## Fire damages Montgomery carports; no one injured

At 4:40 a.m. on Saturday, August 19, San Jose Fire Department dispatch notified Public Safety of a reported structure fire on Montgomery Bend. San Jose Fire Engine #11 and Public Safety responded and were on scene in three to four minutes. The Engine #11 crew aggressively attacked the fire and contained it within minutes. Thirteen other San Jose Fire Department units arrived shortly thereafter. The cause of the fire is currently under investigation. All residents in the three affected units evacuated safely. One home suffered major damage to the carport and garage and lost two vehicles. One neighboring home suffered damages to the carport, and another home sustained attic and roof damage. S.J.F.D. remained on scene to monitor hot spots for several hours. No injuries were reported.

## Villages Amateur Theatre to present 'Old Time Radio Hour Show'

Have you ever listened to a radio show on PBS and wondered what it would be like to be in the studio when the show is being broadcast? Well, now is your chance to do just that. And it's entirely free!

The Villages Amateur Theatre along with the blue grass band, Scotch Creek, is performing an "Old Time Radio Hour Show" on **Thursday, September 7** at 3 p.m. in Cribari Auditorium. The show features great blue grass music from Scotch Creek and readings from "Stories I Ain't Told Nobody Yet," performed by your friends and neighbors. Funny or sad, they will all touch you in some way.

Following the performance, we will be serving wine and cheese to give you an opportunity to mingle with friends and performers and find out a bit more about the VAT and Scotch Creek. No reservations are required. Just show up and have a great time. No reserved seating, so it is first come, first served. Don't miss it.

The internet and cable services from Comcast has been very unreliable lately. Quite a few nights at around 8:30 p.m. to 9:30 p.m. both services went down for 10 minutes, sometime for over an hour. Can The Villages management find out what is going on with our service from Comcast since they are the one negotiated the deal for us?

—Arthur Yu

## ABOVE & BEYOND

A few weeks ago, my wife and I were awakened when a large oak tree crashed on top of our condo and punctured two holes through our living room ceiling. Our entire back yard area was covered with tree limbs, our roof was damaged, and our back patio was impassable. We called Maria Hernandez, Association Operations Manager, and she in turn came out with Todd Maria. In the next 24 hours work crews came to install temporary patches to our roof, clear away all the tree debris, and determine what was needed to restore our home. All of the work crews have done a fabulous job and we are now back to normal.

— Peter and Nan Holmes

## THANK YOU

Thank you to all my neighbors and friends for celebrating my 99th birthday and for all the gifts and flowers. I love you all.

—Fannie Grizolet

## A Note From Comcast

Comcast announced some service enhancements coming to The Villages. Starting August 25 Comcast is upgrading its cabling throughout the neighborhood and introducing its 10-G network to bring better service to residents, with faster, more reliable speeds.

This upgrade will happen in phases throughout The Villages, with notices going out to each affected resident. During the upgrade there will be intermittent outages as Comcast improves its network, and residents will be made aware of the service down time. Currently Comcast is going to begin at and around Cribari Heights and Cribari Vale.

To contact Comcast Cable (Xfinity) follow the instructions on the email notice or call 855-307-4896.

### (SRS) SENIOR RESOURCE SERVICES

#### DMV option to take written test

In past years, if you were 70 or over and needed to renew your California driver's license, you had to take the written multiple-choice test. You now have a new option to take the written test called eLearning. It is a fully online, self-directed course of seven interactive lessons. One of the SRS team members recently chose the eLearning DMV option and below is his experience.

The best approach to renewing your license is to do as much as you can online prior to your DMV appointment. Log into your DMV account (or create an account if you don't have one yet). Once you are signed in, click on the "Driver's License renewal" link. Complete as much as you are able online (including making the required payment of \$41). At some point you will get a message that you cannot complete your Driver's License renewal on-line (that is because you are over 70) and you will be asked if you want to take the eLearning course (instead of taking the test at the DMV offices) before coming into the DMV offices.

When you agree to take the eLearning Course option, you will receive an e-mail with a link to the Virtual Test Center eLearning course. The eLearning course is essentially an online version of the relevant sections of the California Driver's Handbook, covering such topics as Navigating the Roads; Rules of the Road; Safe Driving; and Alcohol and Drugs. The eLearning course is divided into seven sections, with each section covering about 10 items. At the end of each section there is a multiple choice test of five or six questions. If you get a question wrong, you can go back and correct it. Each section and test can take about 20 minutes to complete.

Once you start the course you have 30 days to complete it. At any point you can bookmark and stop wherever you like during the process of the course, and then pick up and resume where you left off. The eLearning materials are available 24/7.

Once you've successfully completed the eLearning materials and testing you get an e-mail message advising you to make an appointment at the DMV (and to allow at least one business day for your online record to be available to the DMV Office). You are advised to make a copy of that e-mail to present it to the DMV at your appointment as it contains your application confirmation code and payment confirmation number.

One can go to the DMV without an appointment, but that is likely to add one to two hours to your visit. Even with an appointment, it is prudent to expect your visit to last around 90 minutes, as there are always lines and you will have to visit at least three stations, each with its own line (i.e., general check in; window service for paperwork and vision test; photo; back to window service for final paperwork). At the end of the process at the DMV office you will be provided with an Interim Driver License (a piece of paper with your DL info but no picture) that is valid for 60 days. You are supposed to receive your new license in the mail before that 60-day period ends.

SRS suggests you consider this new alternative to taking the written exam. And you don't have to be 70 to use this alternative. Many of us will find it less stressful. For more details, go to the DMV website: <https://www.dmv.ca.gov/portal/driver-education-and-safety/online-learning-and-tests/>

*Note: The Senior Resource Services (SRS) office hours for drop-in assistance are Monday, Wednesday, and Friday from 10 a.m. to noon. The SRS office is in the Cribari Center across from the Post Office. You may also leave a message at 408-239-5253 or e-mail SRS at [villagesrs@sbcglobal.net](mailto:villagesrs@sbcglobal.net). The web site is [www.thevillagesgcc.com/srs](http://www.thevillagesgcc.com/srs). The purpose of SRS is to provide education and general business and financial information. All assistance is free and confidential. You should ask your professional advisor about your individual situation.*

#### SRS alert:

### The IRS does not email you

Remember, the IRS only initiates activity with a taxpayer with correspondence through the U.S. mail. The IRS does not use e-mail to contact a taxpayer. If you receive an email claiming to be from the IRS that contains a request for personal information or asking for a tax payment, remember these 5 things:

1. Don't reply. 2. Don't open any attachments. The email can contain malicious codes that may infect your computer or mobile phone. 3. Don't click on any links. 4. Forward - preferably with the full email headers - the email as-is to the IRS at [phishing@irs.gov](mailto:phishing@irs.gov). 5. Delete the original email.

## EVF: 17 Years of enhancing Villages amenities

In 2006, Villages resident Gertrude Gruener, inspired by the actions of two friends that left multi-million-dollar donations to organizations when they died, was inspired to begin a non-profit foundation to bring donations such as those to The Villages.

That vision attracted other like-minded residents, and after a series of planning meetings, the Evergreen Villages Foundation (EVF) was founded. As a non-profit charitable organization, EVF is dedicated to raising funds for the support of lasting capital improvement projects in The Villages.

Due to many hardworking individuals, the EVF has become a successful charitable organization. In its stewardship of your donated gifts, the Evergreen Villages Foundation makes a lasting record of all those whose generosity continues to enhance this lifestyle that we all value. Over the years the EVF has enabled numerous projects including the pickleball courts, Clubhouse upgrades, Cribari plaza, improvements to the golf course, Bistro patio extension, fitness equipment, and hillside trail signs. The recent Dutch Johnson Legacy Fund, a planned gift to EVF many years ago, will be used to upgrade sand bunkers on the golf course.

EVF has a number of programs in which Villagers can participate, including the Sustaining Member Program and the Planned Giving Program among others. Details of these programs can be found on the EVF website, [evfsj.org](http://evfsj.org).

# COMMUNITY ACTIVITIES

The following events are sponsored by the Community Activities Department. Please telephone 408-223-4643 for additional information.

## *Survey Results are in: Online Based Events*

In the recent Community Activities Survey we asked participants the following: "Online based events have become more popular, using programs such as Zoom. Examples of these events could be online art/museum talks, watching a streamed event, etc. Would you be interested in participating in any of the following? Hybrid events (both on-line and in-person are not available currently). Please choose all that apply." Three possible options were provided. Thank you to all participants.

Total Respondents: 61 online surveys, 0 paper surveys

Respondents Who Skipped this Question: 1

Usable Responses for this Question: 60

Not interested in participating in online based events = 30

Activities that take place entirely online using your personal devices and with an AV Tech supporting electronically = 21

Activities that take place in a community center with an AV Tech supporting and the activity projected on a screen for viewing by in-person participants = 17

Half of respondents indicated that online based events were not something they were looking for in Community Activities programming. If we should add an online event in the future, it will be based partially on the availability of an AV Technician. If you would like to become an AV Technician please see the information listed on the Resident Portal at [resident.thevillagesgcc.com/resource-files/employment-opportunities](http://resident.thevillagesgcc.com/resource-files/employment-opportunities) or email [recruiting@the-villages.com](mailto:recruiting@the-villages.com).

## Meet Mirabel, a senior perfect for seniors!

Mirabel is a very special 10-year-old, 12-pound Min-Pin Chihuahua mix in need of her forever home. She is super sweet, intelligent, and likes to cuddle. She is friendly with people and other dogs.

Research shows that animal companionship can calm your mind, improve your mood and promote healthy living. Taking a walk is good for your body and mind, but it's a lot more fun with a canine companion— and it's a great way to meet new friends. For more information check out Mirabel's page under adoptable dogs at [svpetproject.org](http://svpetproject.org).

Silicon Valley Pet Project also has a variety of other dogs, cats and kittens rescued from local animal shelters that are available to foster and/or adopt. If you are unable to adopt, please consider fostering— it's a temporary commitment with permanent rewards! For more information, contact Villager Sarah Clark at 408-202-1222, or [sarahc@svpetproject.org](mailto:sarahc@svpetproject.org).

## No club affiliation needed to enjoy Billiards Room

The Billiard Room, located in Cribari Center, is one of The Villages often overlooked facilities. The Billiard Room is not a club and is open to all Villages residents and their guests who are at least 12 years old. The Community Activities office maintains a list of those residents that have access. To gain access, sign up for a door key at Building B. There is a one-time fee for the door key.

The pool room has four, newly covered tables. Two Pool Tables, one Snooker Table and one Billiard Table. Cue sticks, chalk and balls are provided, free of charge. The Billiard Room has central air so it's a great place to be on a hot summer day or a cold rainy day later in the year.

Since the Billiard Room is not a club, there are no monitors, and everyone is expected to abide by the following rules:

1. Be considerate of others and the facility. Leave the equipment in the proper order. For example. Do not mix the snooker balls with the billiard balls. They are a different size.

2. Guests, 12 years and older, are welcome but only when accompanied by Villages Residents. Damage in the past has appeared to be caused by visitors who were not supervised by responsible residents. Please read and follow the posted rules which include No Pets and other guidelines.

3. Food and/or drinks are not allowed in the Billiard Room

4. When leaving please make sure the door is locked, blinds are closed, and lights are off.

5. When you are done playing, please brush the Billiard Tablecloth, with provided brushes. Please brush in the direction of the arrows on the table.

6. Make sure you replace the table cover. Leave the room as you found it or better if you find a problem.

If you're interested in additional information including contacts with other active players, please contact David Raskin, Paul Belknap or Richard James. Their contact information is available in the Villages Telephone Directory.

# CLUBS & EVENTS

## Hiking Club: 'Living a Sustainable Lifestyle' Global Village to screen

The Villages Hiking Club is meeting at the Foothill Center on Monday, August 28 at 7:30 p.m. This month's program will focus on sustainability and how you personally can adopt sustainability practices as part of your everyday lifestyle.

Our speaker, Mary Mackey is a second-generation Villager. She is a Certified Plant Based Nutritionist and Certified Holistic Nutritionist. She co-founded Plant-Based Advocates, a grassroots group that is working to mitigate climate change by reducing the traditional reliance on meat and dairy. She teaches workshops on plant-based living.

Mary will speak about the health and environmental benefits of a plant-based lifestyle. The meeting is free and all Villagers are welcome. The program will commence after a brief business meeting and a break for socializing with snacks and beverages.

## 'How Not to Die: The Role of Diet' presentation

Global Village Community Club cordially invites you to its Tuesday, August 29 meeting on Plant-based Diet in Montgomery Center from 7 to 8:30 p.m.

Mary Mackey, Certified PB Nutritionist, will show Dr. Michael Greger's presentation of 2016, "How Not to Die: The Role of Diet in Preventing, Arresting, & Reversing Our Top 15 Killers." From the description: In his talk, Dr. Michael Greger, a physician, New York Times bestselling author and internationally recognized speaker, outlines the best "evidence-based diet" based on the latest in peer-reviewed science, that can not only help improve overall health but can also reverse effects of common diseases such as heart disease, the number-one killer among North Americans.

Drawing parallels between how we dealt with smoking in the past to how we're dealing with nutrition today, this talk will have you reaching for more plant-based food options and not asking "where's the beef?"

The presentation will be followed by a short trivia game from our facilitator Mary Mackey.

Global Village Community Club is a Board-recognized club. For more information, visit [sites.google.com/view/gvclub](https://sites.google.com/view/gvclub) or email [globalvcclub@gmail.com](mailto:globalvcclub@gmail.com).

## Flu Clinic—Important changes

The VMA is once again partnering with Walgreens to bring you the Flu Clinic.

**Important new information:** Walgreens has changed some of the parameters of this year's Flu Clinic based on information from their corporate headquarters. Because of that, we are having to change from two days of clinics to one day. The new date and the only date of the Villages Flu Clinic will be **Thursday, September 21** from 9 a.m. to 6 p.m. at Montgomery Center. Appointments will be from 9 a.m. to 6 p.m. at 15-minute intervals. Regular dose and the high dose flu shots will still be offered. These are the only shots offered this year.

New this year is an **online registration** which began August 18 and will last through September 6. An **in-person registration** will also be held at Montgomery Center on September 7 *only* from 11 a.m. to 4 p.m. for those of you who would prefer that or do not have a computer. If you are registering in-person, please be aware that the day and time you might like, may have been taken already. Also, please know that everyone must have an appointment made in advance. This will help speed the process up for all of us.

For online registration, log onto [vmavillages.org](http://vmavillages.org). Fill out the form including your Medicare number or your Kaiser number if you're a Kaiser member, and any other information for which the form is asking. If someone else living in your home also wants their flu shot, he or she must fill out a separate form.

If you are under 65 and you want your flu shot at the Villages, please include the name of your Insurance Company and your policy number. There will likely be a charge for your shot.

You will be sent a receipt of the information you submitted. You will be sent the exact time of your appointment in a separate email.

If you need specific assistance, please call Liz Adams at 408-621-5653. She'll help you to complete your registration.

We're excited about our new registration process. It has the potential of meeting the needs of everyone involved. Please accept "the new way." Ask questions if you're concerned and we'll try to simplify things to make the whole process easier.

We look forward to seeing you at our 2023 Flu Clinic at Montgomery Center on September 21.

## Install solar panels and start saving now!

By Bill Devincenzi, Sustainable Villages Community President

A recurring comment the Sustainable Villages Community hears from folks who are hesitant to install solar panels is that they will not live long enough to get the full return from their investment. However, the fact is that you actually receive benefits every month in the form of reduced electricity bills. Think of it this way. Where else can you invest some money and get a 7 to 10 percent return immediately, every month. For example, my install cost me \$14,000 after rebates. I immediately began saving \$125 per month on my electricity bill. That is a 10.7 percent return on my investment every year, no matter how long I live. (\$125 times 12 months subtracted from \$14,000). And with electric bills going up through rate increases, that increases my return accordingly. These savings can be transferred to a new owner if you decide to sell, thus increasing your property value! So, what are you waiting for? Your return will depend on the cost of your solar panels and the amount of electricity you will save. Right now, I pay \$10 per month for electricity on my PG&E bill. That is what you will pay as well. So, the difference between what you are now paying monthly for electricity and \$10 is what you will save. Do the math by dividing your annual electricity savings by the net cost, after rebate of 30 percent, of your solar panels. You will be surprised by the result. Act now to begin earning roughly 10 percent on your money. Feel free to contact me if you need help with this at Billdevincenzi@me.com.

## Global Village to present 'Touch to Heal: Self-Care Reflexology'

Join Global Village Community Club on Wednesday, September 6 from 7 p.m. to 8:30 p.m. in the Conference Room to meet Suzy Brown, guiding us in "Touch to Heal: Self-Care Reflexology."

Spread your toes to balance? Press your wrist to sleep? Suzy Brown, a Certified Reflexologist who recently presented for the VMA, is back because of popular demand.

Dating back to 2500 BC, reflexology is based on the theory that points on the feet, hands, and head are linked to every part of the body, and by massaging these points in a particular way, we can enhance good health. It's a non-invasive, healing practice to reduce pain, anxiety, neuropathy, cardiovascular disorders, gut distress, and more.

For the session, Suzy recommends you wear loose clothing and easy-to-remove shoes. During the presentation, you will work on your own hands/feet to practice finding pressure points. Even if you experience limited mobility in your hands and feet, you can practice self-care with reflexology.

In this free workshop, you will learn, at-home self-care, focusing on five reflex zones and working with the nervous system. You will also receive a handout to guide your at-home practice.

For more information on Global Village Community Club check visit sites.google.com/view/gvclub or email globalvc-club@gmail.com.

## Make Jazzercise your fun fitness routine

By Barbara Tommaney

You have, no doubt, heard of countless studies that prove the importance of exercise to our health, especially as we age. Regular physical activity helps maintain mental and physical health, and helps you remain independent as you age. But the hardest thing is making regular exercise a priority and fitting it into your busy schedules. It has to become a habit. For me that habit is Jazzercise. Luckily the Jazzercise club meets three times a week, Monday, Wednesday, and Friday, from 8:30 a.m. to 9:30 a.m. I don’t have to forego any other Villages activity to satisfy my exercise program. Jazzercise Lite is designed for Seniors and you can modify any routine to suit your needs. The class is led by a certified professional who has years of experience. By the way, everyone is very welcoming. The cost for a month of Jazzercise is \$45, charged to your house account. And the first class is free so you can try it out with no obligation. # VMS: Larry Broderick to perform free piano concert

By Pamela Pierson

Villager Larry Broderick will celebrate music and life in a premiere piano concert on Sunday, September 10, at 2:30 p.m. in Cribari Auditorium. A member of the Music Society's Piano Open Studio, his performance will include engaging selections from his classical roots to the Beatles, musical theater, ragtime and other genres. The concert is Larry's gift to you. No charge.

Larry Broderick at the piano. Photo by Eric Pierson

Known affectionately as "maestro" to the Villages Amateur Theatre, Larry on piano became the orchestra for their musicals. "But for me, the main attraction has always been Piano Open Studio," he said. "Here on most Tuesdays afternoons, any Villager resident is welcome to play the two concert grand pianos in the Cribari Auditorium." According to Larry, these "incredible beasts" as he calls our two pianos, have an incredible dynamic range, clarity and resonance. He has spent hours adapting his repertoire to our concert grand and the acoustics of our auditorium.

Fate led Larry to The Villages, its two grand pianos, its auditorium, music programs, and other amenities. Sadly, in the Santa Rosa fire of 2017, Larry lost everything except his car, credit cards, and the clothes on his back. Everything—including his life's work of 45 years of musical scores that he created for other musicians.

What developed in The Villages took him by surprise. "At the age of 80, when everything else seemed to be in decline, my music was still ascending. It was a shock to realize I could now do things on the piano I could never do when I was younger, things I didn't even know were possible. Now I desperately want to do this recital to share with others this incredible gift that has given me so much joy." Larry looks forward to sharing his gift of music: "This will be a celebration like you've never heard before." Larry, who started piano lessons at age 5, received two college degrees, and devoted his life to music.

# Sportswriter Cam Inman to speak at Villages Men's Fun Social Club luncheon

On Tuesday, September 5, Cam Inman, the Mercury News sportswriter for the San Francisco 49ers, will be the speaker at the Villages Men's Fun Social Club. Lunch reservations are required per the computer system referenced in the monthly Social Club newsletter. Guests are invited to attend and should arrive at the Clubhouse about 12:30 p.m.

Cam specializes in the 49ers and the National Football League and we have enjoyed his excellent articles. He certainly knows the 49ers and we will want to hear his interesting views.

Cam grew up here in the South Bay attending Monta Vista High School where he served as editor-in-chief of its school paper. In his senior year, he turned pro as a sportswriter and worked for the Cupertino Courier. He attended Cal Poly-San Luis Obispo earning a bachelor's degree in journalism. Upon graduating, he stayed on the Central Coast and served as the assistant sports editor of the Santa Maria Times. Each summer, he volunteers at the California Scholastic Press Association's workshop as a teacher and board member.

In 2000, he began covering the San Francisco 49ers as a beat writer. In over 20 years, he's covered a multitude of sports, in a variety of media platforms for the Bay Area News Group, though emphasizing in the 49ers and the NFL.

Social Club members are encouraged to attend this luncheon to hear Cam's excellent 49er background and reporting. We're sure he'll have some interesting stories on 49er players over the years.

## Come sing with Village Voices this season

The Village Voices is getting ready for its new season and we'd love to have you join us. Our Open House will be on Wednesday, September 6, at 6:30 p.m. at **Vineyard Center**. There will be refreshments served, time for a little socializing, followed by the main event – singing!

No matter what part you sing, one additional voice adds so much to the meaning and quality of the music we perform. And singing is good for you too! It lifts your spirits while building your confidence and you connect with others to share in the choral experience. As we perform, our community reaps the benefits of our efforts, and we keep music alive and thriving.

Every Wednesday night from 7 to 9 p.m. at Foothill Center (our regularly scheduled location), the Voices choral director, Catherine Ellacer, provides us with her expertise and enthusiasm for singing as she introduces us to new music styles as well as nostalgic familiar pieces. Tamara Welsh, our piano accompanist helps us hear our parts as well as the full composition and elements of the songs.

Village Voices is an equal opportunity organization and welcomes anyone who loves to sing with **no tryouts required!** Why not give it a try. We'd love to have your voice be heard!

If you have questions, contact Madelaine Yannaccone, Village Voices President at [madelaine@yannaccone.com](mailto:madelaine@yannaccone.com)

## Don't kick the can down the road!

The VMA currently has barrels that are labeled for its Aluminum Can Recycling Program in most trash enclosures in each village and has a team of volunteers that do pickups. For those of our neighbors who have curbside trash pickup, your aluminum cans are currently going to California Waste Solutions through The City of San Jose. We ask that, if possible, you deposit your aluminum cans instead in one of The Villages trash enclosures nearest you where our barrels are located because this program directly benefits The Villages. The recycling proceeds the VMA receives go directly back into our community. We recycle more than two and a half tons of aluminum annually.

Because we are considered a "Community Services Provider" by CalRecycle, we are only allowed to have receptacles for depositing aluminum cans in the trash enclosure and are not allowed to make collections. We are not licensed to recycle plastic, glass or tin cans. So, please separate those from your deposits.

The VMA provides many services such as:

- A professional onsite services coordinator
- Medical appointment transportation
- Grocery shopping trips and meal delivery
- Medical equipment for loan
- Free incontinent products
- Blood pressure checks
- Annual flu shots
- Educational health and wellness programs

Please give back by either recycling your aluminum with us or via financial donations. We are also especially looking for volunteers to help collect the recyclables. Please contact the VMA office (408-238-4230) if you have any questions or wish to volunteer. **Thanks for recycling!**

## CATHOLIC COMMUNITY

### ‘Peter’s Profession of Faith’ (Mt 16:13-20)

By Robert A. Dolci, M.Div., M.A.

This coming 21st Sunday of Ordinary Time we face a critical question: Who is Jesus Christ to us? St. Peter was inspired to answer Jesus’ query by professing that he was the Christ, the Son of God. Because of his expression of faith Peter was granted divine wisdom and authority with which he was able to faithfully serve the early Christian community.

St. Matthew relates in Sunday’s Gospel that God blessed Peter with the keys of the Kingdom of heaven, which indicates that he became the foundation upon which God would develop the Church, and that he had the authority to lead the Christian community in carrying out the very mission of Christ - which included forgiving the sin. This is truly a manifestation of the words of St. Paul in Sunday’s reading to the Romans (11:33-36), who stated that God’s expressed wisdom and knowledge is the beyond all human understanding. Indeed, Paul implied that it would be foolish not to cooperate with God’s wisdom and work to unify both Jews and Gentiles, which is what he was striving to do.

So, are we open to God’s wisdom and knowledge as we strive to handle our daily struggles and successes? How do we become aware of and embrace this wisdom? Both personal and communal prayer and the reading of the Scriptures can open the doors to God’s inspirational/wise direction. This can indeed help us in our relationships, both personal and professional, so we can be a force for unity and grace (God’s presence) in our community, just like St. Paul.

**Come to Mass:** Sunday, Cribari 8:15 a.m. Bring a friend! Homebound communions: Marilyn Rodman 408-274-4521. **Mass intentions:** Jean Gillette 408-270-5723. **Confessions:** Saturdays 11 a.m. - noon. Anointing of the Sick: 408-223-1562, follow prompts if office closed.

**Gifts of the Holy Spirit:** The gifts of the Holy Spirit, given to the apostles at Pentecost and ourselves partially at Baptism then fully at Confirmation, make the impossible possible. For example: Jesus orders, “Pick up your cross and follow me,” and “Be perfect even as your Heavenly Father is perfect”. How can anyone be expected to do either? Such demands clearly exceed human potential, even of the strongest and most determined. After all, it’s common knowledge that “Nobody is perfect.” The answer to this conundrum lies in the divine strengthenings, or “gifts”, that come to us directly from God. They are not ours by nature, but sheer gifts to us of divine power. They supernaturally elevate our reason and strengthen our will above our natural capacities. The gifts of the Holy Spirit are: wisdom, understanding, knowledge, counsel, piety, fortitude and fear of the Lord. They are the source of the heroism and wisdom of the saints. If you are a Catholic who has not received these gifts through Confirmation, consider receiving this sacrament soon.

## COMMUNITY CHAPEL

### ‘What’s It Like?’

By Pastor Bill Hayden

As a child, I grew up eating several types of beans, like navy, great northern, green and butter beans. We would also have black-eyed and green peas.

Several weeks ago, while grocery shopping, I picked up a bag of beans to purchase. I had seen similar types of mixed dried beans before but that day the color of the 15 types of beans in the bag grabbed my attention. They all varied in color, shapes and sizes; I felt assured that each one would yield a different flavor. Some would require less cooking time while others would require more because of the size and structure.

Looking at that bag of beans reminded me of the many people groups. They were all different but one thing was evident... they were beans!

Many years ago, I had the privilege of creating a workshop that involved people who were ethnically diverse. Our goal was to gain a better understanding of each other. In general, people will observe, interpret, and make decisions based on their perceptions. For the most part, decisions were influenced by our emotions, impressions and peer pressure as opposed to seeking the facts. If you perceive something in a certain way, the tendency is to look for others who will support your view, whether they are accurate or not.

In the workshops I incorporated role play and intentionally assigned participants to a different ethnic group to bridge the cultural gap between people groups. In the role play, I would ask them the question, “What is it like to be a person of this group?” Then, there would be a response from an entirely different ethnic group and everyone listened to their explanation. Afterward, the person representing that ethnicity would share their experience with the group to clarify any misconceptions or biases.

When people come together with humble hearts and a desire to learn and understand each other, then grace happens. It’s like mixed beans properly rehydrated with the Water of Life, sprinkled and seasoned with prayers and songs. A healthy portion of the meat of God’s word is added with the heat turned up to medium high! This is an analogy of the group’s experience as they grow in acceptance, love and appreciation of each other.

So, what’s it like to be in Chapel? ... It’s like being strengthened, encouraged and affirmed? A total joy, sending a sweet aroma to the Lord!

*“And let us not neglect our meeting together, as some people do, but encourage one another, especially now that the day of His return is drawing near.”* Hebrews 10:25 NLT

Celebrate with us at the Villages Community Chapel in Cribari Auditorium, every Sunday at 10 a.m. to be encouraged over the Word of Life, enjoy a cup of coffee and cookies with friends. The chapel is a place for *needs to be met, faith to be affirmed and new friends to embrace*. You can view our worship services on YouTube at Villages Community Chapel San Jose, CA.

## EPISCOPAL

### ‘Hearts at Rest’

By The Very Rev. Julia McCray-Goldsmith, Dean of Trinity Cathedral

“You made us for thyself, O Lord, and our heart is restless until it finds its rest in you.” Those are the memorable words of a brilliant—but admittedly restless—young African scholar and teacher. As Augustine of Hippo (354-430) related the story of his conversion, he was in a garden pondering his peripatetic spiritual search when he heard a young child’s voice telling him to “take up and read.” His subsequent study of Paul’s letter to the Romans inaugurated his life of Christian faith. He went on to become one of the most important theologians of the early church, and the chief interpreter of Paul’s teaching to the Western Church.

Well known for a rather libertine lifestyle prior to his Christian conversion in 384, Augustine never lost his sense of passion, but rather channeled it in a new direction. “To fall in love with God is the greatest romance; to seek him the greatest adventure; to find him, the greatest human achievement,” he wrote in his Confessions. He challenged his own students—and us, in our time—to love God with all our heart, soul, mind and strength.

On August 28, the Episcopal Church remembers Augustine’s wisdom and courage. Although he himself expressed a lifelong sorrow for wasting so much youthful time on worldly pursuits, Augustine’s life and witness teach us that God makes use of everything that we surrender to transforming grace.

Please join us for worship on Sundays at 9 a.m. at Montgomery Center and then following services, we gather for breakfast and fellowship at the Clubhouse.

## TENNIS TALK

By Betty Olsen

Amit Seth

Meet new Tennis Club member Amit Seth and wife Swati Seth, who just moved into Valle Vista on July 30! He said he had his eye on The Villages for a while so when he turned 55 in March he called his realtor.

Amit grew up in Bangalore, India and participated in cricket and snooker while growing up, and now he represents the U.S. at the Snooker World Championships. He has one younger sister who lives with her family in Los Gatos.

About 10 years ago, Amit retired from cricket and took up tennis. He started with USTA leagues playing as a 3.5, but now plays USTA 4.0 from Courtside. Amit is competitive in several sports: cricket, snooker, billiards, tennis and is looking to try pickleball.

He is still working so most of his sports are played on the weekend. Amit moved to the U.S. in 1992 and currently is an AI and Data Technologist at The Weather Company owned by IBM. Yep, The Weather Company is the largest company in the world reporting on the weather! So, if you have weather related questions, Amit is your guy.

Besides his sports, Amit feels compelled to give back to his community by volunteering on several non-profit boards. He is especially passionate about working for non-profits fighting child trafficking.

Welcome to The Villages, Amit and Swati.

## WOMEN'S 9 HOLE

By Valerie Dimmick

Forty-nine players came out on a warm August morning for the weekly Sweeps. Players are grouped into two flights on both the front and back nine. Jo Bundgard and Terry Holmquist came in first in their respective flights on the front nine. Kitty Ohtaka and Madeline Naftzger came in first on the back. Kitty ended the round with the net low of the day at 33 thanks in part to a birdie on hole 11. Mazie Rice captured the chip-in jar with her chip-in on hole 6. Congratulations to all!

"What happens when my ball lands on a sprinkler head?" "How many club lengths can I use after I retrieve my ball from the water?" These are questions that come up regularly during play. So, a reminder to come a bit early for Sweeps on Tuesday,

September 5 at 8 a.m. Suzy Q from the 18-Hole Women's Club will be giving a rules seminar. Meet on the putting green to have your questions answered.

Donations for the Charity of Choice can be made on Tuesday mornings. Volunteers are collecting checks in advance of the September 12 play day. Make your checks out to Play for PINK. Donations go toward funding the Breast Cancer Research Foundation (BCRF). BCRF is the largest private funder of breast cancer research worldwide and the highest rated breast cancer charity in the country.

## PICKLEBALL

By Anahid Gregg

The Pickleball Club sent out its semi-annual update for paddles recently (and are still following up). Some people do not understand why we keep doing this. It took close to five years to get our pickleball courts approved and built. The construction only took a few short months; the approval process was much longer. Our biggest concern was not disturbing our neighbors. After failing the sound study, we decided to be proactive.

We discovered the Sun City Grand "quiet paddle list." They have an acoustic engineer test every paddle sent to them (at no cost!), to determine the noise it generates. Many manufacturers now routinely send all new paddles to them, as literally hundreds of communities do the same thing we do—only allow paddles on the list to be used on their courts. Not only private communities, but public ones as well.

We also found a ball with a slightly softer composition, the Onix 2 Pure, which makes it quieter. So, the Onix 2 Pure became the only ball allowed at The Villages. Further investigation found "acoustifence," which is an acoustical barrier that provides noise reduction. To make it more attractive to our neighbors, a redwood fence was placed behind the padding, further blocking noise.

It is of paramount importance we are good neighbors—both to fellow Villagers and those behind our courts. Having done the hard work, it's important that all players register to use the courts, which includes registering and using paddles on the "quiet list." We do not want to be one of those communities in the news who are complained about. This article is continued on our website with more information, and a link to the approved paddle list. Please remember – USAPA approved paddles are *not* necessarily approved for noise. USAPA ratings are simply grading material content and total surface space.

Thank you and happy Pickleballing!

More courts are posting signs like this one at Berkeley pickleball courts.

**Julianna Wahlgren with the Hole-in-One cake.**

**Jonna Robinson, Flight Two winner.**

**Donna Erickson, Flight Three winner.**

The Shonis held their August General Membership meeting last Tuesday, the 15th. We are gearing up already for 2024, looking at committees that need chairpeople, liasons for various activities and getting ready to vote for our 2024 board when we meet again in October.

But we're not all about business. We also enjoyed a delicious Hole-in-One cake baked by Bonnie Evans and presented to Julianna Wahlgren for her Hole-in-One last month on Hole 9. Her second Hole-in-One with the Shonis.

We tend to celebrate these fun events for a while. We also enjoyed ice cream treats with our cake purchased by the board when the Bandini group declined our annual donation since we do our own Bandini. Here's Julianna with her special Hole-in-One cake.

Co-Captain, Marty Blinde, distributed birdie pins to our first-time birdie Shonis and Captain's Trophy pins to our June, July and August winners. Last Tuesday was also a special game day, two clubs and a putter. The winners from each flight with the lowest gross received special two-club pins. Our winners were Jini Kang, Flight 1 with a 32. Pictured above are Jonna Robinson Flight 2 winner and Donna Erickson, Flight 3 winner. Both had a 43.

Hot August Nights was successful, with over 160 members attending. What a way to end the All Guys vs. All Gals Tournament. Thank you to Wendy Ledamun, Social Director for the Bocce Club and all her wonderful volunteers. A special thanks to Paul Andersen and Shel Schumaker.

By now your Village has formed a team for the Village Challenge which takes place on Sunday, September 10 from 9 a.m. to 5 p.m. Good luck to all teams playing in this year's challenge. Questions can be directed to Michael Sunzeri at twosunzeris@comcast.net.

Next week photos of the first and second place winners of the Guys vs. Gals tournament.

**Did you know?** When measuring is taking place, only three people are allowed on the court—the referee plus each team captain (or their designee).

Along those lines we permit the Evergreen High School golf programs to practice and play at the Villages as their "home course." The Evergreen Girls High School season is starting, so the girls will be out at The Villages Mondays-Thursdays after 3:30pm using our practice facilities and the Par-3 Course, and on some Wednesdays using the front-9 for their matches. They will always defer to residents whenever possible. Thank you to our resident golfers for allowing Evergreen High School to use our golf facilities.

### Villages Golfers – Be a part of our "Culture of Care"

We can all participate in keeping our golf course beautiful by observing these simple acts of care:

1. Follow the 90-degree rule (longer hitters) or the Entrance gates (shorter hitters) when entering the fairway
2. Avoid driving on the mounds surrounding our greens
3. Respect any roping and cart directional signs and please EXIT every hole through the EXIT GATES
4. Park your golf carts behind the Yellow Lines 30-feet in front of each green
5. Repair your pitch marks on the greens
6. Fill your fairway divots with our sand mix provided on Hole #1, #10, #6, #15
7. Smooth out the sand in the bunkers with the rake & knock the sand off your shoes before walking on the green
8. Do not drive on or too close to the #2 & #1 forward tees

Let's all make it a goal to leave our golf course in better shape than we found it, EVERY time we play...Thank you!

### Tips from the Pro – Great Public and Resort Golf Courses That You Can Play

One thing we all have in common is a passion for playing golf. One of my favorite things to do is play golf at different courses in different cities to experience all the unique and challenging golf course layouts, and how these great courses blend with the surrounding conditions in which they are designed. And I especially enjoy playing golf with my son Jared when we go on a family vacation. I was recently telling a member where we had gone to play on our last vacation, and she hadn't heard of the golf course, and suggested that I do an article listing some nice courses to play while on vacation.

So here is a list of some of my favorite public golf courses in places that I have visited and played golf at over the years that you can play too...

## PINSEEKERS

By Jim White

After a long, cold, wet winter, the Pinseekers are continuing to be blessed with weather suitable for fun in the Sun.

We are happy to welcome our newest member, Clayton Krinard. Many of you will recognize Clayton from his time working at the desk in the Pro Shop.

Only 11 players competed for sweeps points as three members did not get their Chelsea registration in by Wednesday evening. C'mon, guys, get out there and play. Have fun with your partners and enjoy our Villages golf weather.

Results for Friday August 18: First Place, Don Lee at Net 35; Second Place, Martin Hoek with a Net 38; Third Place (tie) at Net 39 with Jack Bindon, Mike Falarski, and Larry Milligan. Sliding into Fourth Place with a Net 40 was Jim Keane.

Again, a reminder that the second annual Pinseekers barbecue is scheduled on September 8, immediately following the last ball in the cup for that day's Pinseeker outing. Sign up with

President Lee by Friday, September 1. Include the name of your spouse or significant other, (only one guest).

This week's words of wisdom from Amy Alcott, LPGA Hall of Fame member, winner of 29 Tour events including five major championships, "Keep your sense of humor. There's enough stress in the rest of your life not to let bad shots ruin a game you're supposed to enjoy."

## Tips for preparing for power outages

Extended power outages may be the result of wildfires, earthquakes or other emergencies and may impact the whole community as well as the economy. In the event of such a power outage, you may be able to reduce some of the impact by being prepared. Review the following tips for ways you can ease potential difficulties.

**Prepare NOW before the power goes out.**

Take an inventory of items you need that run on electricity.

Talk to your medical provider about a power outage plan for medical devices powered by electricity and refrigerated medicines. Find out how long medication can be stored at higher temperatures and get specific guidance for any critical medications.

Have batteries and other alternatives to meet your needs when the power goes out.

Sign up for local alerts and warning systems. Monitor weather reports.

Install carbon monoxide detectors with battery backup in central locations on every level of your home.

Determine whether your home phone will work in a power outage and how long battery backup will last.

Review the supplies that are available in case of a power outage. Have flashlights with extra batteries for every household member. Have enough nonperishable food and water.

Put thermometers in the refrigerator and freezer so that you can know the temperature when the power is restored. Throw out food if the temperature is 40 degrees or higher.

Keep mobile phones and other electric equipment charged and gas tanks full.

**Survive DURING the outage.**

Keep freezers and refrigerators closed. The refrigerator will keep food cold for a few hours. A full freezer will keep the temperature for about 48 hours. Use coolers with ice if necessary. Monitor temperatures with a thermometer.

Maintain food supplies that do not require refrigeration.

Avoid carbon monoxide poisoning. Generators, camp

## Get Ready!

### Prepare your family

- Create a Family Disaster Plan that includes meeting locations and communication plans and rehearse it regularly. Include in your plan the evacuation of large animals such as horses.
- Have fire extinguishers on hand and train your family how to use them.
- Ensure that your family knows where your gas shut-off is and how to use it.
- Plan several different evacuation routes.
- Designate an emergency meeting location outside the fire hazard area.
- Assemble an emergency supply kit as recommended by the American Red Cross.
- Appoint an out-of-area friend or relative as a point of contact so you can communicate with family members who have relocated.
- Maintain a list of emergency contact numbers posted near your phone and in your emergency supply kit.
- Keep an extra emergency supply kit in your car in case you can't get to your home because of fire.
- Have a portable radio or scanner so you can stay updated on the fire.

## Get Set!

### As Fire Approaches

### Where to Go

Leave to a predetermined location (it should be a low-risk area, such as a well-prepared neighbor's or relative's house, a Red Cross shelter or evacuation center, motel, etc.)

## FROM THE VILLAGES LIBRARY

The Villages Library is open Monday through Friday, 9 a.m. to 3 p.m., and Saturday 9 a.m. to 1 p.m.

**“The Lost Apothecary” by Sarah Penner.** One cold February evening in 1791, at the back of a dark London alley in a hidden apothecary shop, Nella waits for her newest customer. Once a respected healer, Nella now uses her knowledge for a darker purpose—selling well-disguised poisons to desperate women who would kill to be free of the men in their lives. But when her new customer turns out to be a precocious twelve-year-old named Eliza Fanning, an unexpected friendship sets in motion a string of events that jeopardizes Nella’s world and threatens to expose the many women whose names are written in her register. In present day London, aspiring historian Caroline Parcellwell spends her tenth wedding anniversary alone, reeling from the discovery of her husband’s infidelity. When she discovers an old apothecary vial in the River Thames, she can’t resist investigating, only to realize she’s found a link to the unsolved “apothecary murders” that haunted London two centuries ago. As she deepens her search, Caroline’s life collides with Nella’s and Eliza’s in a stunning twist of fate—and not everyone will survive. Fiction, 2023.

**“Stars in an Italian Sky” by Jill Santopolo.** Genoa, Italy, 1946. Vincenzo and Giovanna fall in love the moment they set eyes on each other. The son of a count and the daughter of a tailor, they belong to opposing worlds. Despite this, the undeniable spark between them quickly burns into a passionate relationship spent exploring each other’s minds, bodies and their city, as well as Vincenzo’s family’s sprawling vineyard, Villa Della Rosa—until shifts in political power force them each to choose a side and commit what the other believes is a betrayal, shattering the bright future they dreamed of together. New York, 2017. Cassandra and Luca are in love. Although neither quite fits with the other’s family, Cass and Luca have always felt like a perfect match for each other. But when Luca, an artist, convinces his grandfather and Cass’s grandmother to pose for a painting, past and present collide and reveal a secret that changes everything. Large Print, Fiction, 2023.

**“The Violin Conspiracy” by Brendan Slocumb.** Ray McMillian loves playing the violin more than anything; nothing will stop him from pursuing his dream of becoming a professional musician. Not his mother, who thinks he should get a real job, not the fact that he can’t afford a high-caliber violin, not the racism inherent in the classical music world. And when he makes the startling discovery that his great-grandfather’s fiddle is actually a priceless Stradivarius, his star begins to rise. Then with the international Tchaikovsky Competition approaching, his prized family heirloom is stolen. Ray is determined to get it back. But now his family and the descendants of the man who once enslaved Ray’s great-grandfather are each claiming that the violin belongs to them. With the odds stacked against him and the pressure mounting, will Ray ever see his violin again? Large and Regular Print, Mystery, 2022.

**“A Dangerous Business” by Jane Smiley. Monterey, 1851.** Ever since her husband was killed in a bar fight, Eliza Ripple has been working in a brothel. It seems like a better life, at least at first. The madam, Mrs. Parks, is kind, the men are (relatively) well behaved, and Eliza has attained what few women have: financial security. But when the dead bodies of young women start appearing, a darkness descends that she can’t resist confronting. Side by side with her friend Jean, Eliza pieces together an array of clues to try to catch the killer, all the while juggling clients who begin to seem more and more suspicious. Eliza and Jean are determined not just to survive, but to find their way in a lawless town on the fringes of the Wild West—a bewitching combination of beauty and danger—as what will become the Civil War looms on the horizon. As Mrs. Parks says, “Everyone knows that this is a dangerous business, but between you and me, being a woman is a dangerous business, and don’t let anyone tell you otherwise ...” Large Print, Fiction, 2023.

## VMA offers free rides for grocery shoppers

As a reminder, in addition to all the benefits provided by the Villages Medical Auxiliary, we also provide “grocery shopping” transportation to our non-driving residents.

Transportation days are every Wednesday and usually to either Lucky Supermarket or CVS. We provide the ride but residents need to be able to shop on their own.

Just contact the VMA office during business hours (Monday through Thursday 9:30 a.m. – 2:30 p.m.) at 408-238-4230 with at least three days’ notice.

## Enjoy writing and computers? VMA needs you

Do you have a few uncommitted hours each week that you would like to do something meaningful with? Do you enjoy writing? Would you like to see your articles in the Villager newspaper every week? Do you find it easy to communicate with others and find it easy to listen to them and objectively understand their point of views? Do you have mad computer skills, and you don’t have any phobias regarding spreadsheets? Then we definitely want you on our team!

The VMA is actively looking for a new **Communications Director**, and if any of the previous questions pushed any buttons, we would very much like to talk with you...soon!

Please contact Mitzi Macon, VMA President at mitzimacon@yahoo.com or Karen Kosmala, VMA Vice President at kkosm1028@gmail.com

## Power outages...

(Continued from page 23)

stoves, or charcoal grills should always be used outdoors and at least 20 feet away from windows. Never use a gas stovetop or oven to heat your home.

Check on your neighbors. Older adults and young children are especially vulnerable to extreme temperatures.

Go to a community location with power if heat or cold is extreme. (Be aware that community shelters may not be available during the coronavirus emergency.)

Turn off or disconnect appliances, equipment, or electronics. Power may return with momentary “surges” or “spikes” that can cause damage.

### Be Safe AFTER the outage.

When in doubt, throw it out! Throw away any food that has been exposed to temperatures 40 degrees or higher for two hours or more, or that has an unusual odor, color, or texture.

If the power is out for more than a day, discard any medication that should be refrigerated, unless the drug’s label says otherwise. If a life depends on the refrigerated drugs, consult a doctor or pharmacist and use medicine only until a new supply is available.

Information from: ready.gov/power-outages

## Please return loaned equipment to VMA

The Villages Medical Auxiliary (VMA) lends all types of medical equipment for *free, free, free*, to any Villager who may need it?

Presently there are certain items that we could use some help with.

In particular, we currently have a very small number of four-wheel walkers, transport wheelchairs and knee scooters.

Our return policy couldn’t be any easier—just call the VMA Office and one of the volunteers will come for a pickup.

We still have inventory on too many different items to list here, but you can see a complete list of what is available for loan—our updated Equipment Catalog on the VMA website (vmavillages.org) or visit the VMA Office to look at it.
