RSVP for Klezmer music concert

The Villages Jewish Community is sponsoring an evening of Klezmer musical entertainment at the Cribari Auditorium Friday evening, June 9 at 7:30 p.m. The program and evening promises to be very fun and entertaining for all Villagers, definitely not just Jewish ones.

The evening features the Klezmer music of the San Francisco Yiddish Combo (sfyiddishcombo.com SFYC) that was formed by accident when a love of Klezmer music collided with their collective backgrounds in every genre except Klezmer. The SFYC is embarked on a journey around the world to present their own unique blend of everything that is Klezmer, mixed with years of experience in the jazz, blues, folk, and even hip-hop world. Made up of classically trained musicians who enjoy stretching musical boundaries, the SFYC

THANK YOU

This is a belated thank you to all our friends at The Villages and to The Villages team. My husband, Ron Burke, passed away late last year and the support and love that I received from everyone at The Villages has been unbelievable and so appreciated. Ron also contributed to and raised funds for the VMA through many tournaments and putting contests over the years. I want to particularly thank the VMA and the many friends who contributed to the VMA in Ron's memory. The VMA was an important partner in providing equipment for Ron and support for me in the last months of his life.

WHAT I LOVE ABOUT THE VILLAGES

My husband, Ron Burke, and I lived at the Villages for 10 years, but he lived here part time for more than 30 years, first renting a room from a friend and then staying with his mother before he convinced me to make the move. He loved The Villages and his fellow Villagers, and practically lived on the golf course and at the Bistro. Ron was always looking for ways to improve The Villages and made many suggestions to John Yu and Scott Steele—some welcome and some not! As a member of the Villages Golf Committee, his pride and joy was the Culture of Care program established to maintain the quality and beauty of the golf course that he was so proud of. The recent Memorial Golf Tournament, organized by Mary Wagle and Bill Johnston, was a perfect way to honor him and I'm so grateful to Mary and Bill and all of those who participated.

Ron truly loved the Villages—really, it was his happy place and he never wanted to “leave the gates!” The few reasons he chose to leave were for a good poker game at a local card room, visits with our grandchildren and to eat hot dogs and Italian Beef in Chicago. Other than that, everything and everyone he loved were right here in The Villages! And although I recently moved to Monterey, I will always be a Villager at heart! My thanks to all of you who brought so much joy to Ron's long and happy life.

—Patty Burke

BOARDS & COMMITTEES

Club and Association Presidents' Council's prompt response a success!

Back row, left to right: Association Board Vice President Diana Hallock, Assistant General Manager Julia Meadows, Club Board Vice President Judy Owen; Front row, left to right: Association Board President David Cook and Club Board President Leslie Lambert.

During the routine renewal of The Villages Association's FHA Certification, it was discovered that a recent change in Federal Housing Administration (FHA) Rules, required changes to the Management Agreement to retain this certification. FHA loans are used at The Villages by potential buyers or by current owners for reverse mortgages or to refinance.

The Presidents' Council, comprised of Club President Leslie Lambert, Vice President Judy Owen, and Association President David Cook and Vice President Diana Hallock quickly responded and worked with management, legal counsel, and their boards to amend the management agreement to comply and as a result The Villages Association has retained FHA certification.

The utmost of thanks to the Presidents' Council and their respective Boards for demonstrating leadership and partnership for this beneficial accomplishment.

What are the CC&Rs and Why are they Important?

CC&Rs are a "Declaration of Covenants, Conditions and Restrictions" and referred to as "CC&Rs" or as a "Declaration." It is a recorded document (with the County Recorders Office) that contains a legal description of the Villages Association. Covenants, conditions, and restrictions (CC&Rs) describe what you can and can't do with your home. The goal of CC&Rs is to protect, preserve, and enhance property values in the community. The CC&Rs define the way in which the Association will be governed and provide for solutions in the event of certain events such as fire, earthquake, or other disaster.

When do they need to be amended?

The CC&Rs need to be amended to reflect current State Civil Code, the impact of inflation on costs, or to better reflect the current needs of members.

Who can amend the CC&Rs?

The Association Board can make minor amendments to correct typos and changes required by State Law, but only a majority of the Members can make most changes. A majority for the Villages Association means 1,155 votes must be in favor of the amendment.

The ABOD is Proposing Changes to the CC&Rs to Benefit Members

<https://resident.thevillagesgcc.com/abod-ccr-4of5/>
The Villager Article Four (of Five articles)

This article discusses five changes that help clarify what items are included in your home that are your responsibility to maintain and which ones are the Association's responsibility. The proposed new wording does not change any of the current responsibilities, only improves clarity.

The areas of the CC&RS described here: **Article 1 (Definitions)** Sections 1.51 (Unit or Villa) (d), (g), and (h); part of a list of definitions of what in a condo is owned by the Owner; and **Article 9 (Maintenance of Property)** which defines whether the Owner or the Association is responsible for maintenance of an item.

Are the changes going to increase my HOA fees? It is not intended nor anticipated that the CC&R amendments will cause any change to your HOA Fees

In each Amendment the items crossed out are being taken out. Items in **bold** are being added.

Article 1 – Definitions

Section 1.51 – Unit or Villa

Goal of the Change: To clarify what parts of a condominium are the Owner's responsibility.

Background:

Original or approved new doorjambes are not defined as an Owner's responsibility, so this change in (d) removes the word "doorjambes".

The definition of "fixture and appliances" in (g) is clarified to explicitly state that bathtubs, sinks, toilets, and shower enclosures and how they are connected to the condo's plumbing or electrical wiring is an Owner's responsibility.

In (h) the components of an HVAC system are defined to include heating ("H"), ventilation ("V"), and air conditioning ("AC"), rather than simply calling them "air conditioners".

The Amendments:

Article 1, Section 1.51(d) ("Unit or Villa"), is hereby amended to read as follows:

(d) all interior and exterior doors, screen doors, doorjambes, and hardware and interior trim for all the foregoing;

Article 1, Section 1.51(g) ("Unit or Villa"), is hereby amended to read as follows:

(g) all fixtures and appliances that exclusively serve the Unit, whether located within such space or elsewhere, including but not limited to ranges, ovens, dishwashers, washers, dryers, **bathtubs, sinks, toilets, shower enclosures**, furnaces, air conditioners, water heaters, ventilation fans, registers and filters, and hoses **or directly connected plumbing and/or electrical wiring** for any of the foregoing;

Article 1, Section 1.51(h) ("Unit or Villa"), is hereby amended to read as follows:

(h) all **HVAC** (heating, **ventilation, and** air conditioner, **conditioning**), range, and dryer ducts, and vents from the service connection at the wall or ceiling;

Article 9 – Maintenance of Property

Section 9.1.4 – Association Responsibility for Unit

Goal of the Change: Remove the conflicting definition of who is responsible for doorjambes. Section 9.1.3 states the Association is responsible for originally installed or approved replacements.

Background: ~~Since Article 9 Section 9.1.3 and the Article 1 Section 1.51 (see above) already state that the Association is responsible for doorjambes,~~ it is redundant and confusing the mention them again Section 9.1.4. The proposed change removes the duplication.

The Amendment:

Article 9, Section 9.1.4 ("Association Responsibility for Unit"), is hereby amended to read as follows:

9.1.4 Association Responsibility for Unit. In addition to the responsibilities assigned to the Association under Section 9.1.3 ("Unit Doors and Garage Doors"), the Association's responsibility for the Unit is limited to the following: ~~(i) Maintenance, Repair and Replacement of door-jambes and frames for exterior doors and garage doors, and (ii) Repair and Replacement of original construction utility lines to the shut-off valve connection or electrical; telephone, or cable television receptacle.~~

Article 9 – Maintenance of Property

Section 9.4.5 – Windows and Skylights (adding a new section)

Goal of the Change: Correct the paragraph to make it clearer that Owners are responsible for their windows and skylights. This is not a change from the current implementation, just a clarification.

Background: A new section is recommended to make it explicit, rather than implicit.

The Amendment:

Article 9, a new Section 9.4.5 ("Windows and Skylights") is hereby added to read as follows:

9.4.5 Windows and Skylights. Each Owner shall be responsible for providing Maintenance, Repair, and Replacement of all windows and skylights in his or her Unit, whether installed by the original developer or by Owners.

Coyote reminder and tips

Coyotes may try to escort walkers out of an area to protect their pups or food sources when encountered on a trail or street. Humans may perceive this behavior as stalking, which is usually not the case. They may also view your pet as prey. To allow coyotes to be wild while keeping yourself and pets safe, please follow these pointers:

- Never feed coyotes—it is illegal to feed coyotes in most places. Feeding endangers your family and neighbors because it lures coyotes into neighborhoods.
- Keep unattended cats and dogs indoors or in completely enclosed runs, especially at night, and do not assume that a fence will keep a coyote out of your backyard.
- Accompany your leashed pet outside. Make sure you turn on lights if it is dark to check your backyard for unexpected wildlife.
- **Keep dogs on short leashes while walking outside; the Division of Wildlife recommends a leash no longer than 6 feet.**
- Keep noisemakers on hand to scare away coyotes that may enter your yard. Some examples of noise makers are whistles, horns or metal cans with small rocks or coins that rattle.
- Never run away or turn your back on a coyote.
- Do not allow a coyote to get between you and your pet or child—keep children close to you.
- Yell, clap hands, blow a whistle or rattle a can and try to make yourself look larger if you have a close encounter with a coyote.
- An empty soda can with pennies sealed with duct tape makes a very good noise maker when shaken.

Reminder to all small pet owners: A recent rise in coyote aggression has been seen with small dogs, most unleashed. **Please always leash your pets. Keep leashes short.** Coyotes will try to get between you and your pet if the leash is extended far enough. Coyotes are known to attack leashed dogs when the owner gets distracted. Please stay cautious and aware of your surroundings when cleaning up after your pet, talking to a neighbor, checking the mail, etc. Coyotes are opportunists and may make their attacks when you are not paying attention.

Carry a noise maker and always be alert. Use caution when walking past wooded areas, hiding spots between homes, and the golf course. They are widespread in The Villages and can truly be anywhere.

There is no way to completely eliminate coyotes from The Villages, so always use caution when walking, especially with pets. Also, coyotes tend to be most active around sunrise and sunset. Pick different times for walks.

Please report all coyote sightings to Public Safety and Vector Control at the email addresses listed in the article at left.

(SRS) SENIOR RESOURCE SERVICES

Ways to save on your auto insurance

For a number of reasons, car insurance can be more expensive for seniors—even those with a stellar driving record.

Car insurance cost by age:

Less than age 25: Typically, car insurance for teenagers and young adults is expensive, given that they don't have much driving experience and are therefore more likely to get into a car accident. When drivers turn 25, their rates drop by 9 percent on average.

Ages 50 to 60: This age range is likely to experience lower rates than other age brackets, as middle-aged drivers have experience driving and aren't as likely to be hearing- or vision-impaired.

Ages 70 to 80: Car insurance rates typically go up, as this age bracket has an increased risk of being in an accident. Older individuals are also more prone to injuries in the event of a car accident, which can lead to expensive medical bills and other expenses.

Age 80 and up: Despite having the most driving experience, drivers in this age range are the most likely to have decreased reflexes and reaction times, which drives up their car insurance rate.

Ways to save on auto insurance:

Take a driving course: California has mandated mature driver discounts for seniors if they complete a state-approved driving course. Organizations such as AARP and AAA provide these classes.

Increase your deductible: Increasing your deductible helps reduce how much you pay for insurance. Of course, be sure you have the amount of your deductible in savings in case you need to pay it.

Maintain vehicle safety: You can qualify for savings if your vehicle is up to par with safety equipment. This can include air bags, anti-lock brakes, anti-theft systems and anti-collision technology.

Use a multi-policy discount: If you have two or more policies with the same insurance provider, you will usually receive a multi-policy discount.

Pay your policy in full: Usually paying your policy in full, rather than making monthly payments, can help you save.

Remain accident and violation free: A history of five years accident-free should give you a discount.

Shop around: Rates vary between insurance companies.

Next week SRS will discuss more on taking a driving course.

Note: The Senior Resource Services (SRS) office hours for drop-in assistance are Monday, Wednesday, and Friday from 10 a.m. to noon. The SRS office is in the Cribari Center across from the Post Office. You may also leave a message at 408-239-5253 or e-mail SRS at villagesrs@sbcglobal.net. The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional advisor about your individual situation.

SRS reminder:

'What to Do' handout available

A frequent handout request at SRS is "What to do when your spouse or partner or parent dies." The handout lists in Group A tasks that need to be done quite quickly. On the second page in Group B, are tasks that are less urgent and will likely need to be done over the next few months.

Please stop by the SRS office if you would like a copy or give SRS a call at 408-239-5253 to have the form emailed to you.

EVF 'tears it up' at Shredding Event

Few things are more satisfying to Villagers than de-cluttering one's garage or home office of unwanted, but sensitive, printed material. To assist in achieving that satisfaction, the Evergreen Villages Foundation (EVF) hosted a tax season shredding event Saturday morning, April 15.

The morning drive-thru proved very successful, attracting hundreds of cars and golf carts. Proceeds from the event's \$10 per box donation go to EVF's General Fund to support enhancements to Villages amenities.

According to Cliff from Red Dog Shredding, EVF's event is one of the largest recycling events in our area. It has become an anticipated Villages event every year. The EVF thanks the volunteers and all the Villagers who made this community event possible.

Projects such as this shredding event are consistent with the Evergreen Villages Foundation's mission to raise funds to enhance Village amenities for the benefit and comfort of residents. If you would like to work with the EVF and help to provide enhancements to the Villages lifestyle by contributing to the General Fund, go to its website, and become a Sustaining Member. You can do this for as little as \$5 per month. Or single one-time donations to the EVF via the website EVFSJ.org are welcome at any time.

EVF volunteers help Villagers drop off their shreddable documents.

COMMUNITY ACTIVITIES

The following events are sponsored by the Community Activities Department. Please telephone 408-223-4643 for additional information.

Building B business hours

The Community Activities office in Building B is open Monday to Friday 8:30 a.m. – noon and from 1 p.m. to 4 p.m.

Survey Results are in: Times Available for Classes

In the recent Community Activities Survey we asked participants the following: "Community Activities sponsored classes are typically 30 minutes to one hour long. What time(s) periods would generally work best for you? Please choose all that apply." Below you will find the breakdown of responses.

Total Respondents: 62 online surveys
 Respondents Who Skipped this Question: 1
 Actual Responses for this Question: 61
 Early Afternoon (12 p.m. to 3 p.m.) = 37
 Morning (9 a.m. to 12 p.m.) = 33
 Late Afternoon (3 p.m. to 5 p.m.) = 21
 Early Evening (5 p.m. to 7 p.m.) = 19
 Late Evening (7 p.m. to 9 p.m.) = 8

Based on these results it appears that most residents are available in the early afternoon and morning times but are less interested as the day goes on. Please note that class dates are determined by facility and instructor availability, whenever possible we will use this data for future programming. Thank you to all participants in the survey.

Global Village: Learn more about Plant-based Diet

By Pradeep Sonawala and Liz Adams

Join the Global Village Club at its ongoing meetings to explore the Plant-based Diet (PBD). We will meet the last Tuesday of each month. This month we will meet on **Tuesday, May 30** in Montgomery's Multipurpose Room from 7 to 8:30 p.m.

There is no fee to attend. Participants are encouraged to wear a face mask.

Last month, Mary Mackey, a Villages resident and the driving force behind our exploration of the PBD, showed us part I of the documentary, "Fork Over Knives," which tells the tale of the damage animal farming is

doing to our health and to our precious resources like water and air. We will see the last part of the video that presents a way where we might be able to avoid many of the fatal diseases that Americans have suffered from since the early 1970s because of our eating habits.

Mary Mackey has invited Karen Rubio, a friend, to join us on May 30. Karen had suffered from chronic, debilitating, rheumatoid arthritis, an autoimmune form of arthritis. In addition, she also has suffered from Celiac Disease, another autoimmune disease. A medical study suggests that patients with Celiac disease are at increased risk of getting an autoimmune disease like rheumatoid arthritis. Someone had recommended Karen to switch to a PBD, so in 2013, Karen switched over to a Plant Based Diet. Karen's arthritis disappeared in a short time, never to return. Now Karen, along with Mary, is a co-founder of Plant-based Advocates in Los Gatos, and she's passionate about sharing the health and environmental benefits of eating plant-based meals. She will share her journey and how a PBD helped her to take control over her Celiac Disease well.

“Prisoners of the Castle: An epic Story of Survival and Escape from Colditz, the Nazis’ Fortress Prison” by Ben Macintyre. In this gripping narrative, Ben Macintyre tackles one of the most famous prison stories in history and makes it utterly his own. During World War II, the German army used the towering Colditz Castle to hold the most defiant Allied prisoners. For four years, these prisoners of the castle tested its walls and its guards with ingenious escape attempts that would become legend. But the story of Colditz was about much more than escape. Its population represented a society in miniature, full of heroes and traitors, class conflicts and secret alliances, and the full range of human joy and despair. In Macintyre’s telling, Colditz’s most famous names—like the indomitable Pat Reid—share glory with lesser known but equally remarkable characters like Indian doctor Birendranath Mazumdar whose ill treatment, hunger strike, and eventual escape read like fiction; Florimond Duke, America’s oldest paratrooper and least successful secret agent; and Christopher Clayton Hutton, the brilliant inventor employed by British intelligence to manufacture covert escape aids for POWs. Prisoners of the Castle traces the war’s arc from within Colditz’s stone walls, where the stakes rose as Hitler’s war machine faltered and the men feared that liberation would not come soon enough to spare them a grisly fate at the hands of the Nazis. Bringing together the wartime intrigue of his acclaimed Operation Mincemeat and keen psychological portraits of his bestselling true-life spy stories, Macintyre has breathed new life into one of the greatest war stories ever told. Large Print. 940.53, World War II, 2022.

“And There Was Light: Abraham Lincoln and the American Struggle” by Jon Meacham. A president who governed a divided country has much to teach us in a 21st-century moment of polarization and political crisis. Abraham Lincoln was president when implacable secessionists gave no quarter in a clash of visions inextricably bound up with money, power, race, identity, and faith. He was hated and hailed, excoriated and revered. In Lincoln we can see the possibilities of the presidency as well as its limitations. At once familiar and elusive, Lincoln tends to be seen in popular minds as the greatest of American presidents—a remote icon—or as a politician driven more by calculation than by conviction. This illuminating new portrait gives us a very human Lincoln—an imperfect man whose moral antislavery commitment was essential to the story of justice in America. Here is the Lincoln who, as a boy, was steeped in the sermons of emancipation by Baptist preachers; who insisted that slavery was a moral evil; and who sought, as he put it, to do right as God gave him light to see the right. This book tells the story of Lincoln from his birth on the Kentucky frontier in 1809 to his leadership during the Civil War to his tragic assassination at Ford’s Theater on Good Friday 1865: his rise, his self-education through reading, his loves, his bouts of depression, his political failures, his deepening faith, and his persistent conviction that slavery must end. In a nation shaped by the courage of the enslaved of the era and by the brave witness of Black Americans of the nineteenth century, Lincoln’s story illuminates the ways and means of politics, the marshaling of power in a belligerent democracy, the durability of white supremacy in America, and the capacity of conscience to shape the maelstrom of events. Lincoln was not all he might have been—few human beings ever are—but he was more than many men have ever been. We could have done worse. And we have. And, as Lincoln himself would readily acknowledge, we can always do better. But we will do so only if we see Abraham Lincoln—and ourselves—whole. 920 Biography, 2022.

Club Board Candidates

Howie Blumstein

9045 Village View Loop

The Villages Club Board strives to balance the security, safety, beauty and numerous amenities you moved to The Villages for. As a former Club Board Director, I have personal experience with Club issues and will bring "out-of-the-box" ideas to enhance the financial investment in your home and the lifestyle which you have become accustomed to.

I follow and understand the complex issues facing the Board and offer myself as your candidate. As well as previously serving on the Club Board for four years, I have been a regular attendee at Board meetings for over 15 years.

My financial training (MBA) and business experience has grounded me in the complexities of budgeting a multi-million dollar corporation. I understand how building Board consensus and open discussion is essential to the transparency needed to create trust and understanding from you and our community.

Some existing Club concerns such as Assessments, Golf, Water, Maintenance and Insurance require board members who can work together. I am a candidate with Villages and business experiences who will support your Club Board.

My Platform

- Board transparency
- Club Board Town Hall meetings
- Responsible financial decisions
- Monthly meetings with Villagers
- Promote the welfare and interests of all Members and residents

Please contact me to discuss your concerns and ideas for the future of The Villages.

My wife and I moved to San Jose to be near family a little more than two years ago from the San Luis Obispo area and immediately realized what a wonderful place we're in. I soon after became involved in the community by serving on the Homeowners' Corporation Board, the Homeowners' Architectural Control Committee, and as a driver for the Villages Medical Auxiliary. I am also a member of several clubs and organizations, including the Hiking Club, Bocce Club, and Men's Club.

I have other direct experience that will be valuable to the Club Board. I have been:

- Mayor/councilmember of the City of Grover Beach, CA
 - President/member of the Cypress Ridge Homeowners' Association
 - Chair/member of the Grover Beach Planning Commission
 - Member, San Luis Obispo County Economic Vitality Corporation
 - Member, South San Luis Obispo County Sanitation District Board
 - Member, San Luis Obispo County Water Resources Advisory Council
 - Associate City Engineer of Pismo Beach
- I understand the many facets of small government, Board operations and leadership.

My career as a Civil Engineer has provided me with lifetime experience as a project manager, an infrastructure expert, and an independent consultant. I've also been a small business owner, which demands a wide range of skills.

Finally, I have the temperament to be a constructive Board member. I listen well, am open-minded, independent, believe in collaboration, and am known as a problem-solver. I bring a fresh perspective. I would be honored to serve on the Club Board and would appreciate your support.

Richard Zahner

I welcome the opportunity to run for re-election to the Club Board. In the past two years I have served as Club Treasurer. My goals continue to be to implement Good Governance practices that support the Club Board's mission of providing a safe, attractive community and enriching lifestyle.

The Board is committed to significant improvements in customer service, financial practices, operations and maintenance, installation of new, and enhancements of existing, amenities. Supporting our General Manager, I will continue to lead Club efforts to improve financial practices and policies, efficiency, and effectiveness of Club operations.

Barbara and I raised our family in nearby Almaden Valley. Almost five years ago we moved to Verano. Here I became a member of the Men's Golf Club, Veteran's Club, Hiking Club, Chinese Club and VMA.

Outside of the Villages, I volunteer with the City of San Jose's Clean Energy Advisory Commission, and the St Francis of Assisi's Finance Committee. In recent years I served as Trustee of Presentation High School, Commissioner on the Santa Clara Valley Water District's Environment Commission, and on the Santa Clara County Civil Grand Jury.

Professionally, I spent over 40 years in the electric power business with the Bechtel Company and Calpine Corporation. While there I developed, built, and operated nuclear, gas-fired, and solar powerplants. I continue consulting to power and industrial clients on renewable energy storage projects and renewable power development. I was President of Gilroy's Economic Development Corporation and served 24 years in the Navy retiring as Captain USNR-R.

Question 3: How do you, as a Club Board candidate, envision improving The Villages?

Howie Blumstein

First. The Villages demographics is continually changing. To stay current, I would conduct periodic surveys to keep current with community needs. Decisions by the Club Board should reflect inputs from a broader base of Villages residents.

Second. Amenities in our community should be improved without impacting Club assessments. As with the Pickleball Project, funds to pay for amenity improvements could come from the Capital Fund, Reserves, Donations and the Evergreen Villages Foundation. Currently these resources are being used to pay for improvements to the golf course bunkers.

The Club Board has approved and work will soon start on adding one or two Bocce courts. It will not be long before the Pickleball Club will ask the Club Board to approve additional courts. Upgrading the Cribari sound system is another project that would benefit a large number of Villagers.

Vote for me if the following are important to you:

- Extensive Villages experience
- Knowledge of complex issues/concerns facing the Board
- Integrity

A vote for me is a vote for responsible governance

Larry Versaw

The current Board and staff have already launched several efforts that are improving The Villages' operations, fiscal management, communication and planning. I wholeheartedly endorse these efforts and would work to support this positive trend.

However, there are always opportunities to improve, and I am especially qualified through my lifetime of experience to evaluate operations and processes and to propose solutions when improvements are warranted. Specifically, I've been:

- Grover Beach Mayor/councilmember
- Cypress Ridge Homeowner's Association Board President/member
- Villages Homeowner Corporation Board director
- Member of San Luis Obispo County's Economic Development Corporation
- Member of SLO County's water and sanitation boards/councils

As an Associate City Engineer and as founder and owner of a small business, I developed strong problem-solving skills. As a Villages newcomer, I bring fresh perspective.

That said, finding solutions to inflationary costs is a priority. Ensuring that the staff feels valued leads to better customer service. Always pursuing ways to enhance communication with residents and collaboration with the Association Board and Homeowner Corporation is fundamental. Finally, I'd like to seek avenues for reaching out to house-bound residents, perhaps through an organized neighborhood effort like one I observed in a former community.

Vote Versaw!

• Programs and Activities

A unique advantage to living in The Villages are the self-organized clubs plus the many activities that Management organizes. New emphasis needs to be given to support clubs and target the trips and programs offered to all ages. I propose an update of the Satisfaction Survey to tailor programs to majority interests.

• Customer Service

The Clubhouse and Pro Shop staff's goal is to ensure Villagers feel welcome and valued. Every new hire needs a formal orientation program to teach good customer service practices. An annual performance review could include comments on the employee's customer service.

• Operations and Financial Management

Upgrade the software (ERP system) for finance and operations. The existing software used for our financial and personnel management is no longer supported by the vendor. In its place we will evaluate and install a modern comprehensive operations system. This change will allow zero-based budgeting each year, so we control costs and keep assessments as low as practical.

• Governance

The Club Bylaws need to be updated to, at least, allow the accumulation of funds to refurbish and/or replace aging facilities. I will champion a Board Committee to review and draft an amendment to the Bylaws.

Association Board Candidates

Stephen Gilbert

8374 Riesling Way

So why am I here, running for the association board?

I was elected to my first homeowner's association board in 1987, after I purchased a rental townhouse in Milpitas. I've participated on boards almost continually since that time, serving as president, treasurer, and secretary. I've guided associations in re-writing governing documents, been involved in major construction projects, hired managers and contractors, helped to mediate homeowner disputes, and gained a good understanding of the Davis-Stirling law.

I joined the Hermosa DAC shortly after moving to the Villages in 2010 and served as the DAC chairman for several years. I was appointed to the Association Board last June. My time on the board has been a great learning experience, allowing me to blend my prior experience in HOA management with the complexity of management on the Association Board here. Shortly after joining the board, I was appointed to serve on the Water Conservation Committee, eventually taking over as chairman.

My work career was full of different experiences. After graduating from the University of California in San Diego, I went to work for Longs Drug Stores. I spent twelve years with them, rising through various management positions. While there, I was in charge of store operations, personnel management, and merchandising at several different locations. I left Longs in my mid-thirties and spent three years as an independent salesman before changing directions again. I returned to school and earned a teaching credential. I taught for ten years at the elementary school level. I then went to work as a school principal. Over the next dozen years, I honed my skills as an educational leader, hiring and supervising staff, interacting with students, parents, and community leaders, and guiding teaching staff in implementing instructional objectives. My schools made consistent gains that exceeded state objectives.

I believe that every retiree should have a job. In addition to the volunteer positions, mine is writing. Since retirement, I've published ten novels via Amazon.com. My latest was a children's adventure story whose main characters were my two grandchildren.

Michael Schwerin

4012 Clubhouse Court

I have a Bachelor's degree in Accounting from the University of Illinois, a Master's degree in Business Administration from DePaul University in Chicago, and a Juris Doctorate degree from Santa Clara University. I passed both the CPA exam and the California Bar Exam. I worked at the First National Bank of Chicago for 4 years, two as an auditor and two as a financial analyst. I worked 33 years in my own law firm prior to retirement.

I am a Certified Public Accountant (unlicensed at this time due to retirement). I am a Lawyer (unlicensed at this time due to retirement). I was previously President of the Lakeview Condominium Homeowner's Association (412 units) located in Almaden for 2 years. I was on the Fairways DAC for a number of years and am currently on the ABOD after volunteering for a one year appointment. I am on the Fire Safety Committee, Audit Committee, Rules Committee Liaison, Liaison to Sonata and Verano DAC's and I serve on The Villages Golf Committee.

My wife Millie-Anne and I have lived in The Villages for 8-½ years along with our recently acquired puppy Mini.

Dr. Shannon Bergman, Ed.D.

6050 Montgomery Bend

As a former Planning Commissioner and Chair for the City of San Carlos, I have extensive experience in local governance. As a result, I understand the complexities of managing and developing communities and am committed to preserving the character and integrity of The Villages.

In addition to my experience as a Planning Commissioner and Chair, I have served as the San Carlos Residential Design Review Committee Chair and been a member of their Economic Development Advisory Commission. I hold an MBA and a Doctorate in Organizational Leadership from Pepperdine University and am a former Montgomery Village District Advisory Committee member. In addition, I have served as a Board member, Treasurer, and Landscape Committee member of the Crestview Estates Home Owners' Association.

If elected, I will work to address the critical issues facing our community. From my previous roles, I recognize the importance of prudent fiscal oversight – including assessments, public safety, emergency services, flood response, fire prevention, and a well-coordinated drought management and recovery plan. Therefore, I will work closely with internal Villages groups, staff, and local and state agencies to continue to improve and carry out our existing programs.

Overall, I am a qualified and dedicated public servant that understands the critical importance of equipoise in local governance. If elected, I will work tirelessly to promote the common good and ensure that our community thrives for years to come.

Patricia Reardon

My husband Barry Sardis and I moved to the Villages in 2011.

We consider ourselves fortunate to live in a community that offers a vibrant natural setting, abundant open space, caring neighbors, and varied clubs and amenities that enrich our lives.

I have been actively involved in various committees and roles, including serving as the Chair of the Verano DAC, Vice President and Director of Communications for the Evergreen Villages Foundation, the Communications Advisory Committee, and former Marketing Committee.

My qualifications include prior experience with HOA management from living in two prior planned communities and I am knowledgeable about the Davis-Stirling law and how our bylaws, CC&Rs, rules, and regulations impact our community.

Before retiring five years ago, I spent over 30 years as a marketing communication manager in the Silicon Valley, including 15 years at Cisco Systems. While there I managed many employee contributors and was noted for my ability to promote a culture of teamwork, collaboration and partnership.

I believe that one of the most important roles of an ABOD member is to act as an effective steward of homeowner's assets by managing programs that consider the current and future needs of homeowners. As Director, I hope to work proactively with the ABOD to effectively maintain and increase the value of the Association's member property and protect the financial future for all owners. I look forward to your support as we work together to maintain and enhance this beautiful community that we all call home.

John Epperheimer

My wife Patti and I have lived in the Villages for 5 years, first in Montgomery and now in Valle Vista where I am an active DAC member.

This is a truly wonderful community. I want to be part of the ABOD mission to protect, maintain and enhance our common property.

Socially, we are avid pickleballers and love travelling. My wife is an accomplished violinist. My sons and their spouses and my grandchildren live in Reno.

My professional career equips me to be an effective ABOD leader. I have just retired from a 30-year career as a leadership coach, working with executives at Silicon Valley companies helping them succeed. I know what it takes for an executive team to work effectively on tough issues.

Before that, I worked nearly 20 years as a newspaper editor, the last 7 at The Mercury News. I have degrees in journalism and organization development. I value open and honest communication and will be a strong advocate for ABOD.

I have served on the Fire Safety Committee for the Villages addressing the real concerns our community faces in the event of wildfire. I am proud of the work we have done and dedicated to the work still facing us. I am gratified that the ABOD is tackling fire safety in all our Villages and partnering with the Club Board to address this top safety need. This will be a multi-year effort calling for many decisions.

It's also imperative that we continue to cut water usage and replace more turf with drought-and-fire resistant landscaping. Skyrocketing costs for insurance and maintaining our aging infrastructure will be tough issues to deal with, but must be addressed.

Safety. Sustainability. Collaboration. I believe in those values and will strive to continue them for this wonderful place to live.

I ask for your vote.

Help Us Keep Your Vote a Secret

By Claudia Evans Nicolai

Do you wonder if your vote is really a secret? If so, you're not alone. Some Villagers do not fully understand our two-envelope secret ballot system, so here are some answers.

Three Election Inspectors, Jeanne Filice, Kathy Weatherford and Janelle Marines have been appointed by The Villages Association, Homeowners and Club Boards of Directors.

Once your ballot is placed in a locked ballot box, it is kept under lock-and-key at all times.

The Inspectors remove and sort the ballot envelopes according to color (blue for Association, green for Homeowners, and ivory for Club).

The bar codes are scanned, which registers and validates that the envelope was received from a member who is eligible to vote. The bar code must remain intact for the ballot to be valid.

Following registration, the barcoded envelope is opened and the secret envelope is removed. Barcoded envelopes are sent to storage while secret envelopes are bundled for counting.

On counting day, only the secret envelopes are given to the Tellers for counting. These envelopes contain no names, bar codes or other identifying marks. They remain sealed and under lock-and-key until the Inspectors and Tellers meet at an open Board of Directors meeting to begin the counting process.

This entire process is in accordance with California Civil Code.

The counting process is closely directed and monitored by the Election Inspectors. All ballots are counted by two different Teller teams to ensure accuracy.

The Inspectors present the election results to the Boards of Directors at the annual membership meeting on June 14. Mark your calendar now and plan to attend!

Villagers can rest assured that the Election Inspectors follow Civil Code and the election rules for every election so your vote remains a secret. You can help us keep your vote valid and a secret by carefully following the instructions included with your ballot package.

If you have further questions or if you'd like to witness the entire process, please contact one of the Election Inspectors. And please...cast your vote before the deadline!

Question 3: How do you, as an Association Board candidate, envision improving The Villages?

Stephen Gilbert

The job of the Association Board is to care for condos and the surrounding areas. I intend to focus on our three biggest expenses: landscaping, water, and insurance.

We need to re-think the landscaping contract. Currently, landscapers mow and mow, usually with huge ride-on mowers, and their contract reflects that. Shrubbery and weeds are often neglected. As we reduce the amount grass, we need a contract that emphasizes differentiated care for our new water-wise shrubbery, and is priced accordingly.

Water is part and parcel of landscaping. We've done a great job of reducing our water usage over the past years. Unfortunately, our landscape reflects that. It's time to start rebuilding. As the chair of the Water Conservation Committee, I pushed for hiring a landscaping expert to develop a long term, water-wise landscaping plan.

Insurance has become our largest expense. Currently, we deal with a single broker, who provides us with a wide range of coverages. Our cost has been skyrocketing, due to fires, etc. I think we can save money if we restructure some of our coverages, and work with more than just one broker. I intend to take a hard look at insurance over the next year.

Michael Schwerin

I believe The Villages can be improved by:

- Making our property safer from fire risk;

- Reducing water usage by turf reduction and hardscaping wherever possible. We can reduce water usage significantly by landscaping with drought tolerant plants and significantly less grass. My brother lives in a community in Henderson, Nevada that is hardscaped and has no grass and it's beautiful. We can do the same.

- Putting solar in as many places as possible to reduce our electric bill (projected to cost \$181,000 in 23/24) because the cost of electricity goes up each and every year. I am putting solar on my house and the cost payback is about 4 ½ years. After that I am making money on the solar installation. The Villages could do the same.

Shannon Bergman

There is an old saying by Isaac Newton that says, "If I have seen further, it is on the backs of giants." I start with this because a lot is going right in this community, and I want to thank current and previous Boards and our wonderful staff for making this (in my opinion) the best place to live. The Boards and staff are juggling challenges that weren't even large considerations 10-15 years ago. Drought, flood, fire, massive insurance hikes, inflation; they have juggled all of these and still managed to keep home values equal or above the rate of inflation.

Having said all that, we must never rest on our laurels and be inflexible to better ways of doing things. How I envision improving the villages is to accept that water conservation is not temporary and we must do everything on an individual and Association basis to minimize our use (therefore cost) of water. We must change our landscaping schema to drought-tolerant plants and use efficient watering techniques. And we must do all this with the cost of minimizing assessments always in the forefront.

Patricia Reardon

The Association Board of Directors has a critical responsibility to communicate transparently and effectively with all Villagers. I applaud the board's efforts over the past few years, including adopting innovative measures such as Zoom meetings and introducing the Ask the ABOD column in the Villager. These efforts have improved communication and accessibility of information affecting our lives.

As we navigate these challenging times, effective communication is vital to our ongoing success and the strength of community. I strongly advocate for implementing Town Hall meetings to openly discuss proposed fire hardening and drought mitigation projects, where we can collaborate to plan for the safety and environmental future of our community. Furthermore, I support publishing feature articles in the Villager that highlight solutions to the various challenges we face as a community.

To communicate effectively, it's important to help the DACs connect with their residents quickly and efficiently. This could involve ABOD helping DACs conduct hybrid meetings combining in-person and Zoom and improving their digital communication with residents of their districts. As a DAC chair, I know firsthand that there are challenges to achieving this.

In these rapidly changing times, by working together, we can overcome our problems and establish a more robust and secure community through effective communication and open access to ideas.

John Epperheimer

A fire safety consultant is currently inspecting all The Villages and will produce a report with specific recommendations for each district. Her initial study and recommendations took place in Valle Vista, where I am on the DAC. (I'm also a member of the Villages Fire Safety Committee.) The plan is to have a series of town hall meetings this summer to allow residents to ask questions and understand what needs to be done to better protect our community from wildfires.

This is likely to include actions such as replacing screens on dormers to keep embers from entering attics and removing decorative shrubbery and plants to create a fire break around our homes.

On a similar timetable, a landscape consultant will be making recommendations for more drought tolerant ground cover to replace turf and coming up with a palette of plantings or hardscape materials that could replace the kind of greenery that's been in place for 50+ years.

These two initiatives will address two big problems: The danger from wildfires and the cost and environmental impact of heavy water use.

This will all require a great deal of constructive discussion and planning, including decisions on the timetable and the sources of funding for these projects – but I can't think of any improvements that could be more crucial.

Homeowners' Board Candidate

Rob Kirschbaum

8316 Chianti Court

My wife and I moved here from the East Coast seven years ago, wanting to be closer to our daughter and more involved in our grandson's life. We thought that moving to an over 55 Community would make life easier and afford us the opportunity to make friends and enjoy our retirement. After looking at several other communities, we decided on The Villages and have never regretted this decision. Since moving in, we have met great people, have warm personal relationships with dear friends and have come to realize what a beautiful place this is.

Prior to my retirement, I oversaw several industrial manufacturing and distribution companies spending much of my time in factories and on job sites. I initially joined the Homeowners ACC as it seemed a good fit. I eventually became a voting member and then the Chair a year later. After several years on the ACC, I joined the Homeowner Board as a Director. A year later I became president and now continue as CFO. I am a member of the Villages Jewish Community, play bocce when able, work locally and volunteer when I can. I think the Homeowners Board provides a valuable service to the community and enjoy working with the other directors and the Villages administration.

Learn Oil and Acrylic Painting with Jane Hink

By Barbara Gottesman

Now that summer is really here, you might want to learn to paint some of our beautiful California and Villages scenery. Jane Hink is an excellent teacher of oil and acrylic painting who is willing to help you reach that goal.

The primary aim of the class is to learn basic techniques and have fun while doing it.

Believe it or not, Jane has had 77 years of experience in painting, having been part of a class of fifth graders who were taught by an SJSU art professor. The class is four weeks, June 5 – June 26, in the Art Room on Mondays, 10 a.m. until 12:30 p.m. Jane demonstrates in the old masters' medium of oil, but many students chose to carry out her instructions in acrylic because it dries faster. The fee for the class is \$75. You can choose either medium.

Check out her materials list on our website, villagesartsandcrafts.org and register now for Jane's class by emailing barb.gottesman@gmail.com. All Villagers are welcome!

VMA: Discuss 'Death, Coffee, & Desserts' with Sabine Haas

By Barbara F. Zahner

The Villages Medical Auxiliary (VMA) will sponsor "Death, Coffee, & Desserts," a presentation by Sabine Haas, RN of With Grace Hospice on Tuesday, June 6 from 10:30 a.m. to 11:30 a.m. in the Sequoia Room at Cribari Center.

Nearing the end of her life, my mother-in-law savored real vanilla ice cream, homemade chocolate roll, and warm apple crisp. I questioned the wisdom of so much sugar. Someone, maybe a hospice nurse said, "We seek the sweetness of life."

The sweetness of life—along with the bitter, the unexpected, the loneliness, and the mysterious—may season your shared conversation with Sabine Haas RN, of With Grace Hospice. Over coffee, tea, and desserts, you can connect with openness around death or whatever other emotions and thoughts rent space (often uninvited) in the guestroom of your heart.

Sabine, a Nurse Practitioner, said, "Basically this is an open conversation around death. We offer a safe place to express your feelings and thoughts. We hope this hour provides (a shelter) to feel complete and to process" often complex emotions.

Whether you encounter the sweetness of life or the tang of an unexpected connection with yourself or others, the hour promises a taste of something surprising. Perhaps it will be astonishingly freeing, and peace filled. Taste and see!

There is limited space so sign up soon by contacting Bonnie Grim MS, VMA Resident Services Coordinator, at 408-238-4029 or bgrim@sequoialiving.org

Another presentation on the topic of Back Rehabilitation by physical therapists from Silver Creek PT/OT will be held on Thursday, June 8 at 11 a.m. in the Sequoia Room. Therapists will provide information on certain types of back pain and ways to rehabilitate the back to a more functioning state. There is also limited seating, so please call early to register at 408-238-4029.

Roberta Pabst presented a quilt, also made by Joanne Brooks, to Marine veteran Hal Gillette, pictured in the accompanying photo taken by Marine veteran Armand Guerrero.

Senior Academy: A Rock Music Revival

Bob Dylan, Peter Paul and Mary, Joan Baez, Pete Seeger and Woody Guthrie. A blast from the past brought to your doorstep (or Zoom screen) via Senior Academy's presentation of Folk Music Revival on Tuesdays, June 6 and 13 at 2 p.m. in Foothill Center.

Fortunately for us, Richie Unterberger is returning with a two-part course on the revival of this special music from our earlier years. He'll also cover the time period in which it was performed. After World War II and peaking in the early 1960s, the folk revival brought traditional roots music and socially conscious folk-rooted songwriting to mainstream popularity. This course will feature many rare film and audio clips of the artists mentioned above as well as other giants of the folk era in music in this survey of a hugely influential and social movement.

Richie Untergerbner is the author of many books on 1960s music, a university instructor, and a frequent lecturer on rock history at events around the country.

Again, the course is being offered on Tuesdays, June 6 and June 13 at 2 p.m. each day in Foothill Center and by Zoom. You may register for it at villagessa.org or by calling Karen Kosmala at 408-223-2620. If you leave a message, be prepared to provide your first and last name, email address, the name and date of the event and your house number.

Global Village: 'Seeking spirituality in our lives'

The Global Village Club takes great pleasure in inviting you to a presentation by Ashwani Dhall, the Director of the Art of Living Center in San Jose. He has spoken to us previously as part of a series, "Adding Years to Life, Life to Years." His motivation is, and continues to be, the well-being of our community.

As one grows in years (as one ages), many of us crave something more spiritual in our lives, but understanding exactly what spirituality means often escapes us. One definition of spirituality involves the recognition of a feeling or sense of belief that there is something greater than ourselves, that there's more to being human than just sensory experience, and that the greater whole, of which we are a part, is cosmic or divine in nature.

Come hear Ashwani Dhall, the Director of the Art of Living Center in San Jose, who will talk about "Who am I?" and "The mind, body, ego, and conflict." He will delve into "consciousness," which even science has difficulty in defining. His unparalleled insight and depth of understanding that only a master can offer, will assist us to look at spirituality as a way to find meaning in life events, demonstrate individual purpose, and live a life that reflects our values and beliefs.

Ashwani will skillfully weave together ancient knowledge, classic stories, and practical wisdom into a captivating talk, making the discussion an invaluable tool and a companion for the earnest seeker of truth and spirituality. Please join Ashwani and the Global Villages Club on Wednesday, June 7, from 7 p.m. - 8:30 p.m. in the Conference Room of Cribari Center for a fascinating talk and discussion. There is no fee to attend, and as per VGCC and SCC guidelines, face masks are encouraged, but not required.

Understanding Artificial Intelligence and its impact on our lives

By Albert Chan, Chinese Club Treasurer

Talks about Artificial Intelligence ("AI") are all over the place since Microsoft introduced its ChatGPT late last year with several major competitors following suit. It seems like everyone today has an opinion on how AI and machine learning will change the world—for the better, or the worse. According to Bill Gates, the development of AI is as fundamental as the creation of the microprocessor, the personal computer, the Internet, and the mobile phone. Technologies like ChatGPT and Stable Diffusion are already changing how we write and how we create. Yet, many tech entrepreneurs feared such rapid development and have asked for a moratorium on AI research. So what is AI?

The Chinese Club will bring in an expert guest speaker to tell us more about what AI is and how we can use it in our own lives. Our speaker will be Jason Brewer, son of Villager Anne Brewer, is a 17-year veteran of the tech industry, having worked at Microsoft, Facebook, Pinterest, and Snapchat. He currently works as a tech lead in Machine Learning and he'll be talking to us on May 29 all about this fast-changing field.

Join us at Foothill Center on Monday, May 29 from 7 p.m. to 9 p.m. Please note: registration is limited to 100 attendees. Ways to register:

CATHOLIC COMMUNITY

'The Holy Spirit and Our Gifts'

By Robert A. Dolci, M.Div., M.A.

On this Solemnity of Pentecost, we relive the fact that as members of the Church we are Jesus' disciples and are called by him to share our Spirit-enlivened gifts with others. The Holy Spirit we received at our Baptism enables and empowers us to be a force for unity by the good works we demonstrate.

In the first reading from the Acts of the Apostles (2:1-11) we hear that the Apostles were filled with the Spirit of Christ and immediately responded by sharing what Jesus had taught them. All who heard them were amazed and astounded! That same godly Spirit inspires and moves us to act as well. Powerful change is possible in our lives and through our faith-filled action.

St. Paul tells the people of Corinth (1 Cor. 12:3-7, 12-13) how their gifts, bestowed on them by the Spirit, are to be used for the common good of others. Such selfless generosity strengthens and builds up and unifies the members of the Body of Christ. Clearly, the actions of all of us in this same manner affect the other parts of the body, the Church.

In the Gospel (Jn 20:19-23), St. John shares how the Disciples received the peace of Christ because of the Spirit the risen Christ bestowed on them. Like the Disciples, as witnesses to Jesus' resurrection, we are to respond to Jesus' call to demonstrate the Spirit's presence in our lives by our good works for the benefit of others.

So, let us examine how we can be Christ to others: Is there someone who needs my forgiveness? Do I know someone who needs my support? Have I prayed for another as I said I would? Can I possibly participate in a ministry that I have not yet shared? Can I share a talent/gift I have with a group that could thereby be enlivened even more? These and other heartfelt thoughts can open us up to the workings of the Spirit in ways we might not have previously considered. Peace!

EPISCOPAL

'On Fire for God and for Good'

By The Very Rev. Julia McCray-Goldsmith, Dean of Trinity Cathedral

The Christian story of Pentecost is a curious one, involving violent winds and tongues of fire, the unexpected ability to speak in heretofore unknown languages and even accusations of public drunkenness. Read about it in the second chapter of the Book of Acts. Or come to church and experience the music and delight of the festival known as the birthday of the church. Why a birthday? Because a group of Jesus-followers who had been frightened so much as to not leave their locked rooms suddenly found their voices! Which is what our Lord had been asking of his disciples all along: that they become emissaries of the same Good News he had come to bear and to share. When the church speaks out for God and for good, we are being the church—then and now.

What does that mean for us who have not been blown by violent winds or surrounded by the fire of the Holy Spirit? Perhaps we are still supposed to experience Pentecost wind and flames in the very story that the Apostles bequeathed to us. In the way we hear it, with the ears of our hearts: we can be lit up, so to speak. After all, Pentecost might be described as a miracle of hearing, as much as a miracle of speaking. In the polyglot of first century Jerusalem, disciples told of Jesus and "each one heard their own language being spoken." (Acts 2:6b). What might we hear, if we listen deeply to ancient Biblical stories?

COMMUNITY CHAPEL

'Why Did You Leave Me?'

By Pastor Bill Hayden

It is difficult for me to think that there is a person living today who has never experienced some form of abandonment in life. The word "abandon" as defined by Webster's dictionary is to leave completely and finally, forsake utterly, desert, to give up; withdraw from, discontinue or to give up the control of.

Abandonment can come very early in a person's life which can shape their outlook on life and their relationships. A child can feel abandoned by the death of a pet, family member, close friend or the failure of parent keeping promises. When my father left, I had to go into foster care and I felt very abandoned. It became hard for me to trust and be affectionate toward others because of the thoughts of being rejected. As a victim of childhood abandonment, I would often wonder what caused my father to leave my mother and his seven children. In retrospect the 40s and 50s, for most minority communities, were especially challenging to secure gainful employment. If you had a large family, every able-bodied person had to help with maintaining family life by finding additional income, unless you were wealthy.

Jesus wanted His followers to never succumb to the feelings of abandonment when they had to endure separation from their loved ones as His witnesses. He had promised to be with them always in Matthew 28:19-20ESV 19 *Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, 20 teaching them to observe all that I have commanded you. And behold, I am with you always, to the end of the age.*

All believers had gathered in Jerusalem from many lands in Celebration of Pentecost which was fifty days after the Jewish Passover Celebration as part of their deliverance in Egypt. At the height of the celebration, the promise of the Comforter filled all the 120 believers who had gathered in an upper room praying and waiting. It was then that they were filled with the Holy Spirit and power to be Jesus Christ's witnesses.

This Sunday we will celebrate the Holy Spirit's abiding presence and power in every believer's life to be a witness for Christ until his return.

Join us this Sunday to celebrate Pentecost. Meet us at the Community Chapel in Cribari Auditorium every Sunday at 10 a.m. to be encouraged over the Word and enjoy coffee and cookies with friends. The chapel is a place for *needs to be met, faith to be affirmed and new friends to embrace.* You can view our worship services on YouTube at Villages Community Chapel San Jose, CA.

TENNIS TALK

The Villages men met up with the Silver Creek boys tennis team for their annual match.

Our Take on the Latest Gear

By Wendy Ferguson

If you squint your eyes, you'll notice that The Villages men and Silver Creek boys in the photo have the latest gear. They battled it out last week in their annual tennis match. So if you are in search of the latest gear and are either a newbie or seriously-seasoned tennis player, trust me, this is for you. Let's check out the newest rackets and shoes to improve your game. These descriptions reside on the Tennis Warehouse website, I kid you not.

Babolat, which I cannot even pronounce but sounds like one of those overpriced drinks from Starbucks, has many interesting, intellectually-stimulating tennis weapons.

The cheapest one I found is the "Boost Drive" series for \$99. It is described as user-friendly and speedy, and has an easier path to pace, with extra plow-through. So perhaps you can also use it to dig up your garden or maybe take it for a spin around the block after drinking your morning "Babolat."

For the Rafa purist with big pockets wanting a weapon, there are dual Aeros for just \$599. A pittance for the explosive player who wants a ticket to speed without the speeding ticket. This surgical member (I guess for a doctor) has a more flexible beam when you make bigger cuts with this stick that uses flax inserts so you can fully engage with your targets. Take it for a spin on the racetrack or to shooting range, whichever you prefer.

I would love to be opposite Isner when he serves with his Babolat at 135 MPH, like a velocity seldom seen outside of a Wile E. Coyote cartoon. So call me chicken, I don't care, but in reality I'd have to hide behind the fence while someone else gets hurt. And besides, he's 5 feet taller than I am.

Now let's review must-have tennis shoes. Still on the race-track, check out the Babolat Jet, which is a speed-oriented shoe with a Michelin rubber outsole that gives you an explosive feel. Vroom!

Meanwhile, Roger's ON shoe has 100 percent carbon fiber that supplies energy return and a more stable ride. Now we're into horses, so giddy-up.

After ordering and receiving your gear, be sure to heed the warning on the package: Do not open the box if the contents are missing or broken as this will invalidate your warranty.

After throwing away the box, ride your Babolat Jet on down to Starbucks and enjoy an iced Babolat.

SWINGERS

By Linda Schlageter

Jan Ehrhardt, May Captain's Trophy Winner - Front Nine

The PG&E warnings started to arrive early Tuesday morning. There was no power for many of our Villages. Many of us who had planned a morning of golf found our golf carts stuck in our garages because we couldn't get our garage doors open. It was disappointing, to say the least. For those who made it down to the golf course, the haze quickly burned off, and it was a lovely day for golf. There were no birdies, and the only chip-in was Linda Schlageter on Hole #16.

The next month is a busy one. The first twilight, Mexican Fiesta, is May 26 with a shotgun start at 4:30 p.m. You can sign up as a single, a couple or a foursome. Just call the Pro Shop (408-274-3220) to register. Also, mark your calendars for the Play the Par 3 Course on June 11 which is open to all Villagers. There is a 3 p.m. shotgun start followed by cocktail time in the Bistro. Contact Mary Wagle to sign up (408-829-4021). And, of course, our much-anticipated Women's Nine Hole Invitational is on June 13. There is a lot of great golf to look forward to!

Cinco de Mayo Bash—Wendy Ledamun, Hosts Vince and Barbara Sunseri, and Paul Andersen.

By Barbara Orlando

Even though the weather wasn't cooperating, the Cinco de Mayo Bash was well attended. Bash hosts, Vince and Barbara Sunseri served up some delicious chicken enchiladas and Mexican rice. Attendees appreciated all their efforts in making it a festive event. A big thank you to the hosts and members for all the festive snacks.

Bash is every Friday at the bocce courts, located adjacent to Gazebo Park from 3 to 5 p.m. It's fun, and a way to practice in a casual setting with friends. Membership isn't necessary to attend, just bring along a

snack to share and your own favorite beverage. Come join us on Fridays!

Reminder for those members who have reservations to this **sold-out** event, the Bocce BBQ is tomorrow at Gazebo Park from 4 to 8 p.m.

Your Tournament Coordinator, Ken Colaizzi is home this week, recovering from some knee maintenance. We wish Ken a speedy recovery. Check out the win/loss scores posted in the kiosk at the courts, your email, and in issues of the Villager.

A Mini Boot Camp for new beginners will take place on Thursday, June 29 from 5 to 7:30 p.m. This class will fill up fast, so if you're interested, contact instructor Helen Paris by email at helentaitparis@gmail.com. Also, a Skilz class for advanced players, with instructor Jim Goss is planned for July, date, and time TBD.

Did You Know: Be polite and courteous to your teammates and opponents. When it is your turn to throw, be ready and do not delay.

PICKLEBALL

By Anahid Gregg

You say you want to try Pickleball? Not surprising given it's the fastest growing sport in the country. Pickleball is great fun, but there are a few things you need to know before you start playing at The Villages. To get started, you need non-marking "Court Shoes," commonly called Tennis Shoes. Court Shoes prevent marks on the court and more importantly, provide the proper support. Incorrect shoes are the #2 reason for falls and injuries. Number one is running backward; now know the two most important tips.

- Everyone (residents and guests) must register with the Club, and sign up before using the courts. You needn't be a member; you can join as a "non-member resident." To register, visit our website - villagespickleball.vgcc.club. The first post explains the process.

- Wait to buy a paddle! The Club is very sensitive to the noise factor, and a condition of our SJ Use Permit requires the use of quiet paddles and balls. Our website is a link to approved paddles. The Sun City Grand "Quiet Paddle List" is now required by many clubs and recreational facilities around the country. USAPA paddles often do not meet the requirements! The only balls allowed on the court are Onix 2 Pure balls – the PB Club buys them in bulk, and sells them at wholesale prices. The Club also has "quiet" paddles for use by our shed.

- While not required, we highly recommend a meeting with Mike Walias (mjw0275@yahoo.com). Mike gives demos on how to play Pickleball, he's the secret weapon of the club. You'll leave knowing the rules and basics. Once completed, he can recommend the best group for you to start meeting new players, plus he has paddles you can try before you buy!

- Have fun... Pickleball is a social game. Be prepared to laugh, trash talk and meet some of the friendliest people at The Villages!

Celebrate the Champions!

PINSEEKERS

By Jim White

May 19 was a beautiful day in our neighborhood, as 18 Pinseekers teed off from hole number 10. This week's top scorers were: First Place, Jim White, Net 34; Second Place was a tie with Jack Bindon and Leighton both at Net 35; Third Place, Mike Falarski with a Net 36 (par); Fourth Place was snatched by Don Lee capturing a Net 37.

As mentioned in last week's Villager, the final week of competition for our Annual Championship will be on May 26. The month of June we will be playing "Sweeps," but no Championship Points until we begin our 2023-2024 season on July 7.

The 2022-2023 Champion will be announced at our annual meeting and luncheon on Wednesday, June 14 at 11:30 a.m.

A couple of quotes from Golf Psychologist, Dr Bob Rotella: "A golfer has to train their swing on the practice tee, then trust it on the course." And "Hit the shot you know you can hit, not the one you think you should."

SHONIS

By Betty Hall

Looks like Spring zipped right through and summer is already here. But it's nice golf weather for our 9:30 a.m. shotguns.

Kathy Tanaka

Twenty-two Shonis and two qualifiers certainly enjoyed the nice golfing weather last week on May 16. We saw some very nice scores posted by a lot of our group. Some of us are still working on improving our Eclectic games. Just three more weeks to change those bogeys to pars or birdies.

We had our Spring Pro Clinic with Tim Flanagan after our round of golf. He worked with us on our chipping and bunker strokes. His expertise and time is always appreciated.

Pictured here is our May Captain's Trophy winner, Kathy Tanaka. Kathy gets both trophies until June. She had a nice game on May 9 with a 37 gross and a net 19. Congratulations, Kathy.

IRONMEN

By Bill Travis and Jerry Juracich

The Ironmen are currently in morning play, gathering every Thursday morning at 10 a.m. with a shotgun start, sweeps, birdie pool, and closest to the pin.

Thursday, May 18, 2023, was sunny and warm. Perfect for some golf.

Thirteen Ironmen played. **Third Place** honors were shared by Jerry Juracich and Sang Nam with net 25s; **Second Place** honors were shared by Prakash Deshmukh and Bill Travis with net 24s; **First Place** went to David Cook with a 4 under par net 23!

We had four **Birdies**: one by Al Bruno on hole 1; two by Jerry Juracich on holes 3 and 7; and one by Sang Nam on hole 9.

Closest to the Flag on hole 4 was won by David Hathaway at 11 feet, 7 inches.

The winner of **Low Gross** was Al Bruno with a 1 over par 28.

Golfer of the Day recognition goes to Jerry Juracich with a third place and two birdies. Way to go, Jerry!

The Ironmen 9 hole, par 3 group would love to add new members. We are a very sociable group, and play basically pressure-free golf. And, the first round is on us. Just call Jerry Juracich at 408-440-8283.

Deep Thoughts:

"Golf is the ego and id in a playoff that never ends. It's a solitary wandering in the manicured wilderness, It's man alone with his own mind. It's too much time to think and too much to think about. It's more like life than life itself." - David Noonan, Australian artist

"A routine is not a routine if you have to think about it." - Davis Love Jr., American professional golfer and father of Davis Love III

Now we will have to lightly irrigate the plant material until it reaches maturity and we will have to spray for some encroaching Bermuda Grass. The Beta Site looks fantastic and will even get better when the plant material has grown to full size and maturity. A *big* thank you to Mike Poellot and GMS for the design and implementation of this visually impactful area...so not only does it look great, the reduction in turf will ultimately lead to water and cost savings for the golf course.

Cart Fairway Entrance and Exit—The 90-Degree Rule is Always an Option When Entering the Fairway

For those golfers who enter the fairway early, just after the tee box, we stress that you should please use the Cart Enter Gates located at the start of each fairway. Then proceed down the fairway from shot to shot avoiding driving in the rough as much as possible. For those who hit it longer off the tee and who do not enter the fairway early, remember that it is always okay to use the cart path until you are parallel with your ball, and then enter the fairway using the 90-degree rule staying on the cart path until you reach your drive. Then proceed down the fairway from shot to shot avoiding driving in the rough as much as possible. At the green, please remember to not drive your cart past the 30-foot Yellow Lines in front of each green, and to never drive inside the perimeter of the greenside bunkers or on the greenside slopes. When exiting the hole, please use the Exit Gates located at the end of each hole and stay on the cart path until you reach the next tee box. Let us know if you have any questions. Thank you for your cooperation!

Golf Course Etiquette Guidelines... We can all participate in keeping our golf course beautiful by observing these eight simple acts of care:

1. Follow the 90-degree rule (longer hitters) or the Entrance gates (shorter hitters) when entering the fairway
2. Do not drive within 10 yards of the forward tees
3. Respect any roping and cart directional signs and please *exit* every hole through the *exit gates*
4. Sand fill all fairway divots
5. Repair any/all pitch marks on the greens
6. Avoid driving on the mounds surrounding our greens
7. Smooth out the sand in the bunkers with the rake
8. Knock the sand off your shoes before walking on the green from a sand bunker

Let's all make it a goal to leave our golf course in better shape than we found it, every time we play.

Tips from the Pro – Feel the Need for Speed. Many golfers think the key on long putts is speed and shorter putts are more about line. Actually, speed is critical on *all* putts. The pace of the ball dictates the size of the hole. If you hit a putt firmly, the effective width of the cup might be two inches, but if the ball is rolling slowly, the cup might play twice as wide. You want your ball rolling slowly as it approaches the cup, this is called "hole speed." **To work on your hole speed, try this putting drill...**

Set up an imaginary box on the putting green using four tees, three feet wide and about 18-inches deep. Drop three balls five feet from the center of the box, and try to roll all three into it the box. If a ball doesn't come to rest inside the boundaries, start over. Once you get all three, move back two feet, and do it again. Then go back another two feet, and so on, until you're about 15 feet out. Remember, a miss means you have to start over from that distance. This isn't an easy drill, but when you get good at it, you'll have distance control and hole speed...and believe me, you'll make a lot more putts. Remember a ball dying on the edge of the hole can drip into the hole from multiple directions, a ball speedily approaching the hole will often lip out.

Try the tips and let me know how they work... To sign up for a lesson with me, email ssteale@the-villages.com

WHERE IN THE WORLD IS THE VILLAGER?

Here's how it works: Take along a copy of *The Villager* on your next vacation—it's not heavy—and have your picture taken holding up the paper with a well-known landmark or celebrity. Just tell them it's for the folks back home. (And be sure to get your camera back!) Then after you unpack and process your pictures from your vacation, e-mail your Villager picture (in Jpeg format) and perhaps a couple of "zingers" from your vacation and e-mail the files to shinrichs@the-villages.com. We'll publish your smiling face with your favorite local paper for all to see.

Real Estate –

Housing in California, Santa Clara County and San Jose specifically.

The Bay Area is going through some serious changes. Have you noticed the large condo or apartment structures going up all over the cities? A mobile home park across from Santana Row in San Jose has been removed and a massive multi-unit structures now towers over Hwy 280. A friend of mine lives a few blocks away. Once this building is filled, we both cannot imagine what will happen to the already congested traffic. The San Jose City landscape is sooo different from when I grew up amongst the orchards and spacious suburban housing in that area.

But we need the space! Somehow, we have a net exit of 350,000 from California, but a growing population of unhoused. The new mayor is moving like mad to build much more affordable homes for the unhoused with our taxpayer money. He is trying to keep it down to 150K per structure.

There was a fight at the Capitol (Sacramento). 2000 California Association Realtors ascended on Sacramento to stop a bill that would have made it mandatory for sellers of duplex, properties with ADU units or multi units to register with a government body that you want to sell your homes. You would then mandatorily have to first offer it to a California nonprofit organization for a period of time before you are able to sell on the open market. This idea did not go over well, and the bill did not go through.

Another Federal bill **did** pass, that will cost home buyers with good credit and higher down payments to pay more in Mortgage fees. At the same time, borrowers with inferior scores will be paying less for their mortgages. This is the plan to get those with not so good credit into homes?

Lots of Real Estate "Solutions" being thrown around recently. Big changes happening.

Leash rule for pets

Residents are reminded, as per Club Rule 1.51, that pets must be kept on a leash, under control, and attended to at all times. This also applies to the Hill Lands.

An increase in coyote aggression has created problems with small dogs, especially those that are unleashed. **Please always leash your pets. And keep leashes short; the Division of Wildlife recommends a leash no longer than 6 feet.**

Furthermore, accompany your leashed pet at all times while outside. Do not let go of the leash or tie your animal to trees or other objects. An unattended leash not only attracts the attention of coyotes, but is also a tripping hazard to other walkers.

Don't feed the 'critters'

The Villages is known for its wide variety of wildlife. Many Villagers want to feed our four-legged or winged guests on a routine basis, which can be quite detrimental to our wild friends.

Most wild animals naturally fear humans and keep their distance. When animals have access to food and garbage left out by residents they keep coming back for more. When this happens, they often lose their natural fear of humans and can become aggressive. To prevent that, residents should not leave out any food, including canned food, in a manner that may become accessible to our furry friends. Please comply with Villages Golf & County Club Rule 1.51.4, which states: "Feeding of waterfowl and other wild animals on a routine basis is prohibited for the protection of both residents and the animals."

Lunch reservations are required per the computer system referenced in the monthly Social Club newsletter.

OBITUARY

Kamaluddin Ahmed Chowdhury

February 10, 1932 – April 26, 2023

Surrounded by his loved ones, 91-year-old Kamaluddin Ahmed Chowdhury passed away peacefully on Wednesday, April 26, 2023 at San Jose Regional Medical Hospital. He was born in Bangladesh on February 10, 1932. A civil engineer by profession, Kamal worked for several years for Caltrain and BART in the 1990s.

Kamal was a devoted husband to Mahmuda Chowdhury (Shelley), his beloved wife of 70 years. He was a loving father to Nasreen Rahim and Naser Mahmud Chowdhury and beloved father-in-law to Hasan Zillur Rahim and Marsha Chowdhury. He was a cherished grandfather to Nahareen Rahim, Sabrina Chowdhury Mansur, Ayesha Rahim Nassar, Tara Chowdhury Fulton, and Ariq Hasan Rahim, and great-grandfather to Kieran Mansur, Amari Mansur, Luca Fulton, and Aydin Rahim Nassar.

Kamal lived a full life. He was passionate about Indian Classical Music and a renowned Sarod player. Affiliated with Ali Akbar School of Music in San Rafael, CA, he gave many recitals in California and Bangladesh. He was an avid sportsman and created the cricket team for Bangladesh Railways in the early 1970s. He had diverse hobbies including hunting and fishing. He was known for his generosity and honesty. He went out of his way to help family and friends.

Kamal's funeral service was held on Friday, April 28, in Masjid-An-Noor in Santa Clara, followed by a private burial in the Five Pillars Muslim Cemetery in Livermore, CA. His family and friends will be 'Celebrating his Life' on Saturday, June 3, 2023, in the Villages Cribari Center at 5 p.m. Kamal and his wife Shelley were the first couple from the Bangladesh, India and Pakistan sub-continent to settle in the Villages Golf and Country Club in San Jose, California in April 19, 1991.

Rest in peace, Kamaluddin Chowdhury. We love you and you will always be in our hearts forever.

OBITUARY

Gerry Preston

March 15, 1930 – May 9, 2023

Long-time Villages resident Gerry Preston passed away on the morning of May 9 in Sunnyvale at the age of 93.

Gerry grew up in Seattle, Washington on Beacon Hill, where she met and married Stephanie and David's father, Edward Dean, in 1949. In 1956 they moved to Redwood City, California where Gerry's husband Eddie passed away in 1957. Gerry proceeded to raise her two children, ages 7 and 2, in Redwood City as a single mom, often working 2 jobs with the help of her parents, Mary and Joe Campagna. She worked principally in the microwave communication industry. After David and Stephanie were grown, Gerry married Bill Schafer with whom she retired to Del Lago in The Villages in 1985. After Bill passed away in 1993, Gerry married her neighbor, her beloved Ray Preston in 1995.

Gerry was an expert pianist, an avid golfer and bridge player, and an active member of her Catholic Community at The Villages. She directed the choir for many years, chaired the 18 Hole Women's Golf Club, and loved her dogs Marty (who awaited her at the Rainbow Bridge) and Marco. Gerry was full of life with many friends and a loving family, a take charge kind of gal. She was diagnosed with Alzheimer's Disease in 2020 and moved to Sunrise Senior Living in January 2022.

Gerry is survived by her husband Ray, her brother Joseph Campagna, her children Dave and Stephanie Dean, Ray's daughter Roxann, and grandchildren Jena and Joe Dean.

A memorial Mass will be held at St. Francis of Assisi Catholic Church on June 7, 2023 at 11 a.m. followed by lunch at the Villages Clubhouse Fairway Room.

Instead of flowers, donations in Gerry's name to the Villages Medical Auxiliary would be appreciated.
