Snow dusts the Hill Lands during February storms

Snow levels fell to unusual low elevations during the series of late-February storms that brought more moisture to an already saturated Bay Area. This year the front range of the Diablo Mountains was dusted with snow, giving The Villages a gorgeous panoramic backdrop of green and white winter wonder.

Matt Mahan makes his mark at Clubhouse

The turnout was impressive at the Senior Academy's recent appearance of San Jose's new Mayor Matt Mahan. Also impressive was our new Mayor's performance as he related how he got from being a blue-collar Watsonville teenager to his leadership of the nation's 10th largest city.

Extra chairs were needed to accommodate the 275 residents who turned out to watch Mahan respond to questions on a broad range of topics—an encouraging start for Mahan's two-year term.

Operating Financial Commentary for the Month of January 2023

Club Operating Statement Review

For the month of January 2023

Total revenue was \$4,500 (0.4 percent) unfavorable to the budget of \$1,055,700. The most significant favorable to budget revenue category was food sales with a positive budget variance of \$53,500, or 51 percent higher than budget (actual \$158,500 vs. budget of \$105,000). Compared to January 2022, food sales were up 39 percent. Also notable as favorable to budget was advertising income with a positive variance of \$3,500 (actual \$17,100 vs. budget of \$13,700). With 17 days of rainy weather during the month, green fee revenue suffered, producing a negative budget variance of \$45,900 for the month (down 42 percent from the budget of \$109,600). All other golf related revenue categories were below budget as well. Additionally, resale administration fees were down \$5,100 (68 percent) compared to the budget of \$7,500.

Total expenses were \$13,600 favorable to budget, or 1.2 percent less than the budget of \$1,092,000. The most significant favorable to budget expense category was employee expenses, with a positive variance of \$18,900, or 2.5 percent (actual \$744,200 vs. budget of \$763,100). Many vacant job positions that were open for extended periods of time have been filled. Other notable favorable to budget expense categories for the month were as follows: 1) chemical supplies (actual \$1,900 vs. budget of \$12,300) due to timing on the golf course, 2) Comcast expense (actual \$84,000 vs. budget of \$92,400) due to new contract less than budget, and 3) postage & delivery expenses (actual \$4,000 vs. budget of \$8,600) due to timing of the telephone directory delivery. Highlights of unfavorable to budget expense categories were the following: 1) food cost of sales (actual \$54,800 vs. budget of \$32,000) due to higher sales volume and increasing food costs, 2) planting and miscellaneous landscape expenses (actual \$11,900 vs. budget of \$3,700) due to dead tree removals behind Corporation Yard, and 3) advertising/promotion (actual \$4,400 vs. budget of \$600) for BOGO promotion in the Bistro, offset by higher food sales, and 4) electricity expenses (actual \$27,500 vs. budget of \$22,900).

The net positive operating budget variance for the month of January was \$9,100. See table below.

January 2023 Club Operating Results

	Actual	Budget	Variance
Revenue	\$1,051,200	\$1,055,700	\$-4,500
Expenses	\$1,078,400	\$1,092,000	\$13,600

On February 8 as I was leaving home, I noticed some warning signs saying they had sprayed on February 6 and we were to stay off the lawns with yellow flags. The next day when I spoke with a neighbor she pointed out areas where she observed them spraying and there were no yellow flags. I also observed them spraying and again there were no yellow flags posted. I am particularly upset because last year about this time after spraying, my dog got sick and the vet was concerned that she may have been poisoned. I have no way of knowing if it was caused by the poison they sprayed but please do a better job of posting the areas to be sprayed. In addition, I do not leave my village every day so please post signs several days in advance when the spraying will occur including the date when spraying will start.

EPC: Denial is dangerous

By Arlene Versaw

"Turkey and Syria quake provides chilling reminder." Such was the title of the February 17 San Jose Mercury News editorial and its point was this: Bay area residents tend to disbelieve that such a level of devastation could happen here. But, it warns, "think again." Geologists have identified the Hayward Fault as a "tectonic time bomb," and the California Earthquake Authority said there is a 75-percent chance of a major earthquake here in the next 21 years.

What does this mean to you? Basically, two things: 1) Get your personal emergency plan in place, including actions you can take to reduce the risk of damage; 2) Enroll in the Villages free Emergency Alert system, NIXLE, to receive landline calls and/or texts in the event of an emergency. The best avenue for doing both is through the EPC's website at thevillagesepc.com. There you will find help to develop an effective personal emergency plan and a link to enroll in NIXLE.

It really, truly can happen here. As the Mercury News said: "A severe earthquake along the Hayward Fault is coming." Be prepared. Act now.

THE CLUB BOARD

Club Board President's Message—February 28, 2023

Hello, Villagers! What an amazing sight! We've experienced our own version of a Winter Wonderland last week! So beautiful to see the snow gracing the hillsides that surround The Villages property. In the continuing series of storms, we've lost additional trees, many more fallen tree limbs, and even a light pole on Fairway Drive. Our partners from GMS and BrightView have been quick on the case to perform cleanup duties, and PG&E responded rapidly to replace the toppling light pole. Plus, more storms are on the way. I'm thankful for the rain and snow, knowing that our state's reservoirs are on their own road to recovery from the devastating drought. Thank you to the dedicated Villages Team for its actions in keeping us safe and removing fallen items and responding to a cavalcade of Work Orders as quickly as they can. Temperatures have also continued to be far cooler than normal. Please keep yourselves warm and safe; only three weeks until spring arrives!

Even while Mother Nature may be roaring, you may also have noticed several projects in motion all over The Villages. From the final landscaping work near the pond and stream at Hole #18 on our Championship golf course, to the turf reduction project near the tee boxes on Hole #8, the wonderful cleanup and beautification of the patio area between the Pro Shop and the Bistro, the gorgeous new tile flooring in the entryway to the Clubhouse, roof repairs to the Cribari Center, and the preparations to open the Foothill, Montgomery, and Cribari pools on April 1. The Villages Team is busy making proactive improvements in addition to its quick action to fix problems. One of the key drivers behind setting several projects in motion is our new Director of Capital and Reserve Projects, Ryan Bell. Ryan has jumped in and is already having a tremendously positive impact on moving things forward. Thank you, Ryan!

One of the initiatives that I have recently been invited to participate in, is the overhaul of the IT infrastructure that supports The Villages business operations. Our General Manager, Theresa Ostrander, has already set in motion several IT improvements, including significant upgrades to our primary and secondary network connections, updates to the business telephone systems, necessary upgrades to servers, and beginning evaluations of new software packages that would bring The Villages business systems into the 21st century. I'm gratified to be able to contribute my many decades of IT experience to these projects and am very pleased with the positive progress that is being made. Thank you, Theresa!

We know this time of year is our busiest budget planning period. Most of the heavy lifting involves collecting information, sorting out priorities and projects, wrestling with what to do and when to do it. These are all critical parts of this annual ritual that keeps The Villages running. The Club Board and The Villages Management Team will be working collaboratively to deliver the best possible budget scenario that covers all the basics and enriches our daily and longer-term lives here at The Villages. Stay tuned for updates on the budget process and progress throughout March and April.

As always, the Club Board appreciates hearing the views and ideas of Villagers and we commit to continue to listen to you and address your questions with our "Ask the CBOD" communications channel. We encourage you to write to us!

Finally, we are very happy to continue our positive engagement with the hard-working Villages Senior Staff, and most importantly with our General Manager, Theresa Ostrander. The Club Board recognizes the heavy workload you're all carrying and appreciates the extra efforts and highest levels of professionalism exhibited by the entire staff. Thank you, Theresa, and Team, for your support of the Club Board and all you do for The Villages!

THE ASSOCIATION BOARD

Association President's Report—February 28, 2023

Welcome to the February 2023 Villages Association Board Regular Monthly Meeting.

Back in last July, the Association Board created its goals and objectives for this year. Now that we've completed two thirds of the FY22-23 term, it's a good time to review our progress.

Our three top goals for the year are Fire Safety, Fiscal Management, and Water Conservation. For Fire Safety our objectives are to obtain a professional opinion about fire safety for Valle Vista and implement the recommendations, identify and prioritize other Villages with similar fire safety issues, and partner with the Club and the Homeowners' boards to protect all Villages property. I believe the ABOD has done an excellent job in this area with the hiring of Carol Rice and her recommendations for Valle Vista were prioritized by the Fire Safety Committee and implementation has begun.

Ms. Rice has also already begun surveys of all the other Villages and will be including adjacent Homeowners' and Club property. These surveys will be completed before the end of the fiscal year. The resulting reports will be shared with the Club and Homeowners. The recommendations for each Village will be prioritized by the Fire Safety Committee, and the ABOD will look to use our bulk purchasing power where landscaping and building retrofits can be applied across many villages at the same time.

Our fire safety landscaping projects will have synergy with our water conservation goals, so that all projects can focus on reducing water usage and improving fire resistance at the same time. The process of locating and contracting with a landscape architect/designer to build landscaping plans for each village is underway and we will have the evaluation work in progress before the end of the year.

Implementing these projects will be a multi-year effort both in terms of the scope of the work to be done and in terms of incrementally funding them each year. The better the job we do now in the analysis and planning stage will result in the best outcomes and lowest costs over many years.

Next month I'll look at our progress toward our Financial and Water Conservation goals.

There is still about a month for condo owners to put their hats in the ring to be an Association Board Director. Talk to your friends, talk to the current directors, think about learning more about how The Villages operates and how you can contribute to the Association mission—To Protect, Maintain, and Enhance the common property of its members.

Best regards,

—David Cook, Villages Association President

SRS reminder:

Reverse mortgage broker handout

The SRS office has an updated list of brokers who have obtained reverse mortgages for Villagers. As the list indicates, the names are for your convenience, and we make no personal recommendations. Please stop by the office if you would like a copy.

All on the list are very willing to make house calls.

The Homeowners' Corporation needs you

Did you just move to The Villages and are looking for a way to meet people and be involved in the community? Are you recently retired and ready to join the many volunteers that help make The Villages the community we all enjoy? Have you lived in The Villages for some time, but haven't found a volunteer job that interests you?

The Homeowners' Corporation Board of Directors has a volunteer opportunity for you. The Architectural Control Committee (ACC) has openings for associate members. This committee is comprised of single-family homeowners and has the responsibility of reviewing homeowner applications to make changes to the exterior of their property. Serving on the committee is a great way to get to know all five Villages that contain single-family homes and to help your neighbors through the process of applying to the ACC.

The committee consists of three voting members and an unspecified number of associate members. The committee meets once a month on the first Thursday of the month at 3 p.m. in the Cribari Conference Room.

If you are interested in learning more, contact ACC Chair Morton Cordell, 408-622-4469, morton@sra-usa.com, CFO/ACC Liaison Rob Kirschbaum, 261-960-4820, newadventure@comcast.net, or Homeowners' Corporation Board President Teddy Morse, 408-394-5229, theodoramorse@outlook.com.

Missed your Villager?

If you missed delivery of your weekly copy of *The Villager*, please call 408-223-4655 after 11:30 a.m. to report it.

You may pick up a replacement copy of your paper at the newsstand at the entrance of Building B or go online to the Villages website—www.thevillagesgcc.com—and download the current and past editions to your computer.

Proposed Changes to Club Rule 1.14 Golf Facilities

At the January 31, 2023, monthly board meeting, the Board approved for 30-day member notice proposed changes to Rule 1.14 Golf Facilities prior to formal approval consideration at the March 28, 2023, board meeting.

Special note: Prior publications of these proposed changes indicated changes to 9.A, which should have been changes to 8.A. – the language and context of the changes were correct, the error was in the numbering. In addition, publication of the newly added Paragraph 14 to the rule was inadvertently omitted. Both of these errors have been corrected and are hereby published and meet the requirements of the rules changes process and comply with the Board's formal approval consideration date of March 28, 2023.

As earlier published, Rules Committee Chair Frank Langben reports, the purpose of changes to 6.I and 8.A of Rule 1.14 Golf Facilities is to require that two riders be in each golf cart which follows the recommendation of the Villages Golf Committee, the Club Board, and will reduce wear on the golf course and save on maintenance costs.

The second inserted sentence to 8.A gives the Director of Golf the authority to make exceptions, such as a group of three golfers playing in two carts. The third inserted sentence to 8.A allows the Director of Golf to mandate single riders in each cart, if necessary, in the future without changing the rule again.

The purpose of adding Paragraph 14 is at the request of the Club Board Ad Hoc Policy Committee to take the identical language on golf tournament green fees from VGCC Board Policy CPo 312 and add it, instead, to Rule 1.14.

~~Deleted text~~ is shown with strike-through text.

Inserted text is shown with underlined text.

The proposed changes are as follows:

6. Golf Course Rules and Etiquette

I. The Pace of Play guideline at The Villages is 4-hours for 18-Holes and 2-hours for 9-Holes. Golfers are asked to play Ready Golf at all times. ~~Golfers are asked to use individual carts to assist in maintaining pace.~~

8. Golf Carts

A. ~~It is recommended, to maximize pace of play, and to maximize the enjoyment of all golfers, that residents play with one rider per cart whenever possible. Residents are permitted to ride together in one cart if they so choose, but must maintain the daily pace of play.~~

A. Residents must play with two riders in each cart. The Director of Golf may grant exceptions. The Director of Golf may require one rider per cart for pandemic or health concerns. Residents must maintain the daily pace of play.

14. Selected Tournament Fees

Resident green fees in effect on the date of the event shall be the authorized green fees charged for resident and guest participants in the following tournaments held in that calendar year.

• Men's Club, Women's 18-Hole Association, Swingers Invitational Tournaments

• Men's Club Home & Home Tournaments

• Team Play – Men's Club NCGA, Women's Valley League,

Women's Mid Pen, Women's Silicon Valley League

• Swingers Exchange Day

• WGANC & WNHGA Open Days

Response to the proposed rule changes may be made by one or more of the following methods: 1) Participation in the discussion of the changes at the February 28, and March 28, 2023, board meetings, 2) via e-mail (jmeadows@the-villages.com) with comments sent to the General Manager's office at least seven days prior to the board meetings, or 3) via written comments to the General Manager's office (Business Administration Building A) delivered at least seven days prior to the aforementioned board meetings. Comments already submitted do not have to be resubmitted.

The following events are sponsored by the Community Activities Department. Please telephone 408-223-4643 for additional information.

Building B business hours

The Community Activities office in Building B is open for walk-ins Monday to Friday 8:30 a.m. – noon and from 1 p.m. to 4 p.m.

Survey results are in: Resident Trip Interests

In the recent Community Activities Survey we asked participants the following: “What kind of trip type are you interested in? Please choose your top three interests.”

Fourteen possible interests were provided, and participants also had the opportunity to write in additional responses or clarify their answer. Respondents who chose more than three answers and gave us permission to contact them regarding the survey were provided with the opportunity to update their answer by this past Friday. Respondents who chose more than three answers and did not give us permission to contact them or who did not meet the above deadline had their answers for this question excluded; their other survey responses were not affected.

Total Respondents: 133 (119 online surveys and 14 paper surveys)
Respondents Who Skipped this Question: 2
Respondents Who Were Excluded: 37
Usable Responses for this Question: 96
Theater/Performance Art = 76
History = 31
Music = 25
Art = 24
Agritourism = 22

Animal/Nature Viewing, Learning About Different Cultures, and Sports/Games (3-way tie!) = 20

Science/Tech = 10

Architecture and Shopping (2-way tie!) = 8

Industry = 5

Dance and Transportation (2-way tie!) = 2

Theater/Performance Art received the most responses, a whopping 75 percent of respondents chose it from amongst the provided options. Regardless of how your particular interest fared, it will most likely be included in our programming at some point because many trips cross over multiple categories. Thank you to all who participated in the survey.

When will we go to the theater again?

Community Activities has put a hold on trips to any indoor venue where there is assigned seating (theaters, concert halls, some arenas, etc.) because of concern over contracting illness. Even now our department receives cancellations and hears resident concerns regarding illness for events happening inside our gates, let alone beyond them in the greater population. Our preference for the health of residents and staff is to patronize outdoor venues or indoor venues where Villagers can choose to distance themselves from anyone whom they feel might be ill.

However, even before the results of the survey were in, we were committed to reevaluate our stance once flu season is over, so stay tuned for a possible change in programming. In the meantime, outdoor theater venues have begun posting their schedules and we will be attending at least one performance later this year.

What are Some of the Biggest Takeaways from Write-in Responses?

- 1) Should we decide to do another survey like this, we should make Gambling an interest category.
- 2) Museums, museums, museums. Luckily, we have so many to choose from in the Bay Area.
- 3) Sports events other than Giants games. In all transparency, sports interest can vary greatly depending on a particular game and our department had to cancel many trips due to lack of interest last year so we will tread cautiously here.
- 4) Food and alcohol tours. Were you hungry or thirsty when taking the survey?
- 5) Villagers are animal lovers!

Colleen Mirassou to present at Arts & Crafts meeting

By Barbara Gottesman

Colleen Mirassou will display and discuss her 3-D art called "Assemblage" at the regular Monthly Membership Meeting of Arts & Crafts on Monday, March 6, in Cribari Conference Room at 1:45 pm.

Colleen's unusual approach to sculptural art includes materials she has found such as a bird's nest, hundreds of acorns stored by squirrels in her chimney piece and other unusual materials. She has a life-sized torso of Frida Kahlo mounted on chicken wire.

Colleen's roots are deep in San Jose where her family operated Mirassou Winery, but she moved to Los Angeles as an adult. Her Assemblage artwork blossomed there as part of group, which experimented with new materials. She moved back and now lives in The Villages where she is an active member of Arts & Crafts. She exhibits at Art Bias in San Carlos where she has her studio. A recognized collage master, she has also taught mask-making for Villagers and plans to do another class in the fall.

The order of business for the March 6 meeting includes short announcements by President Jan Alleman, Colleen's presentation, and, after the presentation, Art in the Park contracts by Diane Finley and her team.

You may also view the entries in our Annual Members Juried Show which will be mounted on two walls.

Take Beginning Drawing with Ciel Duke

Have you always wanted to be able to draw? Are you thinking that The Villages is the perfect place to take up Art as a hobby? Well, here's your opportunity to get in on the ground floor! Popular art teacher Ciel Duke is offering a Beginning Drawing class starting Thursday, March 16. "All art is based on the ability to draw. This four-week series of classes will cover all the basics, preparing you to continue in Art with a good foundation," according to Ciel. "As you advance to watercolor painting, ceramics, oils or acrylics, a solid drawing foundation is a must."

Ciel refutes the claim that art ability is a talent. "It is a skill," she said, "that requires hours of practice, like all other acquired skills. The trick is to start at the very beginning, honing your natural ability to see, along with experimenting with a variety of subject matter and mediums."

This Beginning Drawing class will cover Contour Drawing, Pencil Techniques, using Line and Negative Space, Creating Realism, and Basic Portraiture.

Classes will be on Thursdays, 10:30 a.m. – 12:30 p.m. in the Art Room in Cribari Center. All materials are included. Fee is \$110.

Register at barb.gottesman@gmail.com Ciel's classes are popular and fun...and they fill up quickly, so register soon!

Thanks for contributing to Arts and Crafts Annual Members Juried Art Show

By Michael Sunzeri

We saw a lot of happy faces on February 23 in the Cribari Conference room. Our Annual Members Juried Show was well attended with about 60 artists and visitors. Many thanks to all who attended, and we hope you enjoyed the exhibit and the variety of art displayed. If you did not attend but want to see the art, you can find photos on our website at villagesartsandcrafts.org. Our Jurist, Candy Yu, contemplated each and every entry with scrutiny and a discerning eye. Admittedly, she notes, that there were hard

choices to be made. Had there been more awards to be given, she heavily considered several other entries.

So a big thank to all the artists who participated. Outsiders always talk up Villages artists. Please keep up the great art always, and please encourage all artists to engage in this once-a-year exhibit.

Our Blue ribbon goes to Jane Hink for her oil painting titled Merced River Memories. Many thanks to all who participated and helped with the success of this exhibit. Gratitude to Colleen Mirassou, Ruth Keiser, Susan Sunzeri, Doug Canepa, Karen Amicarelli, Kathy Warren, Ping Xia, Manoli Kelly, and Barbara Gottesman for posting on our website. At the last minute, others stepped in to help finish up the day.

Keep yourselves informed for all upcoming events and exhibits by following the Villager, our website, and the Fast Lane. Our next big event will be Art in the Park on Saturday, April 22 at Gazebo Park. Signups in progress.

Soccer coach Jerry Smith to speak at VMSFC meeting

On Tuesday, March 7, coach Jerry Smith of the Santa Clara women's soccer program will be the speaker at the Villages Men's Fun Social Club.

In his 37th year of Santa Clara soccer, Jerry is one of three coaches in NCAA Division 1 history with more than 500 career wins. He has led the program to 32 NCAA Tournaments, 12 College Cups, and 13 West Coast Conference titles. He led Santa Clara to the 2001 and 2020 NCAA National Championships.

Jerry has compiled a record of 534-174-70, coaching 47 players who earned All-America nods, and 16 competing on the U.S. National Team. He saw seven of his former student-athletes (Brandi Chastain '91, Aly Wagner '02, Leslie Osborne '05, Marian Dalmy '07, Chioma Igwe '08, Brittany Klein '08, Meagan McCray '09) named to rosters in the 2008 inaugural season of Women's Professional Soccer League.

The 2001 National Championship team led the nation in scoring offense and won the Championship by defeating perennial power North Carolina 1-0. The team included four-time All American Danielle Slaton and Honda Player of the year Aly Wagner. Both Danielle and Aly are from San Jose, and they started their outstanding soccer careers for the Presentation High School women's soccer team.

Smith began his coaching career at his alma mater, Homestead High School in Sunnyvale. He resides in San Jose with his wife (and former U.S. National Team member Brandi Chastain) and two sons.

Plan on attending this exciting presentation and hear more about Jerry's fascinating soccer background. Lunch reservations are required per the computer system referenced in the monthly Social Club newsletter.

Guests are invited to attend and should arrive at the Clubhouse about 12:30 p.m.

Join the Folksters—Villagers who enjoy folk music

By Harriet Fernandez

Do you recall the Folk Singing era of the '50s and '60s? And did you enjoy The Kingston Trio, John Denver, Bob Dylan, Joni Mitchell—to name just a few? There is a group here in The Villages called The Folksters that has been around for more than 15 years! We have instrumentalists who sing and lead us, and many who just sing along and even some who just come to listen and enjoy! Singing talent and ability is definitely not required, just the desire to relax and enjoy the songs of the Folk Singing Era. We are a very casual and welcoming group, and no "singing talent or ability" is necessary.

So, consider stopping by and seeing if you might enjoy joining us. We welcome all instrumentalists and singers. We have a songbook with more than 60 songs and we just go around the room and choose songs to sing. We meet on the second and fourth Thursday evenings at 7 p.m. for about an hour and a half. Usually we are at the Vineyard Center except a few times when this locale is not available. We all sit around a large square table. Songbooks are available to use and borrow. Our next meeting is Thursday, March 9 at 7 p.m. at Vineyard Center.

Any questions? Call me—I am listed in The Villages Directory. Or email me at harriet@sequoia-partners.com

Book your tickets for Concert Band's 'Flights of Fancy'

By Pamela Pierson

Explore music evocative of travel and of visits to places rather foreign. On March 12, the Villages Concert Band will present its March 12 concert "Flights of Fancy" in Cribari Auditorium at 2:30 p.m. Suites, marches, folk and novelty songs will whisk you away to another place and time. Tickets go on sale in the Cribari Lobby from 10 a.m.-12 p.m. on the Saturdays of March 4 and 11 for \$20.

Buy your tickets in advance to claim your favorite seats as the doors open 30 minutes before the concert. Under the direction of Melson Varsovia, the band's 30 members include 10 scholarship students. Interested in the band? Join them next month starting Tuesday, March 21, from 7-9 p.m. in Cribari Auditorium, Contact Philip Renteria at pwsax@comcast.net for information.

The Villages Concert Band is different and unique. First, band member and alto saxophone player Christy Reid arranged the music for this afternoon's featured piece "La Sabre March" by David Baskerville. In the late 50s at 13 years old, she joined a unique band that toured Europe in 1961 just before the closing of the Berlin Wall. Second, the band boasts a budding string section including Ken Cole, violin; Sunni Gibbons, cellist; and Mary Dee Dickerson, violin. Third, each musician has a unique story of past and present adventures. Ask Philip Renteria how The Villages has brought musical excitement in his life.

This concert's music will take us to faraway lands and fanciful fantasies. "The English Folk Song Suite," a concert band standard, is considered one of the great works of the medium, like a Beethoven symphony might be for an orchestra. Much of the music will feature solo passages in the brass section. For fantasy, listen to "Zeus: King of the Gods" by Rob Romeyn, and then smile to the tunes of "Oklahoma!" by Richard Rogers and then maybe onto "Chicago" by Fred Ebb and John Kander.

Senior Academy: Great Decisions is back—share your views on foreign policy

Foreign policy decisions are made daily around the world. These decisions are the basis for global action that secure, change and challenge our world.

Join Senior Academy in its Great Decisions four-part program during weekly sessions to learn about and discuss some decisions on these current topics of intense interest on the following dates:

- Energy Geopolitics – March 21
- War Crimes – March 28
- Global Famine – April 3
- Iran at a Crossroads – April 17

These are evening sessions from 7 p.m. to 9 p.m. to ensure accessibility to the greatest number of residents. Registration is required and entitles you to all four sessions, and while we encourage participation in all sessions, attendance at all of them is not mandatory.

Great Decisions, a program of the Foreign Policy Association since 1954, is a catalyst for developing awareness, understanding and informed opinions on U.S. Policy and global issues. It's *not* a debate nor is it an opportunity to change political views. Rather, it is a forum to gain knowledge and awareness. It involves minimal background reading, a film, and discussion during two-hour meetings. There is a \$35 fee for materials.

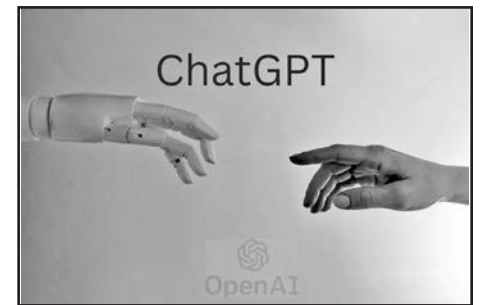

The registration deadline is **March 7** to provide sufficient time for participants to get their reading materials and prepare for the class. Register at VillagesSA.org or by contacting Susan Dooley at 408-528-8881. If responding by phone, please provide the name and date of the event, your name and email address. Remember! Registration closes March 7. Sessions are facilitated by Senior Academy Board members. Further information on this program can be found at www.fpa.org/great_decisions.

Technology Explorers to discuss 'The Bright and Dark Sides of ChatGPT: A Balancing Act'

If you want to know "what is ChatGPT?", here is its answer: ChatGPT is a computer program that can understand and respond to human language. It uses advanced technology called "artificial intelligence" to understand what you say and generate appropriate responses. Think of it like a very advanced version of a search engine, but instead of just finding web pages, it can have a conversation with you.

Come to Senior Academy's Technology Explorers meeting, via Zoom, on Monday, March 6, at 1:30 p.m. to learn about this controversial tool that is already having a very significant impact after less than 3 months since its introduction. You may be able to have it answer one of your questions. Register for this event at VillagesSA.org.

How can older adults benefit by using ChatGPT? Older adults can benefit from using ChatGPT in several ways, including:

- Assistance with writing and communication: ChatGPT can assist with writing emails, letters, and other forms of communication, making it easier for an older individual to stay in touch with friends and family.
- Educational resources: ChatGPT can provide information and resources on a wide range of topics, making it a valuable tool for lifelong learning and personal growth.
- Reminiscence therapy: Using ChatGPT to generate stories and prompts can be a helpful tool for reminiscence therapy, which can improve cognitive function and overall well-being for older adults.
- Entertainment: ChatGPT can generate jokes, trivia, and other forms of entertainment, providing a fun and engaging way for an older individual to pass the time.
- Safety and security: ChatGPT can provide information on safety and security, such as emergency contacts, and can help older adults to stay informed about potential hazards and how to stay safe.

EVF's Annual Document Shredding is April 15

It's that time of the year again. Have you gone through all your papers and receipts to file your taxes and discover you have boxes of sensitive documents you now want to have shredded? Once again, the Evergreen Villages Foundation (EVF) is ready to help you out.

On Saturday morning, April 15, from 9 a.m. to 11:15 a.m., a professional shredding truck will be on-site in the Cribari East parking lot. Rather than throw your papers in the trash where prying eyes may see them on their way to the dump, bring them to the EVF event and you can watch them being shredded. You'll drive away confident that your sensitive information is safely destroyed.

The donation is \$10 per box or bag (about 20 pounds) payable on the spot by cash or check only. Please remove color paper, folders, and other heavy material.

Projects such as the shredding event generate funds that go to EVF's General Fund to enhance Village amenities for the benefit and comfort of resi-

dents. If you would like to work with the EVF and help to provide enhancements to the Villages lifestyle, go to its website, evfsj.org and become a Sustaining Member. You can do this for as little as \$5 per month. Single one-time donations to the EVF via the website are welcome at any time.

You can also bring by any flags you'd like to retire during the Villages Veteran's Club annual July Fourth flag retirement event at Gazebo Park.

March Art Film: 'Gauguin: The Full Story'

By Roz Zinns

On Tuesday, March 14 at 2:30 p.m. in the Cribari Conference Room, The Villages Arts and Crafts Association will present "Gauguin: The Full Story." This is the first full-length biography of one of the world's most popular yet controversial artists. Gauguin is best known for his gorgeous paintings in Tahiti in which beautiful native girls disport themselves enticingly on perfect South Pacific beaches. But have these celebrated portrayals of an earthly paradise been misunderstood? And has the fame of Gauguin's Tahiti pictures blinded us to the bigger truth about his achievements?

Waldier Januszczak, the writer, presenter and director of this film will take you through the countless twists and turns from an idyllic childhood in Peru to the horrific and notorious death on the Marquesas Islands.

"The Full Story" features a stunning collection of Gauguin's masterpieces shot in museums and galleries around the world. Running time is approximately two hours with short break. **Free** to all Villagers and their guests.

Afternoon Bingo is back!

April will be coming in like a lamb, and with it another VMA afternoon bingo!

Be there on Wednesday, April 5, in the Cribari Auditorium. We had 68 players show up in February, which was a fabulous turnout. We're looking to get more.

The first evening Bingo of 2023 was a complete sellout. For those 216 of you who registered and attended, thank you so much. The donated gift baskets generated a lot of interest for the prize drawing, and the proceeds went to a great cause—the VMA!

If you missed this one, we will do it again on Wednesday, April 19.

Come for complimentary treats, coffee, and a chance to yell "Bingo"! Cards cost \$1 each or 6 for \$5. All money is awarded to winners. The VMA offers Bingo as a free service to all Villagers. Don't miss your chance to be a winner, join in on the fun! See you there.

“Treasure State (The Highway Quartet #6)” by C.J. Box: Private investigator Cassie Dewell’s business is thriving. Her latest case puts her on the hunt for a slippery con man who’s disappeared somewhere in the “treasure state.” A wealthy Florida widow has accused him of absconding with her fortune. The trail takes Cassie to Anaconda, Montana, a quirky former copper mining town that’s the perfect place to reinvent yourself. As the case develops, Cassie begins to wonder if her client is telling her everything. On top of that, Cassie is also working what’s easily one of her strangest assignments ever. A poem that promises buried treasure to one lucky adventurer has led to a cutthroat competition and five deaths among treasure-hunters. But Cassie’s client

doesn’t want the treasure. Instead, he claims to be the one who hid the gold and wrote the poem. And he’s hired Cassie to try to find him. Between the two cases, Cassie has her hands full. In Montana, a killer view can mean more than just the scenery, and Cassie knows much darker things hide behind the picturesque landscape of Big Sky Country. *Mystery, 2022.*

“The House of Fortune (The Miniaturist #2)” by Jessie Burton: Thea Brandt is just 18, and ready to welcome adulthood with open arms. At the theatre, Walter, the love of her life, awaits her, but at home in the house on the Herengracht, winter has set in—her father Otto and Aunt Nella argue endlessly, and the Brandt family are selling their furniture in order to eat. On Thea’s birthday, also the day that her mother died, the secrets from the past begin to overwhelm the present. Nella is desperate to save the family and maintain appearances, to find Thea a husband who will guarantee her future, and when they receive an invitation

COMMUNITY CHAPEL

‘Unearned Favor’

By Pastor Bill Hayden

All things were created by God for His glory which includes you and me. The Psalmist wrote: Psalms 8:4-8 ESV 4. *What is man that you are mindful of him, and the son of man that you care for him? 5. Yet you have made him a little lower than the heavenly beings and crowned him with glory and honor. 6. You have given him dominion over the works of your hands; you have put all things under his feet, 7. all sheep and oxen, and the beasts of the field, 8. the birds of the heavens, and the fish of the sea, whatever passes along the paths of the seas.*

God didn't create us to live just by instinct but to live relational with Him. With our free will, we allowed the allure of self-determination (sin of rebellion) to lead us down a different path. We became self-important human beings, basing our beliefs upon varied views and creative theories. We find ourselves constantly rating everything consciously and unconsciously in our lives. There are things we decide are important to us and things that are not, as well as things that mean a lot. We are eager to sacrifice for some things and refuse to sacrifice for the greater good of other things. We will grieve the loss of one thing while celebrating the loss of another. We love what is detestable to another person and we treasure the things that others see as worthless. Some things receive the allegiance of our hearts, while things of eternal value barely get our attention.

In general mankind has digressed to a lower standard of what God purposed for us. We are living beneath our privileges and promises that have been bestowed upon us.

In all this, we strive in life to be successful in our endeavors. No rational human being lives and works hard to be a failure. Many times, our view of success is entirely different from God's view of success... which matters most if our ultimate goal is to be in His eternal presence. Who wants to get to the end of it all, only to look back and realize that they invested in things that had no eternal value?

In contrast with our view of success, God has offered us success by the work of His Son. He offers us things of supreme and unmerited value (His forgiveness, His presence, His Holy Spirit, His kingdom, a clean conscience and a pure heart). These are eternally valued gifts of grace. What kind of success are you looking for?... to please man or God who created you for eternity?

Let our love for others be motivated by a pure and sincere heart.

If you need friendship, you can find it in our Chapel. Please join us at the Villages Community Chapel in Cribari Auditorium, every Sunday at 10 a.m. to be encouraged over the Word and enjoy a cup of coffee and cookies with friends. The chapel is a place for needs to be met, faith to be affirmed and new friends to embrace.

CATHOLIC COMMUNITY

‘Transfiguration’ (Mt. 17:1-9)—Second Sunday of Lent

By Irene Groot

Shortly before His death, Jesus led Peter, James and John to the summit of Mt. Tabor where the light of divine glory radiated from His body and clothes. “His face shone like the sun and His clothes became as white as light (lightning).” We call this luminous transformation of Jesus' body the “Transfiguration”. The apostles revealed its startling details only after Jesus rose from the dead. You can read what they had to say in: Mt. 17:1-9, Mk 9:2-8, Lk 9:28-36, and 2 Pt 1:16-18.

Catholics interpret the Transfiguration as a visible revelation not only of Jesus' divinity, but also of His intention to transform our resurrected bodies into dazzling copies of His own. St Paul explains:

“Our homeland is in heaven, and from heaven comes the savior we are waiting for, the Lord Jesus Christ, and he will transfigure these wretched bodies of ours into copies of his glorious body. He will do that by the same power with which He can subdue the whole universe.” (Phil 3:20-21)

The Transfiguration harks back to Adam and Eve. Made in the “image and likeness of God,” they were said to have been clothed in light just like God, who “wraps Himself in light as in a garment” (Ps 104:2). Scattered through early Christian writings like St. Ephrem's, St. Gregory of Nyssa's, and Eastern liturgies are references to Adam and Eve clothed in the light of glory. It was only when the pair disobeyed God that they lost their dazzling robes and found themselves “naked and ashamed”.

Catholics see the Transfiguration as a sign that the souls and bodies of those who die in the state of grace will eventually be restored to the same radiant perfection Adam and Eve once enjoyed in Paradise. We interpret Moses' luminous face (Ex 34:29-35) and Scriptural references to the saints as “lamps,” “sparks,” “stars” in that sense. It also explains why we paint saints with halos.

Paul's term: “wretched bodies”: The time comes for us all, however well exercised, properly fed, or right-minded when the poet's words “Things fall apart, the center does not hold” become lived reality. Positive thinking no longer suffices to deny our visible decline. Instinctively, we know our “wretched” bodies are becoming what they were never meant to be, that something has fundamentally gone wrong. With that recognition come temptations...to rage, despair, stoic suppression or denial of what we see happening. By contrast, Christian hope promises that one day Jesus will literally “transfigure our wretched bodies into copies of his glorious body.” With that hope, we await the time when the whole universe will once more become radiant with the brilliance of eternal light - our own bodies included.

EPISCOPAL

‘Wesleys Who Led the Way’

By The Very Rev. Julia McCray-Goldsmith, Dean of Trinity Cathedral

For an Episcopal priest, I'm an awfully grateful student of Methodism. Or at least of the life and witness of John Wesley—founder of Methodism—whom our church remembers this week. He was actually an Anglican priest, the son of a priest and he also had a devout mother who schooled her nineteen children in Biblical languages, Holy Scripture and prayer. Let us never doubt the influence of faithful mothers and grandparents!

John Wesley was born in 1703 and educated at Oxford, where he distinguished himself by his commitment to holy habits. His rigor in prayer and study and asceticism gave rise to the description “methodist,” which was adopted by the small community of devout Christians who gathered around John Wesley and his brother Charles. Initially considered to be rather fanatical by the standards of the Church of England, Wesley's methods and eventual popular movement captured the hearts of thousands of primarily working-class English people. Although neither John nor Charles desired to leave the Anglican Church, their extraordinary skills in organizing communities of worship and service outside of the traditional ecclesial system threatened the church leadership.

But also, it bears mentioning, changed it. Our own Episcopal Church's respect for diverse leadership—male and female, lay and ordained—owes much to the example of the Methodist movement. At a time when Anglican practices of personal spirituality were not well developed, the Wesleys taught our church to pray and to serve. And indeed, to sing their praises to God, in hymns we still sing every Sunday.

Please join us on Sundays at 9 a.m. at Montgomery Center to sing praises and worship the Lord. All are welcome at God's table.

18-HOLE WOMEN

Left to right: Camille Giuliiodibari, Holly Magowan, Maxine Amundson, Kitty Ohtaka.

‘Nothing stops the fun!’

By Diana Hallock

Neither snow nor rain nor heat nor gloom of night stays these couriers players from the swift completion of their appointed (golf) rounds. Due to the cold, the rain, and the snowy hilltops, only four brave souls took to the course—Maxine Amundson, Camille Giuliiodibari, Holly Magowan and Kitty Ohtaka. While you can't see it in the photo, our hills were covered with a beautiful dusting of snow. Well done, ladies, especially Camille who got a chilly birdie on Hole 18!

While they didn't play golf, several other members gathered for lunch and bridge. A huge thank you to John Yu for allowing us to play cards in the dining room each week after lunch. Our bridge players are members of the 18 Hole Women's Club, either regular members or associates. The friendships formed on the golf course extend into decades of laughter, fun and support. Thursday's bridge players include Mary Chaboya, Auralie Citrigno, Margaret Davies-White, Dianne Doughty, Suzanne Fazio, Diana Hallock, Bev Poellot, Carol Quakenbush, Mazie Rice, Shirley Roberts, Sylvia Rozewicz, and Barbara Weisend.

The Invitational theme was revealed today! Since I had to submit this article last week, I can't tell you the theme yet but check out our website, villageswomensgolf.vgcc.club, for the theme, photos and the Invitational registration form. Registration forms will be accepted March 27 through April 1 at Diana's house. The website also includes the minutes from our March 2nd General Meeting.

Please welcome our two new members to the Ladies' 18 Hole Group! Susie-Q Conklin and Marie LeBlanc recently moved to the Villages on Valentine's Day. They purchased a lovely home in The Highland Village and are coming to us from Sunnyvale. Both Susie-Q and Marie enjoying golfing and love to travel in their motorhome. Please provide them with a warm Villager welcome when you see them!

TENNIS TALK

‘The Prescott’

By Mitzi Macon

It's been a wonderful stroll down memory lane, reading about Phil Prescott's challenge to the Tennis Club to raise funds for court 5 and 6 in 1997. Remaining members of the original committee are Shig Murao residing outside the Villages (He just turned 99) and Phyllis Mueller. Phyllis can tell great stories about that time. There was no email or organized mail system of communication, so they delivered information in person to each tennis club member. Now that's dedication to completing the vision of building two new courts! They presented the check on a silver platter to The Villages management.

Now it's 2023—time for us to stay involved and sign up!

The date is Saturday, March 18, from 9 a.m. to 1 p.m.

- Fun round robin format, with no partner needed
- Everyone, sign up on the Tennis Club website! Yes, you!
- The usual wonderful food, special beverages and prizes
- Registration fee is \$15, with proceeds supporting the VMA

Why would Phil choose to support the VMA? I so wish I could have chatted with him, about his experience. I can only imagine at some point, he saw value in an organization that provides Health equipment, appointment drivers and a variety of services. The VMA receives no funds from the Villages to provide a resident service coordinator, a quality speaker program and outreach for those residents who need interaction the most!

The VMA is recognize as a 501(c)3 organization, so all your donations are tax deductible. Unable to play on March 18? Please consider a donation in any amount, to help the VMA support all Villages residents.

Send requests/questions to mitzimacon@yahoo.com or 408-605-8134.

“The nicest thing about the rain is that it always stops. Eventually.” - A. A. Milne creator of Winnie the Pooh.

Once again, on February 24th, the weather kept us off the fairways and enjoying a bit of warmth at home. That brings us to four cancelations of the first eight weeks for 2023. Hoping that the weather will give us a window to squeeze in a round on March 3.

Following are the top scorers for our February 17th outing. all scores are net of par:

At the top of the leader board was Patrick McMordie with an amazing 4 under par 32 earning 4 champion points and \$4 in sweeps. Second place was captured by Martin Hoek grabbing 3 points and \$3. A three-way tie for the third spot with Mike Falarski, Jim White, and Jerry Juracich each capturing 2 points and \$2. In the fourth spot, a two way tie between Don Lee and Larry Milligan, good for 1 point and \$1.

A heads up to all Pinseekers. Our outing on March 10 was not included on our yearly calendar as we are stepping aside for the annual Member to Member tournament on the Championship Course March 10, 11, and 12. Don't forget to book your tee times for our March 17th and March 24th Outings.

We are entering the final three months of our “Championship Year” ending on May 26. That's 12 weeks, weather permitting, to grab some points and climb to the top of the mountain. The High Point Pinseeker for the 2022 – 2023 season will have their name attached to “Sweeps Champion” plaque hanging in the Clubhouse room between the Bistro and the Dining Room.

IRONMEN

By Bill Travis and Jerry Juracich

The Ironmen are now in afternoon play currently gathering every Thursday afternoon at 1 p.m. with a shotgun start, sweeps, birdie pool, and closest to the pin.

Thursday, February 23, 2023, was windy, cold, with intermittent rain, so our play was cancelled and there are no results to report. We all hope to be back at it next week.

SHONIS

By Betty Hall

My goodness, that wind last week was certainly something. Well, it is said that March comes in like a lion... Let's hope it's true that it goes out like a lamb. The 15 Shonis and five qualifiers who were out there golfing were very glad we finished our round before those 25-mph winds blew through.

We had three winners in the pregame putting contest: Sue Park, Karen Rooney and Lesley Robinson. It's always great practice for our tough greens. And we must have used up all our birdies the week before; only one for Joyce Baptiste but that's two weeks in a row for her.

We held our first general meeting for 2023 last week. Lots of information to share and good attendance. We're looking forward to the time change March 12 as well as some special events in the near future.

One big event coming in April is the Shonis/Swinger Mixer, April 11. We host this year and are putting together a fun event. Immediately following that, we start our eight-week Eclectic Tournament, which is always fun and challenging.

Villages Golf Committee planning fun golf events

By Mary Wagle

Did you know that there are six golf clubs at The Villages? Most of these clubs have tournaments weekly.

For the men: there is the 18 Hole Men's Club, Pinseekers (who play nine holes on the championship course), and the Ironmen (who play the par 3 course).

For the women: we have the 18 Hole Ladies Club, Swingers (who play nine holes on the championship course), and the Shonis (who play the par 3 course).

In order to get all residents familiar with the members of these clubs, to grow the game of golf, and to increase golf revenue, we are planning some fun events. The first one was Play the Par 3, and it was on February 10 at 2:30 p.m. followed by all of the players gathering at The Bistro after golf for some libations/food. The February 10 event was sold out with 38 players. The next Play the Par 3 flyer is here. Sign up soon, as these events are very popular.

We are also planning some Just for Fun Tournaments (May through September) of championship golf, both postable and non-postable, as the key word is "fun" for everybody. Please look for more information soon about some fun golf events. Everybody is welcome to join in these games!

Tips from the Pro— Why Newer is Better

If you play golf multiple times a week, you should change out your driver every four years minimum...why?

Newer drivers have larger sweet spots than older drivers. Newer drivers help improve ball speed and have thinner faces which produce longer drives. Newer drivers have repositioned the weight to maximize ball speeds while decreasing spin, creating the perfect balance between carry trajectory and maximized roll. Large golf companies such as Taylor Made, Callaway, Ping and Cobra use artificial intelligence and thousands of golfers of all levels to test their new equipment designs before they are launched. AI helps produce better performing drivers, year after year.

Variable face thickness is an improvement being added to drivers with newer technology. More variable face thickness leads to a better smash factor and a large bounce off the face which helps with distance. It also helps maximize distance on mishits off the heel, toe or high on the club-face.

New technology in drivers can include improved head speeds due to the use of carbon in the club-head; so you can swing the club faster, and with an increased moment of inertia so the club won't twist at impact. The Taylor Made Stealth 2 Drivers boast the most carbon of any club in the market.

Jailbreak Technology by Callaway and Power-Bridge Technology by Cobra are examples of new technology. They connect the crown of the head with the sole in the back of the face with internal rods so during contact with the ball, the sole and crown make the energy move directly behind the face resulting in a springing and popping effect that leads to longer and straighter drives.

New drivers have become adjustable. Many allow you to adjust the hosel so you can adjust the loft, lie and face angle of the club. This enables you to hit the ball with a higher or lower trajectory as well as add more of a draw or fade to your shots. The newer the driver, usually the more customizable it is.

New drivers also are lighter, more aerodynamic and can have extremely lightweight 35-45 grams shafts; all helping the golfer create higher club speeds which translates to more distance.

So if your driver is more than four years old, you need to try a new driver and see for yourself the increased distance and performance you can achieve.

Come and try the new Cobra Aerojet, Callaway Paradym and Taylor Made Stealth 2 drivers...and coming soon, the Ping G430 HL boasting a 35-gram shaft for maximum potential club speed and distance. To sign up for a lesson with me, email ssteele@the-villages.com

Golf Cart Yellow Lines Initiative

As part of the Villages continuing Culture of Care initiative for our 18-Hole golf course, in January of 2023 we will begin the installation of yellow ground paint lines in front of the green complexes to clearly define the 30-foot golf cart restriction area at each green as prescribed in Golf Rule 1.14 Section 8-J:

The golf course yellow lines

8-J. Carts are to be kept on the cart path around all green complexes and teeing grounds. Carts must be kept a minimum of 30-feet from the green apron and are not permitted within the perimeter of greenside bunkers.

The yellow lines will take the place of stakes and ropes and serve as a visual reference point defining where golf carts cannot advance any closer to the green apron according to the 30-foot perimeter mandate in Rule 1.14, Section 8-J.

The former use of stakes and ropes for this purpose proved to be a challenge due to the following factors: Visually and aesthetically unappealing - Unsightly

Physical hindrance to golf shots – Formed an obstruction for advancing golf balls

Labor intensive – stakes and ropes were constantly moved, removed, and knocked down

Expense – the cost of attaining enough stakes and rope for each hole is very high

The yellow ground lines will serve as a better option than stakes and roping for the following reasons: Less Obtrusive – yellow ground lines will not create an above ground obstruction to golf shots approaching the green

Aesthetically Subtle – yellow ground lines will be more visually appealing than above ground stakes and roping

Permanence – yellow ground lines cannot be moved, knocked over or completely removed

It is important for the condition of the green complexes and associated turf to keep cart traffic a minimum of 30-feet from each green apron and outside the perimeter of the greenside bunkers. Cart traffic allowed too close to the greens damages turf, creates unsightly tire ruts and results in unfavorable playing conditions as the turf becomes thin, compacted, compressed and, in some cases, permanently damaged.

PICKLEBALL

Pickleball Serving Suggestions

By Joyce Kludt

We all know we can't score points if we mess up our serves and return of serves. Did you know there are strategies to help you improve your serve and return of serves and to therefore improve your game? Yes, there sure are!

Serving Tips

1. Before you serve:
 - a. Check your feet and your partner's feet. They have to be behind the service line, not touching it.
 - b. Draw a mental line to where you intend to serve the ball
 - c. Focus on the ball before, during and through the swing.
2. Having a pre-serve routine is critically important, especially for players struggling with their serves. Come up

with a simple routine.

3. Hit to your opponent's weak side (backhand)
4. Against strong backhand returner, hit to their forehand.

Return of Serve

1. Get set and hit a solid return before moving forward.
2. Move quickly to the kitchen.
3. Return serve deep: Keep your opponents back to give you and your partner time to get up to the NYZ line.
4. Down the middle: returning the serve down the middle of the court is an underused strategy. Whenever possible, hit down the middle.

When your partner is returning the serve

1. Take one step back. Move back one step from NVZ; you can move back into position after they hit the return.
2. Turn your body slightly towards partner and watch the ball during flight. Be ready to call the ball out for your partner so he/she can concentrate on the return.
3. Cover the middle while your partner is moving up.

Well, that's all I've got for now. **Happy Serving, Pickleballers!**

What kind of market are we in anyway?

The "experts" say that we are not in a "Buyer's Market" or a "Seller's Market" but in a "Balanced" market. The Bay Area stats show that San Mateo is taking the largest hit on their home prices. Santa Clara county is really holding its own. Our market has not fallen as much. I wonder if this has to do with San Jose being statistically less commercial and more residential. The statistic of fulltime employees continuing to work from home is at 47%. Does that mean that San Jose residential areas are now, in a sense, acting as commercial properties? Hummmm... just a theory on my part.

Does weather have an influence on the home buying process?

Ok, it was not that much snow. It did not stay on the ground. If it's going to snow, I would prefer it drop enough snowing to allow at least one good snowball fight. No such luck. However, I believe that the cold wet and snowy type weather will put the home shopping on hold for those shoppers that are not in a hurry to buy. This is why the inventory of homes for sale increases when the weather warms up in late May-July. Those that need to move will be out there shopping, rain or shine. It will be to their benefit not to have their "fair weather" competition out shopping as well.

My 15 years+ of Mortgage experience paid off. I was a mortgage agent/real estate agent from 1996-2009. This experience paid off on my last sale. I am in contract with an agent that has elderly buyers that wanted to purchase my listing but needed to sell their current home. None of us wanted a contingency sale. I spoke to the agent about options without selling their home first. I have experience with Hard money loans, loans against a 401K, Bridge loans etc. I introduced her to my highly experienced mortgage broker. He found them a way to purchase their new home, move, and then sell their current home at their leisure. My experience in this area paid off and we all won!

OBITUARY

Janet Truman

March 1, 1938 — January 20, 2023

Janet Truman died in peace on January 20. Her passing comes 3 ½ years after that of her beloved husband, Isidore.

Janet and Iz had four children and eight grandchildren. Geography was no barrier to her staying in touch. We treasured her calls and the beautifully drawn cakes with which she adorned each birthday card. In a way few now do, Janet acknowledged all her friends' life events with her endless supply of cards.

Even after 20 years at The Villages, Mom was a proud New Yorker. As her favorite sweatshirt declared: "You can take the girl out of Astoria, but you can't take Astoria out of this girl!" Roots were also set in New Jersey and Vermont.

Janet enjoyed being active in her community and gave generously to causes that make a difference in people's lives. She was a member of the Temple Sisterhood of Vermont, taught mah-jongg, and was recognized for her leadership as chapter president of the Brandeis University National Committee.

She treasured her Villages friendships—through Brandeis, Jewish groups, her Gelt investment club, and more. Janet was a

friend for life, sharing great humor, loyalty, and joy.

Mom is profoundly missed, but her recipes for latkes, brisket and more will be enjoyed for generations. Janet will be interred with our father in Burlington, Vermont come spring.

From the Villages Library...

(Continued from page 20)

to Amsterdam's most exclusive ball, she is overjoyed—perhaps this will set their fortunes straight. And indeed, the ball does set things spinning: new figures enter their life, promising new futures. But their fates are still unclear, and when Nella feels a strange prickling sensation on the back of her neck, she wonders if the miniaturist has returned for her. Fiction, 2022.

"The Rising Tide (Vera Stanhope #10)" by Ann Cleeves: For 50 years a group of friends have been meeting regularly for reunions on Holy Island, celebrating the school trip where they met, and the friend that they lost to the rising causeway tide five years later. Now, when one of them is found hanged, Vera is called in. Learning that the dead man had recently been fired after misconduct allegations, Vera knows she must discover what the friends are hiding, and whether the events of many years before could have led to murder then, and now. But with the tide rising, secrets long-hidden are finding their way to the surface, and Vera and the team may find themselves in more danger than they could have believed possible. Mystery, 2022.

"Desert Star (Harry Bosch #24)" by Michael Connelly: LAPD detective Renée Ballard and Harry Bosch work together to hunt the killer who is Bosch's "white whale"—a man responsible for the murder of an entire family. A year has passed since LAPD detective Renée Ballard quit the force in the face of misogyny, demoralization, and endless red tape. Yet, after the chief of police himself tells her she can write her ticket within the department, Ballard takes back her badge, leaving "the Late Show" to rebuild the cold case unit at the elite Robbery-Homicide Division. For years, Harry Bosch has been working a case that haunts him but that he hasn't been able to crack—the murder of an entire family by a psychopath. Ballard makes Bosch an offer: come work with her as a volunteer investigator in the new Open-Unsolved Unit, and he can pursue his "white whale" with the resources of the LAPD behind him. They must put aside old resentments to work together and catch a dangerous killer. Mystery, 2022.

Did You Know?

Villages resident publishes her first science-fiction/fantasy novel!

Our Villager neighbor and friend, Mary Weber-Harris, has published her first fiction novel entitled, "The Star Children: Voyage to the Sister Planet." This book, published under pen name, Jocelyn Hathaway, is aimed toward middle grade and high school kids who like science fiction/fantasy stories.

After the main characters, Sienna, Kiel, Vanessa, Maria, and Adam, see four unidentified flying objects, they discover a glittering, purple portal in the woods. They are invited to walk through by a mysterious voice emanating from the portal and meet up with the ruler of this planet, a powerful giant, and his four planetary guardians. They are offered the mission of saving the giant's planet and planet Earth, and they jump at it. Sienna, Kiel and their friends come to find out that their mission will include: retrieving a powerful planetary protection tool from an evil nemesis, using amethyst rings to align the energy cords on five different locations on Earth, using medallions to manifest spaceships that will take them to their new sister planet and beyond, navigating a vast wormhole network, creating shields and transformation tools, surviving radiant blasts from different parts of the universe, and outwitting the nefarious Eegreds and Saters who want nothing more than to pillage and destroy both planets.

Will the kids find strategies to accomplish everything before the planets are forced to give up all their treasures and resources? With determination and courage, Sienna, Kiel, Vanessa, Maria, and Adam discover who they truly are and their place in the universe.

With her space adventure novel, Mary hopes to inspire and uplift kids to believe in themselves and follow their dreams. This book is available in both paperback and digital format at many online retailers.

Safety Vests available at VMA office

Have you heard the song "Dead Skunk in the Middle of the Road?" The skunk got that way because the oncoming driver could not see it until the very last second when the car was right on top of it. It was a tragedy. The skunk being **all dark** and taking a risk crossing the road at night—a recipe for disaster.

When walking at night, make sure you're visible to oncoming drivers so you don't become a statistic. Wearing bright or reflective clothing will help tremendously, or you could go to the **VMA** office and pick up a reflective **Safety Vest**. We can arrange to have a supply on hand during our office hours of 9:30 to 2:30 Monday through Thursday.

One size fits all, **and there is no charge**. (Please one vest per household member.)

Come on now. You really don't want to be that skunk.

Save the Date: Art in the Park is April 22

The annual Art in the Park event, sponsored by the Villages Arts & Crafts Association, is scheduled for Saturday, April 22 at Gazebo Park from 10 a.m. to 2 p.m. Mark your calendars now so you won't miss out on all the fun.

Art in the Park is a very popular event with over 40 artists exhibiting their handmade works of art and offering them for sale. Neighbors, friends, and families gather to enjoy the fresh spring air, music, cookie sale and arts and crafts. All Villagers are invited to attend.

If you make things, you can sell your items at Art in the Park. It's a fun way to meet your fellow artists and get to know your neighbors. Artist Contracts to participate are now available on our website at villagesartsandcrafts.org. If you have any questions, contact Diane Finley at dianefinley1@gmail.com

VMA offers free medical equipment

Did you know that The VMA lends many types of medical equipment for *free* to any Villager who may need it?

We currently have availability of a huge amount of useful equipment and appliances that you may never have thought about or even considered. They can help to reduce the stress associated with day-to-day routines and help to improve your quality of life and most of all, raise your level of comfort. And quite simply, we all want that.

The VMA has many types of equipment, including walkers, wheelchairs, shower chairs and knee scooters. Some equipment that you may not realize we have include over-the-bed tables, ice therapy machines and hand/foot exercisers. Come on, you didn't know we had those, did you?

Don't hesitate any longer; simply call The VMA office at 408-238-4230 and one of our more than 50 trained drivers will deliver it to you. (Yes, delivered to your house.) You may keep the equipment as long as you need and when you are done with it, we will pick it up – it's easy and there is no paperwork involved.

If you would like to pick out your own equipment, we can make arrangements for you to meet one of our volunteers at our storage shed in the RV lot. We will get you loaded up and on your way.

There are certain items that we have too many of—we have an excess of two-wheel walkers. You are welcome to take any of the extra ones to give to friends and relatives that may need them.

Please check with the VMA desk for what is available and we will gladly deliver what you need.

We have way too many different items to list here, so to see a complete list of what is available for loan, check out the updated Equipment Catalog on the VMA website at vmavillages.org/services or visit the VMA Office to look at it.

What are you going to do with that old golf cart?

You know you want to get a new cart, but what do you do with the old one? You don't have the time or any interest to fix it up. You absolutely don't want to put more money into it. You need to make room for the new one that's arriving in a few days.

The answer is simple. Donate that beauty to the VMA!

The VMA takes donations of gas and electric golf carts (working or not). These carts are sold and the proceeds are used to support the VMA's mission to assist residents and help them lead active, independent, and healthy lives.

Your golf cart donation qualifies as a charitable contribution under Internal Revenue Code 501(c)(3). You will receive a receipt that you can use when you are completing your taxes.

The donated carts are available for Villagers to purchase. Contact the VMA office (408-238-4230) to put your name on the waiting list.

And please remember that the VMA also graciously accepts donations of cars!

When you can, take some time to visit the VMA website. You'll be amazed by all the helpful information that you possibly may not have been aware of. Go to vmavillages.org
