keep your golf cart a minimum of 30 feet from the green fringe and never drive inside the bunkers or on greenside mounding.

6. Please exit every hole through the exit gates and stay on the cart path as you transition from hole to hole.

7. Please consider consolidating to two carts per group and two riders per cart to reduce overall cart traffic and resultant stresses to the turf.

Tips from the Pro— Tee It High and Let It Fly High...

This is the time of year when the turf will be wet and soft and your ball will not get much roll on the fairways or in the rough. It will tend to come to rest where it lands or only a few yards from where it lands. So a low ball hitter off the tee is at a disadvantage. The best thing to do is to try to hit your tee ball higher so that it will carry further, and not rely on your normal amount of roll for your furthest potential distance.

Here are a few tips that might help you hit it higher off the tee:

1. Loft up your driver – if you have a modern driver that has adjustable loft – loft it up to 11 or 12 degrees – this will help you attain a high launch pattern off the tee

2. Use a lower compression golf ball – a lower compression golf ball will compress more off the clubface and produce a higher and longer ball flight – try a Srixon Soft Feel, and Titleist Tru Feel, a Callaway Super Soft or a Taylor Made Soft Response or Distance Plus – there are all lower compression golf balls that will be easier to move higher and longer on cold and wet conditions

3. Tee your ball up high – try using a 3.25 or 3.5 inch tee and tee your ball up nice and high – this will allow you to hit up and under the ball more easily creating a high ball flight with more carry distance. A ball teed up lower tend to go lower as you have to hit down on it more to make solid contact.

4. Play the ball more forward in your stance – positioning the ball well forward in your stance like even with your left toe (right toe for lefties) will help you to catch the ball on the ascending arc of the swing therefore creating a high launch and with less spin

5. Tilt your right shoulder down (left shoulder for lefties) – Creating more front to back shoulder tilt at address will help you to hit up in the ball with your driver which maximizes launch angle - This combined with a high tee will really help you to get the ball up in the air and maximize your carry distance

Let us know if these tips help. To sign up for a lesson with me, email ssteele@the-villages.com

Golf Cart Yellow Lines Initiative

As part of the Villages continuing Culture of Care initiative for our 18-Hole golf course, in January of 2023 we will begin the installation of yellow ground paint lines in front of the green complexes to clearly define the 30-foot golf cart restriction area at each green as prescribed in Golf Rule 1.14 Section 8-J:

8-J. Carts are to be kept on the cart path around all green complexes and teeing grounds. Carts must be kept a minimum of 30-feet from the green apron and are not permitted within the perimeter of greenside bunkers.

The yellow lines will take the place of stakes and ropes and serve as a visual reference point defining where golf carts cannot advance any closer to the green apron according to the 30-foot perimeter mandate in Rule 1.14, Section 8-J.

The golf course yellow lines

The former use of stakes and ropes for this purpose proved to be a challenge due to the following factors: Visually and aesthetically unappealing - Unsightly

Physical hindrance to golf shots - Formed an obstruction for advancing golf balls

Labor intensive - stakes and ropes were constantly moved, removed, and knocked down

Expense - the cost of attaining enough stakes and rope for each hole is very high

The yellow ground lines will serve as a better option than stakes and roping for the following reasons: Less Obtrusive - yellow ground lines will not create an above ground obstruction to golf shots approaching the green

Aesthetically Subtle - yellow ground lines will be more visually appealing than above ground stakes and roping

Permanence - yellow ground lines cannot be moved, knocked over or completely removed

It is important for the condition of the green complexes and associated turf to keep cart traffic a minimum of 30-feet from each green apron and outside the perimeter of the greenside bunkers. Cart traffic allowed too close to the greens damages turf, creates unsightly tire ruts and results in unfavorable playing conditions as the turf becomes thin, compacted, compressed and, in some cases, permanently damaged.

Adopt-A-Green Initiative

At The Villages we pride ourselves in maintaining excellent golf course playing conditions. And the greens are a major focus of course conditions.

Toward that end, in January we are starting an "Adopt a Green" initiative for all resident golfers as a part of our continuing Culture of Care initiative.

The premise is simple - each resident golfer will be assigned a green(s) according to the first letter of their surname. Whenever you play, you will be asked to repair as many ball marks as possible on the green(s) to which you are assigned.

And remember to always repair your personal ball marks on every green played as well.

We encourage you to start repairing your assigned green(s) as soon as possible. We thank you for your efforts... This will make golf at The Villages more enjoyable for all!

SHONIS

By Betty Hall

The Shonis didn't get to golf last week but we did consider getting together to build an ark. Looking ahead, next week might not be a golfing day either. No matter. We have the rest of the year to look forward to great golf at the Villages.

The Shonis are going to participate in the Culture of Care of adopting a green on the Par 3 course. Starting with our February 7th outing, the Shonis will be inspecting and repairing any ball marks on each green as we finish our shotgun round on Tuesdays. So each green will be checked as we finish and this will benefit us and the Par 3 course. **Stay well. Stay safe.**

IRONMEN

By Bill Travis and Jerry Juracich

The Ironmen are in afternoon play currently gathering every Thursday afternoon at 2 p.m. with a shotgun start, sweeps, birdie pool, and closest to the pin. This past Thursday, January 12, 2023, the weather and course conditions forced another cancellation, so no results to report.

Winter Season Readiness

The winter season is here and bringing along cold air conditions, rain, and windstorms. (Winter officially began December 21 and will end March 20.)

Maintenance staff takes proactive measures before storms and responds to urgent needs during and after storms. Staff and licensed contractors clear storm drains in the common area and clear streets and gutters, downspouts, and roofs of debris. In addition, to minimize potential flood conditions, staff inspects and removes vegetation and clears drains at the three creek corridors. Furthermore, at Association and Club water features, staff inspects water fill levels and maintains overall conditions.

For safer conditions near your home, it is important to be prepared and to respond to winter related conditions. You can take the following precautions and action to keep your home in a safer condition:

How May I Prepare for the Winter Season?

1. Periodically inspect and service your heating mechanical system (using qualified contractor services).
2. Periodically inspect and service your fireplace (using qualified contractor services).
3. Periodically inspect and service your skylight, sun tunnels and sunrooms (using qualified contractor services).
4. As needed, replace weather stripping at entry doors, garage doors and patio doors.
5. Keep exterior windows and doors closed during wind and rain storms.
6. As applicable, secure shade umbrellas and retract all awnings during windy conditions.
7. Periodically inspect and service **owner-maintained** patio covers, gutters and downspouts (using qualified contractor services).
8. For Association condo homes, if there are areas near your home that experience water entry, please contact Maintenance Services at 408-223-4670 or workorder@the-villages.com. Staff will create a work order for inspection and, as needed, take corrective measures. Depending upon the incident, staff will provide and use sandbags.
9. For single-family homes and for Association condo homes, as desired, you may locate and stage sandbags ahead of time. Valley Water and the City of San Jose offer free filled sandbags for residents of Santa Clara County. Several pickup sites are open from late November through April each season. The nearest pickup sites in San Jose are at:
 - The City Central Service Yard, 1661 Senter Road at Phelan Ave., San Jose, CA 95122.
 - The Valley Water Winfield Warehouse, 5905 Winfield Blvd., between Blossom Hill Rd. and Coleman Ave. Sandbag pickup street access only.

How to Respond to Winter Weather Incidents?

1. For Association condo homes, if water enters your home through doors, walls, floors, ceilings or other ways, please contact Maintenance Services at 408-223-4670 or workorder@the-villages.com. After hours, contact Public Safety at 408-223-4665. We will do our best to respond in a timely manner and with appropriate resources.
2. If any significant tree branches or trees fall onto your home or other property, contact Maintenance Services at 408-223-4670. After hours, contact Public Safety at 408-223-4665. We will dispatch crews to safely remove the tree debris and, as needed, perform repairs.

Coyote reminder and tips

Coyotes may try to escort walkers out of an area to protect their pups or food sources when encountered on a trail or street. Humans may perceive this behavior as stalking, which is usually not the case. They may also view your pet as prey. To allow coyotes to be wild while keeping yourself and pets safe, please follow these pointers:

- Never feed coyotes—it is illegal to feed coyotes in most places. Feeding endangers your family and neighbors because it lures coyotes into neighborhoods.
- Keep unattended cats and dogs indoors or in completely enclosed runs, especially at night, and do not assume that a fence will keep a coyote out of your backyard.
- Accompany your leashed pet outside. Make sure you turn on lights if it is dark to check your backyard for unexpected wildlife.
- **Keep dogs on short leashes while walking outside; the Division of Wildlife recommends a leash no longer than 6 feet.**
- Keep noisemakers on hand to scare away coyotes that may enter your yard. Some examples of noise makers are whistles, horns or metal cans with small rocks or coins that rattle.
- Never run away or turn your back on a coyote.
- Do not allow a coyote to get between you and your pet or child—keep children close to you.
- Yell, clap hands, blow a whistle or rattle a can and try to make yourself look larger if you have a close encounter with a coyote.
- An empty soda can with pennies sealed with duct tape makes a very good noise maker when shaken.

Reminder to all small pet owners: A recent rise in coyote aggression has been seen with small dogs, most unleashed. **Please always leash your pets. Keep leashes short.** Coyotes will try to get between you and your pet if the leash is extended far enough. Coyotes are known to attack leashed dogs when the owner gets distracted. Please stay cautious and aware of your surroundings when cleaning up after your pet, talking to a neighbor, checking the mail, etc. Coyotes are opportunists and may make their attacks when you are not paying attention.

Carry a noise maker and always be alert. Use caution when walking past wooded areas, hiding spots between homes, and the golf course. They are widespread in The Villages and can truly be anywhere.

There is no way to completely eliminate coyotes from The Villages, so always use caution when walking, especially with pets. Also, coyotes tend to be most active around sunrise and sunset. Pick different times for walks.

Please report all coyote sightings to Public Safety and Vector Control at the email addresses listed below.

Report Coyote Activity

Please report all coyote sightings to Public Safety and Vector Control at the following email addresses:

- Director of Public Safety Steve Norden at snorden@the-villages.com and include in email the location day and time of the sighting.
- Contact for Vector Control is Vector.sccgov.org/home. Residents can use this to report coyote / wildlife incidents directly to the county.

OBITUARY

Marcy Boyles

April 23, 1947 – January 10, 2023

Martha Jane Boyles made the transition from this world to the next at the top of her game. An avid golfer, traveler and life of every party, Marcy had just come home from a gathering when she suffered a stroke at home.

Marcy was born April 23, 1947, growing up in Paso Robles and retiring at The Villages in San Jose.

Marcy was a kindergarten teacher, new teacher advisor and a very busy and popular substitute teacher teaching throughout retirement. She loved teaching and she always said, "I can't believe they pay me to do what I love." Marcy found a community at The Villages where she actively participated in golfing (recently reveling in her Hole in One), water aerobics and volunteering among other countless activities. Marcy never found a trip she did not want to take, always having her bags packed and ready for an adventure. Marcy and Rob went on every trip she could get her hands on across the globe, just recently in the last year going to Hawaii, the Churchill

Polar Bear Expedition and the Christmas Markets in Europe.

Marcy is survived by her loving husband Rob Boyles, her only child Michelle Gracon and Michelle's husband Todd Gracon and her three beloved grandchildren Bryce (18), Sadie (16) and Paige (13). She will be missed by Rob's daughter Kelly and her wife Dee, and his son Steve and Steve's daughter Isla.

A celebration of life will be held at The Villages Auditorium at 2:30 p.m. on Sunday, February 5, 2023. All who wish to celebrate her life are invited. Marcy was a colorful and vibrant soul and in honor of that we ask you to wear your most colorful and vibrant clothing. Let's make Marcy smile!

Doug left Blacksburg, South Carolina to fulfill a ROTC obligation in New Mexico and graduate school at Stanford. He fell in love with California and found endless pleasure in exploring the beauty of the state, concerts and live music everywhere.

Pat and Doug moved into Olivas in 1993. Pat passed away in 1996. He met Reine Fedor and married her in 2010. They filled their 14 years together introducing each other to favorite places and people they loved. It was a wonderful extra inning to life.

Doug leaves his daughters, Kelly Turner and Kim Turner (Richard Lange), his granddaughters, Kelsey Bean Clayton (Kelvon Clayton) and Samantha Bean and great-grandchildren, Jaylin and Milo. Within his blended family he leaves David (Katherine), Jason and Emily Fedor.

A life-long volunteer, she was active with the Assistance

Friends and family will always remember Sheila for her unmatched sense of humor and light-heartedness. A loyal friend, devoted sister, and loving mother and grandmother, she brought levity and laughter wherever she went.

Stay informed and be prepared during inclement weather

With the current high winds and heavy rainstorms sweeping across the Bay Area, it is important to stay informed and be prepared at The Villages Golf and Country Club.

What is happening?

Due to current storm weather and adverse conditions, high winds and heavy rain are impacting The Villages. The wind speeds and the rainfall are typically greater at higher elevations. At The Villages, the grounds are highly saturated due to the continued heavy rainfall. This condition leads to vulnerable conditions for trees during high winds. Furthermore, the winds and rainfall combined create falling debris conditions at the ground and street surfaces, roof structures, and impacts to storm water drainage.

As reported, The Villages Maintenance staff is taking proactive measures before storms and responding to urgent needs during and after storms. Staff and licensed contractors clear storm drains in the common area, clear streets and gutters, downspouts, and roofs of debris. In addition, to minimize potential flood conditions, staff inspects and removes vegetation and clears drains at the creek corridors and inspects water fill levels at water features.

Currently, throughout The Villages properties, we find increased tree and vegetation debris, trees falling, roof gutter backups, and storm drains backups. Given the weather forecast through January, we anticipate more storm-related weather conditions and impacts to continue.

Staff is here to help

Safety incidents related to these weather-related conditions are staff and contractor resources high priority. We are assessing reports and conditions for immediate response. Please contact Maintenance Services at 408-223-4670 or workorder@the-villages.com

After hours, contact Public Safety at 408-223-4665. Thank you in advance for the incident reports to Maintenance Services and Public Safety.

For safer conditions at your home, be aware of your surroundings and continue to report any incidents related to excessive debris, fallen trees, gutter backups and ground and street storm backups. For protection, consider parking vehicles and golf carts in garages or carports. Please drive safely and watch out for maintenance and landscape crews and equipment along streets.

As usual, we are creating work orders to address all maintenance needs and will address them in terms of given weather-related priorities. Rest assured, we will address each one based on priority and when time permits.

Closures

Due to weather conditions, closures may be in place at facilities, including the golf course and cart and walking paths, trails, streets and buildings. Please review announcements via FastLane, *The Villager* or other communications.
